SAMPLE FORM

		Column 1	Column 2	Column 3	Column 4
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	429	52.1%	96	36.5%
Row 2	BOYS	394	47.9%	167	63.5%
Row 3	Totals	823	100%	263	100%

Instructions:

*Number of 8th grade students & below used in Column 3 and Column 4 calculations if applicable: _____

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask the head coaches to review the most updated eligibility or squad lists for their teams. Ask coaches to confirm the names of those individuals who are on the team as of the first **date of competition**, and cross out the names of those who were cut from the team or quit the team prior to the first competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams or pom squads**). Calculate the same way for boys and girls. * In addition, should 8th grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk the above notation as to how many 8th grade students & below are included. Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3. Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3).
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard; if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

1. For Column 1, indicate the intended area which needs corrective action in order to achieve gender equity. For Column 2, write the suggested change or activities that will correct the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need "corrective" action. However, the KHSAA strongly encourages compliant schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program.
3. You may copy this form as needed. Please attach corrective action plans along with audit forms and submit by April 15, 2005.

Members of the Gender Equity Committee met on October 5, 2004, to discuss various topics and activities coming for the school year. Those present were: Amy Boaz, Henry Edwards, Perry Collins, Frank Brazzell, Joan Lacewell, and Barry Adams. Absent were the two student representatives: Ashley Yates and Jarrod Burgess.

Mr. Edwards discussed the attempt to have a female volleyball team. Three meetings were held and had good response the first meeting, but the final two meetings students changed their minds. We will have another meeting this spring in an attempt to field a team.

Mr. Edwards said the K.H.S.A.A. said we have a lack of female participation in sports. WE must look at other avenues to solve this. This matter was discussed and everyone felt volleyball was the way to go. We will try this route again and if it fails we will look elsewhere.

Improvements have been made in the gymnasium, baseball, and softball fields. A scoreboard and lights are needed on the soccer field. This need was discussed, but no action taken. Mr. Edwards said during the basketball season all Friday and Saturday night games are scheduled with the girls playing last, considered prime time. Improvements to the dressing rooms were also discussed. Painting and other recommendations were made.

The committee came to a conclusion that female participation is the focus of concerns. They pledged to work hard to solve this. Mr. Collins made the motion to adjourn, seconded by Mr. Brazzell. Next meeting was scheduled for February.

Feb. 1, 2005

Gender Equity Committee was called to order. Those present: Henry Edwards, Amy Boaz, Perry Collins, Frank Brazzell, Joan Lacewell, and Barry Adams. Student representatives were not there due to basketball practice schedule. No concerns were brought fourth. Work continues on the dugouts on the baseball field. Backstops for the baseball and softball fields are being purchased. The baseball and softball schedules are set as well as the soccer schedule. The volleyball meeting for girls will be held soon to see if there is enough interest to pursue a team. The golf schedule is also in place. Meeting was adjourned. Hickman Co. will be hosting the 1st District Basketball Tournament and plans are being made to accommodate the event.

March 17, 2005

Gender Equity Committee meeting was held with the following people present: Henry Edwards, Frank Brazzell, Barry Adams, Perry Collins, Joan Lacewell, Amy Boaz, Ashley Yates, and Jarrod Burgess. The committee was asked about any concerns and none were brought forth. The results of the two volleyball meetings were discussed. The first survey showed an interest of 48 girls. The first meeting on February 25, 2005 an interest of 28 girls and for the second meeting on March 10, 2005 with the parents an interest of 14 girls. The meeting was advertised at school and on the local radio station and newspaper. Results showed there is some interest but not enough yet to pursue uniforms, coach, and a varsity schedule. Mr. Edwards did suggest that some practice could be held and maybe some scrimmage with local schools. WE will continue to pursue volleyball in accordance with the interest survey. Hickman Co. High School will host the 1st District Baseball and Softball Tournaments this spring. Final reports for Title IX are being prepared and are due in the office of the KHSAA on April 15. Meeting was adjourned.
