1.4. Consider renumbering of Regions 5 through 7

The Commissioner brought forward concerns with the current numbering of regions, in particular, the Board of Control representation issues in regions 5 through 8. Through no fault of anyone, the pairings of these regions were not viewed as the best possible representation for the member schools. Due to the current composition of the Board of Control, and the current tournament formats in all KHSAA sports, there would be no irreparable harm if the districts were renumbered to pair the current region numbers 5 and 8 for Board representation, and the current region numbers 6 and 7. This would ensure that region 6 and 7 would always have a sectional board of control member, and place the common interests of the schools in regions 5 and 8 in a higher priority.

The consensus was to consider this recommendation in February.
1.5. Discuss distributing realignment information to effected schools, and being work on other sports at next meeting.
It was decided that the staff would gather information regarding the realignment and bring that information back to the Board in February.
Ozz Jackson adjourned the Team Sports Committee session at 9:10 am.
