Subject: Boyd Co.Fast Pitch Softball

I am one of many concerned parents in the Boyd Co School District. Are concern is that Title IX issues are being ignored when it comes to are softball team. We are past frustration at this point. The list of issues are to long to put in this email. We just hope that when are audit is done in the next few weeks. That it is done with open eyes. And a honest look at are ladies situation is given to them. If you have any questions please get back with me. Ph (606) 923-3033
Thank you for your time.
