Ten (10) percent of the member schools located in at least three (3) different basketball regions shall agree to field a team in

order that the Association consider sponsoring a championship. The achievement of this percentage is no guarantee of the development of a championship as the Board of Control must consider fiscal and legal consequences such as the Association budget, the budget of the member schools and the impact on such things as Title IX. In addition, ten (10) percent of the member schools located in at least three (3) different basketball regions shall participate each year in order that the Association maintains championships. The Association shall survey the membership every three years to determine interest in new offerings. (Board of Control, March, 1994, amended February, 2011)

Case CR-5- Who is in control of the media and press at KHSAA sponsored competition?

- 1) The intellectual property, corporate, broadcasting and media rights to the State championship rounds of the KHSAA postseason championships belong exclusively to the KHSAA, including titling agreements and sponsorships. No member school may approve or sign an agreement that includes rights to state contests (delayed or live).
- 2) The intellectual property, corporate, broadcasting and media rights to the postseason rounds prior to the state finals belong exclusively to the KHSAA, including titling agreements and sponsorships. No member school can sign an exclusive agreement for a postseason round (District, Region, semi-state) without agreement between the schools and approval of the KHSAA Office.
- 3) The intellectual property, corporate, broadcasting and media rights to the postseason rounds prior to the state finals belong exclusively to the KHSAA, but are assigned to the Principal of each institution for management and control. No member school shall sign an exclusive regular season agreement that would "Shut out" its opponent from any audio, video streaming or having the opportunity to do so.
- 4) At all levels of competition during postseason play, control of media access and location at those contests is with the KHSAA. In general, the management of those rights may be assigned to the manager at the host KHSAA member school for the district, region and sectional (semi-state) competition.
- 5) At all levels of competition, including district, region, sectional, and state competition in KHSAA sponsored tournaments and meets, managers are to make allowances for members of the television media to tape portions of the contests at no charge to the media outlet, as long as the taping is for the sole purpose of newscast highlights.
- 6) Outlets desiring to tape the contest for broadcast or telecast shall seek the permission of the event manager, and the manager has the right to set and collect any fee which may be deemed appropriate as an offset to any perceived lost ticket revenue.
- 7) At the state level, all negotiations for rights to broadcast or telecast shall be initiated with the Sports Information Director and the Commissioner, and shall be approved by the Commissioner.

Case CR-6- Who is empowered to make decisions at KHSAA tournaments when inclement weather forces postponement of contests or events?

While it would be ideal if all parties could meet and agree on any re-scheduling of games necessitated by inclement weather or other natural events, this may not be practical. It is the duty of the tournament manager to make decisions with regards to re-scheduling in the event of postponement and ensure that all teams, media outlets and schools are properly notified.

Case CR-7- Is it possible for a winner and corresponding runner-up in baseball, basketball, soccer, softball or volleyball district tournament to meet before the final region game?

No, because they are to be placed in opposite brackets.

Case CR-8- Is there a mandatory brand of game ball to be used in postseason play in baseball, basketball, football, softball, volleyball or soccer?

Yes, the Association has a long-term agreement with Rawlings Sporting Goods and Worth Sports to provide specific balls for

the state championship tournament, and the Commissioner's office can provide specifications upon request. In all postseason contests in these sports, a Rawlings brand ball (or Worth brand in softball) with the proper NFHS authenticating mark shall be used. There is no requirement that a KHSAA logo appear on the ball, or that all balls except for these specific models be disallowed.

For 2013-2014, those ball numbers are:

Boys Basketball - KYPROMB

Girls Basketballs - KYPROWB

Volleyball - KYVB1001 (red, white and blue), KYVB10013B (3-panel)

Soccerball - KYSB850B

Baseball - R100KY and R200KY

Softball - Worth PX2RYL-KY

Football - ST5KYB and ST5PROSKYB.

Case CR-9- Are there any restrictions on the scheduling and playing of games in a "seeded district" in baseball, basketball, soccer, softball, or volleyball?

Yes. Principals, Athletic Directors and Coaches should consult the Competition Rules related to each of these sports for more specific dates for tournament meetings and allowances for scheduling of these meetings. All games involved in the calculation of a seed position SHALL be played on or before the Wednesday prior to the start of postseason play. Games played after that time SHALL NOT factor into the seeded position.

For the 2013-2014 school year, the deadline to play seeded district games in soccer and volleyball is October 9, 2013.

For the 2013-2014 school year, the deadline to play seeded district games in basketball is February 19, 2014.

For the 2013-2014 school year, the deadline to play seeded district games in baseball and softball is May 14, 2014.

Case CR-10- How are the tournament sites selected for district tournament sites for baseball, basketball, soccer, softball in the event that agreement cannot be reached on a site selection plan?

If a site selection plan cannot be reached on first round (normally district) tournaments, the Commissioner will intervene and establish a rotation plan subject to approval by the Board of Control. The site selection plan shall be confirmed by annual balloting during the season and reported to the Association along with seeding decisions. Rotating the tournament sites does not necessarily mean that each school shall host the tournament at that school's home site, but that each school, with available proper and adequate facilities, shall have the opportunity to host the tournament, even if an alternative site is required due to site requirements within a given sport.

Case CR-11- Is there a deadline for a district host school in baseball, basketball, soccer, softball or volleyball to select a playing site if the school home site doesn't meet the requirements for holding the tournament?

Yes. Through various rules and rulings in past years, every school in a specific district alignment shall have an opportunity to serve as the host for the tournament. Each school may, of course, decline that opportunity. However, this requirement ensures that on a periodic basis, all schools get to share in the concession and parking proceeds, host share of the ticket receipts and other benefits that come from serving as the host. It is recognized that all schools in a given alignment will not meet the tournament specifications.

For this reason, the following steps shall be taken by the schools in the district-

- 1) The schools shall meet and decide what facilities can hold the attendance of the last five years of the tournament based on the fan followings of the schools, and satisfy other logistical needs such as accessibility, parking, etc. (agreed sites). If there is a disagreement, the Board of Control can serve as the final resolution and KHSAA staff shall assist in that determination.
- 2) The discussion on site applicability is separate from the ability to "host", that is being the tournament manager, operating concessions, etc. as all schools shall be given that opportunity to host, just not necessarily at a site that cannot accommodate the event.

3) From that list of agreed sites, the rotation of sites is to be considered, factoring in of course, that all schools shall be given a chance (if they want) to host, even if it isn't played at the host school's home playing facility.

4) In a year when the designated host's home facility does not meet the specifications for holding the tournament, the final selection as to the playing site rests with the designated host school. That school has sole discretion to make that decision, but is compelled to choose only from the list of agreed facilities as mentioned in (1) above.

5) In a year when the designated host school's home facility does not meet the specifications for holding the tournament, the designation shall be made by September 20 in volleyball and soccer; January 1 in basketball; and April 15 for baseball and softball.

Case CR-12- May a name be added to the roster or entry form after the first day of postseason competition?

No, changes cannot be made unless otherwise provided in the competition rules for a specific sport. The principal shall check the online roster in baseball, basketball, football, soccer, softball and volleyball to ensure that all players are on the list as the rosters are locked after postseason play begins. For individual sports using the published entry list and/or forms, the specific sport tournament rules will address any options for substitution or correction, if such options exist.

Case CR-13- How is it determined that a meet counts against the four meet minimum in Track and Field or Cross Country?

In order to count as a meet for the four meet minimum a meet shall be a meet which rises to the standard of counting as a meet towards the interpretations of Bylaw 23. In addition, in Cross Country, the distance would be a minimum of 2500 meters and a maximum of 5000 meters and involved entries from two or more schools. To count towards the minimums, the meets may be at the Varsity or non Varsity level in terms of meet structure. It shall be counted in the same manner for all competitors (varsity, JV or freshman). The school approved or provided uniform shall be worn in this competition. In accordance with Bylaw 22, a school representative shall accompany the team.

Case CR-14- If a Cross Country Meet is interrupted by weather, can other races be run that day?

Yes. The particular interrupted race is considered complete and counts both towards meet limits and participation minimums. If other competition can resume after required delays, that is permissible. Only races actually started can count towards meet limits or participation minimums.

Case CR-15 - Are there policies on participation by boys on girls' teams and vice-versa?
