PROPOSAL MS-

Proposed by Steve Frommeyer, Eminence High School

A proposal to revise the KHSAA Constitution to allow KHSAA members to play schools in Kentucky who for whatever reason, are not KHSAA members.

Rationale – This proposal would allow schools who are members of the KHSAA to play other Kentucky high schools that have chosen not to join the KHSAA, in regular season competition. Such schools would remain ineligible for KHSAA competition and would have to be members of another association that has been approved by the Board of Control. Such approval would be contingent on the other association certifying that its members comply with the basic tenants of KHSAA Bylaws 2, 3, 4, 5, 7, 8, 9, 10, 11, 12 and 13. This would leave the KHSAA school in the decision making mode relating to the opponents as competition against them is not compulsory. This would be of benefit to smaller KHSAA schools who desire to play nearby smaller schools in regular season competition, without having any impact on the association membership or postseason competition.

CONSTITUTION

ARTICLE VIII

CONTESTS

Section 1. With Non-Member Kentucky Schools

KHSAA member schools may only compete in contests against schools located in Kentucky that are current members of the KHSAA, or those that are members of a comparable group in Kentucky that has been approved by the KHSAA Board of Control as an affiliate organization indicative of compliance with similar eligibility standards to KHSAA members. Any KHSAA member school, that engages in an athletic contest with a nonmember Kentucky school that is eligible for membership in the Association or one that is not a member of a comparable group in Kentucky that has been approved by the KHSAA Board of Control as an affiliate organization. may be subject to all penalties contained in Bylaw 33 .

Section 2. With Schools in Other States

All opponents of KHSAA schools in all contests in baseball, basketball, football, soccer, softball and volleyball shall be current members of the state association in the home state of the opponent. All contests played by KHSAA member schools shall be governed by the rules and regulations established by the Board of Control including Article VIII of the KHSAA Constitution. Approval for any exemptions shall come through the Commissioner. Any KHSAA member school engaging in a contest with a school from another state shall play under the rules of the KHSAA.

I all am contacting the Board of Control members to ask for your consideration to place on the September ballot for a vote from KHSAA members to allow member and non-member schools to compete in athletic competition at the September KHSAA members meeting. I realize that our proposal was discussed at the May meeting and that the board felt more information was needed at that time. It was suggested that a survey needed to be taken of its members to obtain additional information. I sent out a survey to all KHSAA members using Survey Monkey and 153 members responded to the survey. Mr. Fromeyer has met with Mr. Weedman and Mr. Tackett and discussed the results of the survey and it was suggested that we should contact members of the Board of Control to discuss with them the results of the survey. There were four basic questions sent out to KHSAA members. The survey and its results are listed below. Question number two is the most direct and according to the survey 53% are in favor of allowing members and non-members to compete with each other. Non-member schools are willing to pay a participation fee, have the required insurance requirements, meet student eligibility requirements in regards to age, academics etc and not to be eligible for post season play. The proposal would also help KHSAA member schools budgets by allowing them to play additional schools that are closer thus reducing travel time. Some non-member schools may eventually become members but many cannot under the current KHSAA rules in regards to accreditation and some cannot due to not all their teachers are certified. I ask that you also look at other state athletic associations such as Kansas as they have in place a very similar proposal below I have copy and pasted from their web site what they do. I would be happy to meet with you to discuss the possibility of getting this on the ballot for the September meeting or the survey results.

What is an Approved School?

What happens if we want to play an approved school or invite them to our event? These are questions being asked with increasing frequency by member schools. KSHSAA Bylaw Article I, Membership states, “Any public or private high school **accredited** by the Kansas State Board of Education, Independent Schools Association of the Southwest, or any other valid accrediting agency approved by the Executive Board, may become a member of this Association.”

Occasionally, there are small, private schools that do not have KSDE or other acceptable accreditation, who desire to play KSHSAA member schools. To facilitate that possibility, years ago the KSHSAA added the following to Bylaw Article I, in Section 5, “Private schools which are not eligible for full membership in the KSHSAA, and which are not under suspension from this or any other state association, may be put on an “approved school list” and members of the Association shall be permitted to compete with schools on such list. Schools on the “approved school list” shall not be eligible to participate in Association sponsored activities or tournaments or events conducted for the purpose of determining an official KSHSAA championship.”

Q. What schools may KSHSAA member schools play?

A. By rule, KSHSAA member schools may only play other schools which are KSHSAA members or members of a counterpart state association. The only other schools eligible to play a member school are Kansas schools on the KSHSAA *Approved School List*.

Q. Are KSHSAA approved schools required to follow the same rules?

A. No. While they may elect to do so, they are not required to adhere to KSHSAA rules pertaining to student eligibility, age, transfer, scholastic eligibility, number of games, length of seasons etc. Remember, KSHSAA member schools must conduct their competitions in accordance with National Federation playing rules.

Q. How do I know if a school is on the KSHSAA Approved List?

A. The KSHSAA Senior High Directory lists all approved schools known at press time in the back of the publication. Beginning August 2008, the KSHSAA website www.kshsaa.org will carry a list of all approved schools which will be continuously updated.

Q. Does a game with an approved school count as one of a member school's allowed competitions?

A. Yes. A contest with a KSHSAA approved school counts as one of the member school's allowed games for the season.

Q. If we play a game against an approved school, does it count on our record for post season?

A. Yes. The game counts as a win or loss in determining your final season record for post season seeding.

Q. If we play an approved school, is our KSHSAA catastrophe insurance policy in effect?

A. The KSHSAA catastrophe and liability insurance plan will cover the Association member school, but it does not extend coverage to the approved school. Member schools are advised to discuss with risk management advisors as to whether this creates concerns.

Q. What about contract enforceability?

A. Since approved schools are not members of the KSHSAA, there is no means to force approved schools to honor game contracts.

Q. Once an approved school, always an approved school?

A. No. Schools apply for approved status annually. By August schools desiring approved status should have completed the process. If they have not, they are not eligible to compete with KSHSAA member schools.

Q. May middle and junior high schools play against non-member schools?

A. Yes. The restriction on senior high member schools does not apply to middle and junior high schools. There is no such thing as an approved school at the middle and junior high school level.
