Above are area representatives who attended the School for Football Officials, held in Lexington on August 9-10. They are: (Left to Right) Front Row: E. B. May, Jr., Prestonsburg; Gene Cathey, Murray; Kean Jenkins, Elizabethtown; Bernard Johnson, Lexington; Gordon Reed, Fort Thomas. Second Row: Bill Womack, Henderson; Joe Russell, Russellville; Sam Gruneisen, Louisville; Ed Nord, Louisville; Charles Black, Barbourville; Bill Mordica, Ashland; School Director Edgar McNabb, Fort Mitchell.
Foul Signals 1 to 16

1. Offside or violation of free-kick rules
2. Illegal position or procedure
3. Illegal forward handing
4. Delay of game
   Crawling
   Encroachment

16. Pushing, helping runner or interlocked interference

15. Illegally kicking or batting a loose ball

14. Ineligible receiver down field on pass

13. Interference with fair catch or forward pass

12. Illegal forward pass

11. Intentional grounding

10. Illegal use of hand or arm

Procedure Signals A to H

A. Ball is dead
   For touchback
   Wave sidewise

B. Touchdown or field goal

C. Clipping

D. Safety

E. Time out

F. Clock starts

G. Ball ready for play

H. First down
   For first touching of a kick, point to spot

Official's time out—follows signal D

Unsportsmanlike conduct
Delay start of half
Illegal participation
Cecil A. Thornton, Assistant Superintendent of the Harlan County Schools and K. H. S. A. A. Board of Control member for the past seven years, was elected President of the Board at the summer meeting of the directors, held on July 27. Supt. Oran C. Teater of the Paintsville City Schools was elected Board Vice-President. The two men represent respectively Sections 7 and 8.

The new president is a graduate of Union College, and he is currently a member of the Alumni Association Board of that institution. He attended the University of Kentucky where he received his M.A. degree in Education Administration. He is married to the former Gertrude Cawood. They have one son, Fred Lee, who is in college.

Mr. Thornton lettered in high school and college major sports, and officiated in football and basketball for several years. He taught Science and Physical Education, and served as assistant coach for three years at the Evarts High School. His educational experience also includes service as assistant high school principal, pupil personnel director, and supervisor. Mr. Thornton is an active member of the Harlan Methodist Church, where he served for five years as chairman of the Board of Stewards. For a long period of time he has taught the Senior Men’s Bible class. He has for many years participated in Boy Scout work and has served for over sixteen years on the Harlan County 4-H Club Council. He is a member of the Harlan County Association of Social Agencies. He holds membership in educational associations at all levels.

Vice-President Oran C. Teater, who has been a Board member for the past three years, is a graduate of Centre College and has a M.A. degree from Morehead State College. He competed in all major sports at Centre. In his senior year, he coached the line at Danville High School, which won the Central Kentucky Conference football title.

In the years that followed his college graduation, Mr. Teater returned to Paintsville High School, his alma mater, to coach the Tigers to three Big Sandy Conference titles in five years. His over-all football record was 34-11-3. His basketball teams won 64, lost 13. His baseball team won three state district titles. Largely through his efforts the present four-sport, ten-team Eastern Kentucky Mountain Conference was formed in 1952. In the late forties, when he was President of the Old Big Sandy Conference for three terms, he felt that many of the schools in Eastern Kentucky strongly overemphasized one sport. He was instrumental in spearheading a successful drive for a new four-sport league that required participation in football, baseball, basketball and track. He headed the league in its early days. In 1950 Mr. Teater was elevated to the principalship of the Paintsville High School, a position he held until he assumed the superintendency of Paintsville City Schools in 1959.

Aside from his school duties the new Board vice-president is active in local affairs and state organizations. He is a member of the Masons, Christian Church (deacon), Shrine, and the Paintsville Kiwanis Club (past president); and he served two terms on the Centre College Board of Overseers. He is a member of six other school fraternities, honorary and social. He is currently President of the E. K. E. A. Superintendents organization, and a member of the K. E. A. Planning Board. His wife is the former Mary Evelyn VanHoose of Paintsville. They have one daughter, Dianna Louise, who is in college.
THE KENTUCKY HIGH SCHOOL ATHLETE FOR SEPTEMBER, 1963

Published monthly, except June and July, by the Kentucky High School Athletic Association
Office of Publication, Lexington, Ky.

Entered as second-class matter in the post office at Lexington, Kentucky under the act of March 3, 1879.

Basketball Clinics

The 1963-64 rules meetings for registered basketball officials and coaches will be conducted by veteran clinic director Charlie Vettiner. The dates and sites of the meetings are as follows:

September 29, Elizabethtown High School, 1:30 P.M.
September 29, W.K.S.C., Bowling Green, 7:00 P.M.
September 30, Christian Co. High School, Hopkinsville, 1:30 P.M.
September 30, Tligman High School, Paducah, 7:00 P.M.
October 1, Henderson High School, 1:30 P.M.
October 1, Beaver Dam High School, 7:00 P.M.
October 6, Somerset High School, 1:30 P.M.
October 6, Bell County High School, Pineville, 7:00 P.M.
October 7, Hazard High School, 1:30 P.M.
October 7, Pikeville High School, 7:00 P.M.
October 8, Morehead State College, 1:30 P.M.
October 8, Ky. Power Company, Ashland, 7:00 P.M.
October 9, Newport High School, 7:00 P.M.
October 10, Kentucky Hotel, Louisville, 7:00 P.M.
October 13, University High School, Lexington, 7:00 P.M.

Football Examination

Part II of the National Federation Football Examination for officials will be given in Kentucky on Monday, September 30. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the "approved" rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. Officials who hold the "certified" rating keep this rating by attending one or more clinics each year. Eligible officials who wish to take the test should write the State Office.

Use of Registered Officials

A list of registered football officials appears in this issue of the ATHLETE. Principals and coaches should study the current list to determine whether or not all officials with whom contracts have been signed have registered this fall. Supplementary lists of officials will appear in subsequent issues of the magazine. By-Law 29 provides that member schools shall use registered officials in all football and basketball games, and that failure to comply with this regulation makes the home school liable for suspension. If there is any question about registration, the official should be asked to present his card.

Football District Changes

To be added to the list of football schools printed in the August issue of the ATHLETE are the following: Henry County-Class AA, Region 2, District 1; Fulton County-Class A, Region I, District 1; Owen County-Class A, Region II, District 2. Removed from the list should be the names of Buckhorn and Dicke Combs (Class A, Region IV, District 2). These schools will not field football teams during the forthcoming season.

School for Basketball Officials

The Fifteenth Annual School for Basketball Officials was held at the Phoenix Hotel, Lexington, on August 11-12, 1963. Basketball Clinic Director Charlie Vettiner directed the school.

The aim of the school was uniformity in officiating. Topics which were discussed during the three sessions were: rules changes and interpretations; general study of the rules; a signal drill to secure uniform signaling of violations, fouls, etc.; floor technique on jump balls, fouls, and field goals; how to determine primary responsibility in charging and blocking situations; post play, screens, guarding the dribbler, switching, no action game, a study of the floor, throw-ins, three circles, foul lanes, and the twenty basketball fundamentals.

The services of the regional representatives who attended the school will be available to Association member schools throughout the forthcoming basketball season. The men will conduct additional clinics for officials, coaches, and players, and will assist beginning officials in registration.

1963-64 Insurance Subsidy

As reported in the Board of Control meeting minutes which appeared in the May issue of the ATHLETE, the Board voted in its April meeting that the insurance subsidy of each Kentucky member school in 1963-64 shall be the basic amount of $40.00, with an additional subsidy of $40.00 for schools maintaining football. School administrators wishing to take advantage of the subsidy may write to the State Office for reimbursement forms. Some of the companies with which Kentucky schools place their insurance business give the schools credit for the amounts due and bill the Association for these amounts. The reimbursement plan and the credit plan are both satisfactory.

Attention, Officials!

The attention of all registered K.H.S.A.A. football and basketball officials is called to By-Law 29, Section 9, which provides that the official shall be supplied with an emblem which he shall wear on his shirt or sweater. This rule in 1963-64 will be strictly enforced. The emblem is to be worn on the left shoulder shirt sleeve, approximately one and one-half inches below the shoulder seam. Failure to wear the emblem will make an official liable for suspension from the Officials' Division of the Association.

Recommended uniforms are as follows:

Football—black and white striped shirt (long or short sleeves), black baseball cap with white piping, white knee pads, black belt, black stockings, black shoes and laces;

Basketball—black and white striped shirt (short sleeves, long sleeves by special permission), black trousers, black belt, black shoes and laces;
MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at Kenlake Hotel, Kentucky Lake State Park, on Saturday morning, July 27, 19.3. The meeting was called to order by retiring President C. C. Oran, 10:00, with Board members, Don Davis, Ralph C. Dorsey, Sherman Gish, Preston Holland, Don R. Rawlings, Oran C. Teater, and Cecil A. Thornton; Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Marsfield present.

Preston Holland moved, seconded by Don Davis, that the reading of the minutes of the April 19th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

Mr. Gillaspie stated that the next order of business was the election of the president and vice-president of the Board of Control. Oran C. Teater nominated Cecil A. Thornton for the presidency of the Board of Control. Preston Holland moved, seconded by Don Davis, that the nominations cease, and that Mr. Thornton be elected by acclamation. The motion was carried with Mr. Thornton not voting.

Don R. Rawlings nominated Oran C. Teater for the Board Vice-President. Don Davis moved, seconded by Ralph C. Dorsey, that the nominations cease and that Mr. Teater be elected by acclamation. The motion was carried, with Mr. Teater not voting.

Preston Holland stated that the outgoing officers had served the Association well, and were to be complimented on their work. Sherman Gish echoed these sentiments, as did other members of the Board. Mr. Gillaspie, the one retiring Board member, responded with statements concerning his pleasure at having the opportunity to serve the K.H.S.A.A. for eight years and to work with the various directors with whom he had been associated during that time. President Thornton welcomed the Board Assistant Superintendent Don Davis of the Kenton County Schools.

The Commissioner made a report to the Board on the receipts and disbursements of the K.H.S.A.A. during the year 1962-63. Copies of the audit, recently prepared by Johnson and Lask of Louisville, Certified Public Accountants, had been mailed to members of the Board. Total funds on hand June 30, 1969, were reported as being $139,052.80. The Commissioner stated that the complete breakdown on receipts and expenses appearing in the audit, would be printed in the December issue of the magazine. Oran C. Teater moved, seconded by Preston Holland, that the audit report of the Commissioner be accepted. The motion was carried unanimously.

The Commissioner presented a suggested K.H.S.A.A. budget for the 1963-64 school year, with estimated receipts of $125,700.00, and estimated disbursements of $128,775.00. Sherman Gish moved, seconded by Ralph C. Dorsey, that the 1963-64 K.H.S.A.A. budget be adopted as presented by the Commissioner. The motion was carried unanimously.

Ralph C. Dorsey, speaking for the Calendar Committee, reported to the Board that his Committee had made several changes in the 1963-64 calendar of athletic activities, compared with previous calendars, endeavoring to schedule more spring district, regional, and state tournaments and more season week-end meets later in the school year in line with recommendations made by numerous school administrators throughout the state.

Sherman Gish gave a report on the recent National Federation, Annual Meeting, held at the Lake Placid Club, New York State.

Ralph C. Dorsey moved, seconded by Don R. Rawlings, that the fall meeting of the Board of Control be held in Lexington on September 28. The motion was carried unanimously.

The Commissioner reported that the expenses of conducting the K.H.S.A.A. swimming program, each year, were more than the entire budget of the budgeted item. He stated that the State Swimming Committee to date had been unable to set up regional meets in swimming, with qualifying swimmers from these meets advancing to the state finals and having their expenses paid as is true in the other sports sponsored by the Association. Don Davis moved, seconded by Sherman Gish, that the expenses of swimmers representing their schools in the state meets for Class A boys, Class B boys, and girls, be reimbursed on a fifty percent basis. The motion was carried unanimously.

The Commissioner reported that out-of-season basketball and football scrimmages and games appear to be on the increase in Kentucky. Members of the Board asked the Commissioner to give his interpretation of Association regulations that forbid multiple violations of these regulations by member school principals allowing their athletes to take part in these contests. The Commissioner stated that the football season is defined as being on the opening date of school and ending with the playing of the last regularly scheduled game, and the basketball season is defined as beginning on the opening day of school and ending on the final day of the State Tournament. He further stated that all out-of-season games should be considered post-season games, that out-of-season scrimmages between teams representing K.H.S.A.A. member schools should be considered games, and that only the Board of Control has the authority to sanction out-of-season games and scrimmages. He said that this interpretation would probably result in a tightening of the Board of Control sanction policy, and that he would ask for an opinion from each Board member concerning whether or not this interpretation should be established. It was the opinion of the Board members that this rules interpretation by the Commissioner was entirely correct. Oran C. Teater moved, seconded by Sherman Gish, that the Board adopt a policy in line with the interpretation concerning out-of-season football and basketball contests given by the Commissioner, and that the administrators of K.H.S.A.A. member schools be notified immediately concerning this policy in order that the information might be passed on to their football and basketball coaches. The motion was carried unanimously.

The Commissioner reported that certain members of the Shelby County High School and Henry County High School basketball squads had engaged in a scrimmage on July 5, 1963, and it was his opinion that the boys involved had engaged in a non-sanctioned post-season basketball game, thus making themselves ineligible for high school competition. It was the opinion of the Board members that the players had made themselves ineligible by taking part in the practice session mentioned. The Commissioner stated that he did not believe that the principals or coaches of the two schools involved were in any way attempting to break the rules of the K.H.S.A.A. It was his opinion that they had misinterpreted Association regulations and previous Board policy. He recommended that the eligibility of the Shelby County High School and Henry County High School players involved in the basketball practice session conducted on July 5, 1963, be restored by the Board and that the eligibility given in Article IV, Section 3-d-7, of the K.H.S.A.A. Constitution. Sherman Gish moved, seconded by Don Davis, that the eligibility of the Shelby County and Henry County players be restored.

(Continued on Page Eight)
The Flying Dutchman

In last month’s ATHLETE the Dutchman told of a fascinating game being played in Canada called “Bowling on the Green.” At the time, your Dutch Recreation enthusiast offered to pass on information about this sport to other Kentuckians after returning from his Canadian study trip.

In Bowling Green, Kentucky, a College President opened his August copy of the KENTUCKY HIGH SCHOOL ATHLETE and the wheels of his fine imagination started to turn. Dr. Kelly Thompson saw the possibilities of “Bowling on the Green” in the City of Bowling Green. When the Dutchman was a student at Western Kentucky State College, he was an ardent admirer of President H. H. Cherry who possessed an imagination so keen that few thought that he would ever be another “on the hill” who could dream like him and make realities out of his visions.

Kelly Thompson can and does. He “out-cherries Cherry.”

This progressive College President, whose imagination has brought undreamed of progress to the College on Bowling Green’s highest hill, realized immediately that here is a brand new sport which Kentuckians, ages nine through ninety may enjoy—and his town, like that of Bowling Green, Ohio, got its name from the sport. So there should be “Bowling on the Green” in Bowling Green! Now Kelly is studying the possibility of another “first” in the introduction of the sport on a hill close to the fabulous new building on Western’s Campus which houses the E. A. Diddle Arena.

Prestonburg’s E. B. May was the only Freshman in attendance at the Fifteenth Annual School for Basketball Officials in Lexington on August 11 and 12, 1963. Everybody missed Pikeville’s Dick Looney who represented Region 15 for fourteen consecutive years but all were enthusiastic about the work done in the officiating classes by “Whistler” May. Dick has passed the “torch” on to an able young man.

On the subject of the training of officials by the Kentucky High School Athletic Association, we point out that Edgar McNabb, who teaches the football officials, is pictured in the column with the chap who does the same chore in Basketball. Many requests come to the Dutchman each year to praise Mac’s Football Clinic work. These commendations are richly deserved and could not come to a finer Kentuckian.

There is another great Kentuckian climbing the mountains in and around Hazard.

Mention here is made to the “Fabulous Willie” Dawahare, the Mayor of the town.

Because of his love for kids, and his work for them “Fabulous Willie” has been nominated for one of Kentucky’s greatest honors, namely “Mr. Recreation of Kentucky for 1963.” This honor, conferred annually on the Kentuckian who has done the most for Recreation in this State was won by Commissioner Ted Sanford, in 1962; 1961 Henry Ward; 1960 Joe Mitchell; 1959 B. C. Van Arsdale; 1958 C. W. Lampkin; 1957 Dr. James T. Fuller; 1956 Lawrence Wetherby; 1955 Buss Kirchdorfer; 1954 Don Campbell, and 1953 L. Max Sanders. Send your nomination immediately to The Flying Dutchman, Post Office Box 36, Colonial Manor, Jefferson-town, Kentucky.

Willie Dawahare transported 40 Hazard kids, many of whom had never been out of Perry County, to Cincinnati to see the Los Angeles Dodgers play the Cincinnati Reds. Besides this Willie bedded the youngsters down in the plush Netherland Plaza Hotel and gave each lad a fist full of pictures of George Washington to exchange for hotdogs and other “belly aches” at Coney Island after the game. The Cincinnati management called the occasion Hazard Day, Johnny Podres, Dodger Pitcher who formerly played for Hazard, helped Willie open the ball park and the City of Cincinnati to the Hazard youngsters.

It is a safe prediction that, if the kids had looked around the ball park, they would have found South Portsmouth’s Sid Meade somewhere. Sid’s idea of fun is to fill a basket with sandwiches, chocolate bars and buttermilk, and get fatter and fatter as his beloved Redlegs entertain him like the royalty he personifies when he puts his referee’s whistle between his teeth.

When a fine River Recreation Area was developed this Summer in the middle of the Ohio River twelve miles North of Louisville in Oldham County, Mrs. Mildred Hunter of Belknap Beach in Prospect, Kentucky, won the Corncob Pipe of Honor for unselfish ser-
vice. Many people helped make Belle Island Park become a reality but this lady stands out because she opened her home for temporary offices for the Dutchman’s Recreation Supervisors, and gave of her time and effort to help make a dream of a “Boaters Paradise” come true. This gal is terrific!

The Basketball Clinics start this month. Check the schedule in this ATHLETE so you are correct as to time and place. The time listed coincide with the time zone in which the Clinic town is located.

BE SURE TO BRING ALL SCORERS AND TIMERS TO THIS YEAR’S CLINIC, AND BE SURE THAT EVERY BASKETBALL OFFICIAL WEARS HIS REFEREE’S EMBLEM.

Registered Football Officials of the K. H. S. A. A.—1963

MINUTES OF BOARD MEETING
(Continued from Page Three)

ed. The motion was carried unanimously.

The Commissioner reported that a basketball re-
districting problem had developed in District 40,
now it appears that there would be only three schools in this district for 1963-64 due to consolidation.

Don Davis moved, seconded by Don R. Rawlings,
that the Millsburg Military Institute be moved from District 37 to District 40, and that the Bryan Station High School be moved from District 43 to District 37.

The motion was carried unanimously.

Ralph C. Dorsey discussed some of the problems of junior high athletics in Kentucky. He stated that it was his opinion that at some time in the near future State-wide regulations for athletics in this area of education will be necessary.

Don R. Rawlings moved, seconded by Oran C. Teater, that all bills of the Association for the period beginning April 19, 1963, and ending July 19, 1963, be allowed.

The motion was carried unanimously.

There being no further business, the meeting ad-
nounced.
K. H. S. A. A.

FOOTBALL CHAMPIONSHIPS
RULES AND REGULATIONS

I. Classification

Sec. A. The Board of Control has divided the schools into three groups as follows:

2. Class AA includes the schools with enrollments of 327 or more in grades 10-12.

3. Class A includes the schools with enrollments of less than 327 in grades 10-12.

Sec. B. The basis for determining the schools of Classes AA and A will be the total enrollment in grades 10-12 of a co-educational school. The Board may make an upward enrollment adjustment for a school with less than a full high school course, and for schools enrolling boys only.

Sec. C. Classification is for a period of two years. Classification for 1963 and 1964 is based on the 1961-62 enrollment. A school on application of the principal to the Commissioner, may be permitted to move from a lower into a higher classification. Any school placed in a higher classification must remain in this classification until all schools are classified.

II. District and Regional Championships

Sec. A. The state is divided into two regions for Class AAA and four regions each for Classes AA and A. Each region may be divided into two districts.

Sec. B. The championship of a district, or a region, if there are no districts, will be determined by the Dickinson Rating System, as adopted by the Board of Control. In the event of a tie under the Dickinson System, the following plan will be applied for breaking the tie: for winning a game, ten points; for tying a game, five points; for each game won by a defeated opponent, one point; for each game won by a tied opponent, one-half point; for each game tied by a defeated opponent, one-half point; for each game tied by a tied opponent, one-fourth point. Only games played within the region will be counted. If a tie results after a team's highest points for four games have been counted, an additional game will be counted until the tie is broken.

Sec. C. To qualify for a district or regional championship, a team shall play a minimum of four games in its class within the region. In Region II of Class AAA, only games played between teams in the district shall count toward the district championship.

Sec. D. In any case where two teams have played each other more than once, the first game only shall count in the standings.

III. Play-offs

Sec. A. In Class AAA the district winners will play on Friday or Saturday two weeks prior to Thanksgiving. The regional winners will play the following weekend for the championship.

Sec. B. In classes AA and A the district winners will play on Friday and Saturday two weeks prior to Thanksgiving. The following weekend the winners of Region 1 and Region 2 will play, and the winners of Region 3 and 4 will play. Winners of these games (semi-finals) will play for the championship of each class the following week.

Sec. C. If a championship game results in a tied score, the teams will be declared co-champions.

Sec. D. If a game between district winners or regional winners results in a tied score, the following point system will determine the winner: 1) one point for most penetrations of the opponent's twenty-yard line, 2) one point for the greater number of first downs, 3) one point for the greater net yardage. If the teams are still tied after the point system mentioned is applied, then the winner will be the team with the greater net yardage. The Commissioner will appoint statisticians for each game.

Sec. E. In Classes AAA and AA the site, date and starting time of the game will be determined by the winners of the even numbered districts and regions in the even numbered years. Odd numbered district and regional winners will determine the site, date and starting time of the game in odd numbered years.

In Class A the site, date and starting time of the game will be determined by the winner of the odd numbered districts and regions in the even numbered years. The even numbered district and regional winners will determine the site, date, and starting time of the game in odd numbered years.

The site, date, and starting time of the final game in each class will be determined by the Board of Control.

IV. Finances

Sec. A. The proceeds of the games, except the finals, will be used to defray the expenses of the visiting team, officials, trophies for the district and regional winners, and other necessary expenses.

The team transportation allowance shall be 50¢ per mile round trip. If no agreement can be reached on lodging and meals expenses, actual expenses for these items, not to exceed the following maximum, shall be allowed: seven meals for 38 persons at $1.50 per meal, and two nights lodging for 38
persons at $3.00 each. Net profit or loss shall be shared by the competing schools.

Sec. B. A representative of the host school, designated by the principal, will manage the games. The game managers shall agree on all matters pertaining to the game; such as officials, admission charges, expenses, and allocation of reserved seat tickets. Disagreement on any of these items shall be referred to the Commissioner, and his decision shall be final.

Sec. C. The proceeds of the final games in each class shall accrue to the K.I.S.A.A. after the necessary expenses have been paid. Actual expenses, not to exceed those given above, shall be paid. A team not requiring transportation, meals or lodging shall receive a minimum of $100.00 for miscellaneous expenses.

THE DICKINSON FOOTBALL RATING SYSTEM
(As modified and adopted by the Board of Control)

Section I
1. First division includes all teams that have won more games than they have lost during the season. Others are second division teams.
2. For each victory of a first division team over a first division team the winner gets 30 points and the loser 15 points.
3. For a tie between first division teams each team gets 22 1/2 points.
4. For each victory of a first division team over a second division team the first division team gets 20 points and the second division team gets 10 points.
5. For each victory of a second division team over a first division team the winner gets 30 points and the loser gets 10 points.
6. For each victory of a second division team over a second division team the winner gets 20 points and the loser gets 10 points.
7. For each tie between second division teams each team gets 15 points.
8. For each tie between a first division team and a second division team the first division team gets 15 points and the second division team gets 20 points.

Section II
1. No team shall be penalized for a victory in an extra game. To avoid this, the extra game shall be omitted from calculation.
2. If two second division teams have won the same number of victories over first or second division teams, but have lost a different number of games to first division teams, the extra defeats shall be omitted from the calculations.

Section III
1. An undefeated team shall always be ranked above every team it has defeated, even though the average number of "points" in the season’s ratings may indicate otherwise.
2. A team with a percentage of .500 is in the second division. It will be considered to be in the first division if one third of its games have been with first division teams and have resulted in at least one tie and one victory.
3. If, in a game having a bearing on the championship, a first division team should profit by tying another team in the first division, when defeating it would lower the defeated team into the second division, the place of the teams in their divisions shall be determined without considering the game.
4. A team undefeated in its district, which has played at least three games with teams in its district, shall rank above all teams in its district which it has defeated.

Section IV
1. If the foregoing directions have been accurately followed, the final standing may be determined by getting the average number of points.
2. If two teams have the same average points for the entire season, the victor in the game played between them during the regular season shall be ranked above the loser.
3. If three teams have the same number of "points" for the entire season, and two of them have played each other, the loser in this game shall be ranked third and the other two tied for the highest rank.

(Do not attempt to apply this system until all of the games of the season have been played.)

BULLETIN!

The following bulletin from the Commissioner to administrators of K.H.S.A.A. member schools was mailed on August 5, 1963:

Due to the fact that out-of-season basketball and football scrimmages and games appear to be on the increase, the Board of Control of the Kentucky High School Athletic Association in a recent meeting asked the Commissioner to give his interpretation of Association regulations with respect to possible violations of these regulations by member school principals allowing their athletes to take part in these contests.

The Commissioner stated that the football season is defined as beginning on the opening date of school and ending with the playing of the last regularly scheduled game, and the basketball season is defined as beginning on the opening date of school and ending on the final day of the State Tournament. He further stated that all out-of-sea-
son games should be considered post-season games, that out-of-season scrimmage between teams representing K.H.S.A.A. member schools should be considered games, and that only the Board of Control has the authority to sanction out-of-season games and scrimmages.

The Commissioner said that this interpretation would probably result in a tightening of the Board of Control sanction policy, and he asked for an opinion from each Board member concerning whether or not this interpretation should be established. It was the unanimous opinion of the Board members that this rules interpretation by the Commissioner was entirely correct, that the policy involved should be established as a Board policy, and that the administrators of K.H.S.A.A. member schools should be notified immediately concerning this policy in order that the information might be passed on to their football and basketball coaches.

Players competing in non-sanctioned out-of-season games and scrimmages lose their high school eligibility. In-season football scrimmages between teams representing K.H.S.A.A. member schools are to be considered games, and in-season basketball scrimmages between teams representing member schools must be counted against the game limit mentioned in K.H.S.A.A. By-Law 21.

K. H. S. C. A.

On April 18, 1963, the first annual basketball clinic of the Kentucky High School Coaches Association was held at the Hideaway Room in the Student Union Building on the University of Louisville campus. The clinic began at 9:30 A.M., with the following coaches presenting the program: Robert Mulcahy (Seneca H.S.), coach of the 1963 state champions; John Lykins (Frankfort H.S.), coach of a 1963 C.K.C. co-championship team; Jock Sutherland (Harrison H.S.), coach of the champions of the Mid-States Conference; and Jim Bazzell (Allen County H.S.), coach of a 1963 regional winner.

Approximately forty-five coaches were present for the program which had been arranged by Coach Bob Wright of Ashland and his committee. Given below is a resume of one of the talks which were presented.

MAD DOG DEFENSE
by Jock Sutherland

This is the name we call the defense used at Harrison County High School. It is a half-court pressure-press type of defense, and is for the school with average size, average speed, average ability, but a great deal of desire. The name makes our defense something special to our people and they respect it.

The principle is to meet the opposition at the center line and to make every effort to prevent them from entering into the offensive area. After this penetration is made the defense must adjust to the situation which may be to a normal man-to-man defense or some variation of the zone.

The young basketball players today are such outstanding shooters that you can not allow them to enter the area they want to enter. mไม่ * 1 量 they want to make, or get the screen. Therefore, it is necessary that the defense you employ be a type of multiple defense such as the "Mad Dog" defense. In this defense we get: (1) double team situations, (2) pressure on the ball at all times, (3) pressure on strong side receiver, (4) zone at particular points, (5) a great deal of ball or pass anticipation.

These points mentioned tend to force the opposition into mistakes, take the bad shot, lose confidence, and above all they will tend to make the opponents careless and play a runaway type of game completely different from their normal pattern of play.

The defense must also be versatile. When the pressure at the line fails, there has to be an adjustment made. Naturally the closer the ball gets to the scoring area, the more cautious the defense must be. This adjustment from the gambling line play to a basic well disciplined type of defense is the hardest part of a half-court press, but can be accomplished with a great deal of organizing drill.

Since the basic principle of the defense is to obtain the ball in a hectic flurry of arms and bodies, it is essential that some type of offensive attack from the steal be planned. This we accomplished by charting the errors and determining the area where the big percentage of these errors occur. At these points we establish definite lane filling assignments with the ball always having the right-of-way. If this fast break situation does not materialize, it is important that the ball be held up and a regular offensive pattern be put into action. This is another part of the defense that is hard to teach. The wild "Mad Dog" type of defense tends to force our own people into the same type of offensive play but it can be controlled with constant drilling.

The defense itself should stimulate your people to be aggressive and take a little pride in their defense. To our opponents and to other people, the "Mad Dog" defense means a mass of confusion. To the boys here at Harrison County High School, the "Mad Dog" defense means organized confusion.

FILMS

The films listed below are in the Film Library of the University of Kentucky College of Education. The Code letters "e,i,s,c,a," refer to elementary, junior high, senior high, college, and adult audiences who may enjoy the particular film listed. The rental prices shown do not apply to schools which use one of the special subscription service plans, offered by the Bureau of Audio-Visual Material.

Football

BALL HANDLING IN FOOTBALL, j-s-e-a, 1 reel, $1.50.

Fundamentals of ball handling are stressed: stance, grip, "feel" of the ball, finger-tip control, adjustment before throwing or kicking, receiving passes from center or from a back, catching passes and evading, ways of carrying ball, and changing from one hand to another. Game shots are presented, using slow motion and stop action techniques, and superimposed animation to illustrate principles.

BLOCKING IN FOOTBALL, j-s-e-a, 1 reel, $1.50.

Fundamentals of good blocking are taught in this film: position, speed, drive, follow-through, and body control. Describes shoulder and body blocks, demonstrating several varieties of these. Importance of good physical condition, practice, and experience are emphasized. Special photography used to illustrate different points.

FOOTBALL FOR MILLIONS, j-s-e-a, 3 reels, color, $7.50.

In the film an extrovert "Old Grad" chooses Football Rules as quiz show category. His experience

SOUTHLAND SPORT SHOP

Gene Stokley 277-3977 Dick Wallace

with official interpretations proves interesting, humorous and embarrassing. At the end, he realizes his knowledge is very meager on such things as officials and their duties — what constitutes pass interference — rights on muffed punt — etc., and his wife had to take over for him.

FOOTBALL GAMES OF UK, j-s-c-a, 3 reels each, $.75.

Several old football films showing University of Kentucky in such games as Cotton Bowl, Sugar Bowl, etc., have been placed in the library for those who wish to use them.

GAME OF GAMES, j-s-c-a, 1½ reels, $2.50.

The highlights of the 1946 Army-Navy football game are presented in slow motion. It is filmed by "official" photographer of the Athletic Association of the U. S. Naval Academy.

OFFICIAL FOOTBALL, j-s-c-a, 3 reels, $.75.

This film portrays the play situations covering the basic rules of football as played under the National Alliance Code. The theme is centered around the official interpretations of the rules as they apply to the three teams always present on the field, the home team, the visiting team and that all important third team, the officials.

TACKLING IN FOOTBALL, j-s-c, 1 reel, $1.50.

Tackling properly is shown as the result of application of certain fundamentals: good physical condition, speed, body placement, drive, sure grip, timing, and body control. Shoulder and cross body tackles are demonstrated in various ways, with special instructions for safety and means of reducing shock.

THIS IS FOOTBALL, e-j-s-c-a, 4 reels, color, $.75.

Centered around the four S's—science, speed, skill, and safety. Demonstrations cover basic rules that will aid the official, coach, player, and fan. Play situations are used to establish standards.

A Creed For Athletic Officials

Believing that mine is an important part in the nation-wide school athletic program, I pledge myself to act in accordance with these principles.
1. To know fully the rules and accepted officiating procedures for each sport in which I serve as arbiter.
2. To build my game schedule through my accepted worth, potential possibilities and inherent character rather than through transitory acquaintance or trading of favors or tempted pressures.
3. To honor every contract, even though this may occasionally result in financial loss or loss of opportunity to work for a larger school or one involving less travel.
4. To keep myself physically and mentally fit.
5. To be systematic, prompt, and business-like in all my dealings with those I serve.
6. To wear the accepted Official's attire and to maintain a neat and creditable appearance.
7. To act in such a way as to be a worthy example to those under my supervision.
8. To remember that my responsibility also extends to all my fellow officials and that I must work as one member of the team.
9. To make my decisions promptly but without snap judgment, firmly but without arrogance, fairly but without officiousness; and to base them on the rules regardless of the type of school, the closeness of the score or the opinions of partisan spectators.
10. To keep in mind that my first charge is the safety and general welfare of those under my supervision.

PUMA for PERFORMANCE and more TOUCHDOWNS!

THE ALL SPORTS SHOE

Here’s the story on PUMA shoes for football and other sports. Sweeping the country in a big way! You should buy some of these OXFORDS and try them NOW!

It’s down right sensational to get all these advantages in a football shoe for less than $12.95 to $15.95 but the price is only

$8.75 pr.

1. Tested and proved by major league and professional football players.
2. Outstanding for backs and ends on a dry field. (Not so good in the mud.)
3. An exceptional shoe for Jayvee and Jr. High teams.
4. Little League and elementary school boys really love them.

PUMA LASTIC

EXTRA LIGHT, about half the weight of a regular shoe. It's SHOCK-PROOF . . . sole and cleats are PUMA-LASTIC which will outwear the shoe.

TWICE the usual number of cleats! 14 on each shoe, giving more traction, more lateral stability.

All cleats but 2 on each shoe are near the outer edge of the sole which means better body balance. This and the universal last makes a better fitting shoe which feels better on the foot, avoids blisters, affords great comfort.

CLEAT AND SOLE TROUBLE ELIMINATED! The cleats are molded to the sole. No cleats to get loose, give trouble. No post trouble. No steel plate to crack . . . and this means greater flexibility. Not a shoe for muddy field, but for normal conditions, it's great. While some schools have bought 50 pairs, we suggest you only buy a few and try them on backs, fast ends and see what happens.

ORDER YOURS NOW ______________ Sizes 1 to 14.
