

**KHSAA TITLE IX ANNUAL REPORT SUBMISSION
STATUS REPORT
2023-2024**

*KHSAA Form T65
Revised 3/30/23*

School:	Lloyd Memorial
KHSAA Audit Team Member:	Gary Lawson
Date:	May 29, 2024

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Those conclusions are listed. As a result of Covid 19, no determination will be made as to compliance with Test 3. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance. If you have specific questions, feel free to contact Assistant Commissioner Darren Bilberry (dbilberry@khsaa.org or 859-299-5472) at the KHSAA.

SUMMARY PROGRAM CHART

KHSAA Form T1
Rev. 5/11

Participation Opportunities: Test One - Proportionality

		(Column 1)	(Column 2)	(Column 3)	(Column 4)
	Program	Enrollment	Percentage of Total Enrollment	Number of Interscholastic Participants (double and triple count)	Percentage of Total Participation
Row 1	GIRLS	336	50.9%	174	48.9%
Row 2	BOYS	324	49.1%	182	51.1%
Row 3	Totals	660	100%	356	100%

Instructions: *Number of 8th grade students & below used in Column 3 and Column 4 calculations: 32

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1). Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. * In addition, should 8th grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8th grade students & below are included in the totals.
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.) Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

Lloyd Memorial**

DIRECTIONS:

1. For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

<p>T41 Form Advantage---Travel and Per Diem: Advantage Boys</p>	<p>Transportation, Lodging, Meals</p> <p>The Primary Mode of Transportation for Lloyd Memorial sponsored athletic teams is Parent Transportation of student-athletes. In the event of a long distance trip; trip due to a KHSAA Post-Season Tournament; or KHSAA Post-Season trip that would need transportation, the Erlanger-Elsmere School District will attempt to acquire a bus driver, or attempt to acquire a private party service. The District has been the victim of a shortage of bus drivers available in the current market. If a driver is available for a regular season trip, transportation will be considered an option for that trip.</p> <p>Overnight trips are subject to approval of the District Superintendent. Costs of the trips (lodging and meals) are the responsibility of the teams themselves through fundraising efforts. In the event meals are necessary, District Food Service will provide food for the athletes at school before they leave or in to-go bags and coolers for the trip. Required costs through District Food Service will be paid by the Athletic Department. If additional meals are purchased by the teams, the cost should be kept at \$10 a person for breakfast, \$12 for lunch, and \$18 for dinner. Meal purchases outside of this plan will need to be approved by the Athletic Director. Hotel rooms need to be kept at \$150-\$200 per room. All Hotel payments will be approved/denied by the Athletic Director.</p> <p>For the safety of our students and coaches, hotels should be sought that do not have direct room access from the street--that is, all rooms should open to an enclosed hall/vestibule within a singular building footprint. Effort should also be made to secure hotels that offer complimentary breakfasts to keep costs reasonable. We recognize that the 'market price' for these accommodations is often determined by the area of the state/adjacent states to which our teams will be traveling.</p>	<p>Start: Apr 1, 2024 Complete: May 31, 2025</p>

T41 Form Advantage---Equipment and Supplies: Advantage Boys	<p>Spending Outside Acceptable Parameters After conducting the two year self study there was a finding of inequitable spending in the areas of Boys/Girls Basketball, and Baseball/Softball over 2021-22 and 2022-23. These discrepancies were outside the acceptable parameters for provision of parity for a football playing school. The last two years of submittals to the KHSAA, the reading of the spending reports was inaccurate, and strongly favored Boys Basketball and Baseball. Seeking guidance and help will be part of the plan to aid in the oversight of expenditures. The Athletic Department will continue to work with and encourage fundraising opportunities for female programs and help Head Coaches research ideas for fundraising opportunities. Ideas of holding Female Sports fundraisers specifically for the reason of raising funds for female programs has been discussed and most likely will be organized by the Athletic Director. The Athletic Director will improve the method in which individual program spending is tracked and then entered into the KHSAA Title IX Annual Report. Instead of relying on deciphering MUNIS reports, we will track during the year through PO requests sent to us from the financial secretaries. The Athletic Department Administrative Assistant will log and track purchases made by each program in the T35 Categories, Equipment/Travel/Award. The Athletic Director will work closely with our District Financial Coordinator to accurately place purchases regarding facilities with the proper program. Salaries will be equal with œlikeœ sports. The Athletic Director will provide advice on facility improvements at the district level to include or equal purchases regarding œlikeœ sports.</p>	<p>Start: Aug 1, 2024 Complete: May 31, 2025</p>
