KENTUCKY DEPARTMENT OF EDUCATION

STAFF NOTE

Action/Consent Item:

Certification of Non-Public Schools

Applicable Statute or Regulation:

KRS 156.160(3)

Action Question:

Should the Kentucky Board of Education (KBE) accept the following recommendations of the Kentucky Non-Public Schools Commission (KNPSC) to certify the following schools for the designated time indicated below?

History/Background:

Existing Policy. KRS 156.160(3) provides that any “private, parochial or church school may voluntarily comply with curriculum, certification, and textbook standards established by the Kentucky Board of Education and be certified upon application to the board by such schools.”

At the September 1992 meeting, the KBE approved a process to certify non-public schools. The board certifies schools by accepting the recommendations of the KNPSC. The KNPSC ensures that the schools being presented to the board for certification have successfully completed the accreditation process of one of the twelve state, regional or national accrediting agencies approved for this purpose by the board. Those accrediting agencies are:

- American Association of Christian Schools
- Association of Christian Schools International
- Association of Christian Teachers and Schools
- Association of Montessori International
- American Montessori Society
- International Christian Accrediting Association
- Independent Schools Association of the Central States
- Kentucky Nonpublic Schools Commission
- Kentucky-Tennessee Conference of Seventh-Day Adventist
- National Association for the Education of Young Children (early childhood)

Beginning in the 1996-97 school year, a request for waiver of any administrative regulation shall be submitted to the Kentucky Board of Education in writing with appropriate justification for the waiver. The Kentucky Board of Education may approve the request when the school district or school has demonstrated circumstances that may include but are not limited to the following:
 - 1. An alternative approach will achieve the same result required by the administrative regulation;
 - 2. Implementation of the administrative regulation will cause a hardship on the school district or school or jeopardize the continuation or development of programs; or
 - 3. There is a finding of good cause for the waiver.
 - (b) The following shall not be subject to waiver:
 - 1. Administrative regulations relating to health and safety;
