Football

BALL HANDLING IN FOOTBALL, j-s-c-a, 1 reel, $2.00

Fundamentals of ball handling are stressed: stance, grip, "feel" of the ball, fingertip control adjustment before throwing or kicking, receiving passes from center or from a back, catching passes and punts, ways of carrying ball, and changing from one hand to another. Game shots are presented, using slow motion and stop action techniques, and superimposed animation to illustrate principles.

BLOCKING IN FOOTBALL, j-s-c, 1 reel, $2.00

Fundamentals of good blocking are taught in this film; position, speed, drive, follow-through, timing, and body control. Describes shoulder and body blocks, demonstrating several varieties of these. Importance of good physical condition, practice, and experience are emphasized. Special photography used to illustrate different points.

FOOTBALL BY THE RULES, c-j-s-c-a, 3 reels (30 min.), color, $1.00.

The film will give to the viewer a better understanding and a keener appreciation of football. Modern photography presents many play situations that portray the guidelines used by officials in making judgment decisions so necessary in this sport.

New Film — Basketball Today

BASKETBALL TODAY opens with a comical reenactment of the original version of the game and shows how refinement of the rules led to the exciting game we see today. Modern photographic techniques enhance the teaching of this film, illustrating and defining person contact, screening principles, goal tending and basketball interference, the various types of fouls, time limitations and some special emphasis on proper officiating mechanics.

Two prints of the film have been secured by the K.H.S.A.A. Member schools may secure the film by writing the Film Library, College of Education, University of Kentucky. At least two dates on which you can use the film should be given due to the heavy demand for the film at the start of the season.

Football Questions
(Continued from Page One)

Ruling: The described equipment does not meet rule specifications and therefore is illegal. These important intersection are to be marked with 18-inch square flags mounted on a flexible staff or 4-inch square pylons which are 15 to 24 inches in height. Beginning with the 1975 season, the pylons will be limited to 18 inches in height, but must be square. In any case, the pylons must be made of a soft, flexible material which will not cause injury.

2. Play: During a scrimmage-kick, R1 makes a valid fair catch signal The ball strikes K1 while in flight and: (a) R1 catches the kick and advances; or (b) R1 muffs the kick and it is recovered by K2.

Ruling: It is fair catch interference in both (a) and (b). In (a) the advance by R1 is legal because the interference by K1 negated the fair catch. In (a) team R has three options: (1) to take the play of the play, which would be the advance by R1; or (2) to accept an awarded fair catch at the spot of the foul; or (3) accept the distance penalty of 15 yards administered from the previous spot. In (b) team R has three more options, but the play of the play would give K the ball where it was recovered by K2. Because of this, it is obvious the captain of R would choose either an awarded fair catch at the spot of the foul or the distance penalty administered from the previous spot in (b).
3. Play: During a pass-run option, quarterback A1 is beyond B's scrimmage-line when he throws a forward pass intended for A2. While the ball is in play, an official inadvertently sounds his whistle.

Ruling: Because this is an illegal pass there will be no replay of the down due to the inadvertent whistle. B will be given the option of accepting the penalty for an illegal pass which is 3 yards from the down spot, the down being counted, or accepting the result of the play which would permit A to put the ball in play from the spot of the illegal pass.

4. Play: While a forward pass is in flight beyond the line, an official inadvertently sounds his whistle and thereafter B1 deliberately charges into A1 for whom the pass was intended.

Ruling: The down will be replayed because of the inadvertent whistle which was sounded while the pass was in flight. Because the unsportsmanlike foul by B occurred after the whistle, it was a dead ball foul and the penalty will be administered from the succeeding spot. Under ordinary circumstances, this contact would constitute pass interference but because the whistle killed the ball, it was contact after the ball was dead. The official will have to use careful judgment in determining when the football was dead.

5. Play: A scrimmage-kick by K1 from R's 35 yard line is bounding inside R's 5 yard line. K2, in attempting to prevent a touchback, bats the ball and: (a) it goes into R's end zone; or (b) it goes out-of-bounds at R's 2 yard line; or (c) it is recovered by R1 and advanced to R's 25 yard line.

Ruling: The batting by K2 is an illegal act which occurs during a loose ball play. If the penalty were accepted, it would be administered from the previous spot and the down replayed. This is also first touching by K2. The offended team is always privileged to take the result of the play rather than the penalty. In (a) it is a touchback and R would put the ball in play from its 20. In (b) the ball would be put in play by R from its 2 and in (c) it would be a new series for R from its 25. The advance by R1 in (d) is legal and would result in 1st and 10 for R from its 25.

6. Play: During a forward pass play, eligible receivers A1 and A2 run crossing patterns and A1 comes to a complete stop as A2 runs past him. In (a) A1 thereafter changes position so that there is some contact with B1, who is covering A2; or (b) B2 pushes A1 out of the way in an attempt to reach the pass intended for A2.

Ruling: In (a) it is offensive pass interference when A1 moves to contact A2. The penalty is administered from the previous spot and the down is counted. In (b) the foul for pass interference is by the defensive team and A will have the option of accepting the result of the play or the penalty for pass interference, which is 15 yards from the previous spot and an automatic first down.

7. Play: Quarterback A1 receives the snap and while behind the line-of-scrimmage, throws a backward pass to A2. During his advance, but while still behind the line, A2 fumbles. While the ball is loose, there is a foul by B1. The fumble is recovered by A.

Ruling: This is a foul during a loose ball play. The penalty, if accepted, would be administered from the basic spot, which is the previous spot. A loose ball play includes the run or runs which preceded the fumble. A fumble by A behind his line-of-scrimmage, constitutes a loose ball play.

8. Play: A free-kick by K1 is touched by R1 on his 15 yard line and then it: (a) rolls out-of-bounds at R's 5 yard line; or (b) contacts an official in the field of play and thereafter rolls out-of-bounds at the 5 yard line; or (c) contacts an official who is straddling the sideline at the 5 yard line.

Ruling: The ball will be put in play by R from its 5 yard line in (a), (b) and (c). In (a) R1 was the last to touch the kick before it went out-of-bounds. In (b) the fact that the ball touched an official who is inbounds does not change its status. In fact, this touching is ignored and therefore R1 in effect, was the last to touch the ball before it went out-of-bounds. In (c) when the loose ball touches a game official who is straddling the sideline, this causes it to be out-of-bounds and R1 was the last to touch it.
