### **Kentucky High School Athletic Association Region 2 Bass Tournament Moved to Halcomb's Landing**

LEXINGTON, KY (March 12, 2019) – The Kentucky High School Athletic Association (KHSAA) Region 2 bass tournament originally scheduled on Lake Cumberland out of General Burnside Island State Park has been moved to Halcomb's Landing. The move was made to better accommodate teams in the event of continued high-water conditions on Lake Cumberland.

Registration for teams participating in the April 27 KHSAA bass fishing regionals will run through April 22. Teams must register at [www.highschoolfishing.org](http://www.highschoolfishing.org). To enter, teams must be members of an approved high school fishing team at a KHSAA member school. Students wanting to participate at schools that have not yet authorized a bass fishing team should contact their athletic director.

- Region 1 will fish Lake Barkley out of Kuttawa Harbor Marina located at 1709 Lake Barkley Drive in Kuttawa, KY, on Saturday, April 27
- Region 2 will fish Lake Cumberland out of Halcomb's Landing located east of Wolf Creek Dam on US 127 in Jamestown, KY, on Saturday, April 27
- Region 3 will fish Green River Lake out of Green River Lake State Park located at 179 Park Office Road in Campbellsville, KY, on Saturday, April 27
- Region 4 will fish Cave Run Lake out of Stoney Cove Recreational Area located at 1969 KY-86 in Salt Lick, KY, on Saturday, April 27

Each school can enter up to and including six boats for regional competition. Each boat must be entered separately and include the names of the two anglers who will start the day fishing out of the boat (each boat is allowed up to four anglers, with only two fishing at any given time). The name of the boat captain who will operate the boat for the students while on the water must also be provided at the time of entry. The names of any substitute anglers or boat captains will be recorded at the registration/rules meeting for each regional.

Boat takeoff position will be determined by random computer draw and will be assigned at the rules meeting for each event.
