Evarts High School

Mr. Boucher

Attached to this letter you will find a copy of our "Scheduling Policy" as adopted by the Evarts Site Base Decision Making Council, at the 13, August meeting of the council. This policy will be a requirement of our coaching staff. This is now within the directive of KRS regulations for school mandated operational procedures. There shall be full compliance with this policy in the 2002-2003 basketball season.

As per our conversation on 9, August. I hope this will address the concerns of the KDE. We want to work with the KHSAA on Title IX compliance.

Respectfully Submitted

Bob Howard
Athletic Director
Evarts High School

EVARTS SBDMC POLICY

Title IX Prime Time Scheduling of Basketball Games

Starting with the 2002-2003 Basketball Season. Boys and Girls Basketball Schedules will show a 50% match in games played during prime time. An example of this would be that if the boys showed 5 prime time games on their schedule. Then the girls will also have to show and play 5 prime time games also.

Starting with the 2002-2003 Basketball Season. 25% of the schedule will show scheduling of double header games with Boys and Girls Varsity. There shall be an equal rotation of girls and boys playing first game of the night.

Prime time according to the KHSAA is considered to be games played on Friday and Saturday Night
