Modern Ides of March

The gym lights gleam like a beacon beam
And a million motors hum
In a good will flight on a Friday night;
For basketball beckons, "Come!"

A sharp-shooting mite is king tonight.
The Madness of March is running,
The winged feet fly, the ball sails high
And field goal hunters are gunning.

The colors clash as silk suits flash
And race on a shimmering floor.
Repressions die, and partisans vie
In a goal acclaiming roar.

On Championship Trail toward a holy grail,
All fans are birds of a feather.
It's fiesta night and cares lie light
When the air is full of leather.

Since time began, the instincts of man
Prove cave and current men kin.
On tournament night the sage and the wight
Are relatives under the skin.

It's festival time,—sans reason or rhyme
But with nationwide appeal.
In a world of hate, our ship of state
Rides high on an even keel.

With war nerves tense, the final defense
Is the courage, strength and will
In a million lives where freedom thrives
And liberty lingers still.

Let commies clash and empires crash
'Neath the wreck of a victory arch!
Let our boys tread where hate is dead,—
In this happy Madness of March!

The "Frantic Fan"

Dear Frantic:

If someone were to ask you what represents the greatest peril to the survival of high school sports, you might say specialization, overemphasis, officials, coaches, administrators. But you would be wrong.

For the greatest peril to the continuation of interscholastic athletics is none of those reasons. It is you, my friend, you, the frantic fan.

Specialization and overemphasis can, and is, being curbed, officials trained, coaches and administrators guided, but you, Mr. Fan, you answer to no one; no one, that is, until a program has been ruined, students penalized, young images shattered, all because you didn't control yourself.

Perhaps it's not all your fault, perhaps you have never been exposed to proper spectator decorum. At any rate, a few definite guidelines may serve to protect the program and at the same time enable you to better enjoy whatever contest you are viewing.

High school athletics were not developed as a sounding board for your immaturity, not developed as a vehicle on which you may "let off steam," rid yourself of "frustrations," etc. This is fine in professional sports, as you are paying a premium price to vent your emotions on athletes that are paid a premium salary to put up with your antics.

However, your token payment to an interscholastic contest, often less than a dollar, entitles you to one thing—the privilege of watching the more talented students of two schools exhibit what they have learned in the athletic classroom.

For the athletic field, court or diamond is merely an extension of the classroom, and if it were any different there would be little reason for interscholastic athletics to survive.

You would not think of entering a math, history or English classroom, dunk on the hip, and berate, often curse and physically abuse the math, history or English teacher. Yet, all too frequently you think nothing of harassing players and coaches in their classroom, the athletic classroom.

High school administrators have always given you the benefit of the doubt, Mr. Fan, sometimes because you were a player's parent, or an influential citizen. However, you should be on notice that administrators can no longer tolerate your childish, immature behavior, whether you are a recent graduate, a parent or a resident of the community in which the school is located.

If, indeed, you are sincerely interested in the continuation of interscholastic athletics, then keep a few basic points in mind.

1. There is no such thing as a "right" to participate in interscholastic athletics. Math, history, English, physical education and certain other subjects are mandated by the proper authorities, and each student has a "right" to be properly exposed to them.

Not so with interscholastic athletics—they are a "privilege"—and the player or spectator who takes advantage of this "privilege" is expected to conduct himself or herself in a way so that the "privilege" is not rescinded.

2. Your team does not belong to the community. It belongs to the school, and that school has voluntarily agreed to abide by a certain set of rules, so that all athletes may compete under the same standards. If these rules offend any special interest groups or individuals to the point where they cannot conduct themselves in a rational manner, then, by all means, these persons should direct all their energies toward some other level of athletics, but not the high school level.

3. Accept the fact that all high school athletes makes mistakes. They are not perfect, and never will be. There is compensation though, for these same mistakes make high school athletics exciting and unpredictable.

4. Remember that your coach is also a teacher. He is a teacher first, and coach second, and any time you join the misguided souls in trying to reverse this order, your program is in the first stages of collapse. Remember, no coach, player or administrator wants to see a program fail. In most cases, failure can be attributed to the unrelenting, merciless pressure of you, the fan, who played little or no part in the building of the program. Small wonder that the high school coaching field has the highest turnover of any coaching level.

5. Make an attempt to learn the rules of the game and then leave the officials alone. Unending time and effort is spent in the training of these officials so that a contest many proceed smoothly. Historically, the spectator who constantly criticizes game officials is ignorant of the rules under which the game is played.

6. Finally, keep in mind that you are a guest of the school, and that while winning certainly an admirable goal, victory is hollow if it comes at the expense of morals, ethics and just plain common sense.

A beloved president once said that the world would soon forget his words, but remember the actions of his soldiers.

As the years pass, the score of a contest becomes relatively unimportant, sometimes forgotten. However, your conduct will remain ingrained forever in the minds of those who were most affected.

Will they be proud or ashamed? The choice is yours!

New K.H.S.A.A. Building

On February 2 the staff of the K.H.S.A.A. moved to the new Association building located at 560 East Cooper Drive, Lexington. Administrators and coaches of member schools are invited to visit the new facilities at the first opportunity. The need for a larger building and more parking space has been evident for a long period of time, and this problem now appears to be solved. The new building is one of which all member school representatives may be proud.

ANNUAL MEETING SPEAKER

Lyman V. Ginger

Speaker at the dinner meeting of the Kentucky
High School Athletic Association, scheduled to be
held in the Ballroom of the Seelbach Hotel, Louis-
ville, on Thursday evening, April 13, 1972, will be
Dr. Lyman V. Ginger, State Superintendent of
Public Instruction.

Lyman Ginger is one of the outstanding educa-
tors in the nation. He was President of the Ken-
tucky Education Association for two terms. He
worked with both professional and general civic
leaders of the State in the intensive drive which
led to the Constitutional Amendment making pos-
sible the Minimum Foundation Program Law, and
in developing that Law and supporting its enact-
ment. He has demonstrated his leadership by
service as:
President, National Education Association and
N.E.A. Treasurer for three terms;
Representative to international conferences on
education;
Representative of the United States at the Third
Asian Leadership Training Seminar, Singapore,
1967;
Secretary to the U. S. Delegation to the World
Confederation of Organizations of the Teaching
Profession, Dublin, Ireland, 1968;
Member of a UNESCO Education Committee for
four years;
Lecturer and speaker in presenting more than
500 addresses to educational groups in almost all
of the fifty states, and in five foreign countries
since 1952.
Dr. Ginger has been a Science teacher and ath-
etic coach, the Principal of a consolidated school,
the Principal of University High School, Director of
student teaching at the University of Kentucky, U. K. Dean of the College of Adult and Extension Education, and U. K. Dean of the College of Educa-

Discharging his responsibilities as a citizen in his home community and state, Dr. Ginger has been a State Chairman for the March of Dimes, a Director of the Lexington Y.M.C.A., Sunday School Superintendent for the Maxwell Street Presbyterian Church, President of the United Community Fund of Lexington, a member of the U. K. Athletics Board, a member of the Lexington Junior Achievement Board of Directors, and Presi-
dent of the Lexington Kiwanis Club. He is a Mason and a Shriner. For seven years he was a member of the K.I.S.A.A. Board of Control, be-
ing President of the Board for six years.

KAPoS NEWS

ATTENTION!

Principals and Cheerleader Sponsors!

Is your school a paid-up member of KAPoS? If you are, your school is the winner of your region, your cheerleader squad will be eligible to compete for the top award: Outstanding Cheerleader Squad in the State Tournament.

Included in the packet that will be given to each winner in the regional tournament finals will be a letter pertaining to cheerleaders. The letter will contain the information concerning the basis of selecting outstanding cheerleader squads, and will request that the principal send written confirmation that the cheerleaders of his school are being chaperoned by a well-qualified, school-approved adult.

The name of the sponsor should be included in this confirmation letter. The letter must be in the hands of the officially appointed KAPoS Board Members at the time that your cheerleaders take the floor for their first cheer. The KAPoS desk will be located in Freedom Hall on the main floor. There will always be some one there to take your letter and to counsel with you.

Registration For Cheerleaders

Please stop by the KAPoS desk in Freedom Hall to:

1. Register your squad.
2. Pick up your envelope which contains the KAPoS handbook and other tournament information.

Along with a KAPoS board member there will be high school cheerleaders on hand to assist you. They can be identified by their hostesses' arm bands. Feel free to ask them for help, and in turn they may seek you or your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your squad and section number. A possible radio interview is often missed because the guides can not locate the desired person in time for the interview.

Hospitality Room

May we remind all sponsors and cheerleaders that KAPoS has a Hospitality Room located in Freedom Hall. Besides the opportunity to socialize with friends, exchange ideas, and perhaps get help with your problems, you can have free refreshments. Be sure to register when you go to the Hospitality Room.

State-at-Large and State Tournament Champions

Beginning with the District Tournaments, all schools that are paid-up members of KAPoS are eligible to compete for the honor of representing that District in their Region. The winner from each Region is eligible to compete for the title of Champion-of-the-State-at-Large.

Judging for the State-at-Large winners will take place at 8:30 A.M. on Friday in the Atherton High School gymnasium. The school is centrally located at 3000 Dundee Road Louisville. We are most grateful to the administrators for their generosity in opening the doors of their school to us for this competitive event. We trust that they will have no cause to fault our behavior. All cheerleaders and guests will be expected to be mindful that they are guests in the "home" of Atherton School. Dressing rooms and corridors should be left in impeccable condition.

It is possible for the winner of the State Tournament to be also the winner of the State-at-Large. The judging instrument to be used for the State-at-Large competition will be identical to the one used in the region. The instrument to be used for the State Tournament will be enclosed in the packet given out by the K.H.S.A.A. officials to the respective winners of the sixteen regions.

Governor Ford Declares Sportsmanship Week

While every week should be Good Sportsmanship Week, KAPoS has always tried to put special emphasis on being a good sport at State Tournament time.

Being a good sport is part of being a good citizen. KAPoS doesn't believe that good citizens need to be reminded how to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games, and that each individual can contribute to the success of the tournament if he will abide by the KAPoS Sportsmanship Creed proclaimed by Governor Ford.

Sportsmanship

There is more talk, more favorable publicity, and more recognition being given to the cheerleaders now than ever before. This is good and as it should be, as their job is not an easy one. Their practice hours are long and strenuous. However, they should keep in mind that the fans come primarily to see the team perform. They are the "Big Show." The cheerleaders are only the "Barkers."

As with everything, there is a time and place for cheering. It is up to the cheerleader to develop a sensitivity as to when that time arrives. Many sponsors feel that unless cheerleaders learn to adhere to the rules of propriety and respect for the rights of others, they are in danger of losing the interest and cooperation of both coaches and fans.

The following is offered in the hope that, in learning to spell "COURTESY," cheerleaders will learn also to exhibit it.

C — is for COURTESY, which for the host school should imply a welcome cheer, one that says "Hello, Welcome." Be alert, don't delay the game.

O — is for ONE, meaning one group on the floor at a time; you had your turn, now it is mine.

U — is for UNITY, all cheerleaders doing the same; be ready, alert, don't delay the game.

T — is for TIME-OUT, the referee has the ball; give a yell, be quick, don't stalk.

E — is to ERR on the choice of your yell; if

By N. F. Secretary Clifford B. Feaen

A MAJOR PROBLEM IN ATHLETIC ADMINISTRATION in recent years was that of crowd control at athletic contests. Four or five years ago it was not unusual for a fight to break out between a group of spectators near the end or following a game. In some situations, these fracases became riots. Seldom were assaults on individuals. Sometimes assaults occurred in the parking lot, or on occasion away from the site of the game.

TO THE CREDIT OF THOSE WHO ARE CHARGED WITH THE RESPONSIBILITY of maintaining decorum and order at these events, there has been great improvement in spectator crowd behavior during the past couple years. The answer as to why there has been such a vast improvement is obvious. It is due to the fact that those who are answerable for the administration of the interscholastic athletic programs were determined to eliminate the problem. They studied the causes of the brawls, then established preventative programs, and the policies and procedures to be followed, and finally those in positions of responsibility saw to it the corrective measures were actually carried out.

THE PROBLEM OF CONTROLLING CROWDS had factors which made it an extremely difficult task for school officials to resolve. Most of the time a considerable number of people involved in the brawls were not students and they were in no way directly responsible to the school officials. The altercation frequently took place after the athletic events were over, and many times away from the site of the game itself.

NOW A NEW AND PERHAPS EVEN MORE SERIOUS PROBLEM IS EMERGING. The basketball season has been marred by fighting between the personnel of competing teams. If our athletic programs are worthy of continuance, it is absolutely
ly necessary the head school officers accept the responsibility of taking immediate action to prevent any such unseemly situations from occurring. Fighting by players on the basketball courts must be stopped.

IT MUST BE ACKNOWLEDGED the problem presently confronting us is much easier to handle than was the matter of crowd control. Everyone involved is under the direct control of the school. Many persons who are accountable in this area will attempt to aidi their failures to handle these situations by saying it is easier to contend that the players can be controlled, than it is to control them. This attitude is unjustifiable. Those who hold this point of view lack a confidence and positiveness needed to do the job. Anyone who is overwhelmed by this responsibility is in the wrong position and should be replaced by someone who will recognize what needs to be done, and who has the ability and courage to do it.

WHAT ARE THE STEPS to be taken to eliminate fights on the floor? What are the procedures to be followed?

1. The head of the school and the director of athletics must impress upon the coach that fighting by players will not be tolerated under any condition. Coaches must support the premise that an athletic contest is an educational experience and as such, fighting is not part of it.

2. Coaches must accept that one of their principal obligations is to control the members of their squads. If a coach is unable to discharge this responsibility, he needs to be replaced.

3. Coaches must make certain players representing their schools do not intimidate nor attempt to intimidate opponents or officials. Some coaches consider intimidation as an aspect of “psyching up” for a contest. This attitude is intolerable. Intimidation is the first step toward a situation which eventually becomes uncontrolable.

4. Athletic directors must make certain they engage and then aggressively support only those officials who administer the game according to the letter and spirit of the rules. In virtually every situation which gets out of control, the officials contribute to it by not administering the rules properly, that is, by failing to call violations and fouls consistently and promptly. Unsportsmanlike acts of any kind must not be endured. Whenever a fight breaks out between players, there has been some earlier indication that things were getting out of control. Fortunately these situations are all progressive in nature and, therefore, can be halted at the outset. Officials who allow them to “call a game so close” as to take it away from the players, or spoil it for the spectators, are not the kind of officials we need in our program. Using the poor judgment of attempting to sift the fouls to be penalized contributes to a game going out of control.

5. Those who are responsible for hiring athletic coaches must engage only coaches who have the proper athletic philosophy for interscholastic competition and they must know what the philosophy of the coach is before they hire him. Then they must see to it the philosophy is followed implicitly. Those who are responsible for the hiring must
become familiar with the coach's record as a leader, and learn whether his teams have a record of being involved in brawls, and whether the conduct of his teams will contribute to a desirable inter-school relationship with those opponents on the athletic schedule.

IN ORDER FOR AN INTERSCHOLASTIC PROGRAM TO BE WORTHY OF SUPPORT, it is absolutely necessary that player brawls on the basketball court be eliminated, and pragmatically, if our program is to remain as the best, we must do away with these deplorable situations. The program will continue to grow and, in fact, become more accurate, in those institutions which are headed by administrators who will not accept their responsibility in this area. An athletic director must take the lead and see to it coaches conduct themselves in a manner which is a credit to the school; and teach self-control by example, to both his players and the student body. Fortunately, the problem now confronting us can be resolved by the school officers. When a fight breaks out on the basketball court between players, it is relatively simple to determine where the breakdown occurred. In fact, most often the weak link is self-evident. Someone is not doing his job. WHAT IS NEEDED IS A CONVICTION that brawling can not be a part of the inter-school program; an awareness of the tendency when it exists; and the courage to do something about it immediately when it is in evidence.

**College Recruiting Regulations**

Coach Jimmy Feix of Western Kentucky University has sent the KHSAA office information concerning NCAA recruiting regulations. Mr. Feix says: "Listed below are some of the more pertinent changes in college recruiting. I appreciate the Association carrying this information in the Athlete. This will inform our coaches as to why we are not doing some of the things permissible in the past and might prevent the ineligibility of one of our fine high school prospects." The regulations listed by Coach Feix are as follows:

1. No college coach may conduct or participate in any coaching school involving students who have finished all classes in the spring after their junior year in high school. Previously the restriction did not affect the coach involved in a school having students who had completed their junior years, but had not registered for classes as seniors. Now the summer period between the student's junior and senior years is included.

2. A prospective student athlete may make only one (1) paid visit to your campus. Formerly it was two (2). A "paid visit" is so classified if any transportation expenses are paid and/or if the prospect receives any meals and/or during the campus visit.

3. When prospects visit campuses at their own expense, they may be given three (3) complimentary tickets to a campus athletic event. Formerly the limit was two (2). This is the only "complimentary" thing the prospects may receive during a campus visit and the visit still qualify as a non-paid visit.

4. No paid visit may be made by a prospect before the start of his senior year in high school. This does not preclude the high school student making non-paid visit prior to that time. The start of his senior year is interpreted as the actual time of the beginning of classes his senior year.

5. All entertainment for a prospect and his parents, or guardian, must be on campus. It is not permissible to entertain other relatives or friends at any site. Entertainment includes meals and lodging. A college can neither feed or lodge the student and/or his parents or guardian off campus. If facilities are not available for eating or lodging, the college may then provide this entertainment off campus, i.e. cafeteria closed during weekend or no guest housing for parents. The parents must pay for meals and/or lodging of any other relatives or friends.

6. No institution or its representatives may transport or pay for the transportation for relatives or friends of the prospect to visit the campus or elsewhere. However, these relatives or friends may ride in the same automobile with the prospect on his paid visit.

7. On visits to prospects away from the campus, no institutional staff member or institutional representative may spend any funds other than those necessary for his own personal expense. Institutional representatives include alumni or friends attempting to influence the prospect toward a specific institution. The practice of entertaining in the prospect's home community is eliminated by this rule.

**Gymnastics Committee Meeting**

The State Gymnastics Committee met on January 11, 1972, at 7:30 in the Rose Street High School Athletic Association building. Members attending were: Sheila Kuhlman, Andy Hopkins, Skeeter Johnson, Cap Caudill, Jim Nance, George Jefferson and Susan Burckle. Visitors were Carol Liedtke, and Paul Woodall. Assistant Commissioner J. B. Mansfield was also in attendance.

The regional meets will be held on February 18 and 19 with the compulsories beginning at 2:00 P.M. on the 18th and the options beginning at 10:00 A.M. on the 19th. Carole Liedtke and George Jefferson will serve as meet directors for the Louisville Regionals which will be held at Moore High School. Meet directors for the Lexington Regionals, to be held at Bryant Station High School, are Susie Ticknor and Paul Woodall. Tickets will be provided by the KHSAA and the admission charge will be $5.00 for children and $10.00 for adults. There will be 4 head judges and 4 acting judges for the girls' division, and 3 head judges and 3 acting judges for the boys' division. Head judges will be paid $15.00 and acting judges $10.00 per session. A meet referee will be appointed at a fee of $10.00 per session.

The state meet will be held at Moore High School in Louisville on February 26 with Carol Liedtke and George Jefferson as directors. Compulsories will begin at 10:00 A.M. and end at 7:00 P.M. Admission fees and officials' fees will be the same as for the regionals. There will be 2 head and 6 acting judges for the girls' and boys' divisions. The ticket seller will be paid $15.00 and the ticket taker $10.00.

Necessary changes in the regional entry form were made. A letter concerning the state meet will be given to the qualifiers at each regional, and each regional manager is responsible for sending the list of qualifiers directly to the state manager.

There being no further business, the meeting was adjourned.

Respectfully,

Susan Burckle
SINCE WE PROVIDE COVERAGE FOR ABOUT 50% OF THE SCHOOLS IN THE STATE, WE DO HAVE A COMMERCIAL INTEREST IN THE ACADEMIC AND ATHLETIC PROGRAMS OF ALL OUR SCHOOLS.

BUT OUR REAL INTEREST IS MUCH DEEPER. WE ARE VITALLY CONCERNED THAT GOOD CITIZENSHP, A SPIRIT OF FAIR PLAY, AND A REAL SENSE OF PERSONAL RESPONSIBILITY BE INSTILLED IN THE YOUTH OF OUR DAY.

WE BELIEVE THESE ARE THE QUALITIES THAT HAVE MADE AMERICA GREAT, AND ARE THANKFUL FOR OUR SCHOOLS AS THEY WORK TO CONTINUE THAT GREATNESS.
