Coach Comments

1. Please describe what advancing to the State Tournament means for your program, your school and your players.

It is a huge accomplishment for our program to return to the State Tournament after a two year absence and failing to make it to the Regional Tournament during that time. With our current roster, having only two seniors, we knew at the beginning of the season the road would be difficult to accomplish this feat. Our school has a rich tradition of State Tournament appearances with this year being number 20. Therefore, it is very obvious the impact that this accomplishment has had on our school. The success that our players have accomplished is immeasurable due to the expectations of not being there the past two years, as well as the pressure to be the group to change that trend.

2. What will your team have to do in order to have a chance of winning the State Tournament?

Continue the team goals of balanced scoring, constant team defense, and playing with the heart and spirit of the traditional Lady Marshals. These strengths along with playing within themselves and using the experiences of the season enabled the Lady Marshals to successfully compete with some of the best teams in the State.
