JOINT RESOLUTION

Designating “National High School Activities Week.”

WHEREAS more than half of the students in this Nation’s senior high schools are involved in at least one extracurricular activity;
WHEREAS this other half of education plays a significant role in the total educational development of high school students;
WHEREAS participation in activities such as athletics, speech, music, debate, drama, and others generally leads to positive development for all and often leads to superior achievement;
WHEREAS participation and achievement in those areas often contribute to increased interest and performance in strictly academic areas;
WHEREAS both academic and extracurricular achievement contribute greatly to the social development and interaction of all high school students;
WHEREAS that development directly benefits local communities by channeling young people’s interest and talents into positive efforts, and by instilling in them an early sense of civic duty and community pride;
WHEREAS former President Gerald R. Ford has agreed to act as honorary national chairman of the effort to recognize the important role of extracurricular activities in this Nation’s high schools: Now therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President should designate “National High School Activities Week” (October 16-23, 1983), in recognition of the valuable contribution that such programs make in developing the interests and talents of young people at the community level.

Officers Elected for
K.H.S.A.A. Board of Control
by Randy Mills

Charles Black, Knox Central High School Principal, and Eldon Davidson, Monticello High School Principal, were recently elected President and Vice-President, respectively, of the Kentucky High School Athletic Association's Board of Control.

Black, who represents regions 13 and 14 on the Board of Control, stated that, "I am very appreciative of the confidence placed in me by my colleagues. I feel it a distinct honor to be President of the K.H.S.A.A."

The Knox Central principal is no stranger to either athletics or education. After high school graduation from Gulf Coast Military Academy, Black chose to continue his education at Union College. He received his undergraduate degree in math and also earned his Masters Degree from Union. He furthered his education by attaining his Rank I degree and administrative certificate from Eastern Kentucky University.

Black accepted his first position as a football coach and math teacher at Lynn Camp High School, but was only able to remain there a semester before being recalled to active duty in the Korean War.

In 1952, Black was hired by Knox Central High School as a math teacher, football, basketball and track coach. Of his years in coaching, Black recalls that the highlight of his career came on the football field in 1959. His Knox Central ball club defeated Lynch that year in a game which snapped a lengthy Lynch win streak. Lynch regrouped to win the 1959 State Class A Championship.

In 1973, Black was named to his current position at Knox Central High School. He has had the opportunity to observe athletics from a coaching standpoint as well as an administrative standpoint, and commented that "The most important part athletics can play is as a cohesive force. Everyone can relate to sports in one way or another and it is a positive influence on the student body."

Black and his wife, Barbara, have three children—Susan, 29, Charles Jr., 27, and Scott, 19.

In conclusion, Black asserted that he feels that sports is a great preparation for life. "The athletic field," began Black, "is a great equalizer. It doesn't matter how rich you are, each athlete must make it on his own. Through athletics, a young person learns many valuable lessons."

The honor of being elected as vice-president of the K.H.S.A.A. is one which Eldon Davidson holds in high regard. "The honor of being elected," says Davidson, "is one of the most rewarding experiences of my professional life. I look at it as being that good."

Davidson, like Black, most certainly has been good for education in the State of Kentucky. Davidson graduated from Hindman High School, spent three years in the Navy, and then enrolled at Morehead State University. At Morehead, he acquired his B.S. and M.A. degrees. He studied additionally at Eastern Kentucky University and Murray State University before receiving his Rank I degree from Western Kentucky University.

After teaching biology and science at Wheelwright, Cordia and Hindman High Schools, Davidson accepted his first principalship at Jenkins High School. After a four-year stint at Jenkins, he was named principal of Monticello High School in 1965, the position which he still holds.

Davidson, who represents regions 11 and 12 on the Board of Control, likes the new, stiffer educational requirements for athletes. "I think," states Davidson, "that athletics do have a place. But we should renew our efforts to make sure people understand that athletics is extra-curricular only and that it should take second place to academic efforts."

He feels that although athletics unite student bodies and communities, athletics should not be the main goal of education. He adds that "Kentucky has about as much good from both ends as you can get."

Davidson and Betty, also have three children. Their oldest is Karen March, 24, followed by John Walter, 22, and Richie Lando, 15.

Concerning the Board of Control, Davidson concluded that "I am honored to be associated with ten of the best men in the state. They are all very honest and their decisions represent sincere and heart-felt feelings."

"KENTUCKY
ATHLETIC
DIRECTIONS"

A "Tip of the Hat" to two recent retirees:

ANDY HOPKINS recently retired as Director of Athletics of the Fayette County School System, a post he held for the past 14 years. Andy had been actively involved in high school athletics for 32 years; the last 23 years in Kentucky. The Portsmouth, Ohio native moved from the coaching ranks at Henry Clay High School to Assistant Principal and finally to the Central Office of the Fayette County Schools as Director of Athletics in July of 1969.

Andy had been instrumental in the formation of the Kentucky High School Athletic Director's Association and served as its President for two years. He has served on several N.I.A.A.A. committees and has been a true leader in Kentucky High School athletics.

GENE MINTON recently retired as Athletic Director of Atherton High School in Louisville; a post he held for 13 years. Gene has been actively involved in high school athletics for the past 24 years. An Evansville, Indiana native, Gene has served as the manager of the State Wrestling Championship the last 11 years as well as the State Soccer Championship the past 3 years.

Gene was the first President of the Jefferson County Athletic Director's Association, the first such group in Kentucky to be formed. He also helped in organizing the first chapter of the Fellowship of Christian Athletes in the Jefferson County area.

Long a member of the N.I.A.A.A., Gene has aided tremendously in elevating the KHSADA to its high standing and regard at the annual National Conferences.

BEST OF LUCK TO YOU BOTH! CONGRATULATIONS ON TREMENDOUS CAREERS IN KENTUCKY ATHLETICS. YOU WILL BE SORELY MISSED BY YOUR FELLOW ATHLETIC DIRECTORS.

RATINGS ON BASKETBALL OFFICIALS WILL BE PUBLISHED IN THE OCTOBER “ATHLETE.”
FOOTBALL PUBLICATION CORRECTIONS

RULE BOOK - Page 7 — 1-3-1 — 2nd sentence add “white” after the word “solid.”

SITUATION #1: First and 10 for A from B’s 35-yard line with 30 seconds to play in the (a) 2nd period, or (b) 4th period. A1 is tackled inbound after gaining 5 yards and during the down B1 commits a personal foul. After the penalty is assessed, it is 1st and 10 for A from B’s 15 with 20 seconds remaining in the period. The referee starts the clock on the ready-for-play, and it expires before A can snap the ball. In error, the officials do not allow Team A an untimed down, although the penalty was accepted for a foul which occurred during the last timed down of the period. While in the dressing room, about 5 minutes later, the coach of Team A realizes a rule has been misapplied. The coach contacts the referee regarding the situation.

RULING: The error of not extending the period with an untimed down in either (a) or (b) cannot be corrected. Even though in (a), the ball will not become alive for the next play until it is kicked, it is too late to question the preceding play. In order for the procedure to be administrative, the coach must initiate a review of the play within 25 seconds which is the normal ready-for-play period. The coach would be entitled to a review only if a proper request for such a conference was made within a 25-second period after the 2nd or 4th period had ended. This play illustrates the importance of the referee glancing to either sideline and taking a few seconds before holding the ball to indicate the end of the half of game. The referee would normally be able to tell whether there is a problem concerning the last play if this procedure is followed. If the play in question was the final one in either the 1st or 3rd period, the request for review could be made and honored until the ball becomes alive to begin the next period. (3-3-3a, 3-5-8)

SITUATION #2: Since the players no longer report to the umpire regarding required numbers, how will the official know which player(s) are using the exception?

RULING: When fewer than 5 players numbered 50-79 are on the line, each player with another number initially position between the ends is considered to be under the exception. Once a player(s) initially assumes such a position, he remains ineligible throughout the down regardless where he is at the snap. In addition, Team A must be in a scrimmage formation at the snap. (7-2-1a)

SITUATION #3: A1 throws a forward pass. B1 commits pass interference. A2 catches the pass and scores a touchdown. Is the penalty enforced on the succeeding kickoff?

RULING: Yes. Since the defense fouled during a down which resulted in a successful touchdown, the penalty may be enforced on the succeeding kickoff. The only exception is when it occurs during the last timed down of a period. In that case, the penalty must be declined in order for the touchdown to stand. (3-3-3, 10-5-4)

SOCCER PUBLICATION CORRECTIONS

Rule Book. Page 39, 3-3-3d. e. - Beginning with the fourth line it now reads, “who can report and enter the game without causing a delay. This is to allow for easier substitution without interrupting the flow of the game.”

Exam #55 - Change “referee” to “head referee.”

SITUATION #1: Visiting Team B refuses to play a game, demanding a forfeit, because the field is only 100 yards long instead of 110 yards

RULING: Illegal. The 110-yard minimum is a recommendation, not a rule. (1-1-1)

SITUATION #2: Before the game, the official inspects the corner flags and finds they are (a) 4 feet high; (b) 3/4 inches in diameter; (c) made of metal

RULING: (a), (b) and (c) are all illegal. The corner flags shall be at least 5 feet high, at least 1 inch in diameter and made of wood, plastic or plastic foam. In this case, the official would rule the corner flags unsafe and not use them, but play the game. (1-3-1, 1-3-2, 5-2-2)

SITUATION #3: Player A is taking a corner kick on a field which has a fence close by. Player A removes the corner flag so that he can kick with more freedom

RULING: Illegal. The corner flag cannot be removed for any reason. (1-3-3)

SITUATION #4: Home Team A provides three similar balls which meet standards but are not among those officially approved by the National Federation. The referee allows them to be used for game play

RULING: Legal (2-2-4-NOTE)

Volleyball Publication Corrections

Rule Book - Page 23 — 9-3-3 — After (2) now reads, "...until the ball is considered to have crossed the net (9-7-7);" Page 27 — 9-7-7 Add (d) — No part of the ball has crossed the net and it is legally blocked. Page 48 — 9-3-3E — Ruling (a) now reads "Illegal: net foul on Team B unless Team A has completed their attack; (b) and (c) illegal, backline player foul on CB of Team A." Page 49 — 9-5-1D — (b) now reads, simultaneously with her forearms while ..." Page 50 — 9-6-2G — In Ruling, interchange the words “successful” and “multiple.” In Ruling, add to (a) “Team B” and to (b) “Team A has completed its attack.” Page 52 — 10-1-1C — Now reads, “Team B’s substitute reports the wrong numbers for the substitution...” Page 53 — 10-1-1N — Second sentence of Comment now reads, “...however the substitute does not report to the umpire his/her number and the number of the player being replaced.” Page 60 — #4 — Now reads, “...by accepting from the substitute the numbers of the substitute and the player being replaced.” Page 65 — End of last sentence on number 3 now reads, “...signal 2, 4, 6 or 13.”

SITUATION #1: During a time-out, the referee notices a player wearing jewelry

RULING: The referee should call delay of game after the contact of the serve after the time-out. (4-1-5)

SITUATION #2: The umpire notices, prior to the second game, that number 23 and number 14 for Team A are reversed in serving order, according to the lineup sheet. The umpire notifies the coach of the error. The coach then corrects the error on the court.

RULING: Correct procedure. Preventive officiating may occur prior to any game of the match. (5-4-1)

SITUATION #3: After a time-out when 3 new players enter the game the captain from Team A requests a review of her team’s serving order.

RULING: Legal. A request for serving order may be made by coach or captain when the ball is dead. (6-3-1b)
