Coach Comments

1. Please describe what advancing to the State Tournament means for your program, your school and your players.

Going to the state tournament in back to back years puts Rowan County back on the basketball map and establishes us a 16th Region contender every year. Our kids have played for this time of the year all season long and they cannot wait to get back to Rupp Arena where they can compete in the state tournament for a second straight year.

2. What will your team have to do in order to have a chance of winning the State Tournament?

In order for Rowan County to have a chance to win the state tournament we have to play great team basketball, play great team defense, rebound the basketball very well, and believe in one another. If we do all those things well then we will give ourselves a fighting chance to make another run at a state championship.
