Your team's accomplishment of advancing to the State Tournament:

This team has come so far this season. We lost the top 7 players from last years team, so these kids basically had no varsity experience. They struggled early in the season to find their nitch on the team. We took several big losses early, but these kids never quit and continued to work hard in practice. We have improved each week and played much better ball the last third of the season. Our kids hang their hat on defense and playing with tremendous effort. They were able to put everything together for the post season and pull off the most improbable of our schools 7 15th Region championships.

What are keys (players/offensive/defensive) to your team's success in winning the tournament:

In order for us to have success in the tournament we must play tenacious defense, rebound like men, and control the tempo of the game. As you can see from our stats, we don't have any one or two players that stand out. We play a team game and seem to have a different player step up each night. Brett Reynolds (senior) plays with heart and toughness that our team feeds off of. Logan Lucas (junior) plays tremendous defense and seems to always hit big shots for us. Dalton Richardson (8th grade) has done an excellant job running the point and hitting big baskets. Cody Belter's (freshman) 6'9" presence around the defensive basket is invaluable to the team. Trey Roberts (senior)has the uncanny ability to make big plays at crucial times. Rusty Roberts (senior)brings instant offense off the bench. Jacob Robinson (senior) is solid off the bench in all aspects of the game. Andrew Newsome (8th grade)gives us great rebounding and defense off the bench. Cody Bentley (junior) is a versatile player who can come in to play many different positions well. Jordan Robinson (junior) is our high energy defensive man off the bench. All these guys work hard and I am very proud of them.
