

# COMMISSIONER'S NOTES

JANUARY, 2004

• PLEASE COPY AND DISTRIBUTE TO ALL ATHLETIC DEPARTMENT PERSONNEL •

## FROM THE COMMISSIONER'S DESK

Special thanks go out to all of the voting delegates and other school personnel who were in attendance at the 2004 KHSAA Annual Meeting held at the Hyatt Regency in Lexington. It was probably one of our best ever. The day was very productive starting in the morning with the workshops and concluding with the Voting Session. The meeting evaluations indicated that the information provided in the workshops was timely and beneficial overall to those in attendance.

The Roundtable Discussion and Information Session proved to be one of the highlights of the meeting. Authors of the proposals had ample opportunity to present their rationale which afforded the delegates considerable opportunity to voice their opinions pro or con around each issue. The lively debate on some of the proposals helped stimulate relevant dialogue on a lot of related issues which could ultimately impact the KHSAA constituency. The KHSAA Staff and Board will continue to review current Bylaws and interpretations in response to the feedback received from the membership.

The KHSAA Board of Control at their meeting on January 16, 2004 voted to submit the proposals that were approved by the delegates to the Kentucky Board of Education for their review. The KBE will begin the review process at their next meeting which is set for February 11 & 12, 2004.

As I travel the state and speak with various educational and athletic groups, I look forward to continuing the meaningful and pro-active dialogue begun during the Annual Meeting. It is my hope that we can all work together to continue to fashion the best set of rules and regulations possible that best serves the entire KHSAA membership.

## OFFICIATING FEES REVIEWED

At the KHSAA Board of Control Meeting on Friday, January 16, 2004, approval was given to raising the regular season base pay for officials in the sports of football and soccer by \$5.00 for the 2004-05 school year.

The Board of Control, rather than address random and unscheduled pay raise issues, additionally adopted a four year rotational schedule for the review of regular season increases in officiating fees. Scheduled to be reviewed for possible base pay increases in the 2005-06 season are volleyball, cross country, track and swimming. Scheduled for review for the 2006-07 season is basketball and wrestling with softball and baseball fees scheduled for the 2007-08 season.

This decision provides for a scheduled sequence of reviews for possible officiating pay increases. This decision has no bearing on the options Regional Policy Boards continue to have regarding regular season supplemental and/or administrative add-ons.

## NEW PUBLICATION RELEASED FOR SPORTS PUBLIC ADDRESS ANNOUNCERS

"THE VOICE ABOVE THE CROWD" is a comprehensive instructional manual about sports public-address announcing that has just been released. It is intended for active sports public-address announcers, individuals who are interested in becoming sports public address announcers, and the individuals who are responsible for hiring and assigning sports public address announcers. The purpose of "THE VOICE ABOVE THE CROWD" is to improve the level of professionalism of sports public-address announcing and to promote national uniformity.

"THE VOICE ABOVE THE CROWD" addresses the major aspects of a sports public-address announcer's duties and responsibilities. Checklists and sample scripts, as well as examples of proper and improper announcing are included. Basic information for 14 sports that sports public-address announcers need to know, along with the spotters' duties, are also covered.

Accompanying "THE VOICE ABOVE THE CROWD" is a 34-minute CD featuring Bob Davis, the voice of the University of Kansas Jayhawks and the Kansas City Royals. Davis covers key areas of sports public-address announcing and demonstrates the right way to make various types of announcements, including those of an emergency nature. The first step is to read the manual and then listen to the CD in order to enhance learning. The CD is the perfect companion piece for "THE VOICE ABOVE THE CROWD," which is why they are sold as a package for \$25 shipping and handling included.

"THE VOICE ABOVE THE CROWD" was written by Brad Rumble, former assistant director of the National Federation of State High School Associations, in cooperation with various state high school association communications directors and individuals with expertise in sports public-address announcing and sports administration. To order or for information concerning the newly created professional organization, National Association of Sports Public Address Announcers, contact the KHSAA.
