

**KHSAA TITLE IX ANNUAL REPORT SUBMISSION
STATUS REPORT
2022-2023**

*KHSAA Form T65
Revised 3/30/23*

School:	Holy Cross (Louisville)
KHSAA Audit Team Member:	Kathy Johnston
Date:	June 14, 2023

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided, but will not be analyzed this year as a result of Covid 19.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

Special Note from Audit Staff (ignore if blank): The categories of Awards and Salaries were not included on the T-35 form.

SCHOOL YEAR 2022-2023
ACCOMMODATION OF INTERESTS AND ABILITIES
SUMMARY PROGRAM CHART

KHSAA Form T1
Rev. 5/11

Participation Opportunities: Test One - Proportionality

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	120	50.8%	176	43.6%
Row 2	BOYS	116	49.2%	228	56.4%
Row 3	Totals	236	100%	404	100%

Instructions: *Number of 8th grade students & below used in Column 3 and Column 4 calculations: 0

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. * In addition, should 8th grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8th grade students & below are included in the totals.
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

Participation Opportunities Test Three Full Accommodation

FOR ANY QUESTION ANSWERED "YES" IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE YOUR IMPLEMENTATION PLAN IN LINE (5).

	GIRLS (Yes / No)		BOYS (Yes / No)
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	Yes Girls Flag Football		Yes Boys Volleyball
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	Yes Girls Flag Football		Yes Boys Volleyball
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No		No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	Yes Girls Flag Football		Yes Boys Volleyball

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

<p>5. Describe your plans to address interest below:</p> <p>I think there is an easy opportunity for 2 sports to be added here at Holy Cross if they become KHSAA sanctioned. We currently offer boys volleyball at the club level and the sport is growing rapidly in the Louisville area and across the state. We also offer powderpuff/flag football as an intramural sport here and are able to have a class vs. class tournament each year. The student body absolutely loves it. I know several other schools offer flag at the intramural level as well. Flag football has also grown at the college level.</p>

TITLE IX IMPROVEMENT PLAN
Holy Cross (Louisville)**

DIRECTIONS:

1. For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

COLUMN 1	COLUMN 2	COLUMN 3
SPECIFIC ITEM FOR IMPROVEMENT	PLAN FOR SUGGESTED CHANGE	START DATE AND COMPLETION DATE OF IMPROVEMENT
Additional Locker room Space for Girl Athletic Teams	We are in the midst of a multi-million-dollar upgrade to our outdoor athletic complex. There are several phases to the project. Part of phase 2 is to build a new concession area for outdoor sports and convert the existing concession building to a locker room for outdoor female sports including CC, field hockey, track, and soccer. The plan is for this to be a part of Phase 3. We are currently about 80% through Phase 1 and expect that Phase to be completed by August 1. Phase 2 includes an addition of a full-size outdoor practice field and an indoor hitting facility that can be used by softball and baseball teams. The goal is to have the new locker room space for female outdoor sports teams to be completed by August of 2025. I know it sounds like a long time away but we rapidly growing our athletic facilities to better the experience for our student-athletes which takes time and money. I am having issues with the calendar in Column 3. Start date would be November 2024 with completion of August 2025.	Start: Apr 15, 2023 Complete: Jun 30, 2023
