National Federation Announces
Second Annual “Dreamers and Doers” Awards

STATE WINNER - AMY M. DODRILL, BALLARD

I was so embarrassed when my parents and teacher decided I should repeat the first grade. I knew I was smarter than they thought. When my second grade teacher selected students to be tested for the advanced class, I was not chosen. It took all of my courage to ask her, “Why not?” She allowed me to be tested. My score placed me in the advanced class, and I learned that I had to make things happen.

In high school, I still take the time consuming and difficult advanced classes, and I am learning. Now, I have a new challenge, art. My freshman year, I did not know much about art, but I fought to stay with the class. With time, a good teacher, and persistence, I learned enough to be able to contribute to our school’s art program by exhibiting my work and even having some winning entries in local art competitions. My classmates even chose me to design the cover for the program for our Beta Club initiation.

Last week, as the 5'4” point guard on my basketball team, I was chosen to guard the 6'3” All-State guard from the number 12 ranked team in the country - who me? OK, she scored thirteen points, but we won! As is obvious, height is not one of my advantages in this tall person sport, but I am a starter on the school team. Even though I am better known as “shrimp”, I fight to win with every inch, and I have contributed to making the team a success.

Anyone can be a dreamer, but to reach or even come close to those dreams, you must pursue them with determination and confidence. I am a doer. I attack things head on with courage and curiosity. I participate in as many activities as I can with the belief that participation is not enough. You must give your all, then, whether you come out on top or on the bottom does not matter. With your best effort you will accomplish at least a part of your dreams.

STATE RUNNER-UP - CHRIS MANUS, WHITLEY COUNTY

The Four C’s — Curiosity, Confidence, Courage, and Constancy have been part of my life for as long as I can remember. Curiosity is a great motivator, and it has helped me in my desire to be the best I can be. I have always wanted to be actively involved in experiences rather than just being told about them or reading in my book about someone else doing them. Through this curiosity, I have gained confidence as I learned new ideas, methods, and more about myself. This has helped me in my role as president of our Student Council. To assume this office took courage, for it meant I would be acting on behalf of my peers in committees and in other decision-making positions. This is not always easy because sometimes those decisions are difficult ones to make. However, the students and my teachers know I will try to do what I believe is best for my classmates and my school. They know I can be counted on to always give my best effort. Through combining curiosity, confidence, and courage, I have created a constancy in my performance in the classroom, on the playing field/floor, and in my role as a student leader. This steadfastness has made me a determined young man with great hope for the future.

She suggested that this committee be permanent and appointed by the President. Jack Portwood seconded the motion. The motion passed unanimously. President Points appointed the following persons to serve for 1990-91: Liz Trabandt, Chairperson, Sandy Allen, Huston DeHaven, Harry Jansing, Alvis Johnson, Bob Rogers, Ray Story and Billy Wise.

Commissioner Mills distributed the 1990-91 Working Budget for the Board’s consideration. He requested that the Board look over the budget and have questions and/or comments when it is presented for approval at the October meeting.

**MISCELLANEOUS ITEMS:**
In the absence of Exec. Asst. Wise, Commissioner Mills presented three National Federation Basketball Rule Changes which may be adopted on an individual state basis. Mr. Wise had recommended that Kentucky experiment with the rule changes as follows: 1) the current bonus free throw provision, one plus one on and after the fifth team foul of the half, is eliminated. In its place, all fouls, personal and technical, committed by a player on and after the seventh (7th) foul of a half shall result in an offened team being awarded two free throws; 2) all technical and personal fouls called against a player shall be counted toward the limit of five fouls per player prior to disqualification; 3) all technical and personal fouls called against a player, coach or team shall be counted toward the limit of fouls per half before the two shot provision; Marvin Moore made a motion that the Board accept Mr. Wise’s recommendation and adopt the experimental rules for the 1990-91 season. Jack Portwood seconded the motion which passed by a vote of 10-1.

Commissioner Mills then advised the Board of other items of interest: 1) The catastrophic insurance premium for the 1990-91 school year will be $142,500. This policy provides for a $10,000 deductible, $150,000 liability coverage; 2) A request from Jackson City Schools to move from the 56th Basketball District to the 55th District. This request will be considered by the Basketball Committee and presented to the Board at the regular meeting in January.

The Commissioner presented a letter from Fort Knox High School requesting that the Board set aside Section (3) of By-Law 6, Transfer Rule, to allow for students to practice prior to the time the transfer form is received and the student is declared eligible by the Commissioner. Marvin Moore made a motion, seconded by Bob Rogers that the Board deny Fort Knox’s request due to the fact that the Board has no authority to set aside a rule. The motion passed unanimously.

The next communication was presented by Commissioner Mills on behalf of Chris Goodwin, Harlan High School. Principal Bob Morris requested an extra year of eligibility for Chris to participate in athletics. Following a discussion of the case, Sandy Allen made a motion to deny an extra year of eligibility due to the fact that Chris has been enrolled in grades 9-12 for eight semesters. Liz Trabandt seconded the

Bob Rogers then moved to adjourn for lunch. The motion passed.

The Appeals Hearing were the next items on the Agenda. Coach Bev Hart, Bethlehem High School presented the first appeal of By-Law 6, Transfer Rule on behalf of Teddy Creme, Jason Cheek and Aec Hagan who had transferred from Bardstown High School and who were present with Coach Hart. Lyle Dunbar then appeared before the Board regarding his concerns of possible recruiting in the Hopkinsville area. Mr. Dunbar was advised to submit allegations in writing to the Commissioner.

There being no further business to come before the Board, Huston DeHaven moved for adjournment. The motion was seconded by Bob Rogers and passed unanimously.

Activities Week Checklist for Schools

The following is a checklist on ways for high schools across the United States to become involved in National High School Activities Week. Become involved this year in supporting interscholastic activity programs.

ORGANIZE an Activities Week Committee of faculty and student representatives.

PLAN special events for the following "official" days:

- **Monday** - Oct. 15, 1990 - National Officials Day
- **Tuesday** - Oct. 16, 1990 - National Speech and Music Day
- **Wednesday** - Oct. 17, 1990 - National Chemical Health Awareness Day
- **Thursday** - Oct. 18, 1990 - National Sportsmanship Day
- **Friday** - Oct. 19, 1990 - National Coaches Day
- **Saturday** - Oct. 20, 1990 - National Fundraising Day

PUBLICIZE the upcoming Activities Week events - both inside the school and outside in the community. This may involve distribution of posters, placards, flyers, etc. to inform the public.

MAIL announcements and articles about Activities Week to local newspapers and radio stations.

SPOTLIGHT a regularly scheduled interscholastic event during the week and attempt to have a sellout crowd. You may want to plan a special attraction such as holding a raffle or conducting a poster or slogan contest. Invite prominent community leaders to attend and be recognized for their support of activity programs, or schedule performances by student activity groups (pom-poms, band, drama, etc.)

HOST a special luncheon or reception recognizing faculty and other community members who coach, sponsor or officiate school activity programs.

ARRANGE for students in your high school activity programs to visit the elementary and middle schools to provide forensics and music demonstrations. Your students also could speak about the fun and educational values derived from involvement in activities.

REQUEST local clergy to support Activities Week by addressing the benefits of activity programs - sportsmanship, teamwork, trying one's best - in their announcements or sermons.

NOTICE ON EXPERIMENTAL BASKETBALL RULE

The National Federation Basketball Rules Committee, at its March meeting, approved several rules changes which could be implemented by individual states on an experimental basis.

At its April meeting, the K.H.S.A.A. Board of Control was asked to solicit opinions from the basketball coaches in their area on a few proposed changes. The first would revise the bonus free throw provisions; while the second would count all technical and personal fouls toward the bonus provisions and toward disqualification. After discussing these changes with many of their constituents, the Board of Control approved Kentucky's experimentation with these changes for the 1990-91 school year.

In detail, these experimental changes are as follows —

1) The current bonus free throw provision, one plus one and after the fifth team foul of the half, is eliminated.

In its place, all fouls, personal and technical, committed by a player on and after the seventh (7th) foul of a half shall result in the offended team being awarded two free throws.

2) All technical and personal fouls called against a player shall be counted toward the limit of five fouls per player prior to disqualification.

3) All technical and personal fouls called against a player or coach shall be counted toward the limit of fouls per half before the two shot provision.

These rules will be in effect for ALL games played in the state of Kentucky for the 1990-91 season. In late January, we will survey the coaches to get an opinion about the change, and Mr. Wise will take this information to the National Rules Committee meeting in March for discussion. If you are playing an out-of-state team on their home floor, you will need to check with that team to ascertain if that state is utilizing the same experiment.

SPECIAL NOTICE TO MEMBER SCHOOLS CONCERNING THE TRANSFER RULE

Several times already during this young school year, member schools have submitted transfer requests on the day of the contest. We will try and accommodate these requests when possible. However, one recent change in the By-Laws has apparently escaped the attention of many coaches. A student athlete may not practice or play with a team until ruled eligible by the Commissioner. In football, this means it is not possible for a player to become eligible and play on the same day because he/she would not ten (10) days of practice in pads.

SPECIAL NOTE CONCERNING BASKETBALL RULES CLINICS

The basketball clinic originally scheduled for October 1 at Somerset High School has been moved to Monday, October 29; while the clinic set for October 2 at Pineville High School has been moved to Tuesday, October 30. This is to allow Mr. Wise to attend the National Basketball Rules Committee meeting in Kansas City on October 1 and 2, and also enable him to conduct the clinics at Somerset and Pineville. Notice concerning this change was made in the August Athlete magazine, and in the notices to the officials. Please ensure that your coaches are aware of this change.

NOTE CONCERNING BASKETBALL AND FOOTBALL RATINGS

The K.H.S.A.A. recently purchased electronic equipment which allows for the entry of the ratings from coaches into the computer system via scanner. The results thus far have been very good, with a couple of points needing to be made to coaches at this time.

ONE - Always use a #2 lead pencil when completing the form.

TWO - PLEASE do not fold the form, other than to place it in an envelope. Also, be sure that you are not sealing the envelope to the form when you close the envelope for mailing. We have received forms folded to fit in a very small envelope, and many of these forms are not able to be scanned. Please use a #10 (letter size) envelope for mailing these forms, and MAIL THEM IMMEDIATELY FOLLOWING EACH CONTEST.

HANDBOOK CORRECTIONS

A mistake in communication between this office and our printer resulted in the mis-identification of our Sectional Directors on page iii when the new Handbook was printed. The Sectional Director for Regions 13-16 is John Radjunas, and he is pictured immediately next to Harry Loy, our State Department of Education liaison. The bottom row, from left to right, is Jack Wise (Regions 9-12), Jerry Kimmel (Regions 1-4), and George Merck (Regions 5-8). We apologize to the Sectional Directors and to any others who may have been caused inconvenience by this error.

An important correction should be made on page 16, under By-Law 25, Limitation of Seasons, Section 4b, Football - Boys (Beginning with the 1991-92 school year). An error in translating the 1987-1990 information into the new alignment period left an inadvertent error in subsection 4, of Section 4b. The corrected wording should be —

(4) A maximum of ten (10) regular season games may be played. Pre-season bowl games shall count towards the ten game limit.

This is the wording as each of the schools were notified in the spring, however, during composition of the handbook, the wording for 1991-94 was not changed concerning pre-season bowl games. We apologize for any inconvenience this error may have caused.

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams’ last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school’s legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

SPORTSCHANNEL TELECASTS ST. XAVIER/TRINITY FOOTBALL GAME

SportsChannel America is originating a live nationwide telecast of the September 28th contest between traditional football powers St. Xavier and Trinity in Louisville. This is one of eight nationally telecast games this year, under the second year of the SportsChannel contract with the National Federation. Congratulations to the Tigers and the Shamrocks.
IMPORTANT NOTICE CONCERNING DISQUALIFICATIONS

By Board of Control action, all participants and/or coaches who are ejected from a contest for unsportsmanlike conduct shall be suspended from competition for a minimum of one game.

It also should be noted that officials who disqualify participants, and then do not report that disqualification to the Association office in a timely manner may face suspension from officiating!!

With this in mind, it is important to adhere to the following procedure should a representative of your school be ejected for unsportsmanlike conduct. 1) Be sure you receive a disqualification card from the contest official; 2) Contact this office in writing to request reinstatement of the participant; 3) Inform the participant/coach of the suspension. You will be notified by return mail as to the end of the suspension, and the date or day when the player/coach will be eligible to return to competition. Contest officials also are reminded to use an ink pen, to include the first and last name of the offender, and to press hard as the third copy is often illegible if done in pencil.

*NOTE* Any person who is suspended from a contest may not dress for that contest in game uniform. They will however be covered by the catastrophic insurance policy insofar as practice is concerned unless you are otherwise notified.

The scholarship is awarded by the Kentucky Athletic Trainers Society in honor of Tom Simmons, Athletic Trainer Emeritus of Murray State University. Mr. Ball will be attending the University of Kentucky in the fall, and working in the Athletic Training program.

FOOTBALL CORRESPONDING DATES

Due to the passage of a referendum to shorten the season, the re-negotiation of many contracts due to the 1991 realignment, and the expansion of the playoffs to four teams beginning in 1991, many schools are confused about the possible playing dates for football games. Below is listed the updated corresponding date chart as it will appear in the 1990-91 Handbook.

Also, by virtue of Delegate Assembly action in 1990, no games may be scheduled or played at any level following the Saturday of the week preceding the First Round of the playoffs.

** Due to passage of a referendum which shortened the football season to ten weeks, there are no regular season playing dates which correspond to August 17 or November 2, 1990. The November 2 date will be lost due to the expansion of the playoffs to include the top four teams in each district. It is important to remember that beginning in 1991, there will be only ten (10) weeks in which to play the legal limit of ten (10) games.

Kentucky High School Athletic Association  
HALL OF FAME AND MUSEUM  
COURT OF SUPPORT  

---  

The Dawahares/K.H.S.A.A. Hall of Fame  

To honor the more than 1,000,000 Kentucky men and women who have contributed to "Great Moments in Kentucky High School Sports" throughout the years, the Dawahares/Kentucky High School Athletic Association Hall of Fame was established in 1988. The association chose this manner in which to pay tribute to, and to immortalize record setting and influential coaches, players, officials and supporters of high school athletics in this great Commonwealth. To date, sixty-seven members have been inducted into the Hall of Fame. After twenty-two new members are inducted on March 13, 1991, the total number of members in the Hall of Fame will have reached eighty-nine.

The Association began the project with the help of the Dawahare family, as an effort to recognize the excellence of high school educators, athletes, coaches, officials, administrators and other contributors. According to Dee Dawahare, of Lexington, "We want to recognize and encourage the academic as well as athletic contributions of these fine individuals."

Hall of Fame members are chosen for their contributions to Kentucky high school athletics. K.H.S.A.A. Commissioner Tom Mills stressed that "while many Hall of Fame Members, such as Paul Hornung, Cliff Hagan, and Tommy Bell, have gone on to outstanding careers in college or professional sports, they are primarily honored for their accomplishments in Kentucky high schools." Other members such as S.T. Roach, longtime coach at Lexington’s Dunbar High School, and Ralph Carlisle, who coached at Lexington’s Lafayette High School, are honored for the guidance they have given thousands of young people.

Instructions...

JOINT RESOLUTION

DESIGNATING “NATIONAL HIGH SCHOOL ACTIVITIES WEEK”

Whereas more than half of the students in this nation’s senior high schools are involved in at least one co-curricular activity;

Whereas this other half of education plays a significant role in the total educational development of high school students;

Whereas participation in activities such as athletics, speech, music, debate, drama, and others generally leads to positive development for all and often leads to superior achievement;

Whereas participation and achievement in those areas often contributes to increased interest and performance in strictly academic areas;

Whereas both academic and co-curricular achievement contribute greatly to the social development and interaction of all high school students;

Whereas that development directly benefits local communities by channeling young people’s interest and talents into positive efforts, and by instilling in them an early sense of civic duty and community pride;

Whereas former President Gerald R. Ford has acted as honorary national chairman of the effort to recognize the important role of co-curricular activities in this nation’s high schools: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, that the President should designate “National High School Activities Week” (October 14-21, 1990) in recognition of the valuable contribution that such programs make in developing the interests and talents of young people at the community level.

Passed by both houses of Congress on December 16, 1982 and signed into law by President Reagan in December of 1982.
Just a reminder... kids who participate in activities tend to go a little bit farther than those who don't.
