The [Alabama High School Athletic Association](#) announced on Friday, Jan. 23, that member private and public schools will be separated for postseason and championship play for the 2026-27 and 2027-28 fall sports seasons.

The [restructured model](#) eliminated [Class 7A](#), going to six classifications for public schools and two classifications for private schools. During regular-season play, private and public schools can still play each other.

[AHSAA private schools](#) are no longer subject to competitive balance factors or enrollment multipliers, and funds from the CHOOSE Act will no longer impact athletic eligibility.

With the restructure of the AHSAA, how will this change look for Montgomery area high school fall sports for both private and public?
