

**KHSAA TITLE IX ANNUAL REPORT SUBMISSION  
STATUS REPORT  
2019-2020**

*KHSAA Form T65  
Revised 5/14/20*

School:	Christian County
KHSAA Audit Team Member:	
Date:	June 26, 2020

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided, but will not be analyzed this year as a result of Covid 19.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

**SCHOOL YEAR 2019-2020**  
**ACCOMMODATION OF INTERESTS AND ABILITIES**  
**SUMMARY PROGRAM CHART**

KHSAA Form T1  
Rev. 5/11

**Participation Opportunities: Test One - Proportionality**

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	595	47.2%	213	40.3%
Row 2	BOYS	665	52.8%	315	59.7%
Row 3	Totals	1260	100%	528	100%

Instructions: \*Number of 8<sup>th</sup> grade students & below used in Column 3 and Column 4 calculations: 93

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. \* In addition, should 8<sup>th</sup> grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8<sup>th</sup> grade students & below are included in the totals.  
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

	<b>GIRLS (Yes / No)</b>		<b>BOYS (Yes / No)</b>
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	No		No
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	No		No
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No		No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	No		No

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

5. Describe your plans to address interest below:
<p>Due to the COVID-19 outbreak and the dismissal of traditional schooling the survey will be completed during the fall of 2020 once school is back in session.</p>

TITLE IX IMPROVEMENT PLAN  
Christian County**

**DIRECTIONS:**

1. For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

COLUMN 1	COLUMN 2	COLUMN 3
SPECIFIC ITEM FOR IMPROVEMENT	PLAN FOR SUGGESTED CHANGE	START DATE AND COMPLETION DATE OF IMPROVEMENT
Softball Locker Room Increase. This will be another attempt at improving the softball facility as a whole.	2012-13 we have made improvements in the SB concession stand and press box. The Softball program and boosters expressed that they would like for the stadium to remain as is for the upcoming seasons. In 2013-14 the maintenance department installed a new sewer lift station to help in drainage. They also installed 3 sinks and replaced the piping within the concession stand. All of the upgrades to the softball facility meet required codes. The 2016-17 year did not see any changes, but the discussion of a locker room is still ongoing. The school is in discussion based on Title IX audit from 2015-16 to construct a locker room/coaches office. Ranging from 2017-19, the goal is to have a girls locker room available, pending board approval. There was no completion of a girls locker during the 2018-2019 school year, but discussions are ongoing with a resolution ranging from 2019-2022 pending approval from the Christian County Board of Education. For the 2020-2021 school year CCPS hired a new superintendent who will look into the updates to the Softball facilities	Start: Sep 2, 2019 Complete: May 2, 2022
Increase female participation in sports offered by implementing multiple strategies.	The first strategy is to visit grade/middle schools and allow coaches to discuss the programs offered and allow female students to address any concerns. Another strategy is to create/implement summer camps for female athletics. This strategy will incorporate aid from the community/media. These strategies, we hope, will increase the participation of female athletes at CCHS. In 2016-17 one goal was accomplished with the implementation of a girl's golf team. In the 2017-18 school year the school successfully implemented a girl's weightlifting class/competitive team and a girl's swim team. During the 2018-2019 school year CCHS continued to implement the girl's weightlifting class/competitive team and swim team. CCHS did fill a girl's golf team in the Fall season. The 2019-2020 sports year saw no new additions to female sports but maintained the current opportunities as the previous year. With the hiring of a new superintendent the goal is to increase the opportunities for female participation through athletics.	Start: Sep 2, 2019 Complete: May 2, 2022
Implementation of adopted uniform purchase of uniforms/equipment	Christian County High School athletic programs have implemented an adopted uniform purchase of uniforms and equipment of all sports. The cycle implemented states that each program will purchase new uniforms every four years or when needed. The school and the athletic director is trying to implementing coaches a budget. During the 2018-2019 school year CCHS continued to implement the uniform cycle, and will continue that trend for the 2019-2020 school year based on rotation and need. After hiring a new principal for the 2020-2021 school year this policy will be reviewed.	Start: Sep 2, 2019 Complete: May 2, 2022

In specific spending identification for booster clubs	The booster club from that sport can donate money raised to aid in purchasing the equipment if the set budget is not sufficient. Christian County High School identifies specific spending for booster clubs of all sports through a suggested specific outline. It explains the details of raising and spending money by booster organizations. The school abides by the "Red Book" guidelines. The Christian County Board of Education implemented guidelines allowing booster clubs to better understand how to follow the by-laws of "Red Book". Each sports booster club is given a copy and is mandated to attend (President and Treasurer) a Red Book training. Starting the 2017-18 athletic year each sport will be given a budget to not exceed from the school. Anything else will be handled by the booster club of the team. This strategy continued during the 2018-19 school year and will continue for the 2019-2020 school year. The new superintendent district athletic director and principal plan to focus on booster spending for 2020-2021 athletic year.	Start: Sep 2, 2019 Complete: May 2, 2022
Weight Room and more improvements for female sports	Christian County High School administrators, parents, and student-athletes met with members of the KHSAA and discussed the ideas for improving accommodations for female athletes. Starting in 2016 the school will be looking to improve facilities to make them more female accommodating. One area in particular is the weight room or "Block House". The need for female weight equipment has been documented and discussed. In the 2107-18 school year the blockhouse was given 5000 dollars to update and purchase equipment, including female friendly equipment. During the 2018-19 school year the weight room added female friendly equipment. The goal will be to adding and maintaining female friendly weight equipment. One improvement made for female sports was updating the girls softball fence by replacing it with a new one. During the 2019-2020 school year the weight room added more items that are unisex when completing workouts like jump ropes and dumbbells as well as multiple glute-ham machines and medicine balls of a variety of weights. The new principal and the AD will look into the facilities of female sports and monitor any needs.	Start: Sep 2, 2019 Complete: May 2, 2022
