At What Cost Is Victory In Athletics?

by Jim Watkins

Win — pressure; victory — pressure; choose — pressure; practice, practice, practice — pressure. Sound familiar? These are the words and ideas that we are preaching to our high school athletes.

Today, high school sports are BIG dollar productions. Victory and winning teams mean dollars for the athletic department, new uniforms, travel, prestige for community. But where are we going with our athletes and their values? What type of future do we see for tomorrow’s players? What have we done to the play for the love-of-the-game attitude? Have we changed to a play-for-the-dollar attitude?

Years ago, many young men and women played athletics for the pleasure and the thrill. It was fun, exciting and for some a little glamour. We loved the games, had fun, celebrated in victory and cried in defeat. Where are we now? What has happened to change these innocent games to mortal combat?

As our society has evolved, we have become a nation of conditional support givers, e.g., “if you win we will support you.” “If you don’t we will go on to something else.” We have replaced camaraderie and team desire with victory and money.

Television, sports publications — the entire media service has placed all athletic events in a win only mode. If we don’t win, we receive little if any publicity. In order to receive media attention, we must produce winners.

How has this winning attitude changed high school athletics? We now specialize. We make athletes decide the sport in which they will participate, what coach they like the best, what perks they are to receive, and then tell them they must give themselves to the program 12 months a year. We practice our athletic teams constantly to keep up with the other coaches and programs. We direct our athletes to summer camps, summer league play, practice out of season (until some get caught), demand total dedication to our phase of life. We have sold ourselves to victory at all costs.

When do kids get to be kids? I am not against working hard as a team to develop a winning program and a proud program. I am concerned with the method we are using to achieve this end. Families now must postpone or even cancel summer vacations or Christmas vacations so that their sons and daughters can play in tournaments or take part in a summer camp. This has added in breaking down the family unit.

We as athletic administrators have let the universities and colleges and the camp organizers (and now the shoe manufacturers) control our very lives. We pay money to universities for summer camps to allow their coaching staffs to view and recruit our young people at our expense. We have allowed rating services to exploit our young people. In our desire to be noticed, we have let others manipulate us and our programs.

It is time we took a look at ourselves and our programs. Our country was built on dedication, desire and the will to succeed. But at what cost is victory? We need to let our athletes experience the athletic arena for the fun and pleasure of the event. We need to look at the recruiting services, the college programs and the media. Athletics has become big business. As administrators we need to review our purpose and re-examine the basic goals for athletic programs. We may have lost sight of our original goals — our purpose for becoming athletic administrators. Do our programs accurately reflect our values?

What Has Happened To The High School Athlete?

by Bob Herring

What has happened to the high school athlete? Has he really disappeared? You could have seen him in the past. The one who walked down the hall, head held high, proud of tradition. The jacket or sweater that had been earned through dedication, sweat and just plain hard work might be seen on that special someone.

Today that spirit and pride has been replaced by the “Spuds.” less filling and tastes great. Pride in the school has fallen in with the feeling that “hey, we’re not really very good so you will probably beat us.” Coaches are trying everything in their bag of tricks to get the athlete “fired up” but the attitude that comes forth is “I am here for my own entertainment and I could just as soon be somewhere else.”

Hard work has been replaced by “is practice going to be very long?” Dedication has been replaced by, “have you seen the new arcade game?” Self-sacrifice has also fallen by the wayside, waiting to be found.

The athlete may not have been the best student in school and his homework probably was not completely correct, but school work was done - handed in on time. There was never the thought of “but we have a game tonight,” “we had a game last night” or “the coach made us practice for two hours.” There were no excuses.

Sportsmanship — is there really such a thing? In high school athletics, sportsmanship should be the overriding theme above all else.

“The ideals of good sportsmanship, ethical behavior and integrity permeate our culture . . . good sportsmanship are those qualities of behavior which are characterized by generosity and genuine concern for others,” according to an article in the October 1989 National Federation News.

All of this has been thrown out only to be replaced by the booping during the introduction of the visiting teams, booping the substitution of a home team member, crying because “I didn’t get to start,” “cat calls” and having the fans more entertaining than the team.

There are 10 educational principles of athletics:

1. Learning to compete within a given set of rules.
2. Learning how to maintain physical well being.
3. Learning the importance of constructive release of energies.
4. Learning how to handle socially acceptable recognition.
5. Learning how to understand other people’s feelings and attitudes.
7. Learning the importance of self-discipline.
8. Learning how to persevere toward a goal.
9. Learning to think under pressure.
10. Learning how to be loyal to a situation, cause, school or nation.

These are not just educational principles but the entire backpack for which the student-athlete should strive to once again be the respected one. The one that the first and second graders look up to and want to be like. The person who was the hero of the game, not the one who had to be pulled for not being in shape because the “Silver Bullet” means more than wanting to win.

Herring has coached wrestling and boys and girls track for 14 years at Encampent High School in Encampent, Wyoming. Reprinted from National Federation News.

MINUTES OF THE BOARD MEETING
December 2, 1989

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn, Louisville, Kentucky on Saturday, December 3, 1989. The meeting was called to order by President Sam Chandler at 8:30 a.m. with all Board members present with the exception of Charles Miller. Also present were Commissioner Tom Mills, Executive Assistant Billy V. Wise, Asst. Commissioners Brigid L. DeVries and Louis Stout, S.I.D. Julian Tackett, and State Department of Education Representative Harry Loy. The invocation was given by Sam Chandler.

The meeting was opened with a continuing discussion of By-Law 6, as it pertained to the transfers of Kristen and Laura Humble, Monticello High School, and of Christina Dierks, a Foreign Exchange Student at Southern High School. Following a lengthy discussion, the Board voted to uphold the Commissioner's rulings in both cases.

Charles K. Henry made a motion, seconded by Liz Trabandt, that the minutes of the meeting held on October 12-14, 1989, be approved as submitted. The motion carried unanimously.

Alvis Johnson moved to approve the minutes of the October 25th meeting of the East Eligibility Committee. Eddie Saylor seconded the motion which passed.

Next on the Agenda was Pat Schiller who addressed the Board on By-Law 6.

President Chandler then called on Donald Butler to speak to the Board to submit a bid on behalf of Owensboro to host the 1990 State Baseball Tournament. Mr. Butler discussed the availability of the site and lodging facilities. Following his invitation and recommendations by Asst. Commissioner Louis Stout, Bob Rogers made a motion that the 1991 and 1992 State Baseball Tournaments be held in Owensboro, and that the 1990 tournament return to the University of Kentucky in Lexington. Huston DeHaven seconded the motion, which passed unanimously.

Mr. Stout advised the Board that a Soccer Association has been established for the purpose of training officials and financing some of the training.

Exec. Asst. Wise introduced the new Sectional Directors -- Jerry Kimmel, representing Section I; Jack Wise, representing Section III; John Radjunas, representing Section IV. George Mercker, the representative from Section II was unable to attend the meeting.

Marvin Moore made a motion that all bills of the Association for the period of October 1-31, 1989, be approved. Alvis Johnson seconded the motion which carried unanimously.

President Chandler called on David Points, Chairman of the Basketball Committee for his report. It was the recommendation of the Committee that the Commissioner determine the Regional Basketball Tournament sites and that he be guided in his decision by reviewing the information contained in the written requests submitted by the schools wishing to host the Regional site. This decision shall be made public through the media by December 15. Objections or concerns of the site selection may be appealed to the Board of Control at the regular scheduled meeting in January. Alvis Johnson made a motion that the Basketball Committee's report be accepted. C.K. Henry seconded the motion which passed unanimously.

Marvin Moore then gave a report of the All-Sports Committee. The Committee had been asked to re-survey the golf schools to determine their desire to return Golf to Spring. The Committee recommended that no survey be conducted until after the 1990 Golf season. The motion was seconded and passed unanimously.
Minutes of the Board continued.

The Committee made a recommendation that a request for Tennis to be moved from Spring to a Fall sport be tabled; recommended a proposal be submitted to the Delegate Assembly providing that the first match in volleyball shall not take place before the 4th Monday in August; recommended that Tennis uniforms contain no advertising of tobacco, alcohol or obscenity. David Points moved to accept the recommendations of the All-Sports Committee with the exception that the uniform recommendation include all sports -- not just Tennis. Sandy Allen seconded the motion which passed unanimously.

Following a discussion of requests that Madison Southern and Rowan County be reclassified in Football for 1990, Bob Rogers moved, seconded by Jack Portwood that these schools remain in their present class for 1990. The motion passed unanimously.

Mr. Wise then presented other requests from Football schools:

1) Virgie High School - request to remain in Class A for 1990 season following merger with Dorton High School. The Board suggested that Mr. Wise survey the schools in Class A, Region IV, District 2 for their recommendations and report his findings at the January meeting.

2) East Hardin/West Hardin (Merge would place them in Class AAAA, Region District 2)

3) Dunbar (new Lexington school to be placed in Class AAAA, Region IV, District 1, 1990 only)

4) Greenwood (new Bowling Green school due to the split of Warren Central to be placed in Class AA, Region I, District 2)

5) North Muhlenberg/South Muhlenberg (Merge of seven county schools would place them in Class AAA, Region I, District 1 starting in the 1993-94 school year.)

Eddie Saylor made a motion to accept items 2-4 as recommended above. Bob Rogers seconded the motion which passed unanimously. The Board tabled item 5.

Commissioner Mills reminded Board members that proposals to be presented to the Delegate Assembly in April should be submitted by the January meeting. He advised the Board members of the nature of the proposals he had received as of November 30.

Mr. Wise reported that $341,025.00 in ticket sales had been received through this date for the Boys State Basketball Tournament. Advanced ticket sales for the Girls State Basketball Tournament had netted $18,280.00. Both of the reported figures show an increase over last year’s receipts at this same time.

The next meeting of the Board will be held in Louisville at the Executive Inn during the Louisville Invitational Tournament. The time for the appeals hearings will be at 1:00 p.m. on Friday, January 19, and the regular meeting will be held at 9:00 a.m. on Saturday, January 20.

In regard to an earlier motion made at the October 14 meeting of the Board regarding a Football game to be played between Elkhorn City and Whitesburg in August of 1990, Bob Rogers made a motion, seconded by Eddie Saylor that Elkhorn City honor their contract with Whitesburg and play at Whitesburg, and that the $1,000. forfeiture fee be waived.

Commissioner Mills gave a updated report of the Building Committee.

Sandy Allen made a motion, seconded by Marvin Moore, that the increase in per diem approved at the July Board meeting be made retroactive to July 1. The motion passed.

Asst. Comm. Stout advised the Board that South Oldham High School had been added to Frankfort Region in Wrestling.

Sandy Allen expressed appreciation on behalf of the Board to the Friends of Athletics for the hospitality shown at the State Football Playoffs.

There being no further business, Liz Trabandt made a motion that the meeting be adjourned. Sandy Allen seconded the motion which passed.

FOURTH ANNUAL WOMEN'S SPORTS DAY SET FOR FEBRUARY 8

National Girls and Women in Sports Day will be celebrated for the fourth year in a row on February 8, 1990, it has been announced by Carol Mann, president of the Women's Sports Foundation. The theme of this year's celebration is "Women and Sports: A Winning Combination."

Events nationwide are being planned by the Women's Sports Foundation, the National Association for Girls and Women in Sport, the Girls Clubs of America, and the Young Women's Christian Association. These five organizations have sponsored the Day since the first one in 1987.

Among the plans for the day are a luncheon in Washington, DC, with Senators, Representatives, and top women athletes. Many schools and colleges across the country will observe the day.

"Every year, the number of local celebrations of the Day grows," noted Mann. "Schools honor their best women athletes, hold reunions of former athletes and plan many other activities. Poster contests and essay contests abound, and recreation facilities use the week to plan special activities of interest to women."

Congress will be asked again to proclaim February 8 National Girls and Women in Sports Day, as it has in previous years.

REMEMBER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

GATORADE CIRCLE OF CHAMPIONS HONORS TWO KENTUCKIANS

Sweeper Tom Neff of Louisville Ballard has been named as the GATORADE Circle of Champions Kentucky High School Soccer Player of the Year, and is eligible to win further honors as the regional and national level. FOOTBALL SCHOOLS ENCOURAGED TO HOLD OFF ON SCHEDULES  
Due to the fact that there is the potential for a significant realignment in football, football playing schools are encouraged not to sign contracts which call for games beyond the 1990 season. The starting date will change in 1991, as well as the district alignment changes, and until this alignment is finalized, probably in the early spring, it would be advisable to hold off from finalizing schedules and contracts.

NOTICE ON COACHING BOX  
Effective this fall, the K.H.S.A.A. is again in compliance with National Federation Playing Rules as they pertain to the coaching box. The box shall be six foot in length, beginning with the mid court line (hash mark) and extended towards the end line. The K.H.S.A.A. has diagrams available to assist in the placement of the box. Also, schools which are forced to use a bench configuration at the end of the floor must have permission from the K.H.S.A.A. in order to use this configuration. In addition, both benches must be in the same relative position, if one is on the end, both must be on the end. If you are in doubt as to the legality of your gym markings, the Association has a diagram available upon request.

IMPORTANT NOTICE CONCERNING DISQUALIFICATIONS  
By Board of Control action, all participants and/or coaches who are ejected from a contest for unsportsmanlike conduct shall be suspended from competition for a minimum of one game.

It also should be noted that officials who disqualify participants, and then do not report that disqualification to the Association office in a timely manner may face suspension from officiating!!

With this in mind, it is important to adhere to the following procedure should a representative of your school be ejected for unsportsmanlike conduct. 1) Be sure you receive a disqualification card from the contest official; 2) Contact this office in writing to request reinstatement of the participant; 3) Inform the participant/coach of the suspension. You will be notified by return mail as to the end of the suspension, and the date or day when the player/coach will be eligible to return to competition. Contest officials also are reminded to use an ink pen and to press hard as the third copy is often illegible if done in pencil.

*NOTE* Any person who is suspended from a contest may not dress for that contest in game uniform. They will however be covered by the catastrophic insurance policy insofar as practice is concerned unless you are otherwise notified.

ATTENTION!
FOURTH ANNUAL WOMEN'S SPORTS DAY SET FOR FEBRUARY 8

NEW YORK — National Girls and Women in Sports Day will be celebrated for the fourth year in a row on February 8, 1990, it was announced by Carol Mann, president of the Women's Sports Foundation. The theme of this year's celebration is "Women and Sports: A Winning Combination."

Events nationwide are being planned by the Women's Sports Foundation, the National Association for Girls and Women in Sports, the Girls Club of America and the Young Women's Christian Association. These five organizations have sponsored the Day since the first one in 1987.

Among the plans for the day are a luncheon in Washington, DC, with Senators, Representatives and top women athletes.

Many schools and colleges across the country will observe the day.

"Every year, the number of local celebrations of the Day grows," noted Mann. "Schools honor their best women athletes, hold reunions of former athletes and plan many other activities. Poster contests and essay contests abound, and recreation facilities use the week to plan special activities of interest to women."

Congress will be asked again to proclaim February 8 National Girls and Women in Sports Day, as it has in previous years.

1989-90 NATIONAL FEDERATION WRESTLING RULE INTERPRETATIONS
PART II

SITUATION #12: In the third period of a match Wrestler A is leading by a score of 10-6 when Wrestler B reverses Wrestler A. As the reversal starts Wrestler A locks hands and this is signalled by the referee. When the reversal is completed the referee awards two points for the reversal and one point for locked hands making the score 12-7. Shortly thereafter the match concludes with the score 12-8. Wrestler A-10 and Wrestler B-9. The referee raises the hand of Wrestler A and both contestants leave the mat area. After the referee has signed the scorecard he notices that the locked hands penalty is the third instruction and should have been two points, which would have tied the score at 10-10.

RULING: This is a correctable error as outlined in Rules 6-3. However, in order to correct this error it must be corrected prior to the offended contestant having left the mat area in tournament competition and prior to the start of the next match in dual meets. Therefore the score of Wrestler A-10, Wrestler B-9 would be the final result of the tournament match (6-3).

SITUATION #14: A switch occurs as the two wrestlers go out-of-bounds. Is it permissible to give a one-point escape if there is loss of control by the offensive wrestler but not a reversal because the momentum was completed out-of-bounds?

RULING: Yes, it is permissible when the loss of control occurred in-bound and the reversal was completed out-of-bounds (5-1-2-5-2-2).

SITUATION #15: Wrestler A takes Wrestler B to the mat from the neutral position, precisely to near fall situation. As the referee moves into position he notices that B has a nose-bleed. The referee stops the match and awards a two-point takedown and a two-point near fall to Wrestler A. Is it correct for the referee to stop the match at this point?

RULING: When the referee stops the match because of a nosebleed with Wrestler A having B in a pinning situation it is strictly a judgement call on the part of the referee. The match is not stopped because of injury therefore there would not be a three-point near fall earned and Wrestler A would simply be credited with the takedown and a two-point near fall if it is held for two seconds. The referee does have a duty to notify the coach when he feels it is necessary concerning the safety of contestants. (5-2-4-3, 3-1-2, 8-2-6).

SITUATION #16: Wrestler A is guilty of flagrant misconduct by elbowing Wrestler B. The referee awards Wrestler A points and disqualifies Wrestler B for flagrant misconduct. Does the scorer not record a two-point team deduction against Wrestler A. Is this a correctable error?

RULING: This would be a correctable error because it does not involve match score. It could be corrected at any time. (6-6-4).

SITUATION #17: In the first round of a tournament both individuals are disqualified for flagrant misconduct and there is no winner and there is no loser, therefore no one would advance in the championship bracket and no one would advance in the loser’s bracket. These two individuals would simply not be able to compete again in this tournament (10-2-6).

SITUATION #18: From the optional start the offensive wrestler, on the whistle, backs away to the outer edge of the ten-foot circle and the defensive wrestler just sits there. Would he be stalled by either contestant?

RULING: In a situation like this both wrestlers have the responsibility of initiating action. The rules require that both wrestlers wrestle aggressively and that actions to be maintained throughout the match. In this situation the defense wrestler must turn and face his opponent and the offensive wrestler must move around in order to face his opponent. Either one or both individuals could be called for stalling if they were to remain in the situation described (7-6).

SITUATION #19: The referee in a pinning situation pulls the hands of Wrestler A away from the face of Wrestler B. Shortly thereafter Wrestler A reverses Wrestler B into a near fall situation and the referee continues the match until the end of the second period. The coach of Wrestler B asks for a conference with the official and the coach states that the match should have been stopped immediately after the reversal. The referee says the match should continue with no change in the score. The third period is completed and, at the end of the match, the referee asks the head official if this was the correct call and the head official says no. There should not have been a reversal or near fall awarded to Wrestler A and you should have white the last time. What is the correct procedure and points that should be scored in this situation?

RULING: An error was made by the official in not declaring a takedown at the end of the second period. The match should have been stopped as soon as Wrestler A reversed Wrestler B into a near fall situation. However, this error requiring bad time to be re wrestled should have been corrected prior to the start of any subsequent periods. Once the third period starts there can be no correction in this error. (6-6-1).

SITUATION #20: At the end of the second period the coach of Wrestler B questions the points that are currently on the scoreboards. The rules state that Wrestler A-6 and Wrestler B-5. The coach of Wrestler B says that a two-point reversal was never recorded and the score should be 7-6. Following approximately a fifteen minute discussion the referee starts the third period. Wrestler A has the choice and selects the up position. Wrestler A is able to ride Wrestler B for the third period and the final score is Wrestler A-6, Wrestler B-5. At this time the coach of Wrestler B again goes to the scorer’s table and questions the score. As he is going to the table Wrestler B leaves the mat area and is later recalled by his coach. Again, following a lengthy discussion, the referee changes the score and agrees that there was an error and the score should be 7 for Wrestler B and 6 for Wrestler A. Was this situation handled correctly in this tournament?

RULING: This is not a correct ruling by the referee. It is a correctable error but in tournament competition it must be corrected prior to the offended contestant leaving the mat area. When Wrestler B leaves the mat area this is no longer a correctable error and the score should have remained Wrestler A-6 and Wrestler B-5 (6-6-3).

SITUATION #21: Wrestler A is leading by a score of 10-6 with just a few seconds remaining in the match. Wrestler B reverses A and, in the process, Wrestler A locks hands. At the conclusion of the reversal the referee awards two points for the reversal and one point for locked hands. The buzzer sounds and the match ends with the score of 10-9. The referee raises the hand of Wrestler A and the contestants leave the mat area. During the awarding of trophies for the subsequent weight class it was discovered at the table that the locked hands penalty was the third technical violation and should have been two points instead of one because of this the wrestlers were called back to wrestle an overtime period. During the overtime, Wrestler A was given another technical violation that resulted in disqualification.

RULING: The situation described is a total mockery of the wrestling rules. This situation that occurred cannot in any way, shape or form be supported by rule. Once a match have concluded and the contestants have left the mat area there can be no additional wrestling and this type of error cannot be corrected. The final result is therefore reversed with the score awarding as a result of the reversal being 10-6 to 10-5. Wrestler A-10 and Wrestler B-9 (6-6-3).

SITUATION #22: Wrestler A pushes Wrestler B out-of-bounds. Do we have a technical violation or do we have stalling?

RULING: Forcing an opponent out of the wrestling area as a means of avoiding wrestling is a technical violation and shall be penalized according to the Penalty Chart (7-3-2).

SITUATION #23: School A is wrestling School B and neither school has wrestlers in the following weight classes 112, 125, 135 and 145. If you follow the weight order listed in the wrestling rules book these matches would all be for one school as they are all even numbered matches. Can the weight order of competition be changed so as to eliminate this problem?

RULING: Rule 1-1-2-2 states that the order of competition may be varied by mutual agreement of the two teams involved at the time of the weigh-in. Therefore the weight classifications could be arranged so that the last four matches were 112, 125, 135 and 145. This would take them clear out of the order and allow each school to have alternate matches. This would eliminate the problem of one school having an advantage over the other school (1-1-2).

SITUATION #24: In the 135-pound match Wrestler A takes his opponent down in the first period and they immediately go out-of-bounds. When they return to the center of the mat with Wrestler A in the advantage position the following occurs: a) Wrestler A is guilty of a false start and incorrect starting position followed by an additional incorrect starting position; b) Wrestler A is guilty of an incorrect starting position followed by a false start, followed by an incorrect starting position; c) Wrestler A commits a false start, followed by another false start, followed by an incorrect starting position. What is the penalty sequence for these three different occurrences?

RULING: In a) the penalty sequence would be: caution, correction, one point. In b) the sequence would be: correction, caution, one point. In c) the penalties would be: caution, one point, correction. (7-2-1).

SITUATION #25: With the contestants in the neutral position Wrestler A initiates a takedown; but, when he gains control over his opponent, the only part of Wrestler A’s body remaining in bounds is his feet. Wrestler B is completely out-of-bounds. Is this a legal takedown?

RULING: In high school wrestling a takedown from the neutral position requires a wrestler to gain control over his opponent down on the mat while the supporting points of either wrestler are inbounds. If the only points of either wrestler are Wrestler A’s feet this is not considered as supporting points and would not be ruled as a takedown. (5-2-1).
