Coach's Comments

Your team's accomplishment of advancing to the State Tournament: Anytime you win the 7th Region it is a major accomplishment. It might have been sweeter this year due to the fact that it was considered the toughest region in the state. It also might have been the deepest region since my time at Ballard. Our players are excited about winning the region but also realize that this was not our ultimate goal. We have played a tough schedule and feel this has prepared us for what we will face in Lexington. We feel honored to represent the 7th Region. Our student section has been unbelievable at games and this is going to be a fun experience for the Ballard community.

Coach's Comments

What are keys (players/offensive/defensive) to your team's success in winning the tournament:

The biggest key for us to be successful in winning the state championship is to play our style. We must use our athleticism applying pressure on our opponent both offensively and defensively. We have a variety of weapons. We not only have two all-state players in lan Chiles and Keisten Jones; but have three other Division I athletes in Devante Parker, Drew Hardin, and Forisse Hardin. Not to mention that Tyrell Means is our unsung hero. At 5'11 he has over 40 dunks on the season. We are tough to guard because we have 4 shooters, all five players on the floor can take it to the basket, and we are relentless on the offensive boards. We must get solid play from our bench and try to make every game full-ct. Though we have proven we can win games playing different styles, we are most effective when we are playing with reckless abandon.
