

**KHSAA TITLE IX ANNUAL REPORT SUBMISSION
STATUS REPORT
2021-2022**

KHSAA Form T65
Revised 6/18/21

School:	Adair County
KHSAA Audit Team Member:	
Date:	May 18, 2022

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided, but will not be analyzed this year as a result of Covid 19.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

Row 23	TEST 3 RESULTS	-N/A-	Appears likely to meet Test 3 for Title IX Compliance?
Row 24	Test 3 Notes from Audit Team member listed above	No Test 3 due to COVID19	

SUMMARY---PER THE ANALYSIS AND DATA SUBMITTED, IT APPEARS THAT THIS SCHOOL MEETS AT LEAST ONE OF THE THREE TESTS FOR TITLE IX COMPLIANCE. SCHOOL OFFICIALS SHOULD REVIEW THE TITLE IX INTERNAL AUDIT SUMMARY TO DETERMINE THE SPECIFIC FINDINGS. SCHOOL REPRESENTATIVES ARE REMINDED THAT TITLE IX COMPLIANCE IS AN ONGOING OBJECTIVE, AND THIS REPRESENTS ONLY A SNAPSHOT IN TIME. CONTINUED EFFORTS TO ENSURE COMPLIANCE ARE NECESSARY FOR A SUCCESSFUL PROGRAM.

SCHOOL YEAR 2021-2022
ACCOMMODATION OF INTERESTS AND ABILITIES
SUMMARY PROGRAM CHART

KHSAA Form T1
Rev. 5/11

Participation Opportunities: Test One - Proportionality

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	382	47.8%	172	47.5%
Row 2	BOYS	417	52.2%	190	52.5%
Row 3	Totals	799	100%	362	100%

Instructions:

*Number of 8th grade students & below used in Column 3 and Column 4 calculations: 78

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. * In addition, should 8th grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8th grade students & below are included in the totals.
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

Participation Opportunities Test Three Full Accommodation

FOR ANY QUESTION ANSWERED "YES" IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE YOUR IMPLEMENTATION PLAN IN LINE (5).

	GIRLS (Yes / No)		BOYS (Yes / No)
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	Yes Soccer, dance, esports, bass fishing, archery		Yes Soccer, dance, esports, bass fishing, archery
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	Yes Same as above		Yes Same as above
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No		No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	Yes Same as above		Yes Same as above

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

5. Describe your plans to address interest below:
<p>During the 2020-21 school year, Adair County High School administered the athletic interest survey which showed viable interest in the sports of cross country, archery, bass fishing, and esports. Each of the mentioned sports or sport activities were approved by the district to fill teams for at least the varsity level. During the 2021-22 school year, we were only able to fill teams for girls and boys cross country which was great for our students. It was great to be able to bring back cross country to ACHS. We expect even higher numbers and interest for the 22-23 school year. As we prepared to put together teams for the other sports, there was not enough interest to field a team. We will pursue again during the 2022-23 school year putting together a team for the sports of archery, bass fishing, and esports.</p> <p>ACHS administered the student interest survey again this year (21-22) to get back on the correct rotation. Again, we saw substantial interest in the previously mentioned sports which we will again potentially offer in the 22-23 school year if there is sufficient interest for participation. Also, there were high numbers for dance, soccer and wrestling. To move forward, ACHS will hold a follow up in person meeting to survey if there is actually sufficient interest. This meeting will take place after school instead of the during the school day. It will be offered to both female and male students that are currently enrolled in grades 8-11. The meeting will be held in the school library during the next couple of weeks, The meeting will be announced through a variety of avenues (verbal announcements at school, One Call to students, Remind, school tv, google classroom)</p> <p><u>Based on the turnout of this meeting, ACHS administration will discuss the possibility of conducting a parent meeting for questions and answers. If feasible, we will then follow up with a request to add the sport/sport activity to the Superintendent and Board.</u></p>

SCHOOL YEAR 2021-2022
TITLE IX IMPROVEMENT PLAN
Adair County

DIRECTIONS:

1. For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

COLUMN 1	COLUMN 2	COLUMN 3
SPECIFIC ITEM FOR IMPROVEMENT	PLAN FOR SUGGESTED CHANGE	START DATE AND COMPLETION DATE OF IMPROVEMENT
Continue to improve the monitoring of external booster club expenditures and oversight with monthly statements and expenditure forms	Require each external booster organization to submit to the athletic director and finance director monthly bank statements along with monthly expenditure reports	Start: Jul 1, 2022 Complete: Jun 30, 2023
Continue to reevaluate and update the contents of Athletic Handbook	Regularly monitor the content in the handbook and keep it current. Meet with administration to make the necessary changes and gather the needed approvals	Start: Jul 1, 2022 Complete: Jun 30, 2023
Continue to promote more female athletic participation	Discuss with coaches and administrators ways to gain more female participation in athletics	Start: Jul 1, 2022 Complete: Jun 30, 2023
Continue to work on equitable banner displays in the gymnasium	Continue to work to make athletic accomplishments banners more equitable by updating existing banners and hanging new additional banners	Start: Jul 1, 2022 Complete: Jun 30, 2023
Maintain equitable spending between male and female athletes for the 22-23 school year.	<p>The spending between male and female athletes was disproportional again in the 2020-21 school year due to facility improvements. Both baseball and softball concession stands were updated during this year. There was a disparity in spending due to the nature of how the updates were completed. The construction on the baseball field began from ground zero while the construction at the softball field added to an existing structure. The expense for baseball included some extra excavation costs that raised the total expenditures.</p> <p>The end product for both facilities contain the very same amenities. Both facilities now include restrooms which had been listed in previous Title IX reports. Other new/additional amenities are the same for both facilities.</p> <p>If the facility upgrade expenditures were not included in the total expenditures, the spending per male and female athletes would be within the acceptable parameters.</p>	Start: Jul 1, 2022 Complete: Jun 30, 2023
