DATE: February 19, 2001

RE: Danville High School Title IX Materials

We have requested the supplemental information and materials submitted in response to the KHSAA's November 17, 2000 Final Title IX audit report be reviewed by the appropriate audit personnel. Regarding the scheduling of prime time contests for girls' teams, the school has provided the information requested. The school has also stated that additional action is being taken regarding this issue. The school will provide additional information on or before June 30, 2001. The school has also provided the information requested regarding selection of cheerleaders.

Other information requested is not due until April 15, 2001 (feasibility study/student managers; improvements to softball facility; and uniform replacement policy). The KHSAA will review the school's file and correspond with the school regarding the completeness of the information submitted after June 30, 2001.

RE: Danville High School Supplemental Title IX Materials

I have reviewed the supplemental information and materials submitted in response to the KHSAA's November 17, 2000 Final Title IX audit report. Regarding the scheduling of prime time contests for girls' teams, the school has provided the information requested. The school has also stated that additional action is being taken regarding this issue. The school will provide additional information on or before June 30, 2001. The school has also provided the information requested regarding selection of cheerleaders.

Other information requested is not due until April 15, 2001 (feasibility study/student managers; improvements to softball facility; and uniform replacement policy). Accordingly, the KHSAA should wait until this and other information has been submitted (June 30, 2001) to continue its review of the school's file and correspond with the school regarding the completeness of the information submitted.
