SEPTEMBER - 1955

Basketball School Director Charlie Vettiner gives some of the fine points to new regional representatives. (Left to Right) Ben Topmiller, Amos Teague, Vettiner, Bob Miller, John Crosthwaite.
National Federation Annual Meeting

The thirty-sixth annual meeting of the National Federation of State High School Athletic Associations was held at York Harbor, Maine, on June 26-29, 1955. Forty-four State Associations and two Canadian Affiliated Associations were represented. Fifty-one State Executive Officers or Assistant Executive Officers, forty-seven State Association Board of Control officers and sixty-one Board of Control members were in attendance. The total individual attendance was 438. This represents a new high record of number of states represented and total attendance.

Kentucky was represented at the meeting by K.H.S.A.A. President Carlos Oakley; Vice-President Russell Williamson; Directors James L. Cobb, Roy G. Eversole, W. B. Jones, Louis Litchfield, and Jack Dawson; Commissioner Theo. A. Sanford; and Assistant Commissioner J. B. Mansfield. At their respective sessions for Executive Officers and Board of Control members, Commissioner Sanford and Director Cobb gave reports on "State Association Owned Buildings."

The meeting was made the occasion for announcements concerning several Executive Officers. William W. Russell is the Secretary-elect of the California Interscholastic Federation, succeeding A. B. Ingham, who has announced his retirement as of July 1, 1955. Lawrence B. Graves is the Executive Secretary of the South Carolina High School League, succeeding E. W. Stokes, who resigned from that position to accept a position with a school supply firm in that area. R. S. Locke, principal of the high school at Barrington, is Chairman of the Rhode Island Secondary School Principals' Association, succeeding Charles H. Abbott, who has retired from active school administration work. H. A. Sawfield, formerly president of the Connecticut Interscholastic Athletic Conference, Inc., is the executive consultant who is serving on a part-time basis on the Connecticut Board of Control. James F. Miller, who at various times has served on the Missouri State High School Activities Association Board of Control, will begin his duties as Assistant Secretary of the Missouri State High School Activities Association on July 1. He will assist Secretary T. L. Noel in Association work, especially in connection with the rules training program and related activities.

An impressive initiation ceremony was conducted. Secretary J. J. Devitt (Maine), Secretary J. Robert Eddy (New Hampshire), Secretary J. K. Fagans (California Interscholastic Federation Southern Section) and Secretary-Elect C. C. Thompson (Nebraska) came through with flying colors and none the worse for wear.

Speakers and others who had an active part in the program included many of the State Executive Officers and Board of Control officers or members. In addition, excellent presentations were made by Dr. Clarence P. Houston, Vice-President of Tufts College, Medford, Massachusetts, and newly elected President of the National Collegiate Athletic Association; by Dr. Parmer Ewing, city Superintendent of Schools in Buffalo, New York; and by Dr. Clair Turner of the National Foundation for Infantile Paralysis.

Program and entertainment details were ably supervised by committees. Their work was coordinated by the General Planning Committee, made up of W. R. Fugitt, Chairman, Joseph Devitt, J. Robert Eddy and F. H. Pierce. All members of the executive staffs and boards of control of the three states which served as direct hosts (Maine, New Hampshire and Massachusetts) and of the other states in the host section (Connecticut, Delaware, Maryland, New Jersey, New York, Pennsylvania, Rhode Island, Vermont and West Virginia) gave valuable assistance. These states made up a fund of more than $400.00 to provide special features for the entertainment of the group.

An impressive memorial ceremony for those who have passed away since the last annual meeting was ably conducted by Executive Committee member H. F. Keller. A delightful welcoming pageant was produced.

From the Commissioner’s Office

New Office Building
Work on the new home of the Kentucky High School Athletic Association, located at 763 Rose Street, Lexington, is nearing completion. Unless some unforeseen delay develops, the K.H.S.A.A. staff will move to the new building early in October. Present plans call for an “open house” at the K.H.S.A. Building on Saturday afternoon, Oct. 22.

Basketball Tournament Trophies
The 1955 Delegate Assembly amended Tournament Rule XV to provide that the Board of Control be authorized to select, standardize, and purchase trophies for all district and regional basketball tournaments, the cost of the trophies to be borne by the respective districts and regions. On the present Trophy Committee of the Board are Chairman W. B. Jones, Director Jack Dawson, Director K. G. Gillaspie, and Commissioner Theo. A. Sanford. Specifications are now being written for the trophies, and bids will be taken by the committee during the next few weeks. Firms interested in submitting bids on the tournament trophies should write to the Commissioner for information.

Basketball Clinics
Charlie Vettiner, veteran K.H.S.A.A. basketball clinic director, will be in charge of the 1955-56 rules meetings. Under Association rules clinic attendance is required of all registered officials.

Coaches and athletic directors are urged to attend the forthcoming series of state and regional clinics. Although the meetings are held primarily for the training of officials, the relationship between officials and coaches should be improved if both groups attend the clinics and receive the same interpretation of the rules.

The dates and sites of the meetings which will be conducted by Mr. Vettiner are as follows:
October 2, Louisville Y.M.C.A., 2:00 P. M. (CST)
October 9, Newport High School, 2:00 P. M. (EST)
October 9, Ashland Y.M.C.A., 7:30 P. M. (EST)
October 10, Morehead College, 2:00 P. M. (CST)
October 10, Pikeville High School, 7:30 P. M. (EST)
October 11, Hazard High School, 2:00 P. M. (CST)
October 11, Bell County High School, 7:30 P. M. (EST)
October 12, Somerset High School, 2:00 P. M. (CST)
October 12, University High School, 7:30 P. M. (CST)
October 16, Daviess County High School, 2:00 P. M. (CST)
October 16, Henderson High School, 7:30 P. M. (CST)
October 17, Madisonville High School, 2:00 P. M. (CST)
October 17, Mayfield High School, 7:30 P. M. (CST)
October 18, Bowling Green High School, 2:00 P. M. (CST)

Use of Registered Officials
K.H.S.A.A. By-Law 25 says: “Member schools shall use registered officials in all football and basketball games. Failure to comply with this regulation makes the home school liable for suspension.” The attention of principals and coaches is called to the lists of registered football and basketball officials which appear in this issue of the ATHLETE. School men should study the current lists to determine whether or not all officials with whom contracts have been signed have registered this fall. Supplementary lists of officials will appear in subsequent issues of the magazine. If there is any question about registration, the official should be asked to present his card.

School for Officials
The seventh annual School for Basketball Officials was held on August 14-15 at the Phoenix Hotel and the Lafayette High School gymnasium, Lexington. The School was directed by Charlie Vettiner.

The sixteen officials and the regions which they represented were: Rex Alexander, Region 1; Amos Teague, Region 2; Larue...
Sosh, Region 3; Ben Topmiller, Jr., Region 4; Dero Downing, Region 5; Tom Williams, Jr., Region 6; Ben Edelen, Region 7; Elmo Head, Region 8; Bob Miller, Region 9; Bennie Bridges, Region 10; Harry Stephenson, Region 11; Robert McLeod, Region 12; John Crosthwaite, Region 13; Walter Combs, Region 14; Dick Looney, Region 15; and Ernie Chattin, Region 16.

Through the cooperation of Coach Ralph Carlisle, members of the Lafayette High School basketball team were used in the demonstration game.

In the first session of the School, held on the afternoon of August 14, the subject for discussion was "New Rules Study and Rules in General." In the evening session, the subject was "How to Teach Officials Coming to Your Regional Schools." On the morning of August 15, a demonstration game was played at the Lafayette High School gymnasium, with each of the sixteen regional representatives having an opportunity to work for a short period of time. In the Monday afternoon session, play situations of the morning game were analyzed.

The services of the sixteen regional representatives will be available to member schools of the Kentucky High School Athletic Association throughout the forthcoming basketball season. These men will conduct schools, clinics, demonstration games and assembly programs at the requests of school administrators and coaches. They will also assist new officials in becoming registered. It is hoped that school men will take advantage of this Association service, which has for its purpose uniformity in officiating and the teaching of the rules of the game to all those who can profit by such instruction.

Football Examinations

Part II of the National Federation Football Examination for Officials will be given in Kentucky on Monday, October 3. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the "Approved" rating in football are required to make a minimum percentage grade of 80 in order to maintain the rating from year to year. Officials who hold the "Certified" rating keep this rating by attending one or more football clinics each year. Eligible officials who wish to take the test should write to the State Office.

Delegate Assembly

Article IV, Section 2-b, of the K.H.S.A.A. Constitution, provides that members to the Delegate Assembly at the annual meeting shall be elected by the principals of each basketball district on ballots distributed by the Commissioner before October 1 and returned on or before November 15. Delegates serve for a period of one year, beginning January 1 immediately following their election.

NATIONAL FEDERATION ANNUAL MEETING

(Continued from Page One)

by the young people of the group under the efficient supervision of a committee which included Mrs. J. R. Eddy, Chairman, C. E. Bride, Charles Cole, Mrs. L. W. Grimes, Edward Sillari and Peggy Smith. Mr. and Mrs. J. C. Harper (Alabama) made an outstanding contribution to the direction of this home talent event.

An exhibit of State Association printed forms and publications was arranged by the Exhibit Committee. At one of the sessions, Chairman E. V. Mortenson (Utah) called attention to some of the values which might be derived from inspecting items in this exhibit.

Brief summary of action of the National Council: The National Council approved and adopted the recommendations of the Executive Committee with reference to the National Collegiate Athletic Association action concerning all-star contests. The treasurer's report was approved. Amendments to Sections 3 and 6 of Article IV of the National Federation Constitution had been proposed and these were unanimously adopted. An election for Sections 3 and 7 resulted in the reelection of S. F. Burke (Georgia) to represent Section 3 for another period of three years on the Federation Executive Committee and the election of Homer Williams (Idaho) to represent Section 7 on the Executive Committee for a period of three years.

Presentations or progress reports included the following topics: State Association Owned Buildings, Expanding Contacts with Member Schools, Track and Field Procedures, Television Developments, Legislative Action and Court Cases, Association Retirement plans, Expanding the State Association Services, The Financing of the State High School Associations, State Association Publicity, Promotions—Good, Bad and Neutral; State Department Interests, A Survey of Handbook Policies and Data, The Football Hall of Fame, Canadian Activity, Non-Athletic Activities, Tangible Football Results, Devices for Maintaining Interest in

(Continued on Page Ten)
The Flying Dutchman

A lot of things happened in the “School for Basketball Officials” on August 14 and 15, which you will want to know about.

Probably the most enthusiastic discussions which have ever come up took place in this year’s school at Lexington. Our new regional representatives, Ben Topmiller, Amos Teague, Bob Miller and John Crosthwaite, added a lot to the value of the school by their suggestions and assistance.

All officials and coaches over Kentucky will now be advised that every rule in the book will be enforced in every section of Kentucky, especially the one dealing with coaching from the sideline and verbal abuse directed toward the officials. It is now mandatory for every Kentucky official to first warn a coach who is guilty of sideline coaching, and then call a technical foul upon repetition of such action. It is also mandatory for all officials to call technical fouls on coaches for unsportsmanlike conduct of any kind, and immediately notify the Commissioner’s office in writing that a technical foul was called on a certain coach and what it was for.

There were several questions revolving about the new rules which will require official interpretation from H. V. Porter. At this writing, Mr. Porter is out of his office and such interpretation will not be available until the next issue of the ATHLETE.

When the Dutchman makes his circuit of Kentucky in October conducting the annual basketball clinics, he will carry with him a new film on basketball officiating done in color, which should go far toward enlightening our officials on proper officiating techniques. In the afternoon clinics, which are scheduled for 2:00 p.m., it will be necessary to start one-half hour early, showing the picture at 1:30 p.m.

Out of this year’s School for Basketball Officials has come this memorandum for the Kentucky officials: The sixteen regional official representatives have direct jurisdiction over everything which happens in the way of officiating in their respective areas. In the schools which they will conduct, the word which is passed on must be respected and followed. Each representative is directly responsible to the Association Office for seeing that all rules and regulations are kept.

The first Corn Cob Pipes of our new season are on their way to Johnny Edealen and John Saltzman of Bardstown, Kentucky. These two gentlemen have gotten squarely behind the Game Guy project and through their efforts much work is being accomplished in encouraging physically handicapped young men to overcome those handicaps and have fun like other young people. It was through their efforts that Joe Wycoff was recognized and finally selected as Game Guy of 1954.

MEMORIAL SERVICE

Presented by Leonard T. Havig (North Dakota) at the York Harbor National Federation Meeting on June 26, 1955

It is ordained that all must die, for in the words of the Bible’s first letter of Peter, “All flesh is as grass, and all the glory of man as the flower of grass. The grass withers, and the flower thereof falls away.”

The lapse of a year reveals that several of our associates of the National Federation and of our State Associations have forever laid down their earthly burdens.

As a token of our appreciation for their efforts in the Federation and for the esteem in which they were held in their state organizations, it is entirely fitting that we share a few words of final tribute.

Each of these faithful servants gave unselfishly of his time for the benefit of youth in order that their lives might be made more enjoyable and at the same time be strengthened for the game of life. It was not financial rewards which motivated their efforts but rather it was a desire to serve their fellow men. The lessons they taught and the leadership they exerted are an encouragement to us who carry on to look forward to new horizons of activity. Working together in a common cause has made us all brothers and their deeds have become a part of our lives. They brought esteem and strength to the organizations with which they were associated. I call the roll of our departed companions.

H. R. ADAMS (Hyrum, Utah) was a member of the National Federation Executive Committee from 1938 to 1944 and a respected member of the Utah High School Association. He passed away at his home on March 2.

MR. AND MRS. FRED BROUGHER (Danville, Illinois) attended Federation annual meetings each year since 1950 and made many friends in the group. They lost their lives in a crash of their privately-owned airplane near Mt. Vernon, Illinois, on February 27.

C. J. GLUDT (Kildeer, North Dakota) was a prominent member of the North Dakota Board of Control. He was a school administrator for twenty years and was the first
President of the Administrator’s Association of North Dakota. He passed away on March 28.

WILLIAM E. KINGSOLVER (Ft. Knox, Kentucky) has attended a number of National Federation meetings. He was a prominent member of the Board of Control of the Kentucky High School Athletic Association. He lost his life when he accidentally fell into an abandoned well on the Ft. Knox firing range on November 7.

W. E. PARSONS (Roanoke, Virginia) was a member of the Board of Control of the Virginia State High School League for many years. He had the distinction of having been present and active at thirty consecutive annual meetings of the Virginia League. He passed away on March 31.

For each of our departed associates we can apply individually these words of Grantland Rice:
I do not know what I shall find out on beyond the final fight,
I do not know what I shall meet beyond the last barrage of night;
Nor do I care—but this I know—if I but serve within the fold
And play the game—I’ll be prepared for all the endless years may hold.
On by the skyline, faint and vague, in that Far Country all must know,
No laurel crown of fame may wait beyond the sunset glow;
But life has given me the chance to train and serve within the fold,
To meet the test—and be prepared for all the endless years may hold.
Life gave them the chance, they served, they met the test and they were prepared for the endless years. Their memory is a benediction.

Ticket Survey

Coach Bob Miller of the Newport High School made recently a survey of football ticket prices in various parts of the state. He found a difference between student and adult prices in most of the school districts which reported to him.

Seven schools reported a student price of $1.00 for each of their home games. These were Bowling Green, Mayfield, Middlesboro, Owensboro, Owensboro Catholic, Paducah and Pineville. Charges of 50c were made by Bardstown, Catlettsburg, Danville, Harlan and Harlan County schools, Henderson, Marion, Madisonville, Morganfield, Mt. Sterling, Murray, Old Kentucky Home, Pikeville and area schools, Prestonsburg, Providence, Sturgis, and Winchester. Henry Clay and Somerset charge students 35c for each of their home games, Lafayette has a price of 40c, Corbin charges 60 and the student admission price at most Northern Kentucky games is 75c. Ashland charges both students and adults $1.25.

All of the other schools mentioned have an adult price of $1.00 except Bardstown, Henderson, Henry Clay, Madisonville, Marion, Morganfield, Mt. Sterling, Old Kentucky Home, Providence, Somerset, Sturgis, and most Northern Kentucky schools. These have an adult price of 75c.

Although Bowling Green, Mayfield, Owensboro, Owensboro Catholic and Paducah charge students $1.00 at the gate, tickets bought by students in advance cost only 50c. Bardstown, most Northern Kentucky schools, Ashland and Catlettsburg have advance prices to students of 35c, 35c 40c, and 40c, respectively. Several schools have season or student activity tickets which range in price from $2.40 to $6.50.

aire, Experiments with Safety Equipment, Basketball Meeting Devices, Recent Tournament-
ment Developments, The National Basketball Committee and Experimental Work, Basket-
Training Program, and Relationship with Baseball Clubs.

State Association Owned Buildings

Editor’s Note: This report, based on a survey made by the K.H.S.A.A., was made by Commissioner Theo. A. Sanford and
Director James L. Cobb at their respective sessions for Execu-
tive Officers and Board of Control members during the York
Harbor meeting of the National Federation.

Forty-seven completed questionnaires concerning State
Association owned buildings were returned by National Federa-
tion members to the offices of the
Kentucky High School Athletic Association. A study
of these questionnaires brings out interesting facts.
Seven Associations now own their own buildings or are in the process of building construction. These
are California, Florida, Georgia, Iowa, Kansas, Ken-
tucky and Pennsylvania. The Florida and Kentucky
buildings are under construction.
Thirty-three State Secretaries indicated that their
Associations had not considered seriously the possi-
bility of purchasing or constructing their own build-

ings. Three said that building construction had been
considered seriously and two indicated that discus-
sions had been held concerning the matter. Reasons
given by this group for preventing the purchase of
buildings to date were finances, present cheap
rent, present location preferable, and inability to
find suitable location to date.

Thirty-two Executive Secretaries stated that there
was little possibility of their Associations purchase-
or constructing headquarters office buildings at
any time within the near future. Sixteen indicated
that they were presently housed in quarters owned
by the state, a teachers’ group, or a similar organi-
zation. Fifteen of this group said that the arrange-
ments were satisfactory. Two qualified this by add-
ing “so far,” and two others said that they were
in crowded quarters.

Eleven Associations pay no rent for their offices.
The highest rent paid is $6,800.00 per year (Illinois).
The number of persons employed in the state offices
ranges from one part-time worker to thirteen (Iowa).

Following are a few other facts gleaned from the survey:
CALIFORNIA: Purchased and remodeled a building in 1954. The original cost of the building and lot was $42,500.00, the present value $45,000.00. The lot was purchased on the basis of a loan from the Protection Fund surplus. A part of the building is rented, with the Association receiving a net of approximately $3,800.00 per year.

FLORIDA: The Association is now housed in a remodeled residence, with a new building being constructed. This building, built on concrete blocks, will be valued at $45,000.00 when completed. It will be financed by the sale of the old building ($10,000.00), a loan of $15,000.00, with the balance being taken out of the surplus. This will eventually be a two story building, but only one story is being completed at this present time.

GEORGIA: Erected a modern brick one story building in 1953. The cost of the building and lot was $10,000.00, its present value $25,000.00. The building was financed by cash from reserve funds and two thousand square feet are available for office space, this being ample for Association needs except for once a twice a year when a large meeting room is needed.

KANSAS: Constructed a modern two story building in 1944. In 1954, the total floor space being approximately 4,800 square feet. This includes ample office space, parking space, work space, kitchen facilities, and a meeting room for the Legislative Council. Building and lot are valued at $80,000.00, money for construction being taken from a basketball tournament surplus accumulated over a period of ten or twelve years.

KENTUCKY: Presently constructing a modern brick and stone building at a cost of $85,000.00. Building is being financed by money taken from the Association surplus. Approximately 4,600 square feet are available for office space and storage. The building is one story, with a full basement, and has expansion possibilities. The building has adequate office space, work space, kitchen facilities, a conference room, and parking space.

IOWA: Purchased a two story brick block building in 1944 at a cost of $30,000.00. The present value of the building and lot is $175,000.00. Surplus money was used for the purchase of the building. Approximately 13,500 square feet are available for office space and storage, and the building has space for rent by other groups.

Pennsylvania: Purchased a brick building in 1948 at a cost of $35,000.00. Building was remodeled to fit Association needs and to supply additional rental space. The present value of the building and lot is $70,000.00. Approximately 3,500 square feet are available for office space and storage. The income from rentals is $545.00 per month, this including a small rental which the Association pays for. The building is operated by Trustees of Real Estate, who are authorized by the P.I.A.A. Constitution and By-laws, which vests the title in the President, Vice-President, Treasurer, and Executive Director, and their successors, as Trustees.

Place Your Orders at Once

We are in a position to give you immediate delivery on your football supplies, shipping from stock the very day your order is received.

We are distributors for "the very best" manufacturers of athletic goods. Namely, MacGregor, Spalding, Riddel, King-O'Shea, Voit, Bike, Cramer, Johnson and Johnson, Champion Knitwear, Wigwam, Powers, General and Southern, etc.

We fully guarantee each and every item we sell.

Our fall catalog has been mailed to you. If you have failed to receive it write us for another copy.

We can take care of your order on football posters, dry stag line white and admission tickets; and remember, if you would like to see our salesman for either football or basketball supplies, call us 104 collect.

Roy Boyd, Jim Mitchell or Bill Hunt are always in our store ready to assist you in every way possible.

If you want the best quality and the best service contact HUNT'S.
