

TO: KHSAA Parking Permit Holders

RE: Parking 2019 Boys and Girls Sweet 16® Tournaments

Below you will see a map relative to the parking for this year's event. Due to ongoing construction in and around the arena, the Manchester Street lot (behind the arena) is not available for KHSAA use. There is also NO entry through the back area (loading dock) that has traditionally been available for permit holders.

The only permitted parking for KHSAA pass holders is in the High Street lot using Parking Gate 2 ONLY. Access to the arena will only be through the main arena lobby off High Street, including any persons with press or media credentials or other types of non-ticketed access. You are advised to arrive earlier than normal, not only due to additional security checks, but unknown delays due to construction. In the event that mobility is an issue for any patron, please use the arena lobby for entry, and proceed to the elevators near the top of sections 13-14-15. Thank you.
