## Coach Comments

### 1. Please describe what advancing to the State Tournament means for your program, your school and your players.

This is an unbelievable accomplishment for our program, players, and community. This is the first regional title in school history in girls' basketball for Glasgow High School. It's really special for our two seniors because they won four games as freshmen, but have continued to work hard and there couldn't be a more deserving pair. It's an exciting time for Glasgow High School and we are very fortunate to be a part of it.

### 2. What will your team have to do in order to have a chance of winning the State Tournament?

We want to continue to do the things that got us here. We have thrived on offensive balance all year. We have multiple kids that can score, so we need to continue to use that as a strength. We also have to continue to defend and rebound on every possession. We need to take care of the ball and make a few shots along the way.
