

**KHSAA TITLE IX ANNUAL REPORT SUBMISSION  
STATUS REPORT  
2014-2015**

KHSAA Form T65  
Revised 5/2015

School:	Paris
KHSAA Audit Team Member:	Kathy Johnston
Date:	June 01, 2015

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze all parts of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. For 2014-15, significant revisions have been made in this form, including many notes made to help you determine how calculations were derived and the exclusion of certain elements related to Archery and Bass Fishing which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 12, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section is revised completely for 2014-15 as outside consultants have advised of multiple manners in which this test can be administered. In addition, there is guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA, or the audit team staff member listed at the top of the Title IX Internal Audit Summary and at the top of this form.

*Special Note from Audit Staff (ignore if blank):*

The data submitted for the 20142015 annual report indicates that males are currently the underrepresented gender in your school. It should be strongly emphasized that any program evaluation under Title IX is an ongoing process that assesses the provision of opportunities and benefits for all student athletes, and that all efforts must continue to be made to accommodate the interests and abilities of the female students at the school.

**SCHOOL YEAR 2014-2015**  
**ACCOMMODATION OF INTERESTS AND ABILITIES**  
**SUMMARY PROGRAM CHART**

KHSAA Form T1  
Rev. 5/11

**Participation Opportunities: Test One - Proportionality**

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	97	48.0%	144	48.2%
Row 2	BOYS	105	52.0%	155	51.8%
Row 3	Totals	202	100%	299	100%

Instructions:

\*Number of 8<sup>th</sup> grade students & below used in Column 3 and Column 4 calculations: 36

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. \* In addition, should 8<sup>th</sup> grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8<sup>th</sup> grade students & below are included in the totals.  
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

**Participation Opportunities Test Three Full Accommodation**

**FOR ANY QUESTION ANSWERED "YES" IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE YOUR IMPLEMENTATION PLAN IN LINE (5).**

	<b>GIRLS</b> <b>(Yes / No)</b>		<b>BOYS</b> <b>(Yes / No)</b>
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	Yes Archery		Yes Archery
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	No		No
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No		No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	No		No

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

<p>5. Describe your plans to address interest below:</p> <p>We have had an archery team for the past several years. We did not have enough participation to offer it as a boys and girls team sport this year. We did offer archery as a club activity after school to help bring some interest to the sport. We have the equipment and facilities needed. We will continue to recruit Middle School and High School students to participate so we can offer this sport again at our school. We will hire a full time coach to coach archery. We want to bring this sport back.</p> <p>We have been monitoring the past two years to see if there would be sufficient participation to form a volleyball team. We held two meetings during school this year to see how many girls were interested in participating. At the first meeting we had 6 girls show up. At the second meeting we had 3 girls show up. We have good participation in girls soccer. Our numbers are up. We have a few that participate in cross country. Our participation in cheerleading is up too. We will continue to monitor to ensure if there is a need, we will offer it as a team sport. In our gym classes we teach a unit on volleyball so our girls are exposed to it. We also would first offer this as an after school activity and build interest in participation.</p> <p>We also need more female golfers to participate on our girls golf team. We are offering free lessons at the local course for any students who would like to learn. Our golf coach continues to recruit females and males. We are a small school and it is hard to have enough for a team. We do have some Middle School female students that are interested. Our coach is helping in teaching them how to play.</p> <p>We also did not have enough students to have a swim team this year. In the past we had several males and several females that participated but this year no student wanted to participate. We have a swim coach in place if there are enough students to participate as an individual or as a team next year. We are also recruiting at the local YMCA to see what students swim and can not. The YMCA does offer swim lessons and we are encouraging students to go and learn how to swim.</p> <p>Also, our numbers in bowling were down this year. The past several years we have had adequate participation but this year only a few students wanted to bowl. We are encouraging more students to participate. We do not have a bowling lane in our town. Students have to travel to Lexington to participate. We are also recruiting at the local YMCA to see what students swim and can not. The YMCA does offer swim lessons and we are encouraging students to go and learn how to swim.</p> <p>Also, our numbers in bowling were down this year. We are working hard to ensure that we provide the necessary equipment, training and coaching to give the students an opportunity to participate in they want to.</p>

**SCHOOL YEAR 2014-2015  
TITLE IX IMPROVEMENT PLAN  
Paris**

**DIRECTIONS:**

1. For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

COLUMN 1	COLUMN 2	COLUMN 3
SPECIFIC ITEM FOR IMPROVEMENT	PLAN FOR SUGGESTED CHANGE	START DATE AND COMPLETION DATE OF IMPROVEMENT
1. We need to get more students out for archery next year. We did archery this year on a club basis. We had some after school activities for this sport to draw some interest	Recruit students in the Middle School grades. Teach an archery lesson in PE class. Hire a full time archery coach. Compete with other High Schools. Start date would be August 17 and end date would be Dec. 15	Start: Aug 17, 2015 Complete: Dec 15, 2015
2. We did not have enough students to have a boys or girls swim team this year. We have had these teams the past several years and want to bring them back as soon as possible	Recruit students in the Middle School grades and use the YMCA as a recruiter. Compete against local schools. Hire a full time swim coach. Offer swim lessons for students at the YMCA.	Start: Aug 17, 2015 Complete: Dec 15, 2015
3. We need more female golf players. This is a difficult area at our school. Very few girls want to play golf. Very few male students play.	Offer lessons at the local golf course during the summer. Teach a golf unit in gym. Take students to local course to participate. Recruit in the Middle School. We need more individual golfers to form a team. Help with the expense of the game.	Start: Jun 1, 2015 Complete: Oct 12, 2015
