

**KHSAA TITLE IX ANNUAL REPORT SUBMISSION
STATUS REPORT
2020-2021**

*KHSAA Form T65
Revised 6/18/21*

School:	Adair County
KHSAA Audit Team Member:	
Date:	June 21, 2021

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided, but will not be analyzed this year as a result of Covid 19.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

SCHOOL YEAR 2020-2021
ACCOMMODATION OF INTERESTS AND ABILITIES
SUMMARY PROGRAM CHART

KHSAA Form T1
Rev. 5/11

Participation Opportunities: Test One - Proportionality

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	382	47.8%	144	44.6%
Row 2	BOYS	417	52.2%	179	55.4%
Row 3	Totals	799	100%	323	100%

Instructions:

*Number of 8th grade students & below used in Column 3 and Column 4 calculations: 58

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. * In addition, should 8th grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8th grade students & below are included in the totals.
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

Participation Opportunities Test Three Full Accommodation

FOR ANY QUESTION ANSWERED "YES" IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE YOUR IMPLEMENTATION PLAN IN LINE (5).

	GIRLS (Yes / No)	BOYS (Yes / No)
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	Yes Cross Country, Dance, Soccer, Bass Fishing, Bowling, Yes	Yes Cross Country, Soccer, Bass Fishing, Bowling, Yes
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	Yes Archery, Esports Same as above	Yes Same as above
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No	No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	Yes Same as above	Yes Same as above

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

5. Describe your plans to address interest below:

Due to the Covid-19 pandemic, Adair County High School was not able to complete the Athletic Interest Survey (to the required % of completion) during the 2019-2020 school year. As a result, we administered the survey during the current school year of 2020-2021. Adair County High School will also be administering the survey next year (2021-2022) in order to stay in compliance with the two year rotation.

The results of this most recent survey revealed there is sufficient interest in the sports or sport activities of Cross Country, Dance, Soccer, Archery, Bowling, Wrestling, Bass Fishing, and Esports to pursue the addition of teams. With these numbers, Adair County High School will host a follow up interest meeting with the students to gather more real data to help with decisions regarding the likelihood of adding any or all of the sports and/or sports activities previously listed for the 2021-2022 school year. This meeting will be scheduled during the week of May 3-7 and will be open to both female and male athletes currently in grades 8-11. Due to the pandemic and the virtual option for students, it may be necessary to have a couple of times set to help accommodate the needs of students. The meeting(s) will be held in the school cafeteria after school at 4:30 pm CDT. Social distancing and masking guidelines will be followed and sign-in sheets will be kept for contact tracing as well as athletic interest. Announcements for this meeting will be made through a variety of avenues. (Verbal announcements, all call to students, Remind App, School News, Google Classroom)

Based on the turn out to this meeting, ACHS Administration will discuss the possibility to conducting a parent meeting for questions and answers and then follow up with the request to add the sport/sport activity to the Superintendent and Board.

TITLE IX IMPROVEMENT PLAN
Adair County**

DIRECTIONS:

1. For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

COLUMN 1	COLUMN 2	COLUMN 3
SPECIFIC ITEM FOR IMPROVEMENT	PLAN FOR SUGGESTED CHANGE	START DATE AND COMPLETION DATE OF IMPROVEMENT
Continue to improve the monitoring of external booster club expenditures and oversight with monthly expenditure forms	Require each external booster organization to submit to the athletic director and finance director monthly expenditure reports along with monthly bank statements.	Start: Jul 1, 2021 Complete: Jun 30, 2022
Continue to reevaluate and update the contents of the Athletic Handbook	Regularly monitor the content in the handbook and keep it current. Meet with administration to make any necessary changes and gather approvals	Start: Jul 1, 2021 Complete: Jun 30, 2022
Continue to promote more female athletic participation	Discuss with coaches and administrators to find additional ways to gain more female participation.	Start: Jul 1, 2021 Complete: Jun 30, 2022
Address the display of banners in the gymnasium	Resume the process of banner compliance in the gymnasium. It was halted due to the pandemic and funding. Will continue to discuss the hanging of new or additional banners in the gym to become more equitable.	Start: Jun 1, 2021 Complete: Jun 30, 2022
Maintain equitable spending between male and female athletes for the 2021-2022 school year	<p>The spending between male and female spending was disproportional this year due to various reasons. Covid-19 had some effect on the spring sports but there was a disparity in spending between baseball and softball due to facility improvement for baseball. This improvement will be a joint facility for baseball and softball. Baseball boosters had funding available while the softball at the time did not have the funding to participate. Equal scheduling between the teams will be monitored to assure equal access.</p> <p>Also, this year we had to purchase 15 additional helmets and 15 sets of shoulder pads due to safety concerns that was an additional expense that we normally would not have.</p> <p>These two expenditures attributed to the disparity between the spending between male and female athletes.</p> <p>Will work with administration, coaches, and boosters as needed to return to the compliant spending between males and females.</p>	Start: Jul 1, 2021 Complete: Jun 30, 2022
