Backstop

According to the site visit members of Kathy Johnson and Gary Lawson, the discussion of a new backstop was discussed. A chain link fence is the current backstop. The baseball field's backstop is a brick wall with netting. Discussion has occurred with district superintendent and maintenance supervisor regarding when a change would be needed and how the new backstop would mirror what is currently in place at the baseball field.

Hi Glenn,

Could you please give me a tentative calendar date regarding the softball locker room addition relative to its placement on the district facility plan? That will give us some idea of timeline and direction to its completion. Thanks so much ! You can send that in an email and I will attach it to the original document. Thanks !

Subject: Weightroom available now(Title 9)

Coaches of female sports: As of today, Fe.9,2016, the second weight room is now available for coaches to schedule weight lifting sessions. As all of you know, our second weight room has been the staging area for the gym renovations. With that nearing completion, the weight room has been cleared and is now ready for sports teams to schedule workouts. When you enter the weight room, a current calendar is posted on the wall to schedule your time there. With this weight room being opened again, we now have the luxury of having more flexibility in our scheduling of weight room time. I know some sport seasons are still underway and some have yet to start practice officially but I wanted to inform you of the availability of the second weight room. If I can be of any assistance, please feel free to contact me to discuss any issues.
