VOL XXXIII—No. 1 AUGUST, 1970 $1.00 Per Year

Report of Audit

1550 South 1st St.
Louisville, Ky.
July 15th, 1970

Mr. Theodore A. Sanford, Secretary and Treasurer, Kentucky High School Athletic Association, Lexington, Kentucky

Dear Mr. Sanford:

Pursuant to instructions received, we have made an Audit of the Receipts and Records of the KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION for the period of one year, beginning July 1st, 1969, and ending June 30th, 1970. In addition we have prepared and attach hereto Statements of Receipts and Disbursements which, in our opinion, reflect the true financial condition of the association as of June 30th, 1970. The Cash Funds and the U. S. Savings Bonds Account were found to be correct and verified by letter from your depositories.

We find the records presented to us for the purpose of Audit to be in agreement and in good condition.

Respectfully Submitted
Huet L. Johnson,
CERTIFIED PUBLIC ACCOUNTANT

From the Commissioner’s Office

The 1970 clinics for football officials and coaches will be conducted by Assistant Commissioner Billy V. Wise. The dates and sites of the clinics are as follows: August 10, Bell County High School, Pineville; 7:30 p.m.; August 11, Hazard High School; 7:30 p.m.; August 12, Prestonsburg High School; 7:30 p.m.; August 13, Paul B. Blazer High School, Ashland; 7:30 p.m.; August 17, Henderson High School; 7:30 p.m.; August 18, Redland Community Bldg., Paducah; 7:30 p.m.; August 19, Mayfield High School; 7:30 p.m.; August 20, Hopkinsville High School; 7:30 p.m.; August 21, Reservoir Hill, Rec. Center, Bowling Green; 7:30 p.m.; August 25, Kentucky Hotel, Louisville; 7:30 p.m.; August 26, Transylvania College, Lexington; 7:30 p.m.; August 30, Campbell County High School, Alexandria; 2:00 p.m.

Registration of Officials

Football clinics and basketball officials previously registered have received their renewal application cards for the 1970-71 school year with a card which will say “Kentucky High School Athletic Association—This will introduce (name of principal), (name of school).” The card will be signed by the Commissioner. Most administrators of Association member schools admit to their home contests fellow administrators as a matter of school policy. However, many times these visitors hesitate to identify themselves to the ticket takers. The card mentioned will assist in this identification of the individual school.

Attention, Principals!

Each principal of a K.H.S.A.A. member school will be supplied during the forthcoming school year with a card which will say: “Kentucky High School Athletic Association—This will introduce (name of principal), (name of school).” The card will be signed by the Commissioner. Most administrators of Association member schools admit to their home contests fellow administrators as a matter of school policy. However, many times these visitors hesitate to identify themselves to the ticket takers. The card mentioned will assist in this identification of the individual school.

The identification cards are not to be considered as regular season passes to home games of member schools of the K.H.S.A.A. The determining factor in the cards being accepted as passes is the policy of the individual school.

The identification card may be used for admission to all events at the state level except the State Basketball Tournament. A different plan for issuing these passes, along with passes to the district and regional basketball tournaments, is provided in basketball tournament regulations.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. office, Lexington, on Thursday morning, June 4, 1970. The meeting was called to order by President Ralph C. Dorsey at 10:00, with Board members Morton Combs, W. H. Crowds, Don Davis, Tom Mills, and Richard Vincent; Commissioner Theo. A. Sanford, and Assistant Commissioners J. B. Mansfield and Billy V. Wise present. The invocation was given by W. H. Crowds.

Don Davis, re-elected, seconded by W. H. Crowds, that the reading of the minutes of the April 16th meeting be waived since members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner presented certain suggested changes in K.H.S.A.A. regulations. These were: In Girls' Track, eliminate the 70-Yard Dash from the list of events, change 70-yard Hurdles to 80-Yard Hurdles, and add the Mile Relay.

Change Gymnastics Rules VI, Scoring, to read as follows: “The scores earned by the top three determine the team score for that event. The event score for an individual is calculated by adding the individual scores to determine the team score. An individual's score in the Olympic events (six for men-floor exercise, horizontal bar, long horse vault, parallel bars, rings, side horse; four for women-balance beam, floor exercise, side bars, vaulting, uneven parallel bars) shall be added to yield the individual's All-Around score.”

W. H. Crowds moved, seconded by Richard Vincent, that the rules changes recommended by the Commissioner be adopted. The motion was carried unanimously.

W. H. Crowds, a member of the Retirement Committee, made a report for his committee in the absence of Chairman Foster J. Sanders. He presented a Pension Plan Agreement for executives which had been prepared by the Retirement Committee with the assistance of Attorney Calvert T. Rostell. Copies of the agreement were given to members of the Board. Mr. Crowds explained the plan and was assisted by the Commissioner in answering questions concerning the agreement. After a discussion of the plan, W. H. Crowds moved, seconded by Tom Mills, that the Pension Agreement for executives prepared by the Retirement Committee be accepted by the Kentucky High School Athletic Association through its Board of Control the third Thursday of June of 1969, and that the funds presently in the K.H.S.A.A. Retirement Fund, in the approximate amount of $63,000.00, none of which has been allocated to any express retirement plan, be applied for the purpose of funding this Agreement. The motion was carried unanimously.

It was suggested at this time that the Board go into executive session for discussion of salaries. At the conclusion of the session after the return of Messrs. Sanford, Mansfield, and Wise, Richard Vincent moved, seconded by Morton Combs, that Commissioner Theo. A. Sanford be re-elected for a period of one year, beginning July 1, 1970, at an annual salary of $21,500.00; and that the annual salaries of Assistant Commissioners Mansfield and Wise be set respectively at $18,500.00 and $13,500.00. The motion was carried unanimously.

Speaking for the Personnel and Policy Committee, Richard Vincent moved, seconded by Morton Combs, that a transfer of $10,000.00 be made from the General Fund to the Retirement Fund. The motion was carried unanimously.

The Board of Control, at its June 6, 1969, the Personnel and Policy Committee, acting under a directive of the Board of Control, had employed

Billy V. Wise as an Assistant Commissioner for a period of approximately four years, said action of the Committee having been approved in the Board meeting of August 16, 1969. He recommended that the present term of Assistant Commissioner Wise be considered as terminating on June 30, 1973, this to allow the term of all executives to expire at the ends of the fiscal years involved. Tom Mills moved, seconded by W. H. Crowdas, that the recommendation of the Commissioner be accepted. The motion was carried unanimously.

The Commission presented to the Board the 1970-71 K.H.S.A.A. budget, the budget being amended to include the salaries for the executives mentioned. The estimated receipts are $240,950.00, and estimated disbursements are $240,850.00. Don Davis moved, seconded by W. H. Crowdas, that the 1970-71 budget as presented be adopted. The motion was carried unanimously.

Chairman Don Davis of the Building Committee made a report for his committee. He stated that the Building Committee had been negotiating with the University of Kentucky for a building site of approximately one acre in size on which to construct a new K.H.S.A.A. office building, the site involved being on Cooper Drive near the present E.T.V. Building. He stated that the K.H.S.A.A. needed to expand its facilities, and that the University of Kentucky was interested in purchasing the present K.H.S.A.A. Office Building to expand its educational facilities. Mr. Davis further stated that appraisals on both properties had been made by appraisal firms representing the University of Kentucky and the K.H.S.A.A., and that the purchase prices had been agreed upon by the Building Committee and by certain representatives of the University of Kentucky. Don Davis moved, seconded by Tom Mills, that the K.H.S.A.A. Building Committee be directed to have plans and specifications prepared for the proposed new K.H.S.A.A. building, and that the President and Secretary be authorized to sign for the Board of Control and the K.H.S.A.A. a sale and purchase contract with the University of Kentucky for the transfer of certain property owned by each party, said sale and purchase contract having first had the approval of the Association's attorney. The motion was carried unanimously.

The Commissioner discussed with members of the Board a request of Ath. Dir. Pete Grigsby, Jr., of the McDowell High School, that K.H.S.A.A. Basketball Rule IX-C. Section 6, be amended to provide district tournament seeding of the two top teams in each district; and that seeding by conference standings be included in the rule as a fifth method of seeding. It was the opinion of Board members that seeding may work out very well in many districts, but that it would not be advisable to amend the rule involved so that seeding the two top teams in each district would be mandatory. The Commissioner pointed out that the four methods of seeding listed in K.H.S.A.A. Basketball Rule IX-C are only suggested methods, and that seeding by conference standings could be done in any basketball district by majority vote of the school representatives involved.

The Board set October 3 as the date for its fall meeting. Tom Mills moved, seconded by Richard Vincent, that all bills of the Association for the period beginning April 1, 1970, and ending May 31, 1970, be approved. The motion was carried unanimously.

There being no further business, the meeting adjourned.

Minutes of Meeting

K.H.S.A.A. Gymnastics Meeting
Lexington, Ky., May 26, 1970

The Kentucky High School Athletic Association Gymnastics Committee met at the KHSAA Building, Lexington, Kentucky, on May 26, 1970. The meeting was called to order by the Chairman, Bernard “Skeeter” Johnson, at 7:29 p.m. Present at the meeting were Susan Burckle, James “Cap” Caudill, Andrew “Andy” Hopkins, George Jefferson, Bernard “Skeeter” Johnson, Sheila Kuhiman, Jim Nance, and Ted Sanford.

The Chairman announced that Barney R. Groves had resigned as a member of the committee since he was leaving Kentucky to accept a position in Richmond, Virginia.

Mr. Sanford stated that the State Gymnastics Meet would be held on February 20, 1971. The February date was set so as not to conflict with other KHSAA activities.

After a brief discussion, the Committee decided that the 1971 KHSAA Gymnastics Meet would be held in Lexington with a recommendation that it be held in Louisville the following year.

The Committee revised the K.H.S.A.A. Gymnastics Rules and made the following changes:

1. Tumbling, Trampoline, and All-Around will be Special Events. (These events will not be included in team points.)
2. Team scores will be determined by calculating the top three individual scores for each event, excluding Tumbling, Trampoline, and All-Around scores.
3. Each participant must have represented his school in at least one interscholastic gymnastics meet during the year to be eligible to enter the State Gymnastics Meet. (Must be between schools.)

4. The table of difficulty for vaulting was updated. The height of the horse for boys vaulting was set at 53". Two vaults per person will be executed and the best score will be the final score.

5. The girls' rules will be taken from the Division of Girls' and Women's Sports (DGWS) 70-72. The Committee recommended that coaches use the Federation International Gymnastics (F.I.G.) Code of Points for more detailed information concerning Gymnastics competition.

6. The low bar of the uneven parallel bars may be adjusted (length and/or width). (Two uneven parallel bars will be made available to facilitate time problem. While one person is performing, the next person will adjust the other set of uneven parallel bars.)

7. The head spring vault will not be accepted as a vault for girls.

The meeting adjourned at 9:30 p.m.
Respectfully submitted,
Bernard M. Johnson

Kentucky Home School Golfers Are Winners

(Left to Right) Beth Radford, April Denham, Louise Crawford, Elizabeth Stough. (Inset) Myra Van Hoose, Lafayette, individual champion.

The Sixth K.H.S.A.A. State Golf Tournament for girls was held at the Elizabethtown Country Club Golf Course on May 19-20. The Kentucky Home School team won the championship with a score of 734. Myra Van Hoose of Lafayette was the individual winner, with a score of 165. The tournament was managed by Miss Matilda Walker of the Westport High School.

**In Support Of Ankles**

The wisdom of wrapping or taping of ankles as a measure to prevent serious ankle injury is currently being re-examined, on the grounds that such measures are not effective in preventing serious sprains, fractures and dislocations. The questioners point out that such injuries occur any way in players whose ankles had been wrapped or taped. They contend further that the ability of the ankle joint to undergo inversion (inward turning) and eversion (outward turning) is one form of projection to the knee joint also when the foot is fixed to the ground while the weight of the body is turned against the lower extremity.

Wrapping or taping of the ankle - so that argument goes - serves to limit its mobility and thereby places a greater strain on the knee and favors more serious injuries to that joint. Finally, one critic insists that neither taping nor wrapping exert any appreciable limitation on ankle motion for more than the first ten minutes of contact anyway (this point appears to contravene the allegation that wrapping or taping poses a serious threat to the knee).

There is very scanty statistical observation or experimental evidence to confirm or deny these allegations. What little there is, however, tends to confirm that the common practice of wrapping and taping ankles is truly a measure of significant value in the prevention of serious ankle, and perhaps even knee, injuries.

These studies are on record dealing with the effects on ankle action of wrapping and taping the ankles, all in 1962 and 1963. In one, three different taping techniques were used and ankle motion measured before and after a specified exercise by means of an electric goniometer. In the second, the resistance of four different adhesive wrappings to a force of plantar flexion and inversion was tested before and after exercise for ten minutes. The third used the same means of testing the resistance of the ankle ligaments to stress when the ankle was unwarpped, or in a cloth wrap or taped over stockinette, or taped directly to the skin. Measurements were taken before and after a standard exercise carried on for five minutes.

To summarize these three studies briefly: (a) the feasibility of restricting lateral motion of the
ankle without impairing plantar flexion and dorsiflexion was demonstrated; (b) adhesive tape applied directly to the skin was superior to any other method, and cloth wrapping the least effective; and (c) a significant amount of restriction of ankle movement could be maintained with adhesive strapping after ten minutes of vigorous movement. Of the various adhesive strappings tested, the basket weave with stirrups and heel lock seemed to provide the best protection and maintained 60 percent of its effectiveness after ten minutes of vigorous exercise. Even at that time the protection it afforded was superior to that provided by the cloth wrap before exercise.

To revert to the commonality of experience, the observed occurrence of ankle dislocations and fractures is relatively small in football when one considers the major forces involved. On the other hand the number of ankle sprains is relatively high. It is therefore entirely conceivable that many of these sprains would have become fractures or dislocations were it not for the restraining effect of the taping or wrapping applied to the ankle.

Any change in the present practices of taping and wrapping ankles, other than in improving them, should be avoided until substantial proof can be presented to indicate that these practices are wrong.

**Football Examination**

Part II of the National Federation Football Examination for officials will be given in Kentucky on Monday, September 21. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the Approved rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. After an official has received the Certified rating, he continues to receive this rating each year provided that he attends the clinic for that year and has worked in at least six first team high school football games during the previous year.

**Sports Injuries: Football**

Wednesday evening, August 26, at 9:30, most ETV stations in the state will carry a program fifty-two minutes in length concerning sports injuries in football.

The tapes for the program were produced by the Medical Television Network, and the sponsor is the U.C.L.A. School of Medicine. In the program are on-the-scene demonstrations of pre- and post-game taping and conditioning, training techniques and equipment standards, details of specific injuries and their initial treatment, and practical procedures for the general practitioner who occasionally functions as a local team physitian.

CAN ATHLETIC INJURIES AND COST OF ATHLETIC INSURANCE BE REDUCED?

HERE ARE SOME SUGGESTIONS THAT WILL HELP:

1. Secure a team physician. Your local Medical Society can advise on this.

2. Require players to be physically fit and well conditioned before engaging in contact.

3. Do not allow a player with an injury to participate until he has medical approval to do so.

4. Make sure equipment is adequate, in good condition, and that it is properly worn.

5. Consider carefully the length of practice sessions. The latter part of lengthy sessions produces the most injuries.

6. Require injuries to be reported to you promptly and refer those needing attention to the physician at once.

7. Get your players interested in injury prevention and fitness. Any player is more valuable without casts and crutches.

8. Our Cooperative Football Plan and Student Insurance provide excellent coverage, service and economy.
