

**KHSAA TITLE IX ANNUAL REPORT SUBMISSION  
STATUS REPORT  
2020-2021**

KHSAA Form T65  
Revised 6/18/21

School:	Washington County
KHSAA Audit Team Member:	
Date:	June 23, 2021

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided, but will not be analyzed this year as a result of Covid 19.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

(Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. \* In addition, should 8<sup>th</sup> grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8<sup>th</sup> grade students & below are included in the totals.  
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

**FOR ANY QUESTION ANSWERED "YES" IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE YOUR IMPLEMENTATION PLAN IN LINE (5).**

	<b>GIRLS</b> (Yes / No)		<b>BOYS</b> (Yes / No)
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	No		No
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	No		No
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No		No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	No		No

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

<p>5. Describe your plans to address interest below:</p> <p>On the most recent survey we didn't have enough interest in a particular sport to warrant looking to add a new offering. We did, however, have several indicate interest in current sports that we offer, therefore we will continue to push out information on our current offerings and when the dates for joining begin. We will also look at our current offerings and ensure that Freshman, JV and Varsity levels are being used for maximum involvement.</p>
