#### **Coach's Comments**

#### Your team's accomplishment of advancing to the State Tournament:

We have a very young team that really was not expected to be here this year, but we set our goals high, contined to improve, and believed in ourselves. I knew we were talented enough and the experience we gained this year from our competitive schedule really paid off for us in post season play. We are thrilled to have this opportunity to represent the highly competitive 9th Region!

# What are keys (players/offensive/defensive) to your team's success in winning the tournament:

The biggest key for this young bunch is going to be how we handle the atmosphere of the Sweet 16. The juniors and 1 senior we have played in the tournament a couple of years ago, but have much more significant roles on the team this time around. We have freshmen starting in 2 key spots for us - Bradley at the point and Brasseaux in the post. We have no superstars, but we do have good team chemistry and each player needs to continue to play her role and make her special contribution if we are to be successful.
