Pat Crawford, former Principal of Ballard High School in Louisville, and Chester Turner, Principal of Highlands High School in Fort Thomas, were elected President and Vice-President, respectively, of the Kentucky High School Athletic Association at the July meeting of the Board held at Lake Barkley State Park.

Crawford, who is currently serving as a Special Assistant to the Deputy Superintendent of the Jefferson County Schools, served as Ballard’s Principal from 1968 until this past July. Prior to his tenure at Ballard, Crawford served as a middle school principal, assistant principal, teacher and coach at various locations in the Jefferson County system. He has been involved in athletics throughout his education career including a stint as head swimming coach and assistant football coach at Waggener High School.

When asked why he wanted to serve on the Board, and particularly why he wished to be an officer, Crawford said, “I feel as though the Board is in a growing time, experiencing more and more leadership and further developing our values and ideas.” “I enjoy being a part of that and helping to contribute,” he concluded. He probably would have retired this past July were it not for his new office on the Board, but he felt the need to finish this commitment and to offer himself to the Board and to the member schools. His hopes are for the Board and the Association to continue to improve their administrative growths and provide more leadership in such areas as scheduling and the total program. “I would like to see us work closer with academics so that athletics complements academics, and not the reverse,” he said, “and occasionally I am afraid we forget that academics is first.”

Turner, and his wife Marjorie, a retired civil service employee, have one son, Kevin, a 23 year old working in the greater Cincinnati area.

The East Eligibility Committee of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office, Lexington, on Wednesday, August 28, 1985. The meeting was called to order at 10:30 a.m. by Commissioner Tom Mills. Present were Tony Oliger, Chairman of the East Eligibility Committee, Ken Tippett, Chester Turner, Frank Welch and Charlie Wilson.

Commissioner Mills explained that the hearing would be informal and called upon Alice Keys, Attorney for Clayton Plageman, to proceed with her case. Also present on behalf of Clayton Plageman were Karen Plageman, his mother, Principal William Dosch, Bellevue High School; Bilt Penick, Director of the Day Treatment Program; and Alice Martinson, Educational Coordinator, Treatment Programs.

Commissioner Mills had declared Clayton Plageman ineligible to participate in interscholastic athletics based on By-Law 5, Sec. 1 (c). Karen Plageman had requested a hearing before the Board to request that they waive By-Law 5, as it applied to Clayton and declare him eligible.

Following testimony by all parties on behalf of Clayton and questions by the Committee members, Charlie Wilson made a motion, seconded by Ken Tippett that the decision of the Commissioner be upheld in this case. The motion carried unanimously.

Commissioner Mills then called on Bob Tighe who had requested a hearing also to appeal the decision of the Commissioner as it related to By-Law 6, Transfer Rule. Robie and Alicia Tighe were declared ineligible to participate in interscholastic athletics when they transferred from Sayre High School to Lafayette High School.

Following comments to the Committee by Bob Tighe, Mr. Tighe, Robie and Alicia and questions to the Tighes, and a lengthy discussion thereof, Ken Tippett made a motion, seconded by Chester Turner, that the decision of the Commissioner be upheld in this case. The motion carried unanimously.

There being no further appeals to come before the Eligibility Committee, the meeting was adjourned.

SPECIAL NOTICE

Principals and Superintendents:

Reminder! Get your Boys and Girls State Basketball Tournament Ticket Orders in to the K.H.S.A.A. Office by November 1, 1985 to insure priority.
The committee reviewed the state tournament information sheet and made some revisions. It was suggested that a statement be included referring to the fact that substitutions may be made for team members only, not individuals. Bill Frost suggested that regional results be phoned in to the Courier Journal, as well as being mailed to him. It was also suggested that the phone number of the faculty sponsor be included on the regional entry blank. It was suggested that Jackie Reed assist Bill Frost in securing marshals for the 1986 girls' tournament. It was recommended that rule sheets be available for participants at the meeting held the evening before the tournaments.

The next item included a discussion of golf as a fall sport. The committee was unanimous in its support for golf in the fall and will send a recommendation to the July Board of Control meeting at Lake Barkley where this topic will be an item on the agenda.

There being no further business, the meeting was adjourned.

**1985-86 NATIONAL FEDERATION FOOTBALL RULE INTERPRETATIONS**

**PART I**

**SITUATION #1:** On a try for point, placekick holder K1 rises to catch the high snap. K2 is in position to kick. K1 muffs the snap, but he recovers with his knee(s) on the ground; or (b) off the ground.

**RULING:** In (a), the ball becomes dead when K1 recovers with his knee(s) in contact with the ground. K1 may rise and catch an errant snap and still have the ball alive, if he immediately goes to his knee(s); however, after rising, the ball is dead if he recovers while his knee(s) is touching the ground. In (b), K1 may recover and advance the ball, but the ball will become dead if he goes to his knee(s). (4-2-2a Exp.)

**SITUATION #2:** During the last timed down of the 2nd period, A1's pass is out of bounds. B1 elects to run out of bounds and B2 clips in the end zone during B1's run. After the down, A1 and B2 each unsportsmanlike foul. Team A accepts the penalty for situation B1 running a safety. The penalties for the two unsportsmanlike fouls are enforced from the 20-yard line putting the ball at the 50. K1 punts the ball through the end zone. Does this foul the regulation fouls of an untimed down?

**RULING:** Yes. A free kick is a down. In this case, a free kick fulfills the requirement of having an untimed down after the penalty is accepted for a foul which occurred during the last timed down of a period. (8-5-2c)

**SITUATION #3:** Team A scores a touchdown. The ball is placed on the 3-yard line and approximately in the center of the goalposts for the try. The referee declares the ball ready-for-play. Prior to the snap, Team A is assessed a 5-yard penalty for delay of game. Before the ball is again declared ready, the captain of A requests the referee to signal the ball on the left inbounds mark. (a) What are the options for the offended team?

**RULING:** The referee will honor the request. (4-3-5, 4-3-1)

**SITUATION #4:** During an unsuccessful try for point, A2 holds during A1's run. What are the options for the offended team?

**RULING:** There are no options as such. No penalty acceptance or declination is discussed. The try has ended, and there is no replay. No penalty is enforced on the punt. (8-1-1c)

**SITUATION #5:** A1 advances beyond the line to B's 45-yard line. B1 grabs A1's face mask in attempting the tackle. A1 subsequently fumbles at B's 40 and A2 recovers and advances to B's 20-yard line. What options does Team A have?

**RULING:** Team A can either accept or decline the penalty for B1's foul. If Team A declines, A2 takes the possession from the end of A1's run — where A1 fumbled. The 15-yard penalty would put the ball on B's 25-yard line. If the penalty is declined, it is A1's ball on B's 20. When the ball is alive, A2 cannot advance the ball into B's 10-yard line. If Team A accepts a foul for a foul during a specific running play, the basic spot is the end of that run. (10-3-3)

**SITUATION #6:** B1 intercepts A1's pass while he is in his own end zone. B1 attempts to advance and fumbles when hit by A2. The ball bounces from the end zone to the 1-yard line and then back into the end zone. B1 falls on the loose ball in his end zone.

**RULING:** It is a touchback. Team possession has not been established in the field of play. For order in this to be a safety, the fumble would have to occur in the field of play rather than the end zone. (8-2b, 3c)

**SITUATION #7:** A12 and A13 enter the field of play immediately after the snap. (a) They stay near the sideline and do not influence the play, or (b) A12 blocks an opponent, but A13 does not influence the play, or (c) both A12 and A13 block opponents.

**RULING:** In (a) it is a non penalty for illegal substitution. The 5-yard penalty is enforced from the succeeding spot. In (b), A12's foul is illegal participation and A13's is a nonplayer, illegal substitution. A12's foul penalized by administrating the 15-yard under the all but-one principle and A13's is enforced from the succeeding spot. In (c), it is a multiple foul and only one of the illegal participation fouls can be penalized under the all but-one principle. (2-9-1, 10-2-3)

**SITUATION #8:** Team A is leading 21-20 after scoring in the 4th period with 17 seconds remaining. While the kickoff is in flight, R1 blocks the kick and returns it to K's 5. K accepts the penalty for the foul which puts him on the 45-yard line. The clock is started on the ready with 4 seconds remaining. K1 kicks off again and time expires with the ball going out-of-bounds untouched at R's 15-yard line.

**RULING:** The penalty for the foul would be enforced on the next kickoff. K1 will have to rekick during an untimed down extending the 4th period. Also, if K had allowed the 4 seconds to expire without kicking K would have been forced to kickoff during an untimed down. (3-3-3a, 9-3-3a)

**SITUATION #9:** Must the umpire examine each preventive knee brace to make sure it meets the requirements?

**RULING:** No. The certification that his players are legal equipped includes braces, pads and all required equipment. While there are many different types and styles of knee braces, the umpire need not examine them for legality, unless the coach requests such an examination. (1-5-3c, 4)

**SITUATION #10:** What guidelines does the official use to judge whether a back's movement before the snap is a false start or a shift?

**RULING:** The decision is based entirely on whether the movement simulates the start of the play or is clearly intended to cause the defense to encroach. The responsibility is directly on the player who moves to do so in a manner that is clearly not the start of a play. If the movement, it is a false start or a shift.

**SITUATION #11:** Quarterly, A1 moves to his position near the center. A1 looks over and signals the team to take their set positions. A1 then: (a) takes a step forward and places his hand under center, or (b) bends down and moves his hands forward unoccupied.

**RULING:** The movement in both (a) and (b) is a shift. The ball cannot be snapped nor can motion be started for at least 1 second after A1's shift. (2-27, 2-7-5, 2-7-5)

**SITUATION #12:** R1 is near one sideline on his own 10-yard line waiting for K1's high kickoff to come down. In positioning himself, he has one knee on the sideline and one foot inadvertently crosses the yardline of-bounds: (a) the kick crosses the plane of the sideline and is then touched by R1; or (b) R1 muffs the kick-out-of-bounds and he touches the ball before it goes out of bounds. (a) In (a), R1 failed to touch the ball before it crossed the plane, R has caused it to be out-of-bounds and will have the ball at the inbounds spot. (2-3-1, 6-1-8, 9)

**SITUATION #13:** Placekick holder K1 rises to catch a high snap. K1 muffs the snap, catches it and then drops to his knees.

**RULING:** The ball is alive since K1 did catch the snap. He may hold for a kick or again rise to run pass, etc. (4-2-2a Exp.)

**SITUATION #14:** If the coach of Team A has a player request a time-out to discuss a rule interpretation can Team B also use the timeout while discussing the interpretation?

**RULING:** No. Also, Team A can use the time-out with one coach while the other coach is discussing the rule interpretation with the referee. If the referee is correct in his interpretation and Team A has not used up all their time-outs, he will charge them with a time-out and let them use the remaining time if there is any left. If no time is left the play is started. If Team A does not have a time-out remaining and the referee is correct, Team A is penalized with a delay of game penalty. If the referee is wrong, he will explain to both teams and penalized as he would after any official's time-out. (3-5-3, 3-6-2 c)

**SITUATION #15:** It is 3rd and 6 from B's 40-yard line. A1 advances to B's 30 where B1 grabs his face protector in attempting the tackle. (a) A1 fumbles but A2 recovers and advances to B's 20; or (b) A1 hands off to A2 who is subsequently tackled on the 20; or (c) A1 pitches back to A2 who advances to B's 18-yard line. Where is the basic spot of enforcement if A accepts the penalty for B1's foul?

**RULING:** Team A can use the time-out with one coach while the other coach is discussing the rule interpretation with the referee. If the referee is correct in his interpretation and Team A does not use up all their time-outs he will charge them with a time-out and let them use the remaining time if there is any left. If no time is left the play is started. If Team A does not have a time-out remaining and the referee is correct, Team A is penalized with a delay of game penalty. If the referee is wrong, he will explain to both teams and penalized as he would after any official's time-out. (3-5-3, 3-6-2 c)

**SITUATION #16:** Following a down, there is a fight between A1 and B1. and: (a) none of the officials observe which player actually struck the first blow; or (b) A1 struck first and B1 retaliated; or (c) B1 struck first and A1 retaliated.

**RULING:** In (a) and (b), there would be no penalty. In (c) B1 would be penalized for illegal participation and A1 would be penalized for illegal participation plus illegal personal foul. (9-4-1, 10-2-4)

**SITUATION #17:** Replaced player A12 attempts to get off the field of A1's side, but the ball was snapped before he gets out-of-bounds. (a) In (a) illegal substitution foul which occurs simultaneously with the snap. The correct 5-yard penalty is enforced from the spot. (10-4-2, 4a)
