STATUS REPORT
2024-2025**

*KHSAA Form T65
Revised 3/29/24*

| | |
|--------------------------|----------------------|
| School: | Atherton High School |
| KHSAA Audit Team Member: | Barbara Kok |
| Date: | 07/10/2025 |

Along with this T65 form, you have also received a copy of a revised Title IX Internal Audit Summary for this school. It is important that you review all of the details concerning the analysis of the report submitted.

The Internal Audit Summary will analyze parts 1 and 2 of the three-part test for Title IX compliance, based on a snapshot of the data on the date submitted. Revisions have been made in this form to clarify the calculation of the underrepresented gender and ensure the preservation of the integrity of the foundational purposes of Title IX. The form also continues to contain notes made to help you determine how calculations were derived and detail the exclusion of certain elements related to Archery, Bass Fishing, and Esports which are true coed sport-activities.

In the first section you will note many factors such as per total participation, total expenditures, participant spending (per gender), and many other factors to be considered as you move forward with future planning. You will also note on Row 13, the determination of the underrepresented gender in your school. This is a critical element in determining Title IX compliance.

The Test 1 (traditionally called the “numbers” test) section again contains guidance as to the number of new participants in the underrepresented gender needed to meet this test. Explanatory notes in the right column should help verify the calculations, which were done by the system based on the submitted data.

The Test 2 (traditionally called the “recent history of expanding sport offerings for the underrepresented gender” test) section contains the information for Test 2 and the calculations were done solely by the system based on the submitted data.

The Test 3 (traditionally called the “accommodating interest and abilities” test) section contains the information for Test 3. This is determined by the audit team based on the analysis of the data provided.

At the bottom of the Title IX Internal Audit Summary is a summary conclusion as to whether or not the school appears to be in compliance with one of the three parts of the tests for Title IX compliance.

If you have specific questions, feel free to contact

SCHOOL YEAR 2024-2025
ACCOMMODATION OF INTERESTS AND ABILITIES
SUMMARY PROGRAM CHART

KHSAA Form T1
Rev. 05/11

Participation Opportunities: Test One - Proportionality

| | | (Column 1) | (Column 2) | (Column 3) | (Column 4) |
|-------|---------|------------|--------------------------------|--|-----------------------------------|
| | Program | Enrollment | Percentage of Total Enrollment | Number of Interscholastic Participants (double and triple count) | Percentage of Total Participation |
| Row 1 | GIRLS | 762 | 51.8% | 311 | 46.1% |
| Row 2 | BOYS | 708 | 48.2% | 364 | 53.9% |
| Row 3 | Totals | 1470 | 100% | 675 | 100% |

Instructions:

*Number of 8th grade students & below used in Column 3 and Column 4 calculations: 1

- 1) Determine the total number of girls enrolled, (place in Row 1, Column 1).
Determine the total number of boys enrolled, (place in Row 2, Column 1).
- 2) Add the total number of girls and boys enrolled to determine total enrollment, (place in Row 3, Column 1).
- 3) Calculate the percentage of total enrollment that is female. (Divide Row 1, Column 1 by Row 3, Column 1 and place in Row 1, Column 2.) Calculate the percentage of total enrollment that is male. (Divide Row 2, Column 1 by Row 3, Column 1 and place in Row 2, Column 2.) Note: Row 1, Column 2 plus Row 2, Column 2 should total 100%.
- 4) Ask coaches to confirm the names of those individuals who are on the team as of the first **date of regular season competition**, and cross out the names of those who were cut from the team or quit the team prior to the first regular season competitive event. Determine the total number of interscholastic athletics participants that are girls, (and place in Row 1, Column 3). In order to determine the total number of athletics participants, an individual should be counted each time he or she participates on a team. For example, if Jane Doe competes on the varsity volleyball team, the junior varsity volleyball team, the junior varsity basketball team, and the varsity softball team, she should be counted as four participants (**do not include club or intramural sports participants, cheerleaders, dance teams, or pom squads**). Calculate the same way for boys and girls. * In addition, should 8th grade students and below play on a Freshman, Junior Varsity, or Varsity team, they should also be counted for each team and sport on which they participate. If applicable, please asterisk in the above notation as to how many 8th grade students & below are included in the totals.
Using the same procedure, determine the total number of interscholastic athletic participants that are boys, (and place in Row 2, Column 3). Add Row 1, Column 3 plus Row 2, Column 3 to get total participants and place in Row 3, Column 3.
- 5) Calculate the percentage of female participation. (Row 1, Column 3 divided by Row 3, Column 3 and place in Row 1, Column 4.)
Calculate the percentage of male participation. (Row 2, Column 3 divided by Row 3, Column 3 and place in Row 2, Column 4.) Note: Row 1, Column 4 plus Row 2, Column 4 should total 100%.

Note: While being within three percent is not a formal compliance standard, if the percent listed in Row 1, Column 4 is within 3% of Row 1, Column 2, then it provides a good target within which compliance is likely.

Participation Opportunities Test Three Full Accommodation

**FOR ANY QUESTION ANSWERED "YES" IDENTIFY THE RESPECTIVE SPORT(S) AND DESCRIBE
YOUR IMPLEMENTATION PLAN IN LINE (5).**

| | GIRLS (Yes / No) | | BOYS (Yes / No) |
|--|----------------------------------|--|----------------------------|
| 1. Based on the responses from your most recent student survey, is there sufficient interest to form a viable varsity interscholastic team for a sport not currently offered? If yes, what sport? | Yes Flag football | | Yes Volleyball |
| 2. Based on the responses from your most recent student survey, is there sufficient interest to form a viable junior varsity interscholastic team for a sport not currently offered and for which there is not sufficient interest to form a viable varsity interscholastic team? If yes, what sport? | Yes Fencing | | No |
| 3. Based on the responses from your most recent student survey, is there sufficient interest to form a viable freshmen interscholastic team for a sport not currently offered and for which there is not sufficient interest to form either a viable varsity or junior varsity interscholastic team? If yes, what sport? | No | | No |
| 4. If you answered yes to question 1, 2, or 3, are there enough high schools in the geographic area offering the sport (at the appropriate level) to allow for the development of a reasonable schedule of competition? | Yes Flag Football, Fencing | | Yes Volleyball |

Remember, test three – full accommodation means addressing the unmet interest of the underrepresented sex (most likely girls), not the overrepresented sex (most likely boys).

| |
|---|
| 5. Describe your plans to address interest below: |
| We will piggy back off of our homecoming flag intramural teams to form a team to play in the JCPS league and tournament |
| Attempting to hire a new volleyball coach that would be available to coach Boys volleyball in the spring. Hold tryouts in February and play in the jcps league and compete in regionals. |
| Looking at what space on campus or off campus that would be available. |
| Flag Football Reenter the JCPS league that we played in 3 years ago post covid but have not had enough interest. Now that interest has renewed we will use our homecoming intramurals as the intro to forming a team to play in JCPS league and tournament in the fall. |
| Fencing- Need to talk with Louisville fencing to see if this would be possible, not sure there are enough schools offering at this time. |
| Jcps has a league schedule that we would get into in order to get enough games and would allow us to be seeded in the regional tournament. |

**SCHOOL YEAR 2024-2025
TITLE IX IMPROVEMENT PLAN
Atherton High School**

DIRECTIONS:

1. For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
2. It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

| COLUMN 1 | COLUMN 2 | COLUMN 3 |
|--|--|--|
| SPECIFIC ITEM FOR IMPROVEMENT | PLAN FOR SUGGESTED CHANGE | START DATE AND COMPLETION DATE OF IMPROVEMENT |
| Equipment and Supplies: Advantage Boys | With having football and picking up both Boys and girls Lacrosse, the expense of football and boys lacrosse with helmets and chest protectors we will try to spend more on female sports for instance, former volleyball coach would by off brand jerseys where most my coaches are purchasing Adidas or Nike. | Start: July 15, 2025 Complete: July 14, 2026 |
| Coaching: Advantage Boys | Coaching expenditures is roughly \$6000 greater on the boys coaching payroll vs the Girls. With football and how JCPs does step pay, I don't think this is horrible but will continue to invest in those girls sports that we are trying to improve by using school paid coaches to try and offset the payroll difference. | Start: July 10, 2025 Complete: July 09, 2026 |
| Locker Rooms, Practice and Competitive Facilities: Advantage Girls | Softball facility is underway as drawings and site work have begun. As the location for the softball field consumed two practice fields, we are looking at putting a practice field on the top level of the east side of campus. The softball facility is being completed at the suggestion of prior title ix audits. | Start: March 06, 2024 Complete: June 09, 2025 |
