Commissioner Mills explained that the State

Department of Education has revised Article XII of the K.H.S.A.A. Constitution. The Article now reads as follows:

Management of Interscholastic Athletics — Sec. 1. The State Board for Elementary and Secondary Education designates the Kentucky High School Athletic Association as the sole organization to manage interscholastic athletics in schools which are members in good standing of the Kentucky High School Athletics Association. Each local Board of Education is responsible to the State Board for Elementary and Secondary Education for interscholastic athletics in Grades K-8. Sec. 2. The Kentucky High School Athletic Association will submit annually the rules, regulations and by-laws to the State Board for Elementary and Secondary Education together with any proposed changes thereto. Sec. 3. Appeals from the Kentucky High School Athletic Association Board of Control to the State Board for Elementary and Secondary Education shall follow the procedures as provided by 701 KAR 5:020 Sections 2 through 5.

After a lengthy discussion concerning the enrollment of new schools in the K.H.S.A.A., it was recommended that a new school formed from schools under the auspices of the same board of education of a member school will be received into the K.H.S.A.A., upon receipt of application and a copy of the operational approval of the State Department for Elementary and Secondary Education. Schools which originate from sources other than herein described will remain in a candidacy status for a two year period, with a similar delay in participation in championship tournament play. Robie Harper moved, seconded by Zeb Blankenship, that the recommendation of the Board of Control concerning new school memberships be approved. The motion carried unanimously.

Commissioner Mills read letters from the principals of Spencer County and Anderson County high schools requesting that their school be changed from Basketball District 29 to District 30. After careful consideration, the Board declined to approve the requests. They will re-consider these requests upon completion of the proposed additional high school in Bullitt County.

Mr. Mills discussed with the Board the requests from the men's and women's coaches associations and the athletic directors association concerning their interest in joining the Federation Fund with which the K.H.S.A.A. carries (at no cost to the member schools) a \$75,000 catastrophe insurance and a five million liability policy. Norman Passmore moved, seconded by J.D. Minnehan, that their requests be granted. The motion carried unanimously. The premium for this insurance will be paid by each of the named associations based upon their total membership.

Jack Burkich introduced Supt. James Caudill of Hazard City Schools, Prin. James W. Fields of M.C. Napier High School and Elwood Cornett of the Kentucky Valley Educational Cooperative. Mr. Cornett, Mr. Caudill and Mr. Fields made

presentations to the Board concerning the regulation of spring sports and sub-state basketball tournaments. They ask that the K.H.S.A.A. consider placing season limitations on spring sports to include the number of games or activities scheduled. They also requested that the Board conduct a survey among member schools to determine their interest in changing the present playoff system in basketball to one composed of sub-state tournaments. This request was referred to the Basketball Committee for consideration. President Thweatt thanked the group for appearing before the Board and assured them that consideration would be given to their requests.

Commissioner Mills discussed with the Board the numerous inquiries he has received from Boards of Education and high schools concerning By-Law 29, Requirements of Coaches. After a lengthy discussion by the Board members, Norman Passmore moved, seconded by Denzil J. Ramsey, that the Board decline to waive the requirements of By-Law 29, but permit the employment of personnel that hold valid teaching certificates, are employed as permanent substitute teachers, and assured of teaching a minimum of three regular periods of classes, gymnasium, study halls or other activity assignments within the school's schedule as coaches of athletic teams. The motion carried unanimously.

Upon a motion by Robie Harper, seconded by Jack Burkich, the regular meeting adjourned at this time for lunch. The motion carried unanimously.

The Board of Control Meeting re-convened at 1:30 P.M.

Assistant Commissioner Billy Wise discussed with the Board the need to raise the fees for mileage for all officials. Jack Burkich made a motion, seconded by Norman Passmore, that officials be paid 15¢ per mile for all necessary travel to officiate an assigned game. The assigning secretaries shall assign officials from the same geographical area when possible and only when he deems it necessary shall a school be required to pay for more than one car. The motion carried unanimously.

Mr. Wise presented the results of a survey taken concerning the assigning of basketball officials. After a lengthy discussion and consideration of the results of the survey, Joseph McPherson made a motion, seconded by Fairce O. Woods, that basketball officials be assigned to officiate within the district and region where they are members of the local association. However, with the approval of the Commission the assigning secretary may assign officials outside the region if he deems it necessary. The motion carried with a vote of 6-2 with one member not voting.

Assistant Commissioner Brigid DeVries reported to the Board the results of her Volleyball Committee Meeting. Information from the blue statement forms indicate that about forty-seven schools will sponsor women's volleyball teams. The Committee will meet in August or early September to determine the site of the tournament to be held on

October 26-27.

Assistant Commissioner Louis Stout presented the recommendations of the Wrestling Committee to the Board and asked that they be approved. The recommendations were as follows: The present eight regions will become eight districts with the top four wrestlers in each weight class advancing to the region. Two districts will be joined into a region which would reduce the total number of regions to four. The top four wrestlers in each weight class in each region would advance to the State Tournament. Also the Committee recommends that to certify, the team must be involved in a shoulder to shoulder weigh-in on the day of the meet or tournament. Norman Passmore moved, seconded by Zeb Blankenship, that the recommendations of the Wrestling Committee be accepted. The motion passed unanimously.

J. D. Minnehan moved, seconded by Zeb Blankenship, that all bills of the Association for the period beginning May 1, 1979, and ending June 30, 1979, be allowed. The motion carried unanimously.

The next meeting of the Board was scheduled for October 13, 1979, at the K.H.S.A.A. Building, Lexington, at 9:00 A.M.

Zeb Blankenship moved, seconded by Norman Passmore, that the meeting be adjourned. The motion carried unanimously.

1. **PLAY:** With 15 seconds remaining in the second quarter, B1 is guilty of piling on after an advance by A1. After administering the penalty, the referee declares the ball ready-for-play and winds the clock. Before team A puts the ball in play, time expires.

RULING: The half is over and the penalty will be administered on the succeeding kickoff. (3-3-3)

2. **PLAY:** A1 is downed and B2 piles with 5 seconds remaining in the 2nd or 4th quarter. After enforcement referee starts clock and (a) time expires before the ball is snapped or (b) A hurries to the line and snaps the ball before time expires.

RULING: In (a) since the dead ball foul followed the last timed down of the 2nd or 4th period B will be penalized 15 yards at the start of the 2nd half or if at the end of the 4th quarter and the score is tied the penalty will be enforced to start the overtime. In (b) the penalty is enforced as part of the 2nd or 4th quarter.

COMMENT: Officials must enforce the foul as part of the period since they have no way of knowing if the run by A1 is the last down of the period or not. If it is not, the

penalty has been enforced. If it is the last timed down, then rule 3-3-3 is invoked.

3. **PLAY:** Prior to the game the umpire asks the coach whether he has any players that will be wearing special pads or braces that should be inspected? The coach informs the official he does have a boy wearing a New Lenox De-rotational knee brace designed and approved by an Orthopedic Surgeon. Upon inspection the knee brace is found to have a piece of metal that passes over the front of the leg both above and below the knee. The coach explains that the metal is covered and padded and it has been approved by the athlete's physician.

RULING: The brace is illegal and may not be worn. (1-5-3d).

COMMENT: Rule 1-5-3d is quite specific in prohibiting knee, elbow, hand, wrist or forearm guards, or braces made of sole leather, plastic, metal or other hard substance, **even though covered with soft padding. It does allow** the traditional hinged knee brace (with metal supports at the lateral and medial sides of the knee) if properly covered **and with no metal in front of the knee.** No coach, official, or physician has the authority to set aside a playing rule. The fact the brace may be worn by players at other levels of competition, also has no bearing on the case.

4. **PLAY:** On 4th and goal from the 5 yard line, the ball is declared ready for play with the nose of the ball just touching the 5 yard line. Following A's incomplete pass, B takes over and the referee places the ball in line with the down box as it was prior to A's 4th down incomplete forward pass, i.e. with the foremost point (nose) of the ball on the 5 yard line.

RULING: This is incorrect. When a team fails to reach its line-to-gain on a 4th down run, the foremost point of the ball at the time it became dead would become the **rear point** when direction of the offense is changed, and after a 4th down incomplete pass, the ball is placed "as it was at the start of the down" (or previous 4th down play). Unless the 4th down play resulted in a touchback or safety, or A reached its line-to-gain, team B will gain approximately 11½" (the length of the football) in field position, and the down box will invariably have to be moved. Following a touchback or safety the ball is placed with its foremost point touching the 20 yard line.

COMMENT: Many officials seem to find it convenient to merely reset the line-to-gain chains following an incomplete 4th down pass by using the previous line of scrimmage (down box) as the position for the rear stake when the direction is changed. This is not supported by rule 5-3-3.

5. **PLAY:** K's punt is caught by R1 at the 50. On the runback K2 and R2 get in a shoving match at the 30 yardline, after which there is clipping by R3 at the 15 yardline prior to R1 going out-of-bounds at the 5 yardline.

RULING: If R accepts K's foul at the 30 it automatically makes this a double foul situation and the down will be replayed. If R declines the penalty for K's foul at the 30, the penalty for R's foul at the 30 will take the ball to K's 45 where it would be 1st and 10 for R. (10-2-1c).

6. **PLAY:** There are 28 seconds remaining in the 4th quarter following A1's touchdown which put team A in the lead 7 to 6. Team B has no time-outs remaining. K's kick-off is returned to R's 30. During the kick, R2 blocks below the waist. Following the 15 yard penalty, administered from the previous spot, the clock starts with the ready-for-play signal with 23 seconds remaining. K allows the clock to expire. The referee announces there will be an untimed down because the penalty was accepted for the defensive foul by R on the last-timed down of the period. K1 now places the ball on the hash mark and deliberately kicks the ball out-of-bounds.

RULING: The game is over. (3-4-2b, 2-4-c, 6-1-8)

COMMENT: Kicking the ball out-of-bounds deliberately is not a foul. Ordinarily the "penalty" for a free kick going out-of-bounds would be to award the ball to R 10 yards behind its free kick line.

7. **PLAY:** With 4th and goal on B's 2, and prior to the snap, (a) B1 strikes A1 who then hits B1, or (b) A1 strikes B1 who then hits A1, or (c) A1 and B1 are fighting and the officials cannot determine who struck the first blow.

RULING: Since all dead ball fouls are enforced in the order of which they occur, in (a) penalize B to the 1 and A to the 16 making it 4th and 16 for A. In (b) penalize A to the 17 and then B to the 8½ making it 4th and 8½ for A. In (c) since it can't be determined who fouled first, **no yardage penalty will be enforced.** In all cases A1 and B1 will be disqualified (10-2-4, and Case Book Play 9-3-2a and 9-3-2b).

8. **PLAY:** Just after the ball is snapped, B1 illegally contacts snapper A2 with his forearm as quarterback A1 moves down the line of scrimmage and (a) flips a backward pass to A3, or (b) hands the ball to A3. In both situations A3 advances for a 30 yard gain.

RULING: In (a) the foul occurred during a loose ball play (the backward pass behind the line and everything that preceded it). Since the penalty would be measured from the previous spot team A would undoubtedly decline the penalty. In (b) the penalty would be accepted because it occurred during a running play and would be enforced from the spot where the run ended (10-3-1A, 10-3-2, 10-3-1b and 10-3-3).

9. **PLAY:** While a scrimmage kick is in flight beyond the line, R1 signals for a fair catch. The wind carries the kick behind the line where R2 or K2 recovers. R1 blocks above the waist (a) while the kick is still in flight, or (b) after the ball strikes the ground.

RULING: Illegal block in (a) or (b).

COMMENT: Though R1 made a legal fair catch signal (while the ball was beyond the line) he cannot make a fair catch behind K's line (2-3-2). However, the kick would become dead when caught. (6-5-4). Whether a fair catch is made or not, R1 is still prohibited from blocking until the kick has ended following the legal fair catch signal (6-5-1 and P.S. 651A).

10. **PLAY:** A1 advances for an apparent touchdown. During the run A2 clips, and time expires in the 2nd or 4th quarter.

RULING: B will accept the penalty and the half will be over.

COMMENT: After a penalty for a foul by the offense during the last timed down of either half, the down is not replayed, and no points scored by the offense during such downs are credited to them (3-3-3).
