

Kentucky High School Athletic Association

To: Superintendent, Principal, and Athletic Director

From: Louis Stout, Commissioner 
Brigid L. DeVries, Executive Assistant Commissioner 

Date: May 23, 2001

Subject: Review of 2000-2001 Title IX Forms

Enclosed please find a copy of a review of the 2000-2001 Title IX Forms, submitted by your school. A copy of this information must be included in your permanent Title IX file at your school. In addition, you may find an attachment with corrected copies of the forms submitted by your school personnel. Please review this information so the forms can be completed accurately in the future.

Also, KHSAA Audit Staff may have requested a re-submission of some of the 2000-2001 Title IX forms or need additional information on your athletic programs. Please submit this information by the date requested if this is applicable.

Remember your permanent Title IX file at the school must be kept current with information pertaining to your athletics program. Copies of all KHSAA required documents should be part of this file and are subject to Open Records requests.

Should you need any further information, please do not hesitate to call anytime.

Memo

To: KHSAA Member School Superintendents, Principals, and Athletic Directors

RE: 2001 Title IX Forms Submission

School Pike County Central Reviewed By GARY W. LAWSON

The following is a status report regarding the required 2000 - 2001 Title IX submission of forms due in to the KHSAA office by April 15, 2001. Appropriate audit personnel have reviewed these forms and the following is a summary of this review.

I. Checklist of Forms properly submitted in a satisfactory manner:

- GE 19 (Annual Verification)
- T-1 (Summary Program Chart 1)
- T-2 (Summary Program Chart 2)
- T-3 (Summary Program Chart 3)
- T-4 (Summary Program Chart 4)
- T-41 (Checklist - Overall Interscholastic Program)
- T-60 (Corrective Action Plan)
- T-63 (Interscholastic Survey Results)

II. Status

A. 2000 - 2001 Forms are satisfactory and no further information or action is necessary at this time.

B. Errors have been noted with respect to the following forms and corrected copies are being returned to you for placement in your Title IX file to ensure proper submission in the future.

(1) Errors on T-1 form are corrected on attachment. Please place corrected information in your Title IX file.

C. The following forms were omitted and must be submitted by school representatives.

D. Other Recommendation and Comments:

(1) The total number of participants listed on the T-4 form does not match the number on the T-1 form. Please correct proper form and place corrected information in your Title IX file.

ACCOMMODATION OF INTERESTS AND ABILITIES

SUMMARY PROGRAM CHART 1

Participation Opportunities Test One

Program	Enrollment (1)	Percentage of Total Enrollment (3)	Number of Interscholastic Participants (double and triple count) (4)	Percent of Total Participation (5)
GIRLS	328	48%	83	25.30%
BOYS	355	52%	122	34.36%
Totals (2)	683	100%	100%	

→ 40.57%
(83 ÷ 205)
→ 59.57%
(122 ÷ 205)
→ 100%

205

Instructions:

- 1) Determine the total number of girls enrolled.
Determine the total number of boys enrolled.
- 2) Add the total number of girls and boys enrolled to determine total enrollment.
- 3) Calculate the percentage of total enrollment that is female. Calculate the percentage of total enrollment that is male.
- 4) Ask the head coaches to review the most updated eligibility or squad lists for their teams. Ask coaches to confirm the names of those individuals who are on the team as of the first date of competition, and cross out the names of those who were cut from the team or quit the team prior to the first competitive event. Determine the total number of interscholastic athletics participants that are girls. In order to determine the total number of athletics participants an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (do not include club or intramural sports participants or cheerleaders). Calculate the same way for boys and girls.
- 5) Calculate the percentage of female participation (column 1) based on information from (column 4).

Calculate the percentage of male enrollment (column 1) based on information from (column 4).

Note: While being within three percent is not a formal compliance standard; if the percent listed in column 5 is within 3% of column 3 then it provides a good target within which compliance is likely.

Signature: Roger Jordan Date: 03-08-01

**ACCOMMODATION OF INTERESTS AND ABILITIES
SUMMARY PROGRAM CHART 4**

Levels of Competition Test One

Team Levels		
Total Number of Athletics Participants in All Levels	GIRLS	BOYS
1. Number of Varsity Teams Offered	4	5
2. Number of Participants on all Varsity Teams	56	107
3. Percentage of Total Varsity Participants By Sex	67%	87%
4. Total Number of Male Participants At All Levels	83	122
5. Number of Junior Varsity Teams Offered	3	4
6. Number of Participants on all Junior Varsity Teams	33	50
7. Percentage of Total Junior Varsity Participants By Sex	39%	40%
8. Number of Freshman Teams Offered	1	2
9. Numbers of Participants on all Freshman Teams	18	17
10. Percentage of Total Freshman Participants By Sex	21.6 %	13.9%

- 1) Determine the number of teams at the varsity, junior varsity, and freshman levels for boys and girls. (#1, 5, 8)
- 2) Determine the total number of participants for boys and girls at each competitive level. (#2, 6, 9)
Total participants listed here (#2 + #6 + #9) should equal number listed on T-1 form.
- 3) Calculate the percentage of female and male participants at each level. (3, 6, 9)
Example: Take the total number of female participants from the Summary Program Chart 1 (form T-1) and divide it into the number of total participants for each level, varsity, junior varsity and freshman levels. Perform the same calculation for male participants. For example, if there are a total of 300 female participants, and 180 girls are on varsity teams, 80 girls on junior varsity teams, and 40 girls on freshman teams, then 60% of girls' participation opportunities are at the varsity level (180 divided by 300), 27% are at the junior varsity level (80 divided by 300), and 13% are at the freshman level (40 divided by 300). If there are a total of 400 male participants, and 250 participate at the varsity level, 100 boys participate on junior varsity teams, and 50 boys participate on freshman teams, then 63% of boys participate at the varsity level (250 divided by 400), 25% compete at the junior varsity level (100 divided by 400), and 13% compete at the freshman level (50 divided by 400).

SUMMARY PROGRAM CHART 2

Participation Opportunities Test Two

Program	Number of Teams Currently Offered (1)	Number of Teams Added in Last Five Years (2)	Number of Participants Added in Last Five Years (3)	Percent of Total Participation By Sex (4)
GIRLS	varsity:	4	2	25 (30.12%)
	j.v.:	3	1	20 (24.09%)
	frosh:	1	1	10 (12.04%)
	other:	0	0	0 (0%)
	total:	8	4	55 66.26%
BOYS	varsity:	4	0	7 (5.73%)
	j.v.:	3	1	6 (4.91%)
	frosh:	2	1	7 (5.73%)
	other:	0	0	0 (0%)
	total:	9	2	20 16.39%

- 1) Calculate the number of interscholastic teams offered for girls at each competitive level (for example, varsity, junior varsity, and freshman levels).
- 2) Calculate the number of interscholastic teams that have been added in the last five years at each competitive level.
- 3) Determine the total number of participants that are currently on the teams that were added in the last five years.
- 4) Calculate the percentage of participants that have been added in the last five years. For example, if girls' varsity soccer (22 participants), junior varsity soccer (18 participants), junior varsity golf (8 participants), and freshman softball (15 participants) have been added in the last five years, then 63 participation opportunities have been added for girls. If the total number of female participants in the program is 300, taken from form T-1, column 4 then 21% of the current opportunities (63 of 300) have been added in the last five years. Note: The total number of male/female participants should be the same as item 4 on Summary Program Chart 1 on form T-1.

Note: If the percentage of current female participants added in the last five years is 25% or greater, compliance with test two may be possible. If less than 25%, then compliance with test three should be analyzed. CAUTION: 25% is not a formal compliance standard. The count shall be taken on the first day of competition for students that are officially members of the team.

SUMMARY PROGRAM CHART 3

Participation Opportunities Test Three

If girls are underrepresented in the interscholastic athletics program, answer the following questions for girls only. If boys are underrepresented in the interscholastic athletics program, answer the following questions for boys only.	GIRLS		BOYS
1. Is there an intramural team offered in a sport not now available in the interscholastic athletics program? (YES or NO)	NO		NO
2. For a sport <u>not</u> currently offered, is there sufficient interest to form a viable interscholastic team based on participation on an intramural team or community recreation teams? (YES or NO)	NO		NO
3. For a sport currently offered, is there enough interest to form a viable team for a junior varsity, freshman, or other interscholastic level that is not currently offered? (YES or NO)	NO		NO
4. If you answered yes to question one, two, <u>or</u> three, are there enough other high schools in your school's normal competitive region offering the sport and competitive level of sport to constitute enough competition for a reasonable competitive schedule? (YES or NO)

TITLE IX GENDER EQUITY

Kentucky High School Athletic Association

**2000-2001
Annual Verification of Title IX Procedures
and
Title IX Corrective Action Plan**

EXECUTIVE SUMMARY

The Title IX—Gender Equity Committee for the 2000-2001 school year, is the SBDM Council at Pike County Central High School. The SBDM Council is the chief administrative and governing body for all extra curricular and co-curricular activities and has oversight of the athletic programs and cheerleading programs that are addressed in the Title IX Final Audit Report for the 1999-2000 school year.

The Title IX coordinator for Pike County Central High School is Valerie Slater, Guidance Counselor, for the 2001-2002 school year and selected by the SBDM Council on March 08, 2001.

2000-2001 ANNUAL REPORT AND CORRECTIVE ACTION PLAN

1. Item #3—Interest in Girls's Soccer, Swimming, Diving, and Tennis

The survey indicated that there was some interests in girls' soccer, swimming, diving, and tennis. Do the that fact that we do not have the facilities at Pike Central for soccer, swimming, and diving and because very few schools in our immediate area, if any, have these sports, it would be very prohibitive at the present time to add these sports. We do have one tennis court on site, however, we do not presently have anyone on staff who have the credentials or qualifications to possibly coach tennis and there are very few teams in the region have who have a tennis program, if any. In addition, at the present time there are no positions created by the Pike County Board of for these sports and the local boards of education are the only administrative governing body that can create positions and authorize payment for coaches.

Also, these are sports that we do have an interest to add to our sports programs when facilities and other teams in the region are established. At the present time we are studying the feasibility of beginning a girls track team, if there is sufficient interest by female students. The SBDM Council has already discussed and approved this issue.

2. Item #7--Softball facility on Campus

A softball facility on Campus is a major concern for this Gender Equity Committee and this SBDM Council. We presently do not have the land needed to have a softball field on campus. We are in the process of trying to acquire land from the Kentucky Highway Department and to request the land to be filled when US 119 is constructed. We have contacted Paul Patton, the Governor of the State of Kentucky, the Kentucky Highway Department, the Pike County Board of education, and several state legislators in hopes of securing this land and the fill for a softball field on the campus of Pike Central. We will be meeting with the Kentucky Highway Department in the Spring in hopes of securing this needed additional land. A copy of the letter of request to the Frank Welch, Superintendent and the Pike County Board of Education is hereto attached.

All coaches have their own offices with telephones. Our facilities are among the best in the State of Kentucky.

We are requesting that Superintendent Welch and the Pike County Board of Education, by letter, assist us with completing storage facilities and assisting with securing locker rooms and restroom facilities for the softball team at Mullins Elementary School, a copy of this request is hereto included in this report.

The SBDM Council and Title IX--Gender Equity Committee are very supportive and very committed to trying to secure as fine of facilities as we can possibly have for our softball program. We continue to strive to improve the opportunities for the students in the softball program.

3. KHSAA Follow-Up

A. Selection of Cheerleaders

Pike County Central High School selects the boys and girls varsity cheerleaders in two different auditions. The cheerleaders are allowed to try out for whichever squad that they choose. We personally believe that the cheerleaders are of equal quality. Matter of fact, in the eight years that we have been at Pike County Central High School, our boys and girls varsity squads have won the region, each, five times and have advanced to the state cheerleader competitions five times. In addition, this year both squads had two seniors each. In addition, most of the years, in the eight years that we have been at Pike Central, there have been more cheerleaders on the girls' squad than the boys' squad. In addition, the SBDM Council addressed this

issue and established a policy that each squad could have the maximum amount of cheerleaders that KAPOS would allow to cheer and compete at KAPOS sanctioned cheerleading competitions, plus one. However, we will begin having boys and girls varsity cheerleaders begin cheering for some boys and girls games.

B. Prime Time Contest/Girls' Basketball

We have examined the number of prime time games for both girls and boys basketball. The boys basketball team has a higher percentage of games during prime time than the girls basketball team and this has been the case for the last two seasons. During the 2000-2001 basketball season we have immediately began trying to remedy this situation by playing some of the girls and boys varsity basketball games on the same night. Beginning this upcoming school year we will begin, as contracts are renewed, scheduling boys' and girls' basketball games on the same nights, during prime time and during the week. We will begin scheduling our district games, as soon as possible adjusting for an equality between the girls and boys varsity basketball prime.

4. Title IX School Coordinator

There was a discussion concerning the Title IX Coordinator for Pike County Central High School, for the 2001-2002 school year. After the discussion there was consultation on whom to select for the Title IX Coordinator. After the consultation, Roger Johnson, Principal of Pike County Central High School recommended Valerie Slater for the position of Title IX Coordinator.

SELF AUDIT—2000-2001 KHSAA TITLE IX ATHLETICS AUDIT

As evidenced in the self-study there was a need identified for a locked storage area for volleyball. We have identified an area that could be used for this need. We have requested from the maintenance department of the Pike County Board of Education the fabricating of a caged area that is lockable and secure. This would only require one wire-caged wall being constructed. We have other additional storage areas for volleyball, but this request would facilitate an additional storage area that would be secure and lockable. The maintenance request form is hereto included in this report.

TITLE IX—GENDER EQUITY MEETING

August 21, 2000

at

6:00 P.M.

in the Conference Room

1. The meeting was called to order at 6:00 P.M.
2. The roll was called and the following members were present at the meeting: Earl Thacker, Parent Representative--Boys Sports; Terry Tackett, Parent Representative—Girls Sports, Valerie Slater, Teacher Representative—Girls Varsity Cheerleading Sponsor--Girls Sports; David Rowe, Teacher Representative—Boys Basketball Coach, Boys Sports; Thomas Ford, Teacher Representative—Academic Area; and Roger Johnson, Principal—Girls and Boys Sports

3. The agenda of the meeting was approved.

Motion to approve the agenda was made by: Terry Tackett

The motion was second by: Valerie Slater

The motion was approved by consensus.

4. There was a discussion of the status of Title IX and Gender Equity for all sports programs at Pike County Central High School conducted.
5. There was a discussion of equalization of all sports programs and what we are going to do in order to meet the equity concerns contained in the Gender Equity Report from the 1999-2000 School Year.

6. Additional specific items discussed were:

- **Office for the Volleyball Coach—Completed**
- **Uniforms for the Girls Varsity Basketball Team—Purchase Request for uniforms—approved and ordered**
- **Telephone available for girl's volleyball practice—made available**
- **Telephones in all coaches offices will be completed once the new telephone system has been installed**
- **Girls Softball Program**

7. The meeting was adjourned at 8:30 P.M.

The motion to adjourn the meeting was made by: David Rowe

The motion was second by: Earl Thacker

The meeting was adjourned by consensus.

3. The agenda for the meeting was approved.

Motion to approve the agenda was made by: Terry Tackett

The motion was second by: Thomas Ford

The motion to approve the agenda was approved by consensus.

4. Title IX—Gender Equity

There was a discussion concerning the Title IX—Gender Equity Report. During the discussion, areas of concern that need to be addressed to the KHSAA in the 2000-2001 Official Report that is due in April were examined.

A. Softball field and facilities being located off campus.

- B. Lack of restroom facilities and locker rooms for the softball program.*
- C. Office space and storage areas for all athletic programs.*
- D. Telephones available for all coaches.*
- E. Cheerleading concern addressed in the Title IX—Gender Equity Report.*
- F. Prime time games for comparative sports—number and possible solutions.*
- G. Who are involved preparing the recommendation for the plan and who are the contributors in compiling the information for this report.*
 - i. Coaches and sponsors*
 - ii. Students*
 - iii. Athletic Director*
 - iv. Parents*

There was no motion made for this agenda item.

- 5. The meeting was adjourned at 7:09 P.M.**

There was a motion to the adjourn meeting made by: Valerie Slater
The motion was second by: Terry Tackett
The motion was approved by consensus.

in the Conference Room

1. The meeting was called to order by Roger Johnson at 6:00 P.M.
2. The roll was called by Roger Johnson, Principal of Pike County Central High School and the members present for the meeting were Terry Tackett, parent representative/ girls sports (softball); Thomas Ford, teacher representative/academics; Valerie Slater, teacher representative/girls varsity cheerleader coach; David Rowe, teacher representative/boys basketball coach; and Roger Johnson, Principal/represents all athletic sports.
3. The agenda for the meeting was approved.

Motion to approve the agenda was made by: Thomas Ford

The motion was second by: David Rowe

The motion to approve the agenda was made by consensus.

4. Title IX—Gender Equity

There was a discussion concerning the Title IX—Gender Equity 2000-2001 Gender Equity Report. There was further discussion concerning the 2000-2001 Corrective Action Plan and how we plan to address the issues that were raised in the 1999-2000 Final Audit Report.

- A. Item #3—The survey indicated that there was some interests in girls' soccer, swimming, diving, and tennis. Do the that fact that we do not have the facilities at Pike Central for soccer, swimming, and diving and because very few schools in our immediate area, if any, have these sports, it would be very prohibitive at the present time to add these sports. We do have one tennis court on site, however, we do not presently have anyone on staff who have the credentials or qualifications to possibly coach tennis and there are very few teams in the region have who have a tennis program, if any. In addition, at the present time there are no positions created by the Pike County Board of for these sports and the local boards of education are the only administrative governing body that can create positions and authorize payment for coaches. Also, these are sports that we do have an interest to add to our sports

programs when facilities and other teams in the region are established. At the present time we are studying the feasibility of beginning a girls track team, if there is sufficient interest by female students. The SBDM Council has already discussed and approved this issue.

B. Item #7--Softball facility on Campus is a major concern for this Gender Equity Committee and this SBDM Council. We presently do not have the land needed to have a softball field on campus. We are in the process of trying to acquire land from the Kentucky Highway Department and to request the land to be filled when US 119 is constructed. We have contacted Paul Patton, the Governor of the State of Kentucky, the Kentucky Highway Department, the Pike County Board of Education, and several state legislators in hopes of securing this land and the fill for a softball field on the campus of Pike Central. We will be meeting with the Kentucky Highway Department in the Spring in hopes of securing this needed additional land. All coaches have their own offices with telephones. Our facilities are among the best in the State of Kentucky. Any school has only "X" amount of space available and we do not have unlimited funds. Athletic programs, if not all sports programs, if not funded properly will not be able to survive with the increased cost in proper equipment, uniforms, facilities, and transportation. Facility construction is not under the authority of the school or the SBDM Council, this is under the auspices of the local boards of education and the Kentucky Department of Education. Our facilities were cut when they were under construction, because of the Facilities Management at the Kentucky Department of Education. We are requesting that Superintendent Welch and the Pike County Board of Education, by letter, assist us with completing storage facilities and assisting with securing locker rooms and restroom facilities for the softball team at Mullins Elementary School.

C. Item #9—Selection of Cheerleaders

Pike County Central High School selects the boys and girls varsity cheerleaders in two different auditions. The cheerleaders are allowed to try out for whichever squad that they choose. We personally believe that the cheerleaders are of equal quality. Matter of fact, in the eight years that we have been at Pike County Central High School, our boys and girls varsity squads have won the region, each, five times and have advanced to the state cheerleader competitions five times. In addition, this year both squads had two seniors each. In addition, most of the years, in the eight years that we have been at Pike Central, there have been more cheerleaders on the girls' squad than the boys' squad. In addition, the SBDM Council addressed this issue and established a policy that each squad could have the maximum amount of cheerleaders that KAPOS would allow to cheer and compete at KAPOS sanctioned cheerleading competitions, plus one. However, we will begin having boys and girls varsity cheerleaders begin cheering for some boys and girls games.

D. Item #9—Prime Time Contest/Girls' Basketball

We have examined the number of prime time games for both girls and boys basketball. The boys basketball team has a higher percentage of games during prime time than the girls basketball team and this has been the case for the last two seasons. During the 2000-2001 basketball season we have immediately began trying to remedy this situation by playing some of the girls and boys varsity basketball games on the same night. Beginning this upcoming school year we will begin, as contracts are renewed, scheduling boys' and girls' basketball games on the same nights, during prime time and during the week. We will begin scheduling our district games, as soon as possible adjusting for an equality between the girls and boys varsity basketball prime.

*There was a motion to approve the 2000-2001 Title IX—Gender Equity Corrective Action Plan and the 2000-2001 Gender Equity Report to the KHSAA, the motion was made by: David Rowe
The motion was second by: Terry Tackett
The motion was approved by unanimous consensus.*

There was a discussion of the Title IX Coordinator for Pike County Central High School. After the discussion there was consultation on who to select for the Title IX Coordinator. After the consultation, Roger Johnson, Principal of Pike County Central High School recommended Valerie Slater for the position of Title IX Coordinator.

5. Adjourn

*There was a motion to adjourn the meeting by: Valerie Slater
The motion was second by: Thomas Ford
The motion was approved by consensus.*

The meeting was adjourned at 7:00 P.M.

Dear Superintendent Welch:

The SBDM Council at Pike County Central High School is hereby requesting your assistance in addressing a need as identified in the KHSAA Title IX Final Audit Report for the 1999-2000 school year.

The specific concern addressed in the audit report that we are in need of assistance is the issue, as stated in the report, "the biggest concern is the provision of a softball facility on campus. The lack of restroom and shower facilities at the stadium for softball is currently a problem. Storage. . . ." In addition, because of the limited amount of useable space at Pike Central, we do not have a softball facility on our campus and unless additional land can be acquired, this concern of the KHSAA cannot be remedied. However, if we can secure the completion of the storage building, that was started last Spring, we can address the concern of storage space. Further, if we could obtain access to the locker rooms and restrooms facilities at Mullins Elementary School we could remove this concern.

If you can be of any assistance with this matter the girls' softball program and the SBDM Council would be very appreciative. We would like to thank you for any assistance that you may be able to lend to this important issue at Pike County Central High School.

Respectfully yours,

Roger Johnson

Dear Superintendent Welch:

The SBDM Council at Pike County Central High School is hereby requesting your assistance with acquiring the land in front of Pike County Central High School and in trying to secure fill from the construction of US Highway 119 for the purpose of constructing a softball field on campus. There was a major concern identified in the KHSAA Title IX Final Audit Report for the 1999-2000 school year for Pike County Central High School concerning the lack of a softball field on campus.

As you are aware, we at Pike County Central high School have been in contact with Paul Patton, the Kentucky Department of Highways, and several state legislatures in hopes of securing their assistance in acquiring the land and the fill from the construction. The time is nearing and we need additional assistance in order to expedite this matter before the construction of US 119 begins. If you can be of any assistance with this matter, the girls softball program and the SBDM Council would be very appreciative. We would like to thank you for any assistance that you may be able to lend to this important issue at Pike County Central High School.

Respectfully yours,
