Thanks Coach

Your Example Helps My Boy

Editor's Note: The following article was printed in the December issue, 1969, of the Texas Interscholastic Leaguer.

Dear Coach:

The football season is over and my son Bill has hung up his gridiron "togs" and will soon report for basketball practice. Our school didn't win the district championship, but we won our share of the games played and above all our team won the respect of our opponents and our community by their fine sportsmanship and hard play. It was a very successful year for all, and especially for my son.

As a parent, Coach, I am eternally thankful that you and I had the opportunity to play under your supervision and leadership. Each day during the football season my boy learned through example those fine moral and ethical character traits which we all want our boys to know and to follow. I recall the night Bill told me how he nearly lost his temper in a scrimmage, but thought just in time that "Coach" never loses his temper, and neither will I. Thanks, Coach, for setting an example in proper conduct on and off the playing field. Bill tells me that Coach can be firm without being loud, mean and boisterous, that Coach knows when to sympathize, when to pat you on the shoulder, and how to correct you. These are leadership traits I want my son to acquire and he can best learn these on the field of competition under proper leadership.

Obedience to Authority

For three months, Coach, my boy has really been under your complete control. He has adjusted his life to your suggested plan. Meals, hours of sleep, social activity, etc., have all been adjusted to your schedule and through these he has learned voluntary obedience to constituted authority. How much this obedience to rules and authority is needed in today's society! I believe Bill has learned this lesson, Coach, Bill imitates your every action, you are his idol. How proud I am that your personal life and conduct are on such a high level! My boy dresses better, speaks better English, and behaves better because Coach sets the example. I wonder if all coaches realize how important a place they have in the school and community, and how many boys are imitating them?

Scholarship

Especially, Coach, I want to thank you for insisting that athletes study diligently, and stressing constantly the fact that scholastic work is so important. Bill told me that you had impressed on all of the team that football players are superior intellectually to the average student and that they should make good grades because they have the ability to do so. This teaches the boys not to try and "ride by" because they are athletes. I had told Bill several times that Dr. Terman in his studies on gifted children had found that children with superior physical qualities have superior mental abilities. Hearing this same principle from his coach, however, made an impression which is lasting.

Your emphasis on teamwork, cooperation, fair play, sportsmanship, honesty, integrity, obedience to authority, control of emotions, proper health habits, and proper conduct has earned for you a place of honor in the hearts of all the parents, the students, the faculty, and the community.

The impact of your leadership is just as obvious in the community as in the school. Your active participation in civic, church and youth organizations proves that you are really concerned about all youth, and that you want to make our town a better place for everyone to live in.

In conclusion, Coach, thanks again for all you have done for Bill and the youth of this community. We appreciate you and want you to know that this is a better community because you chose the profession of coaching and the leadership of youth.

Your friend

Bill's Dad.

The Sport of Table Tennis

The sport of table tennis, on a high competitive level, requires quick reflexes, good eye-hand coordination, fast footwork and top physical condition.

Many people have played a basement game called Ping Pong, which is really the trade mark name for a brand of equipment. I am often asked what the difference is between this game and table tennis. My answer is that table tennis is played under strict rules and requires 10 to 15 feet behind each end of the table, six feet on each side and at least a twelve foot ceiling. In top competition, the ball, weighing a fraction of an ounce, may attain a speed of 30 to 60 miles an hour. It is for this reason that a well lit gymnasium is the best place for table tennis competition.

The requirements of age, weight, and size are such that almost anyone can play this sport. To reach a high degree of skill, one must learn the basic rules, practice constantly and maintain good physical condition.

A very important aspect of table tennis is the fact that all the skills learned in this sport are useful in other sports. For example, Brooklyn Robinson, star player for the Baltimore Orioles, stated that table tennis had helped him develop the quick reflexes required in baseball.

The Lexington Table Tennis Club is holding the Kentucky closed championships on Saturday, November 17, at Ashland Elementary School in Lexington. Several events for school age boys and girls are included.

For information on the tournament or on how to start a school table tennis group, contact Ted Friedman, 307 Lakeshore Drive, Lexington, Kentucky 40502 or Metro Recreation Department, 302 West Main Street, Lexington, Kentucky 40507.

National Federation Basketball Test

Part II of the National Federation basketball examination will be given all over Kentucky on Monday, December 3, to officials who wish to work for the Approved and Certified ratings. The examination sites will be determined by the Commissioner. Officials registered with the K.I.S.A.A. for the first time this year and who have not been registered previously in any other state association, are not eligible to take the test. Those interested should advise the State Office immediately in order that necessary arrangements be made for their taking of the exam. Officials living in Kentucky need not suggest the name of the examiner. The Approved rating does not carry forward from year to year, but must be earned each year.

Attention, Basketball Head Coach and Officials

The National Basketball Committee is suspending enforcement of the provision which prohibits tails under names on shirts for the 1973-74 season. Thus, Case Book situation No. 10 (page 7) is not to be applied for the present season.

Member institutions should be notified immediately that the provision prohibiting “tails” under names will become effective at a future date to be announced by the Committee. Confirmation of the future date will also be included in future basketball rules publications. Institutions ordering basketball shirts for future use should make certain there is no “tail or tails” above or below the name of the team or the name of an individual.

Basketball Rule Interpretation

1. PLAY: During (a) field goal try; (b) free throw; (c) throw-in the ball lodges in a basket support or between the basket rim and the backboard.

RULING: As provided by the rule, the ball becomes dead as soon as it becomes stationary in either (a) and (b). In (c) the ball was dead during the throw-in and therefore, it remains dead. Immediately after the official has judged the ball to be lodged, he shall sound his whistle indicating it is dead or is to remain dead. Play will be resumed by jumping the ball between any two players at the near free-throw circle unless in (b) the free throw was the first of two or more attempts. In (c) the ball is awarded out-of-bounds at the previous throw-in spot for a throw-in.

COMMENT: Lodged means the ball has become “caught” or stationary. That it is not moving. Thus, as provided by the rule it becomes dead or remains dead. To administer the coverage in accordance with the ruling provided above will eliminate the possibilities of players jumping over the ball or having the ball become alive by touching it while it is lodged, or from complications which could arise from touching the ball while it is lodged and touching the cylinder above the basket.

2. PLAY: The official has designated A1 to make a throw-in. (a) A1 makes the throw-in while A2 was standing out-of-bounds at the throw-in spot or (b) after the ball has been at the disposal of A1, A2 takes the ball and makes the throw-in.

RULING: Violation in both (a) and (b).

Congratulations, Ladies!

(This bulletin was received from the National Federation of State High School Associations. All Kentucky is proud of these athletes. The K.H.S.A.A. commends each one for this achievement.)

Six performances by Kentucky high school girls have been recognized by the National Federation of State High School Associations in the 1974 Girls National Interscholastic Track and Field Honor Roll.

Performances by Fort Knox and Louisville Ballard relay teams, which placed first and second respectively in the 880 yard medley relay of the Kentucky State Track and Field Meet last year, are good enough to rank first and second nationally in the event. Fort Knox edged Ballard by a tenth of a second in posting a winning time of 1:51.6.

Karen Abrams of Louisville Assumption jumped 5'6" to win the high jump title last May. That is good enough for a 4th place tie on the girls national honor roll.

Charlotte Holmes of Fort Knox has gained a tie for 5th place in the national 440 yard dash rankings with the 57.8 she achieved in the same meet.

Shelley Merette of Male High School in Louisville won the state girls long jump title at 18'3¼", which has earned her a 10th place national ranking.

Louisville Eastern has tied for 12th in the national 440 yard relay listing with a time of 48.9 achieved at the Kentucky State Meet.

The complete Girls National Interscholastic Track and Field Honor Roll is included in the 1974 Girls’ Track and Field Rules and Records published by the National Federation. It lists only performances which were achieved in sanctioned high school meets.

Minutes of State Wrestling Committee

The State Wrestling Committee met on October 20, 1973, at 10:00 A.M. in the K.H.S.A.A. Building at Lexington. Present at the meeting were Chairman Orville Williams, Assistant Commissioner Louis Stout and managers, or their representative, of seven from among the eight regional wrestling tournament managers.

Assistant Commissioner Louis Stout opened the meeting with remarks regarding the strong interest shown by several additional schools in starting a wrestling program. A number of schools have been unable to start programs as mats were not available. The resulting increase in the number of schools may require that districts be formed for the 1975 tournament series.

The following items were discussed by the Committee:

1. Tentative plans for a Committee meeting in the spring to set up alignment for proposed districts in 1975. (This plan must be adopted by the Board of Control).

2. That all schools be reminded that under National Federation Rules the use of Certified Scales is mandatory for 1974. (This was in effect for 1973).

3. That all wrestling coaches be reminded that the limit for the heavyweight class is 250 pounds.

4. A suggestion that all contracts between schools indicate a monetary forfeit if there is not a certified scale and the school is thereby unable to wrestle.

5. That attention be called to the fact that riding time has been eliminated at the national rules level as of this season.

6. That all head coaches and officials be required to attend at least one clinic each season. (The Delegate Assembly must act to place this in the By-Laws)

7. That if any qualifier can not participate in the State Tournament, the manager must be notified no later than noon of the day preceding the start of the meet. The manager will replace him with the next wrestler in line according to his place in that region. (This will be in effect for the 1974 State Tournament).

8. That mat judges be used throughout the State Tournament. The officials then would include the four referees and eight mat judges to be chosen by the K.H.S.A.A. from a list supplied by the Regional Tournament managers who have received nominations from the coaches in their respective region. Two men will be chosen by the regional manager from his list to submit to the K.H.S.A.A. The twelve will be chosen from this list. Only registered, approved and certified offic-

student at Woodford County High School and is ineligible to participate in athletics under By-Law 6, Section 1, Transfer Rule. Following Mr. Carr's comments President Simpson thanked him for coming in and assured him the Board would give full consideration to his request. Following a lengthy discussion the Board declined to take action necessary to restore Jimmy's eligibility.

Following a lengthy discussion in which there were many questions and answers, President Simpson thanked them for coming before the Board. Both Rev. Durrr and Mr. Dumeyer thanked the Board for their time and departed.

The Board instructed Mr. Mansfield to inform Reverend Durrr that tuition grants would be considered a violation of By-Law 10, that in the future they were not to give such to any student whose athletic potential was considered. As tuition reduction was given to freshmen only beginning this year no penalty was placed against Trinity High School.

Tom Mills reported that the K.H.S.A.A. has seventy-three schools registered in Class A Cross Country divided into eight regions. There are fifty-nine Class AA schools divided into eight regions and thirty schools registered in Class AAA, divided into four regions. Regional meets will be held on October 19 and 20. The State Meets for all Classes will be held at Collings Park in Louisville on October 27.

The Board voted unanimously upon a motion by Howard Crittenden and a second by Louie Martin, to eliminate the sponsoring of the annual K.H.S.A.A. Dinner Meeting held in Louisville following the annual meeting of the Delegate Assembly. The reason for the action being the lack of interest and decreased attendance in the meeting. Mr. Mansfield was instructed to look into the possibility of the Board of Control meeting with coaches, principals and superintendents at their annual meeting.

The Board of Control set the next meeting date for December 21, 1973, at 12:00 at the K.H.S.A.A. Building in Lexington.

SINCE WE PROVIDE COVERAGE FOR ABOUT 50% OF THE SCHOOLS IN THE STATE, WE DO HAVE A COMMERCIAL INTEREST IN THE ACADEMIC AND ATHLETIC PROGRAMS OF ALL OUR SCHOOLS.

BUT OUR REAL INTEREST IS MUCH DEEPER. WE ARE VITALLY CONCERNED THAT GOOD CITIZENSHIP, A SPIRIT OF FAIR PLAY, AND A REAL SENSE OF PERSONAL RESPONSIBILITY BE INSTILLED IN THE YOUTH OF OUR DAY.

WE BELIEVE THESE ARE THE QUALITIES THAT HAVE MADE AMERICA GREAT, AND ARE THANKFUL FOR OUR SCHOOLS AS THEY WORK TO CONTINUE THAT GREATNESS.
