MINUTES OF THE ANNUAL MEETING

The fifty-first annual meeting of the Kentucky High School Athletic Association was held at the Brown Hotel, Louisville, on Thursday afternoon, April 18, 1968.

President Don R. Rawlings called the meeting to order at 2:30, and asked the Commissioner to call the roll. Fifty-eight regularly elected delegates or alternates answered the roll call.

Bruce Sweeney moved, seconded by W. B. Jones, that the minutes of the 1967 meeting of the Assembly, which had been sent previously to all member schools, be approved without being read. The motion was carried.

Commissioner Sanford then gave a report on the activities of the Association during the 1967-68 school year. (The report of the Commissioner appears elsewhere in this issue of the magazine.)

President Rawlings announced the election of Morton Combs and James T. Dotson to membership on the Board of Control for a four-year period, beginning July 1, 1968, representing respectively Sections 7 and 8.

President Rawlings stated that consideration of the proposals was the next order of business.

R. D. Reynolds moved, seconded by Glen B. Smith, that Proposal I, defining "corresponding date" in football and basketball contracts, be adopted. The voice vote was carried by more than the necessary majority.

W. P. Wheeler moved, seconded by Vesper Singleton, that Proposal II, providing that a contestant becomes ineligible on his nineteenth birthday with certain exceptions, be tabled. The motion failed to carry by a vote of 21-37. James A. Parsfield moved, seconded by Bowman Davenport, that Proposal II be adopted. The vote was 31-26 in favor of the motion, but this was not the necessary two-thirds majority.

Jack Fultz moved, seconded by A. L. Roberts, that Proposal III, providing that Board of Control members shall alternate each four-year term between regions within each section, be adopted. The vote was 39-15 in favor of the motion, this being more than the necessary two-thirds majority.

There being no further business, President Rawlings declared the meeting adjourned.

The dinner meeting of the Association was held in the Crystal Ballroom of the Brown Hotel at 6:00 P.M., with some 500 delegates and school officials present. Recipient of the Game Guy Award was Percy Hampton of the Lafayette High School. The presentation of the award was made by President Don R. Rawlings.

The address of the evening was given by Rev. Donald R. Herren of the Southern Hills Methodist Church, Lexington, Ky. The subject of the talk was "A View From the Stands."

The Commissioner presented the Cavana Swimming Award to Ath. Dir. Shirley Kearns of the Model High School, Richmond, which had won the 1967-68 trophy.

1967-68 ANNUAL REPORT
(Presented to Delegate Assembly)

Three hundred seventy-five schools have joined the Association during the 1967-68 school year. This number compares with 374 members last year.

Financial reports filed by the sixteen regional basketball tournament managers show total receipts of $191,707.17. District receipts were $259,163.65. These figures represent respective increases of eleven percent and five percent over 1967 receipts. Receipts from ticket sales at the State Basketball Tournament, including state tax, will approximate $218,000. Profit to the Association on the tournament will be close to $175,000. This amount will almost completely underwrite the current K.I.S.A.A.U. budget, with receipts from other sources being used to underwrite increased insurance coverage for athletes representing member schools of the Association. A complete record of all receipts and disbursements will appear in a subsequent issue of the Association magazine.

Fourteen hundred fifteen basketball officials, 601 football officials, and 397 baseball officials have registered with the Association in 1967-68. Ten football rules clinics were held under the direction of Edgar McNabb and eighty-one football officials took the National Federation examination for the higher ratings. Of this number, twenty-six were added to the Certified list, and there were fifty-three officials on the Approved list.

Charlie Vettiner conducted fifteen basketball clinics and held the School for Basketball Officials. Harry Stephenson conducted a school for baseball officials. Forty-five baseball officials took the test for the Approved rating in April of 1967, with thirty-five receiving this rating. Sixty-five baseball officials are currently in the process of working for the higher rating. Twenty basketball officials were added to the Certified list in 1967-68, with sixty-four receiving the Approved rating.

Regional representatives in the three sports mentioned continue to render a fine service to the officials and schools in their respective areas.

It has not been necessary to suspend any member schools from the Association during the current school year. One school was placed on probation for violation of the Sportsmanship Rule, By-Law 17.

The numbers of schools maintaining sports sponsored by the Association show no appreciable change from the preceding year with the exception of boys' football, boys' tennis, girls' tennis, girls' track and wrestling. The 1966-67 and 1967-68 figures respectively in these sports are: boys' football, 135-144; boys' tennis, 75-84; girls' tennis, 41-52; girls' track, 95-107; wrestling, 21-38. The numbers of teams in the other sports are: baseball, 302; basketball, 361; cross country, 97; football, 174; girls' golf, 24; rifle marksmanship, 13; boys' swimming, 55; girls' swimming, 26; boys' track, 193. Seven schools sent teams in boys' gymnastics to the State Gymnastics Meet, with nine schools sending girls' teams. Several other schools sponsored teams which competed during the season.

Seventy member schools of the Kentucky High School Athletic Association have made contributions or pledges to the Naismyth Memorial Basketball Hall of Fame. Of this number, fifty-four schools have taken out or will take out group memberships of $100 each.

If the expanding program of the Kentucky High School Athletic Association has been successful, one of the principal factors in this success is the continued cooperation, assistance, and constructive criticism of the administrators and coaches who represent our member schools. Your continued help is solicited.

REPORTS PAST DUE
1. 1967-68 Basketball Participation List (Eligibility)
2. School's Report on Basketball Officials
3. Official's Report on Schools (Basketball)

Attention, Principals!
Approximately 80 principals of K.H.S.A.A. member schools have not yet filed reports this school year for their insurance subsidies. If the school is underwriting all or part of insurance protection for its athletes, the Board of Control will allow a maximum credit or refund of $40 to each school for "all sports except football," and an additional credit or refund of $30 to each school maintaining a football team. Principals of schools which qualify for the credit or refund should write for reimbursement forms at once.

Attention, Officials!
The registration period for K.H.S.A.A. officials is and has been for several years the same as the Association fiscal year, namely, July-June. Advance applications for registration in football and basketball are not now being accepted. Previously registered officials in these sports will receive their renewal application cards at some time during the summer months after the new National Federation publications have been received in the State Office. Previously registered officials should not send in their renewal fees until they receive these cards.

The Cavana Award
As announced at the annual dinner meeting of the Association, the Model Laboratory School of Richmond won the M. J. Cavana Swimming Achievement Award for the school year 1967-68. Presentation of the trophy was made to Atl. Dir. Shirley Kearns. This is the seventh year for the award to be given.

The point score for the winning school was 72.8. In determining the points which a school competing for the award may accumulate, the State Swimming Committee secures the following information: 1) current school enrollment (grades 9-12), 2) number of pupils who can swim 45 feet in deep water, 3) number of pupils who can swim correctly three strokes (crawl, back crawl, elementary backstroke, breaststroke, side stroke), 4) number of pupils who hold lifesaving certificates (American Red Cross or Y.M.C.A.). The percentages of the student body qualifying are applied to items 2, 3, and 4, the maximum points for each of these items respectively being 40, 40, and 20. Ten points are given to a school having a swimming team which enters a minimum of three meets, six events in each meet. Ten points are given for team participation (six entrants) in the State Swimming Meet.

Approved and Certified Baseball Officials
Some sixty K.H.S.A.A. officials registered in baseball took the National Federation examination for the higher ratings on April 15, 1968. Officials who qualified for advanced ratings are as follows:

Minutes of Board Meeting
The Board of Control of the Kentucky High School Athletic Association met at the Kentucky Hotel, Louisville, on Friday morning, April 19, 1968. The meeting was called to order by President Don R. Rawlings, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present. The invocation was given by Preston Holland.

Ralph C. Dorsey moved, seconded by Oran C. Teeter, that the reading of the minutes of the March 15th meeting be waived since members of the Board had received copies of these minutes. The motion was carried unanimously.

The preliminary report of the Commissioner on State Basketball Tournament receipts, which he had made to the Delegate Assembly, was given to the Board.

The Commissioner read a letter from Secretary-Treasurer Joe Ohr of the Kentucky High School Coaches Association, requesting that the Board sanction the East-West All-Star basketball and football games, to be played in August of 1968 and 1969. Morton Combs moved, seconded by Alvin Almond, that the sanction requested by the Kentucky High School Coaches Association be given by the Board of Control. The motion was carried unanimously.

The Commissioner recommended that a donation of $200 be made to the Olympic Wrestling Games Committee. Oran C. Teeter moved, seconded by Foster J. Sanders, that the appropriation recommended by the Commissioner be made. The motion was carried unanimously.

Don Davis moved, seconded by Foster J. Sanders, that the first sentence of the second paragraph of K.H.S.A.A. Basketball Tournament Rule V-A be amended to read as follows: "Only K.H.S.A.A. approved or certified officials shall be used in the district and..."

The State Gymnastics Meet

Iroquois and Pleasure Ridge Park High Schools fought to a 59½ point tie in the boys' division of the 1968 K.H.S.A.A. State Gymnastics Championship meet at the University of Louisville's Crawford Gymnasium on April 5. Thomas Jefferson High captured the girls' division with a 57 to 20 spread over runner-up Tates Creek High School of Lexington. Meet manager was Coach Bob Wason, University of Louisville.

The boys' division was a real donnybrook, with heavily favored 1967 champion Thomas Jefferson finishing just one point behind co-champions Iroquois and Pleasure Ridge. Tight competition continued into the individual battles with Thomas Jefferson's Kelly McIntosh edging Larry Larimore of Pleasure Ridge Park just one tenth of a point for the all-around championship. McIntosh scored 33.50, Larimore 33.40.

Scoring was almost as close in the girls' all-around competition as Seneca's Adele Geeves nosed out Thomas Jefferson's Sheba Alsp by 1 point, 23.00 to 22.00.

Over 200 individuals participated in this year's meet, almost doubling the entry list for 1967. Thirteen schools had boys entered, and there were twelve schools with girls' teams. This represents phenomenal growth for one year, and speculation is that gymnastics will see regional eliminations in the near future. The most impressive difference in the 1967 and 1968 meets, however, was the quality of performance. Greater difficulty in routines and polish in execution was very much in evidence and drew much comment from the judges who were in attendance both years.

Schools entered in the boys' division were: Iroquois, Pleasure Ridge Park, Thomas Jefferson, and Central, all of Louisville; Lafayette, Lafayette, and Bryan Station, Daviess County, and Lincoln.

Represented in the girls' division were: Iroquois, Pleasure Ridge Park, Tates Creek, Thomas Jefferson, Seneca, Westport, Lafayette, and Bryan Station.

K.A.P.O.S. News

Sanford and Meyer Honored

In the fourteen years that the organization known as the Kentucky Association of Pep Organization Sponsors has been in existence, it has grown from a membership of seven to a record 250 paid-up members. Much of the credit for the growth and success of this organization can be attributed to the many dedicated sponsors who through the years have given of their time and energy to see that the purposes of the organization have been upheld and fostered. Accolades are due many people, but especially such past presidents as Mrs. Grace Fragstein, Mrs. Ruth Spurlock, Mrs. Rosemary Weddington and Mrs. Julienne Tresar. However, it took the current president, Miss Jane Meyer, to initiate the idea of selecting a State-at-Large Champion Cheerleader Squad. This was a tremendous undertaking and involved hours and hours of work on the part of many great members of the K.A.P.O.S. board members, but the bulk of the work was done by Jane Meyer. And, because of her dedication to the cause of cheerleading, we are able to recognize four additional squads throughout the state for their outstanding ability in cheerleading.

The Kentucky High School Athletic Board of Directors has supported K.A.P.O.S. from its inception. Because Mr. Ted Sanford has willingly served K.A.P.O.S. by giving of his time to counsel with any K.A.P.O.S. board member who went to him for advice, we felt that it was only fitting that K.A.P.O.S.
show its appreciation to the Kentucky High School Athletic Association, Mr. Sanford and Miss Meyer. With this in mind, the board members of K.A.P.O.S. voted to honor Mr. Sanford and Miss Meyer by naming the winner's trophy in the State-at-Large contest, "The Ted Sanford Award," and the runner-up trophy "The Jane Meyer Award."

State-at-Large Champions Chosen

For the first time in basketball and cheerleading history, high school cheerleading squads in Kentucky did not have to rely on the success of their basketball team to have the opportunity to compete for the top spot in cheerleading. The winning and runner-up squads in each of the 62 districts was then eligible to compete in their respective regions. The winner in each of the 16 regions was then eligible to compete for the title "State-at-Large Championship Cheerleading Squad." Squads from schools winning regional tournaments were eligible to compete in both categories, the Sweet Sixteen and the State-at-Large.

It is interesting to note that none of the 16 regional winners in the State-at-Large competition would have made it to the state tournament if they had depended on their basketball team being one of the 16 teams in the state tournament. The new system allowed 32 cheerleading squads rather than 16 to enter competition at the state tournament. Sponsors of the 32 competing teams have been mailed the final point results of the judging.

The Flying Dutchman

What leadership have you given to your Kentucky community in the planning of park facilities and recreation programs for this summer? Everybody needs to recreate himself from time to time, and in the midst of the increasing pressures of our times, you had best get recreation started where you live now. Don't think that the problems of neglected people can only be associated with our great cities. People are people wherever they live, and what's happening in Louisville, Chicago, Detroit and other cities can happen where you live. It is later than you think.

A few weeks ago the Dutchman was the guest speaker when Harrodsburg "kicked off" a gigantic rally for summer recreation. The thought prevalent in my mind as I watched Wilson Burks, Aggie Sale, Jane and Oakley Brown, Jr., and others press for better leisure time programs was that this should be happening in communities all across Kentucky. An ounce of prevention is still worth a pound of cure so it's better to recognize now that you have a park and recreation job to do at home than to wait until neglected kids and their parents protest in utter frustration.

As you call your first meeting to start your community's summer or year-round recreation program please remember that the end product must belong to the people. The program must take into consideration the recreational desires of everybody and that recreation must be a cooperative endeavor wherein clubs, associations, P. T. A.'s, churches, schools and every other organization join together in a project for the good of the community. Local governments should not give recreation to the communities. Rather they should help them in the ratio in which the people are willing to help themselves. It will surprise community leaders how many people want to help themselves and the places where they live if they are only provided the opportunities and invitations to work together for park and recreation programs.

The best way I know to destroy the abilities of people to appreciate facilities is to dole them out. They then say, "Give me more," or "Why haven't you done something for me lately?" In parks and recreation you can have a true democracy. Put a swimming suit on a millionaire's daughter and one on a laborer's daughter, stand them side by side and you can't tell which is rich and which is poor.

Frankly, I wish our federal government would quit talking about poverty recreation. Let's quit taking the dignity from certain groups by hanging poverty labels on them. If your community has an adequate park and recreation program, then everybody is rich and everybody is privileged. Destroy the dignity of a millionaire or a laborer and you've created poverty for both. You and I have seen hundreds of boys and girls without money who couldn't be called poor because they possessed character. With the government spending millions to appease hippies and beatniks, let me go on record right now as saying that it's time that some of this money is spent on good boys and good girls who are doing the right things and who will provide the right kind of leadership for the future.

In our park and recreation programs let's take the attitude that everyone is privileged. Often the finest recreation facilities are found in the poorest communities—not because somebody felt sorry for those poor people but because the people themselves were willing to work cooperatively to get them. A poor community may not have the cash to match the government's outlay but it can have its people provide labor and also work to get materials and equipment provided by interested people free.

Nobody is stripped of his dignity in recreation. If a youngster wants to swim or play golf and doesn't have the fee, it doesn't make any difference if the parents are rich or poor, that youngster should participate with dignity after he has performed chores at the pool or the golf course to earn the cost of admission.

Back in 1949 about a hundred teenagers decided that they wanted to go on a camp tour to the Great Smoky Mountains. They wanted to go on air-conditioned buses and cook their meals out and they set up a plan whereby they wouldn't ask the Jefferson County Play-ground and Recreation Board for anything except supervision. They planned to be gone a week at an expense of $3,000. People in our county said, "The kids can never do it; these youngsters are from average to poor homes with only a few children of rich parents involved. Each was required to earn $10, which accounted for $1,000, and the rest was earned by putting on variety shows. You should know that they made their first Camp-On-Tour in 1949 and in 1950 the Campers-On-Tour went to Niagara Falls, 1951 to Canada and 1952 to Lake Michigan. One thing about the 1949 Camp-On-Tour stands out in my mind, that being that one boy whose father was rich offered his dad's check for $10. It wasn't accepted because he hadn't earned it. A short time later his father was in my office telling me that his boy didn't have to work because he could give him all the money he needed. When he was told this was one trip he couldn't buy for his son and that the boy would have to earn it, he reminded me of his high position and influence, telling me that he would have me fired. So you see that I have been "living on borrowed time" for eighteen years now because his son didn't make that 1949 trip. He did go on the 1950 Camp-On-Tour to Niagara Falls. I found a job for him—the toughest job (spading concrete) that
I could find—and this lad proved himself a man.

Back to those teenagers again. In 1953 and 1954 they put showboats on the Ohio River at a cost to them exclusively of $10,000. In 1955 when they decided to make a Youth Ambassador of Friendship flight to Cuba at a cost of $27,000, which these sons and daughters of rich, middle class and poor parents had to earn or raise, the people said, "They're nuts, they can't do it." But they did and they went to Mexico City in 1956 at a cost of $32,000 and to Nassau in 1957 for $25,000. On these trips our foreign friends would ask, "Are these underprivileged boys and girls?" Our reply was, "These are privileged young people because they worked to be called privileged and these youngsters have dignity."

When we started rocking chair fishing derbies for our people who were over sixty-five years of age, a chain of events followed. Aging citizens lined the banks of our lakes with rocking chairs and fished from morning until night—but that's not all that happened because much of their loneliness disappeared. They formed little informal clubs, arranged cookouts, set up group picnic dinners and even "shed" some age as they forgot to remember that "they were too old to have fun." They just lived it up. Just a short time ago I saw a lady nearly ninety with a string of fish which she proudly displayed. This was the string which she and her eighty-eight year old boy friend, whom she had met at a rocking chair fishing derby, had caught. Even a mellow years' romance evolved from an event which few people believed had much real value when the program was initiated. When smiles appear on aged faces where smiles have been absent for so long, then indeed you have spawned a worthwhile program for parks and recreation.

Such recreation and park programs which satisfy a natural need which everyone has to re-create himself can only come to Kentucky communities where leaders arise unselfishly to meet the occasion. The Corn Cob Pipe of Honor for this month goes to Samuel Klein of Louisville who has given so many hours unselfishly to wholesome recreation in Louisville and Jefferson County that he emulates the kind of leadership the Dutchman is pleading for all across Kentucky and our nation.

When you're in Louisville drop by the Bank of Louisville and shake hands with Sammie Klein who started out in life as a poor kid and who is now the bank president. Sam always liked people, loved to work for his community, and largely because of his efforts not only the youth of metropolitan Louisville and Jefferson County get a good cultural recreation deal but everybody gets in on the fun. Take a bow, Sam Klein! Louisville is better because you live there! Sam is a dandy example of recreational leadership in his community. This summer will reveal which communities of Kentucky can find leaders like him to bring park and recreation programs to every nook and cranny of our state.

Like the "Flying Dutchman," who gives special recognition to deserving people, our organization would like to announce this month's Megaphone Award, Mrs. Nancy Carr. Mrs. H. T. Villines, who has a daughter on the Central City squad, writes as follows: "At the annual Chamber of Commerce banquet, Mrs. Nancy Carr was presented the Woman of the Year Award for outstanding work with cheerleaders and for church work. I know that the Central City cheerleaders are fortunate to have such a woman for their sponsor. She abides by K.A.P.O.S. rules and regulations at all times, and when my daughter is in her care I have not a worry." K.A.P.O.S. congratulates the Central City Chamber of Commerce for its foresight in the recognition given to Mrs. Carr.

Summer Cheerleading Clinic

Reservations are now being accepted for the summer clinic to be held on the University of Kentucky campus, August 5-9. All cheerleaders will be housed in the new high-rise, air-conditioned dorms. Write Box 1309, Lexington, Ky., for registration blanks.

WRITE FOR 1968 SPRING CATALOGUE
TO: PRINCIPALS OF MEMBER SCHOOLS OF K.H.S.A.A.

SUBJECT: CATASTROPHE INSURANCE POLICY

The following information about the catastrophe insurance coverage purchased by K.H.S.A.A. to cover athletes of member schools is published for your consideration. The coverage will commence July 1, 1968, for the school year 1968-69.

PERSONS COVERED: Student athletes on teams of member schools of K.H.S.A.A. will be covered while practicing for or competing in K.H.S.A.A. approved inter-school athletic events or while traveling in a group directly to or from practice session or scheduled athletic event for the purpose of participating in such session or event.

ACCIDENT MEDICAL EXPENSE BENEFIT: Expenses incurred for treatment of a covered injury including necessary services of a licensed physician, hospital expenses subject to limit for daily room and board and general nursing care of normal charge for semi-private room, private duty nursing care by R.N. on order of physician and physio-therapy performed while hospital confined shall be covered within fifty-two (52) weeks following the accident causing injury provided treatment for such injury commences within thirty (30) days of the date of covered accident.

The first $1000.00 of covered expenses, or the amount of such expenses as are covered under all other collectible insurance of the policyholder and insured, whichever figure is greatest, will be deducted from any claim paid hereunder. Subject to this provision, the Company will pay up to a maximum of $10,000.00 except that when payment under the plan exceeds $5000.00, further payment shall be 75% of the eligible charges.

EXCLUSIONS: No payment shall be made for hernia, appendicitis, cardiac disease, diabetes, detached retina, osteomyelitis, malignancy or Osgood-Schlatters disease, or aggravation of a pre-existing condition, or for injuries connected with fighting or brawling.

ADMINISTRATION: This coverage is underwritten by Wabash Life Insurance Company and will be administered by The Kingden Company. At a later date you will be provided with information as to coverage and procedure to be followed in the event of a claim.
