JAN 07 2013

Mr. Bilberry and Mr. Lawson,

This letter will serve as documentation that Adair County High School has addressed the validity of student interest according to the Accommodation of Interests and Abilities portion on the audit report. There have been two meetings held to help provide sufficient documentation of student interest in the areas of girls soccer, archery, bowling, and girls cross country. I am providing a copy of the sign in sheets of each meeting. The meetings were held on December 14, 2012 and January 3, 2013.

In each meeting there was very little interest shown. The meetings were held after school at 3:30 pm CST. There were only three students total that attended. No parents showed up for the parent/student meeting. The doors were closed at 4:00 pm CST. These numbers do not show enough interest to seek further steps in creating teams for these specific sports.

Also, we (Adair County High School) will be administering the student survey for the next two years. We will continue to address any areas that require attention. Thanks so much for your time and assistance with this matter. I greatly appreciate it. A copy of this will be sent to KHSAA, Mr. Bilberry, and Mr. Lawson.

Respectfully,

Brent Campbell

Adair County High School Athletic Director

Due to the low number of students showing interest I feel that at the present time we will not be able to have teams in the above sports. We will continue to monitor the interests and follow up on the interests levels if needed.
