Limitations of Awards

By N. F. Secretary Clifford B. Fagan

AWARDS HAVE BEEN AND, PROBABLY, ALWAYS WILL be an integral part of athletics. An award acknowledges achievement in a special area of endeavor and although this practice has been expanded into many other areas, there is little doubt that it had its beginning in the field of athletics. The first athletic award was probably the presentation of a laurel or olive wreath by the ancient Greeks. Since that time it has been a universal practice to recognize athletic performance with some kind of an award. Now the school letter has replaced the olive wreath. Nevertheless the letter and wreath represent almost identical qualities. A symbolic aspect of recognition can be satisfied completely with a charm, a picture, a plaque, a ribbon or a trophy. No constructive educational purpose is realized if the participation is based upon the desire to win a valuable award. This is professionalism and this attitude causes all the benefits which are attached to a program of amateur athletics to be lost.

EARLY IN THE HISTORY OF INTERSCHOLASTICS, sports awards became somewhat standardized depending on the type of competition. Track and field was the principal activity in the athletic program of most schools. In some communities, merchants supplied funds for medals and ribbons to be presented to those who prevailed in the inter-community competition. The host community's name was prominently displayed on the medals and ribbons, thereby bringing favorable attention to the donor. During the early years of interscholastic competition the practice of giving athletes a blanket, a lettered jersey or monogrammed sweater as evidence of participation "on the varsity" became the practice. This custom was later adopted by the high schools. The lettered blanket or monogrammed sweater gave the athletes a certain recognition in the community which, in retrospect, had many desirable attributes.

IT IS APPROPRIATE TO TAKE REASONABLE COGNIZANCE of participation in an interscholastic athletic program particularly when the participant has honorably represented his school. However, at one stage of athletic history, valuable awards were given to the high school athlete to partly compensate him for "the sacrifices he had to make in representing his school." In other circumstances, recognition of athletic accomplishment turned into a kind of adulation by fellow students and the interested public. When an individual or team was not successful, according to the criteria for winning, the practice of the loyal supporters, both in and out of school, was to pray them, not for their success but, for their dedication to the program of athletics, and for their loyalty and devotion to the school. In these situations it became customary, in certain communities, to furnish awards as a reminder or "compensation to" the athlete for bringing favorable attention to the school. Interscholastic awards are not for these purposes. The student has no obligation to compete. Awards are not to pay him for loyalty or sacrifice.

ALL ORGANIZATIONS ADMINISTERING AMATEUR ATHLETIC PROGRAMS have award limitations. These are for the protection of both the athlete and the sponsoring organization. The limitations depend upon the level of competition and the purposes of the program. However, it is significant in every case, and with no exception, that the amateur awards are basically symbolic.

THE DESIRABILITY, THE NECESSITY AND THE REASONABLENESS OF LIMITING THE TYPE AND VALUE OF AWARDS resulting from participation in amateur athletics is frequently questioned. The athletes' parents, civic leaders and media frequently ask why amateur athletes may not accept any award made available to them. When, from the standpoint of winning, a team has completed an outstanding season, or an athlete has placed high in some statute competition, interested groups are inclined to become enthusiastic and to attempt to demonstrate their appreciation of the team's or the individual's effort by the presentation of an expensive award. These groups are anxious to see to it that the athletes receive all the special honors and recognition possible.

THE MEDIA ALWAYS SUPPORT A GENEROUS AWARD PROGRAM, because it gives them something to talk or write about, thereby making their reporting job comparatively easy. Civic groups relish the opportunity of being in the reflected limelight as a result of special presentations they may make. Therefore, it is not at all unusual for such clubs to raise rather large amounts of money in an effort to provide each member of a state championship team with a diamond ring or a colored television set. These groups feel that generous recognition of accomplishment brings attention to the school and to the community as well as demonstrating appropriate appreciation of the athletes' accomplishments. It is readily apparent that if there were no standards, competition among those giving awards would soon develop and go beyond reasonable limits.

WITHOUT AWARD LIMITATIONS, competition to give the "biggest" award develops between interested groups. Abuses in this area became common in the early development of the interscholastic program. The awards soon lost their symbolic nature and, in fact, the program was frequently taken over by non-athletic interests in the community. As has so often been the situation, (Continued on Page Four)

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, on Saturday morning, October 3, 1970. The meeting was called to order by President Don Davis at 9:00, with all Board members, Commissioner Theo. A. Sanford and Assistant Commissioner J. B. Mansfield present. The invocation was given by W. H. Crowdus.

W. H. Crowdus moved, seconded by Roy L. Winchester, that the reading of the minutes of the August 1st meeting be waived, since members of the Board had received copies of these minutes. The motion was carried unanimously.

Chairman Tom Mills of the Building Committee reported that negotiations were continuing with the University of Kentucky for the possible securing of a site on which a new Association office building might be constructed, and that the architectural firm of Marye and Bond were in the process of preparing preliminary floor plans for the building.

The Commissioner reported that attorneys for the Board and the University of Kentucky are of the opinion that the duties and powers of the Board of Control, with respect to Board members serving as trustees of real property, should be more clearly outlined in the K.H.S.A.A. Constitution. The Commissioner stated that it was his opinion that the Board already has the authority to purchase and dispose of real property under authority given in Article IV, Section 3-d-1, of the K.H.S.A.A. Constitution. However, he saw no objection to a constitutional amendment upon the advice of the attorneys mentioned, and he recommended that the Board authorize him to submit to Association member schools for a referendum vote the following: Add Paragraph 10 to Article IV, Section 3-d, of the K.H.S.A.A. Constitution, outlining duties and powers of the Board of Control to read “Have authority, as trustees, to purchase or otherwise acquire real property, and to sell, exchange, lease, mortgage, or in any manner dispose of any real property upon such terms and for such considerations as the trustees consider proper.” James T. Dotson moved, seconded by
Richard Vincent, that the Commissioner be directed to send out for a referendum vote the constitutional amendment proposed by the Commissioner. The motion was carried unanimously.

Chairman Richard Vincent of the Policy Committee stated that it was the recommendation of his committee that a series of area meetings be held across the state during a two-year period, to which K.H.S.A.A. member school principals and superintendents would be invited, for the purpose of discussing the present and future program of the association. There was a discussion concerning this matter, with certain dates for the 1970-71 meetings being suggested. Richard Vincent moved, seconded by Roy L. Winchester, that the Commissioner be directed to set up sectional and/or regional dinner meetings across the state during the school years 1970-71 and 1971-72. The motion was carried unanimously.

There was a discussion concerning certain needed changes in the Football Playoffs regulations.

The Commissioner recommended that, for the football seasons of 1971 and 1972, 525 be substituted for 485 in I-A-2 and I-A-3; and that I-C be amended accordingly, with enrollments based on the 1969-70 figures. He also recommended that Football Rule III, Section 2 be amended to read as follows: “In Class AAA the winners of District 1 and District 2 will play and the winners of District 3 and District 4 will play on the third week of each season for the state championships. The regional winners will play the following week for the state championships.” Roy L. Winchester moved, seconded by Tom Mills, that the recommendations of the Commissioner be accepted and made a part of the football regulations. The motion was carried unanimously.

The Commissioner asked Assistant Commissioner Mansfield to present the recommended football classes, districts and regions for 1971 and 1972. After Mr. Mansfield had made his presentation and after considerable discussion, Morton Combs moved, seconded by J. C. Cantrell, that the recommendations of the Commissioner and Assistant Commissioner concerning the 1971 and 1972 football seasons and regions be accepted. The motion was carried unanimously.

The Commissioner stated that he had scheduled tentatively the Class AAA Football Finals to be played in Louisville on November 20, and the Classes A and AA Football Finals to be played in Lexington on November 27. Richard Vincent moved, seconded by James T. Dotson, that the schedule of the football playoff games, made by the Commissioner, be approved by the Board. The motion was carried unanimously.

President Davis announced the appointment of the following committees for 1970-71:

Swimming — Chairman Alfred M. Reece, Mrs. Wilbur Bell, E. W. Craik, Don Davis, Miss Sheila Gilresth, Ron Huebner, Miss Dot Kirkpatrick, Edgar McNabb, Jack Thompson

Wrestling — Chairman Orville Williams, Jerry Abney, Will D. Evans, Marshall Patterson, Robert Weenolff, Bro. Joseph Wilhelm

Gymnastics — Chairman Bernard Johnson, Mrs. Susan Burckle, James “Cap” Caudill, Andy Hopkins, George Jefferson, Mrs. Sheila Kuhlman, James Nance, Bob Wason

W. H. Crow dus moved, seconded by James T. Dotson, that the date of December 18, 1970, be set as the date for the next Board meeting. The motion was carried unanimously.

James T. Dotson moved, seconded by W. H. Crow dus, that all bills of the Association for the period beginning July 1, 1970, and ending September 30, 1970, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

National Federation Basketball Test

Part II of the National Federation basketball examination will be given all over Kentucky on Monday, December 7, to officials who wish to work for the Approved and Certified Ratings. The examination sites will be determined by the Commissioner. Officials registered with the K.H.S.A.A. for the first time this year and who have not been registered previously in any other state association, are not eligible to take the test. Those interested should advise the State Office immediately in order that necessary arrangements can be made with the school administrators who will supervise the taking of the exam. Officials living in Kentucky need not suggest the name of the examiner. The Approved rating does not carry forward from year to year, but must be earned each year.

Wrestling Regions

The assignment of school sponsoring wrestling for the 1970-71 school year is as follows:

Fort Campbell Region — Christian County, Fort Campbell, Franklin Simpson, Henderson County, Hopkinsville, North Hardin, Trigg County

West Jefferson Region — Alumness, Trade, Flat Rock, Kentucky School for the Blind, Louisville, Country Day, Pleasure Ridge Park, St. Xavier, Trinity, Valley, Waggener, Western

East Jefferson Region — Ballard, Doss, Durrett, Eastern, Fairfield, Fern Creek, Henry County, J efferson County, Oldham County, Seneca, Westport

Lexington Region — Boone County, Bryan Station, Campbell County, Conner, Danville, Frankfort, Harrison County, Henry Clay, Holmes, Jessamine County, Johns Creek, Kentucky School for the Deaf, Lafayette, Millersburg Military Institute, Morgan County, Newport, Newport Catholic, Tates Creek, Woodford County

Minutes of Meeting

K.H.S.A.A. Wrestling Committee

Lexington, Kentucky, October 24, 1970

The K.H.S.A.A. Wrestling Committee, meeting in the Association office on October 24, 1970, was called to order at 9:30 A.M. by Chairman Orville Williams. The reading of the minutes of the previous meeting was waived since the minutes had appeared in the ATHLETE.

Under the heading of old business, the following points were made: (A) Michigan riding time will be used again this year. (B) Weight certification starts December 1. If a wrestler is not certified in December, he must certify at base weight for his first meet after January 1. After that he may take his weight allowance of 2 lbs. in January, 1 lb. in February, and one additional pound for each day after the first day of tournament participation. (C) The four Regions will remain the same with the exception of new teams. The Region Chairmen are: Fort Campbell — Marshall Patterson, Fort Campbell High School; West Jefferson County — Mr. Albert Ayres, New Albany High School; Newport Catholic — Brother Joseph, Newport Catholic High School, and Jerry Abney,
Campbell County High School; East Jefferson County — Robert Ween Olsen, Westport High School. (D) Wrestle-backs are the option of the Region Chairman, but are required in the State Tournament. (E) The number of teams has remained about the same in number as we had last year, but the caliber of wrestling is much finer. (F) It was agreed that last year's State Tournament was well run for the most part. A big THANKS to Bob Williams, our State Chairman, from the Commissioner. The problem of referees was discussed. (G) A reaffirmation was stated in regard to the standardization of fees paid to officials as agreed upon at last year's State meeting. (H) The method of choosing officials for the State Tournament will remain the same. The three steps are: 1. Coaches make suggestions to Region Chairman; 2. Region Chairman submit these names to the State Chairman who in turn submits them to the K.H.S.A.A.; 3. The Commissioner will make the final selection. (I) A discussion was conducted on the subject of the conduct of coaches at the State Tournament. The Wrestling Committee wishes to encourage the officials to assert the authority of their office under RULE 10, sections 2, 3, and 4. A motion was made to this statement by Jerry Abney, seconded by Brother Joseph, and the motion was unanimously carried.

Under new business new rules changes were reviewed. The new weight classes will be used for 1970. A 1970 Clinic will be held this year to help interpret the rules. The dates of the clinics are as follows: November 7, Fort Campbell, 1:00 P.M.; Louisville at Seneca, November 9, 8:00 P.M.; Campbell County at Campbell County High School, November 14, 10:00 A.M.; Lexington Lafayette, November 14, 3:00 P.M.

The sites of the Regional Tournaments were suggested. The sites are: East Jefferson County at Westport; Fort Campbell at Fort Campbell; West Jefferson County at St. Xavier (tentative); Lexington Region, site tentative. The State Tournament will be held in the new facilities at Seneca High School in Louisville. Seeding for the State Tournament was then drawn by Commissioner Sanford.

The Commissioner announced that forty-four principals had stated that their schools would sponsor wrestling teams this year. The assignment of these schools by regions will appear in a forthcoming issue of "The Kentucky High School Athlete." Qualifications for Region seeding will follow the seeding formula of 8-5-4-4-2. A contestant must have wrestled a minimum of 8 matches, 5 of these between different opponents. Four of the 8 must be wrestled in his region; 4 of the 8 must be with different opponents in his certified weight class, and 2 of these 4 must be with opponents in his region and at his certified weight class. Certification forms must be signed by the referee, visiting coach for that meet, and the coach of the team.

There being no further business, the meeting was adjourned at 11:45 A.M.

Robert O. Ween Olsen, Recording Secretary

The Game Guy Award

The K.H.S.A.A. will continue to give the Game Guy Award. School representatives and registered official personnel are eligible for nominations. Only the eligible person should be a pupil at the junior or senior high school level who has overcome a physical handicap in order to take part in athletics. Letters of recommendation should be addressed to "Game Guy Committee," K.H.S.A.A., P.O. Box 1173, Lexington, Kentucky 40501." Deadline for the 1971 nominations is April 1.

Limitations of Awards

(Continued from Page One)

restrictive standards in awards were developed as a result of abuse and exploitation. One of the first standards adopted by almost every state high school association was limitations on awards. These standards go back to the turn of the century and a good bit of athletic history is always contained in this particular rule. With the adoption of standards, control of this aspect of the program returned to the institution and it eliminated competition between institutions with similar programs. Therefore, the result had a desirable effect on the sport and it helped reestablish athletic activities in its proper place in the curriculum.

THOSE RESPONSIBLE FOR DIRECTING THE INTERSCHOLASTIC PROGRAMS must make certain that the student body, the media, and the public, completely understand the awards program and its underlying philosophy. Publicizing the limitations on the awards, and the reason why these limitations are in effect, is an effective means by which athletic programs of any school can be kept in its proper place in relation to the other educational phases of the curriculum. This information helps to keep athletics on an even keel no matter whether a school team wins or loses its games. It greatly reduces the possibility of wresting sports control from the school.

Values of Authority

By Dr. Rhea H. Williams

There are many values which accrue through properly directed interschool athletics. One of the most important of these is the opportunity to learn respect for constituted authority.

There are many trends in our present-day society which indicate that there is a definite lack of respect for constituted authority on the part of the public and students. This is exemplified daily in the many instances of disrespect and outright antagonism toward our peace officers, game officials in athletics and others who have been designated to enforce certain rules which have been agreed upon in advance.

Respect for Law In recent weeks throughout the state of Texas there have been many newspaper reports dealing with attacks on peace officers by laymen who undoubtedly are guilty of such items as speeding, drinking and other law violations but who resent and do not respect constituted authority.

Decisions Made The game officials are invited by a school to work their game. Both schools have agreed that the game will be played under a certain set of rules, and yet when any decision is made with which they do not agree they immediately begin to rebel. In most cases the complaints are verbal, but unfortunately in a few cases there are physical attacks on officials by laymen or school personnel which cause penalties to schools and cause embarrassment to all parties involved.

Constituted Authority If coaches, administrators and fans are to fulfill one of the major objectives of athletics which is to teach respect for constituted authority, then they must be good role models and educate the athletes under their control in this direction. There are ample experiences available in the athletic program for this.

Perhaps one of the most important of these is the ability of an individual player to learn to respect the constituted authority which resides in the coach as a teacher.

Rights of Others There is a feeling among many of our people that democracy means that each person or group has a right to their own beliefs and actions, regardless of the rights of others. Nothing could be farther from the truth, as this would be anarchy. In democracy the rights of other people must be respected, and a democracy is government by law and elected representatives of the majority. Athletics offer one of the greatest opportunities to develop in youth a respect for law and a respect for constituted authority.

It is up to our coaches, teachers and interested laymen to see that this spirit is inculcated in the youth of our state, and only by setting the proper example of respect for authority can we expect our high school athletes to receive this most valuable attribute from our interschool athletic program.

Good or Bad Athletics are very similar to atomic power in that they can be used for either good or bad, depending on the leadership provided by the coach, the school and the community. Athletes can, therefore, create in the boy the proper respect, the proper regard and the proper prestige for constituted authority; or it can create in the boy disrespect and a complete lack of respect for constituted authority.

Because of the emotions which are so closely integrated with athletics, there is always the possibility for this lack of respect to flare out sporadically unless careful and continual guidance is provided for our youth.

Only by the proper direction and supervision can we justify our athletic program. It is up to everyone interested in athletics to see that the proper respect for constituted authority is provided in all areas of our life.

— Interscholastic Leaguers
SINCE WE PROVIDE COVERAGE FOR ABOUT 50% OF THE SCHOOLS IN THE STATE, WE DO HAVE A COMMERCIAL INTEREST IN THE ACADEMIC AND ATHLETIC PROGRAMS OF ALL OUR SCHOOLS.

BUT OUR REAL INTEREST IS MUCH DEEPER. WE ARE VITALLY CONCERNED THAT GOOD CITIZENSHIP, A SPIRIT OF FAIR PLAY, AND A REAL SENSE OF PERSONAL RESPONSIBILITY BE INSTILLED IN THE YOUTH OF OUR DAY.

WE BELIEVE THESE ARE THE QUALITIES THAT HAVE MADE AMERICA GREAT, AND ARE THANKFUL FOR OUR SCHOOLS AS THEY WORK TO CONTINUE THAT GREATNESS.
