Kentucky High School Coaches Association Audit Report

May 7, 1982

Mr. John Redjunas and Executive Committee
Kentucky High School Coaches Association and
All Star Fund
Mt. Sterling, Kentucky

We have examined the statements of cash receipts and disbursements of the Kentucky High School Coaches Association and All Star Fund for the period from March 1, 1981 to February 28, 1982. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1, the Coaches Association’s policy is to prepare its financial statements on the basis of cash receipts and disbursements; consequently, certain revenue is recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present results of operations in conformity with generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly the cash receipts and disbursements of the Kentucky High School Coaches Association and All Star Fund for the period from March 1, 1981 to February 28, 1982, on the basis of accounting described in Note 1, which basis has been applied in a consistent manner.

Jean Batsel Retires
by Randy Mills

Although the question was posed in 1957, Jean Batsel remembers the conversation as if it were yesterday.

"Could I interest you in a part-time job?" asked past Kentucky High School Athletic Association (K.H.S.A.A.) Commissioner Ted Sanford.

"I answered, 'Sure, but I can only help for a short period of time.'"

By most standards, twenty-five years of employment is not considered a "short period of time."

Jean Batsel, K.H.S.A.A. Officer Manager, recently resigned her position after twenty-five years of loyal service.

Jean’s decision to remain for twenty-five years, according to current K.H.S.A.A. Commissioner Tom Mills, "a truly beneficial decision for the Association. Jean was of invaluable assistance to me in my earlier years as Commissioner. Having served under the two former Commissioners, Ted Sanford and J.B. Mansfield, she was extremely knowledgeable of the rules and regulations of the association."

Initially, Jean helped Mansfield, then an assistant commissioner, sort and distribute basketball state tournament tickets. She also aided in general clerical work.

But as the years passed, her work responsibilities increased. She began to work closely with the Association's monthly publication, The Kentucky High School Athlete. She was in charge of the layout and also served as an assistant editor.

Her first advancement within the office came when she was elevated to Sanford’s secretary. "I had to brush up on my shorthand for that job," she related.

In 1972, Mansfield, who succeeded Sanford as Commissioner, named Jean the office manager. He also added the chore of bookkeeping to her already busy office slate. "The work did become more involved," Jean stated. "But I always enjoyed my work, because it changed with each sport and each season."

She remembers two of the major tasks in the office as the establishment of the football playoff system and the addition of girls' sports. "But," she added, "we were constantly busy." She indicated that the beginning of the school year, with the numerous transfer students, the rush for state tournament basketball ticket orders, and the closing of the fiscal year were particularly hectic times for her.

Jean will always hold the distinction of being the only secretary to work under all three K.H.S.A.A. Commissioners. "The extreme interest that these three men have had in high school athletics is the common denominator among them. They all had the good of the association and the athlete at heart."

She continued, "When they had to declare someone ineligible it hurt them. Although the three men had different personalities, they wanted all the athletes to be able to participate."

Jean is married to Bill Batsel, a Certified Public Accountant. She has four children and five grandchildren.

"My husband wanted me to quit work," began Jean. "We have built a house in Shepherdsville, my hometown. Now I can cook and clean!"

Jean, though, added, "I know that I will greatly miss my association with the K.H.S.A.A. and the many fine people that I have come in contact with."

"While I can understand and appreciate her loyalty and dedication to her husband," Mills concluded, "her decision to leave the K.H.S.A.A. was hard to accept. However, we wish Jean and Bill success and happiness in their new home and hope that she will not soon forget her many experiences with the Athletic Association."

FROM THE COMMISSIONER'S OFFICE

Minutes of the Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, Kentucky, on Saturday morning, October 16, 1982. The meeting was called to order by President Fairce Woods at 9:00 a.m. with all Board members, Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioners Brigid L. DeVries and Louis Stout present. Conley Manning was present representing the State Department of Education. The invocation was given by Alvis Johnson.

Patrick Crawford moved, seconded by Charles Black, that the minutes of the meeting held on July 23, 1982, be approved as submitted. The motion passed unanimously.

William A. Toler, Principal of Breathitt County High School, and Ernest Noble, appeared before the Board on behalf of Doug Noble to ask the Board to waive By-Law 6, Transfer Rule, and restore the student's eligibility at Breathitt County High School.
Minutes
(continued from page 1)

Following Mr. Toler's presentation, questions by the Board members to Mr. Toler and Mr. Noble and comments from Mr. Noble, Ray Story moved, seconded by Whaylon Coleman, that the decision of the Commissioner be upheld. The motion carried unanimously.

Attorney Douglas A. Wetzel spoke to the Board on behalf of Mark Armstrong, a student at Davies County High School who is ineligible under the provisions of By-Law 6, Transfer Rule. Mr. Wetzel presented the facts in the case and informed the Board that Mr. and Mrs. Charles Armstrong and their son Mark were available to answer any questions the Board might wish to ask. After much discussion, and questions by the Board members to Mr. and Mrs. Armstrong and Mark, Alvis Johnson moved that the Commissioner investigate the case further and report back to the Board as soon as possible. The motion carried by a vote of 8-1 with 1 abstention.

Commissioner Mills read a letter written by Board Attorney Phillip D. Scott informing the attorney's of the Dayton Independent Board of Education that the Board of Control of the K.H.S.A.A. had rejected their proposal for classification in basketball and that he had received an indication from Gary Bale of the Kentucky State Department of Education that the State Board has taken a similar position.

President Fairce Woods called for Miscellaneous items to be brought before the Board. Commissioner Mills reported on the following items:

1983 National Federation Summer Meeting - The meeting is to be held in Seattle, Washington from June 28 - July 2, 1983.

Mr. Mills explained that he had received correspondence from the Nocona Athletic Goods Company requesting that the K.H.S.A.A. recommend that all member schools include some type warning language in their athletic authorization forms to insure that the parents and players realize the potential dangers in athletic participation. Following a lengthy discussion of this request, Mr. Mills was instructed to seek legal counsel on this matter.

Commissioner Mills read a letter received from James E. Hurley, Murray, Kentucky regarding a permanent memorial scholarship fund being established at Murray State University in honor of the late Rex Alexander, a former Assigning Secretary. Mr. Hurley requested that the K.H.S.A.A. consider participating in the funding of this scholarship. John Brock suggested that the Commissioner seek legal advice and then re-submit this request during the November meeting of the Board.

Commissioner Mills read a letter received from Mr. Eddie Ford who was proposing a foreign basketball tour and was asking for information with regard to jeopardizing students' eligibility if they participated in the tour. After a discussion of various K.H.S.A.A. By-Laws, John Brock moved, seconded by Robie Harper that the Commissioner inform Mr. Ford of the rules and regulations of the Association as they pertain to such events. The motion carried unanimously.

Commissioner Mills stated that he has received numerous letters regarding the Limitation of Seasons as previously adopted by the Board. He suggested that the Sports Committee might need to study this correspondence to determine if changes need to be made. After some discussion, Robie Harper moved, seconded by John Brock, that this issue be referred back to the Sports Committee for further study. The motion carried unanimously.

Commissioner Mills reported that State Basketball Tournament ticket order forms were mailed to all superintendents and principals on October 12.

Commissioner Mills reported to the Board that the third car had been purchased for the use of the K.H.S.A.A. as approved. Commissioner Mills, Executive Assistant Billy V. Wise and Assistant Commissioner Louis Stout now have the use of automobiles with Assistant Commissioner Brigid L. DeVries having the use of a car as needed. After a discussion, Ray Story moved, seconded by John Brock that the Commissioner be authorized to purchase a fourth automobile for the K.H.S.A.A. The motion carried by a vote of 7 in favor, 2 opposed, 1 abstention.

Following a discussion on the employment of Paraprofessional personnel to serve as coaches, Conley Manning distributed a copy of the revised regulations and application form now being used by the State Department of Education for this purpose. He explained that prior to employing a paraprofessional coach, the superintendent and chairman of the local board of education must
submit a signed copy of this form to the Bureau of Instruction for approval.

Commissioner Mills discussed the need for an in-house computer. Following a discussion on the need and various uses of the computer, Bob Rogers, as Chairman of the Staff Committee, recommended the Board approve the purchase of a computer for office use. Ray Story moved, seconded by Whaylon Coleman that the Commissioner be authorized to purchase a computer. The motion carried unanimously.

Executive Assistant Wise distributed a list of schools that had requested reclassification in football. He suggested that the Football Committee meet to consider these requests. It was decided that the Football Committee would meet on Friday, October 29. Mr. Wise also mentioned schools that had requested to be re-districted. He noted that these requests would need to be discussed at the committee meeting also. It was decided that the All-Sports Committee would meet on Thursday, October 28 at 8:00 p.m. at the K.H.S.A.A. Office Building.

Mr. Wise reported the following dates and times of the football playoffs at the Kentucky Fair & Exposition Center, November 26, Class A, 1:00 p.m.; Class AA, 3:00 p.m.; Class AAA, 5:00 p.m.; November 27, Class AAAAA, 7:30 p.m.

The next meeting of the Board of Control will be held at Executive Inn East, Louisville, on November 27, 1982, at 9:00 a.m. The motion was made by Charles Black and seconded by John Brock. The motion carried unanimously.

Bob Rogers moved, seconded by Charles Black that all bills of the Association for the period beginning July 1, 1982, and ending September 30, 1982, be approved. The motion carried unanimously.

There being no further business, Bob Rogers moved seconded by Eldon Davidson, that the meeting adjourn. The motion carried unanimously.

K.H.S.A.A. Directory

The Kentucky High School Athletic Association has printed a directory for 1982-83. Included in the directory is a calendar of events, a section on general information about the K.H.S.A.A. and a listing of member schools and their personnel.

The Directory is available to coaches, officials and other interested persons at a fee of $2.00 plus postage of 60¢ for one Directory. Please send check or money order to Directory, K.H.S.A.A., P.O. Box 22280, Lexington, Kentucky 40522.

Swimming Committee
Meeting Minutes

The Swimming Committee met on Tuesday, October 5, 1982, at the K.H.S.A.A. Office in Lexington, Assistant Commissioner Brigid L. DeVries called the meeting to order at 1:30 p.m. Committee members present included: Tim Cahill, Terry Hile, Brian Ihuen, Jack Thompson, Karen Vanover, Jim Wilds and Joel Cyganiwicz. Absent were Tedd Pearce and Dave Webb.

The first item on the agenda was the selection of regional sites. The managers and sites are as follows: Central Kentucky Region - Tim Cahill, Model High School, Richmond; Jefferson County Region - Jack Thompson, Crescent Hill Pool, Louisville; Western Kentucky Region - Joel Cyganiwicz, Elizabethtown High School, Elizabethtown; Northern Kentucky Region - Dave Webb, Scott High School, Covington.

Ms. DeVries made reference to a letter she had received from the Lakeside Corporation suggesting the possibility of the K.H.S.A.A. holding a future State Meet at the Crescent Hill Pool. Other possibilities for the regional swimming and diving meet sites include the Morehead State University Pool and the facilities at the Paris Y.M.C.A.

After reviewing the Regional Tournament information, the Committee suggested the following changes:
1. Under Entry Deadline, the word “mailed” be changed to “postmarked” with regard to the mailing of entries.
2. The time schedules for swimming and diving warm-ups be adjusted according to the number of boys and girls entries.

The Committee then discussed the State Information and suggested the following changes be made:
1. On Thursday night, there would be open warm-ups from 7-10 p.m.
2. A quiet location needs to be scheduled for the Scratch Meeting for coaches.
3. Under Awards, delete the sentence “There will be an awards ceremony for each event.”

Tim Cahill, also the state representative for NISCA, asked for suggestions in distributing the Top Ten Award Certificates. Mr. Cahill discussed the length of time it took last year to get all the names typed on the certificates which were given to the top ten finishers in each event. Several suggestions were offered. It was decided that the certificates would be mailed to each school and the individual coaches would type the names on them.

The Committee discussed the new rule changes listed in the 1982-83 National Federation Swimming and Diving Rules Book. A question came up regarding the new dual meet scoring system which Ms. DeVries will check on through the National Federation Office.

Other items included a brief discussion of the Model Relay Meet scheduled for December 3, 1982 and the Bowling Green Invitational on December 11, 1982.

There being no further business, the meeting was adjourned.

Basketball Information

The Part II Examination for higher ratings in Basketball will be given on Monday, December 6, 1982. This is a supervised examination and will be given to the basketball officials by the Assigning Secretaries in all Regions.

1. Situation: After the beginning of the events of the meet, part of the
required equipment for the swimming meet becomes
inoperative even though it was operative at the beginning of
the meet. The referee does not disqualify the home team
competitors. Ruling: Correct procedure. In the referee's
opinion, the equipment breakage is not from negligence of
the home team. (1-7-1)
2. Situation: Swimmer "A" competes in the prelims of the 200
Medley Relay, 200 IM and 100 Breaststroke at a competi-
tion meet. 

"A" leaves the pool area after the 100 Breaststroke and is not

present for the announcement of a swimoff in the
100 Breaststroke. Swimmer "B" qualifies for the
100 Breaststroke. "A" is disqualified from the 100
Breaststroke. Previous performances are not nullified. If
qualified, swimmer "A" may participate in the 200 Medley
Relay and 200 IM (3-2-4)
3. Situation: The automatic timing system fails to function properly
when the starting report is sounded. The starter
recalls the swimmers. Ruling: Correct procedure. (4-3-1)
4. Situation: The stroke inspector signals a violation on the
breaststroker for using a dip in kick as he/she completes
the push off from a turn. Ruling: Incorrect, unless also signaled
by the turn judge or seen by the referee. (4-5-2)
5. Situation: In a championship meet, the takeoff judge
assigned to lane 3 records a false start on the third
swimmer of the freestyle relay. Following the race, the
referee confers with the takeoff judge, but does not have a false start charged
to the third swimmer in lane 3. Ruling: The relay team is not
disqualified. Both the takeoff judge and the referee
must agree on a false start for a disqualification to occur. (4-6-1)
6. Situation: In a dual meet, one takeoff judge is assigned to
judge the lanes on the near half of the pool. Upon observing a
false start, the judge raises one hand overhead immediately
and reports the violation to the referee following each race.
Ruling: Correct procedure. (4-6-2)
7. Situation: Twenty swimmers are entered in the preliminaries
of the 100 freestyle. The fastest 18 are seeded in heats 2, 3
and 4, and the slowest 2 are seeded in heat one. Ruling:
Incorrect procedure. There shall be a minimum of 3 seeded
competitors in any preliminary heat. (5-3-3)
8. Situation: There are 6 finalists to be seeded after the
preliminaries of the 100 yard butterfly. The 4 fastest times
range from 51.54 to 52.93. The next 3 are from 2 heats.
Swimmer "A" in heat 3 has a time 53.24; swimmers "B" and
"C" both were in heat 2. "B" was timed in 53.22 and "C" in
53.25. "C" was judged as the winner of the heat and "B" was
placed second. "B" and "C" qualified for the finals, but "A" did not. Ruling:
Incorrect. A swimoff should be held, including
all swimmers with times from 53.22 to 53.25. (5-4-1)
9. Situation: Three contestants swimming in the same heat of
the preliminaries of the 200 freestyle in a 6-lane pool record
an automatic time of 1:48.51. This ties for the 5th, 6th
and 7th fastest qualifying times. The automatic judging
equipment, however, selects swimmer "A" as finishing
ahead of swimmer "B" and swimmer "B" finishing ahead of
swimmer "C." Ruling: The automatic judging equipment
shall be used to determine the order of finish, "A" and "B"
qualify for the championship final while "C" qualifies for the
consolation finals. (5-4-4)
10. Situation: An official entry card is submitted for a
championship meet with a seeding time listed as 57.465 for
the 100 yard butterfly. Ruling: The official seeding time will
be listed as 57.48 (6-1-3) Comment: Time shall be recorded in hundredths of a second.
11. Situation: In the final heat of the 50 yard freestyle, the
automatic timing system fails to be activated by the starting
device. Ruling: The backup system of timing shall be used for
this heat only. (6-6-3) Comment: If, in the opinion of the
meet referee, the swimmers in this particular heat have received an
unfair advantage over the swimmers in the preceding heats, the
referee may order the heat to be reswum.
12. Situation: Swimmer "A" using the start comes forward,
starts, gets the signal, then returns to the starting pad and
begins swimming. Ruling: A false start shall
be charged to swimmer "A" for not returning motionless; swimmer "B"
may not be charged. (8-1-1)
13. Situation: The referee turns the swimmers over to the starter.
The starter gives the starting command, "Swimmers, take your mark." Ruling: 1Proper procedure. (8-1-1)
14. Situation: In the medley relay automatic timing is used, and
the backstroke swimmer breaks the plane of the end of the
pool, but fails to touch the touch pad. The backstroke
swimmer takes off. Ruling: Disqualification. (8-3-1) Comment:
Each swimmer must adhere to the position, kick, turn and finish rules of the stroke being swum.
15. Situation: After the meet has begun, (a) while diving practice
approaches and takeoffs permitted by the diving referee, a
diver breaks the only available diving board; (b) the first
round of dives is in progress when the diving fulcrum breaks
and will not move. Ruling: In (a) and (b), the diving
corrections, or errors are permitted to the
the diving competition and, if in the referee's
opinion, the equipment breakage is not from negligence of
the home team, points will not be awarded. (9-1-5)
16. Situation: Diver "A" turns in the diving scoresheet well before the
required deadline. After the deadline passes, diver "A":
(a) wishes to change a diver or position of a dive, (b) finds an
error in the order of dives. Ruling: (a) Illegal, only
corrections, not changes are permitted within one hour
of the start of the diving, (b) Legal. (9-2-4)
17. Situation: Diver "C" balks at attempting a dive. The referee
(a) stops the competition and announces a balk; (b) makes
no comment and lets the diver continue; (c) makes no
comment until after the dive has been scored. Ruling: (a), (b)
and (c) are at the referee's discretion. The diving judges shall
score the dive as it is performed.
18. Situation: The diver performing a back somersault 1-1/2
twist is not within the legal twisting limits of the dive when the
feet make contact with the water but continues to twist,
coming inside the limits before the body passes through the
surface of the water. Ruling: Failed dive. (9-6-6) Comment:
Upon contact with the water, the diving referee judges the
twist.
19. Situation: The diver doing a front somersault twist is within the
legal twisting limits when the feet make contact with the
surface but the diver continues twisting past the legal limits
as the body enters the water. Ruling: The dive shall be
scored. (9-6-6) Comment: Upon contact with the water the
diving referee judges the twist. The diving judge scores 0-10
points on the dive until the body, in its integrity, has passed
below the surface of the water.
20. Situation: A diver performing a foward 1-1/2 SS, 1 twist
(5132) uses the tuck position. Ruling: The dive is judged
deficient by the diving judges, awarding the diver 2-1/2 to 4-
1/2 points. (9-7-2d, 9-7-3)
Clinic Attendance

According to our records the following football officials have not attended the mandatory clinic required by By-Law 28, Sec. 3 and will not be permitted to officiate until they have attended a make-up clinic.

Gymnastics Committee
Meeting Minutes

The Gymnastics Committee Meeting was called to order at 7:00 p.m. by Assistant Commissioner Brigid L. DeVries. Committee member present included: Jim Nance, Jerry Calkin, Debbie Howell, Robert Sanderson, Hal Holmes and Alane Mills. Absent was Fred Gaunder.

The first item on the agenda was a discussion of Regional Sites. Debbie Howell of Kentucky Country Day agreed to again host the Louisville Girls' Region. The other girls' sites will be scheduled at Paris High School and will be managed by Cindy Stanford.

The committee evaluated the Girls' Regional information which will be sent to all participating schools. Changes include counting a maximum of five participants and a minimum of three to be added in team scoring as stated in Rule 4-2-2 of the Federation of Girls' Rule Book. Also, only the gymnastics coach(s) designated on the Entry Form will be allowed in the competitive area. This will be strictly enforced by regional management.

The next item on the agenda was a discussion of the State meet. The Boys and Girls State Meet will be held Saturday, February 19, 1983 at Alumni Coliseum, Eastern Kentucky University. The Boys' Manager will be Jim Nance and the Girls' Manager will be Alane Mills. The time schedule will remain the same as last year with warm-ups beginning at 8:00 a.m. and the Meet starting at 10:00 a.m. State Information included a clarification concerning girls' team scoring consistent with the Regional Information and Rule 4-2-2 of the Rule Book.

Officials' assignments will be coordinated by Donna Profumo for the Girls' State Meet and Hal Holmes for the Boys' State Meet. Donna Profumo has offered to help assign officials for girls' meets. Should schools want her to do so they should contact her as soon as possible.

A brief discussion was held concerning the State Meet equipment setup which will be coordinated by Gerald Calkin.

Miscellaneous items included suggested Girls Rules Revisions from Debbie Howell and Bob Sanderson concerning Rule 6-3-6 (6). The recommendation was there should be no deduction for the coach or spotter standing between or passing under the uneven bars.

Jim Nance and Jerry Calkin will conduct a boys' gymnastics clinic on Thursday, December 2, from 7:00 - 10:00 p.m. at the Seaton Building at the University of Kentucky. The clinic will be open to jr. high and high school coaches. There will be no charge.

There being no further business, the meeting was adjourned.

A. Should read, “7.5 7.7 6.5(SJ)"
E. Should read, “7.5 7.7 7.33 7.0 3 1/2 22.2 22.2

C. Should read, “There is difficulty credit for a back-to-back superior because the medium moves directly connect the 2 salto’s.”

1. Situation: Only 2 judges are present at the meet site at the time the competition is to begin. The competition is held as scheduled. Ruling: Legal. It is recommended 4 judges be used, but if this is not possible, 2 or 3 judges per event may be used. (2-1-1, 3)
2. Situation: During a floor exercise routine, a spotter remains on the floor area for the entire routine. The superior judge declares a void, and the gymnast receives no score for the performance. Ruling: Correct procedure. (2-2-1, 9-3-7)
3. Situation: A gymnast uses musical accompaniment that has singing in it. Ruling: Illegal. A deduction of 1.0 shall be taken from the average score by the superior judge for musical accompaniment not being regulation. (2-2-1, 9-2-4)
4. Situation: During competition, 2 of the acting judges confer on every routine performed and view each other’s scores. Ruling: Incorrect. Acting judges shall mark independently and without communicating with others except when the conferences are called by the superior judge. (2-2-2)
5. Situation: A gymnast who did not compete in her district meet because she was ill is entered in the state meet in 2 events. Ruling: The qualifying format at the state meet shall be determined by individual State High School Associations. (3-5-1)
6. Situation: A gymnast tugs at her leotard twice and gives an audible expression of strain during her balance beam routine. A 0.2 deduction is taken under General Impressions. Ruling: Incorrect. A deduction of 0.1 is taken under General Impressions for an audible expression of strain, and a 0.2 deduction is taken from Neutral Deductions for tugging the leotard twice. (4-1-3B, 7, 7-3-6)
7. Situation: Errors involving unauthorized spotters are to be deducted by the superior judge only. Ruling: Incorrect. An unauthorized spot is a neutral deduction and may be made by the acting judges. (4-1-3C; 6-3-6; 7-3-6; 8-5-2)
8. Situation: A coach approaches the superior judge immediately following a gymnast’s vault concerning a vault value. The superior judge deducts 0.5 from the final team score. Ruling: Incorrect. A 1.0 deduction is taken for an unauthorized approach of a judge. (5-1-5)
9. Situation: A signal is sounded concluding warm-ups. The coach insists a gymnast attempt the dismount one more time, and she does. The official deducts 0.5 from the team score. Ruling: Correct. (5-1-5)
10. Situation: A gymnast performs a sole circle 1/2 turn dismount off the high bar. The judge awards her 0.1 under Component Parts for twisting moves. Ruling: Correct. She may receive Component Parts credit in addition to difficulty credit for the same move. 180°twist is sufficient for awarding Component Parts. (6-2-1, 6-4-9)
11. Situation: An uneven parallel bar routine contains only 6 moves, but all 7 component part categories are fulfilled. Ruling: Full credit for component parts shall be given, since a move may satisfy more than one component. However, this routine would be deducted 0.2 under Combinations and Connections under Event Requirements for containing fewer than 7 moves. (6-2-1, 2, 6-3-1, 2)
12. Situation: On the uneven parallel bars, the gymnast performs a sole circle 1/2 turn on the low bar dismount. Ruling: No difficulty credit is given, but component part categories are fulfilled for circling swinging moves and twisting. (6-2-2)
13. Situation: A gymnast mounts the bars with a glide kick catch and dismounts with a flyaway. She has no other superiors in her routine. The judge deducts only 0.1 under Combinations and Connections for Mount/Dismount/Route since both the mount and dismount were superior. Ruling: Correct (6-3-2)
14. Situation: The superior judge informs the visiting coach a covered/wood beam may be used. The coach may decide not to compete on the beam and lose the team score. Ruling: Correct (7-1-1)
15. Situation: On the balance beam, a gymnast performs 2 back walkovers in a series. However, on the second walkover, the gymnast only briefly touches her foot on the beam and does not bear weight. The judges do not give the series superior credit nor do they give the series a 0.1 credit in Component Parts. Ruling: Correct. To receive difficulty credit, the gymnast must bear weight. (7-2-3, 5, 6)
16. Situation: In order to perform a handstand mount on the beam, the gymnast makes a small bounce and then a larger bounce on the board to facilitate accomplishing the mount. Ruling: Judges assess a 0.5 deduction. When the gymnast does not mount following the first bounce on the vaulting board and comes back to the board for a second bounce, that second bounce shall be considered a fall. (7-3-6)
17. Situation: The gymnast mounts the balance beam with a superior mount, and the remaining routine is up to the level of mount. Time is called prior to the dismount, so credit is not given for the dismount. Ruling: In addition to the time in fraction, a deduction of 0.1 is taken under Mount/Dismount Routine. (7-3-2, 7)
18. Situation: A gymnast executes a planche and holds the position for 1 second. Ruling: Difficulty awarded. The position must be marked only, not held for a specific time limit. (7-5-20)
19. Situation: Prior to the start of the meet, the superior judge checks and approves a vaulting board that measures 10 inches from the floor to the top of the crown, including the training pad which has been securely fastened to it. Ruling: Legal. Practice boards are allowed if the board height is within the 11 inch height limitation. (8-1-3)
20. Situation: In announcing her vault to the superior judge, the gymnast calls a handspring-half. Ruling: Illegal. The handspring-half vault has been deleted from the National Federation rules.
21. Situation: A gymnast executes a Tsukahara vault, lands and (1) steps forward, (2) falters, (3) steps forward again, (4) presents herself to the judge and (5) walks off the mat. Ruling: Deduction of 0.1 is taken for the first step. A deduction of 0.1 is taken for the faltering movement. A deduction of 0.1 is taken for the additional step. The total deduction is 0.3 (8-5-1)
22. Situation: The gymnast calls a handspring-full and executes: (a) Handspring with 7/8 twist - Legal; directional error deducted (b) Handspring with 5/8 twist - illegal; void vault (c) Handspring with 1/8 twist - Legal; 0.5 deduction for performing a vault other than a designated; judged as a handspring. Ruling: In order to be judged as a handspring-full, rotation shall be greater than 3/4 twist. If rotation is 1/4 or 3/4, the result is a sideward landing which voids the vault. Rotation between 1/4 and 3/4 relates to the handspring-half vault which is no longer permitted and therefore void. When rotation is less than 1/4, the vault is judged as a handspring and the 0.5 deduction is taken for performing a vault other than designated. (8-6-13)
23. Situation: A Tumble pass contains several moves of superior difficulty connected by skills of lesser difficulty. Ruling: In floor exercise, a continuous, uninterrupted tumbling pass containing 2 or more superior difficulties is credited with back-to-back superiors. (8-3-2)
Situation: On floor exercise, a gymnast performs a roundoff, back handspring, back handspring, back layout. One jump awards medium plus medium plus superior difficulty credit. Ruling: Incorrect. Difficulty awarded is superior plus superior making the phrase of movement a back-to-back superior. (9-4-5)

Situation: In a balance beam routine, a gymnast fails to present herself to the superior judge before and after the routine. The superior judge deducts 0.2 from her average score each time. Ruling: Correct procedure. (Def: 2-2-1, 7-3-3)

Situation: During a meet where there are 5 judges, the superior judge does not count her score. Ruling: Correct procedure. (2-2-1)

Situation: A gymnast is not ready to begin her floor exercise routine at the signal from the superior judge. Ruling: The superior judge shall deduct 1.0 from the gymnast's score for delay of meet. (2-2-1)

Situation: The meet director measured the equipment and the height of the horse prior to warm-ups. During the warm-ups, school A lowered the vaulting horse to accommodate some special approaches. During the competition, the first gymnast from school B vaulted at the lower height. Ruling: The gymnast is allowed to repeat her vault. (2-2-1, 2-3-2, 8-1-1)

Situation: The superior judge has sole responsibility to see that all equipment is measured and meets specifications prior to warm-ups. Ruling: Incorrect. The meet director shall see that all equipment is measured and meets specifications prior to warm-ups. (2-3-2)

Situation: During a meet, several discrepancies arise at the scorer's table. The meet referee is asked to assist in tabulating results. Ruling: Correct. The meet referee shall assist with and verify the meet results. (2-4-4)

Situation: A gymnast competing for all-around, is disqualified from an event. Ruling: The gymnast is given no score for that event, thus ineligible for all-around. (3-2-2)

Situation: A gymnast who has been rendered unconscious during a meet is not permitted to resume participation that day, even though she has written authorization from a physician. Ruling: Incorrect. The gymnast may compete. (3-2-3)

Situation: A gymnast performs a routine wearing pierced earrings. Ruling: Illegal. Casts on any body part are prohibited. (3-3-4)

Situation: A gymnast wearing a cast on her finger is entered to compete on the beam. Ruling: Illegal. Casts on any body part are prohibited. (3-3-4)

Situation: A gymnast exceeds medium difficulties in a basic routine. She receives extra credit to help complete the maximum difficulty value. Ruling: Incorrect. If the medium difficulties exceed 4, no more credit may be given to earn the complete difficulty value. (4-1-3A)

Situation: If a tie occurs in floor exercise, it will be resolved by first using the superior judge's score to determine the highest place. Ruling: Incorrect procedure. (4-3-1)

Comment: If a tie occurs, it is resolved in the following: (a) average the judges' scores, (b) use the superior judge's score. (c) If a tie remains, it stands.

Situation: A coach files an objection with the meet referee concerning a mathematical error. In answering the objection, another mathematical error is discovered, thus lowering the gymnast's score for that event. No deduction was taken from the team score by the superior judge. Ruling: Legal. (6-1-2, 4)

Situation: A gymnast dismounts and upon landing, falls. As she leaves the competitive area, an acting judge hears her using profanity. The superior judge gives the gymnast a warning. Ruling: Incorrect. The gymnast is disqualified from that event. (8-2-4)

Situation: A gymnast's scores are flashed for her performance. She is visibly upset and begins stomping her feet and gesturing in utter disgust. The superior judge notifies the coach and files an 0.5 deduction with the head scorer from the team score. Ruling: Incorrect. The 0.5 deduction is taken from the competitor's average score. (5-2-5)

Situation: The coach adds additional landing mats for the gymnast's dismount from the uneven parallel bars that exceed 10 inches. The superior judge notifies the coach a deduction of 2.0 will be taken from her event score for exceeding equipment specifications. Ruling: Correct. (5-2-5)

Situation: On the uneven parallel bars, a gymnast performs a half-twist to receive credit for twisting/turning. Ruling: A half twist on the UPB is credited with a grip change. For twisting credit, at least a full twist (360°) must be executed. (6-2-2)

Situation: On the uneven parallel bars, a gymnast performs the following: Stand on LB, facing out with one hand behind on the HB, jumps off LB to straddle backward over the HB, releases hand and catches HB with both hands. Ruling: This is a blind move and is considered a superior skill. (6-4-1b, 6-4-1e4)

Situation: For an uneven bar mount, a gymnast performs a jump to a secure circle, regasps to suspension under the low bar. Kip to front support, and she receives superior credit. Ruling: Correct. (6-4-1)

Situation: A gymnast completes a back stalder on the LB of the uneven parallel bars, a superior move. From the stalder position, the gymnast opens her legs over the LB to a handstand on the LB. Ruling: Superior difficulty awarded. (6-4-2h2)

Situation: A gymnast passes through a handstand on the uneven bars and receives no difficulty credit. Ruling: Incorrect. A handstand position is not required on bars to receive credit. (6-4-8)

Situation: A gymnast mounting the balance beam has placed her vaulting board on a 4" landing mat. Ruling: Illegal. The board may not be placed on any mat that exceeds 2". (7-1-3)

Situation: A gymnast on the balance beam has slightly exceed the 1 minute and 30 second time limit for her routine. Ruling: The superior judge deducts 0.3 for a time infraction. (7-2-1, 7-3-7)

Situation: In her balance beam routine, a gymnast performs a jump but not at knee level. The judges do not credit her for medium difficulty nor for 0.1 for one of the categories in component parts for this particular difficulty. Ruling: Correct. To receive difficulty credit or component part credit, a jump must be performed at knee level. (7-2-3, 7-4-4)

Situation: When performing a cartwheel mount on the beam, the gymnast does not bear weight on her first foot and falls. The judges do not give her superior credit for this mount. Ruling: Correct. To receive credit for a difficulty, weight must be borne. (7-2-6)

Situation: As a coach steps in to spot a balance beam skill she touches the beam. A neutral deduction of 0.2 is taken. Ruling: Correct. (7-3-6)

Situation: In performing a move on the balance beam, the gymnast is assisted by her coach. Ruling: In judging a move spotted by the coach, credit the move and then deduct accordingly - mostly from Neutral Deductions (touching equipment, etc.). (7-3-6)

Situation: The deductions could possibly nullify the credit for the skill.

Situation: Prior to her vault, a gymnast places tennis balls within the springs of her vaulting board. Ruling: Illegal. (8-1-3)

Comment: Unless the manufacturer makes any adjustments to equipment, through one of their representatives or by a specific letter, and any of these adjustments must still meet specs, then the altering of equipment is not legal.

Situation: A gymnast performs a Hecht vault, flying over the horse without placing the hands on the horse. Ruling: The vault is void. (6-3-2)

Situation: During a floor exercise routine, a gymnast takes 3 extra steps in landing a particular stunt. The deduction is 0.3. Ruling: Correct. Movement of a foot in any direction constitutes a deduction each time. (9-3-4)

Situation: A gymnast performs a somersault, landing in a sideward position in her floor exercise routine. Difficulty credit is not awarded. (9-3-4)

Ruling: Legal. Sideward landings are void, so difficulty credit is not awarded.

Situation: A gymnast executes a cartwheel, back salto. Ruling: The cartwheel receives no difficulty credit, but the back salto is rated as a superior move. (9-4-13a)
1982-83 NATIONAL FEDERATION
BOYS GYMNASTICS
Early Season Questions

1. Situation: A visiting team has brought their own fiberglass
pommels to a competition and want to use them instead of
the wooden ones provided by the host team. Ruling: If the
wooden pommels are of the flat type, they shall be the ones
used. (2-2-1, 6-1-2-3)

2. Situation: During warm-ups, one of the rails on the parallel
bars breaks. The visiting team wants the host team to forfeit
the event 30:0. Ruling: The head judge shall decide and may
rule to omit the event from the meet. (2-2-3)

3. Situation: Two team members are standing on the frame of
the parallel bars while a third team member is about to
perform a side mount. Ruling: Legal. (2-2-6)

4. Situation: A vault performer performs barefoot and in shorts. Ruling:
Legal. (2-3-1)

5. Situation: For the floor exercise event, a gymnast performs
wearing a cut-off shirt, tights, and socks. Ruling: Legal. (2-3-1)

6. Situation: The host team has scheduled the meet to start
at 6:00 p.m., with warm-ups beginning at 5:30 p.m. Ruling:
Incorrect procedure. Warm-up time shall be at least 60
minutes.

7. Situation: The host coach asks the judges to judge the
routine of an exhibition gymnast on the first event. Ruling:
Illegal. A team is limited to 5 entries per event. Exhibitions are
not allowed whether or not they are judged. (2-5-1)

8. Situation: A gymnast's scores for all-around are as follows:
FX-6.6, PH-5.8, R-6.8, V-7.0, PB-6.4, HB-6.8. His score for all-
around is 39.4. Ruling: Correct. The sum of the scores in the 6
events is the all-around score. (2-5-4)

9. Situation: The competitor, after seeing his score flashed,
shouts profanities at the judge. Ruling: Deduct 1.0 from the
team score (2-6-1, 2)

10. Situation: A competitor fails to acknowledge the judge upon
completion of his routine. Ruling: Deduct 0.3 from the
gymnast's score. (2-6-2-3)

11. Situation: Before the start of the meet, one of the 2 judges is
designated by the host school as the head judge. Ruling:
Correct procedure. (2-3-1)

12. Situation: Thirty minutes before the start of the meet, the
head judge begins measuring the equipment to see if it meets
specifications. Ruling: Correct procedure. (2-3-2-1)
Comment: The head judge is not required to arrive at the site
until 20 minutes before the scheduled starting time.

13. Situation: A ring performer's dowel breaks during his
routine, resulting in a premature ending of the routine.
Ruling: The performer is allowed a second complete trial at
the discretion of the head judge. (2-3-2-g)

14. Situation: The judges' marks for a gymnast in vaulting are as
follows: 8.6, 8.8, 8.8, 8.4. The highest and lowest scores are
dropped, 8.6 and 8.4. The 2 remaining scores, 8.8 and 8.6, are
added together and then divided by 2 for his average, 8.7.
Ruling: Correct procedure. (2-4-3)
Comment: If 2 or more of the
highest/lowest scores are the same, only 1 is discarded.

15. Situation: After the vaulting event, a coach discovers an
additional error on one of his gymnast's scores in floor
exercise. The coach approaches the judge making the error.
Ruling: Correct procedure. (2-4-3)
Comment: More than 30
minutes may have elapsed since the floor exercise event, but
you have up to 30 minutes after the meet is over to change
computational errors.

16. Situation: On rings, a gymnast develops a swing during his
ring routine, so his coach steps in and stops the swing.
Ruling: Deduct 0.5-0.7 for the assist and 0.3 for each swing.
(4-1-3, 4-5-3)

17. Situation: A gymnast falls during his pommel horse routine.
He immediately remounts and continues the exercise.
Ruling: Deduct 0.5 for the fall and judge the continuation of
the exercise. (4-3-5)

18. Situation: A gymnast does a giant swing, jump to eagle-giant
position and comes off the bar on the bottom. He remounts
and repeats the jump to his giant routine. Ruling: Deduct 0.5 for
the fall, and judge the continuation of the routine. The eagle-giant
was not completed and so it may be repeated. The jam is considered
a necessary move to reassume the eagle position, so it is allowed without
deduction. (4-4-2)

19. Situation: A gymnast mounts the parallel bars with a peach
basket, falls to the floor and wishes to remount. Ruling:
Deduct 0.5 for the fall. The gymnast may remount with the peach
basket since it was not completed. (4-3-5)

20. Situation: A gymnast performs a bail straight-arm giant on
rings. Virtuosity is awarded. Ruling: If the move is the only
virtuous move within the routine, up to 0.2 may be awarded. If
other virtuous moves of lesser difficulty were also performed, a total of 0.3 may be awarded. (4-4-2)

21. Situation: A gymnast is ready to begin his horizontal bar
routine, and a person other than the coach steps in to spot.
The official indicates the gymnast may not begin. However, the
couch explains to the judge that the individual is an
excellent spotter and the coach will accept responsibility.
Ruling: The official is correct. The competitor shall not
perform until the coach is present as a spotter. (4-5-2)

22. Situation: A gymnast uses velcro or another similar material
to hold his feet together during his performances. Ruling:
This is considered a mechanical aid with promotes form.
Deduct 2.0 points. (4-5-5)

23. Situation: During a floor exercise event performance, a
competitor performs a very low backflip. Ruling: Deduct 1.0-
0.3 for lack of height on the backflip. (5-3-2n)

24. Situation: During his floor exercise routine, a gymnast
performs a 2 consecutive backflips. Ruling: Regardless of the
type of backflips award C or B-B, whichever is to the benefit of
the gymnast. (5-5-2-VII-6)

25. Situation: On the pommel horse, a competitor does not
perform any double leg circles in his routine. Ruling:
Deduct 0.9 for lack of double leg movements (6-2-11, 6-3-1c, 4)

26. Situation: A vault performer performs a one-arm vault. Ruling:
Compare the vault performed to the closest vault listed, and
judge accordingly. (7-2-3b; 7-5-1)

27. Situation: A gymnast places 1 hand on the horse for support
when executing his vault. His coach steps in and assists him
on the prefight of his vault. Ruling: Void Vault. (8-2-3)

28. Situation: A gymnast performs a handspring front vault and
lands on his seat first, but immediately jumps to a standing
position. Ruling: Void Vault. (8-2-3c)

29. Situation: A competitor is touched by his coach during the
(8-2-1, 8-2-3d)

30. Situation: The visiting school is complaining the high bar is
not 104 inches high, even though it is at its maximum setting,
and wants the host team to forfeit the event. 30-0 Ruling:
Illegal. If the high bar is at its maximum height setting, the
event is included. (10-1-2)
Sports Participation Survey For 1982
Reflects Scope of
Interscholastics Athletics

With the refinement of research techniques and statistical information, the "1982 Sports Participation Survey" conducted by the National Federation of State High School Associations pinpoints the scope of interscholastic athletic programs across the nation in a more accurate and detailed manner than ever before.

The in-depth survey measures boys and girls participation in athletic programs sponsored during the 1981-82 school year by approximately 18,000 high schools in the United States belonging to the National Federation's member state associations. The National Federation's annual participation report represents approximately 89 percent of the nation's public and private high schools.

Although this year's report reflects an overall decrease in total sports participation, much of the decline can be attributed to more sophisticated research submitted by member state associations. Magnifying the decline in many cases are significant corrections of estimations used in previous years.

"Certainly everyone involved with interscholastic athletics is concerned with healthy growth and the figures reflected in this year's survey could be somewhat discouraging to that goal if not put in proper perspective," said Brice Durbin, Executive Director of the National Federation. "To a great degree, what appears to be a decline in participation is simply an outgrowth of more accurate information.

"However, we also realize that decreasing enrollments and financial factors have influenced nationwide educational cutbacks which unfortunately often affect interscholastic athletic programs," continued Durbin. "The important facet of the survey is that as we more accurately detail participation, we will be in a better position in future years to determine national trends which increase and decrease athletic opportunities for girls and boys."

The survey for 1981-82 reflects a decline in the total interscholastic sports picture as well as slight drops in both boys and girls participation. Figures for male and female participants present one of the report's most significant comparisons. Boys participation declined for the fourth consecutive year since the study underwent extensive alterations in 1979, while girls participation declined in 1981-82 following a significant growth spurt the previous year.

In girls sports, basketball retained the lead as the number one participation sport (415,381) and was also the sport conducted by the largest number of high schools (17,089). Sports showing modest participation increases included tennis (4,400), golf (2,235) and fast pitch softball (1,286). Over 1,500 additional schools offered track and field for girls in 1981-82, making the sport easily the leader in that growth category. In terms of schools, other significant increases were recorded for cross country (537), basketball (494) and golf (287).

The most popular sport for boys in terms of participants was football, which accounted for 927,666 students representing interscholastic teams at nearly 15,000 schools. Boys basketball continued to be the sport played by the most number of schools, topping the list with 17,922 schools which included 538,670 players.

Soccer and wrestling were the sports showing the largest increases in male participation. Soccer enjoyed an increase of 11,791 participants while showing a rise of 284 school programs nationwide. Wrestling continued a steady increase with 11,078 more participants and 367 additional schools than in 1980-81.

In examining the survey and understanding of the methods by which the research was conducted is necessary. In 1979, the survey became annual and changes were made in the data collection system. Figures from junior high schools and Canadian schools, which had been included in surveys of the 1970s, were deleted and the totals were significantly lowered.

In addition, the survey methods have been refined each year since 1980 in an effort to present more accurate information. While some state associations submitted estimations in past years, virtually all states now base their responses on more precise student participant measures such as actual surveys and eligibility rosters. Consequently, the current 1981-82 survey represents more accurate information in attempting to evaluate the number of participants in interscholastic programs.

By way of review, boys participation started the decade of the 70s with 3.67 million participants (junior high school and high school), grew to 3.77 million during the 1972-73 school year and topped off at 4.37 million during 1977-78 year.

Girls participation during the 1970s began at 294,000 participants (junior high school and high school) during the 1970-71 school year, increased to 1.3 million during the 1974-75 year and peaked at 2.1 million in the 1977-78 year.

School enrollments and participations figures have generally declined correspondingly beginning in the 70s.

The National Federation's "1982 Sports Participation Survey" includes figures for both boys and girls in 32 different sports conducted by high schools belonging to member state associations in all 50 states and the District of Columbia. The survey breaks down the number of participants by state, sport and sex. The complete sports participation survey is contained in the National High School Sports Record Book which is available by mail through National Federation headquarters in Kansas City, Missouri.

WARNING
NO HELMET CAN PREVENT ALL HEAD OR NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN FOOTBALL. Do not use this Helmet to butt, ram or spear an opposing player. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent.

SUGGESTED INSPECTION CHECKLIST

1. Check helmet fit for agreement with manufacturer's instructions and procedures.  
2. Examine shell for cracks particularly noting any cracks around holes (where most cracks start) and replace any that have cracked. DO NOT USE A HELMET WITH A CRACKED SHELL.
3. Examine all mounting rivets, screws, velcro and snap for breakage, distortion and/or looseness. REPAIR AS NECESSARY.
4. Replace face guards if bare metal is showing, there is a broken weld or it guard is grossly misshapen.
5. Examine for helmet completeness and replace any parts which have become damaged, such as sweatbands, nose snubbers and chinstraps.
6. Replace jaw pads when damanged. Check for proper installation and fit.
7. Examine chinstrap for proper adjustment and inspect to see if it is broken or stretched out of shape; also inspect the hardware to see if it needs replacement.
8. Instrucions provided by manufacturer regarding care and maintenance procedures. Always follow these instructions.
