STATUS REPORT
2023-2024**

*KHSAA Form T65
Revised 3/30/23*

School:	Fulton City
KHSAA Audit Team Member:	Gary Lawson
Date:	May 28, 2024

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

SUMMARY PROGRAM CHART

KHSAA Form T1
Rev. 5/11

Participation Opportunities: Test One - Proportionality

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	33	44.0%	53	43.4%
Row 2	BOYS	42	56.0%	69	56.6%
Row 3	Totals	75	100%	122	100%

Instructions: *Number of 8th grade students & below used in Column 3 and Column 4 calculations: 50

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. * In addition, should 8th grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8th grade students & below are included in the totals.
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

Participation Opportunities Test Three Full Accommodation

FOR ANY QUESTION ANSWERED "YES" IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE YOUR IMPLEMENTATION PLAN IN LINE (5).

	GIRLS (Yes / No)		BOYS (Yes / No)
1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport?	Yes Soccer		Yes Volleyball Boys
2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport?	No		No
3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshman interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport?	No		No
4. If you answered YES to question (1), (2), or (3), are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition?	Yes Soccer		No

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

<p>5. Describe your plans to address interest below:</p> <p>As far as soccer, we have created a middle school coed program that we plan to in 25-26 hopefully launch our Varsity team. We had 17 participants on the Middle School Soccer team, we had 13 females and 4 boys.</p> <p>Volleyball Boys, we plan to look into adding boys Volleyball and competing in 24-25. We plan to expand upon starting soccer as we had a middle school team this year. We hope that both genders are able to have a full rostered soccer program by 25-26 at the varsity level. We had 24 positive responses from boys in regards to interest in Boy's Volleyball. Volleyball has been a strong sport for many years at Fulton City.</p>

Introducing Soccer	The addition of soccer at the middle school this year by the year 25-26 we will be able to compete at the varsity level with a female varsity soccer program. This will offer a male varsity soccer program to take shape as well as middle school currently has co-ed participation.	Start: May 1, 2024 Complete: May 1, 2025
Introducing Volleyball (Boys)	We are planning to look into the logistics (costs, area schools participation to field a schedule) of adding boys volleyball with strong response rates on the survey that would give our athletic department the means to field a team and compete.	Start: Aug 6, 2024 Complete: Dec 30, 2025
