

**KHSAA TITLE IX ANNUAL REPORT SUBMISSION  
STATUS REPORT  
2023-2024**

KHSAA Form T65  
Revised 3/30/23

School:	Frankfort
KHSAA Audit Team Member:	Barbara Kok
Date:	June 13, 2024

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

**SUMMARY PROGRAM CHART**

KHSAA Form T1  
Rev. 5/11

**Participation Opportunities: Test One - Proportionality**

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	154	49.0%	212	46.1%
Row 2	BOYS	160	51.0%	248	53.9%
Row 3	Totals	314	100%	460	100%

Instructions:

\*Number of 8<sup>th</sup> grade students & below used in Column 3 and Column 4 calculations: 55

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. \* In addition, should 8<sup>th</sup> grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8<sup>th</sup> grade students & below are included in the totals.  
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

**FOR ANY QUESTION ANSWERED “YES” IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE YOUR IMPLEMENTATION PLAN IN LINE (5).**

	<b>GIRLS</b> <b>(Yes / No)</b>		<b>BOYS</b> <b>(Yes / No)</b>
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	Yes bowling and wrestling		Yes bowling and wrestling
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	Yes bowling and wrestling		Yes bowling and wrestling
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No		No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	Yes 2 in town		Yes 2 in town

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

<p>5. Describe your plans to address interest below:</p> <p><b>Bowling:</b>  A separate student interest survey conducted earlier this school year showed that 28 students are interested in bowling. We have an interest meeting scheduled to see if those indicating interest have support from their families, as well as adequate time to participate. Two volunteer sponsors have already been identified. If there continues to be enough interest, we plan to move forward with a bowling club for the 2024-25 school year. At that point, we will re-evaluate interest and proceed towards creating a varsity interscholastic team for the 2025-26 school year.  Due to a high interest shown in bowling at the high school level and the possibility of forming a club and potentially an interscholastic team, we also offered bowling during our Spring intersession enrichment program as an option for elementary and middle school students at our direct feeder school, Second Street School. During our upcoming May Term at Frankfort High School, we will be providing exploratory opportunities for those 28 students who have shown interest.</p> <p>Now that we are aware of a high interest level in wrestling, a separate interest survey will go out to students prior to the end of the 23-24 school year, followed by an interest meeting. If there is still interest, we will begin exploring logistics of forming a team (coaches, facility, budget).</p> <p>One thing that we will need to look at is students who are interested in either bowling or wrestling who also participate in another varsity sport that occurs in the same season. Being a small school, sharing athletes happens frequently. However, we do not want to lose established teams for the sake of creating new ones.</p>

T41 Form Advantage---Equipment and Supplies: Advantage Boys	For the 2022-23 school year, there was a board-provided uniform rotation (approved by previous administration) that allocated \$15,000 for football uniforms every 3rd year, that particular year being the rotation year for football. This was so that the team could purchase two new sets of uniforms in that year, both home and away. In an effort to resolve this issue and make funding more equitable across all sports, we have since adjusted this rotation so that the football team only purchases home uniforms one year, away uniforms the next year, then nothing the following year. They will not purchase uniforms again until the 2025-26 school year. The new rotation was approved by our board of education on December 12, 2023.	Start: Oct 2, 2023 Complete: Dec 12, 2023
