PREFACE

CURRENT STRATEGIC PLAN ADOPTED BY THE BOARD OF CONTROL

The Board of Control has adopted a strategic plan in effect through the 2016-2017 school year. Key elements of the new strategic plan include an updated vision statement and mission statement, as well as the Association's values and basic principles.

KHSAA VISION STATEMENT

To provide diverse and equitable opportunities for all students to enjoy the privilege of participation in school and education based sports or sport-activities as part of the educational experience to teach and hone life skills, learn perspective, have fun and develop character.

KHSAA MISSION STATEMENT

To provide governance and leadership in order to regulate and progressively administer the highest quality interscholastic athletic sports and sport-activities in an efficient manner, and promote the values of participation for all involved in education based athletics and school-based sports. The KHSAA will work collaboratively with its member schools to recognize and promote the primary focus of high school academic success and college and career readiness for the student participants, risk minimization for all participants in the programs, and the efficient administration of the education based athletic program in the schools.

KHSAA VALUES AND BASIC PRINCIPLES

- High School sports and sport-activities programs are education-based;
- Fun is the primary reason for a student's participation;
- Participation in high school sports and sport-activities is a privilege;
- Participation in high school sports and sport-activities teaches life skills and perspective and supports the development of positive character; and
- Participation in high school sports and sport-activities supports the academic mission of the school.

ABOUT THE KHSAA

The Board of Control and Staff of the Kentucky High School Athletic Association are looking forward to the 2013-2014 school year with excitement and enthusiasm. Maintaining quality athletic programs has been an Association goal since 1917 and the KHSAA has enjoyed the support and involvement of the membership in this endeavor since that time.

The last few years have begun to revitalize the KHSAA with new ideas and a fresh perspective. Such information is essential as the Association moves forward with development of the many programs, activities and initiatives.

Under the leadership of Julian Tackett, the Association's seventh Commissioner, the goal of consistently operating the Association in accordance with sound business practices continues to ensure financial stability. The Association has a unique opportunity to further expand participation and recognition opportunities to student-athletes as a result, a task the leadership is quick to embrace.

Interscholastic athletics not only builds character through competition and sportsmanship, but it also serves as the number one dropout prevention program nationwide. If the Association has the opportunity to provide these opportunities to students while helping member school districts meet educational goals, it should use every available resource at its disposal to do so.

The KHSAA will continue to face the usual challenges that confront any regulatory organization. The Association rules and regulations are solid philosophically and reflect the vote and wishes of its member schools, the Kentucky Board of Education and the Kentucky General Assembly. The Commissioner and staff will continue to interpret and enforce any and all regulations approved by the membership, the Kentucky Board of Education and the Kentucky General Assembly. School personnel are to be commended for doing an outstanding job complying with Association rules, policies and directives.

The KHSAA is designated as the agency to manage high school athletics in Kentucky through applicable statutes and regulations. Ensuring a fair and equitable environment for participation remains the primary focus for the Association.

BACKGROUND OF THE HANDBOOK

This handbook is compiled as a service to the member schools and constituents of the Kentucky High School Athletic Association. During the year, interpretations are revised or changed and are published in KHSAA publications and posted on the KHSAA website, www.khsaa.org. A great deal of time and effort has been spent revising sections of the Handbook including the bylaw interpretations, and clarification of competition rules and regulations.

The move to an online-only format allows the book to be viewed and catalogued in specific sections, rather than as an entire book, front-to-back. Each section begins with the number 1 and carries through its entirety. For example, the Bylaws will be numbered starting with page Bylaw-1, Bylaw-2, followed by Policies-1, Policies-2, etc. As always, should there be any questions or clarifications, feel free to direct them to the Association staff.

Information printed in the directory of member schools is based upon completion of the periodic update and subsequent changes submitted in writing, via electronic means or telephone. These changes are reflective of the information submitted by the member schools prior to Aug. 11, 2014. Each member school was notified through its Principal and Athletic Director regarding the procedure for making changes.

Information contained in the officials' directory is based on officials licensing and re-licensing prior to Aug. 11, 2014. Licensing continues in all sports into the school year, with a higher licensing fee for officials not re-licensing prior to July 1. If a member school has any doubt as to an officials' status, they should contact the Association office prior to contracting the official to work a contest or check the KHSAA web site for information.

School personnel are invited to inform the Association of any changes or inaccuracies by updating information through the school login subsystem of the Association website. Enrollment figures listed are based upon the annual report from the Kentucky Department of Education following the second month of the 2013-2014 school year. The enrollment is doubled for schools enrolling only one sex when classifying cross country, football and track in order to make comparisons to coeducational schools.

HISTORICAL PERSPECTIVE

In 1917 the principals of a few schools organized the Kentucky High School Athletic Association to regulate, develop and purify high school athletics. Since then each high school accredited by the Kentucky Department of Education has been eligible to join through application by the Principal and the approval of the local Superintendent. In 2014-15, there are 277 members of the Association. The Association is a self-managing entity through which the schools work cooperatively for the betterment of the total program. Delegates designated by each member school Principal give initial approval to changes in the rules and regulations.

The general control is lodged with a Board of Directors, generally referred to as the Board of Control, fourteen of which are elected by the member schools, and an additional four members appointed by the Kentucky Board of Education. The Association is operated under the direction of the Kentucky Board of Education and the Kentucky General Assembly. The Board of Control selects a Commissioner for the Association and the Commissioner hires such assistants within the approved budget as deemed necessary to administer the many details of the program in compliance with the 1971/1987/2008 Federal Court Decree. The duties and authority of the Commissioner are defined by the Constitution and Bylaws. These are as binding on the Commissioner and staff as they are on the member schools.

KHSAA 2013-2014 ANNUAL SUMMARY REPORT

Two hundred seventy-seven schools joined the Association for the 2013-14 school year. Five of these schools enroll girls only and six have only boys. Two hundred eighty schools joined the Association for the 2012-2013 school year.

HANDBOOK REVISIONS FOR 2014-15

Customary revision has been made to the Handbook in terms of its format and content. The Board of Control and the staff spent much of the past year focusing on the accuracy and intent of the rules and rules interpretations of each section of the Handbook.

Among the most noticeable changes made to this year's book are the following items:

Preliminary competition rules for field hockey as the newest KHSAA-sanctioned team sport;
 Numerous revisions to case situations to reflect Board of Control action the past year as well as interpretations by the Commissioner;
 Revisions to KHSAA policy on scrimmages for all sports;
 Revisions to the KHSAA Bylaws as promulgated through the membership process including:
 Changes to Bylaw 3 to start the four-year count of student eligibility with initial enrollment in grade nine;
 Changes to Bylaw 5 to accommodate academic eligibility for Districts of Innovation as approved by the Kentucky General Assembly;
 Changes to Bylaw 6 regarding domestic transfer students which makes the period of ineligibility one year from last participation;
 Changes to Bylaw 6 to clarify the Boarding school exception;
 Changes to Bylaw 6 to allow for disallowance of eligibility in the event of a player following a nonschool coach to a new job;
 Changes to Bylaw 23 to restructure preseason football practice including stipulating acclimatization and acclimation periods;
 Changes to Bylaw 23 to place minimum periods on practice before wearing pads in spring football practice;
 Changes to Bylaw 25 to require continuous improvement for coaches; and
 Changes to Bylaw 27 to add "show cause" as a possible penalty for rules infraction, allowing penalties to "go with" a violator to a subsequent position.
 Changes to Board of Control policies including:
 Consolidation of items within the approved fine schedule to eliminate redundancy;
 Changes to the sanctioning policy to require fifty member schools to be in favor of a new sport prior to consideration of adoption as a KHSAA sport, twenty-five schools in order to continue, and an exception allowed to help KHSAA be in line with Title IX; and
 Revisions in the Board of Control policy regarding transgender participation.

ARTICLE VI

REPRESENTATION AT THE ANNUAL MEETING

Sec. 1) ANNUAL MEETING

- a) In the ANNUAL MEETING of the Association, the DELEGATES shall consist of one representative from each member school

of the Association.

- b) The Kentucky High School Coaches Association, the Kentucky Association of Secondary School Principals, the Kentucky Association of School Superintendents, the Kentucky High School Athletic Directors Association and any other related group approved by the Board of Control shall also be entitled to designate a member to the ANNUAL MEETING who shall have voice but not vote in the proceedings of the meeting.
- c) The DELEGATES shall there transact all business of the ANNUAL MEETING. None but these DELEGATES shall have the right to vote. There shall be no vote by proxy.

Case C-VI-1 - Does the delegate to the KHSAA Annual Meeting have to hold Principal Certification or be a certified teacher?

No. There are no criteria for the delegate who votes for the school. The Principal of the school shall annually designate this person, but there are no specific criteria for the delegate.

ARTICLE VII

APPLICATION FOR MEMBERSHIP

Sec. 1) APPLICATION REQUIREMENT

- a) The Principal of the school shall make application for membership in the Association to the Commissioner in writing.
- b) The principal shall state that he or she has read and is familiar with the Constitution, Bylaws, and Tournament Regulations of the Association.
- c) The Kentucky Department of Education shall be the authority as to the school's status as an approved secondary school.

Sec. 3) DEADLINE

- a) The deadline for accepting new applications for membership in the Association shall be July 1.
- b) The Board of Control of the KHSAA shall consider each application for membership for approval at its July meeting and shall have authority to deny the membership application of a school whose compliance history demonstrates that the school does not regularly and routinely act in the best interests of the Association or in the case where any requested records are not provided in a timely fashion.

Case C-VII-1 - What is the difference between a full member of the Association and a member in candidacy status as referred in Article VI of the Constitution?

A member in candidacy status is considered a full member of the KHSAA and agrees, through submission of its membership application, to abide by all KHSAA rules and regulations just as any other member, and includes full compliance with all eligibility rules in all contests.

As a new member, there are two "exceptions" to the provisions of full membership.

- 1) *If approved by the Commissioner, the school on probationary status is allowed to exhaust any contest contracts that were signed prior to joining the KHSAA. The candidacy school may therefore, if approved, compete against those non-member schools in contests during this period provided there was prior written agreement. However, once those contracts are exhausted, the school in candidacy status will not be able to compete against non-member schools located in Kentucky.*
- 2) *The playing season in all sports will end for schools in candidacy status at the end of the regular season in each sport, and the school on candidacy status will not be eligible to compete in postseason play against other KHSAA schools until the end of the two-year period.*

Case C-VIII-1- How are the proceeds of the postseason tournaments in baseball, basketball, football, soccer, softball and volleyball to be divided?

In baseball, basketball, soccer, softball and volleyball, each district or region shall vote on the manner in which the money is to be divided. In football, each district shall vote on the manner in which the proceeds of games involving its schools are to be distributed.

- A member school enrolling only one sex shall not have a vote on any phase of the Association's work not involving or pertaining to the school.
- Schools enrolling only boys shall not vote on matters pertaining only to girls' athletics, and schools enrolling only girls shall not vote on matters pertaining only to boys' athletics.

Sec. 5) EFFECTIVE DATE

- Amendments receiving the requisite vote shall be effective

when approved by the Legislative Research Commission in accordance with KRS Chapter 13A.

ARTICLE X RESPONSIBILITY OF THE PRINCIPAL

Sec. 1) RESPONSIBILITY DEFINED

- The principal of each school, in all matters pertaining to the athletic relations of his or her school, is responsible to this Association.
- He or she shall exercise control over all finances, the scheduling of contests, and all other matters involved in the management of his or her school athletic program.
- Any school whose athletic program (grades 6-12) is managed by a non-school group shall not be eligible to hold membership in the Kentucky High School Athletic Association.

Sec. 2) DUTY TO ENSURE RULES ARE DISTRIBUTED

BYLAWS OF THE KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION

BYLAW 1. RESPONSIBILITY FOR ELIGIBILITY

Sec. 1) Principal Requirement

The Principal of a school shall be held ultimately responsible in all matters in the school that concern eligibility, and interscholastic athletics, and shall ensure that institutional control over the athletic program is maintained.

Sec. 2) DESIGNATION OF DESIGNATED REPRESENTATIVE

- The Principal of each member school may annually designate an individual at the school to serve as the Designated Representative for the purpose of conducting the interscholastic program at that school.
- The Principal or Designated Representative shall sign all forms requiring authorized signature.
- If a member school principal fails to make the designation prior to August 31, the building principal shall automatically be the Designated Representative for the current year.

Case BL-1-1- What role does the Principal play in the management of the Association and the regulation of eligibility in the member school and what level of institutional control is the principal of each member school expected to maintain?

The member school principal is ultimately responsible for all aspects of the athletic program, whether it is rules enforcement and reporting or eligibility certification. It is important that each member school through its Principal exercise the principles of institutional control in order for the Association to continue as a fully functioning membership organization and in order for the school to remain a member.

There are several principles that go into the concept of maintaining institutional control. Control shall first be defined in common sense terms and is best summarized by the school having in place the proper policies to ensure that violations do not occur, and if they do occur, the Principal exhibiting the leadership and duty to correct the problems and prevent recurrence. In general, violations do not result from a lack of institutional control if there are adequate preventive measures in place that are properly monitored and followed, and if swift action is taken.

However, there are several things that demonstrate a lack of institutional control including the failure to implement proper preventive procedures; failure by members of the designated athletic staff to thoroughly investigate and report violations; failure to adequately disseminate and distribute compliance information; failure to adequately distribute compliance duties to allow for effective control; failing to make clear to all coaches and participants that rules violations will not be tolerated; failing to fully investigate and file reports as requested when potential violations are reported; a head coach failing to create a compliant atmosphere with the assistant coaches.

The KHSAA enforces its rules based on the following premises-KHSAA regulations and information are readily available to the member schools and general public; the Principal or Designated Representative properly distributes information, rules manuals, communication, forms, and other needed materials to the members of the athletics staff; that meaningful education programs are conducted within the schools to ensure compliance; student-athletes are properly informed about rules prior to and during participation. Certainly the compliance history of a school and its cooperative spirit during any investigation or inquiry will factor into any penalty decision regarding violations.

BYLAW 2. AGE

Sec. 1) AGE RESTRICTION

- Pursuant to KRS 156.070 (2) (e), a student who becomes nineteen (19) years old before August 1 shall be ineligible for interscholastic athletic competition at a KHSAA member high school.
- A student who becomes nineteen (19) on or after August 1 shall

remain eligible for the entire school year.

Sec. 2) WAIVER PROVISION

- The Ruling Officer and the Commissioner may waive the provisions of this bylaw and the student shall be eligible for high school athletics in Kentucky if the written documentation is provided to clearly demonstrate that the student:
 - Qualified for exceptional children services and had an individual education program developed by an admissions and release committee (ARC) while the student was enrolled in the primary school program;
 - Was retained in the primary school program because of an ARC committee recommendation; and
 - Has not completed four (4) consecutive years or eight (8) consecutive semesters of eligibility following initial promotion into grade nine (9).
- The Ruling Officer and the Commissioner shall not adopt administrative procedures that allow for waiver of this rule under any other condition.

Case BL-2-1- Why is there an age restriction?

To ensure equality of competition and opportunity, a standard must be established at some point to determine the cutoff date for age eligibility. Use of a specific cutoff date gives notice to all parties involved in interscholastic athletics and maintains equality of participant eligibility between schools.

An age limitation requirement:

- Provides commonality between student-athletes and schools in interscholastic competition;*
- Inhibits "redshirting" or failing to make normal progress through school;*
- Allows the participation of younger and less experienced players;*
- Enhances the opportunity for more students to participate;*
- Promotes quality of competition;*
- Avoids over-emphasis on athletics; and*
- Helps to diminish the inherent risk of injury associated with participation in athletics.*

Case BL-2-2- Are rulings related to Bylaw 2 (Age) appealable through the KHSAA Due Process Procedure other than the published exception stipulated in KRS 156.070?

No. Bylaw 2 as approved by the Kentucky Board of Education expressly prohibits appeals concerning this bylaw. In addition, with the adoption of HB215 from the 1998 Legislative Session, the Kentucky General Assembly has placed this provision in KRS 156.070 in the form of state law with the only exception being the provisions passed by the 2007 Kentucky General Assembly.

Case BL-2-3- What is the primary school program as used in KRS 156.070 (2) (e) as amended by the 2007 Kentucky General Assembly?

KRS 158.031 defines "primary school program" as "that part of the elementary school program which children are enrolled from the time they begin school until they are ready to enter the fourth grade" (PK-3). Bylaw 2 applies this same definition.

BYLAW 3. MAXIMUM NUMBER OF YEARS

Sec. 1) LIMIT OF FOUR YEARS

A student entering grade nine (9) for the first time in any high school shall have four (4) consecutive calendar years of eligibility from the date of first entry into grade (9) in any school provided the student is eligible according to this and all other Association bylaws. The eligibility shall conclude with the completion of the spring sports season following the fourth year. No additional eligibility may be granted in a case where the grant would allow a student to compete in all or part of the fifth competitive season in a single sport following the initial entry into grade nine (9).

Sec. 2) ADDITIONAL ELIGIBILITY

The Ruling Officer and the Commissioner through the Due Process Procedure, may grant additional eligibility in the case where it has been documented by the attending physician, Principal and Superintendent that severe illness or injury has prevented the student from receiving necessary education services and the right

to an education has therefore been impacted rather than simply the loss of athletic privilege. The grant of eligibility may only be made in the cases in which the student-athlete would remain eligible by all other Association bylaws. This provision shall not include additional eligibility strictly for loss of participation due to sports related injuries. No additional eligibility may be granted in a case where the grant would allow a student to compete in all or part of the fifth competitive season in a single sport following the initial entry into grade nine (9).

Case BL-3-1- Why is there a requirement that limits the number of years and stipulates a maximum participation requirement?

Without a clearly defined limit, avenues remain open for red-shirting, deception, legal maneuvering, and other athletics-driven motivations for a student to remain in school rather than proceeding on into college or into the work force thereby denying the participation of a student who is otherwise "next in line" to play.

A maximum participation requirement is in place because it:

- (1) promotes timely progress toward graduation by discouraging students from delaying or interrupting their high school education;*
- (2) disallows students to enroll for one single semester each school year to increase athletic ability and skill;*
- (3) diminishes risks stemming from unequal competition;*
- (4) places emphasis on the year-long academic mission of the school;*
- (5) promotes harmony and fair competition among member schools by maintaining equality of eligibility affording each student the same number of semesters of athletic eligibility;*
- (6) increases the number of students who will have an opportunity to participate in interscholastic athletics;*
- (7) is conducive to the prevention of red-shirting;*
- (8) helps avoid exploitation by coaches or boosters who otherwise might seek to obtain transfers or to delay a student's normal progress through school; and*
- (9) prevents displacement of younger student-athletes by older students wishing to protract unfairly their high school careers.*

Case BL-3-2- Is it permissible for a school district or member school to adopt additional stipulations regarding a maximum number of years that are more stringent than KHSAA rules?

Yes. While a school or school district cannot establish a standard that is more lenient than the KHSAA requirements, a school or school district may set other requirements. For those requirements which are more stringent than the KHSAA rules, the KHSAA will not be involved in enforcement of those regulations.

Case BL-3-3- How is the determination made regarding eligibility under Bylaw 3 when a student comes in from a nonmember school system in Kentucky or when promotion/retention records are not available?

Students enrolling at KHSAA member schools after having been enrolled in non-KHSAA school districts (home school, nonmember school) are placed into the proper class according to documented procedures within the school district of the KHSAA member school. From that point, the provisions of Bylaw 3 apply and the student will have only one year of eligibility per remaining grade, and shall meet the provisions of all other KHSAA bylaws.

Case BL-3-4- When is a waiver available under Bylaw 3, Sec. 1 and are there legal provisions for gaining additional semesters/years for those students retained by the parents or due to athletic injury?

Unless basic education services are not available to the student-athlete due to illness or injury, each student shall be limited to four consecutive years of opportunity for participation in high school sports. Without this clearly defined limit, other athletics-driven motivations for a student to remain in school rather than proceeding on into college or into the work force exist and thereby deny the participation opportunity of a student who is otherwise "next in line" to play.

Additional semesters/years are available only in tightly crafted

exceptions contained in the bylaw. The necessary written verification of the lack of available education services shall come from the attending physician at the time of the injury or illness that resulted in deprivation of educational services. There are no provisions in the bylaws for other types of repeating in order to allow for additional semesters/years due to sports related injuries.

A ruling for additional semesters/years is not ripe for review until it is clear that a student will not be able to complete the academic requirements to graduate. Until that time, any request is speculative and is not to be reviewed. This will normally be at the end of the student's third year following entry into grade nine (9), but may be into the fourth year depending upon the individual circumstances.

Kentucky Department of Education regulations place the responsibility for promotion or retention of a student on school personnel and not parents. Verification and documentation as to the retention/promotion decision is solely the responsibility of school personnel and will be based solely on the written record by the school in which the student was enrolled at the time of retention or promotion.

Documentation of the promotion/retention decision may include such things as STI/Infinite Campus records or other written documentation and shall always be available for review until the student graduates.

BYLAW 4. ENROLLMENT REQUIREMENTS

Sec. 1) REQUIREMENT FOR ENROLLMENT

- a) On Friday of each grading period, a student in grades nine (9) through twelve (12) shall be legally enrolled in a member high school as a full-time student in at least four hours of instruction as provided in Kentucky Board of Education regulation 702 KAR 7:125 (of the six hours of instruction required) or the equivalent of four hours of instruction acceptable to graduation at the member school he or she desires to represent in order to be eligible for athletics.
- b) A student who is enrolled or connected with any other school than the one he or she represents shall not take part in any contest. In the case of an all-boys high school, girl cheerleaders from an affiliated neighboring girls school may be accepted.

Sec. 2) INELIGIBILITY FOR REPEATING STUDENTS

- a) A student having been enrolled in the fourth (4th) grade or in any grade through twelfth (12th) shall not be eligible for interscholastic athletics at the high school level (grades 9 through 12) for more than a total of one (1) year in each grade and applicable eligibility shall begin in the first year enrolled in that grade.
- b) A student repeating a grade for any reason is ineligible to participate in interscholastic athletics at the high school level (grades 9 through 12) during the second year in that grade. The penalty for violation of this rule shall be the loss of one of the four years of eligibility after initial entry into grade nine (9).

Sec. 3) ELIGIBILITY FOR PARTICIPATION WHILE ENROLLED BELOW GRADE 9

- a) Through the 2013-2014 school year, a pupil enrolled in grades 4-8 in the feeder pattern of a KHSAA member school may play on the high school team (at any level) if that participation is not in conflict with Section (2) above, and the time so played shall not be counted on the four (4) year (eight (8) semester) limit. EXCEPTION: A student below grade nine (9) may not participate on the varsity team in contests in the sports of football or soccer, and a student enrolled below grade seven (7) may not participate on the varsity level in wrestling. The provisions of this restriction shall not apply to nonvarsity teams participating in the sports of football and soccer.
- b) Beginning with the first date of practice for the 2014-2015 school year, a pupil in grades 7-8 in the feeder pattern of a KHSAA member school may play on the high school team (at any level of play) if that participation is not in conflict with Section (2) above, and the time so played shall not be counted on the four (4) year (eight (8) semester) limit. Beginning with the first date of practice for the 2014-2015 school year, students enrolled below grade seven (7) may not play on a high school

team at any level except that a pupil enrolled below grade 7 who previously participated at the high school level in a specific sport prior to or during the 2013-2014 school year may continue participation in that specific sport at any level following the implementation of this restriction provided such participation is not in conflict with any other Bylaw or statute. EXCEPTION: A student below grade nine (9) may not participate on the varsity team in contests in the sports of football or soccer.

Sec. 4) DEADLINE FOR ENROLLMENT

A student shall have enrolled as a bona fide full-time undergraduate student no later than twenty (20) school days after the beginning of the semester to be eligible during that semester.

Case BL-4-1- Why is there a requirement that a student be enrolled at a member school or feeder school under the same Board of Education?

A student enrollment requirement accomplishes the following:

- (1) Promotes loyalty and school spirit which lends itself to cohesion of the student body;
- (2) Helps promote amateurism by drawing athletes only from each school's student population;
- (3) Avoids professionalism and over-emphasis on athletes;
- (4) Discourages "team-shopping," which wrongfully skews the relationships among student-athletes and coaches; and
- (5) Secures role models for other students, and allows students in many public schools to participate in interscholastic athletics for credit in fulfillment of physical education requirement for graduation.

An attendance requirement helps ensure that students will adhere to a school's attendance plan which, in turn, prompts students to maintain the academic standard required for participation and promotes graduation in a common time frame.

Case BL-4-2- Why is there a requirement that a student be eligible only one year in each grade?

Holding a student back and allowing the student to practice or play sports is prohibited and goes against the basic principles of fair play. The repeating student at any level is prohibited from practice or play, and beginning with initial entry into grade nine (9), the four-year count of eligibility has begun. According to OAG82-473 opinion, the promotion and retention of students in all grades are the direct and sole responsibility of the Principal through policy developed by the local board of education.

Case BL-4-3- Is it permissible for a school district or member school to adopt additional stipulations regarding enrollment and residence that are more stringent than KHSAA rules?

Yes. While a school or school district cannot establish a standard that is more lenient than the KHSAA requirements, a school or school district may set other enrollment and residence requirements. For those requirements which are more stringent than the KHSAA rules, the KHSAA will not be involved in enforcement of those regulations.

Case BL-4-4- What is the feeder pattern as used in Bylaw 4 and its restrictions?

For a school to be considered a "feeder" school, it must be under the same local board of education as the member school, and enroll students below grade nine. A student enrolled at a nonfeeder school shall not be considered to be enrolled at a feeder school irrespective of past enrollment patterns of that nonfeeder school. Applying to a school does not waive this definition as there is a clear line between applying and actually being enrolled. School and school districts may choose to define a more restrictive feeder pattern for its middle schools to high schools which if violated, constitute the student not being "connected".

Case BL-4-5- What is a "full-time student according to regulations promulgated by the Kentucky Board of Education" as listed in Section 3 of Bylaw 4?

Students are required to be enrolled as full-time students according to the rules and regulations of the Kentucky Department of Education (KDE). The KHSAA expects all of its member schools to comply with all applicable rules from KDE,

but the KHSAA does not become involved in enforcement of regulations or policies that are not a part of KHSAA regulations. The stipulation requires that students shall be enrolled as a full-time student (in at least four hours of instruction (240 minutes) out of the six hour instruction day) earning credits toward graduation.

Case BL-4-6- For the purposes of Bylaw 4, when is a student enrolled at a KHSAA member school and how is enrollment verified for a student?

A student is enrolled at a KHSAA member school when that student sits for class in the new school.

In addition, a student may be considered enrolled at a KHSAA member school when the student registers at the new school, is on the student enrollment listing of a member school, and not on the enrolled listing of another school.

In the case of enrollment during periods when classes are not being held (i.e. summer), the student may be considered to be enrolled at the new school when formal application has been made and accepted as verified by the new Principal and the student is officially withdrawn and off the enrollment listing of the former school.

Case BL-4-7- How do Bylaws 4 and 5 relate to schools with nontraditional (block) schedules?

A student shall be enrolled as a full-time student (four of six hours) in the member school or defined feeder school within the restrictions of Bylaw 4, and passing in four full credit hours (240 minutes) worth of classes as defined in Bylaw 5. For example, if a student were attempting four full credits of one and one-half hours each, he/she would need to pass three (four and one half hours) worth. As another example, if the periods are 80 minutes, he/she would need to pass three. It is imperative when interpreting this rule that the amount of credits attempted and class length is considered when determining the eligibility of a student-athlete as the student shall pass 240 minutes of class (four full credit hours).

Case BL-4-8- Is it permissible for a student to participate for a member school while enrolled in another school that does not offer a particular sport?

No, a student desiring to participate shall be enrolled as a full-time student and receiving credit through the member school at which participation is desired, or be a student at a "feeder" school in the same school district.

Case BL-4-9- Is it permissible for a home-schooled student to participate in interscholastic athletics at a KHSAA member school?

No, unless that student is also enrolled full-time (minimum four hours of instruction) at that local high school or under that local Board of Education. In order to represent a member school, a student shall be a full-time student at a KHSAA member school or at a "feeder" school as defined and interpreted under Bylaw 4.

Case BL-4-10- Are there regulations regarding a home-bound student participating in interscholastic athletics at a KHSAA member school?

Yes. In order to represent a member school, a student shall be a full-time student at a KHSAA member school or at a feeder school under the same local Board of Education as the member school as defined within Bylaw 4 and its interpretations. In accordance with 704 KAR 7:120, Section 2, part (7), "Eligibility for home/hospital instruction shall cease if the student works or participates in athletic activities." Schools and school districts are reminded that a student who practices or plays in an athletic scrimmage or contest is no longer able to be in home bound instruction once such participation occurs.

Case BL-4-11- What type of enrolled students are eligible to participate in interscholastic athletics at a KHSAA member school?

Only those students enrolled as a full-time student at an A-1 (Public School), D1 (State Department of Education Operated School), F1 (Federal Dependent School), J1 (Roman Catholic), M1 (Other religion) or R1 (Private, nonchurch related) schools may participate.

Case BL-4-12- What interscholastic athletic participation opportunities at the high school level are available to students who are repeating a grade?

Student-athletes may not represent a KHSAA member high school as a participant in any sport at any level if they are repeating a grade, whether or not that student played interscholastic sports at any level during the first year in the grade.

Case BL-4-13- What interscholastic athletic participation opportunities are available to students desiring to participate in high school level (freshman, JV or varsity) sport who are enrolled below grade nine (9)?

Only those students enrolled in a feeder school in grades 7 and 8 (along with those grandfathered into revisions in Bylaw 4 by participating at the high school level prior to the conclusion of the 2013-2014 school year) will be permitted to play in a high school sport or sport-activity (at any level) except for football and soccer.

Students below grade seven (7) may not participate in any activity (practice, scrimmage or game), except for those grandfathered into revisions in Bylaw 4 by participating at the high school level prior to the conclusion of the 2013-2014 school year. These students below grade seven (7) may not wear the game uniform (in whole or part), or be involved in pre-game activities or any other contest related activity prior to, during or after a practice, scrimmage or contest. Only those students enrolled in the member school and in the 7th grade or above may be involved in those activities or wear the uniform or other school clothing in the proximity of the team area.

For football and soccer, students enrolled in a feeder school in grades 7-8 may only participate in nonvarsity level practice and play, and only if permitted within local board of Education and school-based policy.

Students in grades 7 and 8 may not participate in any activity designated by either team as "varsity (first team)" in football or soccer. These 7th and 8th grade students may not wear the game uniform (in whole or part), or be involved in pre-game activities or any other contest related activity prior to, during or after, a varsity practice, scrimmage or contest in the sports of football or soccer. These 7th and 8th grade students may not participate (practice, scrimmage or play) on nonvarsity (freshman, junior varsity, etc.) level teams in football or soccer if any member of the team they are representing or the team they are competing against is enrolled in any grade above grade ten (10). It is the obligation of the school desiring to allow the seventh or eighth grade student to participate with the nonvarsity team to ensure compliance with this provision. Students below grade seven (7) may not participate (practice, scrimmage or play) on any high school level team (freshman, JV, varsity) in football or soccer.

Case BL-4-14- Is it permissible for a local school board to place restrictions and limits on participation in sports for those students in grades seven (7) and eight (8) other than football, soccer and wrestling?

No. KRS 156.070 (2) bans the KHSAA or Kentucky Board of Education from implementing any prohibition on 7th and 8th graders participating in high school sports, and as interpreted, leaves that determination to the Local Board of Education or SBDM Council. However, that same statute and subsequent Attorney General Opinions specifically ban a prohibition against students playing on more than one school-sponsored team at the same time. Specifically exempted from this statute are the sports of football, soccer and wrestling, whose participants may be restricted if they are enrolled below grade nine.

BYLAW 5. MINIMUM ACADEMIC REQUIREMENT

Sec. 1) PROPER GRADE LEVEL REQUIREMENT FOR STUDENTS ENROLLED IN GRADES 9 THROUGH 12 IN ALL SCHOOL DISTRICTS

a) First Day of School Year Earned Credit Check

On the first day of each school year, a student shall be at his or her proper grade level. To be considered to be at the proper grade level, a student shall have been enrolled as a full-time student during the previous grading period, and shall be on

schedule to graduate with his or her class on the first day of school based on the number of credits officially recorded on the transcript. For the verification of this provision, all course work, including summer and correspondence work, and final grades shall be complete by the first day of the school year for the student body.

The determination for reinstatement of eligibility and first available date of practice available under Section 1(b) of this bylaw shall be based on the original published calendar submitted to the Kentucky Department of Education.

(1) Eligibility During First Year Following Initial Enrollment in Grade Nine (9)

For a student in the ninth grade to be considered to be on schedule to graduate, that student shall have been promoted from grade eight (8) to grade nine (9), and be in compliance with all other bylaws.

(2) Eligibility During Second Year Following Initial Enrollment in Grade Nine (9)

For a student in the second year following initial enrollment in grade nine (9) (normally grade 10) to be on schedule to graduate, that student shall have received twenty (20) percent of the requirements of the school/district for graduation (credits officially posted to the transcript) prior to the first day of the second year following initial enrollment in grade nine (9), and be in compliance with all other bylaws.

(3) Eligibility During Third Year Following Initial Enrollment in Grade Nine (9)

For a student in the third year following initial enrollment in grade nine (9) (normally grade 11) to be on schedule to graduate, that student shall have received forty-five (45) percent of the requirements of the school/district for graduation (credits officially posted to the transcript) prior to the first day of the third year following initial enrollment in grade nine (9), and be in compliance with all other bylaws.

(4) Eligibility During Fourth Year Following Initial Enrollment in Grade Nine (9)

For a student in the fourth year following initial enrollment in grade nine (9) (normally grade 12) to be on schedule to graduate, that student shall have received seventy (70) percent of the requirements of the school/district for graduation (credits officially posted to the transcript) prior to the first day of the fourth year following initial enrollment in grade nine (9), and be in compliance with all other bylaws.

(5) Eligibility In Districts of Innovation

For a student participating in a school in an approved district of innovation as referenced in KRS 156.108 and KRS 160.107, in lieu of complying with subparagraph 1-4 above, the district shall develop and submit for approval to the Commissioner, a plan to monitor the yearly progress of students that provides for an accurate assessment of being on schedule to graduate at the beginning of each year. Such plan shall consider solely the documented record of the student's academic progress and may not include speculative factors for future periods.

b) One-time Reinstatement of Students Failing to Meet Normal Progress Requirements on First Day of School

(1) One-time Reinstatement of Students Failing to Meet Normal Progress Requirements and being ineligible for one school year:

The eligibility of a student failing to meet the provisions of subparagraph 1-4 above may be reinstated a maximum of one time. This reinstatement is possible by the student passing twenty-five (25) percent of the requirements of the district for graduation during the year he or she is ineligible. He or she, upon reinstatement, shall remain eligible as long as he or she passes twenty-five (25) percent of the requirements of the district for graduation during each subsequent year.

(2) One-time Reinstatement of Students Failing to Meet Normal Progress Requirements and being ineligible for one semester:
The eligibility of a student failing to meet the provisions of

subparagraph 1-4 of Sec. 1 may be reinstated a maximum of one time in schools operating on a two-semester credit recording system. This reinstatement is possible by the student passing fifteen (15) percent of the requirements of the district for graduation during the semester in which he or she is ineligible due to the provisions of Sec. 1. Such verification will be made by reviewing solely credits officially posted on the transcript. He or she, upon reinstatement, shall remain eligible as long as he or she passes fifteen (15) percent of the requirements of the district for graduation during each subsequent semester or becomes compliant with Sec. 1 above. Eligibility to practice and compete in contests shall be effective with the first day of the semester based on the district's official original calendar submitted to the Kentucky Department of Education following the recording of the credits to the student's permanent record.

- (3) One-time Reinstatement of Students Failing to Meet Normal Progress Requirements and being ineligible for one trimester: The eligibility of a student failing to meet the provisions of subparagraph 1-4 in Sec. 1 may be reinstated a maximum of one time in schools operating on a three-trimester credit recording system. This reinstatement is possible by the student passing ten (10) percent of the requirements of the district for graduation during the trimester in which he or she is ineligible due to the provisions of Sec. 1. Such verification will be made by reviewing solely credits officially posted on the transcript. He or she, upon reinstatement, shall remain eligible as long as he or she passes ten (10) percent of the requirements of the district for graduation during each subsequent trimester or becomes compliant with Sec. 1. Eligibility to practice and compete in contests shall be effective with the first day of the trimester (based on the district's official original calendar submitted to the Kentucky Department of Education) following the recording of the credits to the student's permanent record.
- (4) Eligibility In Districts of Innovation

For a student participating in a school in an approved district of innovation as referenced in KRS 156.108 and KRS 160.107, in lieu of complying with subparagraph 1-3 above, the district shall develop and submit for approval to the Commissioner, a plan to monitor the progress of students that provides for an accurate assessment of being back on schedule to graduate at the beginning of a credit period while ineligible. Such plan shall consider solely the documented record of the student's academic progress and may not include speculative factors for future periods.

Sec. 2) CONTINUAL PROGRESS DURING THE SCHOOL YEAR

On a weekly basis, a student shall be making continual progress during the school year in order to be eligible to participate in athletics during the subsequent week (Monday through Sunday period) and through the next opportunity to examine grades in this manner. Absent any other determination, this weekly check of grades shall be conducted on each Friday of each grading period or on the last day of classes preceding that particular Friday if no classes are conducted on that particular Friday.

- (1) Weekly Eligibility Standard for Students Enrolled in Grades 9-12:

To be making continual progress, a student shall have passed in four hours of instruction units as defined by Kentucky Board of Education regulations (of the six hours of instruction required) during the previous credit period that closed during the school year (trimester or semester). To be making continual progress the student shall also be passing cumulatively for the current credit period in at least four hours of instruction as defined by Kentucky Board of Education regulations (of the six hours of instruction required) or the equivalent of four hours of instruction acceptable to graduation.

- (2) Weekly Eligibility Standard for Students Enrolled in Grades Below 9 participating for a KHSAA member school:
A pre-secondary school student (grades 4-8) participating in athletics representing a KHSAA member school shall be passing in at least two-thirds of the subjects in which he or she is currently enrolled and be in compliance with all other

bylaws in order to be eligible.

- (3) Eligibility In Districts of Innovation

For a student participating in a school in an approved district of innovation as referenced in KRS 156.108 and KRS 160.107, in lieu of complying with subparagraph 1-2 above, the district shall develop and submit for approval to the Commissioner, a plan to monitor the weekly progress of students that provides for an accurate assessment of academic progress for the year. Such plan shall consider solely the documented record of the student's academic progress and may not include speculative factors for future periods.

Sec. 3) SPECIAL RECITATIONS/ADJUSTMENTS

Special tests or recitations shall not be given for the purpose of making the student eligible.

Case BL-5-1- Why is there a Minimum Academic Requirement as contained in Bylaw 5?

The primary purpose of high schools is to academically prepare students for productive contributions in their future lives as citizens in this country, whether they are bound for college or ready to embark on a career. For that reason, standards must be developed and applied, including:

- (1) *Interscholastic athletic activity programs are an extension of the classroom, and academic standards help ensure the balance between participation in the activity and appropriate academic performance;*
- (2) *Interscholastic athletic and activity programs assist in the educational development of all participants;*
- (3) *Academic standards promote the objective of graduation from the institution and that student participants are truly representing the academic mission of the institution;*
- (4) *Overall, academic standards promote educational standards, underscore the educational values of participating in activities, encourage appropriate academic performance and allow the use of interscholastic participation as a motivator for improved classroom performance;*
- (5) *Participants in the interscholastic athletic program are expected to be student-athletes;*
- (6) *High school sports are not intended to be a "farm team" for college and professional sports, but a complementary activity to the total learning experience;*
- (7) *Standards shall be in place to ensure that in addition to sports participation, a student shall be on schedule to graduate with his/her class; and*
- (8) *As class systems change (block and other alternative schedules), these requirements shall be continually reviewed to make certain that all students are meeting the necessary requirements to graduate from high school and be positive contributors to society.*

Though athletics and activities serve as deterrents for many students to become involved in less-desirable elements of society, a young person shall be a student first and an athlete second.

The combination of Bylaw 5, Sec. 1 and Sec. 2 attempts to ensure that each student-athlete not only makes progress throughout a season, but through each year and through the course of the four years following enrollment in grade nine (9).

Case BL-5-2- Is it permissible for a school district or member school to adopt an academic standard that is different from the KHSAA Minimum Academic Requirement?

Yes. A school or school district may set a higher (more rigid) requirement than the KHSAA minimum requirement. The KHSAA requirement for participation is that a student shall be at proper grade level, and on schedule to graduate in order to be eligible for interscholastic athletics and make continual progress during the school year. For those requirements which are a higher requirement than the KHSAA minimum standard, the KHSAA will not be involved in enforcement of those regulations.

A school cannot establish a standard that is lower than the KHSAA minimal standard.

Schools are strongly encouraged to ensure that the normal

promotional requirement for advancement to the following grade concurs with eligibility requirements for that grade. This will help ensure that students promoted to the next grade are in fact eligible in that particular grade and that the locally adopted standard does not fall below the requirements of Bylaw 5.

Case BL-5-3- How long must a student be enrolled during the previous grading period to be considered enrolled as a full-time student during the previous grading period?

Six weeks enrollment in a school shall constitute a semester in the interpretation of this rule.

Case BL-5-4- How is Section 1(a) of Bylaw 5 interpreted to determine eligibility of a student on the first day of school?

On the first day of school, guidance counselors or other personnel shall use the following chart to determine eligibility based on the local districts requirements for graduation.

Any number of credits required which cannot be matched directly to the credits of the school shall be rounded to the next possible number. For example, if 9.45 is required, but the school only gives half and full credits, 9.5 would be required. If that same school only gave full credits, 10 would be required. Any other means of rounding would result in the requirement not being met.

Graduation Requirement (Credits)	First Year (Normally Grade 9)	Second Year (Normally Grade 10)	Third Year (Normally Grade 11)	Fourth Year (Normally Grade 12)
20	Promoted from 8	4.00	9.00	14.00
21	Promoted from 8	4.20	9.45	14.70
22	Promoted from 8	4.40	9.90	15.40
23	Promoted from 8	4.60	10.35	16.10
24	Promoted from 8	4.80	10.80	16.80
25	Promoted from 8	5.00	11.25	17.50
26	Promoted from 8	5.20	11.70	18.20
27	Promoted from 8	5.40	12.15	18.90
28	Promoted from 8	5.60	12.60	19.60
29	Promoted from 8	5.80	13.05	20.30
30	Promoted from 8	6.00	13.50	21.00
31	Promoted from 8	6.20	13.95	21.70
32	Promoted from 8	6.40	14.40	22.40

Case BL-5-5- How is Section 1(b) of Bylaw 5 interpreted to determine eligibility of a student desiring to restore eligibility following a period of ineligibility due to Section 1(a)?

After the student has been ineligible for a specific period (semester, semester or year based on the school academic calendar), the student can be reviewed for reinstatement according to Section 1(b).

Guidance counselors or other personnel shall use the following chart to determine eligibility based on the local district's requirements for graduation.

Any number of credits required which cannot be matched directly to the credits of the school shall be rounded to the next possible number. For example, if 9.45 is required, but the school only gives half and full credits, 9.5 would be required. If that same school only gave full credits, 10 would be required.

Any other means of rounding would result in the requirement not being met.

Graduation Requirement (Credits)	Required to reinstate after complete year ineligible	Required to reinstate after semester ineligible	Required to reinstate after trimester ineligible
20	5.00	3.00	2.00
21	5.25	3.15	2.10
22	5.50	3.30	2.20
23	5.75	3.45	2.30
24	6.00	3.60	2.40
25	6.25	3.75	2.50
26	6.50	3.90	2.60
27	6.75	4.05	2.70
28	7.00	4.20	2.80
29	7.25	4.35	2.90
30	7.50	4.50	3.00
31	7.75	4.65	3.10
32	8.00	4.80	3.20

Case BL-5-6- Are subjects or credit hours involved in the application of the Minimum Academic Requirement?

Credit hours (commonly referred to as Carnegie units) as applicable to graduation are the standard of measurement to be used for determining eligibility. To be eligible, a student shall be passing currently in the required number of full-credit subject hours applicable to graduation and shall be at his/her proper grade level according to Bylaw 5. However, their equivalent in units of credit accepted for graduation may be substituted. All credit calculations are based on totals at the time the credit is recorded to the transcript. In the case of end of course assessments, determination shall be made once the final credits are applied to the official transcript in compliance with state regulations.

Case BL-5-7- How are credit hours and credits computed when a student changes from a traditional format to an alternative format school (i.e. 6 hour day to block schedule day) or vice-versa, enters from a nonmember school, or the credits on the transcript are in doubt?

When transferring between traditional (6 credit) and nontraditional credit systems, a student's eligibility status shall be determined after converting the credits earned in the prior system in accordance with accepted state policies for computing graduation progress, and no special consideration can be given to student athletic participants.

In the case of a school raising or changing its graduation requirements, this conversion can be done by taking the number of credits required for graduation under the new system, dividing it by the number of credits required under the old system, then multiplying that result by the number of credits earned in the old system to give the student an equivalent number to be used in determining standing. For students changing from a traditional to a block system, or vice versa, it can also be done by taking the number of credits possible per year under the new system, dividing it by the number of credits possible per year under the old system, then multiplying that result by the number of credits earned in the old system to give the student an equivalent number to be used in determining standing.

For students who have been in multiple school systems with multiple credit systems, the process can be done by taking the academic record of each school year, dividing the number of credits earned at the school of that particular year by the number of possible credits earned that particular year at that school, and then taking that fractional value times the number of credits possible at the new school. Doing this calculation for each year and then adding together the results yields an "apples to apples" comparison in terms of credits needed by a student to be on schedule for graduation.

The policy for conversion shall be approved by the School based Decision Making organization at the school and shall be in place for all students and not restricted to student-athletes.

For those coming from other systems and nonmember schools, member schools must determine the number of credits that have previously been earned in accordance with state standards and regulations, and then check the normal progress chart in Case Situation 5-4 to determine eligibility.

Case BL-5-8- How do summer school or correspondence courses count toward satisfying the academic requirements of Bylaw 5, Sec. 1?

Summer school or accredited correspondence courses may be used to make up a failure or deficiency in the academic work of the preceding year provided the course work (including all required examinations) is completed, the grade received and credit recorded prior to the first day of school for the student body.

Case BL-5-9- What are the options for the use of online courses, credit recovery, or other nontraditional courses to be used to obtain eligibility under Bylaw 5, Sec. 1(a) and (b)?

Bylaw 5, Sec. 1(a) is solely determined on the first day of school for the student body by examining the number of credits that have been recorded to the transcript. That number includes any full credit awarded and recorded in compliance with all applicable state regulations. Therefore, any type of credit, regardless of the method in which it is earned, may be used for this standard, but must be officially recorded on the student's permanent record (transcript) on or before the first day of school for the student body.

Bylaw 5, Sec. 1(b) is an opportunity to reinstate eligibility on a one-time basis for those students who do not meet the standards of Sec. 1(a), but only after a defined period of ineligibility.

Any credit or course used to meet these standards must meet the following criteria:

- (1) Courses that are taught through distance learning, online, credit recovery, etc. need to be comparable in length, content and rigor to courses taught in a traditional classroom setting;
- (2) Students may not skip lessons or test out of modules. For example, if a student is permitted to test out of portions of a repeated course, is exempted from certain modules, or is allowed to finish the course in an abbreviated time frame, such a course would not be acceptable for use in the reinstatement determination;
- (3) The instructor and the student shall have ongoing access to, and regular interaction with, one another for purposes of teaching, evaluating and providing assistance to the student throughout the duration of the course;
- (4) The student's work (e.g., exams, papers, assignments) shall be made available for evaluation and validation upon request;
- (5) Evaluation of the student's work shall be conducted by the appropriate academic authorities in accordance with the high school's established academic policies;
- (6) The course shall include a defined time period for completion and comparable to the same credit taught within the traditional school day;
- (7) The course must be acceptable for any student and the school's policies for such courses must be followed consistently for both student-athletes and non-athletes with no exceptions made for student-athletes;
- (8) The course must be substantially comparable, qualitatively and quantitatively (e.g., content, textbook, assessments, duration), to the course in the mainstream or regular curriculum;
- (9) The course credit must be recorded on the student transcript prior to the day before the defined Sec. 2 period for which reinstatement is desired (subsequent trimester, semester or school year dependent upon school defined curriculum); and
- (10) The course provider must have the work completed online accepted by the NCAA as part of its review of Division I and II athletes seeking to enroll at a college or University.

Case BL-5-10- If a student is ineligible at the beginning of the school year according to Bylaw 5, Section 1(a), can this student become eligible during the school year?

Yes. A student may be reinstated at the end of the semester/ trimester that the student is ineligible, depending upon the school academic calendar structure provided that there are opportunities for the entire student body to add permanent credits to the transcript at those breaks between semesters/ trimesters. Schools with a semester setup (where credits are recorded at the end of each semester) have reinstatement opportunities at the end of the semester in which the student was ineligible. Schools with a trimester setup (where credits are recorded at the end of each trimester) have reinstatement opportunities at the end of each trimester in which the student was ineligible. Schools with a year-long calendar where credits are only recorded at the end of the year do not have a mid-year reinstatement opportunity for athletes ineligible on the first day of school. A student-athlete who is ineligible due to failing to maintain normal progress as defined in Section 1(a) may have eligibility reinstated for the following and subsequent semesters/trimesters/years providing he/she meets all provisions for reinstatement in Bylaw 5, Sec 1(b).

Case BL-5-11- Is it possible for a student to be eligible according to Bylaw 5 during the senior year and yet not graduate?

Yes, depending upon that particular student's class load and progress, he/she could be eligible by Sec. 1 of this bylaw, complete the required number of courses each year including the final year, and still not graduate, and yet remain eligible throughout the year. This bylaw represents a minimum standard, and as such, schools are empowered to make a tougher regulation that could prevent such an occurrence.

Case BL-5-12- When do schools perform the weekly grade check to determine the continual progress provisions of Bylaw 5, Sec. 2?

Each year, when a school applies for membership, school representatives are to designate the one specific day of each week that grades will be checked, and eligibility will then be determined for the subsequent week (Monday through Sunday period).

Case BL-5-13- May online credit recovery courses be used in the weekly grade check to determine the continual progress provisions of Bylaw 5, Sec. 2 (weekly grade checks)?

No, not unless the course work was taken as recovery for a course taken during the same academic year.

Case BL-5-14- How does Bylaws 5, Sec. 3 relate to schools with nontraditional (block) schedules?

A student shall be passing in four full credit hours (240 minutes) worth of classes as defined in Bylaw 5, Sec. 3. For example, if a student were attempting four full credits of one and one-half hours each, he/she would need to pass three (four and one half hours) worth. As another example, if the periods are 80 minutes, he/she would need to pass three. It is imperative when interpreting this rule that the amount of credits attempted and class length is considered when determining the eligibility of a student-athlete as the student shall pass 240 minutes of class (four full credit hours).

Case BL-5-15- How is weekly eligibility determined for students who were not passing at the last grade check prior to breaks during the school year?

Until school has resumed and a school has checked grades on the first weekly grade check opportunity, any student who was not passing four hours of instruction as of the last valid grade check is not academically eligible. Any student not eligible to play in the team's next scrimmage or contest is not eligible to practice with the squad.

Case BL-5-16- How is academic eligibility determined during the summer after July 15 and prior to the start of school?

The academic record of each student desiring to participate in

practice or competition in contests or scrimmages after July 15 and prior to the start of classes in the fall shall be checked to ensure that the student is on schedule to graduate per Bylaw 5, Section 1. If the student's grades and credits in any offering are not a part of the permanent record, those grades or credits may not be used to determine eligibility. A student who is not eligible to participate in contests or scrimmages is not eligible to practice or play.

Case BL-5-17 - Does compliance with Bylaw 5 ensure that students will be eligible to compete after high school at the collegiate level?

No. Schools and student-athletes shall be mindful of recent changes in the core-content requirements for the NCAA Clearinghouse as certain correspondence courses previously acceptable for credit may not be acceptable within the core curriculum required for certification. Though this does not at this time impact high school eligibility, it creates the scenario where a credit may apply to high school graduation, but not be applicable to college admission or qualification.

It is also important that school administrators and prospective NCAA and NAIA student-athletes carefully monitor changing academic requirements at various levels. NCAA information is available at websites such as <http://blog.ncaa.org/GetTheGrades/> and NAIA information can be found at <http://www.playnaia.org/>.

BYLAW 6. TRANSFER RULE- CITIZENS OF THE U.S. OR U.S. TERRITORIES

Sec. 1) DOMESTIC STUDENT TRANSFER

- a) Any student who has been enrolled in grades nine (9) through twelve (12) and has participated in any varsity contest in any sport at any school while maintaining permanent residence in the United States or a United States territory following enrollment in grade nine (9) and who then transfers schools shall be ineligible for interscholastic athletics at any level in any sport for one year from the date of last participation in varsity interscholastic athletics.
- b) The Ruling Officer and Commissioner have discretion (but are not required) to waive the period of ineligibility set forth above if one or more of the following exceptions in Section 2 has been met.

Sec. 2) DISCRETIONARY EXCEPTIONS FOR WAIVER

- a) **BONA FIDE CHANGE IN RESIDENCE-** The period of ineligibility may be waived if there has been a bona fide change in residence by the parents and student that precedes a student's change of schools.
For purposes of this bylaw, a bona fide change of residence means the uninterrupted moving of the permanent residence of the entire family unit of the student as composed when the student was eligible at the sending school (including one or both parents if at that residence) from one school district or defined school attendance area into another school district or defined school attendance area prior to a change in enrollment of the student. To be considered bona fide, the change must remain uninterrupted for the entire period during which the student would have been ineligible if the exception was not applied. A student who becomes emancipated does not have a bona fide change of residence by virtue of his or her emancipation and change of residence for purposes of satisfying this exception. Determinations of whether a student shall be granted a waiver pursuant to this exception shall be based on the circumstances existing as of the date of enrollment at the new school.
- b) **DIVORCE-** The period of ineligibility may be waived in the event of a dissolution of marriage (i.e. a final and legally binding divorce decree from a court of competent jurisdiction) or properly recorded legal separation (i.e. a legally binding separation decree from a court of competent jurisdiction) of the parents and a change in the residence of the student pursuant to a court order granting custody of the child to one of the parents with whom the student shall reside.
- c) **CHANGE OF CUSTODY-** The KHSAA shall not recognize guardianship or similar arrangements made, for purposes of this bylaw. The period of ineligibility may be waived if it is

shown that custody of the student has been taken from one or both parents and given to the other parent or a third person by a court of competent jurisdiction and under circumstances indicating: (1) the parent(s) are unfit or (2) the court finds that the health and welfare of the student would be better served by the change in custody.

In the event joint custody is awarded to both parents, for purposes of this bylaw, the student shall initially be eligible where either parent resides. The eligibility of a student may be restored one time if, after establishing eligibility and complying with the initial court order granting joint custody, a student relocates to permanently reside with the other custodial parent. The grant of eligibility shall only apply to the member school in which the residence of the custodial parent is located. After this one time move by the student to the other custodial parent all subsequent moves between parents shall require a period of ineligibility of one year.

Determinations of whether a student shall be granted a waiver pursuant to this exception shall be based on the circumstances existing as of the date of enrollment at the new school.

- d) **DEATH-** The period of ineligibility may be waived in the event the death of one or both of the student's custodial parents creates the circumstances that the transfer to another secondary school is deemed appropriate.

Determinations of whether a student shall be granted a waiver pursuant to this exception shall be based on the circumstances existing as of the date of enrollment at the new school.

- e) **BOARDING SCHOOLS-** The period of ineligibility may be waived on a one-time basis for students entering or returning from a boarding school on a full-time basis as a boarding school student where attendance was required by order of the court or by recommendation of the principal of the school attended immediately prior to attendance at the boarding school.

A boarding school is defined as a school that has an enrolled resident boarding school population in the ninth through 12th grades of at least fifty (50) percent of the full-time student body for each of the last four years.

A boarding school must have appropriate dormitory facilities to house, feed and provide general living accommodations for boarding students, and must have properly trained supervisory personnel on duty at all times.

A boarding school must be recognized as a boarding school in its own literature and must be verified by the Kentucky Department of Education and/or the Southern Association of Colleges and Schools.

A boarding student, to qualify for the exception, must spend at least an average of five (5) days per week living and boarding on campus while school is in session. Coaches and other individuals employed by or associated with a boarding school's athletic program shall not serve as the boarding supervisor or otherwise live with boarding students in school housing.

Only those schools that qualify as boarding schools as defined herein may provide any assistance for room and board to students who participate in interscholastic athletics and only if such assistance is based on financial need. In no other schools may room and board expense be included in the determination of school expenses and financial need.

The Ruling Officer is required to have verification that the move to or from the boarding school is by order of the Principal (sending) or a court of competent jurisdiction in order for this exception to apply.

Determinations of whether a student shall be granted a waiver pursuant to this exception shall be based on the circumstances existing as of the date of enrollment at the new school.

- f) **REASSIGNMENT BY BOARD OF EDUCATION-** The period of ineligibility may be waived if the student has changed schools through a properly documented reassignment of the Board of Education to another school. To meet this exception for a reassignment, reasons for the assignment may include the closing or opening of a school due to consolidation, merger, opening of a new school, or another type of opening or closing or assignment through KRS 158.6455 or other applicable adopted regulation. In the case of a school closing or consolidation, such assignment may be to the public school

district should a private, parochial or independent school close. For a multiple school district reallocating students to existing schools in a revised manner (redistricting), the exception shall be valid only on the first day of school for the student body following implementation of the redistricting plan, and does not apply before or after that date due to optional choices offered by the district.

Determinations of whether a student shall be granted a waiver pursuant to this exception shall be based on the circumstances existing as of the date of enrollment at the new school.

- g) **TRANSFER FROM NONMEMBER SCHOOL** – The period of ineligibility may be waived for a student transferring from a nonmember school located in Kentucky whose athletic participation has been limited primarily to other nonmember schools.

Determinations of whether a student shall be granted a waiver pursuant to this exception shall be based on the circumstances existing as of the date of enrollment at the new school.

- h) **MILITARY ASSIGNMENT**- The period of ineligibility may be waived for a student transferring in a situation where documentation is presented to verify that the change in education and living arrangements is directly related to an order from any branch of the United States military service, including the reserve components. Special verification may be requested including documentation of a Permanent Change of Station of Change of Duty Status. This may also include the case where the transfer is made necessary by implementation of the Interstate Compact on Education Opportunity for Military Children.

- i) **CESSATION OF SCHOOL PROGRAM**- The period of ineligibility may be waived in the event of a school remaining open but notifying the Association in writing that it is discontinuing its varsity participation in an Association sponsored sport (regular and postseason) in which the student had previously participated after enrolling in grade nine (9).

Sec. 3) SPECIFIC RESTRICTIONS RESULTING IN DENIAL OF WAIVER
Satisfying of one of the exceptions (Section 2, a through i) shall not be considered valid and a waiver of the period of ineligibility shall not be granted:

- a) If the change in schools is to nullify or circumvent implementation of Board of Education, School Based Decision Making or school imposed policy which would have resulted in the student's ineligibility at the sending school in accordance with KHSAA Bylaws or Competition Rules;
- b) If the satisfying of one of the exceptions occurs after the enrollment at the new school;
- c) If a student participates on a school team that is coached by a coach associated in that same sport at a high school, and the student then transfers to the member school where the coach is employed (paid or volunteer at any level);
- d) If a student participates on nonschool (i.e. AAU, American Legion, club settings, summer program, etc.) team that is affiliated with or coached by a coach associated in that same sport at a member school and the student then transfers to the member school where a coach is employed (paid or volunteer at any level);
- e) If the change in schools is motivated in whole or part by a desire to participate in athletics at the new school;
- f) If the satisfying of one of the exceptions is used or manipulated for the purpose of gaining athletic eligibility; or
- g) If the satisfying of one of the exceptions by the student and the parent(s) does not reasonably precipitate a transfer to the new school.

Sec. 4) OTHER TRANSFERRING STUDENT RESTRICTIONS AND PROCEDURES

- a) The Commissioner's office may appoint or hire a committee or investigator to conduct any inquiry or investigation concerning any issues arising under this bylaw or any other bylaw.
- b) If any member school files a written objection to the factual validity of the certification before the conclusion of the period of time to which the period of ineligibility would normally apply, along with the specific, detailed basis for the objection, then a complete investigation shall be conducted by the KHSAA and a ruling shall be issued through the Commissioner's office.
- c) A student enrolled in grades 4-12 who has participated in a first

team game shall not be eligible to represent a second member school during that school year unless that student would qualify for a waiver of the period of ineligibility in accordance with provisions of Section 2 above.

- d) A student is ineligible for athletics in this state if he or she transfers from another state if the student was or would have become ineligible in the state from which he or she transfers.

Case BL-6-1- What is the transfer rule (Bylaw 6)?

Bylaw 6, Transfer Rule, states that any student who changes schools after enrolling in grade 9 and after participating in a varsity contest in any sport, shall be ineligible at the new school for one year from the date of last varsity participation at the old school. There is only limited authority to waive the period of ineligibility under the circumstances outlined in Bylaw 6 and the Due Process Procedure.

Case BL-6-2- Why is there a transfer rule?

Nearly every state has a transfer rule to protect the integrity of the interscholastic program. These rules are necessary for several reasons including, but not limited to, the following principles:

- (1) *these rules prevent and deter transfers due to recruiting or athletic reasons;*
- (2) *these rules protect the opportunities of bona fide resident students;*
- (3) *these rules provide a fundamentally fair and equitable framework for athletic competition in an academic setting;*
- (4) *these rules provide uniform standards for all schools to follow;*
- (5) *these rules support the educational philosophy that athletics is a privilege which should not assume a dominant position in a school's program;*
- (6) *these rules keep the focus of educators and students on the fact that students attend schools to receive an education first, and participate in athletics second;*
- (7) *these rules maintain the fundamental principle that a high school student should live at home with parents or custodian in the event of parental death or incapacitation, and attend school in the school district in which they reside;*
- (8) *these rules reinforce the view that a family is a strong and viable unit and as such is the best place for students to live while attending high school;*
- (9) *these rules serve as a deterrent to students running away from, or avoiding discipline that has been imposed; and*
- (10) *these rules prevent manipulation of a residence change or other exception solely or primarily for the purpose of interscholastic athletics participation and serve to ensure the integrity of the rules adherence process.*

Case BL-6-3- What is the procedure for requesting a waiver of the period of ineligibility for a student who has transferred in to a member school?

The receiving school initiates the process using KHSAA Form GE06 and utilizing the instructions on that form.

The Receiving School is the KHSAA member school in which the student is enrolled and for which he/she is requesting eligibility. The Sending School is normally the most recent school in which this student was enrolled and participated in interscholastic athletics. However, for students who have attended multiple schools, the Sending School is the last school at which the student participated in varsity athletics after enrolling in grade nine (9).

Case BL-6-4- Under what circumstances can a transferring student be declared eligible without completing a waiver form and sending to the KHSAA?

There are several circumstances and documented exceptions for which the waiver form is not necessary to be submitted, including:

- If it can be documented that the student last participated at the receiving school and has not been granted eligibility at any other school (in or out of state);*
- If it can be documented by records of the sending school that the student has had more than one calendar year since the last date of varsity participation;*
- If, as in exception (f), a Board of Education is redistricting its*

students due to consolidation, closure or a single school splitting into multiple schools and the transferring student is adhering strictly to the policy adopted by the Board of Education and such plan has been submitted to the KHSAA in advance of the consolidation/closure/split of schools. This DOES NOT include optional or discretionary decisions by individual students in advance of the consolidation, closure or splitting of a single school;

If, as in exception (g), the case involves a transfer from a non-KHSAA member school that is located in Kentucky and the receiving school principal has the requisite information contained on the Form GE06 from the sending school; and

If, as in exception (h), the receiving school has received verified copies of the orders from any branch of the United States military service, including the reserve components and has on file at the school, a completed copy of form GE06. This required documentation includes a Permanent Change of Station or Change of Duty Status, and this exception may also be applicable in the case where transfer is made necessary by implementation of the Interstate Compact on Education Opportunity for Military Children.

It is always recommended that in the case of nonparticipation for a calendar year that the first page of form GE06 should be used to verify the information between the schools. Once the sending school has verified on the form that the student did not participate in any sport for an entire calendar year at the sending school, the student may be considered eligible and no ruling is necessary by the KHSAA.

Any school failing to properly certify the eligibility of a student who ultimately has an ineligible student participate or practice will be held accountable for penalty in compliance with other KHSAA bylaws.

Case BL-6-5- What special documentation needs to be sent along with the waiver request when the member school sends the request to the KHSAA?

This is dependent upon which exception to Bylaw 6 that the member school desires to request. The transfer form (GE06) is revised annually with details about the required documentation, and is posted on the KHSAA website.

Case BL-6-6- What are the restrictions on, and expectations for, student-athletes during the normal one-year period of ineligibility?

If a student seeking a waiver of the one-year period is granted such waiver, and the conditions change during the one year following enrollment at the new school, a new ruling may be issued. The expectation of the published exceptions is that the circumstances resulting in the waiver continue to exist for one year. It is the obligation of school personnel to monitor the facts surrounding students receiving the waiver, and report to the Association if the circumstances change in order to request a new ruling.

If an ineligible student participates in interscholastic athletics during the usual period of ineligibility, the KHSAA may toll the one year period of ineligibility after the anticipated expiration date in an amount of time equal to the time the student participated while ineligible. For example, if a student participates in interscholastic athletics for six months during the usual period of ineligibility, the KHSAA may toll the period of ineligibility after the anticipated expiration date for six months. Depending on the circumstances of each case, this time might be applied immediately after the expiration of the normal one-year period of ineligibility or delayed until a particular sports season. This interpretation is necessary, fair and reasonable because the ineligible student may have participated in and affected the outcome of games, including tournament games, that cannot be replayed and deprived properly eligible students of opportunities to participate that cannot later be restored.

Case BL-6-7- At what point are the facts to be determined when a ruling is to be made in a Bylaw 6 case?

Determinations of whether a student shall be granted a waiver pursuant to this rule shall be based on the circumstances existing as of the date of enrollment at the new school.

Case BL-6-8- When is a student enrolled at a KHSAA member school for the purposes of Bylaw 6?

A student is enrolled at a KHSAA member school when that student sits for class in the new school.

In addition, a student may be considered enrolled at a KHSAA member school when the student registers at the new school, is on the student enrollment listing of a member school, and not on the listing of another school.

In the case of enrollment during periods when classes are not being held (i.e. summer), the student may be considered to be enrolled at the new school when formal application has been made and accepted as verified by the new Principal and the student is officially withdrawn and off the enrollment listing of the former school.

Case BL-6-9- What does the word "sport" as used in Bylaw 6 represent with respect to athletic participation and the applicability of Bylaw 6?

The provisions of Bylaw 6 that call for participation in a varsity "sport" as a determinant restricts application to those sports which the KHSAA sanctions and these are separate and apart from Sports-Activities. "Sport" includes baseball, basketball, cross country, football, golf, soccer, softball (fastpitch), swimming, tennis, indoor and outdoor track, volleyball and wrestling. This rule does not apply to students whose participation is solely in the Sport-Activities of archery, bass fishing, bowling and competitive cheer.

Beginning with participation during the 2014-15 school year, "Sport" shall also include Field Hockey.

Case BL-6-10- Is there a link between Bylaw 6 (Transfer Rule) and Bylaw 16 (Recruiting) as for the enforcement by the Association?

No. These are separate and distinct bylaws. However, it is possible that a transferring student could have a change in residence or meet another documented exception and still be ineligible if a Bylaw 16 violation is determined in the case. And, the absence of a Bylaw 16 violation (recruiting) does not relate to the enforcement of Bylaw 6.

Case BL-6-11- How are magnet schools, and board selected program enrollments interpreted with regard to Bylaw 6, Sec. 2 (f)?

The Association attempts to ensure that its regulations are not an inhibitor to a school trying a creative, magnet, and traditional or other type of special program for student or school improvement. Representatives of those local boards of education shall ensure that the listing of magnet, traditional, innovative, ROTC, and other selective, board approved and designated programs are submitted to the Commissioner's office where they will remain on file to ensure the accurate processing of such requests.

Case BL-6-12- Does Bylaw 6, Sec. 2(f) allow for automatic exception waiver of the period of ineligibility for students transferring due to the provisions of No Child Left Behind?

No, there is no specific exception enumerated within the rule. Transfers in these situations are handled on a case by case basis through the KHSAA Due Process Procedure by reviewing exception (f) of Bylaw 6 and documentation will be requested as to the directive from the Superintendent regarding such transfer and the specific school to which the student is assigned.

Case BL-6-13- How is Bylaw 6, Sec. 2(f) interpreted in the case of a school consolidating or splitting into multiple schools?

When multiple schools are consolidated within a district, the students entering the consolidated school are considered eligible at the consolidated school under this exception, provided they are eligible to attend the consolidated school per local board of education policy. Subsequent to the first day of school, the KHSAA transfer rule provisions shall apply.

In the case of a member school splitting into multiple schools within a district, the students shall be eligible at the school assigned by the board of education or the school where the

student first attends within the district if such attendance and eligibility is allowed under local board of education policy. Subsequent to the first day of school, the KHSAA transfer rule provisions shall apply.

Case BL-6-14- How is Bylaw 6 applied to out of state students, and does exception (g) in Section 2 of Bylaw 6 apply to students transferring from out of state schools?

Students transferring from out of state schools are subject to the provisions of Bylaw 6 if they participated in any varsity game in any sport at any out of state school following enrolment in grade nine (9).

Exception (g) is not available for students transferring from out of state schools. "Nonmember school located in Kentucky" in Bylaw 6, Sec. 2 (g) specifically means a school located in Kentucky that is not a member of the KHSAA. This exception was passed by the KHSAA member schools in an effort to accommodate students who had been enrolled at small in-state schools that were not members of the KHSAA and had participated against similarly situated schools.

Case BL-6-15- What does "reasonably precipitate" mean under Bylaw 6, Sec. 3 (g) and can a student delay enrolling at the receiving school if the family changes residence during the middle of a grading period?

The bona fide change of residence exception in Bylaw 6, Sec. 2(a) is not available if the change in residence by the student and the parents does not "reasonably precipitate" the transfer to the receiving school (see Sec. 3 (g)). "Reasonably precipitates" means, among other things, that a student cannot delay transferring after a change in residence for an unreasonable amount of time.

The "reasonably precipitates" provision gives the Ruling Officer/Commissioner discretion to waive the period of ineligibility under Bylaw 6, Sec. 2(a) if the change in residence occurs at a point during a credit period (semester/trimester) when the student would incur academic difficulties to transfer schools provided that the student transfers schools at the next available credit period (semester/trimester) break. A student who delays transferring until after that time will not have had a change in residence that "reasonably precipitates" the transfer of schools.

It should be noted the "reasonably precipitates" language also refers to the timing of the transfer as it relates to any documented exception. The rule as written and interpreted, calls for the exception being satisfied (i.e., residence change, divorce, custody action, etc.) to occur first, and thereby result in the need to change schools. The documented exceptions are not published to provide a guide for circumvention of the one-year period of ineligibility, but rather to show that there are instances where changing circumstances necessitate a change in schools.

BYLAW 7. TRANSFER RULE- FOREIGN EXCHANGE STUDENTS

Sec. 1) FOREIGN EXCHANGE STUDENTS (NONDOMESTIC)

Foreign exchange students attending high school in Kentucky shall be considered ineligible for the first calendar year following enrollment. Foreign exchange students who have been ineligible for an entire calendar year after being enrolled in a high school in Kentucky become eligible to represent that school immediately following the conclusion of the one-year period, and remain eligible through graduation if compliant with all other KHSAA Bylaws.

Sec. 2) EXCEPTION FOR PLACEMENT THROUGH APPROVED EXCHANGE PROGRAMS UTILIZING A J-1 EDUCATION VISA

a) Approved Programs

Foreign Exchange Students in possession of a J-1 education Visa attending KHSAA member schools may have the period of ineligibility waived in the event that the student is placed in a KHSAA member school under the auspices of approved student exchange programs. Member student exchange programs (agencies) of the Council on Standards for International

Education Travel (CSIET) who are members in good standing with CSIET shall be considered approved agencies. An individual placed by an agency approved by CSIET may be denied eligibility in the event that it is documented that the agency has failed to assign students to schools by a method that ensures that no student, school or interested party has influenced the assignment for athletic or other purposes.

b) Waiver of Period of Ineligibility

In order to be considered for a waiver, the following conditions shall exist:

- (1) The student shall be in compliance with all U.S. Immigration and Naturalization Service regulations and placed through an approved program as in Sec. 2(a) above;
- (2) The student shall be in the first year as an exchange student in the United States and placed through an approved program as in Sec. 2(a) above;
- (3) The student shall not be a graduate of the 12th or terminating grade or its equivalent in either the U.S. or his or her home country;
- (4) The student shall be in possession of a complete transcript of records that has been translated into English prior to the request for eligibility;
- (5) The student shall be in possession of a J-1 student education visa issued by the U.S. Immigration and Naturalization Service;
- (6) Placement in the KHSAA member school is random, and the student has not been a "direct placement" into a KHSAA member school;
- (7) The student's host family shall not pay any tuition or fee normal to the attendance at the KHSAA member school, all fees shall be paid by the student's family;
- (8) All travel fees shall be paid by the student's family;
- (9) The student's host family from the initial date of entry into the United States through the end of the time period as an exchange student shall not include members of the coaching or athletic staff at the KHSAA member school at which participation is desired and shall not include exchange agency representatives; and
- (10) The student, the principal or designated representative of the member school, and a representative of the placement agency shall sign and attest to certification that the athlete complies with the eligibility rules of the KHSAA and shall not be eligible under any circumstances for more than one year of athletic participation if the first year period of ineligibility is waived.
- (11) Any payments to the host family by the placing agency shall be made solely by the exchange agency, and in compliance with the regulations and requirements of CSIET;
- (12) The facts supporting a waiver pursuant to this rule shall be based on the circumstances existing as of the date of enrollment at the new school.

Sec. 3) EXCEPTION FOR PLACEMENT THROUGH APPROVED EXCHANGE PROGRAMS UTILIZING AN F-1 EDUCATION VISA

a) Approved Programs

Foreign Exchange Students in possession of an F-1 education Visa attending KHSAA member schools may have the period of ineligibility waived in the event that the student is placed in a KHSAA member school under the auspices of approved student exchange programs or a valid F-1 exchange agreement under the auspices of the Department of Homeland Security. Member student exchange programs (agencies) and schools of the Council on Standards for International Education Travel (CSIET) who are members in good standing with CSIET shall be considered approved agencies/schools. Other entities may be approved by the Board of Control, but such approval must be granted prior to the placement of any student in a KHSAA member school. To be otherwise considered for approval by the Board of Control, a foreign exchange program (agency) shall assign students to schools by a method that ensures that no student, school or interested party may influence the assignment for athletic or other purposes and shall formally request approval of the Board of Control through the Commissioner's office.

b) Waiver of Period of Ineligibility

In order to be considered for a waiver, the following conditions shall exist:

- (1) The student shall be in compliance with all U.S. Immigration and Naturalization Service regulations and placed through an approved program or school as in Sec. 3(a) above;
 - (2) The student shall be in the first and only year as an exchange student in the United States and placed through an approved program as in Sec. 2(a) above;
 - (3) The student shall not be a graduate of the 12th or terminating grade or its equivalent in either the U.S. or his or her home country;
 - (4) The student shall be in possession of a complete transcript of records that has been translated into English prior to the request for eligibility;
 - (5) The student shall be in possession of an F-1 student education visa issued by the U.S. Immigration and Naturalization Service and a properly completed I-20;
 - (6) The student shall be required to pay the school district the full unsubsidized, per capita cost of providing the education, as reported to the Kentucky Department of Education. The full, unsubsidized per capita (for each student) cost of education is the cost of providing education to each student in the school district where the public school is located;
 - (7) The full, unsubsidized, per capita cost of education shall be listed under "tuition" on the student's Form I-20. If the Form I-20 does not include the cost of tuition, the student must have a notarized statement, signed by the designated school official (DSO) who signed the Form I-20, stating the full cost of tuition (unsubsidized per capita cost of education) and that the student paid the tuition (unsubsidized per capita cost of education) in full. The unsubsidized cost payment is mandatory and school systems cannot waive the requirement. Federal law does not allow a student in F-1 status to attend public secondary school without paying this cost, which must be paid in all cases. Any payments to the local school district for this unsubsidized cost payment shall be made by the student and may not be made by any individual with any direct or indirect connection to the member school;
 - (8) Placement in the KHSAA member school is random, and the student has not been a "direct placement" into a KHSAA member school;
 - (9) The student's host family shall not pay any tuition or fee normal to the attendance at the KHSAA member school, all fees shall be paid by the student's family;
 - (10) All travel fees shall be paid by the student's family;
 - (11) The student's host family from the initial date of entry into the United States through the end of the time period as an exchange student shall not include members of the coaching or athletic staff at the KHSAA member school at which participation is desired and shall not include exchange agency representatives; and
 - (12) The student, the principal or designated representative of the member school, and a representative of the placement agency shall sign and attest to certification that the athlete complies with the eligibility rules of the KHSAA and shall not be eligible under any circumstances for more than one year of athletic participation if the first year period of ineligibility is waived.
 - (13) The facts supporting a waiver pursuant to this rule shall be based on the circumstances existing as of the date of enrollment at the new school.
- Sec. 4) EXTENSION OF ELIGIBILITY BEYOND ONE YEAR IF WAIVER GRANTED
- Any student having made election to apply for the waiver of the first year of ineligibility and having been granted a waiver of the normal period of ineligibility under Section 1 above shall not be eligible, under any circumstances, for more than one (1) school year while enrolled in grades 9 -12 in Kentucky.
- Sec. 5) SPECIFIC RESTRICTIONS RESULTING IN DENIAL OF WAIVER
- Satisfying of one of the exceptions in this Bylaw shall not be considered valid and a waiver of the period of ineligibility shall not be granted if:
- a) The change in schools is to nullify or circumvent implementation of Board of Education, School Based Decision Making or school imposed policy which would have resulted in the student's ineligibility at the sending school;
 - b) The satisfying of one of the exceptions occurs after the enrollment at the new school;
 - c) The change in schools is motivated in whole or part by a desire to participate in athletics at the new school;
 - d) The satisfying of one of the exceptions is used or manipulated for the purpose of gaining athletic eligibility; or
 - e) The satisfying of one of the exceptions by the student and the parent(s) does not reasonably precipitate a transfer to the new school.
- Sec. 6) ELIGIBILITY OF OTHER FOREIGN STUDENTS
- This Bylaw covers only foreign exchange students entering the United States with a J-1 or F-1 Visa. Regulations relating to all other foreign students are contained in Bylaw 8.
-
- Case 7-1 - Why are there restrictions on foreign exchange students, and why are the restrictions on J-1 and F-1 students different?**
- For each international student who arrives at a US high school and promptly plays at the varsity level, there is a lost participation opportunity for a student who has "paid his or her dues" in the hope of one day gaining playing time.*
- An international student who comes to the United States without the accompaniment of his or her parent(s) is analogous to a domestic student who transfers without being accompanied by his or her parents. The latter student is not typically granted immediate eligibility.*
- "Team shopping" is at odds with the high school model of academic primacy, and is unfair to other students and other schools.*
- F-1 visa programs in particular are ripe for abuse in the transfer process. While a J-1 foreign exchange student in an approved program typically has little say in his or her school of enrollment, a student with an F-1 visa, absent a state association rule, could choose his or her school of enrollment based solely on immediate sports opportunity. The displacement risk to other students would be immediate and irreparable.*
- Rules restricting participation by certain international students promote amateurism, inhibit "power-loading" of select schools, and impede the exploitation of students by coaches and boosters.*
- Such rules discourage recruiting, prevent the over-emphasis of athletics, and maintain the focus of secondary schools on their primary purpose: the academic preparation of students for their adult lives.*
- Case BL-7-2- What are the approved J-1 VISA programs for Foreign Exchange Students?**
- Students holding a J-1 VISA issued by the U.S. Department of State and placed in KHSAA member schools through a CSIET approved agency may be declared eligible by the Association. For more information, contact the CSIET website by going to <http://www.csiet.org/>. An agency may be removed from the listing at any time for noncompliance with the basic rules regarding random placement of students and other Federal provisions. At this time, this list contains the following approved agencies—*

Case BL-7-4- Will the KHSAA recognize the "direct placement" of a student on a J-1 VISA into a Kentucky school by a foreign exchange agency for the purpose of granting athletic eligibility?

No, if a student on a J-1 VISA is "directly placed" into a Kentucky school, that student has not been randomly placed. The determination concerning direct placement is made based on the facts present at the time of the ruling. The intent and spirit of the foreign exchange exception to the ineligibility period is to have students placed into schools on a random basis. This is evidenced by the requirement that agencies shall place students in Kentucky schools on a random basis in order to appear on the CSIET approved agency listing.

For purposes of this bylaw, Direct Placements are those placements in which either the student or the sending organization in the foreign country is party to an arrangement with any other party, including school personnel, that arranges for the student to attend a particular school or live with a particular host family. Direct placements shall also include any situation where any placement agent is acting as the host family.

Case BL-7-5- Will the KHSAA recognize a student on any other VISA than J-1 or F-1 for the purpose of granting athletic eligibility?

No. The student may apply for eligibility under Bylaw 8, but only J-1 and F-1 VISAs are recognized by the rule.

BYLAW 8. TRANSFER RULE- NON-EXCHANGE FOREIGN STUDENTS

Sec. 1) FOREIGN STUDENTS (NONDOMESTIC) NOT COMING THROUGH EXCHANGE PROGRAMS

Foreign students (nondomestic) attending high school in Kentucky shall be considered ineligible for the first calendar year following enrollment. Foreign students who have been ineligible for an entire calendar year after being enrolled in a high school in Kentucky become eligible to represent that school immediately following the conclusion of the one-year period, and remain eligible through graduation if compliant with all other KHSAA Bylaws.

Sec. 2) DISCRETIONARY EXCEPTIONS FOR WAIVER

- a) ENTIRE FAMILY RELOCATION - The period of ineligibility may be waived if the entire family unit is relocating from a foreign country. In this case, the student(s) may be declared eligible by documenting the move of the permanent residence of the entire family of the student and the student's parents into the school district or defined school attendance area prior to the enrollment of the student. The facts supporting a waiver pursuant to this rule shall be based on the circumstances existing as of the date of enrollment at the new school.
- b) REFUGEE/POLITICAL ASYLUM - The period of ineligibility may be waived if the members of a family from a foreign country

are relocating due to a declaration of asylum or seeking refuge due to acknowledged conflict. In this case, student(s) may be declared eligible by documenting the move into the school district or defined school attendance area by virtue of the policies of the United States Department of State prior to the enrollment of the student. The facts supporting a waiver pursuant to this rule shall be based on the circumstances existing as of the date of enrollment at the new school.

Sec. 3) SPECIFIC RESTRICTIONS RESULTING IN DENIAL OF WAIVER
Satisfying of one of the exceptions established in this Bylaw shall not be considered valid and a waiver of the period of ineligibility shall not be granted if:

- a) The change in schools is to nullify or circumvent implementation of Board of Education, School Based Decision Making or school imposed policy which would have resulted in the student's ineligibility at the sending school;
- b) The satisfying of one of the exceptions occurs after the enrollment at the new school;
- c) The change in schools is motivated in whole or part by a desire to participate in athletics at the new school;
- d) The satisfying of one of the exceptions is used or manipulated for the purpose of gaining athletic eligibility; or
- e) The satisfying of one of the exceptions by the student and the parent(s) does not reasonably precipitate a transfer to the new school.

Case 8-1 - Why are there restrictions on the eligibility of foreign students not coming through an exchange program?

For each international student who arrives at a US high school and promptly plays at the varsity level, there is a lost participation opportunity for a student who has "paid his or her dues" in the hope of one day gaining playing time.

An international student who comes to the United States without the accompaniment of his or her parent(s) is analogous to a domestic student who transfers without being accompanied by his or her parents. The latter student is not typically granted immediate eligibility.

"Team shopping" is at odds with the high school model of academic primacy, and is unfair to other students and other schools.

Rules restricting participation by certain international students promote amateurism, inhibit "power-loading" of select schools, and impede the exploitation of students by coaches and boosters.

Such rules discourage recruiting, prevent the over-emphasis of athletics, and maintain the focus of secondary schools on their primary purpose: the academic preparation of students for their adult lives.

Case BL-8-2- Will the KHSAA recognize the "direct placement" of a student into a Kentucky school for the purpose of granting athletic eligibility to a foreign, non-exchange student?

No, if a student is "directly placed" into a Kentucky school, that student has not been randomly placed. The determination concerning direct placement is made based on the facts present at the time of the ruling. The intent and spirit of the foreign exchange exception to the ineligibility period is to have students placed into schools on a random basis. This is congruent with the requirement that agencies shall place students in Kentucky schools on a random basis in order to appear on the CSIET approved agency listing for exchange students.

For purposes of this bylaw, Direct Placements are those placements in which either the student or the sending organization in the foreign country is party to an arrangement with any other party, including school personnel, that arranges for the student to attend a particular school or live with a particular host family. Direct placements shall also include any situation where any placement agent is also acting as the host family.

BYLAW 9. BASKETBALL/FOOTBALL CONTESTANT ON OTHER TEAMS, POSTSEASON AND ALL-STAR GAMES

Sec. 1) RESTRICTIONS FROM FIRST DAY OF SCHOOL THROUGH END OF SEASON

Any student who after enrolling in grade nine (9) has been a contestant in football or basketball at any level (grades 9-12) and has eligibility remaining in that sport may not participate on any nonschool sponsored team or in any all-star game in that sport or any variation of that sport from the first day of school through the last scheduled contest played in that sport (including KHSAA sanctioned postseason) by that school unless it has been sanctioned by the Board of Control.

Sec. 2) RESTRICTIONS FOLLOWING THE END OF SEASON

Following the team's last scheduled game (including postseason), there are no restrictions on play in that specific sport for the student-athletes.

Case BL-9-1- Why are there restrictions on basketball and football participants that prevent them from playing in outside competition during the school year, prior to the end of their competitive seasons?

A restriction on nonschool athletic participation in these sports attempts to protect students who choose to participate on their schools' athletic teams from exploitation by those who seek to capitalize on their skill and/or reputation. In addition, the restriction:

- (1) Avoids inherent risks to participation in nonschool athletic programs that may have inadequate administrative oversight;
- (2) Discourages outside entities from pressuring student-athletes to miss classes while competing on nonschool teams or in nonschool events;
- (3) Equalizes competition by reducing any unfair advantage students who participate in nonschool athletics may have over those who do not participate in outside events, and
- (4) Reduces distractions from academic preparation and other school responsibilities.

A nonschool athletic participation restriction in these sports also provides some control over the trend towards year-round competitive sports seasons. The regulation operates to reduce, or even eliminate, conflicts which may arise due to: time conflicts of practices, games, playoffs, differing coaching philosophies of the school coaching staff and the nonschool coaching staff, and team loyalty.

Case BL-9-2- What specifically is permissible, and not permissible for basketball players to participate in after the first day of school?

The following situations would be expressly prohibited:

- (1) Any play involving more than two (2) people at a time where score is kept, either among the players, on a flip scoreboard, digital scoreboard, or using any other device;
- (2) Any play involving a third party acting in the role of a contest official, whether or not the person is a licensed or approved official;
- (3) Any type of play against other players where the teams are selected either prior to arrival or after arrival, by any other method than simple player selection by the players themselves;
- (4) Any play at any event where school funds are expended for participation fees, travel or any other expense, including fees paid by booster organizations or any member of the coaching staff;
- (5) Any play where future play is predicated by the outcome of other play at or preceding the event; and
- (6) Any play at which players wear school team identifying apparel of any type.

The following situations would be permitted:

- (1) Activity such as individual play or skill development or technique drills where neither score nor time are kept and future play is not predicated by results of other play;
- (2) "Pick-up" type of action initiated solely by players, and with no coaches, event organizers, promoters or event sponsors having any involvement in the activity whatsoever; and

(3) Any individual instructional activity fully funded by the student participant at his/her own expense.

Case BL-9-3- For the purposes of Bylaw 9, when are the seasons for basketball and football?

For the interpretation of this rule, the basketball and football seasons are considered to start on the opening date of school. Student-athletes who have both been enrolled in grade nine, and participated in a contest at the high school level (freshman, JV or varsity) cannot participate in outside competition during this time.

Case BL-9-4- Does Bylaw 9 apply to participants in any sport other than basketball or football?

No. There are no restrictions on the student-athletes in sports other than football and basketball as it relates to outside competition during the season or prior to the season beginning.

Case BL-9-5- Does Bylaw 9 restrict a student who hasn't yet played for the school in basketball from playing in an outside league or in any other organized competitive setting in basketball during the school year prior to the season?

No, not until he/she has been enrolled in grade nine and played for a team in a contest at any level (grades 9-12) within the school. The restriction, which also applies to outside competition in football by football players, does not apply to incoming freshmen or any other student who hasn't yet represented the school.

Case BL-9-6- Are there any exceptions to the participation restrictions in Bylaw 9 in girls' basketball exposure events?

Yes. For the girls, Bylaw 9 does not apply during the NCAA exempt weekend for non scholastic girls' basketball events, which is September 26-28, 2014. There is no application necessary for girls to have that exemption.

Case BL-9-7- Are there any exceptions to the participation restrictions in Bylaw 9 for participation in Olympic Development Activities?

Yes, the Board of Control has authorized the Commissioner to consider, on a case by case basis, waivers to any restrictions contained in Bylaw 9 or Bylaw 23 that would allow participation by an enrolled student or employed coach in officially sanctioned U.S. Olympic Development activities. Such organizations as USA Basketball, USA Track and Field and other similar groups that have officially sanctioned activities can request, through the appropriate member school, that these restrictions be waived and participation allowed.

BYLAW 10. AMATEUR/AWARDS

Sec. 1) GENERAL GUIDELINES FOR AWARDS

- Awards governed herein and received by a student-athlete while representing a member school include awards received by a student-athlete while enrolled during the academic year as a regular student or awards received by a student-athlete while representing the school at any other time. All permissible awards are subject to the limitations in Sec. 3.
- Awards for participation in special events (postseason tournaments) and established regional or national recognition awards (Mr./Miss Basketball, All-State, etc.) may be presented only by the management of the event, awards program, or by a school that has had or will have a team or individual participate in the event or sport, subject to the limitations in Sec. 3.
- An organization, business firm or other outside agency may recognize a student-athlete's outstanding performance in a particular contest or during a particular time by presenting an award, subject to the limitations in Sec. 3.
- Awards presented by a member school conference, or approved agency shall be uniform for all team members receiving the award.
- Cash or any other award that an individual cannot receive under these rules may not be forwarded in the individual's name to a different agency or individual.

Sec. 2) AMATEUR STATUS AND IMPERMISSIBLE AWARDS

A student who represents a member school in an interscholastic

sport shall be an amateur in that sport. An amateur athlete is one who engages in athletic competition solely for the physical, mental, social and pleasure benefits derived from said participation. An athlete forfeits amateur status and athletic eligibility in a sport by:

- Competing for money (cash) or other monetary compensation (allowable travel, meals and lodging expenses may be accepted). This includes any cash award for athletics participation. An individual may not receive a cash equivalent item (i.e., an item that is negotiable for cash or other services, benefits or merchandise) for athletic participation;
- Receiving any award or prize of monetary value not approved within the permissible awards;
- Accepting gift certificates and merchandise items that cannot be properly personalized;
- Capitalizing on athletic fame by receiving money or other gifts of monetary value not specifically approved by Section 2 or 4 of this rule (scholarships to institutions of higher learning are specifically exempted if paid directly to the institution);
- Capitalizing on athletic fame by the use of a specific athlete(s) likeness to promote a specific business or organizational entity unrelated to interscholastic athletics;
- Signing a professional playing contract in that sport; or
- Accepting in excess of a nominal standard fee or salary for instructing, supervising or officiating in an organized youth sports program or recreation, playground, or camp activities. "Organized youth sports program" includes both school and nonschool programs.

Sec. 3) PERMISSIBLE AWARDS

- The total value of any award presented for competition while representing the member high school during the season as defined by Bylaw 23 shall not exceed \$300, except awards presented by the Association or a member school for participation in KHSAA sponsored postseason events.
- The total value of any award received by a student-athlete participating in an event while not representing the school at any time shall conform to the regulations of the recognized amateur athletic organization(s) associated with the event. If no limit exists for the amateur organization, the limit shall be \$300.

Case BL-10-1- What is the limit on the value of an award received by a student-athlete for competition outside of the representation of his/her high school?

These limits vary from sport to sport within the purview of the National Governing Body (NGB) for that sport. For example, golfers should check with the United States Golf Association (USGA), while tennis players should check with the United States Tennis Association (USTA). These limits are revised regularly, and are studied for their impact on the overall program.

Case BL-10-2- Does the association have a recommendation on how school personnel shall handle out of season play inquiries from athletes and coaches who want to enter events which offer cash for prizes?

Yes, in light of recent situations at the high school and college level, we would offer several suggestions for Athletic Directors, Principals and Coaches to pass along to the student-athletes.

- Recommend strongly that these students should not participate in any manner in such events. Even the appearance of possible "cash for play" rewards lends itself to suspicion and allegations of the violation of Bylaw 10 and the PERMANENT loss of amateur status;*
- Remind the students of the provisions of KHSAA Bylaw 10 in that they cannot accept cash, gift certificates or things that cannot be properly personalized and in addition, they cannot have the money or prizes deferred to a later date or given in someone else's name;*
- Be mindful that the event organizer awarding the prize, particularly cash, to the member school in lieu of giving it to the student-athlete is NOT permissible as it allows the school to benefit from the name or image of the student and his/her ability;*
- If they insist on participation, request that event organizers*

denote a list, and post prominently such list, of those students who are competing in the competition, but will not be accepting prizes; and

(5) Make sure the students understand that they may accept specific prizes up to the limit of the National Governing Body (NGB) for that sport, but cannot under any circumstances, accept a gift voucher or simply be given an amount to spend.

Number (5) above appears to be the most frequently violated from the anecdotal evidence available to the Association, as for example, a golfer is told he can go to the pro shop, and spend up to \$50 for finishing third in a tournament. This is not legal and potentially renders the athlete PERMANENTLY ineligible at all amateur levels. If for example, the prize was predetermined that the third place finisher was to receive a golf bag as displayed at the 18th hole, then if that bag is under the NGB limit for golf (assume it had a price of \$80), then it could be accepted. But that same golfer could not be allowed to go spend \$80 in the pro shop. While this may seem like a minute difference, member school representatives should do everything possible to protect the amateur status of our competitors.

Case BL-10-3- Does Bylaw 10 apply to Sport-Activities?

No. At this time, Bylaw 10 and the restrictions on awards do not apply to the Sport-Activities of Archery, Bass Fishing, Bowling and Competitive Cheer.

BYLAW 11. FINANCIAL AID

Sec. 1) DEFINITIONS FOR THIS BYLAW

- a) Tuition— means the amount of necessary fees, costs and other charges to attend a member school as determined by that member school's published scale of charges. The tuition at the member school shall be the same for all students in like situation irrespective of participation in athletics and shall not include room and board expenses.

These nonpublic school zones shall be comprised of the counties contained in the geographic alignment related to the archdiocese of the same name.
- f) Nonpublic School Governing Board— means the entity having oversight over the member school. For purposes of this bylaw, the "governing board" of a nonpublic school shall be determined by the school type. For J1 schools, the "governing board" shall be the archdiocese and geographic references shall be the counties included in the nonpublic school zone of the school. For the R1 and M1 schools, the "governing board" shall be as defined by the governance structure of the institution.
- g) Immediate Family— means the student and the student's father, mother, brother, sister, step-father, step-mother, step-brother, step-sister, husband, wife, aunt, uncle, grandparent.
- h) Financial Aid— means any and all aid given to a student which reduces tuition, including awards, reductions and waivers.
- i) Need-Based Aid— means the amount of financial aid that an independent financial analysis of the student's financial aid application demonstrates that the student needs to pay tuition to attend a member school, provided the analysis is performed by an agency approved by the Board of Control.

j) Merit Aid— means financial aid awards given by the member school based solely on academic/test performance which are available to the entire student body through a competitive application process and that the selection of the recipient(s) is based on published objective criteria which may not include athletic achievement or ability.

k) Merit Aid Test— means the academic assessment or placement test approved by the Board of Control prior to its administration.

l) Merit Aid Test Window— means the range of dates submitted by each member school for the administration of the merit aid test.

m) Financial Records— means the records related to any financial aid analysis of the student including the immediate family's records of the method and sources for all tuition payments.

Sec. 2) IMPERMISSIBLE FINANCIAL AID

A student shall be ineligible to participate in interscholastic athletics if the student:

- a) Receives financial aid beyond the limits defined in Section 1(a) except for merit and need-based aid allowed under this bylaw, and waivers of tuition for nondomestic students meeting all federal laws and regulations who are ruled eligible under Bylaw 7 or Bylaw 8;
- b) Receives merit aid based on an unapproved merit aid test;
- c) Receives merit aid based on a merit aid test not administered on an approved merit aid test date;
- d) Receives merit aid greater than twenty-five percent (25%) of the tuition at the member school;
- e) Receives merit aid from a member school that has already given merit aid to the greater of five (5) percent of its student body or five students;
- f) Receives financial aid that is not available to the entire student body by published objective criteria;
- g) Receives financial aid from a funding source that is not under the custody and control of the member school or its governing board;
- h) Receives any financial aid other than the permitted need-based aid or merit aid detailed above from a member school, any other entity governed by that member school's governing board or any representatives of the member school;
- i) Receives any financial aid that is indirectly or directly related to athletic achievement or ability;
- j) Has any part of the financial obligation to the member school paid directly or indirectly by individuals outside of the student's immediate family; or
- k) Does not agree to complete disclosure of financial records as defined in this bylaw upon request of the KHSAA and its officials, employees and agents.

Sec. 3) FINANCIAL AID RESTRICTIONS AND REPORTING

All member schools shall annually report detailed financial aid information to the KHSAA including:

- a) Tuition schedule or other fees applicable to the student body at the member school;
- b) The merit aid test being utilized by the school and the merit aid test date; and
- c) A detailed listing of the amount of financial aid awarded by the member school including;
 - (1) The need-based aid each student-athlete is eligible to receive based on the report of the approved independent agency;
 - (2) The merit aid given to each student and the qualifying score used to make the determination;
 - (3) The amount of need-based aid awarded to each student; and
 - (4) A specific listing of the sports in which each student participates.

Sec. 4) SPECIAL PROGRAM REVIEW PROCESS

A member school may petition the Board of Control for approval of a specific program existing prior to the adoption of this rule or a program that can be documented to be unrelated to athletics that does not create an advantage to the school and provided that program is available to all students within the school based on objective criteria.

Case BL-11-1— What are the key provisions regarding the awarding of aid to student-athletes and the purpose of Bylaw 11?

Awards given for need-based financial aid for which the student

body is generally eligible and are therefore permissible, shall be determined by a neutral evaluation of the student or family financial record by one of six agencies. The need analysis may not include room and board expenses.

Awards given for achievement per prescribed standardized tests as detailed in Bylaw 11 (merit aid) are limited to 25% of the total tuition for the student each year.

Case BL-11-2– Are member schools required to submit financial aid information to the Association?

Upon request, all KHSAA member schools (public and private) shall annually submit to the KHSAA office a financial aid report with information about awards programs, source of funds, awarding of funds and benefits to athletes.

Case BL-11-3- Which agencies are approved to evaluate the needs of an applicant for need based financial aid?

The only permitted agencies are:

FACTS Grant in Aid Agency (Lincoln, NE);
Financial Aid for Student Tuition (FAST) (Wilmington, DE);
Financial Aid Independent Review (FAIR) (Rosemount, MN);
Independent School Management (ISM) (formerly Family Financial Needs Assessment, Hernando, MS);
Private School Aid Service (PSAS) (Lakewood, OH);
School and Student Service for Financial Aid (SSSFA) (Princeton, NJ); and
Tuition Aid Data Services (TADS) (St. Paul, MN).

In addition, the Board of Control may approve other agencies to process parental or student data for the purpose of financial analysis. The use of any other agency not approved would render the aid invalid with respect to the ability to award the funds and remaining in compliance with Bylaw 11.

Case BL-11-4- Which tests are permitted to be used for the assessment to determine merit aid under Bylaw 11?

The only permitted tests are:

Education Records Bureau (ERB, CTP);
High School Placement Test (HSPT);
Independent School Entrance Exam (ISEE);
Iowa Test of Basic Skills (ITBS, Riverside Publishing);
Pearson Educations Assessment (PEA);
Otis Lennon School Ability Test (OLSTAT);
School and College Ability Test (SCAT);
Stanford Achievement Test, 10th Edition; and
Terra Nova (McGraw Hill).

In addition, the Board of Control may approve other tests to be used for the merit assessment. The use of any other test not approved would render the aid invalid with respect to the ability to award the funds and remain in compliance with Bylaw 11.

Case BL-11-5– Is it permissible for funds from nonschool sources to be incorporated into financial aid awards for student-athletes?

Bylaw 11 does not expressly prohibit the use of funds developed or raised from outside sources from being used for financial aid programs. However, such aid shall always be managed and distributed exclusively by member school personnel solely through the member high school financial aid program and within the limits of Bylaw 11.

Aid given directly to students by outside entities not permitted in the bylaw would render the student-athlete ineligible. This includes any aid in excess of the merit aid limits or need based index calculation as detailed in the Bylaw.

Case BL-11-6- Are there restrictions on which family members can pay the tuition or offer financial assistance to a student within Bylaw 11?

Yes. Immediate family members are allowed to be involved in the payment of tuition and providing assistance, but this is restricted to the student and the student's father, mother, brother, sister, step-father, step-mother, step-brother, step-sister, husband, wife, aunt, uncle, grandparent.

Case BL-11-7- What are the criteria used for a Board of Control to consider a waiver of the limitation on merit aid for specific programs under Bylaw 11, Sec. 4?

A specific merit aid program will be considered through the petition process if the specific program:

Existed with the merit test based awards limitations greater than 25% prior to the adoption of Bylaw 11;

Has been in continuous operation since the adoption of Bylaw 11 (with all participants not being permitted to play interscholastic athletes because of exceeding the 25% limitation);

Is subject to an annual review with the school by the Association to ensure competitive equity; and

Is annually confirmed by the Board of Control.

BYLAW 12. PHYSICAL EXAMINATION, PARENTAL CONSENT AND INSURANCE

Sec. 1) PHYSICAL EXAMINATION AND PARENTAL CONSENT REQUIREMENTS

- The Superintendent or Principal shall have each student who is trying for a place as a participant on a sport or sport-activity team present a physician's certificate signed by a physician, physician's assistant, advanced practice registered nurse, or chiropractor if performed in the scope of practice (as defined in KRS Chapter 312) which shall state that he or she is physically fit to participate without undue risk.
- The parent's consent for the child's participation and acknowledgment of receipt of the eligibility rules as promulgated by the Association and Kentucky Board of Education regulations in writing shall also be required on KHSAA Form GE04.
- The permission shall acknowledge that the student and the parents are aware of the education material available from the KHSAA, Centers for Disease Control, and other agencies regarding the nature and risk of concussion and head injury, including the continuance of play after concussion or head injury.

Sec. 2) REQUIREMENT FOR INSURANCE

- A student, prior to participation or trying for a place on a sports or sport-activity team shall have in place medical insurance with coverage limits up to the deductible of the KHSAA Catastrophic Insurance program and that insurance shall remain in force throughout participation.
- It shall be the responsibility of each member school to ensure and certify that each student has insurance coverage throughout the school year.

Case BL-12-1- Why is there a requirement for a preparticipation physical examination and written permission from the parents and the student-athlete prior to participation?

The NFHS Board of Directors and the KHSAA Board of Control, acting on the longtime counsel of the Kentucky Medical Association, have stated that preparticipation physical evaluations for high school student-athletes are a necessary and desirable precondition to interscholastic athletic practice and competition.

The KHSAA reviews student-athlete evaluation procedures not less than every three years. Such reviews are conducted in consultation with the Kentucky Medical Association and physicians practicing in the fields of pediatrics, orthopedics or cardiology.

The KHSAA, working in consultation with the Kentucky Medical Association, has concluded that a specific preparticipation physical evaluation should be required and the appropriateness of any sport-specific assessment of a student-athlete's musculoskeletal, cardiovascular and body maturation status should be done solely by those authorized by statute.

Case BL-12-2- What is a participant as it relates to the requirements for a physician clearance, parental permission or requirements for insurance as detailed in Bylaw 12?

A participant is a person desiring to be a member of the school team in a sport or sport-activity and to compete in that team's

scrimmages or contests. This applies to all sports and sport-activities.

Case BL-12-3- What provisions are in place for the requirements of Bylaw 12 during those periods outside of the Bylaw 23 Limitation of Seasons for each sport or sport activity?

Decisions as to the requirement for participants in out of season activities are at the discretion of the member school.

Case BL-12-4- What is the minimum medical insurance that each student must have prior to being able to participate?

All students must have medical insurance up to the Catastrophic Insurance deductible of \$25,000 prior to trying out, practicing, or participating for a KHSAA member school during the defined limitation of seasons (Bylaw 23) in any sport or sport-activity.

Case BL-12-5 - How often must an annual physical examination be performed?

KRS 156.070 (2)(d) requires an annual examination by the health care providers listed in that statute and Bylaw 12, Sec. 1(a). Per that statute, the KHSAA nor any other agency may adopt any other provisions contrary to that annual requirement. The examination shall be considered valid for 395 days beyond the date of administration (one year plus thirty (30) days).

BYLAW 13. AGREEMENT REGARDING PROFESSIONAL BASEBALL CONTRACTS

Sec. 1) RESTRICTIONS ON SIGNING A PROFESSIONAL CONTRACT

- A student of a KHSAA member school shall not sign a professional baseball contract until the day following his graduation, or if he has left school, until the day following the graduation of his class; nor shall any representative of professional baseball initiate or participate in any negotiations which would violate the student's high school athletic eligibility; except that a student that has been out of school one year or longer may, with the consent of his or her parents, apply to the Major League Baseball Commissioner for permission to sign a contract and if, in the judgment of the Major League Baseball Commissioner, the circumstances justify it, he shall approve the application and so notify all major league baseball clubs.
- A player may be signed to a professional contract fifteen (15) days subsequent to the day of the Major League Baseball Commissioner's notice.
- Any school whose employee or official encourages or collaborates in negotiations that violate this agreement shall be penalized in accordance with Bylaw 27.

BYLAW 14. OTHER ELIGIBILITY REQUIREMENTS AND REGULATIONS

Sec. 1) GRADUATES AND COLLEGE STUDENTS

Any student who has graduated from a secondary school, or who has ever played on a college team, is thereafter ineligible to play on a high school team.

Sec. 2) PRACTICE OF INELIGIBLE STUDENTS

Unless ineligible due to the provisions of Bylaw 15 (Sportsmanship, having been ejected from a contest), any student who is not eligible for competition during a team's next contest/meet/match/game shall not practice with the team.

Sec. 3) ASSUMED NAME

If a player enters a contest under an assumed name or when not properly certified, he or she shall be permanently ineligible, and his or her school shall be penalized in accordance with the provisions of Bylaw 27.

Case BL-14-1- Is it permissible for a student to play on a school team after he/she has graduated from high school?

Yes, but only to complete the spring sports season including baseball, softball, tennis, and track of the student-athlete's senior year. Any participant is eligible to continue participating in KHSAA sponsored state championship competition even if their spring semester has ended or graduation has been held. Only those students eligible as of the final weekly grade check may compete on any of the teams mentioned.

Case BL-14-2 - If a student is in possession of a GED, does that mean the student has graduated and is ineligible per Bylaw 14, Section 1??

No. A student, who has previously earned a GED but who is under 21 and has not achieved a traditional high school diploma, remains eligible for educational services from a Kentucky public school district and is not summarily eligible for athletics. This interpretation is also supported by the fact that the military is no longer accepting a GED in place of a high school diploma. Lastly, KRS 158.030 requires a school district to provide an education to "every child residing in the district who satisfies the age requirements of this section has had the privilege of attending it. A local school district shall enroll any resident pupil, not holding a high school diploma, under the age of twenty-one (21) years of age who wishes to enroll." For these reasons and congruent with enrollment regulations, the GED does not count as a student having graduated for the purposes of applying Bylaw 14.

Case BL-14-3- Is it permissible for a student who is not eligible to participate in a game to practice with the team?

No. If a participant is ineligible he/she may not try-out, practice, or participate in games or scrimmages until eligible and minimum practice periods (i.e. acclimation and acclimatization days for football) do not begin accumulating until the ruling is complete. In addition, those students may not be issued any competition equipment necessary for the sport or any other items specific to participation in the sport.

Ineligible persons practicing with the team or participating in any manner while representing the school potentially jeopardize the insurance coverage, including catastrophic and liability insurance, of all participants and the liability coverage of the school and school system.

This restriction to only using eligible students also includes the use of males in practice for girls basketball against members of the girls' basketball team and similar situations in other sports and sport-activities. If this occurs, the members of the squad are practicing against students (regardless of the grade level) who are not eligible to be on the roster for the girls team. Using outside members (not eligible) in a situation like this certainly could be viewed as depriving females at the younger or less talented levels of participation opportunities.

The only exception to this policy is the allowable practice of otherwise eligible students who are not eligible for the team's next contest due to the penalty for sportsmanship violations (Bylaw 15).

BYLAW 15. PRACTICE OF SPORTSMANSHIP

Sec. 1) SPORTSMANSHIP OBLIGATION

- It is the clear obligation of principals, coaches, faculty members, boards of education, and all official representatives of member schools to practice the highest principles of sportsmanship and the ethics of competition in all interscholastic relationships with fans, officials, players, coaches, official representatives of member schools, and the general public.
- The Commissioner and the Board of Control shall have the full authority to suspend the coach, student, or any member school whose representatives may be convicted on competent evidence of the violation of this obligation.
- Any violation of this rule in any interscholastic contest shall be immediately reported to the Commissioner's office by the principal(s) of the school(s) involved, and by the game officials who work in the contest.
- The schedule of contest(s) for a player or coach to be suspended shall be set by the schedule at the time of the ejection and contest(s) may not be added or deleted after the suspension to alter the contests during which the penalty is then served.

Sec. 2) ILLEGAL EQUIPMENT/VIDEOTAPING

- It shall also be considered a violation of this rule if any school or school representative(s) uses or allows the use of illegal equipment which gains a competitive advantage in the contest and which is expressly prohibited by the rules adopted for that sport.

- b) This shall also include the on-site recording of past or future opponents in any electronic form without the expressed consent of all involved teams.
- c) A violation of this provision may result in penalization by the Commissioner's office in accordance with the provisions of this bylaw and in accordance with KHSAA Bylaw 27.

Sec. 3) REQUIREMENT FOR REINSTATEMENT

- a) Any student, coach, or official team representative ejected from an interscholastic contest due to a violation of this obligation shall be reinstated by the Commissioner or one of the Assistant Commissioners prior to returning to interscholastic contests.
- b) Any student or coach using insulting language to another player or coach or to any official in any interscholastic contest, or who has been ruled out of a contest because of unsportsmanlike tactics, shall be disqualified from athletic competition until reinstated by the Commissioner or one of the Assistant Commissioners.

Sec. 4) REPORTING REQUIREMENT AND PERMANENT SUSPENSION

- a) The name of the student or coach shall be reported to the Commissioner's office by the principal of the school that student attends.
- b) When an official disqualifies a student or coach, he or she shall report the disqualification to the principal or his or her representative and to the KHSAA office.
- c) If the Commissioner finds upon investigation that the offense was sufficiently serious, the offender shall be permanently disqualified.

Case BL-15-1- What is the obligation of school officials with regard to sportsmanship?

School officials shall practice the highest principles of sportsmanship, and shall make every effort to teach this type of behavior to their players, members of the student body, and fans. Officials shall be protected and scrimmages or contests conducted in an orderly manner. A violation of this rule may be cause for suspension.

Case BL-15-2- Is it permissible for a player ejection by officials in athletic scrimmages or contests to be protested to the Commissioner or the Board of Control?

No. A judgement call by the official, right or wrong, shall prevail. The Commissioner's office will intercede only when ejected players or coaches have been misidentified, when the situation involves an incident or fight where video is available to ensure accurate punishment per the Board of Control video review policy (including additional identification of incident participants), or when an administrative misapplication of a playing rule has resulted in an erroneous ejection. Misapplication could include applying the penalty of ejection to a foul for which the playing rules preclude such a decision.

Case BL-15-3- Is the Association staff permitted to use videotape to review situations related to fights and other incidents to help determine the proper identify of those involved in unsportsmanlike incidents?

Yes. Per published Board of Control policy, such video may be used. Per the NFHS playing rules, the game officials' jurisdiction extends through the lead official's declaration of the end of the contest. The contest officials retain clerical authority over the game through the completion of any reports, including those imposing disqualifications, that are responsive to actions occurring while the game officials had jurisdiction.

Because state associations may intercede in the event of unusual incidents that occur before, during or after the game officials' jurisdiction has ended or in the event that a game is terminated prior to the conclusion of regulation play, the KHSAA has an adopted policy. The KHSAA will use all methods and evidence available to help properly determine the persons involved, and the appropriate course of action.

Case BL-15-4- What is required of contest officials and member schools in the event of an ejection?

The game official(s) shall complete the ejection report via the KHSAA website within twenty-four hours of the ejection. These reports shall be made promptly since the player or coach is disqualified from further competition at that level until

reinstated by a member of the Commission.

An official or school may be fined, suspended or otherwise penalized in accordance with Bylaw 27 for failing to properly and timely report a disqualification or request reinstatement.

Case BL-15-5- What procedure is followed by a member school in the case of an ejection in order to request reinstatement?

The administrators at a member school should receive a report via email regarding the ejection. There will be directions in the email to login to the secure KHSAA online system and request reinstatement.

The member school principal or designated representative of the school with whom the player or coach is affiliated shall complete the required information on the KHSAA website requesting reinstatement.

Case BL-15-6- What is the member school obligation in the case of an unreported disqualification?

KHSAA member school representatives are obligated to impose the minimum suspension penalty for the ejection per these published guidelines, even in those rare cases when an ejection is not reported in a timely manner, including ejections which occur during out of state contests or those during school breaks. School administrators should contact the Association office with any questions.

Whether or not a timely report is received, the obligation of the member school administration is to adhere to the penalty provisions.

Case BL-15-7- If a coach or other nonplayer is ejected from a scrimmage or contest, how long is the suspension and what may occur during the suspension?

- (1) The suspension is considered immediate and indefinite when the ejection occurs.
- (2) The suspension is in effect for any further interscholastic competition on that day. (i.e., the freshmen coach ejected during the first game may not be in the gym for the subsequent varsity game, baseball/softball coach ejected in first game of multiple game tournament may not be at the field during any subsequent games that day).
- (3) The suspended coach or nonplayer may not participate in another contest at any level (JV, Freshman, Varsity, etc.) until being reinstated by a member of the Commission.
- (4) Following review, the Commission may extend the suspension.
- (5) When a coach is ejected from a scrimmage or contest, the coach is to leave the vicinity of the playing area and remove himself/herself completely from the area of the playing facility. In football and soccer for example, this means leaving the field and stadium area; in basketball, this implies leaving the building altogether (not simply relocating to another room); in other sports, completely leaving the venue.
- (6) An ejected coach may not have any further communication with the game officials following the game.
- (7) During the subsequent suspension period of any nonplayer (coach, administrator, etc.) the coach may not be on school property where the contests are being played and may not be at the venue if contests are played at a nonschool site. The nonplayer may not communicate with the team at any point from the beginning of the contest until the end of the contest.
- (8) Following the date of ejection, there shall be a minimum three additional games/meets/contests suspension for any coach or nonplayer ejected from a scrimmage or contest in every sport or sport-activity except football.
- (9) Following the date of ejection, there shall be a minimum two additional games/meets/contests suspension for any coach or nonplayer ejected from a scrimmage or contest in football.
- (10) For all coaches or nonplayers sitting out in an individual sport such as swimming, track or wrestling due to suspension, the penalty shall be for the entire meet schedule, not for a single event.
- (11) If the ejection was during one of the two preseason scrimmages, the penalty shall be served during the first regular season contests.
- (12) If the ejection was for the final game/contest of the season and was a coach or nonplayer, the person ejected shall serve

the required suspension in the next varsity level contest at the member school for the suspended individual.

(13) For the second ejection during a sports season, the suspension shall be a minimum four-game/contest suspension and may be cause for additional penalties that may include suspension for the remainder of the season.

(14) For the third ejection during a sports season, the suspension shall be cause for additional penalties including suspension for the remainder of the season.

Case BL-15-8- If a player (participant) is ejected from a scrimmage or contest, how long is the suspension?

(1) The suspension is considered immediate and indefinite when the ejection occurred.

(2) The suspension is in effect for any further interscholastic competition on that day. (i.e., a freshman ejected during the first game may not be in the gym for the subsequent varsity game, baseball/softball coach participant ejected in first game of multiple game tournament may not be at field during any subsequent games that day).

(3) The ejected participant may not participate in another contest at that level (JV, Freshman, Varsity, etc.) until being reinstated by a member of the Commission.

(4) Following review, the Commission may extend the suspension.

(5) When a participant is ejected from a scrimmage or contest, the participant is to leave the vicinity of the playing area and remove himself/herself completely from the area of the playing facility unless the specific playing rules of the sport call for a different penalty option or the student would be placed in a position of not being supervised. In those cases, the administration of the player's team is responsible for ensuring that the student participates in no other unsportsmanlike activity or the school itself may face additional penalty under Bylaw 27.

(6) An ejected participant may not have any further communication with the game officials following the game.

(7) During the subsequent suspension period, suspended players may attend contest(s), but may not be in the game uniform or other school identifiable clothing and may not participate in any sport-related activity (warm-up activity) prior to or during the game, and will be classified as nonplayer personnel during that contest as it relates to playing rules enforcement. It is a local school determination as to whether or not this student may be in the vicinity of the bench or team area.

(8) Following the day of ejection, there shall be a minimum two additional games/meets/contests suspension for any participant ejected from a contest in all sports and sport-activities except football.

(9) Following the day of ejection, there shall be a minimum one additional contest suspension for any participant ejected from a scrimmage or contest in football.

(10) For participants sitting out in an individual sport such as swimming, track or wrestling due to suspension, this penalty shall be for the entire meet schedule, not for a single event.

(11) If the ejection was during one of the two preseason scrimmages, the penalty shall be served during the first regular season contests.

(12) If this was the final game/contest of the season, the ejection was for a student, and the ejected participant is a senior, the full penalty shall carry forward to the next varsity interscholastic contest(s) in any KHSAA sanctioned sport.

(13) If this was the final game/contest of the season, the ejection was for a participant, and this was in varsity (first team) competition and the ejected student is not a senior, the full penalty shall carry over to the next varsity season in the sport in which the participant was participating when ejected.

(14) If this was the final game/contest of the season, the ejection was for a student, and this was NOT a varsity (first team) contest, the full penalty shall carry forward to the next interscholastic varsity level contest(s) in any KHSAA sanctioned sport.

(15) For the second ejection during a sports season, the suspension shall be a minimum three-game/contest suspension and may be cause for additional penalties that may include suspension for the remainder of the season.

(16) For the third ejection during a sports season, the suspension shall be cause for additional penalties including suspension for the remainder of the season.

Case BL-15-9- Has the Board of Control adopted any procedure in conjunction with the Commissioner's office for individuals or schools with multiple ejections in the same school year?

Yes. On the third ejection in a single sport during three separate contests by representatives of the same school, such school will be required to have an administrative conference with the Supervisor of Officials and the sport contacts for the specific sport. Based on location, the conference may be held at the KHSAA or via phone/video conference. Such will also be accompanied by an additional penalty within Bylaw 27 against the member school, including fines, reprimands or probation.

Following this penalty, any additional ejection in that sport will require a conference and professional development with those individuals at the KHSAA office and additional penalty.

On the fifth ejection in all sports during five separate contests during the school year by representatives of the same school, such school will be required to have an administrative conference with the Supervisor of Officials and the sport contacts for the specific sport. Based on location, the conference may be held at the KHSAA or via phone/video conference. Such will also be accompanied by an additional penalty within Bylaw 27 against the member school, including fines, reprimands or probation.

Following this penalty, any additional ejection in that sport will require a conference and professional development with those individuals at the KHSAA office and additional penalty.

Case BL-15-10- Does an ejection in a scrimmage have the same penalty as a contest?

Yes. The two allowable scrimmages are not an "open opportunity" for unsportsmanlike conduct. Persons ejected from any scrimmage are penalized in the first regular season varsity contests and are not penalized in subsequent scrimmages.

Case BL-15-11- Is it a violation for a coach to remove his team from the floor or field if he believes that such removal is for the safety of his players or for an official to end a game prior to the end of regulation time?

Yes. Removal of a team from the floor or field without the permission of the official(s) is a violation of Bylaw 15, Practice of Sportsmanship. A school or school representative violating this rule may be suspended or otherwise penalized.

If the game is called because of unsporting acts by any player, coach, team representative or other direct representative of a member school, it will be considered a violation of this bylaw. Such shall be reported by the contest official to the KHSAA and reported by the effected schools within 24 hours of the incident.

Officials will be penalized by the Association for terminating a contest before the normal end of regulation play without trying to secure the assistance of game management or security to rectify the problem. Such penalty will be governed by the Officials Division Licensing policies.

Case BL-15-12- Is it a violation for school personnel to criticize game officials through the media or vice-versa?

Yes. Many times criticisms are offered with regard to officiating. Done properly, criticism through the proper channels can be used constructively. However, public media comments that criticize officials by name or by specific position are damaging to the recruitment and retention of officials. Individual incidents of this type will be investigated by the KHSAA and the school or individuals may be penalized in accordance with Bylaw 27. Coaches and officials will be held to the restrictions and policies concerning the use of social media, which shall be considered media for the purpose of applying these restrictions.

Case BL-15-13- What is the Association's position with regards to racial and ethnic slurs and profanity by participants?

The KHSAA recognizes the cultural diversity of its participants,

coaches, officials and spectators. The Board of Control encourages each of its member schools to educate its participants and all parties involved in the sports program as to the need for a united approach to solving problems. Prejudice on the basis of sex, race, creed or ethnic origin cannot be tolerated.

In addition, it is a renewed point of emphasis for all contest officials to enforce sportsmanship rules related to the use of profanity by coaches and participants. Such conduct and language should not be allowed, and should be appropriately punished within the playing rules.

Case BL-15-14- Are there any state laws or regulations applicable to officials and unsportsmanlike conduct against officials, including assault?

Yes. Action taken during the 1998 session of the Kentucky General Assembly (HB 90) enacted KRS 518.090 that now specifically lists the assault of a sports official as a crime. Officials, right or wrong in their judgment and application of the rules, shall be protected and allowed to perform their duties.

A person is guilty of assault of a sports official when he intentionally causes physical injury to a sports official: (a) Who was performing sports official duties at the time the physical injury was perpetrated; or (b) If the physical injury occurs while the sports official is arriving at or departing from the athletic facility at which the athletic event occurred.

For the purposes of this section, "sports official" means an individual who serves as a referee, umpire, linesman, or in a similar capacity that may be known by another title, and who is duly registered as or is a member of a national, state, regional, or local organization engaged, in part, in providing education and training to sports officials.

A person who is guilty of assault of a sports official shall, for a first offense, be guilty of a Class A misdemeanor, unless the defendant assembles with five (5) or more persons for the purpose of assaulting a sports official, in which case it is a Class D felony.

A person who is guilty of assault of a sports official shall, for a second or subsequent offense, be guilty of a Class D felony.

BYLAW 16. RECRUITMENT/UNDUE INFLUENCE

Sec. 1) PROVISIONS ON RECRUITING/UNDUE INFLUENCE

- a) A pupil (domestic or foreign) at any grade level shall not be recruited to a member school of the KHSAA for the purpose of participating in athletics. Recruiting is defined as an act, on behalf of, or for the benefit of, a school, including impermissible contact, which attempts to influence a student to transfer to a member school for the purpose of participating in athletics, including the offer of improper benefits not available to all members of the student body.
- b) It shall also be defined as recruiting to provide improper benefits not available to all members of the student body to an already enrolled student to influence that student to remain at a member school including recruitment under the guise of academics.
- c) An athletic coach or any other member of the school staff shall not influence a student even if the student, his or her parents or any intermediary from another school makes the initial contact. In this situation, a coach or staff member (paid or unpaid) should immediately refer the person(s) to the school principal.
- d) Influencing a student shall include the promise or instilling the expectation of an athletic advantage, playing time, employment of the student or the student's parents or relatives, housing for the student or the student's parents, scholarships or financial aid for which other members of the student body are not generally eligible, providing other improper benefits, making improper contacts or any other material or athletic reward for which other members of the student body are not generally eligible.
- e) A school official utilizing an intermediary including a peer, another school employee, a student, a parent or a citizen, for the purpose of recruiting a student-athlete shall be in noncompliance.

Sec. 2) PENALTY

- a) Any representative of a member school knowingly allowing

the recruitment of a student for the purpose of participating in athletics or who should have known of this recruitment shall be guilty of willful neglect of duty, misconduct, or breach of contract.

- b) This shall apply not only to coaches, but also to personnel supervising coaches, including an athletic director, an assistant principal, a principal, an assistant superintendent, a superintendent or a school board member.
- c) This requirement shall also apply to students or their parents.

Case BL-16-1- Why does Bylaw 16 (Recruitment) exist?

The major reason for Bylaw 16 and its interpretations is to attempt to maintain as level a playing field as possible. The major enforcement theme is not only "initial contact", but rather is "exceeding what is normal and appropriate."

Initial contact as it applies to student-athletes can be a violation, but is only one of many things that can exceed what is normal and appropriate. One of the primary keys is not treating "athletes" or "prospective student-athletes" differently than students who are not athletes. Students are not to be singled out based on their potential athletic ability.

High school athletics is not the same as colleges recruiting high school athletes for college athletics. High school athletics exist for an entirely different reason. High school coaches should not view high school students in the same manner as college coaches view high school seniors. All administrators and coaches shall realize that they have more responsibilities than the general public to understand the purpose of high school athletics, the principles behind KHSAA rules etc., and to maintain a level of understanding and purpose when dealing with the general public and students.

Case BL-16-2- Who are considered school representatives or those with a direct connection to a member school?

School representatives or those with a "direct connection" include, but are not limited to: coaches or others connected with the high school or high school team to include booster club parents and members, alumni, school board members and officers, parents of high school players, booster club representatives and students.

Case BL-16-3- What is a feeder school as used when reviewing permissible contact?

For a school to be considered a "feeder" school, it must be under the same local board of education as the member school, and enroll students below grade nine. A student enrolled at a nonfeeder school shall not be enrolled at a feeder school irrespective of past enrollment patterns of that nonfeeder school. Applying to a school does not waive this definition as there is a clear line between applying and actually being enrolled. School and school districts may choose to define a more restrictive feeder pattern for its middle schools to high schools which if violated, constitute the student not being "connected".

Case BL-16-4- When is a student enrolled at a KHSAA member school for the purposes of Bylaw 16?

A student is enrolled at a KHSAA member school when that student sits for class in the new school.

In addition, a student may be considered enrolled at a KHSAA member school when the student registers at the new school, is on the student enrollment listing of a member school, and not on the listing of another school.

In the case of enrollment during periods when classes are not being held (i.e. summer), the student may be considered to be enrolled at the new school when formal application has been made and accepted as verified by the new Principal and the student is officially withdrawn and off the enrollment listing of the former school.

Case BL-16-5- What are permissible contacts by coaches, athletic directors and other individuals with a connection (direct or indirect) to the athletic program or school?

Permissible contacts include:

- (1) Public high school representatives contacting students at feeder public schools (elementary, middle school, junior high

school) where there is a defined feeder pattern;

- (2) Nonpublic school representatives contacting students at feeder nonpublic schools (elementary, middle school/junior high school) where there is a defined feeder pattern;
- (3) A representative of the school initiating a meeting with students at a school that is defined as a feeder school or meet with students who are zoned to attend that school the following year provided such is approved by the Principal of the school at which the student is currently enrolled. This visit shall be cleared by principals of both schools and shall not be specific to athletic opportunities;
- (4) Any student or family or individual that contacts a coach about attending a school where he or she coaches who is then informed that they are being referred to the principal, admissions department or guidance department; and
- (5) Any meeting with coaches regarding athletes or prospective athletes or their families which is at the request of the family to the individual(s) responsible for admissions and takes place at the school in the presence of the Principal or Designated Representative.

Case BL-16-6- What is impermissible contact and what are some examples by coaches, athletic directors and other individuals with a connection (direct or indirect) to the athletic program or school whether or not the prospective student has an athletic participation record?

A person or persons exceeding what is appropriate or normal or offering any incentive or inducement to a student or the student's family with or without that student having an athletic participation record shall be considered to have had impermissible contact and be in violation of this bylaw.

Impermissible contact includes but is not limited to any contact between a non-enrolled parent or student and a member school coach or other athletic representative without an immediate referral to the appropriate school personnel (Principal, Guidance Counselor, Admissions Personnel or other non-athletically related school administration).

The fact that an unenrolled student or that student's family has shown an initial interest in attending a school or playing for a team (such as signing up for mentoring, shadowing, testing or a facility tour) does not allow any member of the coaching staff or anyone else affiliated with that athletic program to be involved with that student until the student is fully enrolled at the school.

Specific examples of impermissible contact with students not enrolled at a feeder school and not enrolled in the member school include:

- (1) Contact or communication concerning potential enrollment or athletic participation at the school, other than the initial referral to school administration if approached by the family or the student;
- (2) Contact with any student not enrolled in the schools' defined feeder pattern concerning potential enrollment at the school which is initiated by a coach or any others with a connection to the athletic program;
- (3) Contact with any student not enrolled in the schools' defined feeder pattern by individuals (including the parent of a current player) who might be interested in the school's athletic program that attempts to influence a student or his/her parents;
- (4) Coaching, managing and/or otherwise directing sports-specific athletic activities in which the non-enrolled student is a participant outside of the scope and allowable contact periods contained in Bylaw 23;
- (5) The use of school facilities, uniforms, transportation or equipment including other "school team opportunities", such as tournaments and leagues by students not enrolled in the school's defined feeder pattern;
- (6) High school exhibit and/or promotion space or materials specific to the schools' athletic program or a specific athletic team;
- (7) School representatives attending grade school, junior high or middle school games for the purpose of evaluating specific student-athletes, for the purpose of promoting the member

school's athletic program, or at a time when not permitted by Bylaw 23;

- (8) Contact prior to, during, or after scrimmages or contests at elementary schools, middle and junior high schools except where there is the same defined feeder pattern involving the schools;
- (9) Requesting students, parents, boosters or alumni from a school to discuss the merits of a school's athletic program with a prospective student-athlete or member of his/her family;
- (10) Providing transportation or other inducement to take a qualifying examination at a school or to meet with school officials, etc.;
- (11) Entering into discussions or offers of financial aid whether or not that aid is available to the general student body;
- (12) Contacting any prospective student-athlete (at any grade level above, in or below grade 9) or his/her parents/family by phone, email, text, social media, fax, in person, by letter or by other means;
- (13) Making athletic facilities (including weight rooms and other training facilities) available during the school year;
- (14) Nonpublic school representatives contacting students enrolled at the public schools (or his/her family) without permission of the public school principal. Permission for such contact in any case, shall come from the feeder school principal and shall be approved by the KHSAA member school principal; and
- (15) Public schools representatives contacting students enrolled at nonpublic schools (or his/her family) without permission of the private school principal. Permission for such contact in any case, shall come from the feeder school principal and shall be approved by the KHSAA member school principal.

NOTE: It is not considered a violation for a coach or other school representative to have normal community contact with a student who attends a junior high or middle school of the same system that is a feeder to the high school at which the coach is employed to coach.

Case BL-16-7- What are some examples of improper benefits that may not be provided to enrolled student-athletes or non-enrolled prospective student-athletes (or family members) by coaches, athletic directors and other individuals with a connection (direct or indirect) to the athletic program including the booster organization?

No special benefit may be given to student-athlete or prospective student-athletes (below grade 9, or grades 9-12) including:

- (1) Money or any item of tangible benefit or other valuable consideration such as free or reduced tuition, room, board, textbooks, or clothing during the regular school year or summer school;
- (2) Offer or acceptance of any benefit (financial or otherwise), or privilege not afforded to non-athletes;
- (3) Offer or acceptance of employment opportunity (including summer or nonschool period work), or pay for work that is not performed or that is in excess of the amount regularly paid for such service;
- (4) Offer or acceptance of free transportation;
- (5) Offer or acceptance of a residence or housing provisions, free or reduced rent, moving expenses, or assistance in locating housing;
- (6) Offer or acceptance of help in securing a college athletic scholarship;
- (7) The host family or other community representative paying for the housing of a nondomestic student except for the host family's primary domicile or paying any required fees for the transportation, registration or placement of a nondomestic student;
- (8) Underwriting travel fees or providing transportation to a non-enrolled student to a school function;
- (9) Special gifts including apparel representative of the school or school's athletic interests;

BYLAW 17. CERTIFICATION OF ELIGIBILITY

Sec. 1) VERIFICATION OF ELIGIBILITY

- a) The principal or Designated Representative of the school shall be responsible for certifying the eligibility of all contestants.
- b) Before certifying the eligibility of a player, a principal or Designated Representative shall verify the player's age and all other requirements contained in these Bylaws.
- c) The statement of facts concerning a player on the eligibility list of his or her first year of competition shall be considered authoritative and may not be changed in later eligibility lists for that year or in later years except to carry out the purposes of the Bylaws in providing a cumulative record, or, when authorized by the Commissioner to correct an error.
- d) Prior to the certification of the eligibility of a student, the principal or Designated Representative shall have on file the physician's certificate, the parental consent, and the parental acknowledgment required by Bylaw 12.

Sec. 2) DUTY OF A NEW PRINCIPAL OR DESIGNATED REPRESENTATIVE A new principal or Designated Representative before certifying to the eligibility of his or her players, if there is reason to question any of the information, shall secure from the Commissioner's office, a copy of the original certification for that player.

Sec. 3) ANNUAL PARTICIPATION LIST

- a) Each principal or Designated Representative of a member school shall submit to the Commissioner at the end of the school year (not later than May 30) a list of the names of all students who participated in any first team contest in any sport during the season.
- b) This participation list shall be submitted on a form supplied by the Association, and shall be completed in its entirety for each student.

Sec. 4) CERTIFICATION OF INELIGIBLE PLAYER

If any school plays an ineligible player when the facts were available and could have been known to a principal or Designated Representative, that school shall be penalized in accordance with the provisions of Bylaw 27.

Case BL-17-1- How does the principal certify eligibility and entries?

A roster of players and coaches is to be entered on the KHSAA website. No student-athlete is eligible to participate in a contest at any level unless currently included in the online eligibility system.

Within the rules of the particular sport (detailed in the Competition rules), additions and deletions may be made throughout the regular season. Each sport has specific deadlines which shall be followed for postseason roster entries, including specific event entries in some sports. The Principal or Designated Representative should be familiar with the restrictions for each sport.

The standard game contracts (KHSAA Form GE14) allow the member schools to request the exchange of eligibility lists/rosters as a condition of the contract. This is not a state requirement for all contests and should be delineated in the contract. Exchange of eligibility lists is done using the online roster system reports.

Each Principal shall also develop a mechanism to check eligibility under KHSAA Bylaw 5.

At the close of each academic year, each member school shall compile an Annual Participation List which shall be compiled from the online roster system and shall list all of the individuals who competed at any level in practice, scrimmages or contests for the school at the freshmen, junior varsity or varsity during that school year. The list shall specifically designate those players who have engaged in a varsity contest during the year for the purpose of verifying transfer restrictions if necessary.

Case BL-17-2- If a principal unknowingly plays an ineligible player, shall the school be penalized?

Each case is reviewed on its own merits whenever a student is found to have played while ineligible. Pursuant to Bylaw 17,

Sec. 4, a student who enters a scrimmage or contest and is not eligible, when the facts were present to prevent such an error, the school shall be penalized in accordance with Bylaw 27.

BYLAW 18. SUPPLYING INFORMATION AND REPORTS

Sec. 1) SUBMISSION OF REQUESTED INFORMATION

- a) A superintendent, principal, student, or Designated Representative shall, when requested, supply the Commissioner with any information related to the athletic program at a member school.
- b) A failure to comply within a reasonable time may forfeit the school's membership in the Association, or the school may be penalized in accordance with approved Association penalty codes.

Sec. 2) ANNUAL CERTIFICATION

- a) Each member school shall annually certify that it will comply with any and all of the rulings of the Commissioner, Assistant Commissioners, Hearing Officer and Board of Control as they relate to the athletic program at a member school.
- b) This compliance shall include student eligibility matters, Board policy directives related to health and safety of student-athletes, and other programs as may be instituted by the convened Board of Control.

Sec. 3) REQUIRED REPORTS

- a) Each principal or Designated Representative shall file with the Commissioner, during, or at the end of each school year, all participation lists and all other reports required by the Association.
- b) A membership certificate shall not be issued to any school until the provisions of this bylaw have been fulfilled.

Case BL-18-1- Are schools required to compile reports regarding the Financial Aid, Heat Index, Title IX and the Title IX reporting requirements, or other sports specific reports?

Yes. In accordance with Bylaw 18, these reports are required to be compiled. The Commissioner's office will direct the membership as to which reports are to be submitted to the office by prescribed deadlines and which reports are to be maintained on file at the member school. Other reports may be added as requirements and requested by the Board of Control with notice to the membership.

Case BL-18-2- Are students or their parents compelled to file written responses or answer eligibility inquiries?

Yes. In accordance with Bylaw 18, these reports are required to be submitted when requested as necessary to verify the eligibility of a student.

BYLAW 19. COMPARABLE OPPORTUNITIES

Sec. 1) REQUIREMENT FOR MEMBER SCHOOLS TO SPONSOR

- a) If a member school sponsors or intends to sponsor an athletic activity that is similar to a sport for which NCAA members offer an athletic scholarship, the school shall sponsor the athletic activity or sport for which the scholarships are offered.
- b) The athletic activities that are similar to sports for which NCAA members offer scholarships are: Girls' fastpitch softball as compared to slow pitch.

Sec. 2) REQUIREMENTS TO DEMONSTRATE ATTEMPTS TO SPONSOR:

- a) To qualify as having "sponsored" a sport, a school shall be able to demonstrate the following:
 - (1) If similar versions of a particular sport exist and there are differences in the scholarship opportunities at the NCAA level in that sport, a survey shall be taken of the student population at reasonable times and places to determine the level of interest in the sport(s); and
 - (2) If that survey reveals sufficient interest to field the normal squad required for play in the particular sport, and if any version of the sport is to be played, the school shall make facilities, staff and other allowances to properly field a team in the version of the sport for which the NCAA members offer scholarships.

Case BL-19-1- Are schools required to sponsor fastpitch softball if that school offers softball?

The provisions of HB490 which amended KRS 156.070 and have been incorporated into KHSAA Bylaw 19, require that if a school offers a sport comparable to one for which NCAA schools offer scholarships, it shall offer the version of the sport in which scholarships are offered.

Case BL-19-2- Are schools required to have a girls' basketball team if that school fields a boys' team?

Yes, KRS 157.350 makes no reference to "sponsoring" and states under subsection (5) KRS 157.350 (5) Any secondary school which maintains a basketball team for boys for other than intramural purposes, shall maintain the same program for girls. Though this statute in particular addresses those schools accepting SEEK funding, all members of the KHSAA, irrespective of the state funding issue, are compelled to comply with this requirement.

BYLAW 20. OFFICIALS DIVISION OF THE ASSOCIATION

Sec. 1) OFFICIALS WHO LICENSE:

- Any person who officiates in baseball, basketball, field hockey, football, soccer, softball (slow and fast pitch), swimming, volleyball and wrestling in grades 9 through 12 between member schools of the Association shall be licensed by the Commissioner and shall carry an official card indicating that licensing.
- All officials in baseball, basketball, football, soccer and softball shall be required to join a local officials association as described in the KHSAA Officials' Guidebook.

Sec. 2) REQUIREMENT TO USE LICENSED OFFICIALS

- Only officials licensed with the Officials Division of the Association shall be assigned or employed to officiate in baseball, basketball, field hockey, football, soccer, softball, volleyball or wrestling in all competition involving grades nine (9) through twelve (12).
- The Commissioner may approve exceptions to this policy in writing.

Sec. 3) OFFICIAL SCRATCHES

- A member school shall have the privilege of scratching a limited number of officials (scratches) that it does not desire to have as contractors on the athletic contests of that school.
- The amount of scratches per school/coach is determined by the Regional Policy Board and in accordance with policies adopted by the Board of Control.
- Scratches properly submitted in a timely fashion shall be honored by the Assigning Secretary and the officials shall not be assigned to a home, away or neutral site contest in the sport during that season.

Sec. 4) RULES CLINICS

Each official licensed with the KHSAA shall annually attend at least one rules interpretation clinic (in person or online) conducted by representatives of the KHSAA in the sport in which he or she is licensed.

Sec. 5) CANCELLATION OF OFFICIATING LICENSE

The KHSAA may cancel or refuse the license renewal of any official in any sport for cause as detailed in the KHSAA Officials Guidebook.

Sec. 6) ACCEPTANCE OF OFFICIATING ASSIGNMENTS

- An official shall accept assignments in the amount of time and in the manner prescribed by the local officials association to which he or she belongs.
- The penalty for an official's failure to work an assigned game, unless provisionally prevented from doing so, may be cause for up to a one-year suspension in that sport.

Sec. 7) VIOLATION OF ASSIGNING CONTRACTS

The Board of Control shall protect both the officials and the schools against violations pertaining to assignments.

Sec. 8) LOCAL POLICY BOARDS/COMMITTEES

The Commissioner may establish as many bureaus as deemed necessary in each sport in order to assign officials to games in accordance with the Federal Court Decree of 1971 and policies adopted by the Board of Control.

Sec. 9) GOVERNANCE

The Officials Guidebook, published annually by the Association, shall govern all officials licensed with the KHSAA.

Sec. 10) COACHES/OTHERS CONNECTED NOT TO OFFICIATE

Coaches or persons connected with the competing schools shall not officiate at contests, unless the written consent of all competing schools is given.

Case BL-20-1- Are there rules, statutes or documents that govern licensed KHSAA officials, assigning secretaries and the KHSAA Officials Division?

Yes. The Officials Division exists because of the 1971 Federal Consent Decree that resulted from a matter initially litigated regarding Officials' Assignments. This decree is found in the KHSAA Policies and Procedures section of the Handbook. In addition, each year the Board of Control annually approves the Officials Guidebook, a comprehensive set of regulations and standards which govern the Officials Division. These provisions also require compliance with criminal records checks and other information as may be requested by the Association.

Case BL-20-2- Is it permissible for administrators or other school personnel to officiate in contests involving their team?

No. In the team sports of baseball, basketball, field hockey, football, soccer, softball and volleyball, coaches (paid or unpaid) are prohibited from officiating in contests involving their schools, as are principals, superintendents, assigning secretaries and other parties directly affiliated with the competing schools unless approval from all teams is received in writing. For the interpretation of these rules, a contest is defined as a regular season contest, game, tournament, or any postseason game or tournament in which his or her school is participating.

For the purpose of the individual sports of cross country, golf, swimming, tennis, track and wrestling, the use of such persons as officials is almost a requirement for a successful meet and to have enough staff to administer all meet functions. Event managers are strongly encouraged to monitor the placement of coaches within events where they might have authority over one of their own athletes, and to make adjustments to the schedule of events or to the assignment of officials in order to prevent conflicts of interest. If a school is notified in advance that a coach will be involved in officiating and chooses to come to that contest, they are considered to have agreed to the use of the coach as an official.

Case BL-20-3- Is a school obligated to use licensed baseball, basketball, field hockey, football, soccer, softball, volleyball and wrestling officials?

The use of licensed officials is a requirement in these sports, the penalty for violation being possible suspension of the school, school representatives or the official. If there is any question about an official being licensed, he/she should be asked to show his/her license.

Individuals officiating a high school contest, while not properly licensed with the KHSAA, may be fined as well as the member school being penalized in accordance with Bylaw 27.

Member schools should refer to the KHSAA website for updated officials listings.

The Commissioner's office may also impose a fine on any assigning secretary who assigns an unlicensed official to a contest.

Case BL-20-4- Are licensed officials required to be used for scrimmage contests in baseball, basketball, field hockey, football, soccer, softball, swimming, track and field, volleyball or wrestling?

No. However, if anyone other than the participating coaches act in the role of officials at a scrimmage, they must be licensed with the KHSAA. Coaches of the participating schools acting in the role of an official and supervising the play by the student-athletes are not required to be licensed.

BYLAW 21. PROTESTS

Protests against the judgement decisions of contest officials made

during the course of game or meet shall not be considered.

Case BL-21-1- Is it permissible for decisions of officials in athletic scrimmages or contests, including ejections, to be protested to the Commissioner or the Board of Control?

No. The decision of the official, right or wrong, shall prevail. The Commissioner's office will intercede only when ejected players or coaches have been misidentified, when the situation involves an incident or fight where video is available to ensure accurate punishment per the Board of Control video review policy (including additional identification of incident participants), or when an administrative misapplication of a playing rule has resulted in an erroneous ejection. Misapplication could include applying the penalty of ejection to a foul for which the playing rules preclude such a decision.

Case BL-21-2- Is the Association staff permitted to use videotape to review situations related to fights and other incidents to help determine the proper identity of those involved in unsporting incidents?

Yes. Per published Board of Control policy, such video may be used. Per the NFHS playing rules, the game officials' jurisdiction extends through the lead official's declaration of the end of the contest. The contest officials retain clerical authority over the game through the completion of any reports, including those imposing disqualifications, that are responsive to actions occurring while the game officials had jurisdiction.

Because state associations may intercede in the event of unusual incidents that occur before, during or after the game officials' jurisdiction has ended, or in the event that a game is terminated prior to the conclusion of regulation play, the KHSAA has an adopted policy. The KHSAA will use all methods and evidence available to help properly determine the persons involved, and the appropriate course of action.

BYLAW 22. CONTESTS, SANCTIONS, RULES, FORFEITURES, FACULTY TO ACCOMPANY

Sec. 1) CONTESTS AGAINST IN-STATE OPPONENTS

- a) KHSAA member schools may only compete in contests in KHSAA-sanctioned sports against schools located in Kentucky that are current members of the KHSAA.
- b) Any KHSAA member school that engages in an athletic contest in a KHSAA-sanctioned sport with a school located in Kentucky that is not a member of the Association shall be subject to all penalties contained in Bylaw 27.
- c) All contests within Kentucky played by KHSAA member schools in a KHSAA sanctioned sport shall be governed by the rules and regulations established by the Board of Control. Approval for any exemptions shall come through the Commissioner.

Sec. 2) WITH SCHOOLS IN OTHER STATES

- a) All opponents of KHSAA schools in all contests in baseball, basketball, football, soccer, softball and volleyball shall be current members of the NFHS voting state association of that state or shall be opponents who are not eligible to be members of that home state association that is a voting member of the NFHS but are permitted to play the member schools in that state.
- b) Member schools of the KHSAA shall adhere to all restrictions contained in the National Federation of State High School Associations' sanctioning policy when playing any contest or scrimmage against an out of state opponent in a KHSAA-sanctioned sport.
- c) All contests within Kentucky in a KHSAA-sanctioned sport against schools from out of state that are played by KHSAA member schools shall be governed by the rules and regulations established by the Board of Control. Approval for any exemptions shall come through the Commissioner.

Sec. 3) CONTRACTS

- a) Official written contracts supplied by the office of the Commissioner (or approved electronic substitutes), shall be used for all contests between members of the Association, and the contract shall include statements to the effect that contracting parties are members of the Association.
- b) The Association shall not undertake to enforce oral contracts or

oral agreements to changes in written contracts, or contracts that do not use the official written contract form.

- c) The recipient of a contract for an athletic contest between two member schools of the KHSAA shall return the contract, either signed or unsigned, to the sender within thirty (30) days after having received it. The contract shall become void if not returned within this time period.
- d) All contracts between member schools shall contain a specific date for each contest covered in the contract. A contract in which the words "corresponding date" appears, rather than a specific date, shall not be enforced.
- e) The superintendent, principal or Designated Representative shall countersign all contracts to engage in interscholastic contests. Contracts signed by any other individual will not be enforced by the KHSAA.
- f) Provisions may be made for a forfeit fee to be paid by the school that fails to follow the terms of a contract. The Commissioner shall suspend from the Association a school that fails to pay during the same season a stipulated forfeit fee, and the suspension shall remain in effect until the Board of Control removes it.
- g) If a written contract using the official contract form is canceled by reason of suspension of the school, the Board of Control shall determine the financial liability involving the suspended school.

Sec. 4) RULES GOVERNING CONTESTS

- a) National Federation of State High School Association Rules shall govern all contests involving member schools if an official set of rules is issued for that sport.
- b) Unless modified through the competition rules adopted by the Board of Control, contests in tennis shall be governed by the rules of the United States Tennis Association (USTA) and contests in golf shall be governed by the rules of the United States Golf Association.
- c) The Board of Control shall adopt competition rules for all sport-activities in which the KHSAA conducts a championship.

Sec. 5) WAIVING OF RULES

School officials of member schools shall not by mutual agreement waive or modify any of the rules of the Association (including playing rules) for any contest sanctioned by the Association.

Sec. 6) FAILURE TO PLAY A SCHEDULED CONTEST

If a school fails to carry out its contract to play a regularly scheduled contest, the contest shall be forfeited to the offended school.

Sec. 7) REQUIREMENT TO ACCOMPANY TEAM TO CONTESTS

The principal, coach or another individual approved by the local Board of Education shall accompany the team to all contests. His or her expenses, when he or she accompanies the contestants, shall be paid in the same manner as those of the contestants. Individuals fulfilling this requirement shall adhere to the requirements of KRS 161.185.

Case BL-22-1 - What is a contest as referenced in Bylaw 22?

A contest is one of the allowable regular season games/meets/tournaments/matches detailed in KHSAA Bylaw 23. For the purposes of Bylaw 22, such definition also includes pre-season scrimmages, jamborees, exhibitions, etc.

Case BL-22-2 - What is a school as defined in the KHSAA Constitution?

A school is an entity which is recognized by the Kentucky Department of Education (or corresponding Department of Education in another state or country) as an institution whose primary purpose is the education of high school aged students.

Case BL-22-3 - What is a KHSAA sanctioned sport as used in Bylaw 22?

The sanctioned sports of the KHSAA are those sports approved by the Board of Control as a sports championship. At press time, those include: Baseball, Basketball, Cross Country, Field Hockey, Football, Golf, Soccer, Softball, Swimming, Tennis, Track and Field, Volleyball and Wrestling. Sport-activities are not the same as sports when applying this Bylaw. The sport-activities currently sanctioned by the Board of Control for championship play are Archery, Bass Fishing, Bowling and Competitive Cheer. For the 2014-15 year, the KHSAA will sponsor a championship

in Field Hockey and the complete requirements of Bylaw 22 including sanctioning and opponent restriction will go into effect for 2015-16.

Case BL-22-4 - May a KHSAA member school play in a scrimmage in a sport against a nonmember school in Kentucky, an out of state or foreign school team that does not join that state association, or an outside team such as an alumni group?

No. Member schools may not scrimmage against teams that do not represent member schools, either in Kentucky or out of state. Member schools cannot compete in scrimmages against out of state nonmember schools, out of country nonschool teams, local clubs, alumni groups, or any other type of nonmember school team.

Case BL-22-5 - May a KHSAA member school play in a contest in a sport against a nonmember school in Kentucky, an out of state school that does not join that state association, or an outside team such as an alumni group?

No.

Case BL-22-6 - May a KHSAA member school participate in a contest in a sport against a non-US territory school-based team (foreign) team?

Yes, provided the following are true:

- (1) Such event is sanctioned within the policies and procedures of the National Federation of State High School Associations sanctioning rules and regulations; and
- (2) the opponent is a school based entity and not listed as a club team on any international registry.

Case BL-22-7 - Why is there an NFHS policy requiring sanctioning of interstate events?

- (1) Interscholastic programs should serve educational goals. To this end, schools have an obligation to conduct certain threshold inquiries about events in which their students may participate.
- (2) On occasion, additional inquiries and oversight may be appropriate at the conference, district, state or national levels. In order to perform their "inquiry and oversight" functions fairly and efficiently, decision-makers at various levels have developed sanctioning procedures.
- (3) The specific purposes served by event-sanctioning procedures include the following:
 - a. Sanctioning enhances the likelihood that events will adhere to sound and detailed criteria which meet the specific requirements of a school or a group of schools based upon experience and tradition.
 - b. Sanctioning serves to promote sound regulation of the conditions under which students and teams may compete.
 - c. Sanctioning is a means of encouraging well-managed competition.
 - d. Sanctioning adds an element of "due diligence" that encourages compliance with state association rules and regulations.
 - e. Sanctioning protects the welfare of student-athletes.
 - f. Sanctioning protects the existing programs sponsored by member schools and thereby promotes the opportunity for larger numbers of student-athletes to gain the benefits of interscholastic competition.
 - g. Sanctioning helps reduce the abuses of excessive competition.
 - h. Sanctioning promotes uniformity in obtaining approval for events.
 - i. Sanctioning helps protect students from exploitation. Interstate event sanctioning at the NFHS level promotes financial transparency and equivalency of treatment of participating high schools. NFHS sanctioning forms are available on the NFHS website (www.nfhs.org).

Case BL-22-8 - May a KHSAA member school play in a contest in a sport against an out of state school that is located in the United States, Mexico or Canada?

Yes, with the following restrictions and provisions:

- (1) In baseball, basketball, football, soccer, softball or volleyball, the opponent(s) must be a member of that state's Association

that is the voting member of the NFHS, or on an approved list of opponents for the members of that state association indicating compliance with all standard eligibility rules. This restriction shall apply to Field Hockey beginning in 2015-2016. In other sports and sports-activities, membership in the state association is not required;

- (2) KHSAA member schools are responsible for ensuring that contests are properly sanctioned whether the game is hosted in Kentucky or the out of state school;
- (3) The KHSAA adheres to the National Federation of State High School Associations (NFHS) sanctioning policy. NFHS sanction is required in all sports if KHSAA schools participate in any of the following types of contests:
 - a. any interstate event involving two (2) or more schools which is co-sponsored by or titled in the name of an organization outside the high school community;
 - b. nonbordering events if five (5) or more states are involved;
 - c. nonbordering events if more than eight (8) schools are involved; or
 - d. any event involving two (2) or more schools that involves a team from a foreign country (exceptions are Canada and Mexico which are considered "bordering states").
- (4) For contests in Kentucky where NFHS sanction is required, the following steps must be taken:
 - a. If the contest(s) is (are) to be played in Kentucky and the event requires NFHS sanction, the host school should go to the KHSAA website which will link to the NFHS website for completion of the forms and payment of fees (The KHSAA receives no portion of this NFHS fee); and
 - b. This shall be completed and sent to the NFHS along with the requisite fee in the NFHS published timeline to ensure the minimization of costs to the host school and to allow for an orderly flow of communication among all effected parties.
- (5) For contests in Kentucky where NFHS sanction is not required, the following steps must be taken:
 - a. If the contest(s) is (are) to be played in Kentucky, involves out of state schools and does not require NFHS sanction but involves only those schools in states contiguous with Kentucky, the host school shall ensure that the rules of the opponent's state association with regard to sanctioning are followed; and
 - b. Some state high school associations (i.e., Missouri, Tennessee, West Virginia) have additional requirements for schools participating against their member schools, and the KHSAA staff can assist in facilitating those requests.
- (6) For contests played outside of Kentucky where NFHS sanction is required, the following step(s) must be taken:

If the contest(s) is (are) played outside of Kentucky and NFHS sanctioning is required, the KHSAA member school shall ensure that the host school contacts the NFHS to initiate the sanction process.
- (7) For contests played outside of Kentucky where NFHS sanction is NOT required, the following steps must be taken:
 - a. If the contest(s) is (are) played outside of Kentucky and NFHS sanctioning is not required and involves only schools in states contiguous with Kentucky, no additional sanctioning is needed on the part of the KHSAA;
 - b. Some state high school associations (i.e., Missouri, Tennessee, West Virginia) have additional requirements for schools participating against their member schools, and the KHSAA staff can assist in facilitating those requests.

Case BL-22-9 - Are there special restrictions for the playing of teams from outside of the United States, not including school based teams from Canada and Mexico?

Bylaw 22 contains the requirements for opponents and scrimmages. These rules require that member schools only play against schools that are members of the home state association.

KHSAA member schools only play against opponents that are school teams made up solely of members from a single specific school, where none of the competitors have completed the final/terminating grade in the home country, and where the opponent is strictly a school based team and not a club, travel

or professional team. The same restrictions apply to out of country travel and play in the sports of Baseball, Basketball, Field Hockey, Football, Soccer, Softball and Volleyball.

The KHSAA member school will be responsible for insuring the legality of the opponents and that the procedures of the NFHS sanctioning policy are followed.

Case BL-22-10 - Are KHSAA schools required to use form GE14 for scheduling contests or to make written amendments to contracts in the case of contract postponement/cancellation?

No, the form is not required. However, the association will not arbitrate or attempt to intercede in any dispute regarding a cancelled contest or other logistic dispute if the contest does not involve a properly completed and executed GE14 or its electronic equivalent using an alternative scheduling system. Included in the proper requirements are the proper signatures of the Principal or Designated Representative of the member schools.

In addition, the association will not arbitrate or attempt to intercede in any dispute regarding a cancelled contest or other logistic dispute if scheduling amendments are agreed by the parties, but not executed in writing between the schools. Contract amendments verified by electronic mail exchange that modify prior properly executed contract forms will be reviewed and assistance offered by the Association as necessary.

Case BL-22-11- What does the expression "corresponding date" mean as it relates to scheduling contests and how does it relate to contract enforcement?

Corresponding date charts are published for all KHSAA sports in an effort to aid athletic administrators in planning future schedules. It should be noted that contracts cannot be enforced by the Association that call for "corresponding dates" rather than specific playing dates.

Case BL-22-12- Does a forfeit win/loss or game cancelled by mutual agreement count against the maximum number of games that can be played?

- (1) If the forfeit is declared and the contracted forfeit provisions applied after the first legal playing date, the game shall be counted against the win/loss record, and against the limit of games.
- (2) Games canceled by school administrations and forfeit fees paid before the first playing date do not count against records or limits.
- (3) Games canceled by school administrations by mutual consent without forfeit provisions do not count against records or limits.
- (4) In districts that have voted to seed in those sports that permit seeding for postseason placement, the majority decision to seed shall be interpreted and enforced as an inherent and immediately implied contract to play all contests upon implementation of the seeding plan and within the specifics of the plan.
- (5) Seeded district games that are forfeited shall be counted against the limit of games and shall count on the win/loss record irrespective of the teams when the contract is cancelled, no matter what terms under which the contract is cancelled and whether or not a formal contract is entered into between the competing teams.

Case BL-22-13 Is the restriction on the accompanying of a student by the principal, coach or faculty representative listed in Sec. 7 a KHSAA regulation or state law?

This bylaw is patterned to ensure conformity with KRS 161.185 which states "Boards of education shall require a certified or classified staff member who is at least twenty-one years of age to accompany students on all school-sponsored or school-endorsed trips." This stipulation governs accompaniment, and does not supersede or replace any regulation regarding driver qualification. This permission should be in writing and should be documented by minutes of the local Board of Education.

The second violation shall result in automatic suspension.

 - a. coaches may not coach members of that school's team;
 - b. member school facilities may not be used for organized competition;
 - (2) Members of the high school coaching staff (paid or unpaid) shall not be prohibited from sport specific observation and evaluation (but not coaching) of any player who has played for a grade nine (9) through grade twelve (12) team (freshman, junior varsity, varsity) from the first day of school through the last day of school provided that play is under the direct control of the same local board of education as the coach is employed and provided that play is not in conflict with other KHSAA bylaws.

Sec. 2) SPORTS SPECIFIC LIMITATIONS- BASEBALL- BOYS

- Sec. 6) SPORTS SPECIFIC LIMITATIONS- FOOTBALL**
- a) Organized practice shall be structured in football as follows:
 - (1) From the end of the season through the day prior to the first day of spring practice; and from the day after spring practice through June 21, schools may not issue football equipment including helmets, with the exception of an all-star game or individual camp as detailed.
 - (2) From the end of the season through the day prior to the first day of spring practice; and from the day after spring practice through June 21, schools may not organize or participate in any football activities that involve "full contact" or allow players to be in full pads, even if "full contact" doesn't occur. "Full contact" is defined as football drills or live game simulations where 'live action' occurs.
 - (3) During the period beginning on the day immediately following the dead period (Bylaw 24) and through July 31, member schools may participate in noncontact simulations (i.e. 7 on 7) and such participation does not count against scrimmage limitations provided that the first practice in full pads has not been conducted. The school issued helmet may be used during these activities, but no other equipment included in NFHS Rule 1-5 may be issued prior to the dates detailed in subsection (a)(2) of this section. The KHSAA catastrophic insurance is not in effect for these simulations if other schools are involved;
 - b) Preseason and during season practice in football shall be as follows:
 - a. The first legal organized practice wearing a helmet only shall be no earlier than July 22;
 - b. The first three (3) days of organized practice shall be in helmets only and the next three (3) days shall be in helmets and shoulder pads for acclimatization and acclimation;

 - d. Provided such activity is conducted and supervised by coaches meeting all qualifications of Bylaw 25, these practice sessions shall be covered by KHSAA Catastrophic insurance;
 - c) The remainder of the gear specified in NFHS Rule 1-5 can be issued and practice in pads can begin no earlier than August 1 or the week day following the completion of the required three (3) days of practice in helmets and shoulder pads if such date is after August 1; and
 - d) Any practice period on or after August 1 where any equipment other than the helmet and shoulder pads are worn shall be referred to as contact practice, and shall adhere to the following restrictions:
 - i. After contact practice has begun, a noncontact simulation as detailed in sub-section 1 above may not be held;
 - ii. After contact practice has begun and prior to the first day of classes for the students, a school shall not conduct multiple on-field practice sessions in pads (e.g., two-a-days or three-a-days) on consecutive days (e.g., two-one-two-one format);
 - iii. After each contact practice, there shall be a three-hour break. During this break, there can be no gear worn, and no activity that in any way simulates football or football drills. This restriction is in place regardless of where the practice occurs including camps, home practices, or other workout areas. This period is solely for rest/recovery;
 - iv. The total practice time on any day where two contact practices are conducted shall not exceed five (5) hours, with no single contact practice exceeding three (3) hours. The total practice time on any day where only one contact practice is conducted shall not exceed three (3) hours. Meetings, film study, water breaks, rest breaks and injury treatment shall not count against the five hour limits. Weight training, voluntary conditioning and teaching period/walk through simulations without equipment shall not count against the five hour limit provided the three-hour break required for cool down is conducted prior to the additional activity following the contact practice;
 - v. After the opening day of the school year, a school shall not conduct multiple on-field practice sessions in pads (e.g., two-a-days or three-a-days); and
 - vi. All schools shall upon request, submit any required documentation to verify the proper execution of the practice regulations, including scrimmage, contact, and Heat/Humidity Measurement and Compliance Programs.

 - g) The season shall consist of a maximum of ten (10) regular season games and the opportunity to play regular season games shall conclude at the end NFHS corresponding week 17. Any school may play one of the allowable regular season games during Week 0 (normally NFHS corresponding week 7) provided that the total schedule does not exceed ten (10) regular season games and that the allowable number of scrimmages is reduced to one.
 - h) Provided that at least one classification within the KHSAA conducts playoffs that last five (5) weeks, any school that

chooses to compete for a district title and is placed in a classification where only four (4) weeks are needed to complete the playoffs may play an additional regular season contest (total of 11 contests), the last of which can be played during the first round of the playoffs for the other classifications.

Following elimination, there shall be no further practice or play during the remainder of the academic school year.
 - g) Each player, in order to be eligible to participate against another school and to become acclimatized and acclimated, shall have taken part in a minimum of three (3) practices over three (3) days in helmets only, three (3) practices in helmet and shoulder pads over three (3) days followed by five (5) contact practices over five days.
 - h) Each football school may conduct ten (10) spring practice periods of not more than two (2) hours in length and not more than one practice per day over ten (10) days during three consecutive calendar weeks, which shall be chosen by the school on or before December 15. Failure to submit the schedule by this date will result in a loss of the ability to conduct spring football practice. The three consecutive calendar weeks shall not begin prior to the Monday following the school's elimination from postseason play in basketball, and shall not conclude later than the last day of school on the original school calendar. Any period of time when school is not in session on a week day, including testing and breaks, shall not count as one of the ten (10) permitted days, and practice shall not be conducted on those days. All equipment authorized by the football playing rules may be used during this period. There shall be no interscholastic competition during this period, and all participants shall be eligible according to all KHSAA eligibility rules. Once dates are established by the school, the dates may not be changed except by request of the member school Principal, and only if the newly requested period begins not later than the Monday following the conclusions of the originally scheduled school spring break. In order to conduct these spring practice sessions:
 - (1) A student below grade nine or in grade 12 shall not participate;
 - (2) Only students currently eligible by all KHSAA rules including Bylaws 2 through 12 may participate;
 - (3) Intrasquad games may be held but shall be counted as one of the ten practice sessions; and
 - (4) Any student who has neither participated in organized competition in a KHSAA sanctioned winter or spring sport, nor has documentation of supervision by a coach qualified under Bylaw 25 in a minimum of 8 conditioning workouts after the previous season and before the start of spring practice (including competition on a competitive weight lifting team at the school), shall have three (3) days of practice in helmets and shoulder pads for acclimation prior to wearing the remainder of the allowable football gear;
 - (5) There shall be no mandatory participation (including school or coach imposed penalty) by any person on a spring sports eligibility list (or entering any spring sport scrimmage or contest) or any other student desiring not to participate.
 - i) Following the season and until organized practice begins for the next season, no football gear other than the helmet may be issued used by a member of the team for any activity except for the approved spring football practice period and issuance of gear to a specific individual for attendance/participation in a specific event at an off campus facility.
 - j) The Board of Control may waive provision(s) (b) or (d) of this Bylaw to allow member schools to participate in Hall of Fame and Museum contests. Case BL-23-1 - What is a KHSAA sanctioned sport as used in Bylaw 23?

The sanctioned sports of the KHSAA are those sports approved by the Board of Control as a sports championship. At press time, those include: Baseball, Basketball, Cross Country, Field Hockey, Football, Golf, Soccer, Softball, Swimming, Tennis, Track and Field, Volleyball and Wrestling. Sport-activities are not the same as sports when applying this Bylaw. The sport-activities currently sanctioned by the Board of Control for championship

play are Archery, Bass Fishing, Bowling and Competitive Cheer.

Case BL-23-2- What is the expectation of KHSAA member schools as it relates to missed school time for regular season contests?

The KHSAA annually solicits verification through the membership application from school administrators that these provisions have not been violated in order to comply with Kentucky Board of Education reporting requirements. The KHSAA expects all of its member schools, including those not normally subject to all rules and regulations of the Kentucky Department of Education to adhere to the attendance regulations of the Department of Education.

Decisions on travel (and the possible allowances or restrictions therein) are solely the discretion and control of the member school. Monitoring and definitions regarding the restrictions related to "school time" must be done at the local level in compliance with Kentucky Department of Education regulations.

Member schools reported for violating these restrictions will be referred to the Kentucky Department of Education. The restrictions on missed school time were placed into KHSAA Bylaws by the Kentucky Board of Education as a reiteration of the necessity to prioritize school time, but are not the Association's jurisdiction to enforce and apply sanction. This stance is necessary due to ever changing rules and regulations about what constitutes school time, and the fact that the member schools are in better position to monitor this regulation as they implement new and revised methods of delivering instruction. If further clarification is needed relative to local policies which may be in place as to what constitutes school time, please have the appropriate district personnel contact the Kentucky Department of Education.

Case BL-23-3- Is it permissible for students to be counted present for participation/attendance at regular season and KHSAA district level events?

Not within the KHSAA Bylaws and policies. Schools must comply with the policies of the Kentucky Department of Education regarding attendance. It should be noted that KRS 159.035(2)(b) clearly states that the educational enhancement opportunities allowed by that statute may not include interscholastic athletics. If a student does leave school before the scheduled end of the day for any reason, the time missed is recorded in the daily attendance log of the school as an attendance event for that student. Although local board policy may allow the student to 'make-up' any missed work, the absence record remains.

When the student is participating in or attending an athletic event, the local school board (not school council) attendance policy controls whether it is counted as an excused or unexcused absence. For example, the local board policy might choose to record an excused absence for those students participating on a high school athletic team that is playing in a state championship and not record an excused absence for attendance by a nonparticipant. It is also possible that the Board policy is to allow an excused absence for attendance by nonparticipants with verification. The impact of excused versus unexcused absence is that with an excused absence the student may have the ability to make up the missed school work, but has no such right with an unexcused absence.

If the school's team is involved in a very popular event, such as the state high school basketball tournament, and a significant portion of the student body will be attending the tournament and thus missing school, the local board has discretion as to whether to close school that day(s) in anticipation of low school attendance, and amend the school calendar to make up the instructional time.

If further clarification is needed relative to local policies which may be in place, please have the appropriate district personnel contact the Kentucky Department of Education.

Case BL-23-4- Are there allowances for students to be counted present for participation/attendance at KHSAA region or state events?

Yes. In accordance with KRS 158.070 (6) (b), any member of a

school-sponsored interscholastic athletic team who competes in a regional tournament or state tournament sanctioned by the Kentucky Board of Education, or the organization or agency designated by the board to manage interscholastic athletics, and occurring on a regularly scheduled school day may be counted present at school on the date or dates of the competition, as determined by local board policy, for a maximum of two (2) days per student per year. The student shall be expected to complete any assignments missed on the date or dates of the competition.

When the student is participating in or attending an athletic event, the local school board (not school council) attendance policy controls whether it is counted as an excused or unexcused absence. For example, the local board policy might choose to record an excused absence for those students participating on a high school athletic team that is playing in a state championship and not record an excused absence for attendance by a nonparticipant. It is also possible that the Board policy is to allow an excused absence for attendance by nonparticipants with verification. The impact of excused versus unexcused absence is that with an excused absence the student has a right to have the opportunity to make up the missed school work, but has no such right with an unexcused absence.

If the school's team is involved in a very popular event, such as the state high school basketball tournament, and a significant portion of the student body will be attending the tournament and thus missing school, the local board has discretion as to whether to close school that day(s) in anticipation of low school attendance, and amend the school calendar to make up the instructional time.

If further clarification is needed relative to local policies which may be in place, please have the appropriate district personnel contact the Kentucky Department of Education.

Case BL-23-5- Does the limit on consecutive day scrimmages or contests extend to varsity and nonvarsity teams and players?

Yes. Each team at each level within a school and each student-athlete, shall have one day (Monday through Thursday) during the season when school is in session, when the team does not hold a scrimmage or contest nor is the individual student-athlete competing or playing. This restriction applies to all levels of play not each level of play.

The intent of the rule is that each student-athlete shall be guaranteed at least one night (Monday through Thursday) where participation in an interscholastic scrimmage or contest is not required, to allow for time to properly attend to academic pursuits and other priorities.

Case BL-23-6- What are the restrictions during the school year outside of the defined Limitation of Seasons (off-season) when the school's team members are participants or school coaches are involved?

Coaching is defined as any activity by the coach at a time the athletes are participating in skills (either preparatory or specific to that sport) in a setting in which skills are taught, refined, or practiced. Coincident participation by a coach and an athlete in a sport such as a golf outing, where the coach and athlete(s) are not entered as a entry or group, or in an activity such as distance running with many runners but no direct coaching, would not specifically be considered coaching.

The "off-season" is the period during the school year for each sport or sport-activity that is outside the defined start and end dates for the sport or sport-activity as detailed in Bylaw 23. The restrictions begin on the first day of school and end on the earlier of the day following the last day of school or May 31.

Activity during the off-season by member school coaches has the following continuing restrictions:

- (1) Any restriction includes all members of the athletic coaching staff, paid or unpaid, head or assistant, and at all levels;
- (2) Participation in any activity may not be mandatory for the students and there may be no penalties assessed, expressed or implied for nonparticipation;
- (3) No school owned or issued equipment (catching gear for

baseball/softball) may be used;

- (4) No school uniforms, mascots, team identifying apparel or transportation may be used;
- (5) No coach or school/school system may provide or fund transportation for these players to play in outside leagues, even if personal transportation is utilized;
- (6) No funds may be used for participation in organized play including payments for officials, field usage, field preparation, etc. Payment by booster groups is the same as payment by the school and cannot be used to circumvent this requirement;
- (7) There is no insurance coverage with regard to the KHSAA Catastrophe Policy;
- (8) The activity cannot be restricted solely to members or prospective members of a team;
- (9) No member of the coaching staff may be paid for sports specific instruction at a school owned facility;
- (10) Nothing about these interpretations allow for the use of specific school issued football, baseball or softball gear during this period except during the allowable time periods of Bylaw 23;
- (11) Nothing about these interpretations change any of the provisions of Bylaw 9 that prohibit players in basketball and football from participating in an organized game for any other entity from the start of school to the end of the season (including KHSAA postseason play); and
- (12) All activity must have approval from the school principal. All other restrictions related to the scheduling, composition, pool and use of available personnel including coaches, and other logistical arrangements are the jurisdiction of the building Principal in compliance with all local district policies. This applies to any sport or sport-activity held within that local school facility or off-site activities where the coach and team members are simultaneously present, in compliance with Bylaw 1 of the Association.

The following situations would NOT be permitted due to these restrictions:

- (1) School Team A going to School Team B's field/gym and play a game with umpires;
- (2) School Team A going to School Team B's field/gym and play a game as part of a "Fall League" or "Outside League"; and
- (3) Any activity expressly prohibited by the school Principal.

With these restrictions in mind, the following activities would be permitted:

- (1) Coaches may provide voluntary individual instruction to students that have previously represented the school;
- (2) Participate in an organized league at a nonschool facility;
- (3) A school leasing its athletic facility to an outside league/group (not affiliated with the school) provided there is an existing, written agreement for fair market value for the usage, and such does not eliminate the other restrictions;
- (4) Players and coaches from one school participating in a league at the city park play against another team that has players and coaches from another school; and
- (5) Members from School A receive instruction from members of School A coaching staff on site at the school facility provided all participants were from School A.

Case BL-23-7- How is the determination made as to how to count a contest against the Limitation of Seasons?

In these sports, a contest counts against the Limitation of Seasons any time a student-athlete represents a member school competing against any representative(s) of another school after the start of practice and prior to the end of the season as defined within KHSAA Bylaw 23.

- (1) The following are examples of activities which would be subject to classifying the student-athlete as being a "representative" of the school:
 - a. Wearing of school uniform and school-issued playing equipment;
 - b. Transportation to or from the contest using school transportation;
 - c. Representing the school by entering an event under the name of the school;
 - d. Representatives of the school entering an event in which

entries are allowed only by school representatives;

- e. Attendance of, transportation by, coaching or other assistance by, any member of the school coaching staff from that sport; or
- f) Any school vs. school competition in a contest in any KHSAA sport or sport-activity as defined within Bylaw 23.
- (2) After the start of practice and prior to the first contest against an outside opponent, such activity may be classified as a scrimmage.
- (3) All play shall be classified as the same level by all participants in scrimmages, contests, games, meets and tournaments and shall remain classified at the same level through the completion of the event. For example, one school cannot classify a contest as a junior varsity game, and the opponent classify the contest as a varsity game or one classify the activity as a scrimmage and one classify it as a contest. As another example, a school cannot classify some games in an event (such as a tournament) as varsity games and others as nonvarsity games. Events shall be constructed such that all competition is held at the same level for all competing teams.
- (4) Seeded district contests to determine postseason bracketing may never be counted as nonvarsity contests.
- (5) It shall be counted as a contest or scrimmage if the activity involves competition with or against any person who is not on the school participation list for that gender in that sport.

Case BL-23-8- What is the season, limit of contests and restrictions for nonvarsity teams?

Nonvarsity teams have the same restrictions on beginning of practice, beginning of contests and number of games as the varsity teams.

Case BL-23-9- What is the first date for nonvarsity playing of contests (JV and Freshman)?

Nonvarsity games can be played beginning the first available date for play by the varsity.

Case BL-23-10- Is there a designated "tryout" or conditioning period for KHSAA sports for member schools?

No. Tryouts are an organized or semi-organized means of selecting team members for the coming season. Provisions of that rule stipulate a beginning date for practice, which implicitly prohibits practice during the school year prior to that date. Tryouts are considered to be part of organized practice and shall be held during the official practice period spelled out in Bylaw 23. Nothing can be required between the first day of school and the first legal date for practice.

There is also no "conditioning period" as some coaches seem to erroneously tell kids and parents. Student-athletes cannot be held accountable for missing this time outside of the limitation of seasons and cannot be made to "make-up" missed activity as it cannot be required.

Case BL-23-11- What are the limitations on the allowable scrimmages?

A scrimmage is a semi-organized opportunity to participate in a sport in game conditions prior to the opening contest of the season. Scrimmages are designed to be controlled opportunities for participation NOT exhibition games. While many state associations prohibit preseason competition between schools, it is felt that this is the best means of acclimating to game conditions and preparing for the season while ensuring competitive fairness and equal participation opportunities.

The following are the limitations and regulations on allowable scrimmages:

- (1) Each school is limited to a total of two preseason scrimmages of any type against competitors not eligible to be on the team's roster at all levels of play (grades 9-12) in each sport;
- (2) Member schools may not scrimmage against teams that do not represent member schools, either in Kentucky or out of state. Member schools cannot compete in scrimmages against out of state nonmember schools, out of country nonschool teams, local clubs, alumni groups, or any other type of nonmember school team.
- (3) Both scrimmages (or one if that is the school's choice) shall

be held prior to the first varsity contest in a sport;

- (4) The total elapsed time from the start of each scrimmage until the end shall be no longer than three consecutive hours (Start to finish, including any breaks) and all competition activity shall be held at the same site. This time limit is not playing time, but elapsed time on the clock and starts when the first team member at any level engages a person from another other team in any manner. The restriction allows for participation in any fashion with outside opponents for a single, continuous, three hour period. It is possible that the varsity, junior varsity and freshman teams could oppose each other in game simulation settings and only be charged with one scrimmage if the TOTAL amount of time scrimmaged for all team levels combined from start to finish is less than three hours. The three hour time measurement shall be suspended in the event that inclement weather forces cancellation after a scrimmage has begun and shall resume when warm-up activities resume following the suspension;
- (5) The limitation is for all levels of play (grades 9-12) at a school, not each level of play;
- (6) Coaches at different levels within a school (freshman, JV and Varsity) and at sites where many teams are present should coordinate the schedule of scrimmages to ensure that these students are given opportunities during the three-hour scrimmage limit. The scrimmage sessions are primarily designed to prepare the varsity team for regular season play, as the entire nonvarsity season can be considered "scrimmage-like" as no state championship competition is held;
- (7) The scrimmage limitations include any team camp or similar activity held during the defined practice period for a sport. Teams attending camps at the same site should exercise extreme caution not to violate scrimmage limitations. The total scrimmage time involving team members, regardless of levels of play, is subject to a total time limit of three consecutive hours;
- (8) Coaches shall be on the field or in the vicinity of the playing floor or area;
- (9) Schools may, at the discretion of the host school, charge admission, sell concessions and pay officials;
- (10) It is recommended that officials be utilized for all scrimmage contests. If officials are utilized (other than coaches exercising normal supervisory duties), they shall be KHSAA licensed officials;
- (11) All scrimmage contests shall be reported to the KHSAA if the Association makes requests for such reports; and
- (12) Violators of scrimmage limitations and regulations may be penalized in accordance to the prescribed penalties in Bylaw 23 as well as the provisions of Bylaw 27.

Case BL-23-12- Are there any exceptions to the scrimmage rules contained in the Limitation of Seasons for the Bluegrass State Games or for officially sanctioned Olympic Development Activities?

Yes. High school teams in cross country, cheer, soccer, and volleyball, together with their coach(es) may participate in the Bluegrass State Games. Such play shall not count against the two scrimmage limitation provided that the organizers of the games adhere to all health and safety recommendations of the KHSAA (including the Heat Index program), all opponents are member schools or qualified nonmember schools as defined in CS-BL-23-9 and provided there is not a limit on the number of schools that may enter.

The Board of Control has authorized the Commissioner to consider, on a case by case basis, waivers to any restrictions contained in Bylaw 9 and Bylaw 23 that would allow participation by an enrolled student or employed coach in officially sanctioned U.S. Olympic Development activities. Such organizations as USA Basketball, USA Track and Field and other similar groups that have officially sanctioned activities can request, through the appropriate member school, that these restrictions be waived and participation allowed. Such shall also include the Ryder Cup official competition between the PGA of America and PGA European Tour.

Case BL-23-13- What is the minimum period for team and individual practice in the preseason in any sport other than football, or sport-activity?

In all sports other than in football, and in all sport-activities, there are no required minimum number of practice sessions or dates prior to competition against another school.

Case BL-23-14- What are the special allowances for counting a game/meet/event against the Limitation of Seasons in cross country or track or toward the postseason meet minimum that is listed in the Competition Rules?

A meet shall be counted against the limit of meets in cross country or track (indoor or outdoor) if any of the following conditions exist:

- (1) It is sponsored by a KHSAA member high school (or co-sponsored) or legally conducted by an outside entity as a team entry event in accordance with the NFHS sanctioning process;
- (2) An athlete is wearing the school issued uniform;
- (3) A school entity pays the entry fee for the student;
- (4) A school representative accompanies the student-athlete or transports the student-athlete to the competition;
- (5) A member of the school's coaching staff is present and offering instruction, advice, evaluation or refinement of skills or exercising other duties defined as "coaching" within the sport rules; or
- (6) The event, by its format, allows entries or fees to be solely based on representatives of school based competition.

Case BL-23-15- Is it permissible for a local policy board, officials' association to impose a different time limit on softball or baseball games at the varsity level?

No. At the varsity level, the NFHS playing rules establish the time frames and requirements.

At the nonvarsity level, the local regional policy board of the host school may establish game time or inning limitations for different levels below varsity. Any time limit (or lack of limit) adopted for baseball at any level shall also be applied to the same level of softball. Any time limit (or lack of limit) adopted for softball at any level shall also be applied to the same level of baseball. Time limits (or play limits such as a limit of innings) can only be imposed in nonvarsity baseball or softball games if the same limit applies to both sports under the jurisdiction of that policy board.

Case BL-23-16- What equipment can be worn, what activities can occur, and what restrictions are in place for basketball at various times of the school year?

The following are the allowances and timelines for the wearing of gear and the conducting of practice or practice-like activity based on specific time of the year:

- (1) From the team's elimination from postseason play through the end of the school year, is a supervised play period and the following stipulations are in place:
 - a. Any on-campus game simulation where another school is involved (school vs. school) must not involve more than three players from a single team; and
 - b. There is no KHSAA catastrophic insurance during this period.
- (2) From the earlier of the day following the last date of school or June 1, through June 24, the following stipulations are in place:
 - a. Play is governed by decisions made at the local level. There are no restrictions on coaching, uniforms, expenditures or the other things inherent with the Dead Period or the July period. Nothing during this period can be mandatory, and there can be no penalty, expressed or implied, for nonparticipation; and
 - b. There is no KHSAA catastrophic insurance during this period.
- (3) From June 25 to July 9 (inclusive of those dates) is the KHSAA Dead Period (Bylaw 24) with the following restrictions:
 - a. The restrictions of Bylaw 24, Sec. 3 (Summer Dead Period) and its interpretations are in place;
 - b. There can be no practice (individual or team) and no

- equipment or facilities may be issued; and
- c. There is no KHSAA catastrophic insurance during this period.
- (4) July 10 to July 31 is the Bylaw 24, Sec. 2 period:
 - a. The restrictions of Bylaw 24, Sec. 2 (Restrictions on Football and Boys' Basketball) and its interpretations including the fact that school money cannot be expended for basketball activities are in place;
 - b. No organized basketball activity may occur at a member school, and
 - c. There is no KHSAA catastrophic insurance during this period.
- (5) August 1 to October 15 is a supervised activity period:
 - a. Any on-campus game simulation where another school is involved (school vs. school) must not involve more than three players from a single team; and
 - b. There is no KHSAA catastrophic insurance during this period.
- (6) October 15 until the elimination of the team from postseason play is the defined season:
 - a. Required and supervised practice, scrimmages and contests may occur during this period;
 - b. Any play involving at least one player from more than one team shall count as a scrimmage; and
 - c. Provided all practice and activity are compliant with KHSAA rules, the KHSAA catastrophic insurance is in place.

Case BL-23-17- What is the season structure for Field Hockey under Bylaw 23?

During 2014-15, schools will be allowed to utilize the parameters of the existing schedule and playoff system that had existed prior to the sport becoming KHSAA sanctioned. Beginning with the 2015-16 school year, full adherence to the published provisions of Bylaw 23 will be required.

Case BL-23-18- What is the minimum period for team and individual practice in the preseason in football?

In football, there are periods where the athletes have specific and required time to acclimatize to the wearing of the pads, and the additional potential ten or more percent increase in body core temperature. This is solely for acclimatization and acclimation. In football, the following specific periods are required:

- (1) Each football player must have three days on or after July 22 when they practice along with other squad members, outside, with no equipment (other than a helmet). Players participating in other outdoor fall sports after July 22 (soccer or cross country), or those serving in official military preparedness activities after July 22 may allow days involved in those activities to count toward the five required days out of pads;
- (2) Following the three days in helmets only, each football player must have three days of practice (three separate days) during the legal practice period where the only gear worn is a helmet and shoulder pads. The first shoulder pad only practice (Helmet and Shoulder Pads only) may not be held earlier than the third week day before the first day of full gear practice. During these sessions, there can be no full-contact drills which would allow a tackle to be completed or a player to be taken to the ground; and
- (3) Following the three days in helmets and shoulder pads, each football player must have five days of practice in full gear prior to competing against another school in a scrimmage or contest. These are in addition to the three shoulder pad/helmet days, and the five days with no gear.

Case BL-23-19- What is postseason play as defined in spring football practice period if a school chooses to select their dates following the end of basketball postseason play?

The "elimination from postseason play in basketball" means the elimination of both boys' and girls' teams from postseason play in basketball. For example, if a boys' basketball team loses the first game of a district but the girls' remain alive into regional or state play, the spring practice period cannot begin until the girls are eliminated.

Case BL-23-20- Can a representative of a school request to change spring practice dates after December 15?

The spring practice dates are to be selected as part of the school

calendar process to eliminate conflicts with other teams. Only in the case of reconditioned equipment being unavailable for the selected days, or an authorized request by the Principal of the member school will a date change be authorized, and no revision will allow for the starting of the three week period to be beyond the Monday following the school originally calendared spring break as submitted to the Kentucky Department of Education.

Case BL-23-21- What equipment can be worn, what activities can occur, and what restrictions are in place for football practice and the wearing of football gear.

The entire calendar year is broken down below detailing what is permitted in terms of usage and issuance of football gear. This supersedes all previous interpretations and rulings that may have been issued, and is issued based on Bylaw 23 and Bylaw 24. Most information has been distributed earlier to schools and is capsulized here for easy reference.

- (1) Acclimatization and Acclimation Starting July 22
 - a. July 22, First date of OFFICIAL practice. This is the day the catastrophic insurance is officially in place. Only helmets may be issued to players. No other equipment is permitted.
 - b. First three days on or after July 22 (minimum), helmet only.
 - c. Next three days (but not until the completion of three helmet-only days), helmet and shoulder pads may be worn. No contact with players against players, only with sleds and dummies. Once the first of these practices has been held, no 7-on-7 or other game simulations against other teams can be held.
 - d. Remainder of gear can be handed out to players for use on or after August 1, which is first day that full gear can be worn, provided that the three days of helmet only and three days of helmet and shoulder pads have been completed.
- (2) Requirements for Individual Players before playing against another school (game or scrimmage).
 - a. These are required of each player, and this listing is vital for those coming out for the team after practice starts.
 - b. Three days of helmets only in sessions with the rest of the team.
 - c. Three days of helmet and shoulder pads with the team. During these days, no contact with other players, only sleds and dummies.
 - d. Five days of full practice in pads with team. The fifth day cannot be the day of the first desired game.
 - e. If playing other sports after July 15 and electing to come out for football later, the three days in helmet only (acclimatization) can be waived, but three days of helmet and shoulder pads with the team, followed by five full days of practice with the team would be required before playing against another school.
- (3) Once contact practice (practice in all equipment) begins on or after August 1:
 - a. Cannot have multiple contact practices on consecutive days;
 - b. On days when two contact practices are held, a total limit of 5 hours per day of practice, not including the mandatory break;
 - c. A 3-hour break is required after each contact practice during which no activity can be held;
 - d. Meetings, film study, water breaks, rest breaks and injury treatment shall not count against the 5-hour limit;
 - e. Weight training, voluntary conditioning without coaching, and teaching period/walk through simulations without equipment do not count against 5-hour limit provided they are not conducted during the three-hour required break.
 - f. If only one contact practice during a day, 3 hours per day is the limit for contact.
 - g. In any noncontact (non-equipment) session, no equipment, except the helmet, can be worn, and no contact against another player may be done, only against pads and dummies;
 - h. Schools must maintain heat index records which will be randomly audited.
- (4) Offseason Timeline for Issuance and Usage of Equipment
 - a. Team must submit Spring Practice Dates on or before

December 15.

- b. From the last game of the season to the first day of spring practice, no equipment (including helmet) may be issued except as detailed in the all-star game/individual camp exception to be detailed later.
 - c. First three days of previously submitted spring practice period are helmet and shoulder pads for any player who has not been on a winter sports eligibility list or has not participated in a minimum of eight (8) conditioning workouts.
 - d. From last day of spring practice through June 24, no football equipment (including helmet) can be used for any reason except as detailed in the all-star game/individual camp exception to be detailed later.
 - e. From last day of spring practice through June 24, no session can be held where attendance is taken or any other implied or explicit required activity.
 - f. June 25 to July 9, including June 25 and July 9, Dead Period, no workouts can be conducted, no use of facilities, equipment, etc. due to Bylaw 24.
 - g. July 10 to July 21, permitted to issue helmets, and play noncontact game simulations (such as 7-on-7). There is no catastrophic insurance coverage during this period. No full contact camps for teams or issuing other equipment to individuals except as detailed in the all-star game/individual camp exception to be detailed later.
- (5) Restrictions and allowances after July 9 prior to first contact practice (practice in full gear):
- a. 7-on-7 and other simulations are allowed from July 10 to the first day any other pads are worn. Catastrophic insurance is not valid during these simulations, and the helmet is the only equipment allowed to be issued.
 - b. No other pads can be issued to players prior to the first date.
 - c. There is no opportunity for any team activity in full gear prior to the first date of wearing gear on August 1. (not new, has not been allowed in past)
- (6) All-star game/individual camp exception
- a. Gear may be issued to a player who has previously played for the team to participate in an individual camp or all-star game between the last day of the previous season and before July 21.
 - b. No individual camp (not a single postseason all-star game) may be held at a KHSAA member school, or at a facility utilized for games by a member school if that camp includes more than five (5) individuals from the same school during the entire camp. This includes camps sponsored by outside entities if a member school's coaches are present or any equipment is issued to participants.
 - c. The gear must be returned by the individual immediately following the camp.
 - d. Penalty for violation will be BOTH institutional, and against the coach, which may include multiple contest suspension.

Case BL-23-22- What is "full contact" and "live action" as used in Bylaw 23 related to football?

"Full contact" is defined as football drills or live game simulations where 'live action' occurs. 'Live action', as defined by USA Football, is contact at game speed where players execute full tackles at a competitive pace taking players to the ground. It is assumed that when players are not in full pads, no live action drills or simulations will occur. Players not in full pads may participate in 'air', 'bags', 'wrap', and 'thud' drills and simulations at any point. These contact levels are defined as:

Air – Players should run unopposed without bags or any opposition;

Bags – Activity is executed against a bag, shield, or pad to allow for a soft-contact surface, with or without the resistance of a teammate or coach standing behind the bag;

Wrap – Drills run at full speed until contact, which is above the waist with the players remaining on their feet; and

Thud – Same as wrap but tempo is competitive with no pre-determined winner and the players are not tackling to the ground.

Case BL-23-23- Is it permissible for a school team in a KHSAA Sport-Activity to compete in a final competition of a progressive event if the preliminary competition involved or was held as part of the KHSAA sanctioned and sponsored competition?

Yes.

Case BL-23-24- Is it permissible for a school team in a KHSAA Sport-Activity to compete in a final competition of a progressive event if the preliminary competition did not involve or was not held as part of the KHSAA sanctioned and sponsored competition?

No.

Case BL-23-25- How does a competitive cheersquad competing in more than one preliminary competition attempting to qualify for a state or national competition count against the limit of three?

Each attempt would count as one of the allowed three competitions.

Case BL-23-26- Is it permissible for cheer squads to conduct additional tryouts after the two-week period in April after the school year is over?

Yes. After the school year is over, the squad may, but is not compelled to, hold additional tryout periods, or make allowances for those students who were not enrolled in the school at the time of tryouts.

BYLAW 24. SUMMER SPORTS AND SPORT-ACTIVITIES

Sec. 1) SCHOOL TEAM PLAY IN SUMMER (NON DEAD PERIOD)

Member schools may participate in sanctioned play during the summer to complete spring seasons in baseball, softball, tennis and track and may begin sanctioned regular season play and practice as defined by Bylaw 23 prior to the opening of school in cheerleading, cross country, field hockey, football, golf, soccer and volleyball. Only participants eligible during the spring semester may compete on the school teams. All KHSAA eligibility rules apply, and full control of the summer program shall remain with the participating high school and the principal of that school.

Sec. 2) RESTRICTIONS ON FOOTBALL AND BOYS' BASKETBALL

Students shall not participate in any organized team activity or organized or semi-organized team competition in football in any format between the earlier of the last day of school and June 1 through the day prior to the start of the dead period. During this period, students may participate in activities such as weight training, skill development, individual camps (with per team limits on participation) and accepted open gym or field activities where no inter-school competition is involved.

Students shall not participate in any organized team activity or organized or semi-organized team competition in boys' basketball between the end of the dead period and July 31. During this period, students may participate in activities such as weight training, skill development, individual camps (with per team limits on participation) and accepted open gym/field activities where no inter-school competition is involved.

Sec. 3) SUMMER DEAD PERIOD

Students may not receive coaching or training from school personnel (either salaried or non salaried) and school facilities, uniforms, nicknames, transportation or equipment shall not be used each year in any KHSAA sanctioned sport or sport-activity during the period beginning with June 25, and going through July 9. School funds may not be expended in support of interscholastic athletics in any KHSAA sanctioned sport during this period. These restrictions shall not apply to postseason wrap-up activities, celebrations and recognition events relating to a spring sports team at a school which participated in KHSAA state championship play in that particular sport during that particular year.

Case BL-24-1- What is the purpose of Bylaw 24?

Section 1 of Bylaw 24 is critical to clarify the allowances for those sports that begin prior to the beginning of the school year, extend beyond the school year, or start their practice/contests prior to the start of the following school year. This rule empowers the school to begin the season before school starts,

or play through postseason elimination in spring sports.

Section 2 of Bylaw 24 was passed by the membership as a means of addressing a burgeoning issue in boys' basketball and football, wherein the small population of available male athletes were being forced to make choices due to the wishes of adults, many of whom may not have had the overall best interests of the student-athletes as their number one goal. The rule specifies a period where school based competition (including anything that could remotely be perceived as required or using school facilities) cannot be held in football (June prior to the Dead Period), and cannot be held in basketball (July, after the Dead Period).

Section 3 of Bylaw 24, the Dead Period was developed following a nearly year long task force review in the middle-1990s to address a growing issue where year-round athletics was eroding family opportunities for a break from participation, and outside entities were beginning to sponsor a growing amount of school based summer competition. In addition, over the years, many sometimes overzealous coaches required their players to play scores of games throughout the summer, in addition to a year-round workout regimen. While this may seem to be in the best interest of developing sports talent, such is not the purpose of high school athletics.

High school sports are to supplement classroom learning and allow for in-season competitive opportunities, not a year round Olympic or professional development period. Families were complaining that they could not plan vacations and family outings because of coaches' requirements and athletes were complaining of burn out. In addition, schools were increasingly concerned with liability issues related to the summer. In a survey conducted by the KHSAA, 80% of superintendents, principals and athletic directors who returned the survey indicated they supported a "dead period" in the summer. Initial responses were overwhelmingly in support of a four (4) week dead period. The primary intent of the regulation is to eliminate, for an approximately two (2) week period, the leverage a coach has over his/her high school athletes.

Case BL-24-2- Does Bylaw 24 apply to KHSAA Sport-Activities?

Yes. Any sport or sport-activity governed by the KHSAA Limitation of Seasons (Bylaw 23) is restricted by this rule and its interpretations.

Case BL-24-3- How is Bylaw 24, Section 1 interpreted for play in the summer held after the end of the school year and prior to the start of the next school year?

The following are the general provisions regarding summer play:

- (1) Any participant is eligible to continue participating in KHSAA sponsored state championship competition in baseball, fastpitch softball, tennis and track and field, even if their spring semester has ended. Only students eligible during the spring semester may practice or compete on any of the teams mentioned;
- (2) Individual athletes and athletic teams representing member schools may participate in nonschool competition following the conclusion of the school year provided that such competition is not in conflict with other KHSAA Bylaws;
- (3) School based play during the summer (other than fall sports after July 15) is governed by the local Board of Education (except for the Dead Period restrictions) and the local Board of Education assumes all responsibility; and
- (4) Students may begin official practice and play for fall KHSAA sports and sport-activities as part of the school team even if the school year has not yet begun.

The following describes the parameters for KHSAA catastrophic insurance coverage for the summer:

- (1) Insurance coverage provided by the Association, including but not limited to the Catastrophic Insurance Plan, does not apply to students participating in such activities as Amateur Athletic Union and other nonschool or out of season play in the summer.
- (2) The provisions of the Association insurance plan do not cover students attending individual or team camps during the summer in any sport prior to the first legal day of practice.

- (3) This summer exclusion also applies to members of the cheerleading squad.

Case BL-24-4- What are the restrictions on football practice and the use of equipment from June 1 to June 24 in compliance with Bylaw 24, Sec. 2?

These restrictions are:

- (1) A football player may not be issued any football gear, including the helmet (except for the individual camp exception detailed in Bylaw 25), and no organized activity can be held related to football on school grounds by team members;
- (2) School or booster funds may not be expended during this period;
- (3) No activity for a student-athlete may be required by a school representative in football. There may be no penalties assessed, expressed or implied for nonparticipation during that period;
- (4) An entry fee may not be paid for a team into a league, camp or tournament. There can be no school expenditure for camps, clinics, etc. which any of the players will attend;
- (5) Other necessary fees including officiating fees and game or facility management fees may not be paid;
- (6) Transportation or funding for transportation for team members may not be provided for student-athletes to go to games, camps or tournaments;
- (7) The school athletics facilities may not be used for organized football competition at which students from the high school are participants and for which no rental/lease arrangement exists using comparable regional fair market values;
- (8) The school athletics facilities may not be used for organized football competition at which students from the school are participants and at which members of the high school coaching staff are involved in coaching or facility management and preparation;
- (9) The school nickname, school name or other accepted likeness may not be used on school issued apparel, and the school name, nickname or other accepted likeness may not be used in any other facet of football activity;
- (10) There can be no organized competition against any other school or any other type of team;
- (11) No fund raising activity may require the participation, either implicitly or explicitly, of the student-athlete or parents; and
- (12) There is no KHSAA catastrophic insurance during this period.

Case BL-24-5- What are the restrictions on boys' basketball practice and the use of equipment from July 10 to July 31 in compliance with Bylaw 24, Sec. 2?

These restrictions are:

- (1) A basketball player may not be issued any basketball gear and no organized activity can be held related to basketball on school grounds by team members;
- (2) School or booster funds may not be expended during this period;
- (3) No activity for a student-athlete may be required by a school representative in basketball. There may be no penalties assessed, expressed or implied for nonparticipation during that period;
- (4) An entry fee may not be paid for a team into a league, camp or tournament. There can be no school expenditure for camps, clinics, etc. which any of the players will attend;
- (5) Other necessary fees including officiating fees and game or facility management fees may not be paid;
- (6) Transportation or funding for transportation for team members may not be provided for student-athletes to go to games, camps or tournaments;
- (7) The school athletics facilities may not be used for organized basketball competition at which students from the high school are participants and for which no rental/lease arrangement exists using comparable regional fair market values;
- (8) The school athletics facilities may not be used for organized basketball competition at which students from the school are participants and at which members of the high school coaching staff are involved in coaching or facility management and preparation;
- (9) The school nickname, school name or other accepted likeness may not be used on school issued apparel, and the school

name, nickname or other accepted likeness may not be used in any other facet of basketball activity;

- (10) There shall be no organized competition against any other school or nonschool team;
- (11) No fund raising activity may require the participation, either implicitly or explicitly, of the student-athlete or parents;
- (12) There is no KHSAA catastrophic insurance during this period; and
- (13) Girls' basketball is not effected by these restrictions.

Case BL-24-6– What restrictions are in place for the member schools during the KHSAA Dead Period (Bylaw 24, Section 3) including restrictions on facilities?

The following restrictions are in place for member school representatives (including groups of schools and school representatives, booster organizations) during the dead period, and apply to all persons connected with the member school, including coaches:

- (1) School or booster funds may not be expended during this dead period;
- (2) No activity for a student-athlete may be required by a school representative in any sport during the Dead Period. There may be no penalties assessed, expressed or implied for nonparticipation during that period;
- (3) An entry fee may not be paid for a team into a league, camp or tournament. There can be no expenditure for camps, clinics, etc. which any of the players will attend;
- (4) Other necessary fees including officiating fees and game or facility management fees may not be paid;
- (5) Transportation or funding for transportation for team members may not be provided for student-athletes to go to games, camps or tournaments;
- (6) The school athletics facilities may not be used for organized competition at which students from the high school are participants and for which no rental/lease arrangement exists using comparable regional fair market values;
- (7) The school athletics facilities may not be used for organized competition at which students from the school are participants and at which members of the high school coaching staff are involved in coaching or facility management and preparation;
- (8) The school nickname, school name or other accepted likeness may not be used on school issued apparel, and the school name, nickname or other accepted likeness may not be used in any other facet of athletic activity;
- (9) No fund raising activity may require the participation, either implicitly or explicitly, of the student-athlete or parents; and the students and coaches cannot be together in any of these type of activities;
- (10) School owned or issued equipment shall not be issued to or used by any athlete with eligibility remaining, including but not limited to football or baseball catching gear;
- (11) There cannot be money spent on travel to or from a camp, clinic or other activity during the Dead Period, even if none of the practice, competition or evaluation occurs during the Dead Period as this is an expenditure of school funds or resources in support of athletics;
- (12) There cannot be distribution of equipment to student-athletes nor distribution of uniforms or other items during the Dead Period; and
- (13) There can be no direct communication to any student-athlete by a coach or member of the coaching staff/team regarding activities that are being held either during the dead period, or after. This includes all form of communication, verbal and written, as well as using any medium including social media.

Case BL-24-7– What specific restrictions are in place for coaches (paid or unpaid, at any level grade 9-12) including the sport-activities for the KHSAA Dead Period (Bylaw 24, Section 3) if the activity involves a student enrolled at the member school where a coach is employed?

The following restrictions are in place for all coaches, paid or unpaid, head or assistant:

- (1) No coach may coach a student-athlete in any setting if that student-athlete has previously represented the high school

(varsity, JV or freshmen) and if sports specific skills are being taught, refined, developed or evaluated;

- (2) No coach in a sport at a school may coach other individuals who are enrolled in grades 9-12 but may not have yet played for the school;
- (3) A coach may not pay the entry fee for a team into a league, camp or tournament;
- (4) Other necessary fees including officiating fees and game or facility management fees may not be paid by the coach;
- (5) A coach may not provide transportation or funding for transportation for team members to go to games, camps, tournaments or any other type of play;
- (6) No member of the coaching staff may assist in making game-like preparations for the school facility including but not limited to, baseline marking, outfield line marking, batter's box marking, maintenance of the mound and base cut-outs; or the use of school facilities or equipment for such setup. This does not preclude the coaching staff or others participating in nonsports specific off-season turf or other facility maintenance;
- (7) No fund raising activity may be held during the period which would require the student-athlete and the coach to be present. These activities are inherently or specifically mandatory for the student-athletes and may not be held during the dead period. Simply stating that something is not mandatory does not in and of itself make the activity legal. Even if an activity is totally optional, it is not permitted for the coach(es) and student-athletes to be together during this period;
- (8) There can be no coaching of athletes in a particular sport by coaches from the same school who coach in another sport. Coaching, for the purposes of the Dead Period, is defined as any time the athletes are participating in that coach's sport in a setting in which skills are taught, refined, practiced or evaluated. Attendance at a scrimmage or contest is included in the definition of coaching. This coaching restriction includes all members of the athletic coaching staff, paid or unpaid. This restriction prohibits the delegation or assignment of activities by any member of the coaching staff to other individuals, including student-athletes who may or may not be participating. All coaching restrictions are in place whether the activity is conducted within, or outside of the school. The coaching prohibition is on the institution, not the individual;
- (9) There can be no observation of student-athletes who are enrolled at the coach's high school, even if such observation is in conjunction with outside employment such as camps, leagues or clinics. The only exception is detailed in the allowable activities concerning the observation (including transportation) of the coach's children (blood or by marriage) who are on the playing roster and actively participating on the regular high school team at a member school; and
- (10) There may be no formal or informal communication between a coach and any member of the team during this period, including telephone, email, other electronic means or in person contact if the communication relates in any way to participation. This restriction includes upcoming meetings, plans, motivational contact or any other contact during this period.

Case BL-24-8– What specific restrictions are in place for student athletes in KHSAA Sports and Sport-Activities (Bylaw 24, Section 3)?

The following restrictions are in place for student-athletes during the dead period:

- (1) A student-athlete may not wear school issued or school identifying apparel, including sleeves, jerseys, pants, catching gear or hats during games, camps or tournaments; and
- (2) The school nickname or school name may not be used on nonschool issued apparel during this time.

Case BL-24-9– What activities are permitted during the KHSAA Dead Period (Bylaw 24, Section 3)?

The following activities are permitted by member school representatives (including booster organizations) during the dead period:

- (1) School facilities may be used for nonhigh school aged

- summer leagues, tournaments and camps provided 1) a documented market value lease agreement exists; 2) players from that school are not involved in any manner if a high school coach is involved; and 3) coaches from that high school are not involved in any manner if a player is involved;
- (2) A school may hold a celebratory activity or activities commemorating participation in the KHSAA State Tennis, Track, Softball or Baseball State Championships (Final state events, not qualifying rounds). The events shall be celebratory in nature, featuring recognitions of the athletes and squad members. No practice, play or future season planning or activities may occur;
- (3) A school may conduct its annual mass physical exams during this period provided there is no contact with any member of the coaching staff for any reason and this is not the sole opportunity provided to the students at that member school;
- (4) Coaches who have a son or daughter (blood or by marriage) participating may attend contests. Even with attendance allowed, this person cannot be involved in coaching the team;
- (5) Coaches may be involved with outside activities and leagues as long as there is no contact with members of his/her high school team and as long as the coach is not in attendance when any of his/her players are participating. Coaches should be cautioned against using this type of activity in violation of Bylaw 10, Recruitment;
- (6) Member schools may allow camps to be conducted for nonhigh school students on school athletic property by high school coaches during this period provided there is no contact with any athlete who had participated at any level within the school athletic program, regardless of the grade or age of the student. The members of the high school team may only work at such a camp if the high school coaching staff is not present;
- (7) Coaches may serve as a paid contest official;
- (8) Students who are members of the same high school team may participate together in outside competition as long as a member of the high school coaching staff does not coach them or attend the contests; and
- (9) A participant (or participants) on a school team in a KHSAA Sport-Activity may compete in a final competition of a progressive event if the preliminary competition was held involving KHSAA sanctioned and sponsored competition.

b) Coaches Education Program for Coaches at the High School Level

(1) A Coaches Education Program has been approved as the coaching education program in Kentucky. The program shall include a course of study to include a KHSAA approved Coaches Education Program, KHSAA rules information and local district policies. The cost of attending the KHSAA Coaches Education Program shall be the responsibility of the individual coach(es). Local school districts or local schools may, upon successful completion of all coaching education requirements including all examinations, reimburse the coaches for the expense of attending the course.

(2) Level 1 individuals assigned to duties as a coach (head or assistant), who are hired as a member of the school system faculty for the first time following the 1995-96 school year shall take and complete all requirements for the Kentucky Coaches Education Program as detailed in Section b(1) above within one year of the initial assignment to coaching duties or prior to the legal start of practice for the next competitive season in any particular sport to which the individual is

- d) KHSAA Rules Clinic for Coaches at the High School Level
 - (1) All coaches (head and assistant) shall annually attend at least one rules interpretation clinic conducted by representatives of the KHSAA in the sport in which they coach and the school desires to enter a team in postseason play, provided these clinics are conducted under the authorization of the Commissioner.
 - (2) The penalty for noncompliance with this section shall be suspension from coaching duties in all contests for a period not to exceed one year or any penalty otherwise included in Bylaw 25.
- e) Continual Education and Improvement

As approved by the school or school system, each coach shall be required to demonstrate attendance and participation in continual improvement activities involving the teaching of skills and tactics, evaluation of opponents, and opportunities for adaptation of updated systems to enhance the student participation experience.

Case BL-25-1- What is coaching as used in Bylaw 25?

Coaching is defined as any activity by the coach at a time the athletes are participating in skills (either preparatory or specific to that sport) in a setting in which skills are taught, refined, or practiced. Coincident participation by a coach and an athlete in a sport such as a golf outing, where the coach and athlete(s) are not entered as a entry or group, or in an activity such as distance running with many runners but no direct coaching, would not specifically be considered coaching.

Case BL-25-2- What is a Coach as referred in Bylaw 25?

Coaching is the teaching, training, development or execution of specific processes, including any and all skills, tactics, techniques or strategies, by which an individual attempts to improve the individual or a team's ability to perform in sports or sport-activity competition. It is not required that the teaching, training, development or execution be solely specific to the skills and tactics of the sport, but could also include

position specific training, overall physical conditioning training or general aspects applicable to all sports. Individuals who perform these functions specifically on behalf of the coach or school, even at outside venues, shall be considered to be coaching.

Any person, paid or unpaid, that performs these functions is considered a coach.

This includes specialized instructors such as hitting and catching coaches, cheer instructors, goalie coaches and other individuals who are providing instruction. All persons meeting these definitions of a coach are subject to the restrictions and requirements of Bylaw 25.

Case BL-25-3- What is a Head Coach as referred in Bylaw 25?

The Head Coach is the head varsity coach for each sport unless stated specifically within the provision of the rule. A persons' designation as "head junior varsity coach" is simply an assistant coach with respect to this rule.

Case BL-25-4- Are Sport-Activities coaches required to meet the requirements of Bylaw 25?

Yes, all requirements within Bylaw 25 also apply to Archery, Bass Fishing, Bowling and Competitive Cheer coaches.

Case BL-25-5- What restrictions are in place for those individuals that a school chooses to utilize (not as a coach) who do not meet the provisions of a Level 1 coach or a Level 2 coach?

Persons assigned to duties as assistants within the program shall be limited to the following responsibilities upon approval of such assignment by the proper school authorities and in compliance with all adopted regulations. This shall not preclude any person qualifying as a Level 1 or Level 2 coach from performing these tasks.

- (1) Under the supervision of a Level 1 or 2 coach, persons not meeting the provisions of a Level 1 or 2 coach can assist with the program by:
 - a. Helping develop plans for daily and long range athletic activities;
 - b. Helping guide participants towards a harmonious team spirit;
 - c. Alerting the coaches to the special needs of individual athletes;
 - d. Providing assistance with supervision of athletes during periods of team travel;
 - e. Recommending the purchase of equipment, supplies, and uniforms as appropriate for the health, safety, and welfare of student-athletes; and
 - f. Performing other non-coaching duties assigned by the principal, athletic director.
- (2) No person other than those employed as a Level 1 or 2 coach shall be allowed to participate in any supervisory capacity with interscholastic Sport or Sport-Activity teams, perform any other "coaching duty" as prescribed by the playing rules within a sport, nor shall any otherwise qualified person exceed his respective duties as set forth in this Bylaw.

Case BL-25-6- What professional development activities are required by the Board of Control for those coaches with less than sixty-four (64) hours of college as required in Bylaw 25, Sec. 1(b)(4)(iv)?

In addition to the base requirements including age, high school graduation and background check, the following Professional development shall be required prior to the first contest:

- (1) Completion of the NFHS Coaching Principles Course;
- (2) Completed the following courses via www.nfhsearn.com:
 - a. Engaging Effectively with Parents,
 - b. Teaching and Modeling Behavior,
 - c. Teaching Sports Skills OR a sports specific course, and
 - d. Concussions in Sports;
- (3) Additional requirements as may be specified by the local school board.

Case BL-25-7- Is it permissible for a person who is employed in one district, but serves as a full-time teacher in another district, to be employed to coach?

Yes, this person can be hired. However it should be noted that if these schools were not in the same school district under the same Board of Education, this person would be considered a Level 2 coach for the purposes of this bylaw. These provisions also apply to competitive cheer (spirit).

Case BL-25-8- Is it permissible for a coach at a high school level team to coach another level within the school district outside of the Limitation of Seasons for the sport?

Yes. As hiring decisions are to be made at the local level, any provisions preventing a coach from being involved with his/her own players in play outside of the high school team DO NOT APPLY to other levels of play where the coach is hired by the same local Board of Education for interscholastic play. For example, the high school coach (any member of the staff) COULD be hired to coach the middle school basketball team within the same local Board of Education even if a member of that middle school team had played on the high school level (freshman, JV or varsity).

Schools are cautioned that involving school coaches with nonhigh school teams, particularly in middle schools which feed more than one high school, should be monitored to ensure that problems related to Bylaw 16 (Recruitment) do not surface due to this coaching.

Case BL-25-9- What restrictions are in place for schools who hire coaches who are retiring as teachers but want to remain in coaching?

Individuals retiring from service to Kentucky schools, either as members of the Kentucky Teachers Retirement System, or the Kentucky Employees Retirement System, should consult the system with regard to re-employment provisions. Certified employees will need to have a KTRS Form E30 approved, which can only be done post-retirement, in order to comply with the regulations of the system. In addition, school representatives should note that a retired coach who is no longer teaching in the district becomes a Level 2 Coach and is required (if not already completed) to successfully complete the Coaching Education program and other Level 2 requirements.

Case BL-25-10- Does retiring, resigning or otherwise being relieved of coaching duties waive any of the requirements for coaching if the coach is later asked to come back into coaching in that sport at that school?

No. A coach resigning, retiring or being otherwise relieved of coaching following a sports season does not relieve himself/herself of the responsibilities such as medical symposium attendance if in fact they are rehired for the following year.

Case BL-25-11- Does the KHSAA have regulations regarding job postings for the hiring of coaches?

No. Bylaw 25 includes the requirements for those holding positions, but hiring, posting and employment policies are established at the local school district level. Schools shall comply with published rules on all postings within the district, as well as all other KDE hiring regulations.

Case BL-25-12- Are coaches required to be paid a salary and how do member schools hire coaches?

No, there are no salary requirements. Bylaw 25 restrictions apply whether or not the coach is paid, regardless of the level (varsity, JV, freshman). Bylaw 25 states that "any person assigned to coaching duties at any level (grades 9-12) shall be duly employed through the respective board of education, and the entire coaching salary shall be paid through such board in accordance with local Board of Education Policy." The provisions specifically address all Level 1 and Level 2 coaches. These coaches shall be designated, appointed, approved, or hired within the published policies of the Local Board of Education. Coaching salaries (including whether or not coaches are paid) are the jurisdiction of the Board of Education through the budgeting process. There may be some cases, at the discretion of the school and school system, where Level 1

or 2 coaches are appointed at no salary. This is permissible as long as they have been duly designated through the policies of the local school or Board of Education. If a salary is paid, it shall be paid entirely through the local Board of Education.

The KHSAA has no jurisdiction as to whether or not persons that are neither Level 1 nor Level 2 are used within the athletic program. Local Board of Education policies should address persons that do not meet the requirements of a Level 1 or 2 coach, and the terms and conditions of their designation shall be in accordance with applicable state law.

Case BL-25-13- Is it permissible for a coach to receive in-service credit for Sports Safety Course, Medical Symposium or Coaching Education Attendance?

This is a local district option. The Kentucky Department of Education no longer has specific approval for certain types of in-service credit. According to the department, the four basic (traditional) days and the additional five days, if part of the approved program of in-service in a district, may count in any manner approved by the local district. Such things as workshops and conferences, particularly on timely topics such as HIV and blood borne pathogen education, are not only approvable, but also encouraged by the department. The important key is the inclusion in the local district in-service or professional development program.

Case BL-25-14- Who has to take the coaching education course?

If a person has not remained continuously on the faculty at the school or within the school system he/she desires to coach since 1995-96, they shall take the course. This includes Level 1 head and assistant coaches (who were not on the 1995-96 faculty), and Level 2 head and assistant coaches. Whether or not the person was a coach on the staff is irrelevant to this requirement as faculty status is the determinant.

Case BL-25-15- If a coach has completed the Coaching Education course and changes schools or districts, do they have to re-take the course?

No. The coaching certification is a one-time certification and is not required to be repeated if all of the requirements have been completed.

Case BL-25-16- Is a school compelled to pay the required fee for a coach to take the required Coaching Education course?

No, this is a local district option. The payment (or reimbursement) of the fee is not mandatory. Districts who are paying the fee for the coaches may not reimburse the fee to the coaches until all requirements including the applicable tests, are completed.

Case BL-25-17- What is the Sports Safety Course and who is required to take the course?

HB383 of the 2009 Kentucky General Assembly required each coach to complete a Sports Safety Course in order to coach, and to remain current by taking an approved course every two years. The course shall be taught by a Medical Doctor, a Doctor of Osteopathy, Registered Nurse or Certified Athletic Trainer. A coach that has not taken and successfully completed the course will not be able to coach at practice or contests. Coaches must remain current in the requirement to be able to be at practice or competition.

Case BL-25-18 - How does a GED count toward the high school graduation requirement for being a Level 2 coach?

This is a local district decision. The district may choose to recognize the GED in terms of its employment requirements or not to recognize the GED, but in the hiring of coaches, the decision of accepting or not accepting the GED as proof of graduation shall be consistent with the employment of other positions in the district.

BYLAW 26. RULINGS, REPORTING OF VIOLATIONS**Sec. 1) REQUESTS FOR RULINGS**

The principal or Designated Representative shall direct all requests for rulings and interpretations to the Commissioner in writing. In

all cases in which players are involved, the names of the players and all possible pertinent information shall be given.

Sec. 2) REPORTING OF VIOLATIONS

Any person wishing to report a violation of the KHSAA Constitution, Bylaws or Competition rules shall do so in writing. If evidence is presented to warrant an investigation, the Commissioner shall ensure that an investigation is performed. The Commissioner's office shall notify the principal or superintendent of the protested school, telling him or her the exact nature of the charges made. If an investigator is appointed to gather evidence in connection with the protest, he shall provide a copy of the report to the Commissioner, and a copy shall be made a part of the official school records with the Association and shall be made available to the principal or superintendent of the schools involved upon request.

Case BL-26-1- How shall requests for rulings be made?

Requests shall be made in writing to the Commissioner, with all pertinent information given. Rulings will not be made on hypothetical cases, nor will they be made by telephone. Official rulings will only be made in writing. While the staff will strive to interpret the bylaws to aid schools in the administration of the athletic programs, a written ruling shall supersede and take precedence over any verbal interpretation.

Case BL-26-2- How does the KHSAA deal with calls from parents or students regarding eligibility?

The KHSAA staff prioritizes calls from the member school representatives. The KHSAA staff receives hundreds of phone calls and electronic mail messages each week from member schools. Because the KHSAA exists to serve those schools, responding to their inquiries is the top priority. The large volume of calls from parents and students has dramatically effected our ability to serve the member schools. School administrators will remain the first and preferred contact resource for parents and students. The KHSAA will refer calls from parents or students to the appropriate school personnel, and ask that the administrator contact the KHSAA if there is a need for more clarity or a specific answer.

Case BL-26-3- How does the KHSAA review and respond to anonymous calls and letters?

Bylaw 26 requires all material submitted regarding the KHSAA for protests and reporting of violations to be in writing. If such reports are anonymous, the letters shall be forwarded by the Commissioner's office to the school administrator of the school in question, with no further action taken by the KHSAA unless that administrator reports a violation or further substantiated information is received. Anonymous callers shall be informed that the KHSAA staff has no authority to act on anonymous calls unless the caller is willing to provide credible substantiative evidence to warrant further review.

BYLAW 27. IMPOSITION OF PENALTIES

Sec. 1) AUTHORITY TO PENALIZE

- If Association rules and regulations have been violated, penalties may be imposed on the offending schools or individual within the defined parameters of this bylaw, the KHSAA Due Process Procedure, and KRS Chapter 13B. These penalties may be by the Commissioner's office, the KHSAA Hearing Officer or the Board of Control dependent upon the specifics of the bylaw, KHSAA Due Process Procedure, or KRS Chapter 13B.
- Each member school of the KHSAA through its Principal shall ensure that its athletic program remains compliant with KHSAA rules and that there is institutional control over the interscholastic athletic program.

Sec. 2) EXCEPTION TO PENALTY AUTHORITY FOR COURT ORDERED PLAY

A member school, student, coach, or administrator shall not be punished or sanctioned, in any manner, by the KHSAA for allowing a student to play in an athletic contest or practice with the team during a time when an order of a court of competent jurisdiction permits the student to participate or otherwise stays or enjoins enforcement of a final KHSAA decision on eligibility.

Sec. 3) RESPONSIBLE PARTIES

Any member elementary or secondary school or school employee or official who knowingly allows participation of an ineligible player under the provisions of this bylaw, or who, through reasonable diligence, should have known of that ineligibility, shall be considered in noncompliance with state accreditation standards or guilty of willful neglect of duty or breach of contract. This provision shall apply not only to coaches, but also to personnel supervising coaches including an athletic director, an assistant principal, a principal, an assistant superintendent, a superintendent, or a school board member.

Sec. 4) PENALTY OPTIONS

For violation of any rule or regulation by any member school or school designated staff, student-athlete, official, or other representative, the penalty as may be called for under the specific rule or regulation, or, in case no specific penalty is called for, disciplinary action, including warning, reprimand, probation, suspension, or payment of a fine may be imposed.

a) FINE

- A fine may be levied in lieu of, or in addition to, any other penalty imposed upon the school and may only be levied against a member school.
- The Board of Control shall adopt a schedule of fines and publish said schedule annually in the Association Handbook.
- The fine schedule shall also include any amounts paid by the Association or received by the school as a result of postseason competition.
- A fine shall not be levied against any individual within the interscholastic athletic program but may only be levied against the member school and only for selected violations as determined by the Board of Control.

b) FORFEIT

- The forfeit of contests or meets may be included in penalties assessed for violation of Association rules.
- In addition, if a student is declared ineligible, all contests in which he or she has played while ineligible shall be forfeited to the opposing team.

c) WARNING

A warning may be issued which is written notification that a violation, or an inexcusable or unethical action, has occurred, is a matter of record, and that the action shall not be repeated.

d) LETTER OF REPRIMAND

- A written reprimand of the individual, program, or school may be issued if a violation of the rules has occurred which was preventable.
- The action is a matter of record, and warnings that repeat actions of this type may be cause for further penalty.

e) PROBATION

- Probation is a more severe penalty and may be described in the following manner. Normally, an individual or a school on probation is on conditional Association membership, but may be permitted to engage in a regular schedule, sanctioned events, or district, regional and state championships. This is provided that the individual or school has taken steps to ensure the problem which placed the individual or school on probation has been alleviated and will not re-occur.
- Additionally, a school on probation may be restricted to limits on scrimmages, regular season contests or postseason competition as may be deemed appropriate.

f) SUSPENSION

- An individual participant, coach, specific sport or school may be suspended from competition or from scrimmage participation.
- This penalty may range from the elimination of individual or team(s) participation in games, tournaments, meets or state championship competition, to suspension of the school from the Association.
- Individuals or teams suspended may not engage in contests with member schools of the Association, or with any other school that is a member of another state associated with the National Federation of State High School Associations.

g) REIMBURSEMENT

- A fine may be levied equal to the amount of itemized legal fees expended by the Association in defense of its rules in a court of law in cases where a school or school system is directly

or indirectly involved in the legal challenge of an association rule which has passed via the proper Constitutional process and in which case, the Association prevails in court.

- (2) If the Association, its Commissioner, or other persons associated or employed by the Association are named as a party, or if the Association intervenes in any action to enforce a ruling, bylaw or other provision, it shall be presumed that the school where the student attends or the coach or other person is employed or is otherwise associated or connected, is involved in the legal challenge.
 - (3) The presumption of involvement may be rebutted by clear and convincing evidence.
 - (4) Involvement includes providing testimony, staff, staff legal counsel or funds for counsel, or direct filings by or on behalf of the school or school system.
 - (5) If the Association conducts an investigation regarding any player, coach, assistant coach, paraprofessional, booster, supporter or other person associated with a team, program or member school, and the investigation results in any penalty being imposed by the Association, the school may be required to pay all costs of that investigation.
 - (6) The costs may include the costs, fees and expenses charged by an investigator, and the costs, fees and expenses charged by the Association's legal counsel.
- h) **PERMANENT SUSPENSION**
Any coach, participant or other school representative may be permanently suspended from involvement in interscholastic athletics in this state if found by competent and conclusive evidence to be guilty of assaulting a sports official.
- i) **REDISTRIBUTION**
If a school is found to have used an ineligible competitor and as an extension to the fine penalty listed above, it may be directed that a portion or all of the net proceeds received from a postseason contest or tournament be returned to the host or redistributed to the other contest or tournament participants.
- j) **VACATE/STRIKE**
If a school is found to have used an ineligible competitor, it may be directed that Individual records and performances be vacated or stricken; team records and performances including place finishes be vacated or stricken; or Individual or team awards be returned to the Association.
- k) **SHOW CAUSE ORDER**
An individual coach (head or assistant, paid or unpaid) or athletic department representative (including all school employed personnel) may be issued a show-cause order for violations of KHSAA bylaws. Such order may also be issued for coaches, athletic department representatives or other personnel who fail to file complete information as requested, file false, misleading or inaccurate information or otherwise impede the discovery of facts related to a matter under review. This order may specify that for a period of time, any KHSAA imposed penalties against the coach, athletic department representative or school employed personnel will remain in force if the person is hired by another KHSAA member school. The Principal or Designated Representative of the new school desiring to hire the individual must submit in writing, the acceptance of these sanctions. If the member school wishes to avoid the sanctions imposed on that individual, the Principal or Designated Representative of the member school must appear before the Board of Control and show cause as to why the member school should not be penalized.

Case BL-27-2- What is a contest official as described in the permanent suspension provisions?

A contest official could be one of the game officials (referees), scorers, timers, or other game management personnel working in an official capacity at the contest.

Case BL-27-3- Are penalties from the KHSAA necessary when schools violate rules that are more stringent than KHSAA standards?

No. This is a situation between the member schools and is not a matter for Association review. For example, if a school has a more stringent academic requirement than the KHSAA minimum standard and then inadvertently allows a player to compete who is eligible by KHSAA rules, but not by local rules, KHSAA penalties do not apply. However, the offending school should report these situations to the opponents and take whatever agreed action is necessary.

Case BL-27-1- What are the possible penalties under Bylaw 27 for the violations of KHSAA rules?

Through the Due Process Procedure, the Commissioner may impose penalties under Bylaw 27, including each of the ten listed options. When cases are before the Board of Control, the Board has the same penalty options available.

Suspension, either of an individual or a program, is one of those penalties and could involve removal and restriction from contests or a reduction in schedule.

Other penalty options include Fine, Forfeit, Warning, Letter of Reprimand, Probation, Reimbursement, Permanent Suspension, Redistribution, Vacating/Striking and Show Cause Order. Each of these is described in detail in Bylaw 27.

Case DPP-1- What address should be used for filing appeals to the KHSAA?

For appeals to the KHSAA, address the appeal to Commissioner, KHSAA, 2280 Executive Drive, Lexington, KY 40505. All material mailed to the Hearing Officer or Board of Control shall be mailed to the same address. Appeals will only be accepted via US mail or other common carrier.

Case DPP-2- Is there an appeal process for students ineligible according to KHSAA Bylaws?

Yes, there is a Due Process Procedure. Appeals should be directed to the Commissioner c/o the KHSAA, 2280 Executive Drive, Lexington, KY 40505.

Case DPP-3- Is there a Philosophical Statement to guide the Ruling Officer in making rulings in Hearing Officer matters or the Commissioner in making rulings in Board of Control matters in accordance with this procedure?

Yes. The Constitution and Bylaws of the KHSAA were developed and approved by the member schools of the Association and represent the direction the schools desire in governing high school athletics. The Ruling Officer (or the Commissioner in Board of Control matters) is to determine if strict application of the rule is unfair to the student-athlete because the circumstances creating the ineligibility are clearly beyond the control of the parties involved. In those cases and in accordance with the applicable bylaws and this procedure, the Ruling Officer (or the Commissioner in Board of Control matters) may waive the rule and declare the student eligible or may choose not to waive the provisions of the rule. Participation in interscholastic athletics is a privilege for students who are in compliance with the Constitution and Bylaws of the KHSAA.

Case DPP-4- Is there a Philosophical Statement to guide appeals heard by the Hearing Officer and Commissioner in Hearing Officer Matters, and the Board of Control in Board of Control matters?

Yes. The Constitution and Bylaws of the KHSAA were developed and approved by the member schools of the Association and represent the direction the schools desire in governing high school athletics. The Hearing Officer and Commissioner shall be empowered to conduct eligibility hearings and determine the eligibility status of a student in Hearing Officer matters. The Hearing Officer or Commissioner, in Hearing Officer matters, shall determine if strict application of the rule is unfair to the student-athlete because the circumstances creating the ineligibility are clearly beyond the control of the parties involved. In those cases, a waiver of the rule may be granted or the Hearing Officer or the Commissioner may choose not to waive the provisions of the rule. In addition, the Hearing Officer may direct the Commissioner to study revisions in the applicable rules. Participation in interscholastic athletics is a privilege for students who are in compliance with the Constitution and Bylaws of the KHSAA.

Case DPP-5- If the Hearing Officer recommends overruling the original decision of the Ruling Officer when does that decision take effect?

When the Hearing Officer makes a recommended order to the Commissioner, his/her findings of fact, conclusions of law, and recommended order are to be submitted to the Commissioner in accordance with the timelines of the Due Process Procedure. The Commissioner may accept, reject, modify or remand that recommendation. Until final action is adopted by the Commissioner, the original ruling under appeal remains in force.

- (15) The school has distributed KHSAA Form GE04 in its entirety, including the applicable student eligibility rules and the Physician consent and Parental permission forms to each prospective student-athlete, and that this school properly maintains on file the written permission of the parents of each student-athlete and the required physical examination form until the student graduates from the school;

- (1) The fact that a student is retained in a lower grade because he/she fails to pass the required number of courses, is

voluntarily withdrawn from school or repeats a lower grade shall not be sufficient grounds for recommending a waiver;

- (2) Likewise the fact that a student, who is otherwise eligible for promotion to the next grade, repeats a grade because he/she is among the smaller students in the class and/or to gain social and/or emotional maturity shall not be sufficient grounds for recommending a waiver;
- (3) The fact that a student misses school for a prolonged period of time because of events that are/were beyond the control of the student and/or his/her parent or guardian, which events cause him/her to repeat a grade may be grounds for recommending a waiver provided the requisite documentation is present; and
- (4) A waiver request based on time missed from school because of a serious injury or prolonged illness shall not be granted unless supported by a physician's record which establishes that the absence from school was directly and solely related to such injury or illness.

Sec. 15) REPORT

- a) Following consideration and review of documentation, the RIC Chair shall report to the Commissioner's office regarding the findings of the RIC, including the vote of the members of the RIC if one is taken.
- b) This report shall be considered a recommendation, but is not binding within the Due Process Procedure of the KHSAA.

Sec. 16) COOPERATION WITH RECOMMENDATIONS

- a) The administrative recommendations of the RIC shall be accepted in good faith by all member schools.
- b) This provision shall not be construed as preventing the principal of a member school from exercising his/her school's right, or a defined aggrieved party from exercising the same right, to due process by appealing decisions through the Due Process Procedure.

INFRACTIONS/PENALTY COMMITTEE STRUCTURE POLICY

Sec. 1) PROCEDURES FOR HANDLING PENALTIES

- a) The Commissioner and Board of Control ("Board") each have a role in administering penalties for KHSAA Constitution or Bylaws violations.
- b) Unless specifically covered in any bylaw, the standard penalties are listed in Bylaw 27.
- c) All matters considered by the Commissioner or the Board shall be conducted in compliance with the Due Process Procedure and any findings are appealable by aggrieved parties as defined in that procedure.

Sec. 2) MATTERS TO BE DETERMINED BY THE COMMISSIONER

- a) Reports of violations should be submitted to the Commissioner. If such evidence is presented in compliance with the Bylaws of the KHSAA as to warrant an investigation, the Commissioner shall direct an appropriate investigation of the allegation(s).
- b) At the conclusion of an investigation penalties in accordance with Bylaw 27 may be levied by the Commissioner at his/her discretion.
- c) The Commissioner, per the Constitution, shall enforce all penalties provided for, and fix penalties for violations for which no penalties are prescribed.
- d) Penalties levied by the Commissioner shall be summarized for a report at a subsequent Board of Control meeting.
- e) Penalties levied by the Commissioner may be appealed to the Board of Control per the KHSAA Due Process Procedure.

BASKETBALL PRIME DATE SCHEDULING POLICY (REQUIRED OF ALL MEMBER SCHOOLS)

In fairness to the participants in girls' basketball, and those within the programs including parents, students and fans, the Board of Control has developed this policy to ensure that there are opportunities for girls' basketball to be played on "prime dates".

These dates are Friday night, any time on Saturday, and any time on Sunday. Compliance with this policy neither expresses nor implies that a member school is in (or not in) compliance with Title 20, U.S.C. Titles, 1681-1688, et. Seq. (Title IX).

PRIME DATE REQUIREMENT

Sec. 1) BASIC REQUIREMENT (40% rule)

- a) Each basketball season, a member school shall meet one of two alternative methods of prime date compliance with respect to the scheduling of basketball games. The member school shall:
 - (1) Play at least forty (40) percent of its girls' home basketball games on a prime date, defined as Friday night, Saturday or Sunday, wherein tournaments shall only count as one game played toward this requirement; or
 - (2) Play at least forty (40) percent of its girls' basketball schedule (all games) on a prime date, defined as Friday night, Saturday or Sunday. Schools using this method must play at least one prime date game in each of the months of December, January and February.

Sec. 2) ANNUAL PRIME DATE COMPLIANCE PROCESS

- a) Each year, the KHSAA shall review all girls' regular season basketball schedules (hereinafter "current schedule"). These annual reviews shall begin with the first legal regular season playing date. Schools that are not in compliance with the forty (40) percent requirement on the first playing date shall be contacted on or before December 31 of the playing season in an effort to allow for schedule corrections or revisions to comply with the forty (40) percent requirement. The school shall be notified of the potential penalties for non compliance with this correspondence.
- b) Schedules shall be posted on the KHSAA website in the manner as instructed by the Commissioner's office prior to the published deadline. Schedules shall be accurate and include entry and designation of games that are involved in tournaments, classics, festivals and other multi-game events.
- c) At the end of the regular playing season, the schedules shall be reviewed for final compliance with the requirement.

Sec. 3) PENALTY FOR NONCOMPLIANCE WITH THE PRIME DATE REQUIREMENT

- a) Based on the final review at the end of the regular season, if a member school's total home games for girls' basketball do not comply with the forty (40) percent requirement, the following penalty shall be applied:
 - (1) The boys' basketball regular season total game schedule for the following school year shall be reduced by two games as compared to the current boys' basketball schedule.
 - (2) The overall two contest reduction shall be achieved by reducing boys' home basketball games.
 - (3) In the case that a school does not have any home games, the penalty shall be applied to away games.
 - (4) In the event that this penalty is imposed, the offending school shall count the game as a forfeit with respect to KHSAA Bylaws and shall comply with the provisions of Bylaw 27 as it relates to forfeit fees and other penalties. The game may not be replaced on the offending team's schedule but may be replaced on the opponent schedule.
 - (5) Schools may not schedule or enter additional tournaments from the benchmark year as a means of circumventing the penalties within this policy.
 - (6) Schools will be notified of the reduction in the allowable boys' games for the following season after the conclusion of the current season.

Sec. 4) EXAMPLES OF POSSIBLE PENALTY APPLICATIONS

- a) On the first legal playing date for the season, Jones High School's regular season girls' basketball schedule reflects they are not meeting the forty (40) percent requirement. Jones High School is reviewed again at the end of the season, and does not meet the forty (40) percent requirement.
- b) During that same season, the boys' total number of regular season games played is twenty-three (23) as defined by Bylaw 23. Within this 23 count, there are twenty-one (21) single games being played and two tournaments counted in a reduced fashion per the rule. The boys' team played six regular season home single games.
- c) Due to noncompliance with the forty (40) percent requirement for girls' basketball, Jones High School's total number of allowable boys' regular season single games for the following regular season shall be reduced to twenty-one (21). This

reduction would not apply to the allowable two tournaments that may be counted in a reduced fashion.

- d) In this example, the total allowable number of regular season home games for the following season may not exceed four single games.
- e) Should this reduction occur, the KHSAA Staff shall work with member schools to accomplish the identified contractual game reductions.

RECOMMENDED BASKETBALL PRIME TIME SCHEDULING

Sec. 1) PRIME TIME SCHEDULING

- a) Prime time scheduling is a means to ensure fairness to the students, particularly girls, who perhaps have had disadvantaged scheduling in the past.
- b) More scheduling equity can be accomplished by scheduling boys' and girls' basketball games on separate nights with prime time starts for both or by scheduling doubleheaders and alternating boys' and girls' start times.
- c) The following schedule is recommended in the event that double headers are used to meet the Prime Date Requirement.
 - 1) One doubleheader (Optional As To Which Team Plays Second)
 - 2) Two doubleheaders (Girls Game Recommended to Be Second At Least Once)
 - 3) Three doubleheaders (Girls Game Recommended to Be Second At Least Once)
 - 4) Four doubleheaders (Girls Game Recommended to Be Second At Least Twice)
 - 5) Five doubleheaders (Girls Game Recommended to Second At Least Twice)
 - 6) Six doubleheaders (Girls Game Recommended to Be Second At Least Three Times)
 - 7) Seven doubleheaders (Girls Game Recommended to Be Second At Least Three Times)
 - 8) Eight doubleheaders (Girls Game Recommended to Be Second At Least Four Times)
 - 9) Nine doubleheaders (Girls Game Recommended to Be Second At Least Four Times)
 - 10) Ten doubleheaders (Girls Game Recommended to Be Second At Least Five Times)

AMENDED FEDERAL CONSENT DECREE OF 1971 (AMENDED 1987, 2008)

1. As provided by KRS 156.070, the State Board of Education, under its general powers and duties, has the management and control of the common schools. It is the judgment of the court that this responsibility and control cannot be avoided or relegated to the Kentucky High School Athletic Association and that the Board is accountable to see that the Kentucky High School Athletic Association, acting in a ministerial capacity, shall observe the requirements of the law in fostering and encouraging the participation in athletics of all who desire to so participate irrespective of race or color. Such participants shall be given a full and equal opportunity to have positions and places of responsibility in the high school athletic program in all its phases.
2. The Kentucky High School Athletic Association shall continue under its rules and by-laws in the structure of its present organization subject to the directives of this decree.
3. The constitution and by-laws of the Kentucky High School Athletic Association shall be changed and modified as follows:
 - (a) The members of the Board of Control shall be elected for a period of four years as now provided. There shall be 12 members of the Board of Control, at least two of which shall be black, and at least two of which shall be female.
 - (b) The Commission shall be composed of a Commissioner and four or five Assistant Commissioners, at least one of which shall be black and at least one of which shall be female.
 - (c) The Delegate Assembly shall not be limited in its membership to Principals of accredited secondary schools of good standing in the Kentucky High School Athletic Association, but shall be composed of Administrators, Principals or faculty members of

schools or school systems. While it is not practical to require a percentage of blacks to be named as Delegates, the districts shall bear in mind that a reasonable proportion of the Delegate Assembly shall be blacks.

- (d) Where the use of registered officials is required, the officials for each athletic contest in football, basketball and baseball shall be selected and shall be given to the schools involved at a reasonable time before the contest. Any head coach who objects to the selection of a certain official or officials to serve in contests in which his team will participate shall have a right to file a written protest with the Commission if filed a reasonable time before the contest. What is a reasonable time to be determined by the Commission. The Commission shall have a right to make any changes as it deems appropriate and in the best interest of the sport. It is recognized that to make out such a schedule is a very involved and tedious task and the Commission shall have authority to employ any assistance as it feels proper, subject, of course, to its supervision.
4. The Association shall establish a list of qualified officials to officiate in all high school sports and shall require that only such officials may officiate in interscholastic athletic competition. It may classify officials as Level 1, Level 2 and Level 3 and in so doing may adopt the standards now employed by the Association.
5. Pursuant to paragraph 5 of the original Decree herein filed Kentucky High School Athletic Association was required to take affirmative action to recruit black officials in the sports of basketball, football and baseball and was further required to report to the court within 60 days from the date of the original Decree concerning such action. An affidavit has been filed in the record herein on November 15, 1971, showing the results of such action. Kentucky High School Athletic Association shall make available to all persons so recruited academic and practical training, including participation as officials in practice, junior varsity and similar contests. The objective shall be to cause such persons to become fully qualified to participate as officials in varsity contests as soon as practicable.
6. The Second Amended Answer of defendants, Kentucky High School Athletic Association and Ted Sanford, pleading the amendment of Article IV, Section 2(a) of the Constitution of Kentucky High School Athletic Association be and it is hereby ordered filed and entered of record herein.
7. Plaintiffs herein represent of record all blacks constituting a class so numerous to make it impracticable to bring them before this court. The questions of law and fact affecting the rights of those plaintiffs raised herein by pleadings and proof are common to all blacks and are typical of the claim of the class of blacks. Therefore plaintiffs herein represent of record as a class all blacks as a whole. The Court is fully aware that at this date the high school football season is well advanced and it is not practicable to undertake to invoke the changes directed by this decree to apply to the high school football contests. The football season may proceed to its ultimate conclusion under the plan now in effect as provided by the Kentucky High School Athletic Association Constitution, Bylaws and tournament Rules 1970-71. In all other respects this decree is effective as of the date it is signed by the Court.

KHSAA OFFICIALS GUIDEBOOK POLICIES

Sec. 1) BACKGROUND

- a) In compliance with the Federal Court Decree of 1971 as amended, the KHSAA has guidelines to govern the licensing and assignment of high school (grades 9-12) sports officials. These policies exist to ensure adherence to that decree.
- b) The KHSAA Board of Control, through the Commissioner's office, provides for the licensing and regulation of contest officials in Baseball, Basketball, Competitive Cheer, Field Hockey, Football, Softball, Soccer, Swimming, Track & Field and Cross Country, Volleyball and Wrestling, for the cancellation of such registration for just cause, for the setting of licensing fees, and for the establishment of classification levels and requirements for those levels. Licensing to officiate/judge other activities may be expanded as offerings are added to the KHSAA.
- c) Officiating is not easy, and certainly not suited for every individual. An effective official needs to possess certain characteristics such as quick reaction time, confidence,

calmness, consistency, good judgment, cooperation, knowledge of the rules, duties and mechanics, professional appearance, top conditioning, courtesy, a sense of humor, and courage.

- d) The KHSAA believes that officiating is an important part of the athletic program. For this reason, considerable time, effort and money is spent on clinics, tapes and materials designed to increase the knowledge and improve the techniques of officials. The KHSAA Board of Control, through the Commissioner, has allowed for the designation of a member of the KHSAA staff to serve as the Supervisor of Officials for all KHSAA sports. This allows even more emphasis to be placed on recruitment and training of officials.
- e) In athletics, the official represents the integrity of the contest. By his or her action, on and off the field, court or pool, the official must earn through unquestioned honesty, demonstrated ability, obvious devotion and full understanding of the contest, its players, coaches, fans and newscasters, the confidence and respect which are the all important attributes for fine officiating.
- f) To achieve officiating excellence, an official must combine his or her knowledge of the playing rules with proper officiating mechanics. The official must be responsible for participants in the contest receiving his or her best effort to the end that he/she will "reach into the rule", refuse to be intimidated by players, coaches or fans, give the play the full flexibility of his/her judgment, and implement his/her knowledge and ability with intelligent, understanding courage.
- g) An official must possess an inner desire to continually improve and strive to be one of the best. Certainly, all officials will not succeed in becoming top officials, but most certainly, the official who lacks this desire to improve has stopped growing as an official.
- h) The Commissioner shall ensure through the Supervisor of Officials, that the Officials Division Policies (Officials Guidebook) are reviewed on a not less than annual basis, and that the Board of Control has final authority on all policy related matters to ensure compliance with the Federal Court Decree of 1971.
- i) It is hoped that this Guidebook will be a value to all concerned.

Sec. 2) ASSIGNMENT OF OFFICIALS

- a) Pursuant to the Amended Decree entered December 22, 1971 in E. Deedom Alston v. Kentucky High School Athletic Association, United States District Court, Eastern District of Kentucky, Lexington Division, No. 2274, where the use of licensed officials is required for an athletic contest in the sports of football, basketball and baseball, said officials shall be selected by a Commission, composed of the KHSAA Commissioner and the Assistant Commissioners.
- b) The Commission has the authority, however, to contract with individuals to assist with this selection. Pursuant to this authority, the Commission may enter into agreements with persons to directly assign regular season contests, known as "Assigning Secretaries". The Commission shall directly assign all officials for all KHSAA sponsored (district, region, semi-state, section and state) championship competition.

Sec. 3) KHSAA OFFICIALS DIVISION

- a) Under the provisions of the KHSAA Bylaws and in accordance with the provisions of the Federal Court Decree of 1971, as amended, the KHSAA shall define the roles to be played and duties to be performed by persons within the Officials' Division.
- b) All terms of contract positions within the Officials Division shall be set by the Board of Control, including length of appointment and salary.
- c) The Office of the Officials Division shall be at 2280 Executive Drive, Lexington, Kentucky. The Officials Division shall be responsible for the recruitment, supervision, training and assignment of officials to events where the use of licensed officials is required and where the KHSAA provides licenses. The KHSAA Commission has the authority, however, to contract with individuals to assist with the assignment of officials.
- d) Current specifications for the Officials Division are found in the KHSAA Bylaws, and in the KHSAA Officials Guidebook. KHSAA administration of each sports program shall remain with the KHSAA Commissioner and the KHSAA Assistant Commissioner with responsibilities for that sport. Programs involving

recruiting, training, developing, retaining and assigning officials in all sports shall be coordinated through the Officials Division.

Sec. 4) DEFINITIONS

- a) Commission - The Commissioner and Assistant Commissioners comprise the Commission.
- b) Assigning Secretary - This refers to the person engaged to assign the scheduled contests to the members of a local association, as well as provide/coordinate local training and development efforts.
- c) Basketball Region - This term is used generically to define the boundaries of the current basketball regions. These shall serve as reference points throughout the state and are not intended to imply only basketball. All KHSAA schools are within a basketball region, whether they play basketball or not.
- d) Licensing - the process handled by the KHSAA to license an official. It is the prospective official's responsibility to fulfill any and all requirements of the process.
- e) Board - this refers to the Board of Control of the Kentucky High School Athletic Association.
- f) Local Association - the group of officials formed under the auspices of a regional policy board and approved by the KHSAA.

Sec. 5) WORKING CLASSIFICATION OF LICENSED OFFICIALS (INDEPENDENT CONTRACTOR)

- a) Officials licensed by the KHSAA are independent contractors. Officials licensed by the KHSAA are not employees of the KHSAA or a member school when serving as an official and have no insurance or other benefits consistent with employment.
- b) The KHSAA automatically submits the proper membership fee to the National Federation Officials Association (NFOA) for membership from the license fee as requested by the official or applicant.
- c) Each official shall sign authorization to the following statement:
I hereby agree to join a local officials' association if required in my sport(s) and to work, as an independent contractor, a schedule of contests assigned by a local assigning secretary. Sec. 7) RECRUITMENT OF OFFICIALS

- a) The KHSAA is bound by Federal Court decree as well as by the very nature of its existence to recruit new officials. This has been done by many methods, most at the local level. The Officials Division has adopted the following standard procedures for recruitment of officials:
 - (1) The KHSAA shall ensure that local associations, through the Assigning Secretary, utilize any medium and format possible

to recruit new officials;

- (2) The regional colleges and universities in this state are encouraged to offer officiating classes as part of the curriculum. In addition, the KHSAA staff is ready to assist as guest lecturers, clinicians and instructors for these classes;
- (3) The KHSAA staff and Board of Control are strong advocates of advanced camps to improve the skill of officials and is ready to assist as guest lecturers, clinicians and instructors for these camps; and
- (4) The KHSAA offers a discounted license for full-time college students (12 hours) with verification of a full-time class schedule in an effort to get them involved at an early age.

Sec. 8) QUALIFICATIONS FOR LICENSING

- a) The minimum standards for licensing of all officials shall be:
 - (1) Applicant shall be a graduate of an accredited high school or be at least eighteen years of age;

- b) The fee which shall be published each year as part of the adoption of the standard minimum officiating fees, in order to license as an official with specific components as listed below:
 - (1) Administrative Fee - Each official or prospective official shall pay an administrative fee to license with the KHSAA. From this fee, the official will receive the membership dues into the National Federation Officials Association (NFOA) and insurance coverage fees shall be paid for each official as described in this brochure, notification regarding the Athlete Magazine when it is published online, and the other relevant news and mailings general to all officials. This administrative fee will also fund the Officials Trust Fund (\$5 per official for recognition programs and an annual banquet), and the required Criminal Background Checks;
 - (2) Per Sport Fee for Each Sport Licensed - Each official or prospective official shall pay a fee for each sport in which he/she desires to license. For example, a person desiring to license in one sport would pay the Administrative Fee and the fee for the sport. If a currently licensed official desires to add a new sport or renew in a previous sport after the deadline, the fee shall be the same as the re-licensing additional sport fee, and process would be as described for all new officials;
 - (3) College, University, or approved High School Mentor Fees - Each full-time student (12 hours) at a college or university (with verification of schedule submitted to the KHSAA) will have the Administrative Fee and the Per Sport Fee reduced.  - (4) Twenty-Five Year Officials - The fees for officials licensing into their 26th year or beyond shall be waived. However, the licensing process shall be completed through the KHSAA prior to the acceptance of any assignments;
 - (5) Late Licensure Fee - Each re-licensing official shall be charged a late fee for failing to license by the June 30 deadline in all sports. A late fine shall not be assessed for a re-licensing official who desires to add a first-time sport or for a new (prospective) official. Officials licensing after more than one

year of lapse in licensing are not subject to the late fee;

- (6) Late Clinic Fee - A fee may be assessed to officials who fail to verify competition of the required rules clinics in specific sports during the no-charge period. This fine shall be waived in a sport for first time licensing officials; and
- (7) NSF (Insufficient Funds) Check or Declined Credit Card - A fee will be assessed to any official whose check fails to clear the bank and the transaction results in the KHSAA having a fee assessed by its financial institution. Licensing will be suspended for these officials or prospective officials until this fee is paid.

Sec. 10) LOCAL OFFICIALS' ASSOCIATIONS

- a) The KHSAA's officiating program for recruiting, training and retaining officials depends upon the involvement of local officials' associations.
- b) It is the ultimate goal of the KHSAA to have every official as an active and participating member of a local officials' association.

 - (1) The recruitment and encouragement of new officials
 - (2) Assist the Assigning Secretary in administering training and rules discussion meetings for officials
 - (3) Monitoring the local association to ensure compliance to all KHSAA regulations and standards by member officials

 - (4) A list of the current officers of the local regional organization shall be kept on file with the Commission;

The background checks will be done using the database of the Kentucky Administrative Office of the Courts ("courtnet") or other comparable firm.
- b) Beginning with the 2010-11 licensing year, all new officials (prospective officials) shall have a background check done upon initial licensure. This first licensure shall be considered provisional in nature pending the successful completion of the background check. The cost of the Kentucky State Police Background check shall be borne by the appellant.
- c) Every fifth (5th) year, or at the discretion of the KHSAA, beginning with the 2010-2011 school year, each official shall have a background check done upon attempting to license.

 - c) Final Deadline (postmark) for licensing application and fee including applicable late fee is April 15 of the licensing school year. Items received after deadline dates will be returned and will not be processed and the prospective official will have to begin the new licensing process again during the following year's annual licensing period.
 - d) Each completed re-licensing form processed after June 30 of the upcoming licensing year shall be assessed a late fee. It is the official's responsibility to maintain address and contact information online if any has changed as the official will be liable for late fees without waiver.
 - e) Officials shall license in all sports with the same renewal form.

Many states accept such items as test scores, clinic attendance, etc. from an official's tenure in a previous state. Kentucky does not honor rules clinic attendance or transfer of licensing levels from other states.

- d) If a contest is canceled due to circumstances that occur after the officials have left home but prior to the start of the contest, the home school is responsible for the payment of the local policy board travel allowance fee to the crew of officials, plus a fee of 1/5 of the KHSAA established contest fee to each official.
- e) If a contest is postponed after the start of the contest due to inclement weather, the officials originally assigned to the contest shall make every effort to be available for the completion date. The member schools shall not be liable for an additional contest fee for the officials to work the re-scheduled contest, but shall be liable for an additional travel expense (mileage) fee. Each local officials' association is to implement a policy for the remuneration of officials working a re-scheduled contest who were not originally assigned to the contest.

Sec. 33) IDENTIFICATION REQUIREMENT

- a) It is important that prior to each contest, the Assigning Secretary and member schools verify that officials are licensed by the KHSAA. The official's responsibility in this situation is to present the current identification card to the host school Athletic Director before the contest.
- b) Under no condition shall an Assigning Secretary assign an official who is not properly licensed by the KHSAA to a freshmen, junior varsity or varsity high school athletic contest.

- d) Much of the information needed by officials (test scores, re-licensing forms, clinic attendance registry, detailed address and phone listings for officials, etc.) is only available through the secure login site.
- e) It is each official's responsibility to notify the KHSAA office immediately with any address changes. There will be no waiver of any late fees or obligations of an official due to mail or parcels

not arriving due to incorrect address information (electronic or regular mail).

Sec. 35) DISQUALIFICATIONS - REPORTS (ONLINE ONLY)

- a) It is the responsibility of the ejecting contest official to report immediately (within 24 hours) in writing any unsportsmanlike conduct or other action on the part of the coaches, players, school administrators, spectators or any other type of incident that results in the ejection of a coach, player, administrator, or spectator from a contest.
- b) Disqualifications are to be reported online via the KHSAA website, www.khsaa.org. Submission in this manner automatically forwards the report to both schools and to the Association.
- c) Incidents such as the ejection of a spectator or other nonplayer or coach shall be reported to the KHSAA immediately using the online system;
- d) The official must report the name and school of the offender with the report, and will be penalized for failure to properly complete this important administrative step.
- e) Officials reporting disqualifications should keep the reports direct and to the point, reporting the facts as they occurred. Officials are to refrain from opinions and editorial comments about prospective penalties.
- f) It is also the duty of each official to report any unusual incident which may or may not have led to unsportsmanlike ejection, but of which the knowledge is critical to the KHSAA in administering the sports program.

Contest officials are encouraged to learn the weather forecast prior to contest time and to work cooperatively with home contest administration prior to making weather-related decisions. Safety of the public and participants is the most important factor in any decision of this type.
- c) The Referee (Lead Official/Crew Chief) shall work cooperatively with home contest administration on decisions related to the KMA Heat Illness Plan. Final authority for this decision rests within home contest administration.

Sec. 40) PLAYING RULES AND QUESTIONNAIRES

- a) The playing rules that govern interscholastic competition in

Kentucky are formulated by the National Federation of State High School Associations (NFHS) for the sports of baseball, basketball, competitive cheer, field hockey, football, soccer, softball, swimming and diving, track and field (cross country), volleyball and wrestling. In these sports, the member schools and KHSAA officials are required to utilize only this set of rules.

- b) The playing rules that govern interscholastic competition in Kentucky are formulated by the NFHS for the sport-activity for competitive cheer. The member schools and KHSAA officials are required to utilize only this set of rules.
- c) The playing rules that govern interscholastic competition in Kentucky are formulated by other approved outside entities for the sports of golf and tennis, and the sport-activities of Archery, Bass Fishing and Bowling. In these sports and sport-activities, the member schools and KHSAA officials are required to utilize only this adopted set of rules.
- d) Persons who are involved at the interscholastic level and are directly responsible to secondary schools write NFHS rules for the high school level of competition. According to NFHS policy, the KHSAA would forfeit its opportunity to appoint representatives to the NFHS rules committees if this Association were to make exceptions to, or modifications of, NFHS rules for varsity competition on a statewide basis.
- e) While members of the Association, the Association staff and the contest officials may not agree with every decision made by the rules committees, it is the NFHS policy to acknowledge and utilize our persons who have committee input, and respond to questionnaires when asked. Officials who wish to voice a concern or offer a recommendation to a specific sport committee may do so by writing to the appropriate member of the KHSAA Staff. Playing rules questions are more appropriately addressed to the rules interpreter for that particular sport.
At press time, rules interpreters are - Michael Barren (Soccer, Wrestling, Tennis and Archery), Darren Bilberry (Golf, Swimming, Softball and Bass Fishing); Butch Cope (Volleyball, Baseball and Competitive Cheer); Angela Passafiume (Track/Cross Country, Basketball, Field Hockey and Bowling); Julian Tackett (Football).

Sec. 41) SOCIAL MEDIA, OFFICIATING AND ELECTRONIC CODE OF ETHICS

- a) With the increased use of social networking through the internet and via mobile phone and devices, it is important for officials to understand the importance of maintaining an ethical approach while participating in various forums, chat rooms, and all forms of social media.
- b) Violations of this policy will be considered conduct "unbecoming" an official and subject a licensed official to licensure suspension.
- c) To malign or openly criticize another official in any form of electronic communication is considered not only unprofessional, but also undermines sports officiating in general.
- d) It is also unprofessional for officials to offer rules clarifications or interpretations through this medium without the expressed directive from the appropriate state high school association.
- e) Licensed officials have to be very careful with the use of social media. In many cases, closed discussion and understanding is important to consistency and rules enforcement. The line is crossed when an official states, "The call should have been", or "The rule should have been interpreted as", for those are statements that should only be made by those officially designated by the NFHS or state offices to make such interpretations. Internal discussion is likely a very good thing if the audience can be securely limited. A moderator or discussion leader can then say "we have had enough debate, we will get a clarification and post it online when we get it." That's the advantage of closed forums.
- f) The KHSAA advocates and applies the recommended policy statement of the National Association of Sports Officials that states-
Social networking sites can be wonderful communications tools. But there can be unintended consequences if they are used improperly. Because of their unique standing, officials need to be particularly careful when using those sites. Here are some reminders and guidelines:
(1) DO be aware that posts on social media are visible to the

general public. Even if you limit access of your page to friends, it is likely that your post will be viewed by someone beyond the circle of people you intended to see it.

- (2) DO find out your association or league expectations regarding social media. Your association may not have hard and fast rules, but find out if it has an unofficial policy.
- (3) DO think twice before you post. If there is anything in your post that could be construed as a criticism of officials, of officials' decisions, or of schools, coaches or athletes...it's better left unsent.
- (4) DO assume that your post will be seen by the two teams you will see in your next game and the teams you worked in your previous game as well as your partner(s) in those games.
- (5) DON'T post anything relating to the schools you have worked or will work. It calls your objectivity into question.
- (6) DON'T include anything in a post that makes reference to an upcoming assignment. If teams want to find out who is going to be working their game, they should do so through official channels, not your tweet.
- (7) DON'T post details about other people's assignments, to playoff games for instance, until that information has been officially released. Don't use your page as a news service.
- (8) DON'T use social media to criticize state or local association policies, assigning practices, etc.
- (9) DON'T make posts regarding calls made by officials in other games, whatever the level. You and your buddies might debate the call you saw on TV, but debating the call on Facebook, Twitter or other forums and social media is a no-no.
- g) Accountability and integrity should always be our guiding principles. Jeopardizing your impartiality or professionalism should never be a part of your actions or posts. Let this information guide your decisions and involvement with social media.
- h) It is important for sports officials to realize that it is considered very unprofessional to carry a cell phone on the field or court, regardless of the reason. Officials are encouraged to refrain from the use of these types of electronic devices for any communication while the official has NFHS rule book jurisdiction, including texting or other forms of messaging or communication except in the case of an emergency.

 - (2) The RPB chairperson shall work in conjunction with adjacent region's RPB chairperson(s) in the event that an assigning secretary is assigning contests outside of the home region of the assigning secretary. The fee for the assignment of contests outside the region shall not be the jurisdiction of the home region, but this collaboration will ensure that the games are assigned, and the assigning secretary is fairly compensated. In the event that an RPB has determined a "flat rate" for the assignment of games rather than a per-school rate, this would include the payment of fees for the assignment of contests for schools outside regional service areas.
 - (3) The RPB shall consider for approval, the amount of annual payment fees for licensed officials in local associations to be paid to the Assigning secretary for game assignment and evaluation duties.
 - (4) The RPB shall ensure that all state and federal income tax and other regulatory laws are fully complied with in the event of the hiring of a non-varsity assigning secretary.
 - (5) All compensation for all persons involved in assigning as designated by the RPB shall be distributed by the KHSAA. It is the strong recommendation of the Commissioner that the RPB designate a person to collect the fees from the schools and officials, and remit that amount to the KHSAA for distribution to the Assigning Secretary to ensure documentation and compliance with all applicable tax regulations.
- f) Non-Varsity Assigning Secretary Compensation
- (1) The RPB shall establish annual payment fees for Kentucky High School Athletic Association member schools to have officials assigned by regional non-varsity assigning secretaries. Such factors as supplies, materials, administrative needs, travel, etc. should be considered in establishing this salary.
 - (2) The RPB shall ensure that all state and federal income tax and other regulatory laws are fully complied with in the event of the hiring of a non-varsity assigning secretary.
 - (3) All compensation for all persons involved in assigning as designated by the RPB shall be distributed by the KHSAA. It is the strong recommendation of the Commissioner that the RPB designate a person to collect the fees from the schools and officials, and remit that amount to the KHSAA for distribution to the Assigning Secretary to ensure documentation and compliance with all applicable tax regulations.
- g) Deadlines and Policies for Member Schools
- (1) The RPB shall adopt policies that ensure the timely submission of game schedules to regional assigning secretaries.
 - (2) The RPB shall adopt penalties or standards that address noncompliance with schedule deadlines. The RPB shall ensure that each member school's schedule of games is forwarded to the respective assigning secretary by the deadlines listed in the Assigning Secretary policies. Member schools failing to meet these deadlines shall pay a fine which is payable to the Assigning Secretary due to the workload adjustments. Exceptions to these deadlines may not be granted unless approved by a majority of the RPB. Member schools failing to adhere to the provisions of this regulation may suffer disciplinary action, including probation, suspension or additional fines imposed by the Commissioner's Office or Board of Control.
 - (3) If any fee or other penalty is assessed for other compliance issues by the member schools (game changes, additions, deletions, differing number of officials, etc.), then such policies shall be considered for approval or declination of approval by the RPB.
 - (4) Assist member schools in developing policies for the assignment of officials for athletic contests in which there are no regional assigning secretaries.
- h) Deadlines and Policies for Local Officials Association
- (1) The RPB shall consider for approval (or declination), any portion of the membership fee paid by the local officials association to an individual.
 - (2) The RPB shall consider for approval (or declination), any person assisting with recruitment, training and development within a local officials association. If any such individual is compensated, the RPB shall ensure that all state and federal

income tax and other regulatory laws are fully complied with in the event of the hiring of an individual for such purpose.

i) Recruitment, Training, Development

(1) The RPB shall recommend policies to the KHSAA which will facilitate the recruiting, training and retention of sports officials as well as foster the relationship among assigning secretaries, officials and high school athletics.

(2) The RPB shall assist the KHSAA in identifying other areas where recruitment, training and retention of sports officials can be improved.

j) Evaluation and Retention of Assigning Secretaries

(1) The RPB shall annually review the job performance of each assigning secretary under the Regional Policy Board's jurisdiction and recommend retention or posting of the position to the KHSAA. Assigning secretaries shall be presented this review. Criteria for this evaluation may be developed by each RPB and other requirements may be found in the KHSAA listing of assigning secretary responsibilities. Copies of the evaluations shall be submitted to the KHSAA.

(2) The RPB shall request approval from the KHSAA for the hiring or re-hiring of any assigning secretary in time for contract preparation and scheduling obligations.

k) Miscellaneous Officiating Regulations

(1) The RPB shall ensure that no fee is approved for softball umpires that creates a difference of greater than \$10 when compared to the fee paid to baseball umpires.

(2) The RPB shall ensure that any limitation on the length of softball contests also applies to baseball.

(3) When considering the fee for softball and baseball contests to be paid by member schools to umpires, the RPB may adopt a per-inning fee (i.e. all 7 inning games will be paid one rate, all 5 inning games one rate) provided the total 7-inning fee is not less than the state adopted fee schedule amount.

(4) The RPB shall ensure that all schools in the region are afforded the privilege of scratching selected officials as detailed in this manual. Such shall be done on an annual basis. The RPB shall determine the number of allowed scratches per school, subject to approval of the Commissioner. No RPB may deny scratch privileges to a school for any reason.

l) Other Actions:

(1) The KHSAA shall have a right to penalize a RPB for noncompliance of KHSAA regulations and requirements.

(2) Such penalties may include fines levied against the Regional Policy Board, the decertification of regional officials associations and limiting or eliminating the use of officials from the affected regions for a defined period of time.

**SPORTS MEDICINE POLICY-
PROTOCOL RELATED TO CONCUSSIONS
AND CONCUSSED STUDENT-ATHLETES FOR
ALL INTERSCHOLASTIC ATHLETICS IN THE
COMMONWEALTH OF KENTUCKY**

(Released: June, 2010, Commissioner Julian Tackett, Updated per General Assembly Action, April, 2012)

Sec. 1) INTRODUCTION

a) In various sports playing rule codes, the National Federation of High Schools (NFHS) has implemented standard language dealing with concussions in student-athletes. The basic rule in all sports (which may be worded slightly differently in each rule book due to the nature of breaks in time intervals at contests in different sports) states:

(1) Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health-care professional. (Please see NFHS Suggested Guidelines for Management of Concussion in the Appendix in the back of each NFHS Rules Book).

(2) The NFHS also has recommended concussion guidelines through its Sports Medicine Advisory Committee (SMAC). These recommendations include:

a. No student-athlete should return to play (RTP) or practice on the same day of a concussion.

b. Any student-athlete suspected of having a concussion should be evaluated by an appropriate health-care professional that day.

c. Any student-athlete with a concussion should be medically cleared by an appropriate health-care professional prior to resuming participation in any practice or competition.

d. After medical clearance, return to play should follow a step-wise protocol with provisions for delayed return to play based upon the return of any signs or symptoms.

(3) To implement these rules, and based on KRS 160.445 and 156.070(2) as amended by the Kentucky General Assembly in 2012, the KHSAA has defined this policy and parameters to guide all interscholastic school athletic representatives and all KHSAA licensed sports officials. References to signs and symptoms of concussion are detailed by the NFHS through its SMAC upon consultation with the Centers for Disease Control and Prevention (CDC).

**POLICY ON CONCUSSIONS DURING
INTERSCHOLASTIC PLAY IN THE COMMONWEALTH
OF KENTUCKY**

Sec. 1) FOUNDATIONAL RECOMMENDATIONS

a) The treatment of concussions and suspected concussions should be conducted within the recommended protocols and procedures of the Consensus Statement on Concussion in Sport: The 3rd International Conference on Concussion in Sport Held in Zurich, November 2008.

Sec. 2) SUSPECTED CONCUSSION

a) A student-athlete suspected by an interscholastic coach, school athletic personnel or contest official of sustaining a concussion (displaying signs/symptoms of a concussion) during an athletic practice or contest shall be removed from practice or play immediately. The student-athlete shall not return to play prior to the ending of practice or competition until the student-athlete is evaluated to determine if a concussion has occurred.

b) A physician or licensed health care provider whose scope of practice and training includes the evaluation and management of concussions and other brain injuries is empowered to make the on-site determination that a student-athlete has or has not been concussed. This will generally include an MD (Medical Doctor), DO (Doctor of Osteopathy), PA (Physician Assistant), ARNP (Advanced Registered Nurse Practitioner), ATC (Certified Athletic Trainer); or LAT (Licensed Athletic Trainer). This may also include other licensed health care providers with the proper scope of practice and training whose qualifying credentials have been made known to member school personnel in advance and who have completed approved training.

c) The player should be medically evaluated on-site using standard emergency management principles, and particular attention should be given to excluding a cervical spine injury. The appropriate disposition of the player must be determined by the treating health care provider in a timely manner. Once the first aid issues are addressed, then an assessment of the concussive injury should be made using the SCAT2 or other similar tool. The player should not be left alone following the injury, and serial monitoring for deterioration is essential over the initial few hours following injury.

d) If any one of these individuals listed in (b) answers that "yes", there has been a concussion, that decision is final and is not appealable.

e) If medical coverage by a person empowered to make the concussion assessment is not on-site, and signs/symptoms of concussion have been observed, a concussion is presumed until such evaluation can be performed. If no health care provider is available, the player should be safely removed from practice or play and urgent referral to a physician arranged.

f) No student-athlete may return to practice or play in interscholastic athletics that day in the event that a concussion is diagnosed or presumed.

g) A student-athlete may return to play at the time of a suspected concussion if it is determined by appropriate medical personnel

that no concussion has occurred.

Sec. 3) ROLE OF COACHES IN ADMINISTERING THE POLICY

- a) Coaches are to be current in their certification regarding the KMA/KHSAA sports Safety Course, including the specific segment(s) related to identifying the signs and symptoms of concussions.
- b) Coaches must review and know the signs and symptoms of concussion and direct immediate removal of any student-athlete who displays these signs or symptoms for evaluation by appropriate medical personnel.
- c) Coaches have no other role in the process with respect to diagnosis of concussion or medical treatment.
- d) It remains the ultimate responsibility of the coaching staff in all sports to ensure that players are only put into practice or contests if they are physically capable of performing.

Sec. 4) ROLE OF CONTEST OFFICIALS IN ADMINISTERING THE POLICY

- a) Officials are to review and know the signs and symptoms of concussion and direct immediate removal of any student-athlete who displays these signs or symptoms.
- b) Officials have no other role in the process with respect to diagnosis of concussion or medical treatment.

Sec. 5) RETURN TO PLAY POLICY FOR A STUDENT-ATHLETE RECEIVING A CONCUSSION, AFTER THE MANDATORY REMOVAL THAT DAY

- a) Once a concussion has been diagnosed (or presumed by lack of examination by an appropriate health care provider), only an MD or DO can authorize return to play on a subsequent day, and such shall be in writing to the administration of the school.
- b) Such approval should not be given unless a stepwise protocol has been observed by all practitioners with separate periods for
 - (1) No activity;
 - (2) Light aerobic exercise;
 - (3) Sport-specific exercise;
 - (4) Non-contact training drills;
 - (5) Full-contact/competition practice; and
 - (6) Return to normal game play.
- c) It is highly recommended that each of these protocol steps be no less than twenty-four hours in length.
- d) School administration shall then notify the coach as to the permission to return to practice or play.
- e) If an event continues over multiple days, then the designated event physician has ultimate authority over return to play decisions and such return to play may not be prior to the third day following the initial diagnosis, and until all steps of the protocol in Section (b) have been followed.

**SPORTS MEDICINE POLICY
KMA/KHSAA PROCEDURE FOR AVOIDING HEAT
INJURY/ILLNESS THROUGH ANALYSIS OF HEAT
INDEX AND RESTRUCTURING OF ACTIVITIES AND
RECOMMENDATIONS FOR COOLING METHODS
DUE TO HEAT RELATED ILLNESS.**

Original procedure developed by the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports to and for the Kentucky High School Athletic Association and adopted by the KHSAA Board of Control as recommendation for all schools, May 2002, On-site procedures revised by KHSAA Board of Control, February 13, 2003, On-site procedures further revised and made mandatory for all schools by the KHSAA Board of Control, May 2005, On-site procedures further revised with respect to testing instruments, March 2007, Cooling Procedures modified as recommended by Kentucky Medical Association, June 2009, Heat Index expanded to spring sports, August 2010

Sec. 1) INTRODUCTION

- a) Following months of study, after one year of implementation and in an effort to help protect the health and safety of student-athletes participating in high school sports, the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports issued a recommended procedure to the Kentucky High School Athletic Association for immediate

implementation in 2002. This procedure called for the determination of the Heat Index (using on-site devices to measure Temperature and Relative Humidity), and a guideline for activity to be conducted at that time based on the Heat Index reading. Though other procedures and measurements were considered, the application of the Heat Index appeared to be most readily implementable on a statewide basis, and appeared to be reliably tested in other areas.

- b) Through the first five years of use of the procedure, minor adjustments were made in the reporting requirements, and the on-site devices to be used. In May 2005, the Board of Control through its policies directed that all member schools comply with the testing and reporting requirements. In October 2006, the member schools of the Association overwhelmingly approved at their Annual Meeting, a proposal to make such reporting not simply a Board of Control policy, but a school supported and approved Bylaw as it approved Proposal 9 to amend the KHSAA bylaws. In March 2007, the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports recommended the elimination of all devices with the exception of the Digital Sling Psychrometer as a means of measuring at the competition/practice site. In June 2009, the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports recommended that specific cooling procedures, including the practicing in the event of an emergency, be implemented at the local school level. In August 2010, the Kentucky Medical Association Committee on Physical Education and Medical Aspects of sports recommended that the heat index monitoring procedures apply to the sports played in the spring in Kentucky's high schools.
- c) Each of these recommendations were adopted by the KHSAA Board of Control.

GENERAL HEAT INDEX PROCEDURE

Sec. 1) ON-SITE DATA

- a) The procedure calls for the determination of the Temperature and Relative Humidity at the practice/contest site using a Digital Sling Psychrometer. It is important to note that media-related temperature readings (such as the Weather Channel, local radio, etc.) or even other readings in the general proximity are not permitted as they may not yield accurate results when considering the recommended scale. The readings must be made at the site.
- b) Neither the KHSAA nor KMA has endorsed any particular brand of Psychrometer and receives no endorsement fee or other consideration for any device sold. There are several models on the market that will properly perform the functions. The KHSAA or your local certified/licensed athletic trainer has easy access to catalogs with this type of equipment.

Sec. 2) INDOOR AND OUTDOOR VENUES

- a) While much of the original discussion concerning this package centered on outdoor sports, indoor sports, particularly in times of year or facilities where air conditioning may not be available, should be included in the testing. Such has been approved by the Board of Control as policy requirement.
- b) The recommendations contained in this package clearly cover both indoor and outdoor activity, as well as contact and non-contact sports.

Sec. 3) SUMMARY OF HEAT INDEX MONITORING

- a) Though much more scientific information and other alternative methods for determining Heat Index and participation restrictions are being studied, these initial steps should help ensure the health and safety of the participants in high school sports.
- b) Adherence to these guidelines represents a conscious effort by the interscholastic community to emphasize health and safety on a much higher level than any loss of competitive preparation. Any further revisions or enhancements will be distributed to the members of the KHSAA.

Sec. 4) PROCEDURE FOR TESTING

- a) Thirty (30) minutes prior to the start of activity, temperature and humidity readings should be taken at the practice/competition-site.
- b) The information should be recorded on KHSAA Form GE20 and

these records shall be available for inspection upon request. All schools will be required to submit this form in either a paper or electronic form.

- c) The temperature and humidity should be factored into the Heat Index Calculation and Chart and a determination made as to the Heat Index. If schools are utilizing a Digital Sling Psychrometer that calculates the Heat Index, that number may be used to apply to the regulation table.
- d) If a reading is determined whereby activity is to be decreased (above 95 degrees Heat Index), then re-readings would be required every thirty (30) minutes to determine if further activity should be eliminated or preventative steps taken, or if an increased level of activity can resume.

HEAT INDEX AND ACTIVITY ALTERATION TABLE

Using the following scale, activity must be altered and/or eliminated based on this Heat Index as determined:

Sec. 1) Under 95 degrees Heat Index

- a) All sports
 - (1) Water should always be available and athletes be able to take in as much water as they desire.
 - (2) Optional water breaks every 30 minutes for 10 minutes in duration to allow hydration as a group
 - (3) Have towels with ice for cooling of athletes as needed
 - (4) Watch/monitor athletes carefully for necessary action.
 - (5) Re-check temperature and humidity every 30 minutes if temperature rises in order to monitor for increased Heat Index.

Sec. 2) 95 degrees to 99 degrees Heat Index

- a) All sports
 - (1) Water should always be available and athletes should be able to take in as much water as they desire.
 - (2) Mandatory water breaks every 30 minutes for 10 minutes in duration to allow for hydration as a group
 - (3) Have towels with ice for cooling of athletes as needed
 - (4) Watch/monitor athletes carefully for necessary action.
- b) Additional Steps for Contact sports and activities with additional required protective equipment:
 - (1) Helmets and other equipment should be removed when athlete not directly involved with competition, drill or practice, and it is not otherwise required by rule.
 - (2) Reduce time of outside activity. Consider postponing practice to later in the day.
 - (3) Re-check temperature and humidity every 30 minutes to monitor for increased Heat Index.

Sec. 3) 100 degrees (above 99 degrees) to 104 degrees Heat Index

- a) All sports
 - (1) Water should always be available and athletes should be able to take in as much water as they desire.
 - (2) Mandatory water breaks every 30 minutes for 10 minutes in duration to allow for hydration as a group
 - (3) Have towels with ice for cooling of athletes as needed
 - (4) Watch/monitor athletes carefully for necessary action.
 - (5) Alter uniform by removing items if possible and permissible by rules
 - (6) Allow for changes to dry T-shirts and shorts by athletes at defined intervals.
 - (7) Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
 - (8) Postpone practice to later in day.
- b) Additional Steps for Contact sports and activities with additional required protective equipment:
 - (1) If helmets or other protective equipment are required to be worn by rule or normal practice, suspend practice or competition immediately
 - (2) For sports that do not have mandatory protective equipment, reduce time of outside activity and consider postponing practice to later in the day.
 - (3) Re-check temperature and humidity every 30 minutes to monitor for changes in Heat Index.

Sec. 4) Above 104 degrees Heat Index

- a) All sports
 - (1) Stop all outside activity in practice and/or play, and stop all inside activity if air conditioning is unavailable.

Sec. 5) Continual Usage of Procedure

- a) This procedure is to be used until such time as the temperature is below 84 degrees as no combination of heat and humidity at that level will result in a need to curtail activity.
- b) The KHSAA will use September 15 as the standard date for the recording of the Heat Index forms in the fall, and April 15 as the start date in the spring.
- c) Member schools should remember that the monitoring shall continue any time that a combination of heat and humidity at that level could result in a need to curtail activity (an ambient temperature of 83 degrees or higher).

COOLING METHODS DUE TO HEAT RELATED ILLNESS

Sec. 1) EXERTIONAL HEAT STROKE

- a) Exertional heat stroke (EHS) is relatively uncommon among exercise associated medical conditions, but is a frequent cause of exercise related death.
- b) The majority of medical evidence shows that early implementation of body cooling is the most effective method of decreasing mortality in EHS.
- c) Recommendations regarding the methods of body cooling, including tubs, ice bags, iced towels (towels with water that have been frozen) water, fans, and shade have been considered.
- d) The recommendations are classified as essential (foundational to the implementation of treatment, should have resources and personnel directed towards implementation), and desirable (important in maximal implementation, should have resources and personnel directed towards implementation as budget and resources allow).
- e) The recommendations are only guidelines, are not intended as a standard of care, and should not be considered as such. These guidelines should be considered in the care of athletes who can be expected to be at risk of EHS due to the sport or the environmental situation of the activity.
- f) Sports especially at risk include football, with and without equipment, soccer, and long distance track. Other sports and activities, such as cycling, golf, baseball, tennis, track and field, and band, may also be at risk due to long duration exposure to extreme environmental conditions.
- g) It is essential that the school and school officials:
 - (1) Establish a written plan for emergency treatment of EHS, and conduct drills in the implementation of the plan;
 - (2) Know how to assess environmental conditions and determine when extreme conditions exist;
 - (3) Identify a specific spot at the athletic facility that has shade;
 - (4) Have immediate access to ice and bags to contain ice;
 - (5) Have access to water, and provide water breaks; and
 - (6) Know the most effective sites for application of ice to the body.
- h) It is highly desirable that the school and school officials:
 - (1) Obtain and use, when environmental conditions are determined to be extreme, a tub or pool; and
 - (2) Fill the tub or pool with water and ice before practice or game, to be used in body immersion for maximal cooling, and have personnel trained in this technique.
- i) It is desirable that schools and school officials:
 - (1) Have a certified/licensed athletic trainer on staff to develop and implement these guidelines;
 - (2) Have immediate access to water;
 - (3) Provide shade breaks;
 - (4) Provide fans when environmental conditions are determined to be extreme;
 - (5) Have close access to an air conditioned room; and
 - (6) Have access to and use iced towels that can be rotated to appropriate areas of the body, including the axilla, groin, and back of the neck.

SPORTS MEDICINE POLICY WRESTLING MINIMUM WEIGHT CERTIFICATION PROGRAM

Sec. 1) INTRODUCTION

- a) The health hazards associated with excessive weight reduction through food deprivation and/or dehydration are well documented. These hazards include, but are not limited to, reduced regulation of body temperature, kidney failure, and acute and/or chronic fatigue. The KHSAA urges all to consider the information contained herein in making decisions regarding competitive weight of wrestlers.
- b) The purpose of this plan is to develop and determine an athlete's minimum weight, not necessarily best weight, as those are individual decisions. This only forms a limitation for competition, not an artificial standard for normal practice. In order to participate in wrestling, all participants must have a minimum weight determination made by a designated assessor. The establishment of a minimum weight class is based on a body fat measurement of 7% for male wrestlers and 12% for female wrestlers. This determination must be made through a four-part process:
 - (1) The determination and validation of the proper hydration level of the athlete;
 - (2) The determination of the athlete's body fat percentage;
 - (3) The determination of the athlete's minimum weight were his/her body fat percentage reduced to the minimum level; and
 - (4) The projection and stipulation for the point in time when a wrestler could actually wrestle at that minimum weight.
- c) Questions about the program or its implementation should be directed to Assistant Commissioner Michael Barren at the KHSAA offices in Lexington.

WRESTLING WEIGHT MANAGEMENT REGULATION AND POLICY

Sec. 1) BACKGROUND AND FUNDAMENTALS

- a) An accepted method of determining this weight shall be used and the Commissioner shall approve the method. Any one of the four approved methods may be used in accordance with the weight management procedures, including skin-fold caliper testing; BOD POD® air displacement; Bioelectrical Impedance Analysis or Hydrostatic (under water) determination.
- b) The NWCA (National Wrestling Coaches Association) online system shall be used to record and track the procedures.

Sec. 2) PROCEDURES

- a) The KHSAA remains concerned for the safety of the young people who participate in our wrestling program. The establishment of minimum weight classes along with a maximum weight loss per week limit allows high school wrestlers to participate in a most healthy manner.
- b) Each school is required to certify minimum weights of all wrestlers and turn in the forms to the KHSAA, either in the form of paper forms or the electronic spreadsheet.
- c) The establishment of a minimum wrestling weight based on 7% body fat for males and 12% for females is required for all high school wrestlers. The KHSAA does not advocate that a wrestler's established minimum weight is the athlete's best weight but simply the minimum weight at which the athlete will be allowed to compete.
- d) No wrestler representing a KHSAA member school may compete in a match against an outside team without a weigh-in and without adhering to NFHS weight class rules.
- e) To be entered in a specific weight class in the post season tournament series, each wrestler is required to make weight prior to a specified date in the desired postseason weight class.
- f) All weigh-ins must be recorded using the approved recording system or they do not count toward postseason eligibility.

Sec. 3) WEIGHT LOSS PER WEEK

- a) A weight loss of 1.5% of a wrestler's total body weight per

week (or 3.5 pounds per week whichever is greater) has been established and therefore that is divided to get the allowable loss per day (.015 of Alpha weight/7) for the first week or .5 pound per day.

- b) A wrestler will not be allowed to wrestle at any time in a weight class that would require him/her to lose more than this amount.
- ### **Sec. 4) DESIGNATION/SELECTION/QUALIFICATIONS OF AN ASSESSOR**

- a) When an individual is listed with the KHSAA as an "Assessor", there is always a concern about professional responsibility. There is an expectation of the highest professional and ethical conduct relative to performing assessments on the young wrestlers. These young wrestlers MUST be treated with the highest regard for their right to privacy, and for the confidentiality of all data collected with the program.
- b) Assessors are required to conduct themselves in a manner such that there will be no questions about the positive contribution to the program and to the sport of wrestling. There will be times when professional judgment will be involved to clarify and validate the assessment process; the greater the depth of understanding the program, the more likely you are to represent the best interests of both the KHSAA and the student-athlete.
- c) Each school may select an individual to serve as the Assessor for this program within their wrestling program. Multiple schools may utilize the same assessors.
- d) Schools must submit the name of the assessor to be used to the KHSAA using the appropriate KHSAA form IN ADVANCE of the testing.
- e) Assessors may not be members of school coaching faculty in any sport.
- f) Assessors must have medical background – by definition, employed in the healing and health care profession – Registered Nurse, Licensed Practical Nurse, Advanced Registered Nurse Practitioner, Doctor, Physical Therapist, Physician Assistant, Doctor of Osteopathy, Certified or Licensed Athletic Trainer, nutritionist, health educator or an exercise physiologist.
- g) To be eligible to become a KHSAA approved assessor an individual must have demonstrated training and experience in skin-fold measurement or other approved assessment method.
- h) Schools may utilize any individuals for the compilation of the data, but must use a designated assessor to perform the actual measurements.
- i) Schools may use someone not in one of the categories in Item 1(c) with permission of the Association by requesting such permission in advance.

Sec. 5) ESTABLISHING MINIMUM WEIGHTS

- a) The lowest weight class a wrestler may compete at will be determined as follows:
 - (1) If the predicted weight, at 7% male/12% female is exactly that of one of the weight classes, that weight class shall be the wrestler's minimum weight class.
 - (2) If the weight class falls between two weight classes, he/she must wrestle at the higher weight class.
 - (3) Any male or female wrestler whose body fat percentage at the time of measurement falls below 7%/12% must obtain, in writing on the prescribed KHSAA form, a licensed physician's clearance stating that the athlete is naturally at this sub 7%/12% body fat level. A physician's clearance is valid for one season and expires April 1 of each year. A copy of this form shall be submitted to the KHSAA with the minimum weight spreadsheet for each applicable wrestler.
 - (4) Any wrestler who first reports to a team after the posted deadline date shall have his minimum weight determined by his first scale weigh-in and he/she may not wrestle at a lower class the remainder of the season.
- b) There are four methods of determining the body fat percentage of a wrestler.
 - (1) Bioelectrical Impedance Analysis using electronic methods to determine the body fat percentage. The end result of the body fat calculation is entered into the minimum body weight calculations in order to determine the minimum body weight. This is programmed to calculate lean body mass and percent body fat;
 - (2) Traditional skin-fold testing, using specific measurements. In

this case, skin-fold measurements will be utilized to determine each wrestler's body fat percentage. Only measurements taken by KHSAA approved assessors will be accepted. This method is based on the relationship between subcutaneous fat and total body fat and its inverse relationship to body density. The regression equations have been derived for the specific population of the wrestling community and these formulas calculate body density. The KHSAA will accept measurements using these different methods with the Lange or Harpenden calipers. These are medium priced calipers and can be obtained for around \$200.00 from most health care product suppliers;

- (3) BODPOD air displacement system of measurement. This advanced method uses air displacement technology and is as accurate as underwater weighing; yet, it is very safe and fast for the wrestlers. It also provides the wrestler and coach with an immediate calculation for any allowable weight loss and the allowable schedule for the loss. This device (named the BODPOD) is available for testing at several sites. If you wish to learn more about the BODPOD in the meantime, go to www.bodpod.com on the web. The end result of the body fat calculation is entered into the minimum body weight calculations in order to determine the minimum body weight; and
- (4) Underwater or Hydrostatic body fat analysis in a supervised clinical setting. The end result of the body fat calculation is entered into the minimum body weight calculations in order to determine the minimum body weight. This method involves the submersion of an individual to determine the subject's underwater weight that is used along with the weight on land to calculate the body density. It utilizes the concept that muscle mass and fat have specific known densities relative to water. This method can be fairly accurate, although it is usually quite expensive. There is no appeal from the body fat percentage determination used in this method.
- (5) Competitors wishing to appeal the determination of body fat level as determined in (1), (2) or (3) above may do so by using method (4) within two weeks of the original test administration. The costs of such appeal shall be borne by the athlete.

Sec. 6) DEFINITIONS

- a) SKIN-FOLD ASSESSMENT TERMINOLOGY - The use of skin-fold assessment in the process of determination of body composition requires some standardization of terminology used in this field. The following is an attempt to accomplish this standardization:
 - (1) Total Body Weight (TBW): weight of the body on a certified, calibrated scale.
 - (2) Body Density (BD): the mass of the body per unit of volume. (The fat free component is assumed to have a density of 1.100 gm/cm³, the mass of fat is considered to be about .90 gm/cm³)
 - (3) Percent Body Fat (%BF): the proportion of total body weight that is fat weight and expressed as a percentage. $%BF = (TBW - LBM) / (TBW) \times 100$
 - (4) Lean Body Mass (LBM): the weight of the lean tissue of the body such as muscle, bone, and blood. The weight of the body without the fat weight. $LBM = TBW - FW$
 - (5) Fat Weight (FW): the weight of the fat tissue of the body. Includes both essential and stored fat tissue. $FW = TBW \times \%BF$
 - (6) Minimum Wrestling Weight (MWW): the lowest weight at which a wrestler may compete, determined to be 7 % body fat for the Kentucky Wrestling Minimum Weight Program less a 3 % margin of error.
 - (7) Ideal Body Weight: a body weight selected for a specific individual or group based on both empirical and scientific evidence that provides an optimum level of performance.
 - (8) Minimum Weight: a body weight selected for a specific individual or group based on a specific percent body fat. A minimal, but not necessarily ideal or optimum body weight
 - (9) Regression Equations: equations that express the relationship (based on correlation) between the criterion measure (GOLD STANDARD) and the prediction measure. In skin-fold assessment these are determined for specific combinations of sites, and specific populations.

(10) Population Specificity: the attempt to make prediction calculation (equations) on representative subjects from specific groups of individuals, the results of which are intended to be applied to a similar, larger population. In skin-fold assessment for body composition the important specific factors are sex, age, national origin, maturation and hydration.

- (11) Biological Variability: variation that will contribute to error due to such factors as hydration and deposition-sites.
- (12) Technical Variability: variability that will contribute to error due to such factors as lack of standardization of procedures among assessors.
- (13) Reliability: reproducibility, the consistency and dependability of a measure. $>.9$ with experienced assessors. Increases with fewer sites and monitored practice.
- (14) Validity: degree to which an assessor obtains an accurate measure. How well the group being assessed matches the group from which the regression equation was obtained and is dependent upon: age, activity level, population specific, and body composition status.

Sec. 7) PHYSICIAN'S CLEARANCE FOR EXCESSIVELY LEAN WRESTLERS

- a) Any wrestler who naturally is below the 7%/12% minimum measurement must have a documented physician's clearance.

Sec. 8) NUTRITION EDUCATION

- a) While it is not required, it is highly recommended that each school participate in a nutrition education program with their student-athletes and incur all costs of the program. Many times, wrestlers are making decisions regarding weight management and weight reduction that would be different if they were better educated as to the long-term consequences.
- b) The National Wrestling Coaches Association has an excellent nutritional model available for a nominal cost per school.

WRESTLING WEIGHT MANAGEMENT COMPETITION RULES

Sec. 1) WEIGHT MANAGEMENT, CERTIFICATION AND CONTROL

- a) All athletes shall meet eligibility requirements including the development of a set minimum body weight. Only competitors whose minimum weight has been determined using the NWCA online weight management system (including all recording and tracking) are eligible to compete. Athletes without a minimum weight determination may not wrestle in competition or in practice after the first date for competition during the regular season.
- b) The minimum weight class for each wrestler shall be determined using the National Wrestling Coaches Association (NWCA) online system between October 15 and the first regular season match.
- c) The Head Coach of the team is responsible for maintaining a signed copy of the Alpha Report as the wrestling permission form. Each athlete subject to the sub-7% (sub-12% for females) physician permission shall have a properly completed form processed, and the Head Coach shall send a copy of that form to the KHSAA prior to the first competition. Once properly received, the KHSAA will authorize the wrestler to compete using the online system and until such is done, the wrestler may not compete.
- d) A wrestler may not compete on the day of the minimum body weight testing.
- e) A wrestler desiring to appeal the original minimum weight certification results shall complete the hydrostatic weight appeal within two (2) weeks of the original test.
- f) A wrestler may never be certified into a class which is below the minimum body weight determined by the wrestler, his/her parents, his/her coach and his/her doctor and verified by using the proper calculation forms.

Sec. 2) WEIGHT CLASSES, WEIGH-INS AND RECORDS

- a) Competition shall be divided into weight classes for regular and postseason competition as defined in the NFHS Wrestling Rules Book.
- b) The two-pound growth allowance will be added to each class boundary on December 25, thereby shifting the bounds of the class. The individual wrestler does not "receive" two pounds,

the class weight limit is simply increased by two pounds.

- c) For each round of the KHSAA postseason tournament, the two pound weight/growth allowance provisions from the National Federation Rules shall be used and such shall be added on December 25.
- d) A certified scale shall be used to verify weight at all matches (regular and postseason). Scales which do not display current certification or for which current documentation is not available shall not count toward the wrestler's weigh-in requirements but shall count as though the wrestler weighed 288.
- e) If an athlete competes in a match where no certified scale was available, the weigh-in counts as a "miss" in all fourteen weight classes with respect to achieving a desired weight class weigh-in.
- f) A member school representative may not compete in any match where a weigh-in is not conducted and recorded.
- g) The Head Coach of each team shall be responsible for entering the complete competition schedule of the team prior to the first competition date, using the NWCA online system and shall maintain the accuracy of that schedule throughout the season.
- h) The Head Coach of each team shall provide, for each competition weigh-in, a match weigh-in form produced by the NWCA online system showing the lowest applicable weight for each competing wrestler on the actual date of competition.
- i) Local event managers should have in place an option to produce such listing in the event that the competing coach does not produce this report at weigh-ins.
- j) Any coach failing to produce this report shall have the weigh-ins recorded on an alternate form, and such shall be provided, by an opposing coach, to the KHSAA for review.
- k) Repeated failure to produce these required weigh-in reports shall be cause for suspension of the Head Coach from regular or post season competition or other penalty contained in KHSAA Bylaw 27 and may subject the team to ineligibility to enter the regional wrestling tournament.
- l) Following each match, and prior to the next competition for the squad, each coach shall enter the actual scale weights of each wrestler who weighed in for the competition, using the NWCA online system. For multiple day competition within the same event, only the first day weigh-in is to be recorded.
- m) Repeated failure to enter scale weights prior to the next competition shall be cause for suspension of the Head Coach from regular or post season competition or other penalty contained in KHSAA Bylaw 27 and may subject the team to ineligibility to enter the regional wrestling tournament.

Sec. 3) CERTIFICATION INTO A WEIGHT CLASS

- a) A wrestler is certified into a particular weight class at any regularly scheduled match or tournament any time on, or prior to, the Saturday of NFHS week 30 by making base weight (including growth allowance after December 25) at an official weigh-in on a certified scale, as long as that certified weight is not below the documented minimum weight and is at a time allowed by the minimum weight calculations. A wrestler weighing in on, or prior to, the Saturday of NFHS week 30 is continually certifying at the weigh-in weight.
- b) Once a wrestler is certified into a particular weight class as of the Saturday of NFHS week 30, he/she may weigh-in only in that class and one class above. He/she is automatically re-certified into a higher weight class after the Saturday of NFHS week 30 by weighing in and qualifying for that class, but never into a lower weight class. After the Saturday of NFHS week 30, making base weight (including growth) two classes above any previously certified weight class automatically renders that wrestler ineligible for the remainder of the year to wrestle in the lower weight class (previous certified weight).
- c) Please note that this rule is for weigh-ins, not matches. It is possible that a wrestler weighed in at a certain class weight for a match, but wrestled up during that match. That weigh-in would count for the lower weigh-in class.

Sec. 4) WEIGHT CONTROL

- a) All coaches are cautioned that rapid reduction in weight can endanger the health of the student-athlete and coaches are encouraged to keep current with all research in this area.
- b) The manager of each meet is to have each participant weighed

and it is highly recommended that a physician examine each participant.

Sec. 5) FUTURE CONSIDERATIONS

- a) The KHSAA Wrestling Weight Control Program will continue to develop over the next few years with several enhancements planned.
- b) Education continues to be a key element in the success and understanding of the weight control program. It is hoped that through continued education and dedicated efforts among our wrestling community, we work toward creating a safer sport and healthier environment.

KHSAA POLICY ON TITLE IX EDUCATION (TITLE 20, U.S.C. TITLES, 1681-1688, ET. SEQ.)

Sec. 1) BACKGROUND

- a) Title IX refers to a portion of the education amendments of 1972, a federal law that prohibits gender discrimination in education programs that receive federal funds and includes athletic programs. The Title IX statute as amended became law June 23, 1972 with the implementation of the regulation for high schools effective in July of 1978.
- b) The KHSAA Board of Control fully supports facilitating the requirements of Title IX for all KHSAA member schools.
- c) The KHSAA began monitoring and auditing equity within KHSAA member school athletic programs (boys and girls) at the beginning of the 1999-2000 school year.
- e) The annual internal Title IX school audits are conducted by KHSAA staff members as well as outside contractors.

Sec. 2) KHSAA TITLE IX MONITORING PER 702 KAR 7:065

- a) Duties of the KHSAA in managing high school athletics are set forth in 702 KAR 7:065. The regulation includes the following:
"As a condition present to membership, require each member school and superintendent to annually submit a written certification of compliance with 20 USD Section 1681-83 (Title IX).
- b) Initially, during the 1999-2000 school year, each school received a publication entitled, Title IX Guidelines for Compliance at the High School Level as well as the KHSAA Title IX Audit Document. This document contained forms and instructional material to allow personnel to evaluate the athletics program within the guidelines of Title IX, and submit this document to the KHSAA for review. As of 2011-2012, the process for submitting the reports is totally automated, with roster and participation data based on the rosters maintained by the membership throughout the school year.

Sec. 3) MAJOR COMPONENTS OF TITLE IX

In its simplest form, Title IX is about providing participation

opportunities for students as well as the evaluation of the benefits they receive while participating in sports, and measures these items in two basic areas, Opportunities and Benefits.

a) Opportunities. To assess participation opportunities a school may examine or determine if they comply with Title IX under one of three tests. To be compliant, a school shall pass one of the three tests:

- (1) Athletic participation at a school is substantially proportionate to enrollment;
- (2) School personnel shall demonstrate a history and continuing practice of program expansion that is responsive to the developing interests and abilities of the underrepresented sex; or
- (3) School personnel shall fully and effectively accommodate the interest and abilities of the underrepresented sex.

b) Benefits. Once it is determined that equivalent opportunities are provided, an examination of the 12 major athletics program components is made to determine if equivalent/comparable benefits are provided to all athletes. There are twelve major areas of benefits to be analyzed:

- (1) Equipment and Supplies (i.e. uniforms, shoes, bats, balls, replacement schedules, etc.);
- (2) Scheduling of Games and Practice Times (i.e. prime date basketball playing opportunities for girls, comparable prime practice times and length, equivalent number of contest for comparable sports, etc.);
- (3) Travel and Per Diem Allowances (i.e. comparable modes of transportation, meal monies, room accommodations, etc.);
- (4) Coaching (i.e. comparably skilled and experienced coaches, comparable coaching salaries, comparable coaching staff size, etc.);
- (5) Locker Rooms, Practice and Competitive Facilities (i.e. comparable size locker rooms and amenities, lockers, practice facilities, etc.);
- (6) Medical and Training Facilities and Services (i.e. comparable numbers of trainers, medical doctors [home and away], equal access to training facilities and weight rooms, etc.);
- (7) Publicity (i.e. schedule cards, game programs, media guides, cheerleading quality, pep bands, mascots, trophy cases, recognition banners, dance teams [home and away], etc.);
- (8) Support Services (i.e. support for coaches administrative needs, booster clubs, etc.);
- (9) Tutoring;
- (10) Athletic Scholarships (*);
- (11) Housing and Dining Facilities and Services (*); and
- (12) Recruitment of Student-Athletes (*).

(*) NOTE: Items j, k, l do not normally apply at the high school level.

Sec. 4) ESTABLISHING AND MONITORING A LOCAL TITLE IX PLAN

- a) As part of the KHSAA compliance model, each member school/school district shall be required to form a Gender Equity Review Committee (GERC) for the purpose of evaluating the total athletics program and handling issues at the local level.
- b) Each school or school district shall create a Title IX plan and a timetable for improvements at the local level. The plan shall include an evaluation of the entire athletic program and improvements if necessary on items such as practice times, facilities, coaching stipends and athletic budgets.

Sec. 5) ANNUAL REPORTING

- a) The KHSAA requires its member schools to annually submit Annual Report forms on or before April 30 for review by the KHSAA.
- b) Member school personnel shall establish a Title IX plan for regular review and for necessary improvements along with a timetable for completion.
- c) If a school is found to have serious Title IX compliance issues, the local school GERC shall be given the initial opportunity to correct the inequities and submit a timetable for such action.
- d) The recommended time period for such implementation shall be determined by the Commissioner and may vary depending upon the nature of the noncompliance issues and financial implications.

Sec. 6) REQUIREMENT TO MAINTAIN FILE

- a) In an on-going effort to assist in Title IX compliance, Kentucky

public school districts are required to maintain a permanent Title IX File that is subject to review by the Kentucky High School Athletic Association (KHSAA), the Kentucky Board of Education's designated agent to manage inter-scholastic athletics in Kentucky.

- b) As part of that file, each year, all public school districts must submit an annual Title IX report to the KHSAA for review.
- c) In addition, the KHSAA conducts systematic on-site reviews for items related to Title IX, and submits a compiled report of those visits to the Kentucky Board of Education on an annual basis.

Sec. 7) LOCAL TITLE IX COORDINATORS

- a) The Kentucky Board of Education requires that each school district designate two coordinators, a School District Title IX Coordinator and a High School Title IX Coordinator.
- b) The District Title IX Coordinator's main responsibility is oversight and monitoring of each high school within their district so that the district complies with Title IX.
- c) The primary responsibility of the School Title IX Coordinator is to coordinate the activities at the school level that are designed to promote gender equality in athletics.
- d) Together these individuals are responsible for ensuring that their schools meet the standards for Title IX compliance.

Sec. 8) GRIEVANCES

- a) To file a Title IX complaint for a failure to provide equal opportunity in athletics, the complaining party has the option of filing the complaint with either the local district that sponsors or manages the athletic program in which the alleged violation has occurred and/or with the U. S. Department of Education, Office of Civil Rights (USED, OCR).
- b) When filing a complaint with a local school district, the complaining party must review local board policies to determine the proper grievance procedure for that district.

Sec. 9) COMPLAINTS RECEIVED BY KHSAA

- a) The Kentucky Department of Education has a Title IX Compliance Officer, but that Title IX Compliance officer is responsible for complaints that relate specifically to programs that it sponsors or operates.
- b) If the Kentucky Department of Education or the KHSAA receives a complaint that relates to failure to provide equal opportunity in athletics at the school district level, the KDE Title IX Compliance Officer of the KHSAA will refer the complaint to the local district.
- c) The KHSAA reserves the right to directly report any situation discovered through its education and reporting process directly to the Office of Civil Rights in Philadelphia.

Sec. 10) SUMMARY

- a) Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in education programs and activities that receive federal financial assistance.
- b) The U.S. Department of Education gives grants of financial assistance to schools and colleges, therefore, Kentucky public schools are mandated by law to ensure Title IX compliance.
- c) The Title IX regulation (34 CFR Part 106) includes not only the failure to provide equal opportunity in athletics, but also sexual harassment and discrimination based on pregnancy, and employment discrimination.
- d) The KHSAA staff continues to report regularly to the Kentucky Board of Education regarding this project, and in particular, with areas that may be identified as potential compliance issues. This report routinely includes an overall review of the Association's progress in assisting the member schools in achieving equity within the sports programs of the under represented gender.
- e) The KHSAA shall publish on its website, resource information related to the proper application of Title IX, and procedures to be followed in the event that individuals desire to seek remedy to alleged violations or noncompliance.
- f) The KHSAA, KBE, Kentucky Department of Education and Kentucky School Boards Association continue to work together to provide continuing education to the member school administrators to assist the schools in achieving gender equity in interscholastic athletics.

KHSAA POLICIES ON TRANSGENDER AND CROSS-GENDER PARTICIPATION

KHSAA TRANSGENDER PARTICIPATION POLICY

For the purposes of eligibility to participate in interscholastic athletics:

Sec. 1) Each student-athlete shall participate according to the gender they were assigned at birth. This may be demonstrated through the use of a birth certificate, driver's license, passport or other certified medical record. Each member school is responsible for making this initial determination for its student-athlete.

Sec. 2) A student-athlete who has undergone sex reassignment is eligible to compete in the reassigned gender when:

- a) The student-athlete has undergone sex reassignment before puberty, or
- b) The student-athlete has undergone sex reassignment after puberty under all of the following conditions:
 - (1) Surgical anatomical changes have been completed, including external genitalia changes and gonadectomy; and

KHSAA POLICY ON DISQUALIFIED STUDENT-ATHLETES AND NON-PLAYERS (COACHES, ETC.)

KHSAA Bylaw 15 addresses sportsmanship. In order to ensure consistency in terms of suspensions and penalties, the Board of Control has adopted the following policies relative to the ejection of student-athletes and non-players (coaches).

Sec. 1) PROTESTS

- a) Per Bylaw 21, there are no appeals of judgment calls by game officials, including the judgment call making the determination that unsportsmanlike conduct should result in ejection.
- b) Human error is a part of coaching, playing and officiating, and the decision of the official, right or wrong, shall prevail.

Sec. 2) REPORTING EJECTIONS

- a) The KHSAA shall develop and maintain an online system for managing ejections.
- b) The administrators at a member school shall be sent a report via email regarding the ejection with directions in the email to login to the secure KHSAA online system and request reinstatement.
- c) The game official(s) shall complete the ejection report via the KHSAA website within twenty-four hours of the ejection.
- d) The member school principal or designated representative of the school with whom the player or coach is affiliated shall complete the required information on the KHSAA website requesting reinstatement.
- e) The player or coach is disqualified from further competition at that level until reinstated by a member of the Commission.
- f) An official or school may be fined, suspended or otherwise penalized in accordance with Bylaw 27 for failing to properly and timely report a disqualification or request reinstatement.
- g) KHSAA member school representatives are obligated to impose the minimum suspension penalty for the ejection per these published guidelines, even in those rare cases when an ejection is not reported in a timely manner, including ejections which occur during out of state contests or those during school breaks. School administrators should contact the Association office with any questions.

Sec. 3) PENALTIES FOR EJECTION OF ADULT NON-PLAYERS AND COACHES

- a) The suspension is considered immediate and indefinite when the ejection occurs.
- b) The suspension is in effect for any further interscholastic competition on that day (i.e., the freshmen coach ejected during the first game may not be in the gym for the subsequent varsity game, baseball/softball coach ejected in first game of multiple game tournament may not be at the field during any subsequent games that day).
- c) The suspended coach or non-player may not participate in another contest at any level (JV, Freshmen, Varsity, etc.) until being reinstated by a member of the Commission.
- d) Following review, the Commission may extend the suspension.
- e) When a coach is ejected from a scrimmage or contest, the coach is to leave the vicinity of the playing area and remove himself/herself completely from the area of the playing facility. In football and soccer for example, this means to leave the field and stadium area; in basketball, this implies leaving the building altogether (not simply relocating to another room); in other sports, completely leaving the venue.
- f) An ejected coach may not have any further communication with the game officials following the game.
- g) During the subsequent suspension period of any non-player (coach, administrator, etc.) the coach may not be on school property where the contests are being played and may not be at the venue if contests are played at a non-school site. The non-player may not communicate with the team at any point from the beginning of the contest until the end of the contest.
- h) Following the date of ejection, there shall be a minimum three

additional games/meets/contests suspension for any coach or non-player ejected from a contest and shall be served in consecutive games/meets/contests that count against the limit of games/meets/contests contained in Bylaw 23.

- i) For all coaches or non-players sitting out in an individual sport such as swimming, track or wrestling due to suspension, the penalty shall be for the entire meet schedule, not for a single event.
 - j) If the ejection was during one of the two preseason scrimmages, the penalty shall be served during the first regular season contest.
 - k) If the ejection was for the final game/contest of the season and was a coach or non-player, the person ejected shall serve the required suspension in the next varsity level contest at the member school for the suspended individual.
 - l) For the second ejection during a sports season, the suspension shall be a minimum four-game/contest suspension and may be cause for additional penalties that may include suspension for the remainder of the season.

 - c) The ejected participant may not participate in another contest at that level (JV, Freshmen, Varsity, etc.) until being reinstated by a member of the Commission.
 - d) Following review, the Commission may extend the suspension.
 - e) When a participant is ejected from a scrimmage or contest, the participant is to leave the vicinity of the playing area and remove himself/herself completely from the area of the playing facility unless the specific playing rules of the sport call for a different penalty option or the student would be placed in a position of not being supervised. In those cases, the administration of the player's team is responsible for ensuring that the student participates in no other unsportsmanlike activity or the school itself may face additional penalty under Bylaw 27.
 - f) An ejected participant may not have any further communication with the game officials following the game.
 - g) During the subsequent suspension period, suspended players may attend contest(s), but may not be in the game uniform or other school identifiable clothing and may not participate in any sport-related activity (warm-up activity) prior to or during the game, and will be classified as non-player personnel during that contest as it relates to playing rules enforcement. It is a local school determination as to whether or not this student may be in the vicinity of the bench or team area.
 - h) Following the day of ejection, there shall be a minimum two additional games/meets/contests suspension for any participant ejected from a contest and shall be served in consecutive games/meets/contests that count against the limit of games/meets/contests contained in Bylaw 23..
 - i) For participants sitting out in an individual sport such as swimming, track or wrestling due to suspension, this penalty shall include the entire meet schedule not for a single event.

- m) If this was the final game/contest of the season, the ejection was for a student, and this was NOT a varsity (first team) contest, the full penalty shall carry forward to the next interscholastic varsity level contest(s) in any KHSAA sanctioned sport.
- n) For the second ejection during a sports season, the suspension shall be a minimum three-game/contest suspension and may be cause for additional penalties that may include suspension for the remainder of the season.

Anonymous callers shall be informed that the KHSAA staff has no authority to act on anonymous calls.

POLICY STATEMENT ON ACCEPTING CALLS FROM MEMBER SCHOOLS AND THE GENERAL PUBLIC

The KHSAA staff prioritizes calls from the member school representatives. The KHSAA staff receives hundreds of phone calls and electronic mail messages each week from member schools. The National Federation and the Kentucky High School Athletic Association have made a strong effort in reminding all state associations and member schools of the importance of member schools understanding the necessity for adequate security. While acknowledging the expense of security, it is noted that this shall be an integral part of your athletic planning process.

POLICY STATEMENT ON ETHNIC AND CULTURAL DIVERSITY & SEXUAL HARASSMENT

FORCHT BANK/KHSAA CLASS SCHOLARSHIP PROGRAM

Initiated in 1997, the KHSAA honors one boy and girl from each region for their CLASS (citizenship/leadership/athletics/sportsmanship/scholarship) as demonstrated through their participation in athletics. Each member school selects a winner at the school level. The school winners advance to the regional level and are judged by a panel of local school administrators. The regional winners are eligible for a statewide honor by submitting an essay on the importance of sportsmanship in athletics. A state-level panel judges the essays. In the spring of each year, regional winners are honored with a banquet and receive a plaque for their achievements. Thanks to Wallace's Bookstores, the program sponsor from 1997 to 1999, First Southern National Bank from 2000 to 2003, and the Forcht Bank (under the umbrella of Forcht Group of Kentucky and formerly First Corbin Financial) since 2004, the statewide boy and girl winner receive a partial college scholarship.

The entire program is completely underwritten, thanks to various KHSAA corporate partners.

B) District Seeding

1) For district tournaments that for whatever reason, fall to where only two teams the following shall govern:

a) The head to head results from the regular season shall determine the host team and number one (1) seed for postseason play.

b) The number one (1) seed shall host the district tournament (region if the sport does not have districts) and shall be the designated home team, even if unable to host the game at

- their home site due to facility requirements in the sport.
- 2) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding rules:
 - a) The competing teams within a district shall, by majority vote, determine if the schools are required to play each other once or twice during the regular season. These games will produce a uniform means of ranking the teams by seed within these districts.
 - b) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship game.
 - c) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
 - d) In the case of a two-way tie for the district winning position,
 - (1) The tie-breaking mechanisms (in order) shall be:
 - a. In districts that have decided to play each other only once in district play, the winner in the game played between the tied district opponents would have the higher finishing position.
 - b. In districts that have decided to play each other twice in district play, the winner in the second game played between the tied district opponents would have the higher finishing position.
 - e) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.
 - (1) In districts that have decided to play each other only once in district play, the tie shall be broken by blind draw. The team drawn first in the draw shall be considered the highest seed (one seed).
 - (2) In districts that have decided to play each other twice in district play, the tie-breaking mechanisms (in order) shall be:
 - a. If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
 - b. If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
 - c. If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
 - d. If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
 - e. If the tie is still unbreakable, then a blind draw among the three teams shall break the tie. In this case, the team drawn first in the draw shall be considered the highest seed (one seed)
 - f. Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.
 - f) In the event of game re-scheduling or cancellation, the original game schedule shall determine which game is "second" for tie-breaking purposes.
 - 3) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The rules concerning the seeding of a district with four or more teams are as follows:
 - a) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the district and the manager shall record this vote in writing and submit it to the Association. The representatives making the written declaration shall decide all issues related to seeding.
 - b) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
 - c) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
 - d) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
 - e) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
 - f) There are no statewide rules on a seeding method once the determination has been made to seed. Some of the more common and recommended means of seeding is the record of games played within a district provided all teams have played all other teams. In that case, each district shall adopt tie-breaking procedures in the event that the primary method of seeding results in a tie or other situations arise which cause an alteration in the scheduled seeding method. Among the more common tie-breaking methods are:
 - (1) seeding by overall win-loss record;
 - (2) seeding by win-loss record in specific contests,
 - (3) seeding by a rating/ranking from a statewide poll,
 - (4) seeding by a majority vote,
 - (5) seeding by a committee,
 - (6) seeding a specific team(s) into a position to avoid scheduling complications and issues, and
 - (7) seeding by a rating turned in by each school.
 - g) If win-loss records are used for seeding, the records used shall be the records as of midnight Wednesday prior to the Monday of the week of the district tournament. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However, if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded games have been played prior to the meeting.
 - h) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published deadline for seeded games shall be recorded as a win and a loss for both teams in computing seeded position.
 - i) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.
 - j) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
 - k) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new vote as to seeding. A tie vote in this situation shall result in the district being not seeded.
 - l) Once a vote has been conducted for the district to be seeded, all required contests shall be considered to be contracted for the seeding requisite number of contests. If school representatives do not notify all schools in the district of

their intent NOT to participate by the first day of practice, the contest shall be played or a forfeit declared. Where a fee is not specified, a \$1000 default forfeiture fee will be assessed for non-played contests

II) DATES AND SITES FOR POSTSEASON COMPETITION

A) Dates for Play

- 1) District tournament play shall begin not later than Monday of the week on the KHSAA Calendar for district tournaments. Permission may be obtained from the KHSAA office to start later than that date only in the event of facility conflicts. Tournaments may begin on the weekend prior if the schools concur and it alleviates facility conflicts.
- 2) Region tournament play shall begin not later than Tuesday of the week on the KHSAA Calendar for region tournaments. Permission may be obtained from the KHSAA office to start later than that date only in the event of facility conflicts.
- 3) All tournaments shall be held on or as near the dates indicated on the Memorandum Calendar as local conditions permit. Any exceptions shall be approved by the Commissioner.

B) Sites for Play

- 1) District tournament sites shall be selected by a site selection plan approved by a unanimous vote of the schools eligible to compete in each district tournament. If a district is unable to resolve conflict over the plan, the Commissioner shall establish a plan.
- 2) Only schools which are members of the Association prior to January 1 of the year in which the tournament is held, and having a schedule of ten (10) or more baseball games shall be allowed to vote for the district tournament location or participate in the tournament.
- 3) Criteria to be considered by the schools for the district tournament include but are not limited to:
 - a) satisfactory capacity within the facility to safely accommodate past (five years) and expected attendance numbers;
 - b) an officials dressing room;
 - c) adequate parking for projected attendance; and
 - d) meet the published site selection criteria for baseball as posted on the KHSAA website.
- 4) The Commissioner shall determine region tournament sites. Schools interested in hosting a region tournament shall submit their request through a meeting of the Principals or Designated Representatives of all schools in the region and shall supply information relating to the listed criteria for hosting. The Commissioner's office may use this site selection plan as a guide, but is not bound by this plan in determining the sites.
- 5) A two-thirds vote is necessary to adopt any plan for recommending the region tournament sites and voting shall include all schools within a region, not simply the schools playing in a particular year's event.
- 6) Criteria to be considered by the schools for recommending regional tournament sites include but are not limited to:
 - a) satisfactory capacity within the facility to safely accommodate past (five years) and expected attendance numbers;
 - b) an officials dressing room;
 - c) adequate parking for projected attendance; and
 - d) meet the published site selection criteria for baseball as posted on the KHSAA website.
- 7) The schools in the district and region shall agree on the amount of proceeds (if any) that is to be kept by the host school as well as limitations on expenses by the host school; determining the fixed amount or percentages to be given to each school that participates; the fixed amount or percentages to be given to each team in the region not competing in the tournament; and the disbursement of any proceeds from commissions, parking, advertising and any other revenue related to the tournament but not directly related to ticket, program or novelty sales. Resolution as to disputes on any of these issues may be facilitated by the Commissioner's office and if agreement cannot be reached, may be considered by the Board of Control.
- 8) The Board of Control shall determine the site of the state tournament after receiving the Commissioner's recommendation, and shall be guided by necessary hotel facilities, playing facilities, and community/area support.

III) TOURNAMENT MANAGERS, MEETINGS AND PAIRINGS

A) Selection of Tournament Manager

- 1) The principal of the host school shall designate an official of the school to serve as the manager for each district tournament. The Commissioner will appoint a manager for each of the region tournaments.
- 2) It is the duty of each district and region tournament manager to invite representatives of the participating teams in the tournament to a meeting held for the purpose of making tournament plans.
- 3) It is an explicit duty of each tournament manager to inform the association IMMEDIATELY as to the bracket / pairings / entries / results when requested by KHSAA staff and according to the time deadlines provided including the actual site of the tournament if it is not held at the school. In addition, it shall be the duty of the manager of each contest in soccer, volleyball, football, basketball, baseball and softball to contact the KHSAA Scoreboard with the final results following each contest. This is in addition to fulfilling local media requests. The receipts of a tournament can be assessed a fine (levied against the manager) for failure to comply with these provisions.
- 4) The Commissioner shall serve as the manager for the state tournament and may appoint as many assistant managers as deemed necessary to manage the event. The Commissioner will direct a drawing and all of the business necessary to conduct the state tournament.

B) Tournament Meeting

- 1) The representatives of the schools participating in each tournament, by majority vote, shall set the dates and times of the games, and make all other arrangements necessary to conduct the tournament.
- 2) The district meetings shall be held in the school designated as the tournament host not later than the Wednesday prior to the week of the tournament as specified on the KHSAA Calendar. These meetings may be held earlier by mutual agreement of all teams.
- 3) The Region meeting shall be held on Sunday afternoon immediately following the district tournaments not prior to 2:00 local time in the school designated as the host. These meetings may be held earlier by mutual agreement of all teams, but not prior to the completion of all district tournament games. The site for future regional tournaments is not an issue for this meeting unless the Principal or the Designated Representative as listed on the KHSAA website is present for all teams in the region (not limited to the competing teams).

C) Tournament Pairings

- 1) The principal or his/her representative shall conduct the drawing for each school.
- 2) District (non-seeded): The pairings for the district tournament shall be made in accordance with the following procedure, with all byes being arranged to be in the first round:
 - a) The appropriate bracket shall be used for team placement according to the number of teams entering the tournament:
 - (1) For three (3) teams, the bracket is seeded by rule and form BR103 shall be used;
 - (2) For four (4) teams, the unseeded BR104 shall be used;
 - (3) For five (5) teams, the unseeded BR105 shall be used;
 - (4) For six (6) teams, the unseeded BR106 shall be used;
 - (5) For seven (7) teams, the unseeded BR107 shall be used;
 - (6) For eight (8) teams, the unseeded BR108 shall be used;
 - (7) If more than eight (8) teams are in the district bracket, contact the KHSAA offices for assistance in utilizing the unseeded BR116 bracket.
 - b) The participants may determine the order in which the bracket positions will be drawn in any manner agreeable to the majority. This could be alphabetically by school name, alphabetical by some other variable, totally random (a draw to determine the order of draw) or any other method for which agreement is reached. However, such agreement may NOT determine the bracket positions, only the drawing order.
- 3) The participants shall then draw for the non-BYE positions in the bracket. For example, in a five team bracket, the draw shall be for positions 1, 3, 5, 6 and 7.
- 4) The home team shall be determined by the bracket form.

- e) The games of the tournament shall be played in the order listed on the bracket unless unanimous agreement is reached among the competing teams due to facility logistics concerns.
 - f) The district champion and the runner-up of each single elimination tournament shall advance to the region tournament.
 - 3) District (seeded): After seeding positions have been determined, the seeded bracket pairings shall be observed. The teams shall be placed in the proper position of the appropriate single elimination bracket. The brackets (from top down) are as follows:

B) District Seeding

1) For district tournaments that for whatever reason, fall to where only two teams the following shall govern:

- a) The head to head results from the regular season shall determine the host team and number 1 seed for postseason play.
- b) The number 1 seed shall host the district tournament (region if the sport does not have districts) and shall be the designated home team, even if unable to host the game at their home site due to facility requirements in the sport.
- 2) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding rules:
 - a) The competing teams within a district shall, by majority vote, determine if the schools are required to play each other once or twice during the regular season. These games will produce a uniform means of ranking the teams by seed within these districts.
 - b) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship game.
 - c) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
 - d) In the case of a two-way tie for the district winning position,
 - (1) The tie-breaking mechanisms (in order) shall be:
 - a. In districts that have decided to play each other only once in district play, the winner in the game played between the tied district opponents would have the higher finishing position.
 - b. In districts that have decided to play each other twice in district play, the winner in the second game played between the tied district opponents would have the higher finishing position.
 - e) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.
 - (1) In districts that have decided to play each other only once in district play, the tie shall be broken by blind draw. The team drawn first in the draw shall be considered the highest seed (one seed).
 - (2) In districts that have decided to play each other twice in district play, the tie-breaking mechanisms (in order) shall be:
 - a. If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
 - b. If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
 - c. If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
 - d. If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
 - e. If the tie is still unbreakable, then a blind draw among the three teams shall break the tie. In this case, the team drawn first in the draw shall be considered the highest seed (one seed)
 - f. Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.
 - f) In the event of game re-scheduling or cancellation, the original game schedule shall determine which game is "second" for tie-breaking purposes.
- 3) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The rules concerning the seeding of a district with four or more teams are as follows:
 - a) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the district and the manager shall record this vote in writing and submit it to the Association. The representatives making the written declaration shall decide all issues related to seeding,
 - b) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
 - c) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
 - d) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
 - e) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
 - f) There are no statewide rules on a seeding method once the determination has been made to seed. Some of the more common and recommended means of seeding is the record of games played within a district provided all teams have played all other teams. In that case, each district shall adopt tie-breaking procedures in the event that the primary method of seeding results in a tie or other situations arise which cause an alteration in the scheduled seeding method. Among the more common tie-breaking methods are:
 - (1) seeding by overall win-loss record;
 - (2) seeding by win-loss record in specific contests,
 - (3) seeding by a rating/ranking from a statewide poll,
 - (4) seeding by a majority vote,
 - (5) seeding by a committee,
 - (6) seeding a specific team(s) into a position to avoid scheduling complications and issues, and
 - (7) seeding by a rating turned in by each school.
 - g) If win-loss records are used for seeding, the records used shall be the records as of midnight Wednesday prior to the Monday of the week of the district tournament. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded games have been played prior to the meeting.
 - h) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published deadline for seeded games shall be recorded as a win and a loss for both teams in computing seeded position.
 - i) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.
 - j) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
 - k) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new

vote as to seeding. A tie vote in this situation shall result in the district being not seeded.

- I) Once a vote has been conducted for the district to be seeded, all required contests shall be considered to be contracted for the seeding requisite number of contests. If school representatives do not notify all schools in the district of their intent NOT to participate by the first day of practice, the contest shall be played or a forfeit declared. Where a fee is not specified, a \$1000 default forfeiture fee will be assessed for non-played contests

II) DATES AND SITES FOR POSTSEASON COMPETITION

Girls' region tournaments shall be completed by the Saturday night prior to the girls' state tournament in years when the girls' state tournament is played first, but may extend to Tuesday before the boys' state tournament if the girls' state tournament is played second.

In regions where boys' and girls' region tournaments are assigned to the same site, the region manager(s) shall be responsible for scheduling games in the best interest of all participating schools.

B) Sites for Play

- 1) District tournament sites shall be selected by a site selection plan approved by a unanimous vote of the schools eligible to compete in each district tournament. If a district is unable to resolve conflict over the plan, the Commissioner shall establish a plan.
- 2) Only schools which are members of the Association prior to January 1 of the year in which the tournament is held, and having a schedule of twelve (12) or more basketball games shall be allowed to vote for the district tournament location or participate in the tournament.
- 3) Criteria to be considered by the schools for the district tournament include but are not limited to:

 - d) Adequate parking for projected attendance; and

Schools interested in hosting a region tournament shall submit their request through a meeting of the Principals or Designated Representatives of all schools in the region and shall supply information relating to the listed criteria for hosting. The Commissioner's office may use this site selection plan as a guide, but is not bound by this plan in determining the sites.
- 5) A two-thirds vote is necessary to adopt any plan for recommending the region tournament sites and voting shall include boys' and girls' sites and shall include all schools within a region, not simply the schools playing in a particular year's event.
- 6) Criteria to be considered by the schools for recommending regional tournament sites include but are not limited to:
 - a) satisfactory capacity within the gym to safely accommodate past (five years) and expected attendance numbers;
 - b) A minimum of four dressing rooms if double headers are to be played;
 - c) An officials dressing room;
 - d) Adequate parking for projected attendance; and
 - e) meet the published site selection criteria for basketball as posted on the KHSAA website.

KHSAA COMPETITION RULES

Governing Field Hockey

*(Adopted by the Board of Control for all play in this sport)
(Where these rules refer to the Commissioner, they shall refer to the Commissioner of the KHSAA. Sports specific duties may be appropriately delegated to a member of the Commission for the implementation of these rules. See Case Situations for specific rulings and interpretations used to administer these provisions)*

I) ASSIGNMENT OF SCHOOLS AND SEEDING

A) Alignment of Teams for Postseason Play

The Kentucky High School Athletic Association shall sponsor postseason competition in field hockey for girls, provided that there is sufficient interest of the membership and such is approved by the Board of Control. The Commissioner shall divide the state into geographic sections with the approval of the Board of Control. The entire alignment shall be reviewed when the Board of Control conducts a realignment related to basketball. In the interim, newly added or deleted programs will be handled on a case by case basis by the Commissioner's office.

As of July 15, 2014, the alignment in field hockey is as follows —
REGION 1 - Ballard, Christian Academy, Kentucky Country Day,
North Oldham, South Oldham

REGION 2 - Eastern, Fern Creek, Mercy, Sacred Heart, Seneca

REGION 3 - Assumption, Atherton, Collegiate, Male

REGION 4 - Butler, Dupont Manual, Holy Cross, Presentation, St. Francis

B) Region Seeding

1) For region tournaments that for whatever reason, fall to where only two teams enter the following shall govern:

- a) The head to head results from the regular season shall determine the host team and number 1 seed for postseason play. (Wording for Seeded vs. Non-Seeded) ...tiebreaking ...blind draw....are we saying #1 or schools vote (wording)
- b) The number 1 seed shall host the region tournament and shall be the designated home team, even if unable to host the game at their home site due to facility requirements in the sport.

2) For region tournaments with three teams, the region tournament shall be seeded in accordance with the following three-team seeding rules:

- a) The competing teams within a region shall, by majority vote, determine if the schools are required to play each other once or twice during the regular season. These games will produce a uniform means of ranking the teams by seed within these regions.
- b) The team with the highest seed (one seed) receives a bye in the region tournament, and advances to the championship game.
- c) The remaining two teams would play in the first round of the region tournament with the loser of that game being eliminated.
- d) In the case of a two-way tie for the region winning position, the tie-breaking mechanisms (in order) shall be:
 - (1) In regions that have decided to play each other only once in region play, the winner in the game played between the tied region opponents would have the higher finishing position.
 - (2) In regions that have decided to play each other twice in region play, the winner in the second game played between the tied region opponents would have the higher finishing position.
- e) In the case of a three-way tie for the region winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.
 - (1) In regions that have decided to play each other only once in region play, the tie shall be broken by blind draw. The team drawn first in the draw shall be considered the highest seed (one seed).
 - (2) In regions that have decided to play each other twice in region play, the tie-breaking mechanisms (in order) shall be:

- a. If the tie remains between all three teams, the record in the second game played against all region opponents involved in the tie.
- b. If the tie remains between all three teams, the record in the first game played against all region opponents involved in the tie.
- c. If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
- d. If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
- e. If the tie is still unbreakable, then a blind draw among the three teams shall break the tie. In this case, the team drawn first in the draw shall be considered the highest seed (one seed)
- f. Additional tie-breaking mechanisms could be added, and would be uniform for all three-team regions.

f) In the event of game re-scheduling or cancellation, the original game schedule shall determine which game is "second" for tie-breaking purposes.

3) For region tournaments with four or more teams, the region tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the region is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the regions shall not be seeded. The rules concerning the seeding of a region with four or more teams are as follows:

- a) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the region and the manager shall record this vote in writing and submit it to the Association. The representatives making the written declaration shall decide all issues related to seeding,
- b) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the region seeding plan may not be made for the current year once play has begun in the regular season.
- c) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
- d) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
- e) It shall be the region tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
- f) There are no statewide rules on a seeding method once the determination has been made to seed. A recommended point system for seeded region play has been adopted by the Board of Control following a recommendation from the Commissioner's Advisory Committee on Field Hockey.
 - (1) Each team shall play each region opponent at least once during the regular season.
 - (2) Each team is awarded three (3) points for a win
 - (3) Each team is awarded one (1) point for a tie
 - (4) Each team is awarded zero (0) points for loss
 - (5) The team that has the highest point total will be awarded the number one (1) seed. The team with the second highest point total will be the number two seed. The team with the third highest point total will be the number three seed. The team with the fourth highest point total will be the fourth seed. The team with the fifth highest point total will be the fifth seed. Etc.
 - (6) Tie breaker Procedures

- a. In the event of a two way tie after point calculations and each team plays each other once, the winner of the regular season contest will be the higher seed in the tournament bracket.
 - b. In the event of a two way tie after point calculations and region teams choose to play each other more than once, the winner of the last game will be awarded the higher seed.
 - c. In the event there are multiple ties, a region could choose an alternative method for determining the highest seed.
 - d. a blind draw would determine the higher seed winner
 - e. the team that allowed the fewest goals in region play would be awarded the higher seed.
- g) If win-loss records are used for seeding, the records used shall be the records as of the date of the pre-tournament meeting as published on the KHSAA memorandum calendar. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded games have been played prior to the meeting. Games played after the published meeting date SHALL NOT factor into the seeded position.
 - h) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published date for the region tournament meetings will be recorded as a win and a loss for both teams in computing seeded position.
 - i) If a change in the alignment of teams moves a single new team into a previously seeded region during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the region teams will conduct a new vote as to seeding.
 - j) If a change in the alignment of teams moves more than one team into a seeded region, the region teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
 - k) If the Board of Control approves a total realignment of teams within a region, the teams in the region shall conduct a new vote as to seeding. A tie vote in this situation shall result in the region being not seeded.
 - l) Once a vote has been conducted for the region to be seeded, all required contests shall be considered to be contracted for the seeding requisite number of contests. B) Enrollment and Criteria for Determining Classes for the 2011 through 2014 playing seasons.

1) The basis for determining the schools to be placed in Class 1A, 2A, 3A, 4A, 5A and 6A will be the average boys enrollment, including all non-graded special education students, in grades 9-12 for the two most recent years available for the entire membership at the time of classification.

2) Initial classification for the 2011-2014 period is based on enrollment data verified by the Kentucky Department of Education for the two years through the enrollment of the 2008-

2009 and 2009-2010 school year.

3) The enrollment data used to determine the class boundaries shall be obtained from the Kentucky Department of Education or other verifiable sources in the case of nonpublic schools.

4) The classification shall be for a four-year period, which may be extended by the Board of Control. The alignment will be reviewed upon receipt of the 2011-2012 school year enrollment information from the Kentucky Department of Education for possible adjustment to begin with the 2013 playing season.

5) The schools shall be placed in enrollment ranked order (by boys four grade enrollments, after adjustment for single-sex schools).

6) The minimum number of teams necessary for a full bracket in the playoff system (32 teams) shall be placed in the highest class (6A) and the lowest enrolment class (1A). The remaining schools shall then be placed into approximately equal divisions in classes 2A through 5A.

7) The Board shall attempt to ensure that districts do not fall below four (4) teams and that travel distance is the primary determinant in both alignment decisions, and decisions involving playoff pairings.

8) The highest and lowest enrollment average from each class shall form the bounds of the class for the purpose of making adjustments after two years or for adding new teams.

9) If there are an odd number of schools or the number of schools is not evenly divisible by the number of classes, the extra teams shall be placed from the lowest class first, up to the highest class. For example, if there were 154 teams to divide into the middle four (4) classes, there would be 39 in 4A and 5A, and 38 in 2A and 3A.

10) If the ranking and division leaves two or more teams with equal enrollments at the dividing point for class division, the Board of Control shall determine which teams go into each class. First preference is to use enrollment data at levels other than the top four (4) grades to determine the class boundaries. If the enrollment data does not yield a clear conclusion, the teams going into each class shall be drawn by random chance by drawing by lot or by coin toss.

11) The Board shall give schools, once the ranked enrollments are determined by prior to placement into geographic districts, an opportunity to play to a higher class. Such request will only be approved if the move can be substantiated by improving the geographic (travel) concerns of both the lower and requested class. Requests will be summarily denied if the request is justified by desire to improve competitive opportunity or leaves a class with the inability to form districts with more than four teams or requires more than six teams in a given district.

12) No request to play into a lower district than the enrollment boundaries indicate, will be considered.

13) If at any time during the classification period, a school withdraws from playoff competition, it shall not be eligible until the end of the classification period.

14) Newly added schools will be placed in the alignment on a case by case basis.

C) Enrollment and Criteria for Determining Classes for the 2015 through 2018 playing seasons.

1) The basis for determining the schools to be placed in Class 1A, 2A, 3A, 4A, 5A and 6A will be the average boys enrollment, including all non-graded special education students, in grades 9-12 for the four most recent years available for the entire membership at the time of classification (including 2013-2014 enrollments).

2) Initial classification for the 2015-2018 period is based on enrollment data verified by the Kentucky Department of Education for the four years through the enrollment of the , 2010-2011, 2011-2012, 2012-2013 and 2013-2014 school years.

3) The enrollment data used to determine the class boundaries shall be obtained from the Kentucky Department of Education or other verifiable sources in the case of nonpublic schools.

4) The classification shall be for a four-year period, which may be extended by the Board of Control. The alignment will be reviewed upon receipt of the 2015-2016 school year enrollment information from the Kentucky Department of Education for possible adjustment to begin with the 2017 playing season. In

order to be considered for adjustment, the four-year average enrollment (including 2015-16) would have to be within the boundaries of another class, and the school shall have had at least a 10% change in four year average enrollment during the two-year period.

- 5) The schools shall be placed in enrollment ranked order (by boys four grade enrollments, after adjustment for single-sex schools).
 - 6) The minimum number of teams necessary for a full bracket in the playoff system (32 teams) shall be placed in the highest class (6A) and the lowest enrollment class (1A). The remaining schools shall then be placed into approximately equal divisions in classes 2A through 5A.
 - 7) The Board shall attempt to ensure that districts do not fall below four (4) teams and that travel distance is the primary determinant in both alignment decisions, and decisions involving playoff pairings.
 - 8) The highest and lowest enrollment average from each class shall form the bounds of the class for the purpose of making adjustments after two years or for adding new teams.
 - 9) If there are an odd number of schools or the number of schools is not evenly divisible by the number of classes, the extra teams shall be placed from the lowest class first, up to the highest class. For example, if there were 154 teams to divide into the middle four (4) classes, there would be 39 in 4A and 5A, and 38 in 2A and 3A.
 - 10) If the ranking and division leaves two or more teams with equal enrollments at the dividing point for class division, the Board of Control shall determine which teams go into each class. First preference is to use enrollment data at levels other than the top four (4) grades to determine the class boundaries. If the enrollment data does not yield a clear conclusion, the teams going into each class shall be drawn by random chance by drawing by lot or by coin toss.
 - 11) The Board shall give schools, once the ranked enrollments are determined by prior to placement into geographic districts, an opportunity to play to a higher class. Following the receipt of the playing up decisions, the lowest teams in the classes into which teams have played up shall be offered the opportunity to play in the class the playing up team has vacated, thereby re-drawing the enrollment boundary line. A maximum of three teams from the bottom of the class will be offered this opportunity for the slots needed in the lower class due to playing up. As an example, if three teams request to play up to Class 3A from 2A, then a maximum of five teams would be offered the opportunity to play in Class 2A, with the options in ranked order starting with the smallest school, until three have accepted, or five had been offered the opportunity.
 - 12) No other request (than the requests necessitated by playing up) to play into a lower district than the enrollment boundaries indicate, will be considered.
 - 13) If at any time during the classification period, a school withdraws from playoff competition, it shall not be eligible to participate in the playoffs until the odd numbered playing season.
 - 14) Newly added schools will be placed in the alignment on a case by case basis.
- D) Declaring a District Champion
- 1) Class 1A, 2A, 3A, 4A, 5A and 6A will be divided into two semi-states with four regions in each semi-state, and those four regions having two districts in each region.
 - 2) To be eligible to be champion, runner-up, third place or fourth place position of a district, a team shall play all other teams assigned to their district.
 - 3) The champion, runner-up, third place or fourth place position in each district shall be determined by the win-loss record based upon the games played against opponents in the district. Only games scheduled by contract prior to the first legal playing date and played before the first weekend of the state playoffs shall be used in determining a district winner or runner-up.
 - a) TIE-BREAKER (two teams). In the case of a tie for the champion, runner-up, third place or fourth place position between two teams based upon the win-loss record, the team that won the game contested between the two tied teams

shall be declared the winner.

- b) TIE-BREAKER (more than two teams). Should three or more teams tie for the a district position based upon the win-loss record, the position shall be determined by the following:
 - i) If one of the teams has defeated each of the other teams tied in games contested between them, that team shall be declared to hold the highest position, and the winner of the game between the remaining teams (if less than four) shall be declared the second highest position. In the event of more than three teams being tied, where one has defeated each of the tied teams, that team shall be declared the highest position, and the tie-breaking procedure shall be re-applied for the remaining tied teams.
 - ii) If the tie remains, each team tied for the position shall receive one point for each game won by any four of their defeated opponents in all games, except for the games played between any two of the tied teams. All games played shall be counted in applying the tie-breaking procedure, including out of state games, with the exception that a defeated school may be counted only once in the procedure regardless of the number of games played against that particular school. Teams awarded forfeit victories (whether or not a forfeit fee is paid) may count the defeated opponents of the forfeiting team, provided the game was not replaced on the schedule.
 - iii) If the tie remains after application of provision (ii), an additional defeated opponent's wins will be added to the point total for each team until the tie is broken and the winner of the tied position declared, or until all games are exhausted.
 - iv) If the tie for the position involves only three teams, and the application of (ii) and (iii) results in one team being declared the winner of the tied position based on point totals, the highest point total from the application of (ii) and (iii) between the two remaining tied teams shall be declared to hold the next position.
 - v) If the tie for the championship involves more than three teams, and the application of (ii) and (iii) results in one team being declared the winner of the tied position based on point totals, the procedure shall then be re-applied to determine the next position.
 - vi) If the tie for the position involves more than three teams, and the application of (ii) and (iii) results in two teams remaining tied for the position based on points, the head to head game played between them shall break the tie, and head to head competition will break any remaining ties.
 - vii) If a tie results after application of all provisions of the above plan, the tie shall be broken by the Commissioner.

II) DATES AND SITES FOR POSTSEASON COMPETITION

A) Dates for Play

- 1) Playoff competition will begin on the Friday or Saturday three weeks prior to Thanksgiving Day.

- 7) For the semi-state round (fourth round), the champion of region 1 will play the champion of Region 2 while the champion of Region 3 will play the champion of Region 4. - B) Withdrawal after draw
- 1) No school which enters a district, region or state tournament (draws for place or is placed into bracket via results) shall withdraw from the tournament or forfeit any of its games, but shall play its entire tournament schedule.

All gross receipts prior to any distribution shall include any applicable advance payment made by teams to help offset event costs.
 - 2) If no agreement can be reached on lodging, meal, and travel expenses, it is recommended that the gross gate be divided evenly between the teams after the payment of officials and trophies. b) The number 1 seed shall host the district tournament (region if the sport does not have districts) and shall be the designated home team, even if unable to host the game at their home site due to facility requirements in the sport.

2) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding rules:

a) The competing teams within a district shall, by majority vote, determine if the schools are required to play each other once or twice during the regular season. These games will produce a uniform means of ranking the teams by seed within these districts.

b) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship

- game.
- c) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
- d) In the case of a two-way tie for the district winning position,
 - (1) The tie-breaking mechanisms (in order) shall be:
 - a. In districts that have decided to play each other only once in district play, the winner in the game played between the tied district opponents would have the higher finishing position.
 - b. In districts that have decided to play each other twice in district play, the winner in the second game played between the tied district opponents would have the higher finishing position.
 - e) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.
 - (1) In districts that have decided to play each other only once in district play, the tie shall be broken by blind draw. The team drawn first in the draw shall be considered the highest seed (one seed).
 - (2) In districts that have decided to play each other twice in district play, the tie-breaking mechanisms (in order) shall be:
 - a. If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
 - b. If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
 - c. If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
 - d. If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
 - e. If the tie is still unbreakable, then a blind draw among the three teams shall break the tie. In this case, the team drawn first in the draw shall be considered the highest seed (one seed)
 - f. Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.
 - f) In the event of game re-scheduling or cancellation, the original game schedule shall determine which game is "second" for tie-breaking purposes.
- 3) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The rules concerning the seeding of a district with four or more teams are as follows:
 - a) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the district and the manager shall record this vote in writing and submit it to the Association. The representatives making the written declaration shall decide all issues related to seeding.
 - b) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
 - c) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
 - d) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
- e) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
- f) There are no statewide rules on a seeding method once the determination has been made to seed. A recommended point system for seeded district play has been adopted by the Board of Control following a recommendation from the Commissioner's Advisory Committee on Soccer.
 - (1) Each team shall play each district opponent at least once during the regular season.
 - (2) Each team is awarded three (3) points for a win
 - (3) Each team is awarded one (1) point for a tie
 - (4) Each team is awarded zero (0) points for loss
 - (5) The team that has the highest point total will be awarded the number one (1) seed. The team with the second highest point total will be the number two seed. The team with the third highest point total will be the number three seed. The team with the fourth highest point total will be the fourth seed. The team with the fifth highest point total will be the fifth seed. Etc.
- (6) Tie breaker Procedures
 - a. In the event of a two way tie after point calculations and each team plays each other once, the winner of the regular season contest will be the higher seed in the tournament bracket.
 - b. In the event of a two way tie after point calculations and district teams choose to play each other more than once, the winner of the last game will be awarded the higher seed.
 - c. In the event there are multiple ties, a district could choose an alternative method for determining the highest seed.
 - d. a blind draw would determine the higher seed winner
 - e. the team that allowed the fewest goals in district play would be awarded the higher seed.
- g) If win-loss records are used for seeding, the records used shall be the records as of midnight Wednesday prior to the Monday of the week of the district tournament. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded games have been played prior to the meeting.
- h) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published deadline for seeded games shall be recorded as a win and a loss for both teams in computing seeded position.
- i) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.
- j) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
- k) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new vote as to seeding. A tie vote in this situation shall result in the district being not seeded.
- l) Once a vote has been conducted for the district to be seeded,

all required contests shall be considered to be contracted for the seeding requisite number of contests. If school representatives do not notify all schools in the district of their intent NOT to participate by the first day of practice, the contest shall be played or a forfeit declared. - B) Withdrawal after draw
 - 1) No school which enters a district, region, semi-state or state tournament (draws for place) shall withdraw from the tournament or forfeit any of its games, but shall play its entire tournament schedule.

Net profit or loss shall be shared based on the revenue distribution plan approved by a vote of the schools in the classification in accordance with the KHSAA Constitution. All gross receipts prior to any distribution shall include any applicable advance payment made by teams to help offset event costs.
- 2) If no agreement can be reached on payment of expenses for district or region tournaments, a mileage fee of \$1.00 per team per mile for each necessary trip should be allowed for travel expense and an allowance for one meal at \$5.00 per team member per trip to the tournament should be allowed.

- 3) The Association may enter into a contract to restrict the use of a ball in tournament play to a specific brand or model.

C) Tied games (Regular Season)

When a game is tied at the end of a regular season contest that is not part of an event where a progression to the next round is dependent upon that game's winner, and the contest is not a part of a seeded district, the game shall end tied.

D) Tied games in Regular Season Progression Events (i.e. Invitational Tournaments)

- 1) When the score is tied at the end of regulation time, the referee will instruct both teams to return to their respective team areas. There will be five minutes during which both teams may confer with their coaches and the head referee will instruct both teams as to proper procedure.
- 2) The head referee shall choose the goal at which all of the kicks from the penalty mark shall be taken.
 - a) Each coach will select any five players, including the goalkeeper, on or off the field (except those who may have been disqualified) to take the kicks.
 - b) A coin toss shall be held as in Rule 5-2-2d. The team winning the toss shall have the choice of kicking first or second.

- c) Teams will alternate kickers. There is no follow-up on the kick.
- d) The defending team may change the goalkeeper prior to each penalty kick.

- e) Following five kicks for each team, the team scoring on the greatest number of these kicks shall be declared the winner.

- f) Add one goal to the winning team score and credit the team with a victory. The KHSAA strongly recommends that an asterisk (*) be placed by the team advancing to indicate the advancement was the result of a tiebreaker system.

- 3) If the score remains tied after each team has had five kicks:

- a) Each coach will select five different players than the first five who already have kicked to take the kicks in a "sudden victory" situation, wherein if one team scores and the other team does not score, the game is ended without more kicks being taken. If a team has fewer than ten available players at the end of the first set of kicks from the penalty mark due to either injuries or disqualification, the coach shall use all players who have not participated in the first five kicks. The coach may choose additional players from the first five kickers to ensure that five different players participate in the second set of kicks.

- b) If the score remains tied, continue the "sudden victory" kicks with the coach selecting any five players to take the next set of alternating kicks. If a tie still remains, repeat 4-A.

- 4) During all tiebreaker penalty kicks, the ball remains alive until its momentum is spent, it goes out of bounds or it is retouched by the kicker.

E) Tied games (Regular Season Seeded District and all Post-Season Rounds)

- 1) There shall be two five-minute sudden-victory overtime periods. If a team scores in those periods, the match shall end.

- a) A coin toss shall be held as in Rule 5-2-2d.

- b) At the end of the first sudden-victory period, if no team has scored teams shall change ends.

- c) There shall be a two-minute interval between periods.

- 2) If the score remains tied, all coaches, officials and team captains shall assemble at the halfway line to review the procedure as outlined below:

- a) The head referee shall choose the goal at which all of the kicks from the penalty mark shall be taken.

- b) Each coach will select any five players, including the goalkeeper, on or off the field (except those who may have been disqualified) to take the kicks.

- c) A coin toss shall be held as in Rule 5-2-2d. The team winning the toss shall have the choice of kicking first or second.

- d) Teams will alternate kickers. There is no follow-up on the kick.

- e) The defending team may change the goalkeeper prior to each penalty kick.

- f) Following five kicks for each team, the team scoring on the greatest number of these kicks shall be declared the winner.

- g) Add one goal to the winning team score and credit the team with a victory. An asterisk (*) may be placed by the team advancing to indicate the advancement was the result of a tiebreaker system.

- 3) If the score remains tied after each team has had five kicks:

- a) Each coach will select five different players than the first five who already have kicked to take the kicks in a "sudden victory" situation, wherein if one team scores and the other team does not score, the game is ended without more kicks being taken. If a team has fewer than ten available players at the end of the first set of kicks from the penalty mark due to either injuries or disqualification, the coach shall use all players who have not participated in the first five kicks. The coach may choose additional players from the first five kickers to ensure that five different players participate in the second set of kicks.

- b) If the score remains tied, continue the "sudden victory" kicks with the coach selecting any five players to take the next set of alternating kicks. If a tie still remains, repeat 3-a.

- 4) During all tiebreaker penalty kicks, the ball remains alive until its momentum is spent, it goes out of bounds or it is retouched by the kicker.

F) Mercy Rule Provisions

any point in the second half, the match will be terminated.

2) This rule is to be observed in regular and postseason play

G) Heat Index

1) All play shall adhere to the KHSAA Heat Index Program. For postseason play, it is the responsibility of the host site manager to ensure and track the heat index and report it accordingly to the KHSAA.

2) In games where the heat index has been determined to be 95 or higher, play will stop at the 20 minute mark of each half of play to allow student-athletes and officials to take a mandatory 10-minute heat timeout and water break. Contest officials will get heat index information from game management before the start of the contest and will then implement the timeout procedures by notifying the coaches at the required pre-game meeting.

H) Deadline to Start Contest

No contest shall be started in a postseason contest after 11:00 p.m. local time at any contest site.

B) District Seeding

1) For district tournaments that for whatever reason, fall to where only two teams the following shall govern:

- a) The head to head results from the regular season shall determine the host team and number 1 seed for postseason play.
- b) The number 1 seed shall host the district tournament (region if the sport does not have districts) and shall be the designated

- home team, even if unable to host the game at their home site due to facility requirements in the sport.
- 2) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding rules:
 - a) The competing teams within a district shall, by majority vote, determine if the schools are required to play each other once or twice during the regular season. These games will produce a uniform means of ranking the teams by seed within these districts.
 - b) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship game.
 - c) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
 - d) In the case of a two-way tie for the district winning position,
 - (1) The tie-breaking mechanisms (in order) shall be:
 - a. In districts that have decided to play each other only once in district play, the winner in the game played between the tied district opponents would have the higher finishing position.
 - b. In districts that have decided to play each other twice in district play, the winner in the second game played between the tied district opponents would have the higher finishing position.
 - e) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.
 - (1) In districts that have decided to play each other only once in district play, the tie shall be broken by blind draw. The team drawn first in the draw shall be considered the highest seed (one seed).
 - (2) In districts that have decided to play each other twice in district play, the tie-breaking mechanisms (in order) shall be:
 - a. If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
 - b. If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
 - c. If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
 - d. If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
 - e. If the tie is still unbreakable, then a blind draw among the three teams shall break the tie. In this case, the team drawn first in the draw shall be considered the highest seed (one seed)
 - f. Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.
 - f) In the event of game re-scheduling or cancellation, the original game schedule shall determine which game is "second" for tie-breaking purposes.
 - 3) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The rules concerning the seeding of a district with four or more teams are as follows:
 - a) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the district and the manager shall record this vote in writing and submit it to the Association.

The representatives making the written declaration shall decide all issues related to seeding,

 - b) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
 - c) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
 - d) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
 - e) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
 - f) There are no statewide rules on a seeding method once the determination has been made to seed. Some of the more common and recommended means of seeding is the record of games played within a district provided all teams have played all other teams. In that case, each district shall adopt tie-breaking procedures in the event that the primary method of seeding results in a tie or other situations arise which cause an alteration in the scheduled seeding method. Among the more common tie-breaking methods are:
 - (1) seeding by overall win-loss record;
 - (2) seeding by win-loss record in specific contests,
 - (3) seeding by a rating/ranking from a statewide poll,
 - (4) seeding by a majority vote,
 - (5) seeding by a committee,
 - (6) seeding a specific team (s) into a position to avoid scheduling complications and issues, and
 - (7) seeding by a rating turned in by each school.
 - g) If win-loss records are used for seeding, the records used shall be the records as of midnight Wednesday prior to the Monday of the week of the district tournament. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded games have been played prior to the meeting.
 - h) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published deadline for seeded games shall be recorded as a win and a loss for both teams in computing seeded position.
 - i) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.
 - j) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
 - k) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new vote as to seeding. A tie vote in this situation shall result in the district being not seeded.
 - l) Once a vote has been conducted for the district to be seeded, all required contests shall be considered to be contracted for the seeding requisite number of contests. If school

representatives do not notify all schools in the district of their intent NOT to participate by the first day of practice, the contest shall be played or a forfeit declared. Where a fee is not specified, a \$1000 default forfeiture fee will be assessed for non-played contests

II) DATES AND SITES FOR POSTSEASON COMPETITION

A) Dates for Play

- 1) District tournament play shall begin not later than Monday of the week on the KHSAA Calendar for district tournaments. Permission may be obtained from the KHSAA office to start later than that date only in the event of facility conflicts. Tournaments may begin on the weekend prior if the schools concur and it alleviates facility conflicts.
- 2) Region tournament play shall begin not later than Tuesday of the week on the KHSAA Calendar for region tournaments. Permission may be obtained from the KHSAA office to start later than that date only in the event of facility conflicts.
- 3) All tournaments shall be held on or as near the dates indicated on the Memorandum Calendar as local conditions permit. Any exceptions shall be approved by the Commissioner.

B) Sites for Play

- 1) District tournament sites shall be selected by a site selection plan approved by a unanimous vote of the schools eligible to compete in each district tournament. If a district is unable to resolve conflict over the plan, the Commissioner shall establish a plan.
- 2) Only schools which are members of the Association prior to January 1 of the year in which the tournament is held, and having a schedule of ten (10) or more softball games shall be allowed to vote for the district tournament location or participate in the tournament.
- 3) Criteria to be considered by the schools for the district tournament include but are not limited to:
 - a) satisfactory capacity within the facility to safely accommodate past (five years) and expected attendance numbers;
 - b) an officials dressing room;
 - c) adequate parking for projected attendance; and
 - d) meet the published site selection criteria for softball as posted on the KHSAA website.
- 4) The Commissioner shall determine region tournament sites. Schools interested in hosting a region tournament shall submit their request through a meeting of the Principals or Designated Representatives of all schools in the region and shall supply information relating to the listed criteria for hosting. The Commissioner's office may use this site selection plan as a guide, but is not bound by this plan in determining the sites.
- 5) A two-thirds vote is necessary to adopt any plan for recommending the region tournament sites and voting shall include all schools within a region, not simply the schools playing in a particular year's event.
- 6) Criteria to be considered by the schools for recommending regional tournament sites include but are not limited to:
 - a) satisfactory capacity within the facility to safely accommodate past (five years) and expected attendance numbers;
 - b) an officials dressing room;
 - c) adequate parking for projected attendance; and
 - d) meet the published site selection criteria for softball as posted on the KHSAA website.
- 7) The schools in the district and the region shall agree on the amount of proceeds (if any) that is to be kept by the host school as well as limitations on expenses by the host school; determining the fixed amount or percentages to be given to each school that participates; the fixed amount or percentages to be given to each team in the region not competing in the tournament; and the disbursement of any proceeds from commissions, parking, advertising and any other revenue related to the tournament but not directly related to ticket, program or novelty sales. Resolution as to disputes on any of these issues may be facilitated by the Commissioner's office and if agreement cannot be reached, may be considered by the Board of Control.
- 8) The Board of Control shall determine the site of the state tournament after receiving the Commissioner's recommendation, and shall be guided by necessary hotel facilities, playing

facilities, and community/area support.

III) TOURNAMENT MANAGERS, MEETINGS AND PAIRINGS

A) Selection of Tournament Manager

- 1) The principal of the host school shall designate an official of the school to serve as the manager for each district tournament. The Commissioner will appoint a manager for each of the region tournaments.

b) The number 1 seed shall host the district tournament (region if the sport does not have districts) and shall be the designated

home team, even if unable to host the game at their home site due to facility requirements in the sport.

- 2) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding rules:
 - a) The competing teams within a district shall, by majority vote, determine if the schools are required to play each other once or twice during the regular season. These games will produce a uniform means of ranking the teams by seed within these districts.
 - b) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship game.
 - c) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
 - d) In the case of a two-way tie for the district winning position,
 - (1) The tie-breaking mechanisms (in order) shall be:
 - a. In districts that have decided to play each other only once in district play, the winner in the game played between the tied district opponents would have the higher finishing position.
 - b. In districts that have decided to play each other twice in district play, the winner in the second game played between the tied district opponents would have the higher finishing position.
 - e) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.
 - (1) In districts that have decided to play each other only once in district play, the tie shall be broken by blind draw. The team drawn first in the draw shall be considered the highest seed (one seed).
 - (2) In districts that have decided to play each other twice in district play, the tie-breaking mechanisms (in order) shall be:
 - a. If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
 - b. If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
 - c. If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
 - d. If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
 - e. If the tie is still unbreakable, then a blind draw among the three teams shall break the tie. In this case, the team drawn first in the draw shall be considered the highest seed (one seed)
 - f. Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.
 - f) In the event of game re-scheduling or cancellation, the original game schedule shall determine which game is "second" for tie-breaking purposes.
- 3) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The rules concerning the seeding of a district with four or more teams are as follows:

- b) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
- c) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
- d) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
- e) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
- f) There are no statewide rules on a seeding method once the determination has been made to seed. Some of the more common and recommended means of seeding is the record of matches played within a district provided all teams have played all other teams. In that case, each district shall adopt tie-breaking procedures in the event that the primary method of seeding results in a tie or other situations arise which cause an alteration in the scheduled seeding method. Among the more common tie-breaking methods are:
 - (1) seeding by overall win-loss record;
 - (2) seeding by win-loss record in specific contests,
 - (3) seeding by a rating/ranking from a statewide poll,
 - (4) seeding by a majority vote,
 - (5) seeding by a committee,
 - (6) seeding a specific team(s) into a position to avoid scheduling complications and issues, and
 - (7) seeding by a rating turned in by each school.
- g) If win-loss records are used for seeding, the records used shall be the records as of midnight Wednesday prior to the Monday of the week of the district tournament. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded matches have been played prior to the meeting.
- h) Seeded matches unable to be played for any reason (with the exception of verified forfeited contests) prior to the published date for the district tournament meetings will be recorded as a win and a loss for both teams in computing seeded position.
- i) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all match contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded match scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.
- j) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
- k) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new vote as to seeding. A tie vote in this situation shall result in the district being not seeded.

- E) Substitutions**
- The KHSAA shall develop substitution procedures in an effort to ensure full brackets in each weight class in the event that one of the top four wrestlers from a region become injured or ill and cannot compete at the State Tournament.

C) Length of Periods

- 1) For postseason play, all matches in championship (winner's) bracket shall be wrestled in 2 minute periods for all three periods.
- 2) For consolation bracket matches, including medal rounds, the first round shall only be 1 minute in length.

D) Weight Management, Certification

- 1) Minimum Weight Determination, Weight Control and Reporting
 - a) All athletes shall meet eligibility requirements including the development of a set minimum body weight. Only competitors whose minimum weight has been determined using the NWCA online weight management system (including all recording and tracking) are eligible to compete. Athletes without a minimum weight determination may not wrestle in competition or in practice after the first date for competition during the regular season.
 - b) The minimum weight class for each wrestler shall be determined using the National Wrestling Coaches Association (NWCA) online system between October 15 and the first regular season match.
 - c) The Head Coach of the team is responsible for maintaining a signed copy of the Alpha Report as the wrestling permission form. Each athlete subject to the sub-7% (sub 12% for females) physician permission shall have a properly completed form processed, and the Head Coach shall send a copy of that form to the KHSAA prior to the first competition. Once properly received, the KHSAA will authorize the wrestler to compete using the online system and until such is done, the wrestler may not compete.
 - d) A wrestler may not compete on the day of the minimum body weight testing.
 - e) A wrestler desiring to appeal the original minimum weight certification results shall complete the hydrostatic weight appeal within two (2) weeks of the original test.
 - f) A wrestler may never be certified into a class which is below the minimum body weight determined by the wrestler, his/her parents, his/her coach and his/her doctor and verified by using the proper calculation forms.

2) Weight Classes, Weigh-ins and Records

- a) Competition shall be divided into weight classes for regular and postseason competition as defined in the NFHS Wrestling Rules.
- b) The two-pound growth allowance will be added to each class boundary on December 25, thereby shifting the bounds of the class. The individual wrestler does not "receive" two pounds, the class weight limit is simply increased by two pounds.
- c) For each round of the KHSAA postseason tournament, the

two pound weight / growth allowance provisions from the National Federation Rules shall be used as such shall be added on December 25.

- d) A certified scale shall be used to verify weight at all matches (regular and postseason). Scales which do not display current certification or for which current documentation is not available shall not count toward the wrestler's weigh-in requirements but shall count as though the wrestler weighed 288.
 - e) If an athlete competes in a match where no certified scale was available, the weigh-in counts as a "miss" in all fourteen weight classes with respect to achieving a desired weight class weigh-in.
 - f) A member school representative may not compete in any match where a weigh-in is not conducted and recorded.
 - g) The Head Coach of each team shall be responsible for entering the complete competition schedule of the team prior to the first competition date, using the NWCA online system and shall maintain the accuracy of that schedule throughout the season.
 - h) The Head Coach of each team shall provide, for each competition weigh-in, a match weigh-in form produced by the NWCA online system showing the lowest applicable weight for each competing wrestler on the actual date of competition.
 - i) Local event managers should have in place an option to produce such listing in the event that the competing coach does not produce this report at weigh-ins.
 - j) Repeated failure to produce these required weigh-in reports shall be cause for suspension of the Head Coach from regular or postseason competition or other penalty contained in KHSAA Bylaw 27 and may subject the team to ineligibility to enter the region wrestling tournament.
 - k) Following each match, and prior to the next competition for the squad, each coach shall enter the actual scale weights of each wrestler who weighed in for the competition, using the NWCA online system. For multiple day competition within the same event, only the first day weigh-in is to be recorded.
 - l) Repeated failure to enter scale weights prior to the next competition shall be cause for suspension of the Head Coach from regular or postseason competition or other penalty contained in KHSAA Bylaw 27 and may subject the team to ineligibility to enter the region wrestling tournament.
- ### 3) Certification into a Weight Class
- a) A wrestler is certified into a particular weight class at any regularly scheduled match or tournament any time on or prior to the Saturday of NFHS week 30 by making base weight (including growth allowance after December 25) at an official weigh-in on a certified scale as long as that certified weight is not below the documented minimum weight and is at a time allowed by the minimum weight calculations. A wrestler weighing in on or prior to the Saturday of NFHS week 30 is continually certifying at the weigh-in weight.
 - b) Once a wrestler is certified into a particular weight class as of the Saturday of NFHS week 30, he/she may weigh-in only in that class and one class above. He/she is automatically re-certified into a higher weight class after the Saturday of NFHS week 30 by weighing in and qualifying for that class, but never into a lower weight class. After the Saturday of NFHS week 30, making base weight (including growth) two classes above any previously certified weight class automatically renders that wrestler ineligible for the remainder of the year to wrestle in the lower weight class (previous certified weight).
 - c) Please note that this rule is for weigh-ins, not matches. It is possible that a wrestler weighed in at a certain class weight for a match, but wrestled up during that match. That weigh-in would count for the lower, weigh-in class.
- ### 4) Weight Control

All coaches are cautioned that rapid reduction in weight can endanger the health of the student athlete and coaches are encouraged to keep current with all research in this area. The manager of each meet is to have each participant weighed and it is highly recommended that a physician examine each participant.

Such insurance coverage shall be in force from the first day of the Bylaw 23, Limitation of Seasons in a sponsored sport or sport activity, through the last day, provided such competition complies with all parts of the Bylaw and its individual competitors comply with all applicable KHSAA bylaws. The deductible for this policy shall be published in a timely manner to ensure that the school and student-athletes have adequate opportunity to comply with Bylaw 12.

The KHSAA Board of Control will purchase General Liability Insurance, using the member dues and tournament receipts, to provide for General Liability coverage for the Association and its agents and assignees, in all KHSAA sponsored competition in all sports (postseason) for which the Association sponsors a championship. The Commissioner shall ensure through all forms of due diligence, that all levels of these sponsored championships are conducted in accordance with applicable KHSAA Competition Rules in order to maintain the integrity of the policy.

Case CR-4- How many schools are required to agree to participate in KHSAA sponsored postseason competition in order for the Association to hold a championship in that sport or sport-activity?

Fifty (50) member schools located in at least three (3) different basketball regions shall agree to field a team in order that

the Association consider sponsoring a championship. The achievement of this percentage is no guarantee of the development of a championship as the Board of Control must consider fiscal and legal consequences such as the Association budget, the budget of the member schools and the impact on such things as Title IX.

Twenty-five member schools located in at least three (3) different basketball regions shall participate each year in order that the Association maintains a championship.

These criteria may be waived by the Board of Control in order to sponsor a championship in any sport that does not conflict with state or federal law and which provides additional participation opportunities exclusively for females.

The Association shall survey the membership every three years to determine interest in new offerings.

Case CR-5- Who is in control of the media and press at KHSAA sponsored competition?

1) The intellectual property, corporate, broadcasting and media rights to the State championship rounds of the KHSAA postseason championships belong exclusively to the KHSAA, including titling agreements and sponsorships. No member school may approve or sign an agreement that includes rights to state contests (delayed or live).

2) The intellectual property, corporate, broadcasting and media rights to the postseason rounds prior to the state finals belong exclusively to the KHSAA, including titling agreements and sponsorships. No member school can sign an exclusive agreement for a postseason round (District, Region, semi-state) without agreement between the schools and approval of the KHSAA Office.

3) The intellectual property, corporate, broadcasting and media rights to the postseason rounds prior to the state finals belong exclusively to the KHSAA, but are assigned to the Principal of each institution for management and control. No member school shall sign an exclusive regular season agreement that would "Shut out" its opponent from any audio, video streaming or having the opportunity to do so.

4) At all levels of competition during postseason play, control of media access and location at those contests is with the KHSAA. In general, the management of those rights may be assigned to the manager at the host KHSAA member school for the district, region and sectional (semi-state) competition.

5) At all levels of competition, including district, region, sectional, and state competition in KHSAA sponsored tournaments and meets, managers are to make allowances for members of the media to tape portions of the contests at no charge to the media outlet, as long as the taping is for the sole purpose of news highlights.

6) Outlets desiring to tape the contest for broadcast or telecast shall seek the permission of the event manager, and the manager has the right to set and collect any fee which may be deemed appropriate as an offset to any perceived lost ticket revenue.

7) At the state level, all negotiations for rights to broadcast or telecast shall be initiated with the Communications Director and the Commissioner, and shall be approved by the Commissioner.

Case CR-6- Who is empowered to make decisions at KHSAA tournaments when inclement weather forces postponement of contests or events?

While it would be ideal if all parties could meet and agree on any re-scheduling of games necessitated by inclement weather or other natural events, this may not be practical. It is the duty of the tournament manager to make decisions with regards to re-scheduling in the event of postponement and ensure that all teams, media outlets and schools are properly notified.

Case CR-7- Is it possible for a winner and corresponding runner-up in baseball, basketball, field hockey, soccer, softball or volleyball district tournament to meet before the final region game?

No, because they are to be placed in opposite brackets.

Case CR-8- Is there a mandatory brand of game ball to be used in postseason play in baseball, basketball, football, softball?

Yes, the Association has a long-term agreement with Rawlings Sporting Goods and Worth Sports to provide specific balls for the state championship tournament, and the Commissioner's office can provide specifications upon request.

In all postseason contests in these sports, a Rawlings brand ball (or Worth brand in softball) with the proper NFHS authenticating mark shall be used. There is no requirement that a KHSAA logo appear on the ball, or that all balls except for these specific models be disallowed.

For 2014-2015, those ball numbers are:

Boys Basketball - CNTR295-KY

Girls Basketballs - CNTR285-KY

Baseball - R100KY and RKHSAA

Softball - Worth PX2RYL-KY

Football - ST5H-KY-B Hybrid and PRO5-KY-B PRO5.

Case CR-9- Is there a mandatory brand of game ball to be used in postseason play in soccer?

Yes, the Association has a long-term agreement with Select Sports America to provide specific balls for the state championship tournament, and the Commissioner's office can provide specifications upon request.

In all postseason contests in these sports, a SELECT brand ball with the proper NFHS authenticating mark shall be used. There is no requirement that a KHSAA logo appear on the ball, or that all balls except for these specific models be disallowed.

For 2014-2015, those ball numbers/identifiers are:

Boys and Girls Soccer - ROYALE

Case CR-10- Is there a mandatory brand of game ball to be used in postseason play in volleyball?

Yes, the Association has a long-term agreement with Baden to provide specific balls for the state championship tournament, and the Commissioner's office can provide specifications upon request.

In all postseason contests in these sports, a Baden brand ball with the proper NFHS authenticating mark shall be used. There is no requirement that a KHSAA logo appear on the ball, or that all balls except for these specific models be disallowed.

For 2014-2015, those ball numbers/identifiers are:

Volleyball - Perfection VX5EC-210 Leather or Composite

Case CR-11- Are there any restrictions on the scheduling and playing of games in a "seeded district" in baseball, basketball, soccer, softball, or volleyball?

Yes. Principals, Athletic Directors and Coaches should consult the Competition Rules related to each of these sports for more specific dates for tournament meetings and allowances for scheduling of these meetings. All games involved in the calculation of a seed position SHALL be played on or before the Wednesday prior to the start of postseason play. Games played after that time SHALL NOT factor into the seeded position.

Case CR-12- How are the tournament sites selected for district tournament sites for baseball, basketball, soccer, softball in the event that agreement cannot be reached on a site selection plan?

If a site selection plan cannot be reached on first round (normally district) tournaments, the Commissioner will intervene and establish a rotation plan subject to appeal to the Board of Control. The site selection plan shall be confirmed by annual balloting during the season and reported to the Association along with seeding decisions. Rotating the tournament sites does not necessarily mean that each school shall host the tournament at that school's home site, but that each school, with available proper and adequate facilities, shall have the opportunity to host the tournament, even if an alternative site is required due to site requirements within a given sport.

Case CR-13- Is there a deadline for a district host school in baseball, basketball, soccer, softball or volleyball to select a playing site if the school home site doesn't meet the requirements for holding the tournament?

Yes. Through various rules and rulings in past years, every school

in a specific district alignment shall have an opportunity to serve as the host for the tournament. Each school may, of course, decline that opportunity. However, this requirement ensures that on a periodic basis, all schools get to share in the concession and parking proceeds, host share of the ticket receipts and other benefits that come from serving as the host. It is recognized that all schools in a given alignment grouping will not meet the tournament specifications.

For this reason, the following steps shall be taken by the schools in the district-

- 1) The schools shall meet and decide what facilities can hold the attendance of the last five years of the tournament based on the fan followings of the schools, and satisfy other logistical needs such as accessibility, parking, etc. (agreed sites). In addition, all sites must meet any adopted site criteria for the sport that has been approved by the Board of Control. If there is a disagreement, the Board of Control can serve as the final resolution and KHSAA staff shall assist in that determination.
- 2) The discussion on site applicability is separate from the ability to "host", that is being the tournament manager, operating concessions, etc. as all schools shall be given that opportunity to host, just not necessarily at a site that cannot accommodate the event.
- 3) From that list of agreed sites, the rotation of sites is to be considered, factoring in of course, that all schools shall be given a chance (if they want) to host, even if it isn't played at the host school's home playing facility.
- 4) In a year when the designated host's home facility does not meet the specifications for holding the tournament, the final selection as to the playing site rests with the designated host school. That school has sole discretion to make that decision, but is compelled to choose only from the list of agreed facilities as mentioned in (1) above.
- 5) In a year when the designated host school's home facility does not meet the specifications for holding the tournament, the designation shall be made by September 20 in volleyball and soccer; January 1 in basketball; and April 15 for baseball and softball.

Case CR-14- How are the contest sites selected for region tournaments/meets/contests?

The Commissioner establishes all regional sites. The Commissioner shall be generally guided by a site selection plan approved by a 2/3 vote of themember schools in the region, but is not compelled to assign the event to that site specified in the plan, and shall only assign to the sites meeting specified sports specific criteria.

Changes to a requested site selection plan shall be confirmed by balloting of the Principals or Designated Representatives of the member schools.

Case CR-15- May a name be added to the roster or entry form after the first day of postseason competition?

No, changes cannot be made unless otherwise provided in the competition rules for a specific sport. The principal shall check the online roster in all sports and sport-activities to ensure that all players are on the list as the rosters are locked after postseason play begins. For individual sports using the published entry list and/or forms, the specific sport tournament rules will address any options for substitution or correction, if such options exist.

Case CR-15- How is it determined that a meet counts against the four meet minimum in Track and Field or Cross Country?

In order to count as a meet for the four meet minimum a meet shall be a meet which rises to the standard of counting as a meet towards the interpretations of Bylaw 23. In addition, in Cross Country, the distance would be a minimum of 2500 meters and a maximum of 5000 meters and involved entries from two or more schools. To count towards the minimums, the meets may be at the varsity or nonvarsity level in terms of meet structure. It shall be counted in the same manner for all competitors (varsity, JV or freshman). The school approved or provided uniform shall be worn in this competition. In accordance with Bylaw 22, a school representative shall

accompany the team.

Case CR-16- If a Cross Country Meet is interrupted by weather, can other races be run that day?

Yes. The particular interrupted race is considered complete and counts both towards meet limits and participation minimums. If other competition can resume after required delays, that is permissible. Only races actually started can count towards meet limits or participation minimums.

Case CR-17 - Are there policies on participation by boys on girls' teams and vice-versa?

Yes. See the Board of Control policies for complete details on page 26 of <http://khsaa.org/handbook/20142015/policies.pdf>.

Case CR-18 - Are there policy statements or recommendations from the Commissioner's office on postgame activity by teams and individuals?

Yes. Several sports have "traditions" regarding postgame handshakes, etc. by team members (both en masse and as individuals), but none of them have such action dictated by playing rules. While it is an obvious sign of sportsmanship and civility, many incidents have occurred both in Kentucky (more than two dozen in the last three years in Kentucky alone) and throughout the country, where fights and physical conflicts have broken out during these postgame handshakes. And this is not restricted to specific sports.

Unfortunately, the adrenaline and effort required to participate in the sport sometimes seems to deplete the supply of judgement available to participants. And this can be particularly problematic when there is a lack of an appropriate level of adult supervision, or counterproductive actions by the adults involved with the team.

During 2013-14, the following directors were issued by the Commissioner to the membership for all of the schools and officials regarding post game in baseball, basketball, football, soccer, softball, volleyball and wrestling:

Following the contests, officials are to quickly and efficiently leave the playing facility following all rules mandated duties and ensure that the rules book mandated jurisdiction ends promptly. There is no need for officials to secure the game balls, shake hands with the coaches or players, or stick around the playing area for any other reason.

Officials have no role in what goes on in postgame, including handshakes, etc. after jurisdiction has ended. Officials also have NO role in administering this time period. Officials choosing to involve themselves in postgame activities will be penalized appropriately;

Game management and the administration of the participating team(s) are solely responsible for what happens after the contest is concluded.

Certain interaction is required by the NFHS playing rules (i.e. the awarding of a bout winner in wrestling). Other postgame rituals such as handshakes, etc. must be closely monitored by school officials and are not a part of the game regulated by game officials. However, any unsportsmanlike conduct occurring during this time will subject the coach/player to penalties and discipline; and

The coaches and administration of the teams are always responsible for the individual conduct of the members of the team following the contest and shall be held accountable for such.

Henceforth, any incidents by an individual squad member (including coaches) or group of squad members that results in unsporting acts immediately following the contest will result in a penalty against the member school athletic program, and additional penalties against the individuals or schools as deemed appropriate following investigation.

Case CR-19 - Who pays for the trophies for KHSAA postseason Competition?

In all sports and sport-activities, with the exception of Bass Fishing, Golf and Tennis, the host of the event is responsible for the payment of trophies and is permitted to take that amount for the standard trophies ordered by the Association from gate receipts. Those not charging a fee for admission are permitted to assess each member school for entry into the event to help

cover these and other costs, but such assessment shall be included in any financial settlement published for the event.

Case CR-20 - Are financial reconciliation reports required to be submitted to the KHSAA after KHSAA postseason events?

Yes. All levels of KHSAA postseason event require a financial reconciliation.

Case CR-21 - Has the Board of Control adopted a position statement or policy on the realignment / alignment of teams?

Yes. On a perpetual basis, the Commissioner shall ensure that staff maintains a current alignment of teams in each sport with the following review points considered:

If a single school adds a team (or individuals) or deletes a team (or all individuals), the alignment may be revised on an ongoing basis by the Commissioner;

The Board of Control may, at its own discretion, choose to realign all teams participation in a sport or sport activity based on input from the Commissioner;

A realignment may also be caused by a previously adopted alignment having an expiration of its valid period. This is especially important in the enrollment based sports (classified sports). Cross Country/Track and Field and Football are aligned on a four-year alignment period;

Cross Country and Track and Field shall have the same alignment;

Football shall be aligned based on the average four-year enrollment of boys in the school, including the year in which the realignment project is completed, and the final alignment shall attempt to result in a final product being adopted at least twelve (12) months notice to the member schools for scheduling;

Cross Country/Track and Field shall be aligned on a not less than every four year basis, using the average four-year enrollment of total students in the school, including the year in which the realignment project is completed; and Specific parameters about each sport alignment shall be contained in the Competition rules for the Sport or Sport Activity.

Whenever a sport or sport activity is to be realigned, the Board shall direct the Commissioner to produce the necessary information as to seed discussion by the Board of Control. The criteria and factors to be used in developing a draft alignment shall adhere to the following steps:

Identification as to whether or not enrollment classifications will be used;

Plot/Diagram the location of all competing schools;

Begin by looking at geographic clusters of schools. Geography (including specific travel route information) is an important criteria for placement in groups (regions, districts, etc.), but is not the sole determinant for placement;

Travel routes must be reviewed as a potential factor, as well as the identification of the existence of multiple travel routes; In the non-classified team sports (baseball, basketball, soccer, softball, volleyball), the basketball alignment should be an initial framework, specifically the region boundaries;

If possible in the non-classified team sports, the district boundaries should be important element, but the level of participation of the schools in the district must be factor;

The unique factors of each sport, particularly the individual sports, must be reviewed including facilities; and

The participation and alignment history, both individual and teams, is a factor in consideration, but not the final determinant;

When reviewing alternative suggestions for alignments, the Board shall prioritize the requests from the membership that effect the requesting school over those suggestions that result from suggestions about other schools without effecting the suggesting school.

The following factors are NOT to be considered:

Past success or failure;

Enrollment (in a non-classified sport);

Socio-economic status and student body composition;

*Type of school (A1, D1, F1, J1, M1, R1); and
Specific desires of coaches (input must be from administrative
level).*

Thanks, Coach

Without a committed team of coaches and athletic administrators, education-based athletics just wouldn't be possible. Coaches are role models, educators, and advisors. They encourage excellence in and out of the classroom. Their work requires extraordinary amounts of time and energy, for very little pay. Simply put, they bring out the best in *all* of us.

This message presented by the Kentucky High School Athletic Association
and the Kentucky High School Athletic Directors Association.

AFFILIATES

If an individual student athlete or team wins, it's an amazing thing.
It's also just the icing on the cake.

Young people who participate in education-based athletics are already winners. Studies show that, win or lose, participation helps to impart skills they can use to enjoy greater success in other areas of their lives. That's what makes school sports a winning part of a complete education.

This message presented by the Kentucky High School Athletic Association
and the Kentucky High School Athletic Directors Association.
