STATUS REPORT
2020-2021**

KHSAA Form T65
Revised 6/18/21

School:	Betsy Layne
KHSAA Audit Team Member:	
Date:	June 22, 2021

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided, but will not be analyzed this year as a result of Covid 19.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

SCHOOL YEAR 2020-2021
ACCOMMODATION OF INTERESTS AND ABILITIES
SUMMARY PROGRAM CHART

KHSAA Form T1
Rev. 5/11

Participation Opportunities: Test One - Proportionality

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	178	47.5%	137	44.5%
Row 2	BOYS	197	52.5%	171	55.5%
Row 3	Totals	375	100%	308	100%

Instructions: *Number of 8th grade students & below used in Column 3 and Column 4 calculations: 62

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. * In addition, should 8th grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8th grade students & below are included in the totals.
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

Participation Opportunities Test Three Full Accommodation

FOR ANY QUESTION ANSWERED "YES" IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE YOUR IMPLEMENTATION PLAN IN LINE (5).

	GIRLS (Yes / No)		BOYS (Yes / No)
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	Yes Dance		No
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	No		No
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No		No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	No		No

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

5. Describe your plans to address interest below:

The T61 Survey was completed during the 2019-2020 school year. The survey was finalized on 3/3/2020 with 341 responses. Based on the results of the survey, there appeared to be some interest from the student body in starting a Bass Fishing team, and a Soccer Team. Due to the Covid 19 pandemic, signup dates for Bass Fishing and Soccer were delayed until the summer.

The first signup date for Soccer and Bass Fishing was 6/11/2020, held in the parking lot of Betsy Layne High School. Athletic Director and administration were present. No students showed up to sign up. The second signup date for Soccer and Bass Fishing was 9/30/2020. This date was selected due to students having returned for in person instruction. Again, no students showed up to sign up for either sport.

Since no students attended either of the dates for signups for either sport, administration has determined there was not really sufficient interest in starting either program.

On the prior T61 Survey, completed during 2017-2018 school year, there appeared to be some interest in beginning a Dance team.

As a result of the survey, we made an attempt at starting a Dance club, that would perform at football and basketball games during the 2018-2019 school year. After a few weeks, the team's participants slowly stopped participating, and the Dance Club was dissolved. During the 2019-2020 school year, we again attempted to start a Dance Club. This time, the Dance Club performed during many of our home basketball and football games. During the 2020-2021 school year, we again had a Dance Club that

performed at many of our home basketball and football games. Since our Dance Club has successfully maintained participants for the last two years, we plan to add Dance as a KHSAA sport for the 2021-2022 school year. During the 2019-2020 school year, we successfully added Esports to our offerings. The Esports team has grown in number of participants, having both male and female participants in the

TITLE IX IMPROVEMENT PLAN
Betsy Layne**

DIRECTIONS:

1. For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

COLUMN 1	COLUMN 2	COLUMN 3
SPECIFIC ITEM FOR IMPROVEMENT	PLAN FOR SUGGESTED CHANGE	START DATE AND COMPLETION DATE OF IMPROVEMENT
Baseball Field	<p>Since the beginning of the baseball program in the late 1980's at Betsy Layne High School, practices and games have taken place at Stumbo Park in Allen, KY which is approximately 7 miles from the school's location.</p> <p>In September of 2019, construction began on a new baseball field located on site at Betsy Layne High School. The field has just been completed in late March 2021.</p>	<p>Start: Sep 1, 2019 Complete: Mar 31, 2021</p>
Softball Field	<p>The Softball Field for Betsy Layne High School is located just behind the school, adjacent to the football field. The Softball Field is the next on the list for facility improvements at BLHS. Discussions have taken place with administration about improving drainage, adding more bleachers, and installing a new scoreboard for the field. We do not have an anticipated start date on these improvements yet, however an estimate will be used for the purposes of this report. We are currently exploring the costs associated with the installation of a new scoreboard.</p>	<p>Start: Apr 1, 2021 Complete: Apr 6, 2023</p>
