Steroids Harmful Substitute To Weight-Training Program

Bodybuilding has come a long way from the days of the old Charles Atlas advertisements - the ones in which the 98-pound weakling, by lifting weights, finds the strength and confidence to confront the bully who kicked sand in his face.

More and more young people, girls as well as boys, are hitting the weights and exercise machines. As they do, parents are becoming concerned about some potential dangers, including overtraining, injury and exposure to a subculture in which the use of anabolic steroids is becoming prevalent.

Teenagers begin bodybuilding for a variety of reasons. Psychologist and weight-lifter Wes Ledom, Ph.D., said, "One of the reasons that bodybuilding has been around for years is to improve athletic performance. In the early 1960s, more teens began bodybuilding because of the emphasis on body image and the importance of the body in communicating who we are." Other reasons according to Dr. Ledom, include maintaining health and developing the body's full potential.

Jeff Roitman, Ph.D., director of Cardiac Rehabilitation at Research Medical Center, agreed that athletics and the desire to make the body more attractive play a big part in the bodybuilding phenomenon. "Strength training has become a big deal in college athletic departments and filtered down to high school and junior high," Dr. Roitman said.

What should your attitude be if your son or daughter decides to begin a weight-training program? "Bodybuilding and weight-training can be just as healthy and rewarding as any other activity if it's done properly," Dr. Ledom said. "Don't look at it as something weird or strange. As with any other activity kids get into, it's helpful to learn about it and stay involved." Dr. Ledom recommended the magazine Muscle and Fitness as a good source of information because, unlike some other bodybuilding publications, its articles are well researched and accurate.

Any weight-training program a young person enters should be supervised by a competent adult. Without proper coaching and guidance the young person risks sustaining injuries and over stressing the body. But how are parents to know if the supervision is competent? Dr. Roitman suggested some things to watch for.

First, a good program will emphasize many repetitions of an exercise using relatively light weights rather than just a few repetitions with heavy weights. Second, as a general rule, training on machines is preferable to training with free weights. "Machines tend to make you do the exercise properly," Dr. Roitman said.

One disadvantage of weight training is its almost total emphasis on the muscles. "Weight training is mostly developing muscle size and strength but does not generally increase cardiovascular endurance," Dr. Roitman said.

He recommended combining aerobic exercises, such as jogging and swimming, with any weight-training program. He also discouraged as unnecessary the use of vitamin and protein supplements advertised in most bodybuilding magazines. A balanced diet based on the traditional four food groups should provide sufficient energy and protein.

Perhaps the biggest concern a parent may have when a child becomes involved in bodybuilding has nothing to do with bodybuilding itself, but with the potential use of anabolic steroids as an adjunct to training. Make no mistake about it — these drugs are dangerous.

Anabolic steroids are synthetic forms of testosterone and other male hormones. Any use of them is a deliberate attempt to upset the body’s normal hormonal balance. When used with a training program, steroids can indeed increase muscle size and strength. Thus, for a quick gain in two areas of paramount importance to teenagers — athletic prowess and enhanced appearance — many are willing to risk some future (and to them nebulous) negative consequences.

The consequences for males include: testicular atrophy, lowered sperm count, and enlargement of the breasts. Females may experience disruption of the menstrual cycle, uterine atrophy, the development of masculine features such as facial hair, deepening of the voice, and reduced breast size. Both males and females may experience liver dysfunction and tumors and a marked increase in mood swings and aggression. And that's just a partial list.

Increased aggression is so common and so severe it has developed a street name, "roid rage," which refers to the explosive and irrational behavior exhibited by many regular steroid users.

Aside from warning children about the dangers of steroid use, parents need to be alert for signs that their advice has been ignored. It's often difficult to tell when a person is using steroids; but two signs to watch for are sudden, unexplained weight gain and unusually aggressive behavior on a regular basis.

If you discover your child is on steroids, Dr. Roitman advised medical intervention. A cold-turkey withdrawal from steroid use can result in a phenomenon called "estrogen rebound" (a sudden increase in the female hormone in both men and women) which can have some nasty consequences. A program of medically-supervised withdrawal can limit the damage.

A weight-training and bodybuilding program can be healthy exercise and a boost to self-confidence if done correctly, is well-supervised and has personal health as a primary goal.
Newly Elected Board Of Control Members

Bob Rogers  Jack Portwood  Alvis Johnson

Three new members have been elected to the Kentucky High School Athletic Association Board of Control, with terms in office to begin in July. Alvis Johnson, Assistant Principal at Harrodsburg High School, Jack Portwood, Principal at Lincoln County High School, and Bob Rogers, assistant Superintendent of the Murray school system will be the new members of the Board.

Johnson is a former member of the Board of Control, having served as minority representative for regions 9 through 16 from 1980 through 1984, and will replace Tony Olinger of Lexington. He is a native of Hopkinsville, Kentucky, a graduate of Christian County High School, and received his college degrees from Western Kentucky University. He began his career in the Christian County school system where he stayed for three years before moving to Harrodsburg. His duties at Harrodsburg have been numerous as he has served as a teacher, Assistant Principal and Athletic Director. He has also served for many years as head football coach, and led his 1988 Pioneer squad to the state championship game in Louisville.

Johnson feels he will be at an advantage coming on to the Board after having served a term in the past. “It took me a year and a half just to learn the procedures and what was going on,” he said, “I feel I will be better able to serve my constituents during this next term in office.” One major change he has noticed, is the inconsistency in eligibility rulings by the Board and the State Board in the time since he left the Board. “I am sure the State Board’s playing of a more active role has had something to do with this, but many athletes are being made eligible today who simply would not have played in 1980. I think we have to look at that and try to establish a more consistent pattern.” “Before I leave the Board at the end of this next term, I would like to see us also work to improve our system of placing teams in districts and regions in basketball and football, as well as perhaps modifying and improving our football playoff system.”

Johnson and his wife Rosetta have two sons, Derrick, 10, and Dennis, 9, both students at Harrodsburg.

Jack Portwood comes to the Board after a long and successful tenure as Principal at Lincoln County. Portwood, who will replace Ken Tippett of the Woodford County School System as the representative for Regions 11 and 12 has been serving in his current position at the Stanford school since 1974.

A graduate of Letcher High School, Portwood attended Lindsey Wilson Junior College of a basketball scholarship before transferring to Eastern Kentucky University where he completed his Bachelors and Masters degrees, and his Rank 1 Certification.

Portwood began his teaching career as a social studies teacher at Stanford High School in 1962, and has spent the last twenty-four years as a principal in the Lincoln County system, including the last fifteen in his current position. He is active in various professional associations having served as President of the Lincoln County Education Association, a member of the Board of Directors of the Kentucky Association of Secondary School Principals and a member of the Kentucky Association of School Administrators and the National Association of Secondary School Principals.

On coming onto the Board, Portwood said, “I am certainly looking forward to the opportunity of working with this fine group, and helping in any way I possibly can.” Portwood and his wife, Donna, have a daughter, Ramona, a graduate of Eastern Kentucky University.

The third new member of the Board is another returnee to the organization, Bob Rogers, Assistant Superintendent of the Murray School system. Rogers, who will replace outgoing Board of Control President Tom Buchanan, Superintendent of the Lyon County School system, served on the Board from 1981 to 1984, and will represent regions 1 and 2.

A graduate of Christian County High School, Rogers received his BS from Bethel College, his MA from Austin Peay, and his Rank I from Murray State University. His career in education began at Male High School in Louisville in 1966 before he moved on to Earlinton for two years, followed by two years at Henderson. He returned to Earlinton for two years as Principal and coach in 1971, before spending two years as an assistant principal at Christian County. In 1976, he assumed the position of Principal at Webster County High School, where he stayed until 1980 when he became Principal at Ballard Memorial High School. He assumed his current position in 1987.

He has been active in many professional organizations including the Kentucky Association of Secondary School Principals, the Kentucky Association of School Administrators, the Western Kentucky Association of School Administrators, the Western Kentucky Secondary Principals Association, and served as Vice-President of the Board of Control during the final year of his previous term of the Board. He is also active in the community as a member of the Rotary Club and the Chamber of Commerce, and is a District Chairman of the Boy Scouts of America.

He and his wife Gayle have two children, Jeff, 22, a senior at Western Kentucky, and Angie, 20, a sophomore at Murray State.

1) Trophies - Suggested changes the Committee would like to see in the trophies that are presently given to the championship winners - possibly indicate in some way the sport they represent.
2) Baseball Season Extension - It was recommended that a survey be sent to all baseball playing schools for their input on extending the season one week.
3) Two-day State Track Meet format - No recommendation.

Commissioner Mills reported on the Referendum which had been mailed to all schools concerning changes in By-Law 25 to restrict summer activity in football and basketball. The results are as follows: 132 favored the proposal and 118 opposed. Therefore, since the proposal did not receive a two-thirds majority of all votes, the proposal failed.

Asst. Commissioner Louis Stout advised the Board of the results of the Soccer Survey: 184 schools stated that they would not sponsor Girls' Soccer while 21 schools voted to field a team. Therefore, since 25% of the member schools did not vote to sponsor Girls' Soccer competition, the K.H.S.A.A. will not sanction Girls' Soccer for the 1989-90 school year. Marvin Moore made a motion, seconded by Pearl Ray Lefever, that Vice President Sam Chandler and Charlie Miller be named Delegate and Alternate respectively to the forthcoming 70th Annual Meeting of the National Federation to be held in Westley Chapel, Florida, beginning June 25, 1989.

Following a discussion regarding a request that juniors be permitted to try-out for the ABA/USA Summer Olympics, Charlie Miller made a motion, seconded by Marvin Moore that the Board waive By-Law 30 and permit these students to tryout for these teams. The motion carried unanimously.

Asst. Commissioner Stout discussed with Board members possible facility problems which might be encountered if the size ball is changed from 12.5 to 11. Charlie Miller made a motion, seconded by C.K. Henry, that the schools be surveyed to determine their preference on the size ball to use. The motion carried.

The next item on the Agenda was a discussion of a four team basketball tournament to be held in December sponsored by the Association and WKYT-TV with all proceeds going to the Dawahares/K.H.S.A.A. Hall of Fame. Marvin Moore made a motion that the Commissioner proceed with negotiations. Tony Olinger seconded the motion which passed.

The next meeting of the Board of Control is scheduled to be held at Lake Barkley from July 27-29.

There being no further business, Liz Trabandt made a motion the meeting be adjourned. Charlie Miller seconded the motion which carried unanimously.
The 72nd Annual Meeting of the Kentucky High School Athletic Association was held on Friday, April 21, 1989 at the K.H.S.A.A. Office Building, 560 East Cooper Drive, Lexington. The invocation was given by C.K. Henry.

The motion carried unanimously. (The Commissioner’s report is printed elsewhere in this issue of the “Athlete”.)

President Buchanan stated that presentation of proposals was the next order of business.

Principal Larry A. Gritton, Oneida Baptist Institute proposes that a section "e" be added to By-Law 6, Transfer Rule, to read as follows: "The Commissioner may waive the Transfer Rule on a one-time basis for students attending a boarding school on a full-time basis as a boarding student who are placed through recommendation of the courts or upon the recommendation of the principal of their previous school". Richard Goodman moved, seconded by Jude Talbott, that Proposal I be adopted. The motion passed by a vote of 51-13.

PROPOSAL II

Principal Blake Haselton, Oldham County High School and Arnold E. Holbery, Head of Louisville Collegiate School propose that a section be added by By-Law 6, Transfer Rule to permit the Commissioner to waive the rule for "foreign exchange students participating in United States Information Agency-designated Teenage Exchange Visitor Programs who meet all other requirements of the Eligibility Rules and Regulations, may be granted a waiver from the period of ineligibility valid only for one school year. Any approved exchange student who seeks eligibility for second year will be subject to all provisions of the Transfer Rule, including the 36-week ineligibility period. The Commissioner may not waive the Transfer Rule under any circumstance for a student who is a graduate of a foreign school equivalent to our 12-year program". Mike Stratton moved, seconded by Bill Wells, that Proposal II be adopted. The motion failed by a vote of 22-42.

The Board of Control of the Kentucky High School Athletic Association proposes that By-Law 3, Age be changed to read as follows: "A student who becomes nineteen (19) years old before August 1 shall be ineligible for interscholastic athletic competition (NOTE: a student who becomes 19 on or after August 1 shall remain eligible for the entire school year.)" Jim Reed moved, seconded by Bob Schneider, that Proposal III be adopted. The motion passed by a vote of 46-18.

Mike Stratton moved, seconded by Homer Brown, that the meeting be adjourned. The motion passed unanimously.

Game Guy Award
STEVE FRANCIS

The Game Guy Trophy is awarded to a high school athlete in the State of Kentucky who has overcome a physical handicap and participated in high school athletics. Steve was the unanimous choice of the Kentucky High School Athletic Association Game Guy Award Committee for the 1989 trophy.

Steve is a senior at Glasgow High School in Glasgow, Kentucky, where he plays basketball. He is also active in other school clubs and organizations.

Steve lost his left leg below the knee in a traumatic accident at the age of 17. When Steve received his first artificial leg, he began the rehabilitation process by walking and generally adjusting himself to his new leg. Steve’s goal was to play basketball his senior year. He had to overcome a great physical handicap in order to do so.

Steve began trying to play in June of 1988. Physically he had trouble running up and down the court, lateral movement was limited and his leg became very sore which made it difficult for him to practice more than twenty to thirty minutes per day. When we started conditioning in September, he lifted weights, jumped rope, and rode a bicycle instead of running on the track.

In late November of 1988, Steve received his final artificial leg. This leg weighed less and had a flex foot attached. Through Steve’s hard work and determination one could see physical improvement. His speed and endurance had improved greatly, along with his lateral quickness and jumping. His physical development has made it possible for him to play four to eight minutes in most of our basketball games and he had made some valuable contributions to a team that was ranked second in the fourth region.

It was a dream come true when Steve played in his first basketball game with his prosthesis.

K.H.S.A.A. SWEET SIXTEEN ACADEMIC SCHOLARSHIP AWARD

Instituted in 1985, the Kentucky High School Athletic Association Sweet Sixteen Academic Scholarship Awards are designed to honor one or more participant(s) in the Boys' and Girls' State Tournaments who have excelled in the classroom and on the basketball floor. The awards are in the form of financial assistance to be used at the Kentucky college or university of the recipient's choice to help offset educational expenses. For 1989, the Dawahares stores provided the funds for two scholarships for participants in the boys tournament and one for a participant in the girls' tournament while the Frankfort Organizing Committee provided an additional scholarship for a participant in the girls' tournament.

For the 1989 Tournaments, three winners were selected. Travis McAfee of Madisonville excelled in the classroom as well as helping lead his team to a berth in the Boys Sweet Sixteen Tournament. Alicia Rainey of George Rogers Clark was named as the Dawahares scholar for the girls' tournament while Lisa Weismueller of Henry Clay was named the winner of the Frankfort Host Committee Scholarship. NOTES & QUOTES

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS
All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams’ last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school’s legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

CONGRATULATIONS TO WILSON COACHES OF THE YEAR
Congratulations are in order to several coaches who have been nominated for the Wilson 1989 National Coaches of the Year. Those coaches nominated include Owen Hauck of Boone County (football), Berny Miller of Danville (boys’ basketball), Roy Bowling of Laurel County (girls’ basketball), E.G. Plummer of Danville (boys’ track), Reba Woodall of Bryan Station (girls’ track), Mac Whitaker of Harrison County (baseball), Mike Thomas of Union County (wrestling), Joel Cyganiewicz of Elizabethtown (swimming), Gordon Bocock of Pulaski County (cross country), Betty Dwyer of Holy Cross in Louisville (volleyball), Steve Kaufman of Holy Cross in Louisville (softball), Tony Guffy of Ballard (soccer), Danny Spillman of Bowling Green (golf), and Joe Kroh of St. Xavier (tennis). In addition, Mary Burks of Holy Cross in Louisville was nominated for special sports, and Paul Young of St. Xavier was nominated as an athletic director. The nominations are made to Wilson by the state coaches associations.

NOTES CONCERNING ACADEMIC ALL STATE NOMINATIONS
The certificates for persons being named Academic All State Teams for the Fall and Winter sports periods have been mailed to the member school athletic directors who submitted nominations. Please note, that if your school uses a weighted grade point average, or some other system which is not a standard 4.0 system, you will need to convert the grades to a 4.0 scale for your athletes to receive consideration. Thanks again for your cooperation.

OFFICIALS INVITED TO ATTEND MEDICAL SYMPOSIAUS

The members of the KMA Committee on School Health, Physical Education and the Medical Aspects of Sports would like to invite all high school sports officials to attend the Sports Medicine Symposiaus at no cost for registration. The committee feels it is very important to work with the sports officials for rendering the best care to high school athletes. ATTENDANCE AT THE SYMPOSIUMS IS NOT A REQUIREMENT FOR OFFICIALS. However, considering KMA's generous offer, officials who have the time and are available to go to a symposium should consider doing so. The complete schedule is listed elsewhere in this month's issue of the "Athlete".

TRAINERS WORKSHOP SET FOR E.K.U.

Cramer will again sponsor a workshop for athletic trainers at the campus of Eastern Kentucky University. The clinic will be held on June 4-7. Prospective student delegates may contact Bobby Barton at Eastern or write to Athletic Trainer Workshops, Cramer Products, P.O. Please submit these open dates in writing and include 1) the game date desired, and 2) a contact name and daytime phone number.

The following is the list of schools with open dates who have reported their 1989 schedule to the Association. The only schools listed are those who have an open date listed, but have not filled their eleven game limit. At press time, 149 of the 200 schedules have been submitted.

SCHEDULE OF MEDICAL SYMPOSIA

The following is the revised schedule of the Medical Symposiums required by the State Department of Education for all Head Coaches in K.H.S.A.A. sanctioned sports. The dates which are underlined are those that have changed dates, or additional sites since the last issue of the Athlete, and since the time the letter was mailed to member schools. A letter has been sent to all schools informing them of this important change approved by the State Board of Education. This new regulation requires bi-annual attendance at one of the approved Medical Symposiums. THESE SEMINARS HAVE NOTHING TO DO WITH THE CPR REQUIREMENT. THEY ARE A COMPLETELY SEPARATE REQUIREMENT.

Beginning this year, bi-annual attendance is required for all Head Coaches in K.H.S.A.A. member schools in sports sanctioned by the Association. If you attended a seminar in 1988, you do not need to attend a 1989 symposium. The schedule for this year is as follows --

April 22 - University of Louisville (502)637-3636, Dr. Raymond Shea, Suite 150, Audobon Medical Plaza, 40217

NEW NCAA GUIDE TO COLLEGE FRESHMAN ELIGIBILITY MAILED TO ALL SCHOOLS

A copy of the Guide to College Freshman Eligibility Requirements for NCAA Division I and II schools has been mailed to all principals and guidance counselors at public, private and parochial schools in the United States. This brochure is helpful in summarizing the Association's initial eligibility requirements, and additional copies may be purchased from the NCAA at P.O. Box 1906, Mission, Kansas, 66201.

CORRECTION ON WRESTLING CLINIC

In the pamphlet describing the re-registration procedure, the wrestling clinic schedule contained a minor error. The site of the November 21 clinic in Louisville will be the Kentucky School f/t Blind, not Seneca High School as was stated on the listing. Please make this correction.
For 1989, Michael Burd of Hart County was named the recipient of the Ted Sanford Award. Michael excelled in virtually all phases of his high school career including athletics, community and church service, and in all phases of leadership around the school. Burd has decided to forego a collegiate playing career in favor of the military, but his contributions will be long remembered by his Raider teammates.

The Ted Sanford Award is given annually by the Courier Journal in memory of Mr. Ted Sanford, the first Commissioner of the Kentucky High School Athletic Association who served as Secretary-Treasurer of the K.H.S.A.A. for ten years before becoming Commissioner, a position he held from 1947 until his retirement in 1972. A committee of school personnel from throughout the state selects the winner from the participant in the Boys State Tournament who excels in four areas: basketball ability, sportsmanship, academic accomplishments, and citizenship.

Inaugurated in 1981, the Lexington Herald-Leader annually presents the Most Valuable Player Awards to the participant in the Boys and Girls tournaments who is voted most valuable by a panel of media representatives and the participating coaches in the tournaments. Unofficial Most Valuable Player recognition had been given by various sources prior to 1981. The Most Valuable Player for the 1989 Boys' Sweet Sixteen State Basketball Tournament was junior Andy Penick, the versatile guard for Dale Mabrey's state championship team from Pleasure Ridge Park. Penick's penetration through the opponent's defense, spectacular passing and clutch shooting was a key ingredient in the Panthers' championship.

Winners of the award have been --

1973 - Rickey Witherspoon, Hickman County
1974 - Ronnie Watt, Warren East

NEWS RELEASE

WRESTLING RULE CHANGES
ANNOUNCED FOR 1989-90 SEASON

Beginning with the 1989-90 high school wrestling season, individual states will have the option of establishing weigh-in times that best fit their own needs. The standardized weigh-in procedures still are outlined in the High School Wrestling Rules Book and are to be adhered to unless state adoption dictates otherwise.

The change was one of seven major adjustments in high school wrestling rules made by the National Federation Wrestling Rules Committee at its March 28-29 meeting in Kansas City.

Currently, Rule 4-5-1 requires weigh-in for dual meets to be completed a minimum of 30 minutes and a maximum of 60 minutes prior to competition. For tournament competition, the requirement is a minimum of 30 minutes and a maximum of two hours prior to the first session each day.

Rule 5-2-7 now will allow a match to continue in a near-fall situation even though enough points had been earned to award a technical fall.

"Rule 5-2-7 was revised to allow more falls,” said Fritz McGinness, assistant director of the National Federation and editor of the high school wrestling rules. “A wrestler who is leading by 13 points and is able to secure a takedown straight to near-fall criteria, will be allowed to continue until the situation concludes or the individual is pinned.”

In other changes, a coin toss will determine which wrestler reports to the mat first, which is the current procedure for determining odd or even weight classes.

Three changes were made in Rule 7. Rule 7-1-5n now lists the over-scissor as an illegal hold. Rule 7-3-1 allows starting position to be corrected prior to a caution, and Rule 7-5-4 now includes questioning the judgment of the referee under misconduct on the part of the coach.

"The figure 4 scissors above the knee and the over-scissor on the lower leg with the knee locked prevents normal movement of the joint,” McGinness said. "In previous years, this hold was illegal because of the pressure against the knee. Now it is considered illegal by application only.”

In the hope of contestants determining the outcome of more matches, the referee can now correct a starting position -— by either the offensive or defensive wrestler — the first time it occurs for either contestant. This correction will precede the caution currently allowed.

The change in Rule 7-5-4 will allow a coach to approach the official at the scorer’s table at least one time without his team being penalized; however, this does not include any conduct of an unsportsmanlike manner.

In addition to now allowing the injured contestant to receive coaching during an injury timeout, Rule 8-2-6 now forbids coaching during the time in which a contestant cannot wrestle because of bleeding.

National Federation wrestling rules are used by more than 8,000 high schools and approximately 250,000 competitors. Wrestling currently ranks as the fifth most popular boys’ sport.

Following is a complete list of rules changes passed by the National Federation Wrestling Rules Committee for 1989-90:

RULE 4-5-1 & 4-5-3: State associations are authorized to establish the time for weigh-in as best fits their individual needs.
RULE 4-5-3: Tournament weigh-in is from a maximum of two hours to a minimum of one-half hour before the first session each day.
RULE 5-2-7: The match will not be stopped if a pinning situation exists.
RULE 6-2-2: Wrestler who reports to the mat first is determined by flip of coin.
RULE 7-1-5n: Over-scissor is now listed as an illegal hold.
RULE 7-3-1: Starting position can now be corrected prior to a caution.
RULE 7-5-4: Misconduct on the part of a coach now includes questioning the judgment of the referee.
RULE 8-2-6: No coaching is allowed during timeout for bleeding.
