- Joe Thompson (Mt. Sterling)
MINUTES OF THE BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Hyatt Regency, Lexington, on Friday, March 22, 1985. The meeting was called to order by President Eldon Davidson at 9:00 a.m. with all the Board members, Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioners Brigid L. DeVries and Louis Stout and Sports Information Director Julian Tackett present. Mr. Lloyd Redman was present representing the State Department of Education. Mr. Bob Rogers gave the invocation.

Pat Crawford moved, seconded by Chester Turner, that the minutes of the January 19, 1985, meeting of the Board be approved. The motion carried unanimously.

Jim Nix, Athletic Director of Calloway County High School had requested to appear before the Board to appeal the Board’s decision of January 19, 1985, rescinding the motion of December 21, 1984, mandating that there be four teams in each basketball district. Following a lengthy discussion and comments by other representatives of Region 4, Pat Crawford moved, seconded by David Webb, that the Board go into Executive Session. The motion carried by a vote of 8-1.

Ray Story moved the Board return to Open Session. Bob Rogers seconded the motion which carried unanimously. Pat Crawford made a motion, seconded by Frank Welch, that the Board deny the appeal of Calloway County High School. The motion carried by a vote of 7 in favor 1 opposed and 1 abstention.

David Web moved, seconded by Chester Turner that all bills of the Association for the period beginning January 1, 1985, and ending February 28, 1985, be approved. The motion carried unanimously.

Commissioner Mills announced the results of the recent election for new Board of Control members. Representing Section 6, Ken Tippett received 13 votes, Dr. Betty Watson, 9 votes and Richard Jones received 8 votes. In Section 1, Tom Buchanan received 22 votes, Harold Wood, 8 votes and Richard Vincent received 4 votes.

Mr. Wise gave a brief report on the progress of the Boys’ State Basketball Tournament stating that ticket sales to date were approximately $308,114. Pre-tournament sales for the Girls’ State Basketball Tournament were approximately $6,554.00. He stated that he would provide a more detailed report on both boys’ and girls’ tournaments during the April meeting of the Board. A financial audit of both tournaments will appear in the August issue of the “Athlete”.

Commissioner Mills announced to the Board the results of two eligibility cases that had been appealed to the State Board of Education. In both cases—Michael Buell and Charles Tilley— the State Board of Education upheld the decision of the K.H.S.A.A. Board of Control.

Following a discussion of the proposals to be submitted to the Delegate Assembly, Bob Rogers moved, seconded by Pat Crawford, that the following proposal be submitted as follows:

The K.H.S.A.A. Board of Control proposes that By-Law 21, Number of Basketball Games be changed to read as follows: “The number of basketball games played by a member school after December 31 and prior to the district tournament shall not exceed twenty. No member school which violates this rule shall not be eligible for district tournament competition. Any two county, conference or invitational tournament games played by a member school shall count as only one game for each tournament toward the total game limit of twenty-four.”

The motion carried by a vote of 8-2.

Bob Rogers made a motion, seconded by Chester Turner that the following change be made to Proposal IX:

3. A maximum of eleven (11) regular season games may be played. Pre-season bowl games shall count toward the eleven-game regular season limitation.

The motion carried by a vote of 8-2.

Commissioner Mills expressed thanks on behalf of the Board to Channel 27’s Dave Baker for his coverage of the K.H.S.A.A.’s activities.

Following a discussion regarding experimental use of a smaller basketball by the girls’ teams, it was decided that the K.H.S.A.A. conduct a survey of all member schools to determine their interest in adopting the smaller ball beginning with the 1985-86 season. Commissioner Mills would report on the results at the next Board meeting.

Commissioner Mills announced that the plans were being finalized for the Annual Summer Meeting of the National Federation to be held in Lexington from July 2-6, 1985.

David Webb moved, seconded by Pat Crawford that the following sentence be deleted from Section V., Par B of Rules and Regulations Governing Basketball Tournaments:

“An official who has worked in the State Tournament for two successive years is not eligible to work in the tournament the following year.”

The motion carried unanimously.

President Davidson announced that the next meeting of the Board of Control would be on April 18, 1985, at 4:00 p.m. at the Kentucky High School Athletic Association Office in Lexington.

There being no further business, Bob Rogers moved that the meeting adjourn. Frank Welch, seconded the motion, which passed unanimously.

"KENTUCKY ATHLETIC DIRECTIONS"

The annual business meeting of the Kentucky High School Athletic Directors' Association was held March 22, 1985 at the Hyatt Regency in Lexington.

Election of officers was held - Don Webb from Bowling Green High School was elected President; Bob Jacobs from Louisville Manual High School was elected Vice-President; Jim Watkins from Southern High School in Louisville started his second term as Secretary-Treasurer.

Plans were made for the State Conference to be held in Louisville on April 25, 26, and 27. I would like to see all of the schools throughout the state of Kentucky represented at this important meeting.

Don Webb
KHSADA President

SACRED HEART ACADEMY — GIRLS’ CHAMPIONS
1985 STATE SWIMMING MEET

ELIZABETHTOWN HIGH SCHOOL — BOYS’ CHAMPIONS
1985 STATE SWIMMING MEET

**J.B. MANSFIELD AWARD**

![Dina Disney](image)

The J.B. Mansfield Award was won in 1985 by Dina Disney of Meade County High School in Brandenburg. The annual award given by the Louisville Courier-Journal, is presented in memory of former Kentucky High School Athletic Association Commissioner J.B. Mansfield to the player in the K.H.S.A.A. Girls' State Basketball Tournament who excels in four areas: basketball ability, academic accomplishments, sportsmanship, and citizenship. The selection was made by a committee of school personnel from throughout the state. Miss Disney has maintained a 3.7 grade average ranking her sixth in her class, has been an active participant in many school activities such as National Honor Society, Student Government, Church Youth Group and Concert Choir as well as her participation on the Golf and Tennis teams. She was named Miss Meade County High by students at M.C.H.S. and was named to the All-State Tournament Team for 1985.

**MOST VALUABLE PLAYER AWARD**

![Annette Jones](image)

The Most Valuable Player Award is presented annually by the Lexington Herald-Leader for outstanding play in the Girls' Sweet Sixteen State Basketball Tournament. The recipient is determined by a vote of the coaches of the sixteen participating teams and a panel of sports reporters and media representatives. The Most Valuable Player for the 1985 Girls' State Basketball Tournament was forward Annette Jones of Atherton High School in Louisville. A near-unanimous selection in the M.V.P voting, Miss Jones scored 84 points in her four state tournament games and pulled down 23 rebounds, while dishing out 18 assists.

**K.H.S.A.A. SWEET SIXTEEN ACADEMIC SCHOLARSHIP AWARD**

![Tammy Golden](image)

In 1985, the Kentucky High School Athletic Association awarded the first K.H.S.A.A. Girls' Sweet Sixteen Academic Scholarship Award. Sponsored jointly by the K.H.S.A.A., the Kentucky Educational Foundation and Superintendent of Public Instruction Alice McDonald, this award is to be presented annually to the participant in the Girls' Sweet Sixteen who has excelled both in the classroom and on the playing floor. The award in the form of a $1000 scholarship to the college or university of the recipients' choice, was implemented to further emphasize and illustrate academic accomplishments as well as athletic ability. The first recipient was Tammy Golden of Whitley County High School in Williamsburg. Miss Golden carries a perfect 4.0 average, is active in many organizations such as the Christian Youth Club, Fellowship of Christian Athletes, and the Student Council, and helped lead her lady Colonel teammates to the 1985 Girls' Sweet Sixteen Championship.
TED SANFORD AWARD

To foster the ideals exemplified by Ted Sanford, former Commissioner of the Kentucky High School Athletic Association, the Courier-Journal inaugurated the Ted Sanford Award to be given annually to a player in the K.H.S.A.A. Boys’ State Basketball Tournament who excels in four areas: basketball ability, academic accomplishments, sportsmanship, and citizenship. For 1985, a committee composed of school personnel throughout the state selected Spence Shipley, of Doss High School in Louisville. Shipley maintained a fine 3.9 grade average ranking in the top ten percent of his class, quarterbacked the Doss football team, and played guard on the Dragons’ basketball team which advanced to the semi-finals of the 1985 Boys’ Sweet Sixteen State Basketball Tournament.

MOST VALUABLE PLAYER AWARD

The Most Valuable Player Award is presented annually by the Lexington Herald-Leader for outstanding play in the Boys’ Sweet Sixteen State Basketball Tournament. The recipient is determined by a vote of the coaches of the sixteen participating teams and a panel of sports reporters and media representatives. The Most Valuable Player for the 1985 Boys’ State Basketball Tournament was guard Wendell Quarles of the State Champion Hopkinsville Tigers. Quarles tallied 56 points, had nine rebounds and dished out 20 assists during four games of the State Tournament.

K.H.S.A.A. SWEET SIXTEEN ACADEMIC SCHOLARSHIP AWARD

In 1985, the Kentucky High School Athletic Association created the K.H.S.A.A. Boys’ Sweet Sixteen Academic Scholarship Award. This award is to be presented to the participant in the Boys’ Sweet Sixteen who has excelled both in the classroom and on the playing floor. The award, in the form of a $1000 scholarship to the college or university of the recipients’ choice was implemented to further emphasize and illustrate academic accomplishments as well as the athletic ability. The first recipient was George Harrison “Chip” Nixon of Metcalfe County High School in Edmonton. In addition to his basketball commitments, Nixon maintained a perfect 4.0 grade average, was very active in school activities including the Beta, Pep, and Chemistry/Physics Clubs, and was named Mr. Metcalfe County High, an illustration of his respect among his peers.
1985 K.H.S.A.A. Swimming and Diving Champions

The Kentucky University, Richmond, KY — Friday and Saturday, February 22, 23, 1985

National Mascot of High School Sports
NEWS RELEASE

WRESTLING RULE CHANGES
ANNOUNCED FOR '86 SEASON

KANSAS CITY, MO. (March 27, 1985) — High school wrestling will be more exciting and safer than ever as a result of rule changes announced by the National Federation Wrestling Rules Committee for the 1985-86 season. The interscholastic rules-making body formulated and approved rule changes and modifications during two days of meetings March 19-20 in Kansas City at National Federation headquarters.

The use of rubber-type suits were added to the list of artificial healing devices that are currently listed in the rules. "The rubber, vinyl or plastic-type suits with elastic around all openings tend to eliminate the body from breathing," said Fritz McGinness, assistant director of the National Federation and liaison to the wrestling rules committee, in explaining the safety measure. "These suits can be very dangerous to an individual wearing them while working out."

The committee also discussed the 275-pound weight limitation on heavy weights which goes into effect beginning with the 1985-86 season and affirmed its original decision. The weight limitation will apply to all individuals in the high school wrestling program.

In another move, the rules committee changed the time period for "weigh-ins" for tournament competitions from two and one-half hours to one hour.

"The committee has been greatly concerned about the actual time period between weigh-ins and wrestling competition," explained McGinness. "The change moves the weigh-in closer to competition and is in the best interest of the sport."

McGinness added that another benefit from the rule change would be a reduction in loss of school time.

The committee also introduced one new scoring change which now allows for a technical fall to be scored the same as a fall when the margin of score is 15 or more points. The measure was overwhelming supported by the wrestling questionnaire which reflected nearly a two-to-one margin from all coaches and officials providing input.

Two changes that were approved in starting positions are expected to provide renewed excitement and strategy to the sport. The first change now allows the offensive wrestler to start in a standing position with both hands on the back of the defensive wrestler. The other revision permits the wrestler who has the choice of position to select the up, down or neutral position at the start of the second or third period.

The complete list of rule changes which will effect approximately 250,000 participants at over 8,200 schools during the 1985-86 season are as follows:

1985-86 WRESTLING RULE REVISIONS

4-2-1 Allows wrestlers to wear a neatly trimmed mustache.
4-4-1 Places 275-pound maximum weight restriction regardless of additional weight classes.
4-4-6 Added rubber, vinyl and plastic-type suits to the list of devices used for weight reduction purposes.
4-5-3 Weigh-in for tournament competition reduced for 2½ to 1 hour.
5-1-4 The defensive starting position must allow the offensive wrestler to start from either side.
5-1-5 Now allows for the optional start of the offensive wrestler where he can stand or be on his knees with hands on the back of the defensive wrestler.
5-2 A technical fall will now be awarded when a wrestler has earned a 15-point advantage over his opponent.
6-2-3 The wrestler that has the choice of position may select up, down or neutral at the start of the second or third period.
6-6 New article to follow 6-6-4 which relates to clerical errors in match score.
6-6-5 When a coach questions the misapplication of a rule, the penalty will be assessed against the head coach.
7-4-1 Any action commencing after the end of the third period prior to the end-of-match procedure shall be considered unsportsmanlike or flagrant misconduct.
10-2-1 The article stating that physicians will examine all contestants has been deleted.
10-3 This section will be moved to comments on the rules.

Mail in Annual Participation List for All Sports to K.H.S.A.A.
1985 NATIONAL FEDERATION BASEBALL RULE INTERPRETATIONS
PART II

PUBLICATION CORRECTIONS

RULE BOOK
Page 40—In second line, delete "without pitch." In third line, delete "being made." In fourth line, delete "which." In fifth line, delete "is followed by a pitch." Page 67—In (***) Signals—In (4) of Umpires Signals, delete "ball or," Delete the same from the same (Umpires Signals on page 36 in the Umpire's Manual.

CASE BOOK
Page 19—in play 3.3.1d, revise ruling to read "In (a) and (b), R1 is ruled out and also is banished from the game regardless of obstruction.

SITUATION #24: With two out in the third inning, F1 is removed as pitcher after being hit in the knee with a line drive. F1's replacement takes (a) seven warm-up pitches or (b) nine warm-up pitches. RULING: (a) F1 may return to pitch. In (b) F1 may not return to pitch. However, he may play another position. 3-1-2, 6-2-2-c

SITUATION #25: With R1 on first and one out, the next pitch to B2 is called ball four, but R1 not knowing the steal, goes to second base. F2 throws down to second base. R1 overslides the base and is tagged. Is R1 out?
RULING: R1 is entitled to second base because of the base on balls to B2. However, upon oversliding second base, he forfeited his right to the base. Therefore, he would be out if tagged by the defense. 8-2-e

SITUATION #26: Prior to the game, as the two opposing coaches verify to the umpire-in-chief that their players are dressed in accordance with the rules, one coach shows the umpire-in-chief a batting helmet that has a protective device attached to it. Is the player that has worn this piece of equipment before the game is allowed to wear it?
RULING: If a player needs to wear a head protector with a special protective device, he must wear it. If the protective device is approved in advance of the competition by the state association and must meet the NOCSAE standard, the mechanics for getting a protective device approved is up to the state association. 1-1-4, 1-1-7

SITUATION #27: F1, while in the windup position, after taking his signal, sees R1 break for home plate. F1, without stepping backwards off the pitcher's plate, whips a throw to the plate where (a) F2 tags out R1 or (b) F1 hits the ball up the middle for a single.
RULING: Legal in (a) and (b). Since F1 did not step backwards off the pitcher's plate, his status still remains as pitcher. Therefore, the batter has the opportunity to hit the throw to the plate since it is considered a pitch. 6-1-1

SITUATION #28: F5 throws to left field. B2 walks into the batter's box and picks up the bat that B1 used and prepares to bat. At that point the catcher asks the umpire if the bat that B2 is using is legal. After a thorough investigation, the umpire rules the bat illegal. RULING: In this situation, the umpire is declared out for using an illegal bat, since the infraction was discovered prior to a pitch. Additionally, B2 would be called out since he was in the batter's box with an illegal bat. 7-4-3

SITUATION #29: With two outs and the bases loaded, B4 hits a home run out of the park. R2, at second, (a) maliciously runs over F5 before touching the plate or (b) R2 maliciously runs over F5 before touching third.
RULING: In both (a) and (b), R2 is declared out and ejected immediately. In (a), R1, the runner at third, will be allowed to score. With less than two outs, all runners would score except R2. In (b) with two outs, R2's out would be a force out for the third out. Consequently, no runs would score. With less than two outs, if R1 scored before R2 maliciously ran over F5, R1 would be allowed to score. Otherwise, if the malicious contact occurred before R1 scored, R1 would be returned to third base. 3-3-1 Penalty

SITUATION #30: With the bases loaded, B4 hits a double. However R2 maliciously runs over F5. If all runners are to return to the bases occupied at the time of the pitch and R1 is returned to first base, would R2 return to second base?
RULING: When possible, all runners are to return to the bases occupied at the time of the pitch. However, in this case, B4 must return to first base and R1 would be returned to second base. 3-3-1

SITUATION #31: Team A chooses to use its only remaining substitute in the last inning of the game. However, the substitute forgets to report unbeknown to his coach. The infraction is immediately discovered by the opposing team and brought to the attention of the umpires.
RULING: A team is allowed to finish the game with eight players if because of illness of injury, a player is forced to leave the game and there is no qualified substitute available. In this instance, the entering substitute would be ejected and the game would be forfeited. 4-4-1

SITUATION #32: With runners on first and third base, the pitcher assumes his position on the pitcher’s plate and delivers a pitch. B4, the batter, makes contact with the ball in both hands in front of his body. R1 makes a break towards the plate. F1 steps clearly backward off the pitcher’s plate and then runs several strides towards home plate and throws the ball to F2. The throw gets away from F2 and goes into the dugout. How many bases should R2, who was on first base, be awarded?
RULING: When the pitcher stepped clearly backward off the pitcher's plate, he became an in play. The ball that ended up in the dugout, shall result in all base runners being awarded two bases from where they were at the time the throw left the fielder's hand. R2 would be awarded the base in this situation. 8-3-3-c

SITUATION #33: After the lineup has been announced, but before the first pitch, the coach substitutes S1 for B1. RULING: Legal provided B1 is not batting. If B1 is withdrawn, he has been in the game even though he has not participated. 3-1-1

SITUATION #34: A line drive is deflected by F1 and while still in flight, it caroms off of the shoulder of the umpire and then off the head protector of R1, who is advancing to second base. The ball then is called out by F4 before touching the ground. Is R1 entitled to third base?
RULING: No, the ball remains alive since it is not a catch by F4. Although the ball did not touch the ground, as soon as it touched an umpire or a runner, its status became that of a ground ball. 8-4-2-1

SITUATION #35: B1 hits a ground ball to F5. The throw to F3 is wide and causes F3 to stretch to make the catch. The ball arrives in time, but as F3 attempts to regain his balance, he drops the ball.
RULING: The time element has some influence, but, in case of doubt, the umpire will reule the runner safe. Attempts to regain balance after receiving the ball are usually considered a part of the act of catching and if the first baseman does not come up with the ball in his possession, it is not considered a catch. In all such cases, there is a judgment factor. If the ball is clearly in possession and if some other new movement, not related to the catch, is then made and if the ball is fumbled during such new movement, the umpire will usually declare it a catch followed by a fumble. 2-3-1

SITUATION #36: B1 is on third base, R2 is on second base and two are out. As F1 pumps, R1 starts for home. B5 hits a fair ground ball that F5 fields. He tags out R2 advancing to third base for the third out. R1 touches home plate before B2 is tagged out. F5 now throws the ball to F3 who beats B5 to first base.
RULING: The run by R1 counts. The third out of the inning occurred when F5 tagged out R2. Consequently, he did not need to throw the ball to first base. 9-1-1

SITUATION #37: S1 enters the game to pitch in the second inning, however, he fails to report to the umpire-in-chief and no one declares him out. After he has pitched a few pitches, his status is declared out for using an illegal bat. In the third inning and hits a home run over the fence. Prior to the first pitch to the next batter, the defense recognizes that S1 has not reported to the umpire-in-chief.
RULING: S1 is immediately ejected from the game, the proper batter (the batter he was supposed to have replaced) is declared out and the home run is nullified. If there were any runners on base at the time of the pitch, their runs also would be cancelled and they would have to go back to the bases they occupied at the time of the pitch. 3-1-1 Penalty

SITUATION #38: With R1 at first base, F1 prepares to pitch to B2 from the set position. R1 breaks for second then F1 whiffs on his pickoff attempt and, without hesitation, steps and throws to second base in time to put out R1.
RULING: Legal. It is permissible to throw to an unoccupied base for the purpose of making a play. 6-2-4-b

SITUATION #39: With the bases loaded and two outs, the catcher fails to catch a third strike. Must the catcher throw to first base to retire the batter for the third out?
RULING: No. The catcher, depending on what is most convenient, may choose to simply step on home plate and force out the runner from third. 2-14-4, 7-4-4

SITUATION #40: B1 somewhat attempts to bunt the ball and the umpire-in-chief calls the pitch a ball. The catcher asks the umpire to seek help from the base umpire.
RULING: If there is a reasonable doubt in the umpire-in-chief's mind, he may ask the base umpire for help. 10-1-3

SITUATION #41: On a close play at first base, the base umpire calls B1 out. The coach of B4 objects to the call because he felt that F3 had clearly pulled his foot. He asks the umpire-in-chief to overrule the base umpire.
RULING: The umpire-in-chief must refuse to overrule the base umpire unless the base umpire asks his opinion. 10-1-3
SITUATION #16: In the 110 m high hurdles, B1 knocks over the last three hurdles before winning the event in a record-breaking time. B1, who finishes second, knocks over all 11 hurdles. In the inspector's judgment, A1 was making an honest effort to clear the hurdle, whereas B1 appeared to deliberately knock over each hurdle.

RULING: A1 should be declared the winner and the record would be accepted. B1 should be disqualified for failing to "attempt to clear each hurdle." (5-12-1)

COMMENT: Officials may sometimes give the benefit of the doubt to the hurdler if it is not clearly evident that the hurdler is not attempting to clear the hurdle. However, when the hurdler consistently places his foot on the hurdle gate so as to push it over in advance of his attempt to clear the hurdle, the hurdler shall be disqualified. We believe the rule does not specifically refer to an absence of contact with the hurdle gate, the phrase "attempt to clear each hurdle" implies without contact.

SITUATION #17: In the 4 x 800 m relay, the baton is dropped during the exchange between A2 and A3. While the baton is on the track in the exchange zone, it is stepped on by another runner, breaking the plastic baton. A3 picks up the shattered baton and moves with it, as many other runners continue the race. Following the race, the inspector reports to the referee that while A3 did pick up the major portion of what remained of the baton, it did not pick up the wrapped edge and should be ruled illegal.

RULING: Team A should not be disqualified. They began with a legal baton and the fact that the baton became illegal through use, would not in itself, call for disqualification. (5-4-3, 5-9-7)

COMMENT: The question as to whether the baton was so damaged to present a serious injury hazard to another runner certainly could be a consideration, but not a decision to make after the race was over.

SITUATION #18: After A1 has successfully completed four successive heights in the high jump, a protest is lodged that A1 is wearing illegal shoes. Upon inspection, it is determined that the soles of A1's shoes do exceed 1-inch in thickness.

RULING: A1 will be disqualified from that event. (4-5-7, 7-2-8, S.R. 7.2-2A and B)

SITUATION #19: In the girls' 300 m low hurdle race, as A1 approaches the first hurdle she discovers it is set at the girl's intermediate, or 33-inch, height and in a moment of panic or confusion, decides to run around the hurdle but continues the race and clears the remaining hurdles which are all set at the proper height. Following the race, it is confirmed the fifth hurdle was set at the incorrect height, but the referee disqualifies A1 for failing to attempt to clear the hurdle. A1's coach protests that the race should be rerun because of the administrative error in setting the hurdle at the incorrect height.

RULING: While the referee has the authority to disqualify A1, the referee or the jury a appeals should give strong consideration to the situation that caused A1 to run around the hurdle. In the guidelines for rerunning a race, a meet administration error such as incorrect hurdle setting is grounds for consideration of rerunning the race.

SITUATION #20: In the finals of the 800 m run, a spill near the finish line moves the B1 runner, A1 and B1, who are contesting for second, third and fourth place. A1 finishes first and was in advance of the incident when it occurred. The spill (a) was, or (b) was not the result of foul.

RULING: In (a), the referee would disqualify the offender and could order the race to be rerun with all the remaining contestants entered in the rerun, including A1. In (b), A1 is the winner. The other places would be determined by the order in which the remaining runners finish the race. (3-4-3, 4-5-3, 4-5-5; also see Guidebook "Rerunning a Race," page 33 of the Case Book)

COMMENT: Not every spill results in a disqualification, and not every foul calls for the rerunning of a race.

SITUATION #21: Following a successful vault, the judge noticed that A1 had moved the standards to a minus setting, positioning the crossbar six inches in front of the vault plane of the stopboard.

RULING: The attempt will be considered an unsuccessful or failed trial. (7-4-13)

COMMENT: If the judge had previously warned the vaulters and/or considered this act intentional it could be grounds for disqualification for failing to follow the directions of a meet official. Because of the new rule change this year, judges in the pole vault should exercise some precaution giving prior notice of the attention to the position of the standards as they relate to the plane of the stopboard and caution any vaulter that moves the standards to a minus setting. Meet administration may also consider some officiating aids such as a painted line that would provide a visual reminder when the standards are placed at a minus setting, or even an obstruction that would prevent the standard from being moved toward the runway side of the plane of the stopboard.

SITUATION #22: A1 is wearing gloves in the pole vault and there is a controversy over whether they should be considered an illegal aid. What are the guidelines for determining whether gloves should be permitted in the pole vault event?

RULING: If gloves are worn strictly for protection from the elements (cold weather), they are not considered an illegal aid. When gloves are worn to improve the gripping ability of the vaulter, e.g., a type of glove that features a "surgical-tex" rubber gripping surface in the palm area, the rubber surgical gloves they would be considered an illegal aid and should not be permitted. (7-2-8; S.R. 7.2-8)

SITUATION #23: Pole vaulter A1 fails his first attempt at 14'9" and passes his second and third attempts. When the bar is moved to 15', A1 fails his first try, but clears the bar on the second attempt at that height. B1, who successfully cleared 14'9", cleared 15' on his third try at that height. A1 is declared the winner on the basis of fewest trials at the height at which he occurs, but B1's coach protests that A1 also had two consecutive failed tries prior to his clearing the bar at 15'.

RULING: The protest shall be denied. Rules specifically state that the first tie-breaker will be "the number of attempts at the height at which the tie occurs" and A1 should not be penalized for his strategy in passing after his first failed attempt at the lower height. (7-4-25a)

SITUATION #24: Coming around the final curve of the 1600 m run, A1 who is leading Veers away from the curb and into the path of B1. As B1 starts to pass A1 on the inside, A1 changes direction to stay in the path of B1. There is no contact.

RULING: If it is evident that the action by the lead runner is to prevent B1 from passing, A1 would be disqualified. (4-5-3)

COMMENT: It is possible for interference to occur without any physical contact involved.

SITUATION #25: In the 4 x 1000 m relay, the judges assigned to pick first place declare A1 as the winner. The judges picking second, select A1 for that place. Two of the timers "announce" they timed A1 as the winner, and the other first place timer "picked" B1 as the winner. The winning time better the existing record.

RULING: A1 is the winner. Rule 3-7-2 provides that the decision of the judges picking the higher place shall overrule that of any judge who is selecting a lower place finisher.

COMMENT: The timers should only time the first runner to cross the finish line and leave the decision as to who finished in what order up to the finish judges. The record is valid if three watches timed first place, regardless of the difference of opinion among timers and judges as to who finished first.

SITUATION #26: In a jump-off to break the tie in the pole vault, both A1 and B1 miss at the tying height. Because both feel exhausted, they mutually agree to lower the bar six inches and sort the pole vault judge.

RULING: The bar will be lowered three inches. The interval is established by rule, and it cannot be changed even by mutual agreement (2-2-3 II, 7-4-25).

SITUATION #27: In a conference meet involving eight schools, the 4 x 100 m relay is being run in two sections against time. Team A, the third place finisher in Section One and Team B, the winner of Section Two have identical times.

RULING: Team B is third and Team A fourth. (5-5-7, 5-6-4)

COMMENT: Determining final places by comparing times and places in races run in sections is not recommended, but when it must occur, the priority should be given to place over time when two teams have identical time. Three watches should be used to time each scoring place when times are used to determine all place finishers.

DISCOUNT SPORTING GOODS

Full Grain Leather Covered Basketballs

X10L Men's Official Basketball

Specifications:
Weight: 560-615 grms
Circumference: 29.5-30 inches
Seam: Medium 0.35mm
Graphics: Deep embossed
Valve: Center

X10L-2 Women's Official Basketball

Specifications:
Weight: 18-20 ounces
Circumference: 29 ½-29 inches
Seam: Medium 0.35mm
Graphics: Deep embossed
Valve: Center

Construction:
Bladder is 100% butyl rubber 2-ply construction with self-sealing replaceable valve. 4,400 yards of triple twist 140 denier heat stabilized nylon filament is wound in a 6-ply diamond configuration over the bladder and then encased within a lining of 100% pure natural Malaysian rubber. Full grain leather cover is embossed under 40,000 lbs. of pressure and heat in order to create the deep pebbling. This leather is then cut into individual panels which are individually weighed, measured and split to the precise dimensions required to produce a last built basketball that is perfect in size and shape.
