### Coach's Comments

Your team's accomplishment of advancing to the State Tournament:
<p>This has been a truly wonderful season for our basketball team. They have had to fight back in so many games, and have worked so hard throughout the entire season. Winning the regional tournament was something they all wanted to accomplish, and it could not have happened to a better group of young men. For our players, for our coaches, for our fans, for our school and community this has been such a wonderful experience.</p>

### Coach's Comments

What are keys (players/offensive/defensive) to your team's success in winning the tournament:
<p>We must be able to be efficient offensively. We cannot afford to have too many empty possessions, and we cannot have too many unforced turnovers. There are so many distractions to playing in the Sweet 16, we must find a way to limit the distractions and keep our players focused on playing the game. We will need to be very good defensively, and we will challenge our guys to go to work on the boards. Offensively we will need to take good shots, and try to get as many second chance points as possible. For our team to be successful we must find a way to turn our opponenet over some and convert off turnovers. This season we have so many players that have contributed to our success. Tevin Barksdale has been our leader on and off the court, and we will continue to need him as we enter into tournament play. The team that wins the Sweet 16 must have good players, they must have quality coaching, they will need to catch a little luck along the way, and they must play at a high level. It was a dream come true to win the 4th Region Championship, and at the end of this week one of sixteen teams will get to experience another dream by winning the Kentucky High School Basketball State Championship.</p>
